PROXY STATEMENT

General Information

This Proxy Statement is furnished to stockholders of Mack-Cali Realty Corporation, a Maryland corporation (the Company), in connection with the solicitation by the Board of Directors of the Company (the Board of Directors) of proxies in the accompanying form for use in voting at the Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held on Wednesday, May 23, 2007 at the Hyatt Regency Jersey City on the Hudson, Harborside Financial Center, 2 Exchange Place, Jersey City, New Jersey 07302-3901, local time, at 2:00 p.m., and any adjournment or postponement thereof.

This Proxy Statement, the Notice of Annual Meeting of Stockholders and the accompanying proxy card are first being mailed to the Company's stockholders on or about April 20, 2007.

Solicitation and Voting Procedures

Solicitation. The solicitation of proxies will be conducted by mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's common stock, par value \$.01 per share (the Common Stock). The Company intends to use the services of MacKenzie Partners, Inc., 105 Madison Avenue, 14th Floor, New York, New York 10016, in soliciting proxies and, in such event, the Company expects to pay an amount not to exceed \$10,000, plus out-of-pocket expenses, for such services. The Company may conduct further solicitation personally, telephonically, electronically or by facsimile through its officers, directors and regular employees, none of whom would receive additional compensation for assisting with the solicitation.

Householding of Proxy Materials. In accordance with a notice sent previously to beneficial owners holding shares in street name (for example, through a bank, broker or other holder of record) who share a single address with other similar holders, only one Annual Report and Proxy Statement is being sent to that address unless contrary instructions were received from any stockholder at that address. This practice, known as householding, is designed to reduce printing and postage costs. Any of such beneficial owners may discontinue householding by writing to the address or calling the telephone number provided for such purpose by their holder of record. Any such stockholder may also request prompt delivery of a copy of the Annual Report or Proxy Statement by contacting the Company at (732) 590-1000 or by writing to Roger W. Thomas, Secretary, Mack-Cali Realty Corporation, 343 Thornall Street, Edison, New Jersey 08837-2206. Other beneficial owners holding shares in street name may be able to initiate householding if their holder of record has chosen to offer such service, by following the instructions provided by the record holder.

Voting. Stockholders of record may authorize the proxies named in the enclosed proxy card to vote their shares of Common Stock in the following manner:

- by mail, by marking the enclosed proxy card, signing and dating it, and returning it in the postage-paid envelope provided;
- by telephone, by dialing the toll-free telephone number 1-800-652-8683, within the United States or Canada, and following the instructions. Stockholders voting by telephone need not return the proxy card; and

- through the Internet, by accessing the World Wide Web site <http://www.investorvote.com>. Stockholders voting by the Internet need not return the proxy card.

Revocability of Proxies. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised in the same manner in which it was given or by delivering to Roger W. Thomas, Secretary, Mack-Cali Realty Corporation, 343 Thornall Street, Edison, New Jersey 08837-2206, a written notice of revocation or a properly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting Procedure. The presence at the Annual Meeting of a majority of the outstanding shares of Common Stock of the Company, represented either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The close of business on April 5, 2007 has been fixed as the record date (the Record Date) for determining the holders of shares of Common Stock entitled to notice of and to vote at the Annual Meeting. Each share of Common Stock outstanding on the Record Date is entitled to one vote on all matters. As of the Record Date, there were 67,848,012 shares of Common Stock outstanding. Under Maryland law, stockholders will not have appraisal or similar rights in connection with any proposal set forth in this Proxy Statement.

Stockholder votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. The New York Stock Exchange (the NYSE) permits member organizations to give proxies to vote as to the election of directors and also on matters of the type contained in Proposal No. 2. Shares represented by a properly executed and delivered proxy will be voted at the Annual Meeting and, when instructions have been given by the stockholder, will be voted in accordance with those instructions. If no instructions are given, the shares will be voted FOR the election of each of the four nominees for director named below and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will have no effect on the outcome of the election of directors or Proposal No. 2.

The Company may not dispose of or distribute certain of its properties, currently comprising 50 properties with an aggregate net book value of approximately \$1.3 billion (as of December 31, 2006), which were originally contributed by members of either the Mack Group (which includes William L. Mack, director, David S. Mack, director, Mitchell E. Hersh, president, chief executive officer and director, Earle I. Mack, a former director, and Frederic Mack, a member of the Company's Advisory Board), the Robert Martin Group (which includes Martin S. Berger, a former director, Robert F. Weinberg, director, and Timothy M. Jones, former president of the Company), the Cali Group (which includes John R. Cali, director, Brant Cali, a former director, and John J. Cali, Angelo Cali and Ed Leshowitz, each a former director and a member of the Company's Advisory Board) or certain other Unitholders, without the express written consent of a representative of the Mack Group, the Robert Martin Group, the Cali Group or the specific certain other Unitholders, as applicable, except in a manner which does not result in recognition of any built-in-gain (which may result in an income tax liability) or which reimburses the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other Unitholders for the tax consequences of the recognition of such built-in-gains (collectively, the Property Lock-Ups). The aforementioned restrictions do not apply in the event that the Company sells all of its properties or in connection with a sale transaction which the Company's Board of Directors determines is reasonably necessary to satisfy a material monetary default on any unsecured debt, judgment or liability of the Company or to cure any material monetary default on any mortgage secured by a property. The Property Lock-Ups expire periodically through 2016. Upon the expiration of the Property Lock-Ups, the Company generally is required to use commercially reasonable efforts to prevent any sale, transfer or other disposition of the subject properties from resulting in the recognition of built-in gain to the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other Unitholders. 88 of the Company's properties, with an aggregate net book value of approximately \$809.0 million, have Property Lock-Up restrictions that have lapsed and are therefore subject to these conditions.

Acquisitions and Other Transactions. Certain directors and executive officers of the Company (or members of their immediate families or related trusts) and persons who hold more than 5% of the outstanding shares of Common Stock (or Units in the Operating Partnership) had direct or indirect interests in certain transactions involving the Company, the Operating Partnership or their affiliates in the last fiscal year as follows:

- William L. Mack, Chairman of the Board of Directors (W. Mack), David S. Mack, a director of the Company, and Earle I. Mack, a former director of the Company (E. Mack), are the executive officers, directors and stockholders of a corporation that leases approximately 7,801 square feet at one of the Company's office properties, which lease is scheduled to expire in November 2008. The Company recognized \$228,000 in revenue under this lease for the year ended December 31, 2006, and had no accounts receivable from the corporation as of December 31, 2006.
- The Company has conducted business with certain entities (RMC Entity or RMC Entities), whose principals include Timothy M. Jones, Martin S. Berger and Robert F. Weinberg, each of whom is affiliated with the Company as the former president of the Company, a former director and a current director of the Company, respectively. Such business was as follows:

(1) The Company provides management, leasing and construction-related services to properties in which RMC Entities have an ownership interest, including an RMC Entity in which Michael Grossman, an executive vice president of the Company, owns an approximately 2.1 percent ownership interest and which RMC Entity has an approximately sixteen (16) percent ownership interest in a property managed by the Company. Mr. Grossman's interest in this RMC

Entity is valued at approximately \$240,000. The Company recognized approximately \$2 million in revenue from all RMC Entities for the year ended December 31, 2006. As of December 31, 2006, the Company had \$131,000 accounts receivable from RMC Entities.

(2) An RMC Entity leases space at one of the Company's office properties for approximately 3,330 square feet, which, after a three-year renewal and expansion signed with the Company in 2005, now has been expanded to 4,860 square feet which is scheduled to expire in October 2008. The Company recognized \$119,000 in revenue under this lease for the year ended December 31, 2006, and had no accounts receivable due from the RMC Entity as of December 31, 2006.

- Mr. Berger holds a 24 percent interest, acts as chairman and chief executive officer, Mr. Weinberg also holds a 24 percent interest and is a director, and W. Mack holds a nine percent interest and is a director of City & Suburban Federal Savings Bank and/or one of its affiliates, which leases a total of 15,879 square feet of space at two of the Company's office properties, comprised of 3,037 square feet scheduled to expire in June 2008 and 12,842 square feet scheduled to expire in April 2013. As of February 13, 2004, City & Suburban assigned its lease with respect to 3,037 square feet of office space to an unaffiliated third party and has no continuing obligations under such lease. The Company recognized \$404,000 in revenue under these leases for the year ended December 31, 2006, and had no accounts receivable from the company as of December 31, 2006.

- In 2006, the director accounts of William L. Mack, Nathan Gantcher, David S. Mack, Alan G. Philiposian, Irvin D. Reid, Vincent Tese, and Roy J. Zuckerberg were credited with a deemed stock dividend, calculated based upon the number of deferred stock units owned by each director at the time of the dividend issuance, in the amount of 325.612, 303.351, 85.463, 167.627, 321.409, 356.494 and 303.351, respectively, pursuant to the Director's Deferred Compensation Plan, whereby each non-employee director is entitled to defer all or a specified portion of the annual compensation to be paid to such director. See Compensation of Directors Directors' Deferred Compensation Plan herein below.

The Gale/Green Transactions. On May 9, 2006, the Company completed the acquisitions of: (i) The Gale Company and certain of its related businesses, which engage in construction, property management, facilities management, and leasing services (collectively, The Gale Company); (ii) three office properties; and (iii) indirect interests in a portfolio of office properties, located primarily in New Jersey, which were owned indirectly by The Gale Company and its affiliates and affiliates of SL Green Realty Corp. (SL Green). The agreements (Gale/Green Agreements) to complete the aforementioned acquisitions (collectively, the Gale/Green Transactions) required that the Company complete all of the acquisitions. Simultaneous with the completion of the Gale/Green Transactions, The Gale Company's President, Mark Yeager, was named an executive vice president of the Company.

Under the Gale/Green Agreements, the Company acquired 100 percent of the ownership interests in three office properties located in New Jersey, aggregating 518,257 square feet (the Wholly-Owned Properties). Also, as part of the Gale/Green Agreements, the Company entered into a joint venture with an entity controlled by SL Green (in which Stanley C. Gale has an interest), known as Mack-Green-Gale LLC (Mack-Green), to hold an approximate 96 percent interest and act as general partner of Gale SLG NJ Operating Partnership, L.P. (the OP LP). The OP LP owns 100 percent of entities which own 25 office properties (collectively, the OP LP Properties) which aggregate 3.5 million square feet (consisting of 17 office properties aggregating 2.3 million square feet located in New Jersey and eight properties aggregating 1.2 million square feet located in Troy, Michigan), as well as a minor, non-controlling interest in four office properties aggregating 419,000 square feet located in Naperville, Illinois.

The Gale Company, the Wholly-Owned Properties, and the interest in Mack-Green were acquired by the Company for a total initial acquisition cost of approximately \$245 million consisting of: (i) the issuance

by the Company of 224,719 common units of the Operating Partnership; (ii) the payment of a total of approximately \$194 million in cash, which was primarily funded through borrowing under the Company's revolving credit facility; and (iii) the assumption of \$39.9 million in existing mortgage indebtedness on two of the Wholly-Owned Properties. Additionally, the agreement to acquire The Gale Company (Gale Agreement) contains earn-out provisions providing for the payment of contingent purchase consideration of up to \$18 million in cash based upon the achievement of Gross Income and NOI (as such terms are defined in the Gale Agreement) targets and other events for The Gale Company for the three years following the closing date.

In addition, the Gale Agreement provides for the Company to acquire certain other ownership interests in up to 11 real estate projects (the Non-Portfolio Properties), subject to obtaining certain third party consents and the satisfaction of various project-related and/or other conditions. Each of the Company's acquired interests in the Non-Portfolio Properties will provide for the initial distributions of net cash flow solely to the Company, and thereafter an affiliate of Mr. Gale (Gale Affiliate) has participation rights (the Gale Participation Rights) in 50 percent of the excess net cash flow remaining after the distribution to the Company of the aggregate amount equal to the sum of: (a) the Company's capital contributions, plus (b) an internal rate of return (IRR) of 10 percent per annum, accruing on the date or dates of the Company's investments.

Mark Yeager owns direct participation interests in four of the Non-Portfolio Properties, which interests range from between 15 percent to 26 percent and a 16.49 percent interest in the Gale Participation Rights with respect to a vacant land parcel that is one of the Non-Portfolio Properties. In addition, Stanley C. Gale has agreed to pay to Mr. Yeager 49 percent of any payments he receives with respect to the Gale Participation Rights, subject to adjustments for payments Mr. Yeager receives from his direct interests in such rights and subject to, in certain cases, Mr. Yeager's Employment Continuation. Mr. Gale has also agreed to pay to Mr. Yeager 49 percent of the distributions he receives with respect to Mr. Gale's interest in certain land located in Florham Park, New Jersey, which is one of the Non-Portfolio Properties not yet acquired by the Company. Such distribution may include the amounts Mr. Gale receives from the conveyance of his interest in the Florham Park land to the Company. The value of these potential future distributions to Mr. Gale and therefore Mr. Yeager's interest therein is not determinable at this time.

In addition, Mr. Gale has agreed to pay Mr. Yeager (i) 49 percent of any payments he receives on account of Mr. Gale's interest with SL Green in Mack-Green, and (ii) 49 percent of all amounts he receives pursuant to the Gale Agreement earn-out provisions, subject to certain conditions including Mr. Yeager's Employment Continuation. Mr. Gale also has agreed to transfer to Mr. Yeager 33,700 of his common units of the Operating Partnership on April 30, 2009, provided that Mr. Yeager's employment with the Company has not been terminated involuntarily without cause (Employment Continuation) prior to such date. With respect to the arrangements between Mr. Gale and Mr. Yeager regarding the Gale Agreement earn-out provisions and the Florham Park land, they have agreed to consider offering payments to certain persons that have been employed by certain subsidiaries of The Gale Company, which may include current employees of the Company. The value of any future payments to Mr. Gale on account of his interest with SL Green in Mack-Green and therefore Mr. Yeager's interest therein is not determinable at this time. Although the exact amount of the future payments that Mr. Yeager may receive pursuant to his interests in the Gale Agreement earn-out provisions are not determinable at this time, the maximum amount of such payments over the three-year earn-out period from 2007 through 2009 would be \$8.82 million.

Pursuant to Mr. Gale's agreements with Mr. Yeager, as described herein, Mr. Yeager received approximately \$5.6 million during the year ended December 31, 2006.

Policies and Procedures. The Company has a policy with respect to the review, approval and ratification of related person transactions. This policy applies to any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which (i) the Company is a participant and (iii) any related person (defined as an employee, director, director nominee, an executive officer or someone who owns more than 5% of our common shares, or an immediate family member of any of the foregoing persons, with certain exceptions) has or will have a direct or indirect interest. Under the policy, the Company's Chief Executive Officer will determine whether a transaction meets the definition of a related person transaction that will require review by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will review all related person transactions referred to them and, based on the relevant facts and circumstances, will decide whether or not to approve such transactions. Only those transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders will be approved. If the Company becomes aware of an existing related person transaction that was not approved under this policy, the matter will be referred to the Nominating and Corporate Governance Committee and it will evaluate all options available, including ratification, amendment or termination of the transaction.

The Company has determined that, under the policy, the following types of transactions will be deemed to be pre-approved: (i) employment of an executive officer if the related compensation is required to be reported in the Company's proxy statement; (ii) employment of an executive officer if he or she is not an immediate family member of another executive officer or director of the Company, the related compensation would have been reported in the Company's proxy statement if he or she was a named executive officer and the Company's Compensation Committee approved (or recommended that the Board approve) such compensation; (iii) compensation paid to a director if the compensation is required to be reported in the Company's proxy statement; (iv) any transaction where the related person's interest arises solely from the ownership of the Company's common stock and all holders of the Company's common stock received the same benefit on a *pro rata* basis; (v) any transaction in which the rates or charges incurred are subject to governmental regulation and (vi) any transaction involving bank depositary of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

In April 2007, the Company's Nominating and Corporate Governance Committee approved, and the Board of Directors adopted, a written policy that incorporates the above related person transaction approval procedures. Although not previously set forth in a written policy, the Company has followed the above approval procedures when considering all related person transactions in the past.

Independence of the Board of Directors

The Board of Directors has adopted the NYSE's standards for determining the independence of its members and believes that it interprets these requirements conservatively. In applying these standards, the Board of Directors considers commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others, in assessing the independence of directors, and must disclose any basis for determining that a relationship is not material. The Board of Directors has determined that a three-fourths majority of its members, namely Alan S. Bernikow, John R. Cali, Nathan Gantcher, Kenneth M. Duberstein, Alan G. Philibosian, Irvin D. Reid, Vincent Tese, Robert F. Weinberg and Roy J. Zuckerberg, are independent directors within the meaning of such NYSE independence standards in terms of independence from management. In making this determination, the Board of Directors did not exclude from consideration as immaterial any relationship potentially compromising the independence of any of the above directors. Pursuant to the agreement between Mr. Berger and Mr. Weinberg, it is expected that immediately following the Annual Meeting, Mr. Weinberg will resign from the Board of Directors and Mr. Berger will assume Mr. Weinberg's seat on the Board of Directors, subject to qualification and appointment by the Board of Directors. See *Certain Relationships and Related Transactions* Robert

Martin Agreement. The Board of Directors also determined that if elected to the Board of Directors, Mr. Berger will be an independent director.

In making its determination with respect to John R. Cali, the Board of Directors noted that Mr. Cali, who was an executive officer of the Company until June 27, 2000, is a member of the Cali Group (one of the original contributors of property to the Company), had continued to participate in the health and disability insurance programs of the Company until June 27, 2004, and sits on the Board of Directors as a result of an agreement between the Company and the Cali Group. Until June 26, 2005, the Company continued to provide John J. Cali, Angelo Cali and Ed Leshowitz, the former chairman and former directors of the Company, respectively, with office space free of charge, at the Company's headquarters. The value of this office space to Messrs. Cali, Cali and Leshowitz was \$24,000 for the period January 1, 2005 through June 26, 2005. In addition, up until June 27, 2004, the Company had previously provided administrative support free of charge to Messrs. Cali, Cali and Leshowitz. Commencing June 27, 2004, Messrs. Cali, Cali and Leshowitz agreed to reimburse the Company for the cost of such administrative support services from that date forward. The value of this administrative support to Messrs. Cali, Cali and Leshowitz was approximately \$113,276 in 2004, and the Company was reimbursed \$55,000, \$115,000 and \$184,000 from the Cali Group for the years ended December 31, 2004, 2005 and 2006, respectively, in connection with providing such services. John R. Cali is the nephew of John J. Cali, a current member of the Company's Advisory Board who was an officer of the Company from 1994 until June 27, 2000 and also served as a member of the Board of Directors from 1994 until 2003, and is also the son of Angelo Cali, a current member of the Company's Advisory Board who was a member of the Board of Directors from 1994 until December 1997. The Board of Directors nevertheless determined that John R. Cali is an independent director because (i) neither he nor any member of the Cali Group has had a material relationship with management of the Company since June 27, 2000, other than the Cali family's right to designate a nominee to the Board of Directors as described under Certain Relationships and Related Transactions Cali Agreement and the Cali family's rights under the Tax Protection Agreements as described under Certain Relationships and Related Transactions Tax Protection Agreements, and (ii) the value of the financial benefits provided to the Cali Group prior to June 26, 2005 is not material to the Company.

In making its determinations with respect to Robert F. Weinberg and Martin S. Berger, the Board of Directors further noted that Messrs. Berger and Weinberg were previously each a designee of The Robert Martin Company (one of the original contributors of property to the Company), and that the service of each of Messrs. Berger and Weinberg on the Board of Directors from 1997 to 2003 was pursuant to an agreement between the Company and Robert Martin executed in connection with the Company's acquisition of 65 Class A properties from Robert Martin in January 1997, whereby the Company granted Robert Martin the right to designate one member to the Board of Directors for six years which ended in 2003. See Certain Relationships and Related Transactions Robert Martin Agreement. In addition, Timothy M. Jones, the former President of the Company who resigned on May 7, 2004, was an affiliate of Robert Martin. Furthermore, the Company has entered into various transactions with RMC Entities whose principles include Messrs. Berger, Weinberg and Jones, as further described in Certain Relationships and Related Transactions Acquisitions and Other Transactions. The Board of Directors nevertheless determined that each of Messrs. Berger and Weinberg is an independent director because (i) the right of Robert Martin to designate a member to the Board of Directors expired in 2003, (ii) neither Messrs. Berger or Weinberg, nor any member of the Robert Martin Group has had a material relationship with management of the Company since the resignation of Timothy M. Jones on May 7, 2004, and (iii) the value of the transactions between the Company and various RMC Entities is not material to the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership

and reports of changes of ownership (Forms 3, 4 and 5) of the Common Stock with the SEC and the NYSE. Executive officers, directors and greater than 10% holders are required by SEC regulations to furnish the Company with copies of such forms that they file.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company, the Company believes that for the fiscal year 2006, its executive officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to such persons.

Meetings of the Board of Directors

During 2006, the entire Board of Directors met eleven times. No director attended fewer than 75% of the total number of meetings of the Board of Directors in 2006, other than Roy J. Zuckerberg who attended 73% of such meetings. No director attended fewer than 75% of the total number of meetings held in 2006 by all committees of the Board of Directors on which he served, other than Mr. Zuckerberg, who attended two of the four meetings of the Audit Committee, and Vicent Tese, who attended two of the three meetings of the Executive Compensation and Option Committee. The Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of stockholders, but the Company strongly encourages all members of the Board of Directors to attend its annual meetings and expects such attendance except in the event of exigent circumstances. All of the members of the Board of Directors at the time of the 2006 Annual Meeting were in attendance at the 2006 Annual Meeting.

Executive Sessions of the Board of Directors consisting only of non-management directors will be held at least once per year, and periodically as determined by the non-management directors. Such Executive Sessions will typically occur immediately following the regularly scheduled quarterly meetings of the Board of Directors, or at any other time and place as the non-management directors may determine. The presiding director of each Executive Session (the Presiding Director) shall be rotated on a successive basis amongst the chairmen of the Audit Committee, the Executive Compensation and Option Committee and the Nominating and Corporate Governance Committee, with the term of each Presiding Director commencing with the beginning of the Executive Session at which such Presiding Director shall chair, and continuing through and up to immediately preceding the next regularly scheduled Executive Session. Interested parties may submit matters for consideration to the non-management directors by utilizing the procedures identified under Stockholder Communications in this Proxy Statement. During 2006, the non-management directors met in Executive Session four times.

Meetings of Committees of the Board of Directors

The Board of Directors has four committees: the Executive Committee, the Audit Committee, the Executive Compensation and Option Committee, and the Nominating and Corporate Governance Committee.

Executive Committee. The Executive Committee consists of William L. Mack, chairman, John R. Cali, Nathan Gantcher, Mitchell E. Hersh and Roy J. Zuckerberg. The Executive Committee acts for the Board of Directors in between regularly scheduled meetings of the Board of Directors, within certain parameters prescribed by the Board of Directors. The Executive Committee met three times during 2006, and also acted by unanimous written consent four times during 2006.

Audit Committee. The Company has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee consists of Alan S. Bernikow, chairman, Nathan Gantcher, Irvin D. Reid and Roy J. Zuckerberg. The Audit Committee authorizes and approves the engagement of the Company's independent registered public accountants, reviews with the Company's independent registered public accountants the scope and results of the audit engagement, approves or

establishes pre-approval policies for all professional audit and permissible non-audit services provided by the Company's independent registered public accountants, considers the range of audit and non-audit fees, and reviews the adequacy of the Company's internal control over financial reporting, disclosure controls and procedures and internal audit function. The Audit Committee also assists the Board of Directors in overseeing (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the Company's independent registered public accounting firm's qualifications and independence, and (4) the performance of the Company's internal audit function and independent registered public accountants. See Report of the Audit Committee of the Board of Directors below. The Board of Directors has determined that each of the members of the Audit Committee is an independent director within the meaning of the NYSE Independence Standards and Rule 10A-3 promulgated by the SEC under the Exchange Act. The Board of Directors also has determined that each of Alan S. Bernikow, Nathan Gantcher, Irvin D. Reid and Roy J. Zuckerberg satisfies applicable financial literacy standards of the NYSE, and that Alan S. Bernikow qualifies as an Audit Committee Financial Expert under applicable SEC Rules. In addition to serving on the Audit Committee, Mr. Bernikow currently serves as a member of the audit committee of three other public companies. The Board of Directors has determined that Mr. Bernikow's simultaneous service on the audit committees of these other public companies will not impair his ability to effectively serve on the Company's Audit Committee and fulfill his duties as its chairman. The Audit Committee met four times during 2006.

Executive Compensation and Option Committee. The Executive Compensation and Option Committee consists of Alan G. Philibosian, chairman, Kenneth M. Duberstein and Vincent Tese. The Executive Compensation and Option Committee is responsible for implementing the Company's compensation philosophies and objectives, establishing remuneration levels for executive officers of the Company and implementing the Company's incentive programs, including the Company's employee and director stock option plans. The Board of Directors has determined that each of the members of the Executive Compensation and Option Committee is an independent director within the meaning of the NYSE Independence Standards and meets the independence requirements of Section 162(m) of the Internal Revenue Code, as amended. The Executive Compensation and Option Committee met three times in 2006.

Compensation is paid to the Company's executive officers in both fixed and discretionary amounts which are established by the Board of Directors based on existing contractual agreements and the recommendations of the Executive Compensation and Option Committee. Pursuant to its charter, the responsibilities of the Executive Compensation and Option Committee are (i) to assist the Board of Directors in discharging its responsibilities in respect of compensation of the Company's President and Chief Executive Officer, (ii) to discuss with the President and Chief Executive Officer the compensation of other senior executive officers; and (iii) to review and administer the Company's compensation and benefit programs. Except for the delegation of authority to the President and Chief Executive Officer to grant certain de minimis equity compensation awards to non-executive employees of the Company, the Executive Compensation and Option Committee has not delegated any of its responsibilities to any other person.

The Executive Compensation and Option Committee does not typically establish fixed performance targets numerical or otherwise in advance of any particular fiscal year for the purpose of determining the amounts of compensation to be paid to its executive officers in such fiscal year in the form of bonuses or other short- or long-term incentive compensation. Instead, such awards are discretionary and are designed to reward executive officers for the achievement of certain business objectives and are paid based primarily on the actual and anticipated performance of the Company and its executive officers with respect to such business objectives. The performance of the Company's President and Chief Executive Officer is determined toward the end of each fiscal year by the Executive Compensation and Option Committee in consultation with SMG Advisory Group LLC, the Executive Compensation and Option Committee's

compensation consultant (the Compensation Consultant). The performance of the Company's other executive officers is determined toward the end of each fiscal year by the Executive Compensation and Option Committee in consultation with the Company's President and Chief Executive Officer as well as with the Compensation Consultant, which parties collectively evaluate the Company's and the individual executives performance. The Compensation Consultant furnishes the Company with analytical data with respect to: (i) the Company's performance relative to peer REITs in terms of stockholder return, and (ii) market ranges for salaries, as well as the nature and ranges of bonus and incentive compensation payments paid by peer REITs. Following such performance analysis, the Executive Compensation and Option Committee, in consultation with the Company's President and Chief Executive Officer, as well as with the Compensation Consultant, determines the appropriate combination of cash and stock-based compensation to pay to the Company's executives in light of its primary objectives with respect to executive compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Vincent Tese, chairman, Nathan Gantcher and Alan G. Philibosian. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is an independent director within the meaning of the NYSE Independence Standards. The Nominating and Corporate Governance Committee met once during 2006.

The Nominating and Corporate Governance Committee identifies individuals qualified to become members of the Board of Directors and recommends to the Board of Directors the slate of directors to be nominated at the Annual Meeting. The Nominating and Corporate Governance Committee will consider recommendations for nominees for directorships submitted by stockholders, provided that the Committee will not entertain stockholder nominations from stockholders who do not meet the eligibility criteria for submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. Stockholders may submit written recommendations for committee appointments or recommendations for nominees to the Board of Directors, together with appropriate biographical information and qualifications of such nominees, to the Company's General Counsel following the same procedures as described in "Stockholder Communications" in this Proxy Statement. In order for the Nominating and Corporate Governance Committee to consider a nominee for directorship submitted by a stockholder, such recommendation must be received by the General Counsel by the time period set forth in the Company's most recent proxy statement for the submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. The General Counsel shall then deliver any such communications to the Chairman of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee evaluates all candidates for nomination, whether identified by the committee or proposed by a stockholder, by considering a number of criteria which includes the candidate's reputation, integrity, business acumen, diligence, experience, age, potential conflicts of interest, the ability to act in the interests of all stockholders, and the perceived need of the Board of Directors. When evaluating a nominee's overall qualifications, the Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily required of all prospective nominees. In addition to the aforementioned criteria, when evaluating a director for re-nomination to the Board of Directors, the Nominating and Corporate Governance Committee will also consider the director's history of attendance at board and committee meetings, the director's preparation for and participation in such meetings, and the director's tenure as a member of the Board of Directors.

The Company intends to disclose on its internet website any amendments to or waivers from its code of business conduct and ethics as well as any amendments to its corporate governance principles or the charters of various committees of the Board of Directors. The General Counsel may, in his sole discretion and acting in good faith, provide copies of any such stockholder communication to any one or more directors and executive officers of the Company, except that in processing any stockholder communication addressed to the Presiding Director of the Executive Sessions of non-management directors, the General Counsel may not copy any member of management in forwarding such communication to the acting Presiding Director.

Policies Relating to the Election of Directors

Elections of the Board of Directors are conducted in accordance with the Company's charter, bylaws and the laws of the state of Maryland and provide that directors are to be elected at a meeting of the Company's stockholders by a plurality of the votes cast. Under the Company's By-laws and Corporate Governance Principles, if in any uncontested election of directors, a director nominee has a greater number of votes withheld from his or her election than votes cast for his or her election, such director nominee shall promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. A vote will be considered withheld from a director nominee if a stockholder withholds authority to vote for such director nominee in any proxy granted by such stockholder in accordance with instructions contained in the proxy statement or accompanying proxy card circulated for the meeting of stockholders at which the election of directors is to be held. The Nominating and Corporate Governance Committee will then promptly evaluate all relevant factors relating to the election results,

including, but not limited to: (i) the underlying reasons why a majority of affirmative votes was not received (if ascertainable), (ii) the director's background, experience and qualifications, (iii) the director's length of service on the Board and contributions to the Company, and (iv) whether the director's service on the Board is consistent with applicable regulatory requirements, listing standards, the Company's Corporate Governance Principles and the corporate governance guidelines of independent voting advisory services such as Institutional Shareholder Services.

Subject to any applicable legal or regulatory requirements, the Nominating and Corporate Governance Committee shall, within ninety (90) days from the date of the stockholder vote, decide whether to accept the resignation, reject the resignation or, if appropriate, conditionally reject the resignation and retain the director in office only if the underlying causes of the withheld votes can be promptly and completely cured. A full explanation of the Nominating and Corporate Governance Committee's decision will be promptly publicly disclosed in a periodic or current report filed with the Securities and Exchange Commission. Any director who tenders his or her resignation pursuant to this principle and any non-independent director will not participate in the deliberations and decisions made hereunder. In addition, a director shall tender his or her resignation for consideration by the Nominating and Corporate Governance Committee if such director's principal occupation or business association changes substantially during his or her tenure as a director.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Board of Directors, on behalf of the Board of Directors, serves as an independent and objective party to monitor and provide general oversight of the Company's financial accounting and reporting process, selection of critical accounting policies, system of internal control, internal audit function, audit process for monitoring compliance with laws and regulations and the Company's standards of business conduct. The Audit Committee performs these oversight responsibilities in accordance with its charter.

The Company's management has primary responsibility for preparing the Company's financial statements and the Company's financial reporting process, including its system of internal control over financial reporting. The Company's independent registered public accountants, PricewaterhouseCoopers LLP, are responsible for expressing opinions on the conformity of the Company's 2006 audited financial statements to accounting principles generally accepted in the United States of America and management's assessment and the effectiveness of the Company's internal control over financial reporting as of December 31, 2006. The Audit Committee discussed with the Company's independent registered public accountants the overall scope and plans for its audits. The Audit Committee met with the Company's independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the fiscal 2006 audited financial statements with the Company's management, including the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements;
2. The Audit Committee has discussed with the Company's independent registered public accountants their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU, 380), as may be modified or supplemented;

3. The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the Company's independent registered public accountants the independent registered public accountants' independence from management and the Company and considered the compatibility of non-audit services with the Company's independent registered public accountants' independence; and

4. Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the SEC.

The foregoing Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or Exchange Act, except to the extent the Company specifically incorporates this Audit Committee Report by reference therein. Each of the members of the Audit Committee is independent as defined under the standards of the NYSE and the SEC, and meets all other requirements of such exchange and of such rules of the SEC.

COMPENSATION OF DIRECTORS

Directors Fees. In 2006, each non-employee director was paid an annual fee of \$30,000, plus \$1,500 for attendance at, or telephonic participation in, any board or committee meeting. The Chairmen of each of the Audit Committee and the Executive Committee were paid an additional annual fee of \$10,000. The Chairmen of each of the Nominating and Corporate Governance Committee and the Executive Compensation and Option Committee were paid an additional annual fee of \$5,000. The Company does not pay director fees to employee directors, who in fiscal 2006 consisted of Mitchell E. Hersh. Each director also was reimbursed for expenses incurred in attending board and committee meetings. For fiscal year 2006, the Company's non-employee directors received directors' fees or fee equivalents (see Compensation of Directors Directors' Deferred Compensation Plan below) in the amounts set forth in the table below.

Directors' Deferred Compensation Plan. Pursuant to the Directors' Deferred Compensation Plan, effective as of January 1, 1999, each non-employee director is entitled to defer all or a specified portion of the annual fee to be paid to such director. The account of a director who elects to defer such compensation under the Directors' Deferred Compensation Plan is credited with the hypothetical number of stock units, calculated to the nearest thousandths of a unit, determined by dividing the amount of cash compensation deferred on the quarterly deferral date by the closing market price of the Company's Common Stock on such quarterly deferral date. Any stock dividend declared by the Company on its Common Stock results in a proportionate increase in units in the director's account as if such director held shares of Common Stock equal to the number of units in such director's account. Payment of a director's account may only be made in a lump sum in shares of Common Stock equal to the number of units in a director's account after either the director's service on the Board of Directors has terminated or there has been a change in control of the Company. In 2006, the director accounts of William L. Mack, Nathan Gantcher, David S. Mack, Alan G. Philibosian, Irvin D. Reid, Vincent Tese and Roy J. Zuckerberg elected to receive a portion of their cash fees earned or paid in 2006 in the form of deferred stock units.

See Employment Contracts; Termination of Employment. The shares of restricted Common Stock vest with respect to the recipient on either an annual basis over a five-year vesting period or on a cumulative basis over a seven-year maximum vesting period.

The number of shares of restricted Common Stock scheduled to be vested and earned on each vesting date on an annual basis, provided certain performance requirements set forth in the following sentence are satisfied, generally is equal to 15% of the restricted Common Stock on the vesting date in year one, 15% of the restricted Common Stock on the vesting date in year two, 20% of the restricted Common Stock on the vesting date in year three, and 25% of the restricted Common Stock on the vesting date in each of year four and year five. Vesting of the restricted Common Stock on an annual basis commenced January 1, 2000, provided one of the following financial tests is met for the measurement period ending on the last day of the Company's fiscal year immediately preceding such vesting date: (A) the Company achieves an eight percent (8%) increase in its funds from operations per common share or (B) stockholders achieve a twelve and three quarters percent (12.75%) total return (dividends, assuming reinvestment upon applicable payment date, plus stock appreciation per share of Common Stock). The Company met the first of such tests for the measurement period ended December 31, 1999, and the corresponding shares of restricted Common Stock vested on January 1, 2000. The Company also met the first of such tests for the measurement period ended December 31, 2000. On January 1, 2001, the following shares of restricted Common Stock vested: 9,375, 3,914, 3,305, and 600 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, together with tax gross-up payments relating thereto. The value of the vested restricted Common Stock and the tax gross-up payments relating thereto are based upon a \$28.2656 stock price, which was the price of the Company's Common Stock on the date of vesting. The Company also met the test set forth in (A) above for the measurement period ended December 31, 2001. On January 1, 2002, the following shares of restricted Common Stock vested: 12,500, 5,218, 6,355 and 4,706 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, together with tax gross-up payments relating thereto. The value of the vested restricted Common Stock for the measurement period ended December 31, 2001, and the tax gross-up payments relating thereto are based upon a \$30.5225 stock price, which was the closing price of the Company's Common Stock on the NYSE on the date of vesting.

On January 2, 2003, the Company, with the consent of Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, amended the existing restricted Common Stock agreements of each such Named Executive Officer to (i) vest the shares of restricted Common Stock scheduled to vest in 2003 (which otherwise would not have vested in 2003), (ii) lengthen the vesting period for the shares of restricted Common Stock scheduled to vest in 2004 by four years and (iii) replace the existing performance targets with performance targets determined annually by the Executive Compensation and Option Committee in each applicable year. In addition, on January 2, 2003, Messrs. Hersh, Lefkowitz, Grossman and Thomas were issued 60,000, 28,000, 20,000 and 24,000 shares of restricted Common Stock, respectively. There are certain tax gross-up payments that will be made upon vesting of such shares of restricted Common Stock and the prior shares of restricted Common Stock. With respect to the shares of restricted Common Stock issued in 2003, as well as prior unvested shares of restricted Common Stock, the number of shares scheduled to be vested and earned on each vesting date on an annual basis during the five to seven year vesting period, provided certain performance requirements are satisfied, generally is equal to 15% of such restricted Common Stock on the vesting

date in year one, 15% of such restricted Common Stock on the vesting date in year two, 20% of such restricted Common Stock on the vesting date in year three, 25% of such restricted Common Stock on the vesting date in year four and 25% of such restricted Common Stock on the vesting date in year five, with any unvested shares of restricted Common Stock carried forward into subsequent years including year six and year seven. See Employment Contracts; Termination of Employment. On January 2, 2003, the following shares of restricted Common Stock vested: 15,625, 6,523, 7,482 and 5,858 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, together with tax gross-up payments relating thereto. The value of such vested restricted Common Stock, and the tax gross-up payments relating thereto, are based upon a \$29.73 stock price, which was the closing price of the Company's Common Stock on the NYSE on the date of vesting.

On January 1, 2004, the following shares of restricted Common Stock vested: 11,344, 5,179, 4,122 and 4,478 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively. The value of such restricted Common Stock and the tax gross-up payments relating thereto is based upon a \$41.08 stock price, which was the closing price of the Company's Common Stock on the NYSE on the date of vesting.

On January 1, 2005, the following shares of restricted Common Stock vested: 11,344, 5,179, 4,122 and 4,478 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively. The value of such restricted Common Stock and the tax gross-up payments relating thereto is based upon a \$45.85 stock price, which was the closing price of the Company's Common Stock on the NYSE on the date of vesting.

On January 1, 2006, the following shares of restricted Common Stock vested: 15,125, 6,905, 5,496 and 5,972 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively. The value of such restricted Common Stock is based upon a \$43.11 stock price, which was the closing price of the Company's Common Stock on the NYSE on the date of vesting.

On December 5, 2006, Messrs. Hersh, Lefkowitz, Grossman, Yeager and Thomas were issued 15,000, 8,500, 8,500, 4,950 and 7,010 shares of restricted Common Stock, respectively, which shares of restricted Common Stock were fully vested as of the grant date. The value of the restricted Common Stock is based upon a \$54.37 stock price, which was the closing price of the Company's Common Stock on the NYSE on the grant date.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Philosophy and Overview

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

In designing and overseeing executive compensation, the primary objectives of the Company and the Executive Compensation and Option Committee are: (i) to attract, reward and retain executives of the highest caliber, and (ii) to provide incentives to such executives to create value for the Company's stockholders.

Compensation is paid to the Company's executive officers in both fixed and discretionary amounts, the components of which amounts are more fully described below under the heading Components of Compensation. The Company has a pay for performance philosophy that it believes is reflected in its compensation programs. Through annual cash bonus awards and equity-based restricted Common Stock awards, the Company ties a substantial portion of total compensation to Company and individual performance. The Company follows this approach because it believes its executive officers should be compensated commensurate with the success of the Company and the executive officer's contribution to that success. Base salaries are generally fixed in advance of each fiscal year by the Board of Directors based on existing contractual agreements and the recommendations of the Executive Compensation and Option Committee. The Executive Compensation and Option Committee does not typically establish fixed performance targets numerical or otherwise in advance of any particular fiscal year for the purpose of determining the amounts of compensation to be paid to its executive officers in such fiscal year in the form of bonuses or other short- or long-term incentive compensation. Instead, such awards are discretionary and are designed to reward executive officers for the achievement of certain business objectives and are paid based primarily on the actual and anticipated performance of the Company and its executive officers with respect to such business objectives. The performance of the Company's President and Chief Executive Officer is determined toward the end of each fiscal year by the Executive Compensation and Option Committee in consultation with SMG Advisory Group LLC, the Executive Compensation and Option Committee's compensation consultant (the Compensation Consultant). The performance of the Company's other executive officers is determined toward the end of each fiscal year by the Executive Compensation and Option Committee in consultation with the Company's President and Chief Executive Officer as well as with the Compensation Consultant, which parties collectively evaluate the Company's and the individual executives' performance based on a number of factors, including:

- (i) stockholder return and other financial measures relative to previous years;
- (ii) stockholder return and other financial measures relative to peer real estate investment trusts (REITs); and
- (iii) the achievement of other noteworthy business objectives over the course of the fiscal period such as the commencement or completion of significant acquisitions or divestitures, increases in lease and/or occupancy rates, and major property development activities.

Following such performance analysis, the Executive Compensation and Option Committee, in consultation with the Company's President and Chief Executive Officer, as well as with the Compensation Consultant, determines the appropriate combination of cash and stock-based compensation to pay to the Company's executives in light of its primary objectives with respect to executive compensation. In determining the appropriate mix of such compensation and the appropriate amounts of any discretionary components, the Executive Compensation and Option Committee considers the competitiveness of the Company's overall compensation arrangements in relation to twenty comparable REITs identified by the compensation Consultant, including Alexandria Real Estate Equities, Inc., American Financial Realty Trust, Arden Realty, Inc., Boston Properties, Inc., Brandywine Realty Trust, CarrAmerica Realty Corporation, Corporate Office Properties Trust, inc., Crescent Real Estate Equities Company, Duke Realty Corporation, Equity Office Properties Trust, Highwoods Properties, Inc., Kilroy Realty Corporation, Liberty Property Trust, Maguire Properties, Inc., Parkway Properties, Inc., Reckson Associates Realty

Corp., SL Green Relaty Corp., Trizec Properties, Inc. and Vornado Realty Trust. Although compensation awards are not tied to a particular percentile relative to compensation paid by peer REITs, the Company typically maintains compensation near the mid-point of compensation paid by such peer REITs as a function of both total compensation paid and the allocation among the various components of compensation paid.

Compensation Consultant

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

The Executive Compensation and Option Committee retains compensation and other management consultants to assist with, among other things, structuring the Company's various compensation programs and determining appropriate levels of salary, bonus and other compensatory awards payable to the Company's executive officers and key employees. In 2006, the Executive Compensation and Option Committee retained its Compensation Consultant with respect to: (i) the Company's performance relative to peer REITs in terms of stockholder return, and (ii) market ranges for salaries, as well as the nature and ranges of bonus and incentive compensation payments paid by peer REITs.

Components of Compensation

Compensation of the Company's executive officers is comprised of three primary components: 1) annual base salaries; 2) annual discretionary cash bonuses; and 3) discretionary grants of restricted shares of Common Stock together with related tax gross-up payments. The Company's executive officers also receive limited perquisites and a variety of benefits that are available generally to all of the Company's employees. Each of these components is discussed in further detail below.

Base Salaries. The base compensation levels for the Company's executive officers are set prior to the beginning of each fiscal year to compensate the executive officers for the functions they will perform in each such fiscal and are based on the employment agreements entered into in December 1997, as amended and restated in July 1999 for each of Messrs. Hersh, Lefkowitz and Thomas, in December 2000 for Mr. Grossman and in May 2006 for Mr. Yeager. The Executive Compensation and Option Committee believes that the base salaries generally are appropriate as base compensation to compensate the Company's executive officers for the functions they perform and other considerations. Base salaries are reviewed annually in consultation with the Compensation Consultant and may be increased by the Executive Compensation and Option Committee, or the President and Chief Executive Officer, in the case of the other executive officers, in accordance with certain criteria determined primarily on the basis of growth of revenues, funds from operations per share of Common Stock, and certain other factors, which include (i) individual performance, and (ii) changes in the compensation peer group in which the Company competes for executive talent. The weight given such factors by the Executive Compensation and Option Committee may vary from individual to individual.

Annual Cash Bonus Compensation. The Company's policy of awarding annual cash bonuses is designed to specifically relate executive pay to Company and individual performance. Cash bonuses provide financial rewards for the achievement of substantive Company objectives and discretionary annual cash bonuses for the executive officers are provided for in each of their respective employment agreements. Consistent with its overall compensation philosophy, the Company does not establish set performance targets or milestones—numerical or otherwise—at the beginning of its fiscal year for the purpose of determining annual cash bonus amounts. Instead, such amounts are determined based primarily on the performance of the Company and its executive officers, as determined at the end of each fiscal year by the Executive Compensation and Option Committee in consultation with the President and Chief Executive Officer and the Compensation Consultant. The types and amounts of other elements of compensation paid to the Company's executive officers are also considered by the Executive Compensation and Option Committee in establishing cash bonus amounts. While the achievement of the Company's overall financial goals generally is the most significant consideration in determining annual

cash bonus compensation (e.g. stockholder return, the achievement of other noteworthy business objectives over the course of the fiscal period such as the commencement or completion of significant acquisitions or divestitures, increases in lease and/or occupancy rates, and major property development activities), many other factors are considered by the Executive Compensation and Option Committee. Although the Executive Compensation and Option Committee considers peer competitiveness data as a guide to the range of potential awards, ultimately such awards are based on its assessment of the Company's and the individual's performance. Because such awards are based on the Executive Compensation and Option Committee's perception of such performance (which ultimately is a subjective determination), the probability that an executive officer will receive an annual cash bonus award and the amount of any such award cannot be quantified with any degree of certainty until the Executive Compensation and Option Committee is able to analyze annual financial and business results of the Company and assess individual performance for any given year.

Equity Compensation Plans: Restricted Common Stock. The Company has two equity compensation plans for its executive officers and other employees of the Company: the 2000 Employee Stock Option Plan of Mack-Cali Realty Corporation (the 2000 Employee Stock Option Plan) and the 2004 Incentive Stock Plan. References to the Employee Incentive Plans herein refer to the 2000 Employee Stock Option Plan and the 2004 Incentive Stock Plan, collectively. Awards are granted under the Employee Incentive Plans based on a number of factors, including (i) the executive officer's or key employee's position in the Company, (ii) his or her performance and responsibilities, (iii) the extent to which he or she already holds an equity stake in the Company, (iv) equity participation levels of comparable executives and key employees at other companies in the compensation peer group and (v) individual contribution to the success of the Company's financial performance. However, the Employee Incentive Plans do not provide any formulated method for weighing these factors, and a decision to grant an award is based primarily upon the Executive Compensation and Option Committee's evaluation of the past as well as the future anticipated performance and responsibilities of the individual in question.

The Employee Incentive Plans relate closely to traditional forms of equity oriented compensation in the commercial real estate industry. In recent years, the REIT industry has shifted away from the use of stock options and toward the use of restricted stock as a means of providing equity-based incentives to executive officers and other employees. Within the REIT industry, a major part of the value created for shareholders is realized in the form of an annual dividend. Stock options' value is tied to future appreciation in stock price rather than dividend yield. The high dividend rate of REIT stocks tends to diminish the potential future appreciation in the price of such stocks relative to stocks of companies in other industries. The incentive value of stock options is therefore lower in the REIT industry than in other industries. Further, the incentive value of restricted stock within the REIT industry is typically higher than the incentive value of stock options. In recognition of this reality and of the Company's primary objectives with respect to executive compensation, the Executive Compensation and Option Committee has granted restricted Common Stock, but not stock options, to the Company's executive officers in recent years as an element of compensation. The Executive Compensation and Option Committee monitors these equity compensation market trends in order to ensure that the equity compensation component awarded to the Company's executive officers is consistent with that of peer REITs.

To further maximize the incentive value of the Company's restricted Common Stock granted to the Company's executive officers, in December 2003 the Executive Compensation and Option Committee began awarding a portion of the annual bonus paid to each of the executive officers in the form of restricted Common Stock. Such shares of restricted Common Stock were fully vested upon issuance and were subject to a six (6) month restriction on transfer. The number of shares of restricted Common Stock issued to the executive officers is calculated by the Nominating and Corporate Governance Committee based upon the grant date fair market value. These awards have consisted of the following grants:

- On December 2, 2003, Messrs. Hersh, Lefkowitz, Grossman and Thomas were issued 12,448, 7,469,

6,100 and 6,224 shares of restricted Common Stock, respectively;

- On December 7, 2004, Messrs. Hersh, Lefkowitz, Grossman and Thomas were issued 13,514, 7,568, 6,487 and 6,487 shares of restricted Common Stock, respectively;
- On December 6, 2005, Messrs. Hersh, Lefkowitz, Grossman and Thomas were issued 14,600, 8,176, 8,176 and 7,008 shares of restricted Common Stock, respectively; and
- On December 5, 2006, Messrs. Hersh, Lefkowitz, Grossman, Yeager and Thomas were issued 15,000, 8,500, 8,500, 4,950 and 7,010 shares of restricted Common Stock, respectively.

Consistent with the Company's primary compensation objectives, the purpose of the restricted Common Stock grants is to aid the Company in attracting and retaining quality employees, and advancing the interests of the Company's stockholders by offering executive officers and other employees an incentive to maximize their efforts to promote the Company's economic performance. In addition, to assist the Company in retaining executive officers and other employees and encouraging such executive officers and employees to seek long-term appreciation in the value of the Company's stock, awards may in some cases be subject to deferred vesting over a specified period or may otherwise be subject to a holding period. Accordingly, in certain cases, an employee generally must remain with the Company for a specified period to enjoy the full economic benefit of an award.

The Company pays its executive officers tax gross-up payments in connection with all grants of restricted Common Stock, which tax gross-up payments are paid as soon as practicable after the vesting and distribution of the underlying restricted Common Stock to the applicable executive officer. Each such tax gross-up payment is a dollar amount equal to forty-three percent (43%) of the fair market value of the underlying restricted Common Stock at the time of vesting, exclusive of dividends.

Historical LTIP Awards. On January 2, 2003, pursuant to the approval of the Executive Compensation and Option Committee and the Board of Directors in December 2002, restricted Common Stock was awarded under the Company's 2000 Employee Stock Option Plan as follows: 60,000 shares to Mitchell E. Hersh, 28,000 shares to Barry Lefkowitz, 24,000 shares to Roger W. Thomas, and 20,000 shares to Michael A. Grossman. See Employment Contracts; Change in Control and Severance Arrangements. In addition, on January 2, 2003, pursuant to the approval of the Executive Compensation and Option Committee and the Board of Directors in December 2002, certain shares of restricted Common Stock originally granted in July 1999 that would otherwise have failed to vest as of December 31, 2002 were vested, as of January 2, 2003, for each of Messrs. Hersh, Lefkowitz, Thomas and Grossman, and the terms of their unvested shares of restricted Common Stock remaining from the July 1999 grants were amended, all as described in Employment Contracts; Termination of Employment above. All of these actions were taken because, in the Executive Compensation and Option Committee's judgment, the Company's management had performed well in difficult economic times and the failure to meet the July 1999 vesting criteria for the shares that otherwise would have vested on January 2, 2003 was due largely to the lack of appreciation in the Company's stock price due to the general poor performance of the United States equity markets, for which the executives should not be penalized. The Executive Compensation and Option Committee also concluded that annually set flexible criteria rather than rigid numerical criteria set several years in advance was a more proper incentive to senior management performance. Accordingly, the Executive Compensation and Option Committee recommended to the full Board of Directors, and the Board of Directors approved, vesting the fourth tranche of the 1999 restricted Common Stock award and amending the fifth and final tranche to conform to the new 2003 grants, so that the fifth tranche, as amended, and the new 2003 grants, in the aggregate, would be subject to a new five to seven year vesting schedule and to new annually established performance criteria. The Executive Compensation and Option Committee concluded that this was an appropriate method of rewarding and creating adequate performance incentives for Company management and was consistent with programs for senior executives in place at comparable companies, both within and without the REIT industry.

On December 2, 2003, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors determined to vest the first of such five (5) year tranches of restricted Common Stock remaining from the July 1999 and January 2003 grants, as of January 1, 2004, in the amount of 11,344, 5,179, 4,478, and 4,122 shares for Messrs. Hersh, Lefkowitz, Thomas and Grossman, respectively, and to pay the related tax gross-up payments.

On December 7, 2004, pursuant to the recommendation of the Executive Compensation and Option Committee, and in light of the Company's achievement of its business plan and its performance in 2004 in difficult economic times, the Board of Directors determined to vest the second of such five (5) year tranches of restricted Common Stock remaining from the July 1999 and January 2003 grants, as of January 1, 2005, in the amount of 11,344, 5,179, 4,122 and 4,478 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, and to pay the related tax gross-up payments.

On December 6, 2005, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors determined to vest the third of such five (5) year tranches of restricted Common Stock remaining from the July 1999 and January 2003 grants, as of January 1, 2006, in the amount of 15,125, 6,905, 5,496 and 5,972 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, and to pay the related tax gross-up payments.

On December 5, 2006, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors determined to vest the fourth of the five (5) year tranches of restricted Common Stock remaining from the July 1999 and January 2003 grants, as of January 1, 2007, in the amount of 18,906, 8,631, 6,871 and 7,465 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, and to pay the related tax gross-up payments.

401(k) Savings Plan. The Company maintains a tax-qualified 401(k) savings plan for its eligible employees known as the Mack-Cali Realty Corporation 401(k) Savings/Retirement Plan (the 401(k) Plan). Employees who have attained age 21 and completed one-half year of service with the Company are eligible to participate and may elect to defer from 1% up to 30% of their annual compensation on a pre-tax basis to the 401(k) Plan, subject to certain limitations imposed by federal law. The amounts contributed by employees are immediately vested and non-forfeitable. The Company may make discretionary matching or profit sharing contributions to the 401(k) Plan on behalf of eligible participants in any plan year. Participants are always 100% vested in their pre-tax contributions and will begin vesting in any matching or profit sharing contributions made on their behalf after two years of service with the Company at a rate of 20% per year, becoming 100% vested after a total of six years of service with the Company. The assets of the 401(k) Plan are held in trust and a separate account is established for each participant. A participant may receive a distribution of his vested account balance in the 401(k) Plan in a single sum or installment payment or in the form of an annuity upon his termination of service with the Company.

Severance and Change-in-Control Payments. Pursuant to their employment agreements entered into in 1999 and 2001, each of the executive officers is eligible for certain benefits upon the occurrence of a change in control or in certain instances upon termination of employment. The provisions governing such payments are designed to be competitive with comparable employment contract provisions of executive officers of peer REITs. See Executive Compensation Employment Contracts; Change-in-Control and Severance Arrangements.

Other Compensation. The Company offers limited perquisites to its executive officers, such as travel and transportation allowances. See note 5 under Executive Compensation Summary Compensation Table. The Company does not offer qualified or non-qualified defined benefit plans to its executive officers or employees, nor does it offer non-qualified defined contribution or other deferred compensation plans.

2006 Summary

Edgar Filing: MACK CALI REALTY CORP - Form DEF 14A

During 2006, the Company paid base salaries to its executive officers, which salaries were set prior to the 2006 fiscal year by the Company's Board of Directors at the recommendation of the Executive Compensation and Option Committee, in the following amounts: \$1,050,000 to Mr. Hersh, \$420,000 to Mr. Lefkowitz, and \$370,000 to each of Messrs. Grossman, Yeager and Thomas.

The Company successfully achieved a number of meaningful objectives during 2006. It maintained a strong balance sheet, its stock price set a new record high, and produced a total return to stockholders of twenty-five percent (25%) (measured by adding dividends to stock appreciation). In recognition of the contributions of the executive officers of the Company in connection with these accomplishments, on December 5, 2006, the Executive Compensation and Option Committee recommended, and the Board of Directors granted the Company's executive officers discretionary incentive and merit-based awards for fiscal year 2006 in the following amounts:

- Cash Bonuses in the amounts of \$625,000, \$350,000, \$350,000, \$350,000 and \$300,000 to Messrs. Hersh, Lefkowitz, Grossman, Yeager and Thomas, respectively.
- Restricted Common Stock Bonuses in the amounts of 15,000, 8,500, 8,500, 4,950 and 7,010 shares to Messrs. Hersh, Lefkowitz, Grossman, Yeager and Thomas, respectively. Such shares were vested immediately upon issuance, but are subject to a six (6) month restriction on transfer. In each case the company paid a tax gross-up on the share grants.

In addition to the accomplishments listed above, the Company achieved certain other important business objectives during 2006, the most significant of which included the acquisition of The Gale Company (Gale) and a portfolio of properties from Gale and affiliates of SL Green Realty Corp. and certain of their affiliates (the Gale/Green Transactions). The Company also completed the disposition of its Colorado and San Francisco portfolios. Consistent with the Company's primary objectives with respect to executive compensation (i.e., in special recognition of the efforts of the executive officers in connection with the Gale/Green Transactions and the Company's disposition of its Colorado and San Francisco portfolios, and as incentive to the executive officers to continue to discharge their ongoing duties with respect to such transactions with a high level of care), at the recommendation of the Executive Compensation and Option Committee, the Board of Directors granted the executive officers additional shares of restricted Common Stock on December 5, 2006 in the amounts of 8,222, 2,055, 2,055, 1,028 and 514 shares to Messrs. Hersh, Lefkowitz, Grossman, Yeager and Thomas, respectively. Such shares vest in two equal installments on January 1, 2007 and January 1, 2008 and are subject to a six (6) month restriction on transfer. Tax gross-up payments will be made in connection with such grants as soon as practicable after vesting.

As described under the heading Historical LTIP Awards, on December 5, 2006, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors determined to vest the fourth of the five (5) year tranches of restricted Common Stock remaining from the July 1999 and January 2003 grants, as of January 1, 2007, in the amount of 18,906, 8,631, 6,871 and 7,465 shares for Messrs. Hersh, Lefkowitz, Grossman and Thomas, respectively, and to pay the related tax gross-up payments.

In 2006, the Company made discretionary contributions of \$3,070 to the 401(k) Plan for the plan year ended December 31, 2005 on behalf of each of Messrs. Hersh, Lefkowitz, Grossman and Thomas.

In addition, the Company awarded Mark Yeager 10,000 shares of restricted Common Stock pursuant to his employment agreement entered into on May 9, 2006.

Chief Executive Officer Compensation. Mitchell E. Hersh, the President and Chief Executive Officer of the Company, received a base salary during 2006 of \$1,050,000 pursuant to the employment agreement

entered into in December 1997, as amended and restated in July 1999. Mr. Hersh also was paid a cash bonus of \$625,000 in recognition of services performed during fiscal 2006. Mr. Hersh received no fees for his service as a director of the Company during fiscal 2006. The Compensation Committee recognizes Mr. Hersh's contributions to the Company's operations and attempts to ensure that the President and Chief Executive Officer's compensation is commensurate with the compensation of chief executive officers of comparable corporations. In December 2002, the Executive Compensation and Option Committee recommended that the Board of Directors approve and the Board of Directors did approve the grant, effective January 2, 2003, of 60,000 shares of restricted Common Stock to Mr. Hersh as described under the heading "Previously Granted Restricted Common Stock" above. On December 6, 2005, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors declared 15,125 shares of restricted Common Stock previously granted to Mr. Hersh fully vested as of January 1, 2006. In addition, on December 5, 2006, the Executive Compensation and Option Committee recommended that the Board of Directors approve and the Board of Directors did approve the grant, effective December 5, 2006, of 15,000 additional shares of restricted Common Stock to Mr. Hersh as described under the heading "2006 Compensation" above. Finally, on December 5, 2006, the Executive Compensation and Option Committee recommended that the Board of Directors approve and the Board of Directors did approve the special additional grant of 8,222 shares of restricted Common Stock, which shares will vest in two equal installments on January 1, 2007 and January 1, 2008. The Board of Directors deemed such bonus, restricted Common Stock awards and Mr. Hersh's total compensation appropriate in light of Mr. Hersh's substantial contribution to the Company's growth and success in 2006.

PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

PricewaterhouseCoopers LLP served as the Company's independent registered public accountants for the fiscal year ended December 31, 2006, and has been appointed by the Audit Committee to continue as the Company's independent registered public accountants for the fiscal year ending December 31, 2007. In the event that ratification of this appointment of the Company's independent registered public accountants is not approved by the affirmative vote of a majority of votes cast on the matter, then the appointment of the Company's independent registered public accountants will be reconsidered by the Audit Committee. Unless marked to the contrary, proxies received will be voted for ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2007.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement and will be able to respond to appropriate questions.

Your ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2007 does not preclude the Board of Directors from terminating its engagement of PricewaterhouseCoopers LLP and retaining a new independent registered public accounting firm if it determines that such an action would be in the best interests of the Company. If the Company elects to retain a new independent registered public accounting firm, such independent registered public accountants will be another Big 4 accounting firm.

The Company was billed for professional services rendered in 2006 by PricewaterhouseCoopers LLP, the details of which are disclosed below.

Pre-Approval Policies and Procedures

Pursuant to its charter, the Audit Committee has the sole authority to appoint or replace the Company's independent registered public accountants (subject, if applicable, to stockholder ratification). The Audit Committee is directly responsible for the compensation and oversight of the work of the Company's independent registered public accountants (including resolution of disagreements between management and the Company's independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Company's independent registered public accountants are engaged by, and report directly to, the Audit Committee.

The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accountants, subject to the *de minimis* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act and SEC Rule 2-01(c)(7)(i)(C) of Regulation S-X, all of which are approved by the Audit Committee prior to the completion of the audit. In the event pre-approval for such auditing services and permitted non-audit services cannot be obtained as a result of inherent time constraints in the matter for which such services are required, the Chairman of the Audit Committee has been granted the authority to pre-approve such services, provided that the estimated cost of such services on each such occasion does not exceed \$75,000, and the Chairman of the Audit Committee reports for ratification such pre-approval to the Audit Committee at its next scheduled meeting. The Audit Committee has complied with the procedures set forth above, and has otherwise complied with the provisions of its charter.
