**ASURE SOFTWARE**

Dear Fellow Stockholder:

With the Annual Meeting of Stockholders just a few weeks away, we urge you to vote FOR your Board's nominees by signing, dating and returning the enclosed WHITE proxy card TODAY. We encourage you to read the enclosed proxy statement, which provides information regarding the meeting and detailed background information about our nominees.

By now you may have heard from Pinnacle/Red Oak in what we believe to be its attempt to seize control of your Company without paying for it. Amid a string of misleading statements made publicly by David Sandberg, Pinnacle/Red Oak to date has not provided a strategic plan for the ongoing profitable growth of our business.

**THEREFORE, WE MUST CONCLUDE THAT PINNACLE/RED OAK HAS NO PLAN THAT WOULD CREATE LONG-TERM VALUE FOR ALL STOCKHOLDERS, AND PINNACLE/RED OAK HAS ONCE AGAIN EMBARKED ON A NEEDLESS AND COSTLY PROXY FIGHT FOR ITS OWN SHORT-TERM GAIN.**

If this is not the case, our Company's stockholders deserve to hear Pinnacle/Red Oak's long-term plan for the Company and how its slate of six brand-new directors would be qualified to lead the Company and deliver superior long-term value for all stockholders.

By contrast, your current Board of Directors and management team have been completely transparent about their ambitious, long-term growth plan for the Company. More importantly, it is clear to us that this strategy is working. We strongly urge you to show your support for the Board by promptly returning the WHITE proxy card sent to you by the Company and voting for each of the Board's director nominees—Richard J. Agnich, Nancy L. Harris, Lou Mazzucchelli, Ray R. Miles, Richard N. Snyder and James H. Wells—and in favor of the other proposals listed on the card.

**Asure Software has completely transformed its business in the past six years and its growth strategy is now working.**

We have successfully integrated two opportunistic, turn-around acquisitions NetSimplicity and iEmployee that serve high-growth, high-margin markets, and we have eliminated 93% of the Company's expenses. Despite the recent harsh macroeconomic environment, we have reported solid financial and operational results in recent quarters (see our third-quarter earnings release issued June 18, 2009, and our letter to stockholders sent July 1, 2009). For the short term, we have a plan to get back to break-even by the end of our October quarter by further reducing our operational expenses. For the longer term, we expect rapid profitable growth as the economy and our target markets rebound, with our objective to reach \$30 million in revenues and 10% profit exiting fiscal 2013, for a top-line CAGR of approximately 30% over the next four years.

Our vision to be the leading provider of on-demand workforce management software solutions to the small and mid-sized business market remains unchanged, as does our passion to make that vision a reality. Our outstanding product offerings provide small and medium businesses with cost-effective, easy-to-use solutions that lower costs and make jobs easier through employee self-service. During the transformation process, Asure and its highly talented team of people have forged strong relationships with customers who believe in our Company, our distinctive products and services, our strategic direction, and our vision.

**Our growth strategy is tightly focused on steadily increasing long-term value creation following a prudent and comprehensive Board review with financial advisors.**

Starting in December 2008, with the assistance of our financial advisors, Southwest Securities, the Board conducted a thorough evaluation of all strategic alternatives including making further acquisitions, selling the Company, repurchasing shares, converting to a private company, and continuing as a public company. As a result of this evaluation, the Board determined earlier in 2009 that the Company's independent strategy could be accelerated if it were not burdened by the enormous costs and distractions associated with being a public company (approximately \$1 million in expenses could be saved if the Company went private).

In accordance with our strong commitment to the highest standards of corporate governance, we listened to our stockholders, who were concerned about loss of liquidity and did not support this proposal. We understand this concern and have moved forward with our existing plan to create value as a public company. Given the feedback we have received so far, we believe the lack of support for going private does not reflect our stockholders' overall opinion of our growth strategy, which has gained favorable reviews in our ongoing communications with investors.

**We believe that Pinnacle/Red Oak lacks an understanding of the Company's business and has failed to demonstrate that its director nominees are qualified to run your Company.**

When it comes to suggestions for improving the business, we have heard only vague comments from Pinnacle/Red Oak about the need to reduce expenses. Its inconsistent communications with the Company and its stockholders indicate that it lacks true understanding of the business and our rapidly evolving markets.

As noted, Asure's track record of reducing expenses has been stellar, both during the past six years of our strategic transformation and during the recent economic downturn. Your Board is committed to maintaining this keen focus on controlling expenses in a vigilant and responsible manner while positioning the Company for consistent long-term profitable growth.

Similarly, your Board also remains committed to representing and protecting the best interests of all stockholders, which is why on July 1, 2009, we filed a lawsuit in the United States District Court for the Western District of Texas, Austin Division against David Sandberg, Red Oak Partners, LLC and its affiliates for alleged violations of federal securities laws.

**The facts seem clear to us — your Board and management team have a plan in place to create long-term value for all stockholders and it is working. Pinnacle/Red Oak seemingly has no plan other than to make near-term profit for itself and its affiliates.**

**DO NOT LET PINNACLE/RED OAK DISTRACT YOU FROM THE FACTS. YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT AN AFFIRMATIVE VOTE BE CAST FOR EACH OF OUR DIRECTOR NOMINEES AND FOR EACH OF THE OTHER PROPOSALS LISTED IN THE WHITE PROXY CARD. THE BOARD URGES YOU NOT TO SIGN OR RETURN ANY PROXY CARD SENT TO YOU BY PINNACLE/RED OAK.**

On behalf of your Board and management team, we thank you for your continued support.

Sincerely,

/s/Nancy L. Harris
