NOTE 1. BASIS OF PREPARATION AND OTHER

Basis of Preparation -The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and therefore do not include all information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. There has been no material change in the information disclosed in the notes to the consolidated financial statements included in the Annual Report on Form 10-K of Rollins, Inc. (the Company) for the year ended December 31, 2011. Accordingly, the quarterly condensed consolidated financial statements and related disclosures herein should be read in conjunction with the 2011 Annual Report on Form 10-K.

The preparation of interim financial statements requires management to make estimates and assumptions for the amounts reported in the condensed consolidated financial statements. Specifically, the Company makes estimates in its interim condensed consolidated financial statements for the termite accrual which includes future costs including termicide life expectancy and government regulations, the insurance accrual which includes self insurance and worker s compensation, inventory adjustments, discounts and volume incentives earned, among others.

In the opinion of management, all adjustments necessary for a fair presentation of the Company s financial results for the interim periods have been made. These adjustments are of a normal recurring nature. The results of operations for the three month period ended March 31, 2012 are not necessarily indicative of results for the entire year.

The Company has only one reportable segment, its pest and termite control business. The Company s results of operations and its financial condition are not reliant upon any single customer, or a few customers, or the Company s foreign operations.

NOTE 2. RECENT ACCOUNTING PRONOUNCEMENTS

New Accounting Standards

Recently issued accounting standards to be adopted

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2011-05, Presentation of Comprehensive Income (ASU 2011-05). This standard eliminated the option to report other comprehensive income and its components in the statement of changes in equity. Under this standard, an entity can elect to present items of net income and other comprehensive income in one continuous statement referred to as the statement of comprehensive income or in two separate, but consecutive, statements. In December 2011, the FASB issued Accounting Standards Update No. 2011-12, Deferral of the Effective Date for Amendments to the Presentation of

Edgar Filing: ROLLINS INC - Form 10-Q

Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05 (ASU 2011-12). ASU 2011-12 defers the effective date of the requirement in ASU 2011-05 to disclose on the face of the financial statements the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income. All other requirements of ASU 2011-05 are not affected by ASU 2011-12. The Company adopted ASU 2011-05 effective December 31, 2011 and indefinitely deferred certain disclosures as allowed under ASU 2011-12. ASU 2011-05 did not have a material impact on the Company's consolidated financial position, results of operations, or cash flows. The expiration of deferral allowed by ASU 2011-12 is not expected to have a significant impact on our consolidated financial statements.

NOTE 3. EARNINGS PER SHARE

The Company follows ASC 260, *Earnings Per Share* (ASC 260) that requires the reporting of both basic and diluted earnings (loss) per share. Basic earnings (loss) per share is computed by dividing net income available to participating common stockholders by the weighted average number of participating common shares outstanding for the period. The calculation of diluted earnings (loss) per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. In accordance with ASC 260, any anti-dilutive effects on net earnings (loss) per share, of which there were none at March 31, 2012 or March 31, 2011 are excluded.

Edgar Filing: ROLLINS INC - Form 10-Q

Table of Contents

Basic and diluted earnings per share attributable to common and restricted shares of common stock for the period were as follows:

NOTE 4. CONTINGENCIES

In the normal course of business, certain of the Company's subsidiaries are defendants in a number of lawsuits or arbitrations, which allege that plaintiffs have been damaged as a result of the rendering of services by the defendant subsidiary. The subsidiaries are actively contesting these actions. Some lawsuits have been filed (John Maciel v. Orkin, Inc., et al.; Douglas F. Bracho, Jr. v. Orkin, Inc.; Jennifer M. Welsh et al. v. Orkin, LLC, et al.; and Jennifer Thompson and Janet Flood v. Philadelphia Management Company, Parkway Associated, Parkway House Apartments, Barbara Williams, and Western Pest Services) in which the plaintiffs are seeking certification of a class. These cases originate in California, South Carolina (Welsh), and Pennsylvania (Flood), respectively. The Maciel lawsuit, a wage and hour related matter, was filed in the Superior Court of Los Angeles County, California. The Bracho lawsuit, a matter related to payroll deductions for use of Company vehicles, was filed in the Superior Court of Orange County, California. The Welsh lawsuit, a termite service related matter, was filed in the Court of Common Pleas Fourteenth Judicial Circuit, County of Beaufort, South Carolina. The Flood lawsuit, a bed bug service related matter filed by residents of an apartment complex, was filed in the Court of Common Pleas of Philadelphia County, Pennsylvania. None of these matters has been scheduled for a class certification hearing. Additionally, the Company and a subsidiary, The Industrial Fumigant Company, LLC, are named defendants in Severn Peanut Co. and Meherrin Agriculture & Chemical Co. v. Industrial Fumigant Co., et al. The Severn lawsuit, a matter related to a fumigation service, has been filed in the Northern Division of the United States District Court for the Eastern District of North Carolina. The plaintiffs are seeking damages for breach of contract and negligence. The Company believes these matters are without merit and intends to vigorously contest certification and defend itself through trial or arbitration, if necessary. The Company does not believe that any pending claim, proceeding or litigation, either alone or in the aggregate, will have a material adverse effect on the Company's financial position, results of operations or liquidity; however, it is possible that an unfavorable outcome of some or all of the matters, however unlikely, could result in a charge that might be material to the results of an individual quarter or year.

Orkin, LLC is involved in certain environmental matters primarily arising in the normal course of business. In the opinion of management, the Company's liability under any of these matters would not and did not materially affect its financial condition, results of operations or liquidity.

NOTE 5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash and cash equivalents, short-term investments, trade and notes receivables, accounts payable and other short-term liabilities. The carrying amounts of these financial instruments approximate their fair values. The Company has a Revolving Credit Agreement with SunTrust Bank and Bank of America, N.A. for an unsecured line of credit of up to \$175.0 million, which

Edgar Filing: ROLLINS INC - Form 10-Q

includes a \$75.0 million letter of credit subfacility and a \$10.0 million swingline subfacility. At March 31, 2012, there were no outstanding borrowings.

NOTE 6. STOCKHOLDERS EQUITY

During the quarter ended March 31, 2012 the Company paid \$11.7 million or \$0.08 per share in cash dividends compared to \$10.3 million or \$0.07 per share during the quarter ended March 31, 2011. During the first quarter ended March 31, 2012, the Company repurchased 68,000 shares of its \$1 par value common stock at a weighted average price of \$19.58 per share

Table of Contents

compared to 256,284 shares purchased at a weighted average price of \$18.90 per share for the same period in 2011. Rollins, Inc. has had a buyback program in place for a number of years and has routinely purchased shares when it felt the opportunity was desirable. The Board authorized the purchase of 7.5 million additional shares of the Company's common stock in October 2008. This authorization enables the Company to continue the purchase of Rollins, Inc. common stock when appropriate, which is an important benefit, resulting from the Company's strong cash flows. The stock buy-back program has no expiration date. In total, 1.0 million additional shares may be purchased under its share repurchase program.

As more fully discussed in Note 13 of the Company's notes to the consolidated financial statements in its 2011 Annual Report on Form 10-K stock options, time lapse restricted shares (TLRS's) and restricted stock units have been issued to officers and other management employees under the Company's Employee Stock Incentive Plans. The stock options generally vest over a five-year period and expire ten years from the issuance date.

During the first quarter ended March 31, 2012, approximately 13,000 shares of common stock were issued upon exercise of stock options by employees compared to approximately 10,000 shares for the prior year quarter. The Company issues new shares from its authorized but unissued share pool. At March 31, 2012 approximately 4.4 million shares of the Company's common stock were reserved for issuance.

The following table summarizes the components of the Company's stock-based compensation programs recorded as expense:

(in thousands)	Three Months Ended	
	2012	2011
Time lapse restricted stock:		
Pre-tax compensation expense	\$ 2,372	\$ 1,882
Tax benefit	(913)	(724)
Restricted stock expense, net of tax	\$ 1,459	\$ 1,158

Options activity outstanding under the Company's stock option plan as of March 31, 2012 and changes during the three months ended March 31, 2012, were as follows:

(in thousands except per share data)	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value

Exercisable at March 31, 2012	20	\$ 5.52	0.83	\$ 311

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the Company's closing stock price on the last trading day of the period and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their options on that day. The amount of aggregate intrinsic value will change based on the fair market value of the Company's stock.

Edgar Filing: ROLLINS INC - Form 10-Q

The aggregate intrinsic value of options exercised during the three months ended March 31, 2012 and March 31, 2011 was \$217 thousand and \$34 thousand, respectively. Exercise of options through the first quarter ended March 31, 2012 and 2011 resulted in cash receipts of less than \$10 thousand for each year, respectively. The Company recognized a tax benefit of approximately \$2.6 million and \$70 thousand during the first quarters ended March 31, 2012 and 2011, respectively, which were recorded as an increase to paid-in capital.

Table of Contents

The following table summarizes information on unvested restricted stock outstanding as of March 31, 2012:

The Company made several acquisitions during the three month periods ended March 31, 2012 and 2011, none of which are considered material in nature individually or in total.

The carrying amount of goodwill was \$211.2 million at March 31, 2012 and \$211.0 million at December 31, 2011. The Company completed its most recent annual impairment analyses as of September 30, 2011. Based upon the results of these analyses, the Company has concluded that no impairment of its goodwill or other intangible assets was indicated.

Commercial pest control approximates 42% of the Company's revenues during the first quarter ended March 31, 2012 and grew 3.1% for the quarter compared to the quarter ended March 31, 2011. The Company's commercial fumigations service, which is included in total commercial pest control revenue, was down 3.8% compared to the same period in 2011.

Residential pest control service which represents approximately 40% of Rollins' revenues during the first quarter ended March 31, 2012, increased 8.2% compared to the same period in 2011 due to the success of the Company's marketing and early pest activity.

Termite service revenue, which is approximately 18% of Rollins' business for the first quarter ended March 31, 2012, increased 10.5% compared to the same period in 2011 due to new sales programs and early termite activity. Revenues are impacted by the seasonal nature of the Company's pest and termite control services. The increase in pest activity, as well as the metamorphosis of termites in the spring and summer (the occurrence of which is determined by the change in seasons), has historically resulted in an increase in the Company's revenues as evidenced by the following chart:

Consolidated Net Revenues

(in thousands)

	2012		2011		2010
First Quarter	\$ 289,465	\$	271,643	\$	253,041
Second Quarter	N/A		320,436		298,803
Third Quarter	N/A		323,929		305,118
Fourth Quarter	N/A		289,056		279,928
Year ended December 31,	\$ N/A	\$	1,205,064	\$	1,136,890

Cost of Services provided for the first quarter ended March 31, 2012 increased \$7.2 million or 5.1% to \$148.1 million, compared to the quarter ended March 31, 2011. Gross margin for the quarter increased to 48.8% for the first quarter 2012 versus 48.1% for the prior year quarter. The improvement in operating margin was due to improved productivity, lower personnel related costs as well as reduced insurance and claim cost partially offset by higher cost of fuel.

Depreciation and Amortization expenses for each of the first quarters ended March 31, 2012 and 2011 were 3.4% of revenues, though increasing \$0.6 million in 2012. The dollar increase was due primarily to amortization of customer contracts related to small acquisitions that occurred over the past twelve months.

Sales, General and Administrative expenses for the first quarter ended March 31, 2012 increased \$3.3 million or 3.6% to \$94.8 million, down to 32.8% of revenues, decreasing from 33.7% for the first quarter ended March 31, 2011. The improvement in margin percent is due to continued leveraging of administrative salaries in our call centers, reductions in professional services, and a reduction in bad debt expense.

Interest expense, net for the first quarter ended March 31, 2012 decreased to \$51 thousand compared to \$192 thousand for the first quarter ended March 31, 2011.

Income Taxes for the first quarter ended March 31, 2012 increased to \$13.7 million, a 21.8% increase from \$11.2 million reported first quarter 2011, and reflects increased pre-tax income over the prior year period. The effective tax rate was 37.2% for the first quarter ended March 31, 2012 versus 37.6% for the first quarter ended March 31, 2011, primarily due to differences in state tax rates.

The Company believes its current cash and cash equivalents balances, future cash flows expected to be generated from operating activities and available borrowings under its \$175.0 million credit facility will be sufficient to finance its current operations and obligations, and fund expansion of the business for the foreseeable future. The Company's operating activities generated net cash of \$37.1 million for the three months ended March 31, 2012, compared with cash provided by operating activities of \$33.0 million for the same period in 2011.

Table of Contents

The Company made contributions of \$2.1 million and \$4.1 million to its defined benefit retirement plans (the Plans) during the three months ended March 31, 2012 and 2011, respectively. In the opinion of management, Plan contributions will not have a material effect on the Company's financial position, results of operations or liquidity.

The Company invested approximately \$3.7 million in capital expenditures during the three months ended March 31, 2012, compared to \$3.3 million during the same period in 2011, and expects to invest approximately \$12.0 million for the remainder of 2012. Capital expenditures for the first three months consisted primarily of the purchase of equipment replacements and technology related projects. During the three months ended March 31, 2012, the Company made expenditures for acquisitions totaling \$6.8 million, compared to \$4.4 million during the same period in 2011. A total of \$11.7 million was paid in cash dividends (\$0.08 per share) during the first three months of 2012, compared to \$10.3 million or (\$0.07 per share) during the same period in 2011. The Company repurchased 68 thousand shares during the first three months of 2012 of its \$1 par value common stock at a weighted average price of \$19.58 compared to 256 thousand shares at a weighted average price of \$18.90 during the first three months of 2011. The acquisitions, capital expenditures and cash dividends were funded through existing cash balances and operating activities. In total, approximately 1.0 million additional shares may be repurchased under the Company's share purchase program.

Rollins' balance sheet as of March 31, 2012 and December 31, 2011, includes short-term unearned revenues of \$92.8 million and \$85.6 million, respectively, representing approximately 8% and 7%, respectively, of our annual revenue. This represents cash paid to the Company by its customers in advance of services that will be recognized over the next twelve months.

The Company's \$59.7 million of total cash at March 31, 2012, is primarily cash held at various banking institutions. Approximately \$26.4 million is held in cash accounts at international bank institutions and the remaining \$33.3 million is primarily held in non-interest-bearing accounts at various domestic banks. In July 2010, President Obama signed into law the Dodd-Frank Act, which again led to changes in FDIC deposit guarantees. Beginning January 1, 2011 and lasting through December 31, 2012, all funds held in noninterest-bearing transaction accounts at insured depository institutions will automatically be fully insured, without limit. This applies to all of our domestic accounts where we have balances.

On March 28, 2008, the Company entered into a Revolving Credit Agreement with SunTrust Bank and Bank of America, N.A. for an unsecured line of credit of up to \$175 million, which includes a \$75 million letter of credit subfacility, and a \$10 million swingline subfacility. The Company had no outstanding borrowings under this credit facility as of March 31, 2012. The Company remained in compliance with applicable debt covenants through the date of this filing and expects to maintain compliance through 2012.

Litigation

In the normal course of business, certain of the Company's subsidiaries are defendants in a number of lawsuits or arbitrations, which allege that plaintiffs have been damaged as a result of the rendering of services by the defendant subsidiary. The subsidiaries are actively contesting these actions. Some lawsuits have been filed (John Maciel v. Orkin, Inc., et al.; Douglas F. Bracho, Jr. v. Orkin, Inc.; Jennifer M. Welsh et al. v. Orkin, LLC, et al.; and Jennifer Thompson and Janet Flood v. Philadelphia Management Company, Parkway Associated, Parkway House Apartments, Barbara Williams, and Western Pest Services) in which the plaintiffs are seeking certification of a class. These cases originate in California, South Carolina (Welsh), and Pennsylvania (Flood), respectively. The Maciel lawsuit, a wage and hour related matter, was filed in the Superior Court of Los Angeles County, California. The Bracho lawsuit, a matter related to payroll deductions for use of Company vehicles, was filed in the Superior Court of Orange County, California. The Welsh lawsuit, a termite service related matter, was filed in the Court of Common Pleas Fourteenth Judicial Circuit, County of Beaufort, South Carolina. The Flood lawsuit, a bed bug service related matter filed by residents of an apartment complex, was filed in the Court of Common Pleas of Philadelphia County, Pennsylvania. None of these matters has

Edgar Filing: ROLLINS INC - Form 10-Q

been scheduled for a class certification hearing. Additionally, the Company and a subsidiary, The Industrial Fumigant Company, LLC, are named defendants in Severn Peanut Co. and Meherrin Agriculture & Chemical Co. v. Industrial Fumigant Co., et al. The Severn lawsuit, a matter related to a fumigation service, has been filed in the Northern Division of the United States District Court for the Eastern District of North Carolina. The plaintiffs are seeking damages for breach of contract and negligence. The Company believes these matters are without merit and intends to vigorously contest certification and defend itself through trial or arbitration, if necessary. For further discussion, see Note 4 to the accompanying financial statements.

The Company does not believe that any pending claim, proceeding or litigation, either alone or in the aggregate, will have a material adverse effect on the Company's financial position, results of operations or liquidity; however, it is possible that an

unfavorable outcome of some or all of the matters, however unlikely, could result in a charge that might be material to the results of an individual quarter or year.

Critical Accounting Policies

There have been no changes to the Company's critical accounting policies since the filing of its Form 10-K for the year ended December 31, 2011.

New Accounting Standards

See Note 2 of the Notes to Condensed Consolidated Financial Statements for a description of recent accounting pronouncements, including the expected dates of adoption and estimated effects on results of operations and financial condition.

Forward-Looking Statements

This Quarterly Report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements include, without limitation, the effect of the future adoption of recent accounting pronouncements on the Company's financial statements; statements regarding management's expectation regarding the effect of the ultimate resolution of pending legal actions on the Company's financial position, results of operation and liquidity; management's belief that future costs of the Company for environmental matters will not be material to the Company's financial condition, operating results, and liquidity; the Company's belief that its current cash and cash equivalent balances, future cash flows expected to be generated from operating activities and available borrowings will be sufficient to finance its current operations and obligations, and fund planned investments for expansion of the business for the foreseeable future; possible defined benefit retirement plan contributions and their effect on the Company's financial position, results of operations and liquidity; estimated 2012 capital expenditures; the Company's expectation to maintain compliance with debt covenants; and the Company's belief that interest rate exposure and foreign exchange rate risk will not have a material effect on the Company's results of operations going forward. The actual results of the Company could differ materially from those indicated by the forward-looking statements because of various risks and uncertainties including, without limitation, the possibility of an adverse ruling against the Company in pending litigation; general economic conditions; market risk; changes in industry practices or technologies; the degree of success of the Company's termite process and pest control selling and treatment methods; the Company's ability to identify and integrate potential acquisitions; climate and weather conditions; competitive factors and pricing practices; our ability to attract and retain skilled workers, and potential increases in labor costs; and changes in various government laws and regulations, including environmental regulations. All of the foregoing risks and uncertainties are beyond the ability of the Company to control, and in many cases the Company cannot predict the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements. A more detailed discussion of potential risks facing the Company can be found in the Company's Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2011. The Company does not undertake to update its forward looking statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Edgar Filing: ROLLINS INC - Form 10-Q

As of March 31, 2012, the Company maintained an investment portfolio (included in cash and cash equivalents) subject to short-term interest rate risk exposure. The Company is subject to interest rate risk exposure through borrowings on its \$175 million credit facility. The Company is also exposed to market risks arising from changes in foreign exchange rates. The Company believes that this foreign exchange rate risk will not have a material impact upon the Company's results of operations going forward. There have been no material changes to the Company's market risk exposure since the end of fiscal year 2011.

ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of March 31, 2012. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level such that the material information relating to Rollins, Inc., including our consolidated subsidiaries, and required to be included in our Securities and Exchange Commission (SEC)

reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and was made known to them by others within those entities, particularly during the period when this report was being prepared.

In addition, management's quarterly evaluation identified no changes in our internal control over financial reporting during the first quarter that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. As of March 31, 2012 we did not identify any material weaknesses in our internal controls, and therefore no corrective actions were taken.
