FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus, including the documents incorporated by reference, contain "forward-looking statements" that relate to future events or our future financial performance. Statements containing words such as "could," "expect," "may," "anticipate," "believe," "intend," "estimate," "plan" and similar expressions constitute forward-looking statements. We disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Forward-looking statements are subject to important risks, uncertainties and assumptions that are difficult to predict. The results or events predicted in forward-looking statements may differ materially from actual results or events. Some of the factors that could cause actual results or events to differ from current expectations include the following, some of which are described in greater detail in the documents that are incorporated by reference into this prospectus supplement:

- fluctuations in supply and demand for fertilizer, including fluctuations as a result of economic or political conditions in our markets, which can cause volatility in the prices of our fertilizer products;
- changes in competitive pressures, including pricing pressures;
- unexpected or adverse weather conditions, which can impact demand for fertilizer and timing of fertilizer sales during the year;

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

- volatility in the price of natural gas, which is the primary raw material used for our nitrogen products, and risks associated with our continued ability to manage natural gas costs in the United States through hedging activities;
- fluctuations in the prices of other raw materials, including sulfur, which is a primary input in our phosphate operations;
- unexpected mining conditions, which could change our costs of production for potash and phosphates or cause changes in reserve estimates;
- changes in capital markets and in currency and exchange rates;
- the outcome of legal proceedings;
- changes in government regulations, including environmental regulations, which could increase our costs of compliance and otherwise affect our business; and
- acquisitions we may undertake in the future.

We sell to a diverse group of customers both by geography and by end product. Market conditions will vary on a year-over-year basis, and sales can be expected to shift from one period to another.

As a result of these factors, we cannot assure you that any of the events or results anticipated by forward-looking statements included or incorporated by reference into this prospectus supplement will occur or, if they do, what impact they will have on our business or on our results of operations and financial condition.

POTASH CORPORATION OF SASKATCHEWAN INC.

PCS is one of the world's largest integrated fertilizer and related industrial and feed products companies with significant market share in each of the three primary nutrient products -- potash, phosphate and nitrogen. We are the largest potash producer worldwide by capacity. We are the third largest producer of phosphates worldwide by capacity. In 2000, our phosphate operations represented an estimated 7% of world phosphoric acid production and 6% of world phosphoric acid capacity. We are the second largest producer of nitrogen products in the Western Hemisphere.

We believe that our North Carolina plant is the world's largest vertically integrated phosphate mine and processing plant. We also have a phosphate mine and two chemical plant complexes in northern Florida, four phosphate feed plants in the United States and one feed plant in Brazil. In addition, we produce a variety of phosphate products at our Geismar, Louisiana facility. USE OF PROCEEDS

We estimate the net proceeds from the sale of the notes to be approximately \$591 million after deducting underwriting discounts and commissions and expenses of the offering. DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes offered by this prospectus supplement adds information to the description of the general terms and provisions of debt securities under the heading "Description of Securities" beginning on page 5 of the accompanying prospectus.

GENERAL

We will issue the notes in the aggregate principal amount of \$600,000,000 pursuant to an indenture dated as of June 16, 1997 between PCS and The Bank of Nova Scotia Trust Company of New York, the trustee for the notes. The notes will mature on May 31, 2011. We will issue the notes only in book-entry form, in denominations of \$1,000 and integral multiples of \$1,000.

The notes will bear interest at the annual rate shown on the cover of this prospectus supplement and will accrue interest from May 21, 2001 or from the most recent date to which interest has been paid (or provided for) to but not including the next date upon which interest is required to be paid.

Commencing November 30, 2001, interest will be payable twice a year, on May 31 and November 30, to the person in whose name a note is registered at the close of business on the May 15 or November 15 that precedes the date on which interest will be paid. Interest on the notes will be paid on the basis of a 360-day year consisting of twelve 30-day months.

As contemplated by the last paragraph under "Description of Securities -- Discharge, Defeasance and Covenant Defeasance" beginning on page 13 of the accompanying prospectus, the satisfaction of certain conditions will permit us to omit to comply with some or all of our obligations, covenants and agreements under the indenture with respect to the notes. In addition, we may omit to comply with certain covenants through covenant defeasance. We refer you to the information under "Description of Debt Securities -- Discharge, Defeasance and Covenant Defeasance" in the accompanying prospectus for more information on how we may do this.

Except as described in the accompanying prospectus, the indenture for the notes does not contain any covenants or other provisions designed to protect holders of the notes against a reduction in our creditworthiness in the event of a highly leveraged transaction or that would prohibit other transactions that might adversely affect holders of the notes, including through the incurrence of additional indebtedness.

REOPENING OF THE NOTES

We are initially offering the notes in the aggregate principal amount of \$600,000,000. We may from time to time, without the consent of the holders of the notes, create and issue further notes having the same terms and conditions in all respects as the notes being offered hereby, except for the issue date, the issue price and the first payment of interest thereon. Additional notes issued in this manner will be consolidated with and will form a single series with the notes being offered hereby.

OPTIONAL REDEMPTION

The notes will be redeemable, in whole or in part, at our option at any time and from time to time at a redemption price equal to the greater of:

- 100% of the principal amount of the notes to be redeemed, and
- the sum of the present values of the Remaining Scheduled Payments discounted to the date of redemption on a semi-annual basis (assuming a

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus 30 basis points,

together with, in each case, accrued interest on the principal amount of the notes to be redeemed to the date of redemption.

S-8

11

In connection with such optional redemption, the following defined terms apply:

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second business day immediately preceding that redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding that redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated "Composite 3:30 p.m. Quotations for U.S. Government Securities" or (ii) if such release (or any successor release) is not published or does not contain such prices on such business day, (A) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (B) if the Independent Investment Banker for the notes obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by us to act as the "Independent Investment Banker".

"Reference Treasury Dealer" means each of Credit Suisse First Boston Corporation, Salomon Smith Barney Inc. and Banc of America Securities LLC and their respective successors and one other nationally recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer") specified from time to time by us; provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, we shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

"Remaining Scheduled Payments" means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

redemption; provided, however, that, if that redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. On and after any redemption date, interest will cease to accrue on the notes or any portion thereof called for redemption. On or before any redemption date, we shall deposit with the trustee or with a paying agent money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on such date. If less than all the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee at our direction by such method as we and the trustee shall deem fair and appropriate. The redemption price shall be calculated by the Independent Investment Banker and we, the trustee and any paying agent for the notes shall be entitled to rely on such calculation.

S-9

BOOK-ENTRY SYSTEM

We will issue the notes in the form of one or more fully registered global securities. We will deposit these global securities with, or on behalf of, The Depository Trust Company, or DTC, and register these securities in the name of DTC's nominee. Direct and indirect participants in DTC will record beneficial ownership of the notes by individual investors. The transfer of ownership of beneficial interests in a global security will be effected only through records maintained by the depository or its nominee, or by participants or persons that hold through participants.

Upon receipt of any payment in respect of a global security, the depository or its nominee will immediately credit participants' accounts with amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown in the records of the depository or its nominee. Payments by participants to owners of beneficial interests in a global security held through participants will be governed by standing instructions and customary practices and will be the responsibility of those participants.

DTC holds securities of institutions that have accounts with it or its participants. Through its maintenance of an electronic book-entry system, DTC facilitates the clearance and settlement of securities transactions among its participants and eliminates the need to deliver securities certificates physically. DTC's participants include securities brokers and dealers, including the underwriters of this offering, banks, trust companies, clearing corporations and other organizations. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to DTC's book-entry system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. DTC agrees with and represents to its participants that it will administer its book-entry system in accordance with its rules and bylaws and requirements of law. The rules applicable to DTC and its participants are on file with the Commission.

DTC has advised us and the underwriters that it is a limited-purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of the New York banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934, as amended.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

Andersen LLP, our U.S. tax advisor, has advised that the following is a fair summary of the principal U.S. federal income tax consequences applicable to a United States person who holds the notes. In general, a United States person who holds the notes or owns a beneficial interest in the notes will be subject to United States federal taxation. You are a United States person for U.S. federal income tax purposes if you are:

- a citizen or resident of the United States or its territories, possessions or other areas subject to its jurisdiction;
- a corporation, partnership or other entity organized under the laws of the United States or any political subdivision;
- an estate, the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if (i) a United States court is able to exercise primary supervision over the trust's administration and (ii) one or more United States persons have the authority to control all of the trust's substantial decisions.

If you are a United States person, the interest you receive on the notes will generally be subject to United States taxation and will be considered ordinary interest income. If you are a U.S. partnership or trust that is taxed as a pass-through entity for U.S. federal income tax purposes, the interest received will not be subject to U.S. taxation at the partnership or trust level but will be subject to taxation if the partner or beneficiary, as the case may be, is a United States person. Under current United States federal income tax law, if you are not a United States person, the interest payments that you receive on the notes generally will not be subject to United States federal income taxes, including withholding tax. However, you may be required to satisfy certain certification requirements (described below) of the United States Internal Revenue Service to establish that you are not a United States person.

Even if you are not a United States person, you may still be subject to United States federal income taxes on any interest payments you receive if:

- you are an insurance company carrying on a United States insurance business, within the meaning of the United States Internal Revenue Code of 1986, or
- you have an office or other fixed place of business in the United States that receives the interest and you earn the interest in the course of operating (i) a banking, financing or similar business in the United States or (ii) a corporation the principal business of which is trading in stock or securities for its own account, and certain other conditions exist.

If you are not a United States person, any gain you realize on a sale or exchange of the notes generally will be exempt from United States federal income tax, including withholding tax, unless:

- your gain is effectively connected with your conduct of a trade or business in the United States; or
- you are an individual holder and are present in the United States for 183 days or more in the taxable year of the sale, and either (i) your gain is attributable to an office or other fixed place of business that you maintain in the United States or (ii) you have a tax home in the United States.

The paying agent must file information returns with the United States Internal Revenue Service in connection with payments on the notes made to certain United States persons. If you are a United States person, you generally will not be subject to a 31% United States backup withholding tax on such payments if you provide your taxpayer identification number to the paying agent. You may also be subject to information reporting and backup withholding tax requirements with respect to the proceeds from a sale of the notes. If you are not a United States person, in order to avoid information reporting and backup withholding tax requirements you may have to comply with certification procedures to establish that you are not a United States person.

S-11

14

A note held by an individual holder who at the time of death is a non-resident alien will not be subject to United States federal estate tax.

This summary should not be construed as tax advice to any holder of the notes. You should consult your own tax advisor for advice with respect to the specific tax consequences to you of acquiring, holding or disposing of the notes, including the application of U.S. state or local taxes, or the income or other tax laws of a foreign country, province, state or local tax authority.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

Davies Ward Phillips & Vineberg LLP, our Canadian tax counsel, has advised that the following is a fair summary of the principal Canadian federal income tax consequences under the Income Tax Act (Canada) and the regulations thereunder (which we refer to in this section as the "Act " and the "Regulations ", respectively) in effect at the date hereof generally applicable to a holder of the notes who:

- acquires the notes pursuant to this prospectus supplement;
- holds the notes as capital property (in general the notes will be considered to be capital property to a holder of notes unless the holder holds the notes as inventory in the course of carrying on a business, or the holder acquired the notes in a transaction or transactions considered to be an adventure or concern in the nature of trade);
- deals at arm's length with us for purposes of the Act at all times (under the Act, related persons are deemed not to deal at arm's length with each other, and it is a question of fact whether persons not related to each other deal at arm's length);
- is neither resident nor deemed to be resident in Canada for purposes of the Act, the Regulations and any applicable tax treaty at any time; and
- does not ever use or hold and is not deemed ever to use or hold the notes in connection with a trade or business that the holder carries on, or is deemed to carry on, in Canada at any time.

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

Special rules which are not discussed in this summary may apply to a non-resident holder that is an insurer carrying on business in Canada and elsewhere. This summary is based on the current provisions of the Act and the Regulations, all specific proposals to amend the Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (which we refer to in this section as the "Proposals") and our Canadian counsel's understanding of the current published administrative practices and policies of the Canada Customs and Revenue Agency. This summary assumes that the Act and the Regulations will be amended in accordance with the Proposals as so announced although we cannot assure you that this will occur.

This summary does not otherwise take into account or anticipate any changes in law or practice, whether by judicial, governmental or legislative decision or action, nor does it take into account tax legislation of any province, territory or foreign jurisdiction. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder, and no representations with respect to the income tax consequences to any particular holder are made. Accordingly, you should consult your own tax advisor for advice with respect to the tax consequences to you of acquiring, holding and disposing of notes, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.

TAXATION OF INTEREST AND DISPOSITIONS

Interest paid or credited, or which is deemed to be paid or credited for purposes of the Act, on a note to a non-resident of Canada will not be subject to Canadian withholding tax. A holder who is a non-resident of Canada will not be subject to tax under the Act in respect of any capital gain realized by such holder on a disposition of a note, including a disposition as the result of an optional redemption of a note by us.

15

The discussion in this section "Canadian Federal Income Tax Considerations" is a summary of certain material Canadian federal income tax considerations for a holder of notes and does not purport to deal with all aspects of Canadian income taxation. For example, the foregoing is not intended to provide any commentary on the income tax consequences and implications to a holder of notes following (a) any of the events or arrangements summarized under "Description of Securities -- Discharge, Defeasance and Covenant Defeasance" beginning on page 13 of the accompanying prospectus; (b) a successor entity assuming the payments under the notes as summarized under "Description of Securities -- Merger, Consolidation or Sale" beginning on page 7 of the accompanying prospectus; or (c) assumption of obligations under the notes by any other party. Accordingly, no opinion is expressed as to the applicability of any withholding tax to or the income tax treatment of, any payments (including proceeds of disposing of the notes) that may be received by holders of the notes following the events or arrangements described under (a), (b) or (c) above.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated May 16, 2001, we have agreed to sell to the underwriters named below the following respective principal amounts of the notes:

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

UNDERWRITER -----	PRINCIPAL AMOUNT -----
Credit Suisse First Boston Corporation.....	\$300,000,000
Salomon Smith Barney Inc.....	120,000,000
Banc of America Securities LLC.....	60,000,000
RBC Dominion Securities Corporation.....	60,000,000
Scotia Capital (USA) Inc.....	60,000,000

Total.....	\$600,000,000 =====

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of notes may be terminated.

The underwriters propose to offer the notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a selling concession of 0.40% of the principal amount per note. The underwriters and selling group members may allow a discount of 0.25% of the principal amount per note on sales to other brokers/dealers. After the initial public offering, the underwriters may change the public offering price and concession and discount to broker/dealers.

We estimate that our out-of-pocket expenses for this offering will be approximately \$540,000.

The notes are a new issue of securities with no established trading market and will not be listed on any national securities exchange. One or more of the underwriters intends to make a secondary market for the notes. However, they are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. No assurance can be given as to how liquid the trading market for the notes will be.

Each underwriter has agreed that it will not offer or sell, directly or indirectly, any of the notes in any jurisdiction where such offer or sale is not permitted. Each underwriter has also agreed that it will not offer or sell, directly or indirectly, any of the notes in Canada or to any individual or company in Canada in contravention of the securities laws of Canada or any province or territory thereof. In addition, each underwriter has agreed that it will not distribute any material related to the notes in Canada in contravention of the securities laws of Canada or any province or territory thereof.

We have agreed to indemnify the underwriters against liabilities under the Securities Act of 1933 or contribute to payments that the underwriters may be required to make in that respect.

In the ordinary course of their respective businesses, the underwriters and their affiliates have engaged, and may in the future engage, in commercial banking and/or investment banking transactions with us and our affiliates. The Bank of Nova Scotia Trust Company of New York, the trustee for the notes, is an affiliate of Scotia Capital (USA) Inc., one of the underwriters for the notes. In addition, we expect to use approximately \$30 million of the net proceeds from the sale of the notes to repay short-term loans provided by Royal Bank of Canada, which is an affiliate of RBC Dominion Securities Corporation, one of the underwriters for the notes.

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of notes in excess of the principal amount of notes the underwriters are obligated to purchase, which creates a syndicate short position.
- Syndicate covering transactions involve purchases of notes in the open market after the distribution has been completed in order to cover syndicate short positions.
- Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the notes originally sold by such syndicate member are purchased in a stabilizing or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Credit Suisse First Boston Corporation will make notes available for distribution on the Internet through a proprietary web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between Credit Suisse First Boston Corporation and its customers and is not a party to any transactions. Market Axess Inc. will not function as an underwriter or agent of PCS, nor will Market Axess Inc. act as a broker for any customer of Credit Suisse First Boston Corporation based on transactions the underwriter conducts through the system. Credit Suisse First Boston Corporation will make notes available to its customers through the Internet distributions, whether made through a proprietary or third party system, on the same terms as distributions made through other channels.

LEGAL MATTERS

The validity of the notes will be passed upon by Robertson Stromberg, Saskatchewan counsel to PCS. Certain matters involving the laws of the United States will be passed upon by Cleary, Gottlieb, Steen & Hamilton, United States counsel to PCS, and by Skadden, Arps, Slate, Meagher & Flom LLP, United States counsel to the underwriters. Certain matters involving the tax laws of Canada will be passed upon by Davies Ward Phillips & Vineberg LLP, Canadian tax counsel to PCS, and certain matters involving the tax laws of the United States will be passed upon by Andersen LLP, United States tax advisor to PCS.

ENFORCEABILITY OF CIVIL LIABILITIES UNDER UNITED STATES FEDERAL SECURITIES LAWS

PCS is a corporation organized under the laws of the Province of Saskatchewan, Canada. Certain of the directors and executive officers of PCS are residents of Canada, and certain of the experts named in this Prospectus are residents of Canada. Substantial portions of the assets of PCS and its direct

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

and indirect subsidiaries and such individuals and experts are located outside of the United States. As a result, it may be difficult or impossible for persons who purchase the Securities to effect service of process upon such persons within the United States in connection with matters arising under the United States federal securities laws or to enforce against them in United States courts judgments of United States courts predicated upon the civil liability provisions of the United States federal securities laws. There is some doubt as to the enforceability in Canada in original actions, or in actions for enforcement of judgments of United States courts, of civil liabilities predicated upon the United States federal securities laws. In addition, awards for punitive damages in actions brought in the United States or elsewhere may be unenforceable in Canada.

FINANCIAL STATEMENT PRESENTATION

Although PCS presents its financial statements in United States dollars, its financial statements and financial data derived therefrom presented in this Prospectus and in the documents incorporated by reference herein (other than pro forma information) have been prepared in accordance with generally accepted accounting principles in Canada ("GAAP"), and thus may not be comparable to financial statements of United States companies. For a reconciliation of GAAP to generally accepted accounting principles in the United States as applied to the consolidated financial statements of PCS for the three years ended December 31, 1996 (the "Consolidated Financial Statements"), see Note 25 to the Consolidated Financial Statements which are incorporated by reference herein.

THE COMPANY

The Company is one of the world's largest integrated fertilizer companies with significant market share in each of the three primary fertilizer products -- potash, phosphate and nitrogen. In 1996, PCS's potash production represented 15% of global production, 23% of global potash capacity and an estimated 41% of global potash excess capacity. The Company is the third largest producer of phosphates worldwide by capacity, currently representing approximately 9% of world production and 7% of world capacity. The Company believes its potash and phosphate reserves to be the largest in North America.

On March 6, 1997, the Company acquired all of the outstanding capital stock of Arcadian Corporation in exchange for cash of \$555 million and 8,030,236 common shares of PCS. Since acquiring Arcadian Corporation, the Company has become the largest producer and marketer of nitrogen fertilizer and chemical products in the Western hemisphere. Arcadian Corporation now operates under the name PCS Nitrogen, Inc. In 1996, sales of Arcadian Corporation were divided approximately 60% to agricultural customers and 40% to industrial customers.

The Company's products are used for agricultural and industrial purposes as well as for food ingredients. The Company produces and sells potash, solid phosphate fertilizers (principally diammonium phosphate ("DAP")), liquid phosphate fertilizers, phosphate feed supplements, purified phosphoric acid, ammonia, urea, ammonium nitrate, nitric acid and nitrogen solutions. The Company produces potash from six mines in Saskatchewan (five of which it owns and operates), one in New Brunswick and one in Utah. The Company operates the world's largest vertically integrated phosphate mine and processing plant, which is located in North Carolina, a phosphate mine and two chemical plant complexes in northern Florida and seven phosphate feed plants in the United States. In addition, the Company manufactures, processes and distributes fertilizer and other agricultural supplies from plants located in Florida, Georgia and Alabama. As a result of the acquisition of Arcadian Corporation, the Company acquired eight sites dedicated to the production of nitrogen-related products, one of which also produces phosphate-related products.

The mailing address of the Company's principal executive offices is Suite

USE OF PROCEEDS

Except as otherwise provided in an applicable Prospectus Supplement, the net proceeds from the sale of the Securities will be added to PCS's funds to be used for general corporate purposes, including working capital, capital expenditures and the repayment of debt outstanding from time to time. Pending such application, such net proceeds may be invested in short-term marketable securities. Specific information about the use of proceeds from the sale of Securities will be set forth in the applicable Prospectus Supplement. PCS may from time to time incur additional indebtedness other than through the offering of Securities pursuant to this Prospectus.

DESCRIPTION OF SECURITIES

The Securities will be issued under an indenture (the "Indenture") between PCS and The Bank of Nova Scotia Trust Company of New York, as trustee (the "Indenture Trustee"). A form of the Indenture has been filed as an exhibit to the Registration Statement of which this Prospectus is a part and is available for inspection at the corporate trust office of the Indenture Trustee at One Liberty Plaza, New York, N.Y. 10006. The Indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended. The statements made under this heading relating to the Securities and the Indenture are summaries of the provisions thereof and do not purport to be complete and are qualified in their entirety by reference to the Indenture and the Securities. All Section references herein are to Sections of the Indenture, which are incorporated herein by reference. Capitalized terms used but not defined have the respective meanings set forth in the Indenture.

GENERAL

The Securities will be direct unsecured obligations of PCS and will rank equally with all other unsecured and unsubordinated indebtedness of PCS. The Securities may be issued in one or more series, in each case as established from time to time by PCS or as established in the Indenture or in one or more indentures supplemental to the Indenture. All Securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the Securities of such series, for issuance of additional Securities of such series (Section 301).

The Indenture provides that there may be more than one Indenture Trustee thereunder, each with respect to one or more series of Securities. Any Indenture Trustee under the Indenture may resign or be removed with respect to one or more series of Securities, and a successor Indenture Trustee may be appointed to act with respect to such series (Section 608). If two or more persons are acting as Indenture Trustee with respect to different series of Securities, each such

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

Indenture Trustee will be an Indenture Trustee of a trust under the Indenture separate and apart from the trust administered by any other Indenture Trustee (Section 609). In general, any action to be taken by an Indenture Trustee may be taken by each such Indenture Trustee with respect to, and only with respect to, the one or more series of Securities for which it is Indenture Trustee under the Indenture.

The Prospectus Supplement relating to the series of Securities being offered will contain the specific terms thereof, including:

(a) The designation of such Securities.

The Prospectus Supplement for each offering of Securities may add to or change statements contained in this Prospectus. Except as may be set forth in any Prospectus Supplement, the Securities will not contain any provisions that would limit the ability of PCS to incur unsecured indebtedness or that would afford holders of Securities protection in the event of a highly leveraged or similar transaction involving PCS or in the event of a change of control. Reference is made to the applicable Prospectus Supplement for information with respect to any deletions from, modifications of or additions to the Events of Default or covenants of PCS that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

DENOMINATION, INTEREST, REGISTRATION OF TRANSFER

Unless specified in the applicable Prospectus Supplement, the Securities of any series will be issuable in denominations of \$1,000 and integral multiples thereof (Section 302).

The principal of (and applicable premium, if any) and interest on any series of Securities will be payable at the corporate trust office of the Indenture Trustee, which initially will be One Liberty Plaza, New York, New York 10006; provided that, at the option of PCS, payment of interest may be made by check mailed to the address of the Person entitled thereto as it appears in the applicable register for such Securities or by wire transfer of funds to such Person at an account maintained within the United States (Sections 301, 307 and 1002).

Any interest not punctually paid or duly provided for on any interest payment date with respect to a Security ("Defaulted Interest") will forthwith cease to be payable to the holder on the applicable Regular Record Date and may either be paid to the Person in whose name such Security is registered at the close of business on a special record date (the "Special Record Date") for the

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

payment of such Defaulted Interest to be fixed by the Indenture Trustee, notice whereof will be given to the holder of such Security not less than 10 days prior to such Special Record Date, or may be paid at any time in any other lawful manner, all as more completely described in the Indenture (Section 307).

Subject to certain limitations imposed upon Securities issued in book-entry form, the Securities of any series will be exchangeable for other Securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations upon surrender of such Securities at the corporate office of the Indenture Trustee. In addition, subject to certain limitations imposed upon Securities issued in book-entry form, the Securities of any series may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the Indenture Trustee. Every Security surrendered for registration of transfer or exchange must be duly endorsed or accompanied by a written instrument of transfer. No service charge will be made for any registration of transfer or exchange of any Securities, but PCS may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith (Section 305). If the applicable Prospectus Supplement refers to any transfer agent (in addition to the Indenture Trustee) initially designated by PCS with respect to any series of Securities, PCS may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that PCS will be required to maintain a transfer agent in each place of payment for such series. PCS may at any time designate additional transfer agents with respect to any series of Securities (Section 1002).

Neither PCS nor the Indenture Trustee will be required to (a) issue, register the transfer of or exchange Securities of any series during a period beginning at the opening of business 15 days before any selection of Securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption, (b) register the transfer of or exchange any Security, or portion thereof, called for redemption, except the unredeemed portion of any Security being redeemed in part, or (c) issue, register the transfer of or exchange any Security that has been surrendered for repayment at the option of the holder, except the portion, if any, of such Security not to be so repaid (Section 305).

MERGER, CONSOLIDATION OR SALE

PCS will be permitted to amalgamate or consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge with or into, any other entity, provided that (a) either PCS will be the continuing entity, or the successor entity (if other than PCS) formed by or resulting from any such amalgamation, consolidation or merger or which will have received the transfer of such assets is an entity organized and existing under the laws of the United States or any state thereof or the District of Columbia or Canada or any province thereof and will expressly assume payment of the principal of (and premium, if any) and interest on all of the Securities and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture; (b) immediately after giving effect to such transaction, no Event of Default under the Indenture, and no event which, after notice or the lapse of time, or both, would become

7

26

such an Event of Default, will have occurred and be continuing; and (c) an officer's certificate and legal opinion covering such conditions will be delivered to the Indenture Trustee (Sections 801 and 804).

CERTAIN COVENANTS

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

Additional Amounts. Payments made by PCS under or with respect to the Securities will be free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge of any nature whatsoever imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax ("Taxes"), unless PCS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof. If PCS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to the Securities, PCS will pay such additional interest ("Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction will not be less than the amount the Holder would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to a payment made to a Holder (such Holder, an "Excluded Holder") (a) with which PCS does not deal at arm's length (within the meaning of the Income Tax Act (Canada)) at the time of making such payment, or (b) which is subject to such Taxes by reason of its being connected with Canada or any province or any territory thereof otherwise than by the mere holding of Securities or the receipt of payments thereunder. PCS will also (a) make such withholding or deduction and (b) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law. PCS will furnish to the Holders of the Securities, within 30 days after the date the payment of any Taxes is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by PCS. PCS will indemnify and hold harmless each Holder (other than an Excluded Holder) and upon written request reimburse each such Holder for the amount of (a) any Taxes so levied or imposed and paid by such Holder as a result of payments made under or with respect to the Securities, (b) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, and (c) any Taxes imposed with respect to any reimbursement under (a) or (b) in this sentence, but excluding any such Taxes on such Holder's net income.

At least 30 days prior to each date on which any payment under or with respect to the Securities is due and payable, if PCS will be obligated to pay Additional Amounts with respect to such payment, PCS will deliver to the Trustee an Officer's Certificate stating the fact that such Additional Amounts will be payable, the amounts so payable and such other information necessary to enable the Trustee to pay such Additional Amounts to Holders on the payment date. Wherever in this Prospectus or a Prospectus Supplement there is mentioned the payment of the principal of (or premium, if any) or interest on, or in respect of, any Security of any series or payment of any related coupon or the net proceeds received on the sale or exchange of any Security of any series, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligations of PCS to pay Additional Amounts if and when due will survive the termination of the Indenture and the payment of all amounts under or with respect to the Securities (Section 1009).

Limitation on Liens. PCS may not, and may not permit any Subsidiary of PCS to, incur any Lien on or with respect to any of the Principal Property of PCS or any such Subsidiary owned on or acquired after the date of the Indenture to secure Debt without making, or causing such Subsidiary to make, effective provision for securing the Securities equally and ratably with such Debt or, in the event such Debt is subordinate in right of payment to the Securities, prior to such Debt, as to such Principal Property for so long as such Debt will be so secured. The foregoing restrictions will not apply to Liens in respect of Debt existing on the date of the Indenture, to Liens on or with respect to property that is not Principal Property, or to (a) Liens securing only Securities; (b)

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

Liens in favor of PCS or any of its Subsidiaries; (c) Liens on property existing immediately prior to the time of acquisition thereof (and not created in anticipation of the financing of such acquisition); (d) Liens to secure Debt incurred for the purpose of financing all or any part of the purchase price or the cost of construction or improvement of property used in the business of PCS or any of its

8

27

Subsidiaries and subject to such Liens, provided that (i) the principal amount of any Debt secured by such Lien does not exceed 100% of such purchase price or cost, (ii) such Lien does not extend to or cover any other property other than such property and any such improvements, and (iii) such Debt is incurred within 270 days of such purchase, construction or improvement; (e) Liens on property of a Person existing at the time such Person is merged with or into or amalgamated or consolidated with PCS or any of its Subsidiaries that were not created in anticipation of the acquisition of such Person, provided that such Lien does not extend to or cover any property other than that of the Person so merged, amalgamated or consolidated; (f) Liens on any Principal Property in favor of a governmental body to secure partial progress, advance or other payments pursuant to any contract or statute of such governmental body; and (g) Liens to secure Debt incurred to extend, renew, refinance, replace or refund (or successive extensions, renewals, refinancings, replacements or refundings), in whole or in part, (i) any secured Debt existing on the date of this Indenture, or (ii) any Debt secured by any Lien referred to in the foregoing clauses, so long as in each such case the Lien does not extend to any other property and the Debt so secured is not increased other than for reasonable costs related to such extension, renewal, refinancing, replacement or refunding.

In addition to the foregoing, PCS and its Subsidiaries may incur a Lien or Liens to secure Debt (excluding Debt secured by Liens permitted under the foregoing exceptions) the aggregate amount of which, including Attributable Debt in respect of Sale and Leaseback Transactions, does not exceed 10% of Consolidated Net Tangible Assets. PCS and its Subsidiaries may also incur a Lien or Liens to secure any Debt incurred pursuant to a Sale and Leaseback Transaction, without securing the Securities equally and ratably with or prior to such Debt, as applicable, provided that such Sale and Leaseback Transaction is permitted by the provisions of the Indenture described below in clauses (b) and (c) under "-- Limitation on Sale and Leaseback Transactions" (Section 1010).

Limitation on Sale and Leaseback Transactions. PCS may not, and may not permit any Subsidiary of PCS to, enter into any Sale and Leaseback Transaction with respect to any Principal Property (except for a period, including renewals, not exceeding 36 months) unless (a) at the time of entering into such Sale and Leaseback Transaction, PCS or such Subsidiary would be entitled to incur Debt, in a principal amount equal to the Attributable Debt in respect of such Sale and Leaseback Transaction, secured by a Lien, without equally and ratably securing the Securities; (b) PCS or such Subsidiary applies, within 12 months after the sale or transfer, an amount equal to the greater of (i) the net proceeds of the Principal Property sold pursuant to the Sale and Leaseback Transaction, or (ii) the fair value (in the opinion of an executive officer of PCS) of such Principal Property to the acquisition of or construction on property used or to be used in the ordinary course of business of PCS or a Subsidiary of PCS, and PCS shall have elected to designate such amount as a credit against such Sale and Leaseback Transaction; or (c) PCS or such Subsidiary applies, within 12 months after the sale or transfer, an amount equal to the net proceeds of the Principal Property sold pursuant to the Sale and Leaseback Transaction to the voluntary defeasance or retirement of Debt, which amount will not be less than the fair value (in the opinion of an executive officer of PCS) of such Principal Property less an amount equal to the principal amount of such Debt voluntarily defeased or retired by PCS or such Subsidiary within such 12-month period and not designated as a credit against any other Sale and Leaseback Transaction (Section

1011).

Notwithstanding the foregoing, in no event shall PCS be required to defease or retire, in the aggregate with respect to any and all such transactions, more than 25% of the original aggregate principal amount of a series of the Securities on or prior to the fifth anniversary of the Issue Date thereof. If the aggregate net proceeds that would be otherwise required to defease or retire Securities on or prior to the fifth anniversary of the Issue Date would exceed 25% of the original aggregate principal amount of such series (such excess being "25% Excess Proceeds"), then promptly after such fifth anniversary PCS shall defease or retire Securities in an amount equal to the 25% Excess Proceeds. Pending such defeasing or retiring of Securities, the 25% Excess Proceeds shall be invested and maintained in Permitted Short-Term Investments and PCS shall not distribute such proceeds in respect of its shares (Section 1011).

EVENTS OF DEFAULT, NOTICE AND WAIVER

The Indenture provides that the following events are "Events of Default" with respect to any series of Securities issued thereunder: (a) default for 30 days in the payment of any installment of interest on any Security of such series; (b) default in the payment of principal of (or premium, if any) any Security of such series when due; (c) default in making any sinking fund payment as required for any Security of such series; (d) default in the performance or breach of any other covenant or warranty of PCS contained in the Indenture (other than a covenant added to the Indenture solely for the benefit of a series of Securities other than such series), continued for 60 days after written notice as provided in the Indenture; (e) a default under any bond, debenture, note or other evidence of indebtedness for money borrowed by PCS (including obligations under leases required to be capitalized on the balance sheet of the lessee under GAAP but not including any indebtedness or obligations for which recourse is limited to property purchased) in an aggregate principal amount in excess of US\$ 50,000,000 or under any mortgage, indenture or other instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by PCS (including such leases, but not including such indebtedness or obligations for which recourse is limited to property purchased) in an aggregate principal amount in excess of US\$ 50,000,000, whether such indebtedness now exists or is hereafter created, which default shall have resulted in such indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable or such obligations being accelerated, without such acceleration having been rescinded or annulled; (f) certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of PCS or any Significant Subsidiary of PCS; and (g) any other Event of Default provided with respect to a particular series of Securities (Section 501).

If an Event of Default under the Indenture with respect to Securities of any series at the time outstanding occurs and is continuing, then in every such case the Indenture Trustee or the holders of not less than 25% in principal amount of the outstanding Securities of that series will have the right to declare the principal amount (or, if the Securities of that series are Original Issue Discount Securities or Indexed Securities, such portion of the principal amount as may be specified in the terms thereof) of all the Securities of that series to be due and payable immediately by written notice thereof to PCS (and to the Indenture Trustee if given by the holders). However, at any time after such a declaration of acceleration with respect to Securities of such series (or of all Securities then outstanding under the Indenture, as the case may be) has been made, but before a judgment or decree for payment of the money due has been obtained by the Indenture Trustee, the holders of not less than a majority in principal amount of outstanding Securities of such series (or of all Securities

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

then outstanding under the Indenture, as the case may be) may rescind and annul such declaration and its consequences if (a) PCS deposits with the Indenture Trustee all required payments of the principal of (and premium, if any) and interest on the Securities of such series (or of all Securities then outstanding under the Indenture, as the case may be), plus certain fees, expenses, disbursements and advances of the Indenture Trustee, and (b) all Events of Default, other than the non-payment of accelerated principal (or specified portion thereof), with respect to Securities of such series (or of all Securities then outstanding under the Indenture, as the case may be) are cured or waived as provided in the Indenture (Section 502). The Indenture also provides that the holders of not less than a majority in principal amount of the outstanding Securities of any series (or of all Securities then outstanding under the Indenture, as the case may be) may waive any past default with respect to such series and its consequences, except a default (a) in the payment of the principal of (or premium, if any) or interest on any Security of such series, or (b) under a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each outstanding Security affected thereby (Section 513).

The Indenture Trustee will be required to give notice to the holders of Securities within 90 days of default under the Indenture unless such default is cured or waived; provided that such Indenture Trustee may withhold notice to the holders of any series of Securities of any default with respect to such series (except a default in the payment of the principal of (or premium, if any) or interest on any Security of such series or in payment of any sinking fund installment in respect of any Security of such series) if specified responsible officers of such Indenture Trustee consider such withholding to be in the interest of such holders (Section 601).

10

29

The Indenture provides that no holders of Securities of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture or for any remedy thereunder, except in the cases of failure of the Indenture Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 25% in principal amount of the outstanding Securities of such series (Section 507). This provision will not prevent, however, any holder of Securities from instituting suit for the enforcement of payment of the principal of (and premium, if any) and interest on such Securities at the due dates thereof.

Subject to provisions in the Indenture relating to its duties in case of default, the Indenture Trustee will not be under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any holders of any series of Securities then outstanding under such Indenture, unless such holders offer to the Indenture Trustee reasonable security or indemnity. The holders of not less than a majority in principal amount of the outstanding Securities of any series (or of all Securities then outstanding under the Indenture, as the case may be) will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or of exercising any trust or power conferred upon such Indenture Trustee. However, an Indenture Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the Indenture Trustee in personal liability or which may be unduly prejudicial to the holders of Securities of such series not joining therein (Section 512).

Within 120 days after the close of each fiscal year, PCS will be required to deliver to the Indenture Trustee a certificate, signed by one of several specified officers of PCS, stating whether or not such officer has knowledge of any default under the Indenture and, if so, specifying each such default and the

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

nature and status thereof (Section 1009).

MODIFICATION OF THE INDENTURE

Modifications and amendments of the Indenture will be permitted to be made only with the consent of the holders of not less than a majority in principal amount of all outstanding Securities issued under the Indenture which are affected by such modification or amendment; provided that no such modification or amendment may, without the consent of the holder of each Security affected thereby, (a) change the stated maturity of the principal of (or premium, if any), or any installment of interest on any Security; (b) reduce the principal amount of any Security, or reduce the amount of principal of an Original Issue Discount Security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any such Security; (c) change the place of payment, or the coin or currency, for payment of principal of (or premium, if any) or interest on any Security; (d) impair the right to institute suit for the enforcement of any payment on or with respect to any Security; (e) reduce the above-stated percentage of outstanding Securities of any series necessary to modify or amend the Indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture; or (f) modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of such Security (Section 902).

The holders of not less than a majority in principal amount of outstanding Securities issued under the Indenture will have the right to waive compliance by PCS with certain covenants in the Indenture (Section 1013).

Modifications and amendments of the Indenture will be permitted to be made by PCS and the Indenture Trustee thereunder without the consent of any holder of Securities for any of the following purposes: (a) to evidence the succession of another person to PCS as obligor under the Indenture; (b) to add to the covenants of PCS for the benefit of the holders of all or any series of Securities or to surrender any right or power conferred upon PCS in the Indenture; (c) to add Events of Default for the benefit of the holders of all or any series of Securities; (d) to add or change any provisions of the Indenture to facilitate the issuance of, or to liberalize certain terms of, Securities in bearer form, or to permit or facilitate the issuance of Securities in

uncertificated form, provided that such action will not adversely affect the interests of holders of the Securities in any material respect; (e) to change or eliminate any provisions of the Indenture, provided that any such change or elimination will become effective only when there are no Securities outstanding of any series created prior thereto which are entitled to the benefit of such provision; (f) to secure the Securities; (g) to establish the form or terms of Securities of any series; (h) to provide for the acceptance of appointment by a successor Indenture Trustee or facilitate the administration of the trusts under the Indenture by more than one Indenture Trustee; (i) to cure any ambiguity, defect or inconsistency in the Indenture, provided that such action will not adversely affect the interests of holders of Securities of any series issued under such Indenture in any material respect; or (j) to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of such Securities, provided that such action will not adversely affect the interests of the holders of the Securities of any series in any material respect (Section 901).

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

The Indenture will provide that in determining whether the holders of the requisite principal amount of outstanding Securities of a series have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of Securities, (a) the principal amount of an Original Issue Discount Security that is deemed to be outstanding will be the amount of the principal thereof that would be due and payable as of the date of such determination upon declaration of acceleration of the maturity thereof, (b) the principal amount of any Security denominated in a currency other than U.S. dollars that will be deemed outstanding will be the U.S. dollar equivalent, determined on the issue date for such Security, of the principal amount (or, in the case of Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such Security of the amount determined as provided in (a) above), (c) the principal amount of an Indexed Security that will be deemed outstanding will be the principal face amount of such Indexed Security at original issuance, unless otherwise provided with respect to such Indexed Security in the Indenture, and (d) Securities owned by PCS or any other obligor upon the Securities or any Affiliate of PCS or of such other obligor will be disregarded (Section 101).

The Indenture contains provisions for convening meetings of the holders of Securities of a series (Section 1501). A meeting will be permitted to be called at any time by the Indenture Trustee, and also, upon request, by PCS or the holders of at least 10% in principal amount of the outstanding Securities of such series, in any such case upon notice given as provided in the Indenture (Section 1500). Except for any consent that must be given by the holder of each Security affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding Securities of that series; provided, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of the outstanding Securities of a series may be adopted at a meeting by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding Securities of that series. Any resolution passed or decision taken at any meeting of holders of Securities of any series duly held in accordance with the Indenture will be binding on all holders of Securities of that series. The quorum at any meeting called to adopt a resolution will be persons holding or representing a majority in principal amount of the outstanding Securities of a series (Section 1504).

Notwithstanding the foregoing provision, the Indenture provides that if any action is to be taken at a meeting of holders of Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of all outstanding Securities affected thereby, or of the holders of such series and one or more additional series: (a) there will be no quorum requirement for such meeting, and (b) the principal amount of the outstanding Securities of such series that vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action will determine whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture (Section 1504).

DISCHARGE, DEFEASANCE AND COVENANT DEFEASANCE

PCS is permitted under the Indenture to discharge certain obligations to

Edgar Filing: POTASH CORPORATION OF SASKATCHEWAN INC - Form 424B2

holders of any series of Securities issued thereunder that have not already been delivered to the Indenture Trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the Indenture Trustee, in trust, funds in such currency in which such Securities are payable in an amount sufficient to pay the entire indebtedness on such Securities in respect of principal (and premium, if any) and interest to the date of such deposit (if such Securities have become due and payable) or to the stated maturity and redemption date, as the case may be (Section 401).

The Indenture provides that PCS may elect either (a) to defease and be discharged from any and all obligations with respect to the Securities or a series (except for the obligation to pay additional amounts, if any, upon the occurrence of certain events of tax, assessment or governmental charge with respect to payments on such Securities and the obligations to register the transfer or exchange of such Securities, to replace temporary or mutilated, destroyed, lost or stolen Securities, to maintain an office or agency in respect of such Securities and to hold moneys for payment in trust) ("defeasance") (Section 1402), or (b) to be released from its obligations with respect to such Securities under the restrictions described under "-- Certain Covenants" or, if provided pursuant to the Indenture, its obligations with respect to any other covenant, and any omission to comply with such obligations will not constitute an Event of Default with respect to such Securities ("covenant defeasance") (Section 1403), in either case upon the irrevocable deposit by PCS with the Indenture Trustee, in trust, of an amount, in such currency in which such Securities are payable at stated maturity, or Government Obligations, or both, applicable to such Securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on such Securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor (Section 1404).

Such a trust will only be permitted to be established if, among other things, PCS has delivered to the Indenture Trustee an opinion of counsel to the effect that the holders of such Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the Indenture (Section 1404).

If after PCS has deposited funds and/or Government Obligations to effect defeasance or covenant defeasance with respect to Securities of any series, (a) the holder of a Security of such series is entitled to, and does, elect pursuant to the Indenture or the terms of such Security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of such Security, or (b) a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by such Security will be deemed to have been, and will be, fully discharged and satisfied though the payment of the principal of (and premium, if any) and interest on such Security as they become due out of the proceeds yielded by converting the amount so deposited in respect of such Security into the currency, currency unit or composite currency in which such Security becomes payable as a result of such election based on the applicable market exchange rate. "Conversion Event" means the cessation of use of (a) a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institution of or within the international banking community, (b) the ECU, both within the

European Monetary System and for the settlement of transactions by public institutions of or within the European Communities, or (c) any currency unit or composite currency other than the ECU for the purposes for which it was established. All payments of principal of (and premium, if any) and interest on any Security that is payable in a currency other than U.S. dollars that ceases to be used by its government of issuance will be in U.S. dollars (Section 101).

If PCS effects covenant defeasance with respect to any Securities and such Securities are declared due and payable because of an Event of Default, the amount in such currency in which such Securities are payable, and Government Obligations on deposit with the Indenture Trustee, will be sufficient to pay amounts due on such Securities at the time of their stated maturity but may not be sufficient to pay amounts due on such Securities at the time of the acceleration resulting from such Event of Default. However, PCS would remain liable to make payment of such amounts due at the time of acceleration.

GLOBAL SECURITIES

The Global Securities may be issued in either registered or bearer form and in either temporary or permanent form.
