PROXY STATEMENT

Information Concerning the Solicitation

This statement is furnished in connection with the solicitation of proxies to be used at the Annual Shareholders Meeting (the "Annual Meeting") of CTI Industries Corporation (the "Company"), an Illinois corporation, to be held at 10:00 a.m. Central Daylight Savings Time on Friday, September 5, 2003, at The Holiday Inn Crystal Lake, 800 South Route 31, Crystal Lake, Illinois 60014. The proxy materials are being mailed to shareholders of record at the close of business on July 18, 2003.

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors of the Company.

The cost of preparing, assembling and mailing the proxy material and of reimbursing brokers, nominees and fiduciaries for the out-of-pocket and clerical expenses of transmitting copies of the proxy material to the beneficial owners of shares held of record by such persons will be borne by the Company. The Company does not intend to solicit proxies otherwise than by use of the mail, but certain officers and regular employees of the Company or its subsidiaries, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies.

Quorum and Voting

Only shareholders of record at the close of business on July 18, 2003 are entitled to vote at the Annual Meeting. On that day, there were issued and outstanding 1,918,419 shares of Common Stock. Each share has one vote. A simple majority of the outstanding shares of Common Stock is required to be present in person or by proxy at the meeting for there to be a quorum for purposes of proceeding with the Annual Meeting. The Company's Articles of Incorporation grants the holders of Common Stock the right to elect up to six total directors, and six directors will be elected by the Company's Common Stockholders at this meeting. The Common Stock does not possess cumulative voting rights, and the election of directors will be by the vote of a majority of shares of Common Stock present in person or by proxy at the Annual Meeting. Ratification of auditors will require the vote of a simple majority of the shares of Common Stock present at the Annual Meeting by person or proxy. Abstentions and withheld votes have the effect of votes against these matters. Broker non-votes (shares of record held by a broker for which a proxy is not given) will be counted for purposes of determining shares outstanding for purposes of a quorum, but will not be counted as present for purposes of determining the vote on any matter considered at the meeting.

A shareholder signing and returning a proxy on the enclosed form has the power to revoke it at any time before the shares subject to it are voted by notifying the Secretary of the Company in writing. If a shareholder specifies how the proxy is to be voted with respect to any of the proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder fails to so specify with respect to such proposals, the proxy will be voted "FOR" the nominees for directors contained in these proxy materials and "FOR" for proposal 2.

Until January 29, 1998, the Company's Board of Directors acted as the Audit Committee, which is responsible for nominating the Company's independent accountants for approval by the Board of Directors, reviewing the scope, results and costs of the audit with the Company's independent accountants, and reviewing the financial statements, audit practices and internal controls of the Company. On January 30, 1998, the Board of Directors elected a formal Audit Committee. The current members are Stanley M. Brown III and Bret Tayne. 8

Report of the Audit Committee. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditor's independence from management and the

Edgar Filing: CTI INDUSTRIES CORP - Form DEF 14A

Company including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the Company's internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The Committee and the board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors of the Company is composed of three members of the Board of Directors. The Compensation Committee is responsible for establishing the standards and philosophy of the Board of Directors regarding executive compensation, for reviewing and evaluating executive compensation and compensation programs, and for recommending levels of salary and other forms of compensation for executives of the Company to the Board of Directors. The full Board of Directors of the Company is responsible for setting and administering salaries, bonus payments and other compensation awards to executives of the Company.

10

Compensation Philosophy

The philosophy of the Compensation Committee, and of the Board of Directors of the Company, regarding executive compensation includes the following principal components:

To attract and retain quality executive talent, which is regarded as critical to the long and short-term success of the Company, in substantial part by offering compensation programs which provide attractive rewards for successful effort.

To provide a reasonable level of base compensation to senior executives.

To create a mutuality of interest between executive officers of the Company and shareholders through long-term compensation structures, particularly stock option programs, so that executive officers share the risks and rewards of strategic decision making and its effect on shareholder value.

The Compensation Committee has recommended, and the Board of Directors has determined, to take appropriate action to comply with the provisions of Section 162(m) of the Internal Revenue Code so that executive compensation will be deductible as an expense to the fullest extent allowable.

The Company's executive compensation program consists of two key elements: (i) an annual component consisting of base salary and (ii) a long-term component, principally stock options.

Annual Base Compensation

The Compensation Committee recommends annual salary levels for each of the Named Executives, and for other senior executives of the Company, to the Board of Directors. The recommendations of the Compensation Committee for base salary

Edgar Filing: CTI INDUSTRIES CORP - Form DEF 14A

levels for senior executives of the Company are determined annually, in part, by evaluating the responsibilities of the position and examining market compensation levels and trends for similar positions in the marketplace.

Additional factors which the Compensation Committee considers in recommending annual adjustments to base salaries include: results of operation of the Company, sales, shareholder returns, and the experience, work-performance, leadership and team building skills of each executive. The Company receives information from the Chief Executive Officer with regard to these matters. While each of these factors is considered in relatively equal weight, the Compensation Committee does not utilize performance matrices or measured weightings in its review. Each year, the Compensation Committee conducts a structured review of base compensation of senior executives with input from the Chief Executive Officer.

Long-Term Component - Stock Options

The long-term component of compensation provided to executives of the Company has been in the form of stock options. The Compensation Committee has recommended to the Board of Directors that a significant portion of the total compensation to executives be in the form of incentive stock options. Stock options are granted with an exercise price equal to or greater than the fair market value of the Company's Common Stock on the date of the grant. Stock options are exercisable between one and ten years from the date granted. Such stock options provide incentive for the creation of shareholder value

11

over the long-term since the full benefit of the compensation package for an executive cannot be realized unless an appreciation in the price of the Company's Common Stock occurs over a specified number of years.

The magnitude of the stock option awards are determined annually by the Compensation Committee and the Board of Directors. Generally, the number of options granted to an executive has been based on the relative salary level and responsibilities of the executive.

On October 12, 2002, incentive stock options to purchase up to 14,285, 8,928, 5,952 and 5,952 shares of the Company's Common Stock were granted to Messrs. Howard Schwan, Brent Anderson, Stephen M. Merrick and John Schwan, respectively, under the 2002 Stock Option Plan (the "2002 Plan"). In addition, on October 12 2002, non-qualified stock options to purchase up to 2,926 shares of the Company's Common Stock were granted to each of Messrs. Stan Brown and Bret Tayne, respectively, under the 2002 Plan.

CEO Compensation

The Compensation Committee utilizes the same standards and methods for recommending annual base compensation for the Chief Executive Officer of the Company as it does for other senior executive officers of the Company.

In 1997, the Company entered into an Employment Agreement with Howard W. Schwan, President of the Company, providing that Mr. Schwan's base annual compensation would not be less than \$135,000. During 2000, 2001 and 2002, upon the recommendation of the Compensation Committee, the base salary of Mr. Schwan was \$135,000, 150,000 and \$162,500, respectively. In 2000, 2001 and 2002 other annual compensation was paid to Mr. Schwan in the amounts of \$9,719, \$5,000 and \$8,100, respectively.

The Compensation Committee recommended that Mr. Schwan (and other senior

executives of the Company), receive incentive stock options, consistent with observed market practices, so that a significant portion of his total compensation will be based upon, and consistent with, returns to shareholders. In 2000, 23,809 stock options were granted to Mr. Schwan by the Company. In 2001, Mr. Schwan was granted no stock options. In 2002, 14,285 stock options were granted to Mr. Schwan.

Section 16(a) Beneficial Ownership Reporting Compliance

Officers, directors and greater than ten-percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of such forms furnished to the Company, or written representations that no Form 5's were required, the Company believes that during calendar year 2002, all Section 16(a) filing requirements applicable to the officers, directors and ten-percent beneficial shareholders were complied with, except that Brent Anderson filed a late report on Form 4 to report four purchase and four sale transactions during 2002.
