## **CONTINUED EXECUTIVE COMPENSATION CONCERNS**

As a long-term shareowner in Nabors	we have significant concerns	s with the pay for performan	nce disconnect at the
company.			

The company's advisory vote on executive compensation has failed to receive majority support over the past two Øconsecutive years – in 2011 the proposal got approval from 45 percent of the voting shares and only 25 percent in 2012.
