In an effort to present the information contained in this Proxy Statement in a clear manner, the Company has decided to use a question and answer format.

Q: What am I voting on?

The election of Ampal's twelve directors for one-year terms, the ratification of the appointment of Kesselman & Kesselman, a member firm of PricewaterhouseCoopers International Limited ("Kesselman & Kesselman"), as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011 and the approval of the Company's 2010 Incentive Plan. Please see the following pages for more information regarding each of these proposals: the election of directors starting on page 4, the ratification of the appointment of Kessleman and Kesselman starting on page 15, and the Company's 2010 Incentive Plan starting on page 31.

Q: Who is entitled to vote?

Holders of the Class A Stock as of the close of business on March 17, 2011 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, the Company had 56,133,764 shares of Class A Stock outstanding (excluding treasury shares). Each shareholder is entitled to one vote for each share of Class A Stock held on the Record Date. The Class A Stock does not have cumulative voting rights.

Q: How can I get a copy of Ampal's annual report on Form 10-K?

Upon request, the Company will provide, without charge to any shareholder entitled to vote at the Annual Meeting, a copy of Ampal's annual report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") for the fiscal year ended December 31, 2010. Such request should be made to the Secretary of the Company at the address shown on the accompanying Notice of Annual Meeting of Shareholders. The Company's annual report on Form 10-K, as well as its other filings with the SEC, are available via the Internet at the Company's website at <http://www.ampal.com> and at the SEC's website at <http://www.sec.gov>. In connection with the Annual Meeting, the Company's annual report on Form 10-K is also available via the Internet at <http://bnymellon.mobular.net/bnymellon/ampl>.

Q: How can I review Ampal's financial statements for the fiscal year ended December 31, 2010?

A copy of Ampal's 2010 annual report on Form 10-K containing the Company's audited financial statements for the fiscal year ended December 31, 2010 has been mailed with this Proxy Statement to all holders of Class A Stock entitled to vote at the Annual Meeting on or about March 31, 2011. In connection with the Annual Meeting, the Company's annual report on Form 10-K is also available via the Internet at <http://bnymellon.mobular.net/bnymellon/ampl>.

Q: Who are the principal shareholders of Ampal and how will they vote?

As of the Record Date, a group of shareholders (the "Controlling Shareholder Group") consisting of Yosef A. Maiman, Ohad Maiman, Noa Maiman, and Yoav Maiman, and the companies Merhav (M.N.F.) Ltd. ("Merhav"), De Majorca Holdings Ltd. ("De Majorca") and Di-Rapallo Holdings Ltd. ("Di-Rapallo"), beneficially owns approximately 61.5% of the voting power of our Class A Stock (excluding shares issuable upon the exercise of outstanding options). The Controlling Shareholder Group was formed in recognition of the Maiman family's strong connection with the Company and in furtherance of the group's common goals and objectives as shareholders, including the orderly management and operation of the Company. By virtue of its ownership of Ampal, the Controlling Shareholder Group is able to control our affairs and to influence the election of the members of our Board of Directors. (See the sections below entitled "Security Ownership of Certain Beneficial Owners" and "Security Ownership of Management" for more details regarding the principal shareholders.) The Controlling Shareholder Group has advised the Company that it will vote in favor of the Board's slate of nominees for directors, in favor of the ratification of the appointment of Kesselman & Kesselman as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011, and in favor of the the Company's 2010 Incentive Plan.

Q: Who is bearing the cost of preparing this Proxy Statement?

The costs of preparing, assembling and mailing the Notice of Annual Meeting of Shareholders, this Proxy Statement and the proxy card, are being borne by the Company. The Company will also reimburse brokers who are holders of record of shares of the Company for their expenses in forwarding proxies and proxy soliciting material to the beneficial owners of the shares held by them.

Q: Besides shareholders, who else will attend the Annual Meeting?

Some of the directors of Ampal, senior management of Ampal and representatives of BNY Mellon Shareowner Services, the Company's transfer agent, will be present at the Annual Meeting. Additionally, representatives of Kesselman & Kesselman, whom the Audit Committee has appointed to be its independent registered public accounting firm for the fiscal year ending December 31, 2011, are expected to be present and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

Q: What constitutes a quorum?

The holders of record of one-third of the outstanding Class A Stock entitled to vote at any meeting of shareholders shall constitute a quorum for the Annual Meeting. A quorum of shares of Class A Stock outstanding (excluding treasury shares) as of the Record Date therefore equals 18,711,255 shares of Class A Stock. All votes will be tabulated by the inspector of elections appointed for the meeting. The inspector of elections will also determine whether or not a quorum is present. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

Q: How do I vote using the proxy?

Sign your name exactly as it appears in the proxy, and return it in the enclosed prepaid envelope. IF YOU SIGN YOUR PROXY BUT DO NOT INDICATE YOUR VOTING PREFERENCES, YOUR VOTE WILL BE COUNTED FOR ALL OF THE BOARD'S NOMINEES FOR DIRECTORS, FOR THE RATIFICATION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND FOR THE COMPANY'S 2010 INCENTIVE PLAN. THE PROXIES, IN THEIR DISCRETION, ARE AUTHORIZED TO VOTE UPON ANY OTHER MATTERS THAT MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENT(S) OR POSTPONEMENT(S) THEREOF.

Q: May I revoke my proxy?

A proxy may be revoked at any time before it is exercised at the Annual Meeting by notifying the Company's Secretary in writing or by returning a later-dated proxy. You may also revoke your proxy by voting in person at the meeting (although your attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy).

Q: How many votes are needed for the election of a director?

The election of a nominee director requires a plurality of the votes cast by the holders of shares present in person or represented by proxy at the Annual Meeting. Proxies cannot be voted for a greater number of persons than the number of nominees listed in the Proxy Statement. The Board of Directors of Ampal unanimously recommends the election of the following persons to the Board of Directors: Yosef A. Maiman, Leo Malamud, Dr. Joseph Yerushalmi, Dr. Nimrod Novik, Revital Degani, Gideon Weinstein, Menahem Morag, Erez Meltzer, Daniel Vaknin, Irit Eluz, Sabih Saylan and Joseph Geva. Set forth below in this Proxy Statement is information about each nominee, including biographical data for at least the last five years.

Q: How many votes are needed for the ratification of the appointment of Kesselman & Kesselman as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011?

The ratification of the appointment of Kesselman & Kesselman as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2011 requires a plurality of the votes cast by the holders of shares present in person or represented by proxy at the Annual Meeting. The Board of Directors of Ampal unanimously recommends the ratification of the appointment of Kesselman & Kesselman as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011.

Q: How many votes are needed for the approval of the Company's 2010 Incentive Plan?

The approval of the Company's 2010 Incentive Plan requires a plurality of the votes cast by the holders of shares present in person or represented by proxy at the Annual Meeting. The Board of Directors of Ampal unanimously recommends the approval of the Company's 2010 Incentive Plan.

Q: How will abstentions and broker non-votes be treated with respect to the proposals to be voted upon at the Annual Meeting?

Abstentions and broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which the broker or nominee is not empowered to vote on a particular matter) will have no effect on the outcome of these proposals. As you may know, the Dodd-Frank Wall Street Reform and Consumer Protection Act, required, among other things, that national securities exchanges revise their rules to prohibit brokers from voting shares they do not beneficially own, unless they have specific voting instructions from the beneficial owners, in connection with the election of directors (except for a vote with respect to an uncontested election of a member of a board of directors of a registered investment company), executive compensation proposals, and any other “significant matter” as determined by the SEC. As a result, the NASDAQ Global Market recently revised its rules to prohibit brokers from voting on a discretionary basis on any of the matters set forth in the preceding sentence. Therefore, your broker will not be able to vote on your behalf with respect to the election of directors without voting instructions from you.

Q: Will any other matters be brought before the Annual Meeting?

Management does not presently know of any other matters which will be brought before the Annual Meeting. If, however, other matters requiring the vote of the shareholders, not now known or contemplated, do properly come before the meeting or any adjournment or postponement thereof, it is the intention of the persons named in the proxy to vote the proxies held by them in accordance with their judgment in such matters.

The Company entered into the Indemnification and Compensation Agreement with Mr. Vaknin when he became a member of the Special Committee. In consideration for serving as a member of the Special Committee, the Company has agreed pursuant to the terms of the Indemnification and Compensation Agreement, among other things, to indemnify and hold harmless each director with respect to his service on, and any matter or transaction considered by, the Special Committee to the fullest extent authorized or permitted by law.

Q: Does the Company have directors and officer liability insurance?

Yes. Effective January 29, 2011, the Company purchased directors and officers liability policies in the aggregate amount of \$45,000,000 (\$20,000,000 of which is for the sole benefit of directors and officers in the event that indemnification by the Company is unavailable to such individuals) issued by XL Insurance Company Limited, Lloyds Syndicate 2003, Axis Specialty Europe Limited and CV Starr. The cost of the policies, which expire January 29, 2012, was \$316,800.

Q: Does the Board of Directors have any committees?

Yes. The Board of Directors has the following standing committees: Audit Committee, Executive Committee and Stock Option and Compensation Committee. The Board will elect new members to the committees following the Annual Meeting. The current members, activities and functions of the various committees are set forth below.

Director Independence

Because the Controlling Shareholder Group owns more than 50% of the voting power of the Company, the Company is deemed to be a “controlled company” under the rules of the NASDAQ Global Market. As a result, the Company is exempt from the NASDAQ Global Market rules that require listed companies to have (i) a majority of independent directors on the Board, (ii) a compensation committee and nominating committee composed solely of independent directors, (iii) the compensation of executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors and (iv) the election or recommendation of director nominees for selection by the Board by a majority of the independent directors or a nominating committee composed solely of independent directors. The Company has an Audit Committee of the Board consisting of three independent directors as defined under the rules of the NASDAQ Global Market and the rules promulgated by the SEC. Other than the members of the Audit Committee, Messrs. Vaknin, Morag and Yehuda Karni, there are no other independent directors that serve on the Board.

Code of Business Conduct and Ethics

The Company has adopted a (i) Code of Ethics for the Company's Senior Financial Officers and (ii) Code of Conduct applicable to all of the Company's employees and directors. These codes are designed to both insure that the Company's business is conducted in a consistently legal and ethical manner, and address specific areas of professional conduct, including conflicts of interest, fair dealing and the strict adherence to all laws and regulations applicable to the conduct of the Company's business. Copies of the Company's Code of Ethics for Senior Financial Officers and Code of Conduct are available on the Company's website at www.ampal.com.

Communications Between Shareholders and the Board of Directors

Shareholders and other interested persons seeking to communicate with the Board should submit any communications in writing to the Company's Secretary at the following address: Ampal-American Israel Corporation, 555 Madison Avenue, New York, NY 10022. Any such communication must state the number of shares beneficially owned by the shareholder making the communication. The Company's Secretary will forward such communication to the Board or to any individual director or directors to whom the communication is directed.

Policy Governing Director Nominations

As stated above, because the Controlling Shareholder Group owns more than 50% of the voting power in the Company, the Company is deemed to be a "controlled company" under the NASDAQ Global Market rules. Because the Company is a "controlled company," the Board has decided not to establish a separate nominating committee or implement formal rules that would govern director nominations from shareholders, and each member of the Board participates in the consideration of director nominees. In the event of any vacancy on the Board, or in the event that the Board is to be expanded, the Board will determine at such time the appropriate procedures for filling the vacancy or additional position. The Board may decide at such time to authorize a committee of the Board of Directors to conduct the search for a director and to recommend nominations to the full Board of Directors.

Minimum Qualifications. The Company does not set specific criteria for directors except to the extent required to meet applicable legal, regulatory and stock exchange requirements, including, but not limited to, the independence requirements of the NASDAQ Global Market and the SEC, as applicable. Nominees for director will be selected on the basis of outstanding achievement in such person's career; board experience; wisdom; integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board duties. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Board believes that each director should have a basic understanding of (i) principal operational and financial objectives, as well as plans and strategies of the Company, (ii) results of operations and financial condition of the Company and of any significant subsidiaries and investee companies, and (iii) the relative standing of the Company, its business segments and investee companies in relation to its competitors.

The Board also may consider (i) whether a candidate would be deemed to be "independent" under the applicable laws, rules and regulations of the NASDAQ Global Market and the SEC, as applicable, (ii) whether the candidate's existing business commitments would interfere with the candidate's ability to devote sufficient time to discharge his or her duties as a director and (iii) the input of the Controlling Shareholder Group.

Audit Committee

The Audit Committee currently consists of Messrs. Yehuda Karni, Vaknin and Morag, each of whom is an independent director as defined under the rules of the NASDAQ Global Market and the rules promulgated by the SEC. The Board has determined that Messrs. Morag and Vaknin are “audit committee financial experts” for purposes of the rules promulgated by the SEC. The Audit Committee held four meetings and acted once by written consent during the fiscal year ended December 31, 2010.

The Audit Committee assists the Board in fulfilling its responsibility to oversee management’s conduct of the Company’s financial reporting process, including the review of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other uses thereof, the Company’s systems of internal accounting and financial controls, and the annual independent audit of the Company’s financial statements. The Audit Committee also has the duty and responsibility of approving all transactions between the Company, on the one hand, and any officer, director, or affiliate thereof, on the other hand, or any transaction in which any officer, director or affiliate has a material interest. A full description of the Audit Committee’s primary responsibilities is contained in the Audit Committee’s written charter, a copy of which was filed as Appendix A to the Company’s proxy statement for its annual meeting of shareholders in 2004 and is also available on the Company’s website at www.ampal.com.

Report of the Audit Committee

To the Board of Directors of Ampal-American Israel Corporation:

We have reviewed and discussed with management the Company’s audited financial statements as of and for the year ended December 31, 2010.

We have discussed with Kesselman & Kesselman the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

We have received the written disclosures and the letter from Kesselman & Kesselman required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and have discussed with them their independence from the Company and management.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited financial statements referred to above be included in the Company’s annual report on Form 10-K for the year ended December 31, 2010.

AUDIT COMMITTEE

Yehuda Karni, Chairman
Daniel Vaknin
Menahem Morag

Executive Committee

The Executive Committee meets as necessary between regularly scheduled meetings of the Board and, consistent with certain statutory limitations, exercises all authority of the Board. During the fiscal year ended December 31, 2010, the Executive Committee of the Board was composed of the following individuals: Yosef A. Maiman, Leo Malamud, Dr. Joseph Yerushalmi and Yehuda Karni.

The Executive Committee held no meetings and did not act by written consent during the fiscal year ended December 31, 2010.

Stock Option and Compensation Committee

The Stock Option and Compensation Committee administers the Company's stock option plans and other option grants and determines the Company's policies regarding certain compensation of Yosef A. Maiman. During the fiscal year ended December 31, 2010, the members of the Stock Option and Compensation Committee were Yehuda Karni, Daniel Vaknin and Menahem Morag, each of whom is an independent director as defined under the rules of the NASDAQ Global Market and the SEC. The Stock Option and Compensation Committee held two meetings and did not act by written consent during the fiscal year ended December 31, 2010.

In light of the fact that the Company is a "controlled company" under the rules of the NASDAQ Global Market and the fact that Mr. Yosef A. Maiman is the Chief Executive Officer of Ampal, the Board decided, as follows: The Stock Option and Compensation Committee will be responsible for (i) administering the Option Plans and determining the officers and key employees who are to be granted options under the Option Plans and the number of shares subject to such options and (ii) determining the annual base salary and non-equity based annual bonus for Mr. Maiman in his capacity as Chairman, President and Chief Executive Officer; Mr. Maiman will be responsible for (i) determining the annual base salary and non-equity based annual bonuses for all executive officers (other than the Chief Executive Officer) and for (ii) recommending to the Board director compensation and benefit programs. Mr. Maiman also may attend and participate in meetings of the Stock Option and Compensation Committee.

No outside compensation consultant is engaged by the Company at this time, although the Company may elect to do so in the future.

Special Committee of the Board

On October 28, 2004, the Board formed a Special Committee of the Board which is now composed of Mr. Yehuda Karni, Mr. Daniel Vaknin and Mr. Menahem Morag, each of whom is an independent director. The Special Committee held two meetings and acted once by written consent during the fiscal year ended December 31, 2010.

The Board appointed the Special Committee of independent directors to consider alternatives available to the Company to maximize shareholder value. The Special Committee was formed in response to a suggestion from Mr. Yosef A. Maiman, Chairman of the Board and member of the Controlling Shareholder Group, with respect to his reviewing alternatives with regard to his investment in the Company. The Special Committee reviews and approves transactions with any related party.

Q: Did all directors attend all of the Board and Committee meetings in 2010?

Other than Dr. Nimrod Novik and Messrs. Leo Malamud, Gideon Weinstein and Joesph Geva, all directors attended more than 75% of the aggregate of (1) the total number of meetings of the Board held during the fiscal year ended December 31, 2010 for which such individual was a director and (2) the total number of meetings held by all committees of the Board on which such individual served in the fiscal year ended December 31, 2010 (during the period of such service). In total, the Board held 6 regularly scheduled meetings during the fiscal year ended December 31, 2010 and acted 2 times by written consent during the fiscal year ended December 31, 2010.

Although the Company has no formal policy requiring director attendance at the Company's Annual Meeting, the Chief Executive Officer, who is currently the Chairman of the Board of Directors is encouraged to attend the Annual Meeting. The other members of the Board of Directors are welcome to attend the Annual Meeting. Last year, 8 directors attended the Company's 2010 annual meeting of shareholders.

Board Leadership Structure and Risk Oversight

The Board of Directors believes that combining the Chairman of the Board of Directors and Chief Executive Officer positions is the appropriate board leadership structure for the Company. The Board of Directors believes that the Chief Executive Officer is most knowledgeable about the Company's business and corporate strategy and is in the best position to lead the Board of Directors. Mr. Maiman, the Chairman and Chief Executive Officer, is also a member of the Controlling Shareholder Group. Because the Company is a "controlled company" under the rules of the NASDAQ Global Market, it does not have a majority of independent directors, and it also does not have a lead director.

The Board of Directors as a whole is responsible for risk oversight for the Company. The Board of Directors risk oversight process builds upon management assessment of the Company's risks and processes for managing and mitigating such risks. The Company does not consider diversity when making a determination on nominations for director. At meetings of our Board of Directors, the executive officers of the Company address and discuss with our Board of Directors risks of the Company and the manner in which the Company manages or mitigates its risks. While our Board of Directors has the ultimate responsibility for risk oversight for the Company, our Board of Directors works in conjunction with its committees on certain aspects of its risk oversight responsibilities. In particular, the Audit Committee focuses on financial reporting risks and related controls and procedures. The Special Committee and/or the Audit Committee have oversight of and assess risks associated with related party transactions. The Stock Option and Compensation Committee and Mr. Maiman strive to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with the Company's strategy and objectives.

Q: What are the Audit Committee pre-approval policies and procedures?

The Company's Audit Committee Charter provides that the Audit Committee shall approve in advance all audit services and all non-audit services provided by the independent auditors based on policies and procedures developed by the Audit Committee from time to time. The Audit Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

Our Audit Committee requires that our independent auditor, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide details as to the particular service to be provided.

Q: How are the Company's executives compensated?

Objectives of Compensation Program

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to the principal executive officer of the Company, and the other two most highly compensated executive officers of the Company. These individuals are referred to as the "Named Executive Officers" in this Report.

The objectives of our compensation program are (i) to attract and retain qualified personnel in the Israeli marketplace, (ii) to provide incentives and rewards for their contributions to the Company, and (iii) to align their interests with the long-term interests of the Company's shareholders.

Our Named Executive Officers compensation has three primary components: salary, an annual cash incentive bonus and stock option awards. In addition, we provide our Named Executive Officers with benefits that are generally available to our salaried employees.

We determine the appropriate level for each compensation component based in part, but not exclusively, on competitive benchmarking consistent with a broad spectrum of companies in Israel and in the United States.

Due to the small size of our executive team and the need to tailor each Named Executive Officer's compensation package for retention and recruitment purposes, we have not adopted any formal policies or guidelines for allocating compensation between long term and currently payable compensation, between cash and non-cash compensation or among different forms of compensation (except for Mr. Meltzer – see also "Compensatory Arrangement with Certain Officer" below).

Although the Company reviews salaries paid by other similarly situated companies in the United States and Israel to assess the current market, it does not use benchmarks or peer group rankings or apply targeted parameters.

Responsibilities

The Compensation Committee is composed of independent directors as defined under the rules of the NASDAQ Global Market and the SEC. The Compensation Committee does not operate pursuant to a written charter.

The Compensation Committee is responsible for (i) administering the Option Plans and determining the officers and key employees who are to be granted options under the Option Plans and the number of shares subject to such options and (ii) determining the annual base salary and non-equity based annual bonus for Mr. Maiman in his capacity as Chairman, President and Chief Executive Officer.

Mr. Maiman is responsible for (i) determining the annual base salary and non-equity based annual bonuses for all executive officers (other than the Chief Executive Officer) and for (ii) recommending to the Board director compensation and benefit programs. Mr. Maiman also may attend and participate in meetings of the Compensation Committee.

No outside compensation consultant is engaged by the Company at this time, although the Company may elect to do so in the future.

Compensation Decisions for 2010

Base Salary and Cash Bonus

For the year ended December 31, 2010, Mr. Maiman, in his sole discretion, determined the base salary and annual cash bonus for Ms. Irit Eluz. The compensation of Mr. Erez Meltzer is determined in accordance with his employment agreement, which is described under the heading “Compensatory Arrangement of Certain Officer.”

In December 2009, Mr. Maiman set the base salary for Ms. Eluz for 2010 and took into account her leadership roles in supervising other members of management in general and with regard to various key business transactions of the Company during 2009, her continued service as CFO of the Company since 2002 and the overall performance of her duties with the Company. After the end of 2010, Mr. Maiman determined Ms. Eluz’s cash bonus for 2010 in large part because of her leadership role in consummating several important transactions for the Company in 2010 and also her seniority and total performance with the Company. Mr. Maiman especially considered Ms. Eluz achievements in the successful closing of the purchase of 012 Smile including the financing of the purchase, the ongoing handling and supervision of the 012 Smile business and the successful offering of the Company’s Series C debentures. The result of these determinations was a base salary and cash bonus for 2010 that was higher than what Ms. Eluz received for 2009.

For Mr. Maiman, the Stock Option and Compensation Committee determined his base salary and cash bonus for 2010 by taking into account Mr. Maiman’s overall performance as the leader of the Company and his roles in consummating the various key business transactions entered into by the Company during 2010. Mr. Maiman’s base salary for 2010 was determined in reference to his performance during 2009 and his cash bonus for 2010 was determined in reference to his performance in 2010. The Committee especially considered Mr. Maiman achievements in the successful closing of the purchase of 012 Smile including the financing of the purchase, the ongoing handling and supervision of the 012 Smile business and the successful offering of the Company’s Series C debentures. The result of the Stock Option and Compensation Committee’s determination was a base salary and cash bonus for 2010 that was higher than what Mr. Maiman received for 2009.

Both Mr. Maiman and the Stock Option and Compensation Committee determined that their respective decisions regarding base salaries and cash bonuses paid to the Named Executive Officers were appropriate in light of the general compensation levels paid by other similarly situated companies in the United States and Israel, although no benchmarks, specific comparables or targeted parameters were used.

Although Mr. Maiman and the Stock Option and Compensation Committee took into account the foregoing factors in determining the base salaries and cash bonuses of the Named Executive Officers, there are no formulas or metrics to tie these factors to the actual amounts of the Named Executive Officers’ respective base salaries and cash bonuses, which are determined in the sole discretion of Mr. Maiman or the Stock Option and Compensation Committee, as applicable. For the actual amounts of base salaries and cash bonuses paid to the Named Executive Officers, see the Summary Compensation Table below.

Long-Term Equity Grants

On March 8, 2010 the Stock Option and Compensation Committee approved the grant of stock options to Mr. Maiman, Ms. Eluz and Mr. Mantsur and on October 5, 2010, the Board of Directors approved the grant of stock options to Mr. Sabih Saylan, all as described in “Elements of Compensation—Long-Term Equity Incentive Compensation” above. The Stock Option and Compensation Committee granted such stock options to these Named Executive Officers because their then existing stock options had fully vested and the Stock Option and Compensation Committee wanted to continue to have the interests of these Named Executive Officers aligned with those of the shareholders with a grant of stock options vesting over a four year period.

Long-Term Equity Incentive Compensation

At this time, we do not award long-term equity incentive compensation to our Named Executive Officers on an annual basis, however we may elect to award this form of compensation in the future. Following the April 2002 acquisition by Y.M. Noy Investments Ltd. of a controlling interest in the Company, we awarded long-term equity incentive compensation in April 2002 to provide the new management team with incentives aligned with shareholder interests and in December 2004, in recognition of the Named Executive Officers’ assistance to a Special Committee of the Board of Directors that had been appointed to consider alternatives available to the Company to maximize shareholder value. In December 2006, the Stock Option Committee granted Mr. Maiman an option to acquire 250,000 shares of our Class A Stock for his service as Chairman of the Board. The amount of this award was consistent with the amount of the option grant previously awarded to Mr. Maiman in August 2002, which became fully vested in August 2006.

On December 8, 2008, the Compensation Committee and the Board of Directors approved the repricing of outstanding options to purchase, in the aggregate, 2,270,000 shares of Ampal’s Class A Stock, which were previously granted to ten of the Company’s current employees, executive officers and directors pursuant to the 2000 Incentive Plan, including the Named Executive Officers. The Compensation Committee and the Board of Directors believed that, as a result of the outstanding options having exercise prices well above the then recent trading price of Class A Stock, the outstanding options were no longer achieving the purposes for which they were intended and that it was in the best interest of the Company to reprice the outstanding options in order to provide adequate incentives to the option holders. See “Stock Option Plans” below.

On March 8, 2010, the Stock Option and Compensation Committee approved the grant to the following executive officers of options to purchase, in the aggregate, 730,000 shares of Class A Stock, pursuant to the Company’s 2000 Incentive Plan: (i) to Yosef A. Maiman, options to purchase 340,000 shares of Class A Stock; (ii) to Irit Eluz, options to purchase 205,000 shares of Class A Stock; and (iii) to Amit Mantsur, options to purchase 185,000 shares of Class A Stock. The options have a ten year term beginning on the date of grant and vest in sixteen equal quarterly installments. The exercise price of the options is \$2.95 per share.

On October 5, 2010, the Board of Directors approved the Ampal-American Israel Corporation 2010 Incentive Plan (the “2010 Incentive Plan”) to assist the Company in attracting and retaining selected individuals to serve as directors, employees, consultants and/or advisors of the Company. The Board of Directors believed that since the 2000 Incentive Plan was no longer valid, it was in the best interest of the Company to approve a new incentive plan in order to attract and retain directors, employees, consultants and/or advisors of the Company. See “Stock Option Plans” below. The 2010 Incentive Plan is subject to the approval of the Company’s stockholders at the Annual Meeting.

On October 5, 2010, the Board of Directors approved the grant to Sabih Saylan options to purchase 180,000 shares of Class A Stock, at exercise prices equal to the most recent per share closing price on NASDAQ of the Class A Stock, out of which 11,250 Shares vested on each of October 5, 2010, November 5, 2010, and 157,750 Shares shall vest ratably and become exercisable, on a quarterly basis, on the 5th day of the month of each three month period

following November 5, 2010 for the forty two month period following November 5, 2010.

While our current policy is to award option grants to our executive officers and directors, the awards granted under the Option Plans may be in the form of options, restricted stock, dividend equivalent awards and/or stock appreciation rights. There are no formal guidelines or formulas used by us to determine equity compensation awards for our Named Executive Officers.

As stated above, the Compensation Committee is responsible for determining long-term equity incentive compensation in accordance with the Option Plans. Such determinations are made in consultation with Mr. Maiman and other executive officers from time to time.

Compensatory Arrangement of Certain Officer

On November 1, 2008, Erez I. Meltzer was appointed Chief Executive Officer of Gadot Chemical Tankers and Terminals Ltd. ("Gadot"), a wholly-owned subsidiary of Ampal. On April 13, 2009, Mr. Meltzer entered into an employment agreement with Gadot, dated as of April 13, 2009 (the "Agreement"). Pursuant to the Agreement, Mr. Meltzer is entitled to a monthly salary of NIS 157,625 (approximately \$37,782) (the "Base Salary") and an annual bonus equal to 2% of the pre-tax annual operating profit for Gadot, as determined under International Financial Reporting Standards rules.

Pursuant to the Agreement, Gadot granted Mr. Meltzer options to purchase 3,565,228 shares of capital stock of Gadot (the "Options"), representing approximately 5% of Gadot's outstanding shares, which shall vest as follows: options for 376,336 shares were immediately vested and, options for 227,778 shares shall vest at the end of each calendar quarter. The Options shall expire on the date (the "Option Expiration Date") which is earlier of (x) April 12, 2014 or (y) 90 days after the termination of Mr. Meltzer's employment. Mr. Meltzer may exercise such Options only upon the occurrence of: (i) the public issuance of shares of capital stock of Gadot; (ii) a merger between Gadot and another company, provided that such company did not control Gadot prior to the merger; (iii) a change of control of Gadot; or (iv) the cessation of Gadot's commercial activities (each an "Entitling Transaction"). The exercise price of the Options shall be a price per share equal to NIS 488,179,254 (approximately \$117,013,244) divided by the number of shares of Gadot outstanding as of the date of the Agreement (the "Exercise Price").

At any time prior to the Option Expiration Date, Mr. Meltzer shall have the option (the "Put Option") to sell to Gadot the vested Options for an amount equal to the Current Price per share less the Exercise Price. "Current Price" is based on a valuation of Gadot using a fixed multiple of EBITDA less the net sum of certain financial obligations (as more specifically set forth in the Agreement).

If an Entitling Transaction occurs before October 30, 2012, the Put Option price per share will be the higher of the Current Price or the share price as valued in the Entitling Transaction. Beginning on the date of the initial exercise of a Put Option through the second anniversary of the Option Expiration Date, if and when Gadot generally pays a dividend, Gadot shall pay Mr. Meltzer an amount equal to the dividends that would have been paid on the number of shares covered by the Options sold to Gadot pursuant to the exercise of his Put Option as if Mr. Meltzer still owned such shares. If no Entitling Transaction has occurred by the Option Expiration Date, then Gadot shall be entitled to purchase from Mr. Meltzer all of the vested Options that have not been sold pursuant to the Put Option for an amount equal to the Current Price less the Exercise Price.

Under the Agreement, Mr. Meltzer is entitled to sick leave and a certain number of paid vacation days, as well as the use of a car, mobile phone, telephone expenses, and stipends for traveling out of the country from time to time, each to be paid for by Gadot. In addition, Mr. Meltzer is entitled to certain severance, retirement and other benefits that are customary in Israel for employees in comparable positions and which shall be provided for in part by contributions made by Gadot and in part by contributions made by Mr. Meltzer.

Perquisites

As is customary in Israel, we provide each Named Executive Officer with the use of a car, mobile phone, one meal per day, telephone expenses, economic newspapers, and stipends for traveling out of the country from time to time. The value of the specific car an employee receives varies according to his or her pay grade within the Company.

Additionally, consistent with practice in the Israeli marketplace, the Company reimburses the Named Executive Officers for a portion of the taxes associated with the use of the car and mobile phone.

Severance and Change of Control Benefits

Israeli labor laws and agreements require payment of severance pay upon dismissal of an employee or upon termination of employment in certain other circumstances, including retirement. The Company's severance pay is calculated based upon length of service and the latest monthly base salary (one month's salary for each year worked). Severance pay is paid from a fund into which the Company contributes up to 8 1/3% of the employee's base salary each month, in accordance with Israeli law and the customary practice in Israel. The Company's liability for severance pay pursuant to Israeli law is partly offset by insurance policies, where the Named Executive Officers are the beneficiaries of such insurance policies.

In addition to the above, the Named Executive Officers are eligible to participate in a Pension Plan in which both the employee and the Company contribute up to 5% of the employee's base salary each month. The Named Executive Officers are eligible to receive the fund upon termination of employment, including retirement.

In addition to the above benefits, each of the employment agreements of certain executive officers provides that such executive officer shall receive an additional payment of six months' salary (together with all related benefits for the six month period including social benefits, use of a vehicle, mobile telephone and any other rights accompanying the executive officer's employment by the Company) in the event (i) of a change of control of Ampal and (ii) such executive officer's employment is terminated within six months from the date of the change of control of Ampal. These arrangements were designed to provide these key employees with an additional benefit consistent with Israeli practice for employees in comparable positions.

Pursuant to the terms of the employment agreements of each of the certain executive officers, following the termination of employment, such executive officers shall not be involved, directly or indirectly, with any business or entity that is in the field of the Company's activities and/or is in direct competition in the field of the Company's activities for a period of six months following the termination of employment. Furthermore, during the term of employment at the Company and for a period of twenty four months following the termination of employment, each of these executive officers shall abstain from providing services in any manner whatsoever, including consulting services, either paid or not paid, to any business or occupation in which the Company was involved.

Education Fund

The Named Executive Officers are eligible to participate in an education fund in which both the employee and the Company contribute up to 2.5% and 7.5% respectively of the employee's base salary each month. The Named Executive Officers are eligible to receive the fund upon termination of employment, including retirement. The education fund contribution, which is customary in Israel, can be used by the Named Executive Officers at any time for professional education and every 6 years for any other purpose. As is customary in Israel, the Company also reimburses the Named Executive Officers for taxes associated with Company contributions to this fund beyond the maximum contributed amount allowed according to Israeli tax law.

Vacation Provision and Recreation Pay

The Named Executive Officers are eligible to take one month vacation per year. Additionally, pursuant to Israeli employment laws, each Named Executive Officer is entitled to a certain amount of recreation pay to be used for any other purpose. Each Named Executive Officer is entitled to receive 13 days of recreation pay, which amounts to approximately \$1,690 on an annual basis.

Stock Ownership and Retention Guidelines

The Company does not have any stock ownership or retention guidelines or policies.

Q: What other benefits does the Company provide for its employees?

On February 15, 2000, the Compensation Committee approved an Incentive Plan ("2000 Plan"), under which the Company has reserved 4 million shares of Class A Stock, permitting the granting of options to all employees, officers and directors. The 2000 Plan was approved by the Board of Directors at a meeting held on March 27, 2000 and was approved by a majority of the Company's shareholders at the June 29, 2000 annual meeting of shareholders.

On December 8, 2008, the Compensation Committee and the Board of Directors approved the repricing of outstanding options to purchase, in the aggregate, 2,270,000 shares of Ampal's Class A Stock, which were previously granted to ten of the Company's current employees, executive officers and directors pursuant to the 2000 Plan. The outstanding options had been originally issued with exercise prices ranging from \$3.12 to \$5.35 per share, which represented the then current market prices of Class A Stock on the dates of the original grants. The repricing was effected by canceling the outstanding options, and granting to each holder of cancelled outstanding options a new option, with a ten year term, to purchase the total number of shares of Class A Stock underlying such cancelled outstanding options, at an exercise price equal to \$1.17 per share, the closing price of Class A Stock on NASDAQ on December 5, 2008, the most recent closing price prior to the approval by the board and the committee. The repriced options maintain the vesting schedule of the cancelled outstanding options.

On November 9, 2009, the Board of Directors approved the grant of 180,000 options to Mr. Weinstein with an exercise price of \$2.35 per share.

On March 8, 2010, the Stock Option and Compensation Committee approved the grant to the following executive officers of options to purchase, in the aggregate, 730,000 shares of Class A Stock, pursuant to the Company's 2000 Plan: (i) to Yosef A. Maiman, options to purchase 340,000 shares of Class A Stock; (ii) to Irit Eluz, options to purchase 205,000 shares of Class A Stock; and (iii) to Amit Mantsur, options to purchase 185,000 shares of Class A Stock. The options have a ten year term beginning on the date of grant and vest in sixteen equal quarterly installments. The exercise price of the options is \$2.95 per share.

The 2000 Plan remains in effect, with respect to any equity award granted under the 2000 Plan, for a period of ten years from the date of the grant of such equity award, however, the Company may not make any other equity awards under the 2000 Plan after March 26, 2010. As of December 31, 2010, 3,956,625 options of the 2000 Plan are outstanding.

The options granted under the 2000 Plan may be either incentive stock options, at an exercise price to be determined by the Compensation Committee but not less than 100% of the fair market value of the underlying options on the date of grant, or non-incentive stock options, at an exercise price to be determined by the Compensation Committee. The Compensation Committee may also grant, at its discretion, "restricted stock," "dividend equivalent awards," which entitle the recipient to receive dividends in the form of Class A Stock, cash or a combination of both and "stock appreciation rights," which permit the recipient to receive an amount in the form of Class A Stock, cash or a combination of both, equal to the number of shares of Class A Stock with respect to which the rights are exercised multiplied by the excess of the fair market value of the Class A Stock on the exercise date over the exercise price. The options granted under the 2000 Plan were granted either at market value or above.

Under the 2000 Plan, all granted but unvested options become immediately exercisable upon the occurrence of a change in control of the Company.

On October 5, 2010, the Board of Directors approved the 2010 Incentive Plan, , permitting the granting of options to all employees, officers and directors. The 2010 Incentive Plan is subject to the approval by a majority of the Company's shareholders at the Annual Meeting. Stockholder approval of the 2010 Plan is intended to, among other things, (i) comply with the rules and regulations of the NASDAQ Stock Market, and (ii) permit the awards under the 2010 Plan to qualify for deductibility under Section 162(m) of the Internal Revenue Code of 1986, as amended.

The 2010 Plan permits grants of options (including incentive stock options), stock appreciation rights ("SARs"), restricted stock, performance awards, other stock unit awards and dividend equivalents. The maximum number of shares of the Company's common stock issuable under the Incentive Plan is 2,000,000, plus shares that remain available under the Company's 2000 Plan.

The Compensation Committee may grant options (including incentive stock options) under the 2010 Plan either alone or in addition to other awards granted under the 2010 Plan. The exercise price for options cannot be less than the fair market value of the stock underlying such options on the date of grant, which shall be the closing price of the stock as reported on the NASDAQ Stock Market on the date of grant or the immediate preceding date if there is no closing price at the time of such grant. Under the 2010 Plan, the Compensation Committee may reprice options without obtaining shareholder approval.

The 2010 Plan imposes the following annual per-participant award limits: no participant may be granted options or SARs during any 12-month period with respect to more than 500,000 shares or (ii) restricted stock, performance awards or other stock unit awards that are denominated in stock in any 12-month period with respect to more than 500,000 shares. Additionally, the maximum dollar value payable to any participant in any 12-month period with respect to performance awards and/or other stock unit awards that are valued with reference to property other than stock is \$1,000,000.

Q: Does the Company enter into transactions with affiliated parties?

On December 31, 2009, the Company signed an option exercise agreement (the “Exercise Agreement”) with Merhav pursuant to which it exercised, subject to certain conditions, its option (the “Option”) to convert the Company’s existing loan to Merhav (consisting of \$20 million of principal plus accrued interest) (the “Loan”) into a 25% equity interest in the sugarcane ethanol production project in Colombia (the “Project”) being developed by Merhav. The Loan is evidenced by an Amended and Restated Promissory Note, dated December 25, 2008 (the “Note”), issued by Merhav in favor of the Company, and is secured by Merhav’s pledge of its shares of Class A Stock of the Company, pursuant to that certain Pledge Agreement, dated December 24, 2007, between Merhav and the Company (the “Pledge Agreement”). Merhav’s obligations under the Note are guaranteed by Mr. Yosef A. Maiman pursuant to a personal guaranty, dated as of December 25, 2008 (the “Guaranty”). The Option is evidenced by an Option Agreement, dated December 25, 2007, between Merhav and the Company, as amended on December 25, 2008 (the “Option Agreement”). The Loan, Option and related transactions are summarized in the Company’s previously filed annual and periodic reports.

Pursuant to the Exercise Agreement, the conversion of the Loan into a 25% equity interest in the Project will take the form of the issuance to the Company of 25% of all of the issued and outstanding equity interests in Merhav Renewable Energies Limited, a Cyprus corporation and subsidiary of Merhav (“Merhav Energies”). The purchase price for the 25% equity stake in Merhav Energies, to be paid at closing, is the outstanding balance of the Note on December 31, 2009, or approximately \$22.3 million. The closing of the purchase of the 25% equity stake and the conversion of the Loan is subject to, among other things, (i) the initial disbursement of (or other evidence of) long term debt financing for the Project obtained from Banco do Brasil or any other unaffiliated third party lender (the date such financing is obtained, the “Qualified Financing Date”), (ii) the payment in full of all outstanding amounts due and payable under the Note, and (iii) the delivery at closing of the Shareholders’ Agreement (as defined below) by Merhav and the Company, setting forth certain agreements relating to the governance of Merhav Energies. At closing, the Note and the Guaranty shall be cancelled and the pledge of Merhav’s shares of Class A Stock under the Pledge Agreement shall be released. The closing is to occur on the Qualified Financing Date or as soon as practicable thereafter, but no later than December 31, 2010. The Exercise Agreement contains other customary closing conditions, as well as customary representations and warranties.

Pursuant to the Exercise Agreement, the Note was amended to extend its maturity date to the earlier of the Qualified Financing Date or December 31, 2010. Additionally, Merhav and the Company have agreed that, under certain circumstances, each will arrange for loans to Merhav Energies from time to time through third parties, directly or indirectly, for up to \$15 million.

As stated above, as a condition to closing the Company’s purchase of a 25% equity stake in Merhav Energies, Merhav, the Company and Merhav Energies will enter into a Shareholders’ Agreement (the “Shareholders’ Agreement”), to provide for, among other things, (i) restrictions on the transfer of shares of Merhav Energies, (ii) a right of first refusal on transfers of shares of Merhav Energies, (iii) tag-along and drag-along rights on the transfer of shares of Merhav Energies, (iv) preemptive rights on the issuance of new shares of capital stock (or other equity interest) by Merhav Energies, subject to the anti-dilution rights of the Company, and (v) the right of the Company to designate 25% of the directors of Merhav Energies. In addition to preemptive rights under the Shareholders’ Agreement, the Company has been granted anti-dilution protection, which may result in the issuance of additional shares of Merhav Energies to the Company, in the event that, prior to end of the 180 day period following the commencement of the Project’s operations, Merhav sells, or Merhav Energies issues, shares of Merhav Energies at a per share price that is less than the per share price paid by the Company under the Exercise Agreement.

Merhav informed the Company that the Qualified Financing Date would not occur prior to December 31, 2010, and on December 31, 2010, the Company signed an amendment to the Exercise Agreement with Merhav, pursuant to which the Termination Date under the Exercise Agreement and the maturity date of the Note be extended to December 31, 2011.

Merhav is a multinational corporation with interests in a range of sectors, including energy, infrastructure projects and agriculture. Merhav is a significant shareholder of the Company and is wholly owned by Mr. Yosef A. Maiman, the President, CEO and member of the controlling shareholder group of the Company. Because of the foregoing relationship, a special committee of the Board of Directors of the Company composed of the Company's independent directors negotiated and approved the transaction. Houlihan Lokey Howard & Zukin Financial Advisors, Inc., which has been retained as financial advisor to the special committee, advised the special committee on this transaction.

On July 1, 2010, Gadot Chemical Tankers and Terminals Ltd. ("Gadot"), a wholly owned subsidiary of the Company, entered into an assignment and assumption agreement (the "Assignment Agreement") with its wholly owned subsidiary Gadot Sales and Distribution Ltd. ("Gadot Sales"), whereby Gadot assigned to Gadot Sales all of its rights and obligations under the previously disclosed stock purchase agreement with Mr. Yosef A. Maiman, the Chairman, President and CEO of the Company, to purchase all of the issued share capital (the "Shares") of Merhav Agro Ltd. ("Agro"). Pursuant to the terms of the stock purchase agreement, Mr. Maiman was given notice of the assignment. The acquisition closed on July 1, 2010, and Gadot Sales purchased the Shares from Mr. Maiman for a purchase price of NIS 108,000,000 (approximately \$28.7 million), subject to certain post-closing working capital adjustments and adjustments for changes in Agro's indebtedness between signing and closing.

Mr. Yosef A. Maiman is the Chairman, President and CEO of the Company and is a member of the Company's controlling shareholder group. In addition, Mr. Maiman is Chairman of the board of directors of Gadot. As previously disclosed, a special committee composed solely of independent directors from the Company's Board of Directors approved the purchase of Agro from Mr. Maiman, and Houlihan Lokey Financial Advisors, Inc. acted as financial advisors to the special committee.

Gadot entered into a management services agreement with the Company, according to which the Company provides Gadot with management services for an annual consideration calculated as a percentage of Gadot's profits. For 2010 Gadot paid the Company a sum of NIS 10.9 million (\$3.1 million) as the annual consideration.

The Company entered into a management services agreement with Merhav, according to which Merhav provides the Company and its subsidiaries with management, marketing, financial, development and other administrative services for an annual consideration of NIS 24.2 million (\$6.8 million).

The Company entered into an Aircraft Sharing Agreement with Merhav, according to which the Company has a limited and non exclusive right to use the Aircraft possessed and operated by Merhav. For the usage of the Aircraft, the Company will pay Merhav a pro rata share of the fixed costs related to the Aircraft (calculated annually based on the flight hours of the Aircraft used by the Company compared to the total flight hours of the Aircraft, with a maximum amount of \$500,000 per annum) and the direct costs and expenses of operating each flight for the Company.

Review and Approval of Transactions with Management and Others

Pursuant to its written charter and the marketplace rules of the NASDAQ Global Market, the Audit Committee, acting as a special committee, must review with management and approve all transactions or courses of dealing with parties related to the Company. In determining whether to approve a related person transaction, the Audit Committee will consider a number of factors including whether the related person transaction is on terms and conditions no less favorable to us than may reasonably be expected in arm's-length transactions with unrelated parties. The Audit Committee has the authority to engage independent legal, financial and other advisors. The Audit Committee has reviewed and approved the terms of each of the transactions described above.

THE FOLLOWING QUESTIONS AND ANSWERS RELATE TO THE 2010 INCENTIVE PLAN

Q: Has the Board approved the 2010 Incentive Plan?

Yes, the Board approved the 2010 Incentive Plan on October 5, 2010.

Q: What are the essential features of the 2010 Incentive Plan?

The essential features of the plan are summarized below:

Purpose of the Incentive Plan

The purpose of the Incentive Plan is to assist the Company and affiliates of the Company in attracting and retaining selected individuals to serve as directors, employees, consultants and/or advisors of the Company who are expected to contribute to the Company's success and to achieve long-term objectives which will inure to the benefit of all shareholder of the Company through the additional incentives inherent in the awards granted under the Incentive Plan.

Effective Date

Upon shareholder approval, the Incentive Plan will become effective as of October 5, 2010 and will terminate on October 4, 2020, unless sooner terminated by the Board of Directors.

Stock Limits

The maximum number of shares of the Company's common stock issuable under the Incentive Plan is 2,000,000, plus shares that remain available under the Company's shareholder-approved 2000 Incentive Plan, as amended (the "2000 Plan"). Any stock that is the subject of an award under the Incentive Plan, including the shares issuable under the 2000 Plan, shall be counted against the limit as one share for every share issued.

In general, stock is counted against the limit only to the extent that it is actually issued. Thus, stock which terminates by expiration, forfeiture, cancellation or otherwise is settled in cash in lieu of stock, or exchanged for awards not involving stock, shall again be available for grant. Also, if the option price or tax withholding requirements of any award are satisfied by tendering stock to the Company, only the number of shares issued, net of the shares tendered, will be deemed issued under the Incentive Plan.

Additionally, the Incentive Plan imposes the following annual per-participant award limits (within the meaning of Section 162(m)(3) of the Code): no participant may be granted (i) options or SARs during any 12-month period with respect to more than 500,000 shares or (ii) restricted stock, performance awards or other stock unit awards that are

denominated in stock in any 12-month period with respect to more than 500,000 shares. Additionally, the maximum dollar value payable to any participant in any 12-month period with respect to performance awards and/or other stock unit awards that are valued with reference to property other than stock is \$1,000,000.

The number and kind of stock that may be issued, the number and kind of stock subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual per-participant award limits, and other value determinations are subject to adjustment by the Stock Option and Compensation Committee (the “Compensation Committee”) to reflect any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property), stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the Shares. However, the Committee cannot make any adjustments that would cause an award not otherwise “deferred compensation” within the meaning of Code Section 409A to become or create “deferred compensation” under Code Section 409A.

Other Company Plans

Stock available under the Incentive Plan may be used by the Company as a form of payment of performance based compensation under other Company compensation plans, whether or not existing on the date hereof. To the extent any stock is used by the Company under its other compensation plans, this stock will reduce the then number of shares available under the Incentive Plan for future awards, but will not be subject to the 12 month stock or dollar limitations referred to above.

Administration

The Compensation Committee is responsible for administering the Incentive Plan and has the discretionary power to interpret the terms and intent of the Incentive Plan and any Incentive Plan-related documentation. The Compensation Committee is also responsible for determining the eligibility for awards, the terms and conditions of awards, and the adoption of rules, regulations, forms, instruments, and guidelines pertaining to the Incentive Plan. Determinations of the Compensation Committee made under the Incentive Plan are final and binding. The Compensation Committee may delegate administrative duties and powers to one or more officers or a committee of officers the right to grant awards to employees who are not directors or officers of the Company and to cancel or suspend awards to employees who are not directors or officers of the Company, subject to the requirements of Section 162(m) of the Code, Rule 16b-3 of the Exchange Act and the rules of the NASDAQ Stock Market. The Incentive Plan limits the discretion of the Compensation Committee in certain instances to avoid the creation of “deferred compensation” under, and to otherwise comply with, Code Section 409A.

Eligibility

Individuals eligible to receive awards under the Incentive Plan are employees and directors of the Company or of any affiliate of the Company, and consultants, agents and advisors who provide services to the Company and any affiliate of the Company, as selected by the Compensation Committee.

Options

The Compensation Committee may grant options under the Incentive Plan either alone or in addition to other awards granted under the Incentive Plan. The exercise price for options cannot be less than the fair market value of the stock underlying such options on the date of grant, which shall be the closing price of the stock as reported on the NASDAQ Stock Market on the date of grant or the immediate preceding date if there is no closing price at the time of such grant. The Incentive Plan explicitly permits the Compensation Committee to reprice options without obtaining shareholder approval. The latest expiration date of an option cannot be later than the tenth (10th) anniversary of the date of grant. The exercise price may be paid with cash or its equivalent, with previously acquired stock (in certain circumstances, that have been held at least six months), or by certain other means with the consent of the Compensation Committee.

Any option intended to qualify as an incentive stock option under Section 422 of the Code: (i) shall only be granted to an employee, (ii) shall have an option price per share that is not less than 110% of the fair market value of such share on the date of grant, if such ISO is granted to a Participant who owns more than 10% of the total combined voting power of all classes of stock of the Company, (iii) shall have a maximum exercise period of no more than five years from the date of grant of such option, if such ISO is granted to a Participant who owns more than 10% of the total combined voting power of all classes of stock of the company, (iv) shall not be transferrable other than by will or the laws of descent and distribution, and (v) shall only be exercisable by the participant or his or her guardian or legal representative during his or her lifetime. The maximum aggregate fair market value of the shares with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year.

Stock Appreciation Rights

The Compensation Committee may grant SARs under the Incentive Plan either alone or in tandem with options or other awards. Upon the exercise of an SAR, the holder will have the right to receive the excess of (i) the fair market value of one share on the date of exercise over (ii) the grant price of the SAR on the date of grant which will not be less than the fair market value of one share on the date of grant. Upon the exercise of an SAR, the Compensation Committee will determine, in its sole discretion, whether payment will be made in cash, stock or other property, or any combination thereof. Additionally, the following terms will be applicable to SARs granted under the Incentive Plan:

- Any SAR granted in tandem with an option may be granted at the same time as the related option is granted or at any time thereafter before exercise or expiration of the option.
- Any SAR granted in tandem with an option may be exercised only when the related option would be exercisable and the fair market value of the stock subject to the related option exceeds the option price at which stock can be acquired pursuant to the option.
- Any option related to a tandem SAR will no longer be exercisable to the extent the tandem SAR has been exercised.

Restricted Stock

The Compensation Committee may award restricted stock either alone or in addition to other awards under the Incentive Plan. Restricted stock awards consist of stock that is granted to a participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. A holder of restricted stock is generally treated as a stockholder of the Company (subject to certain restrictions) and has the right to vote such stock and the right to receive distributions made with respect to such stock. However, subject to compliance with Code Section 409A, the Compensation Committee may require that any dividends otherwise payable with respect to a restricted stock award shall not be paid currently but shall be accumulated until the applicable restricted stock has vested. Except for certain limited situations (including the death, disability or retirement of a participant or a change of control of the Company), restricted stock awards subject solely to continued employment will have a restriction period of not less than one year from the date of grant of the restricted stock award (but pro-rata vesting is permitted over that time).

Other Stock Unit Awards

Other awards of stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, stock or other property, may be granted to participants, either alone or in addition to other awards granted under the Incentive Plan. These other stock unit awards will be paid only in stock. Except for certain limited situations (including the death, disability or retirement of a participant or a change of control of the Company), other stock unit awards subject solely to continued employment restrictions will be subject to restrictions imposed by the Compensation Committee for a period of not less than one year from date of grant (but pro-rata vesting is permitted over that time). Unlike restricted stock awards, other stock unit awards result in the transfer of stock to the participant only after specified conditions and the holder of such an award is treated as a stockholder with respect to the award when the stock is delivered in the future.

Performance Awards

Performance awards may be granted under the Incentive Plan, either alone or in addition to other awards granted under the Incentive Plan. Performance awards will be earned only if the participant meets certain performance goals established by the Compensation Committee over a designated performance period, which period shall not be shorter than 12 months. Performance awards may be paid in cash, stock, other property, or any combination thereof, in the sole discretion of the Compensation Committee at the time of payment. The performance goals to be achieved for each performance period will be determined by the Compensation Committee and may be based upon the criteria described below the heading “Code Section 162(m) Provisions.”

Code Section 162(m) Provisions

If the Compensation Committee determines at the time restricted stock, a performance award or other stock unit award is granted to a participant who is, or is likely to be, at the end of the tax year in which the Company would claim a tax deduction in connection with such award, a covered employee, then the Compensation Committee may provide that the following provisions are applicable to such award (these awards are referred to as “Covered Awards” below):

Performance Criteria. Covered Awards will be subject to the achievement of one or more objective performance goals established by the Compensation Committee, which will be based on the attainment of specified levels of one or any combination of the following: net sales; pretax income before allocation of corporate overhead and bonus; earnings per share; net income; division, group or corporate financial goals; return on shareholder’ equity; total stockholder return; return on assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the stock or any other publicly-traded securities of the Company; market share; gross profits; earnings before taxes; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value-added models; comparisons with various stock market indices; reductions in costs, and/or return on invested capital of the Company or any affiliate of the Company, division or business unit of the Company for or within which the participant is primarily employed.

Additionally, the Compensation Committee may also exclude the impact of an event or occurrence which the Compensation Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company’s management, or (c) a change in accounting standards required by generally accepted accounting principles.

Adjustments. To prevent the dilution or enlargement of benefits or potential benefits intended to be made available under the Incentive Plan, the number and kind of stock that may be issued, the number and kind of stock subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual per-participant award limits, and other value determinations are subject to adjustment by the Compensation Committee to reflect stock dividends, stock splits, reverse stock splits, and other corporate events or transactions. The Compensation Committee may also make adjustments to reflect unusual or nonrecurring events such as mergers, consolidations, spin-offs and other corporate reorganizations.

Dividend Equivalents

The Compensation Committee may provide for the payment of dividend equivalents with respect to any stock subject to an award that has not actually been issued under the award. Also if granted on performance awards, such dividend equivalents shall not be paid currently, but shall be accumulated or reinvested until the applicable stock subject to the performance award has been earned or vested.

Termination of Employment

The Compensation Committee will determine how each award will be treated following termination of the holder's employment with, or service for, the Company, including the extent to which unvested portions of the award will be forfeited and the extent to which options, SARs, or other awards requiring exercise will remain exercisable.

Treatment of Awards upon a Change of Control and Related Transactions

One or more awards may be subject to the terms and conditions set forth in a written agreement between the Company and a participant providing for different terms or provisions with respect to such awards upon a "Change of Control" of the Company (as that term may be defined in such written agreement).

Amendments

The Board of Directors may at any time alter, amend, suspend, or terminate the Incentive Plan, except that no amendment of the Incentive Plan will be made without stockholder approval if stockholder approval is required by applicable law or regulation. Stockholder approval is also generally required for any amendment that would: (i) increase the number of shares that may be the subject of awards; (ii) expand the types of awards available; (iii) materially expand the class of persons eligible to participate; (iv) amend the requirement that options be granted with an exercise price that is not less than fair market value (v) increase the maximum permissible term for options; or (vi) modify the limitations on the number of shares or maximum dollar amounts that may be awarded to participants. No amendment to an award previously granted may adversely affect the rights of any participant to whom such award was granted without such participant's consent.

Transferability

Except as otherwise approved by the Compensation Committee, awards are not transferable.

Clawback

The Compensation Committee may provide that an award shall be cancelled if the participant, without the consent of the Company, while employed by or providing services to the Company or any affiliate of the Company or after termination of such employment or service, violates a non-competition, non-solicitation or non-disclosure covenant or agreement or otherwise engages in activity that is in conflict with or adverse to the interest of the Company or any affiliate of the Company, including fraud, or conduct contributing to any financial restatements or irregularities, as determined by the Compensation Committee in its sole discretion. Additionally, the Compensation Committee may also provide that (a) a participant will forfeit any gain realized on the vesting or exercise of such award if the participant engages in such activities referred to in the preceding sentence, or (b) if a participant must repay the gain to the Company realized under a previously paid performance award if a financial restatement reduces the amount that would have been earned under such performance award.

Material Federal Income Tax Considerations

The following is a brief summary of the principal federal income tax consequences of awards under the Incentive Plan. The summary is based upon current federal income tax laws and interpretations thereof, all of which are subject to change at any time, possibly with retroactive effect. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Options

In general, an optionee does not recognize taxable income upon the grant of an option. Upon the exercise of such an option, the optionee recognizes ordinary income to the extent the fair market value of the stock received upon exercise of the option on the date of exercise exceeds the exercise price. The capital gain or loss will be long-term if the shares have been held for more than one year prior to their sale. The Company receives an income tax deduction in an amount equal to the ordinary income that the optionee recognizes upon the exercise of the option. The foregoing discussion does not address the tax treatment with respect to options that would qualify as “incentive stock options” under Section 422 of the Code, which historically have not been granted by the Company.

Restricted Stock

A participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, unless an election is made as described in the next paragraph, the participant recognizes ordinary income in the first taxable year in which his or her interest in the stock becomes either: (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. The amount of taxable income is equal to the fair market value of the stock at the time the restrictions lapse less the cash, if any, paid for the stock.

A participant may elect to recognize income at the time he or she receives restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the stock) on the date of the award. Any such election must be filed with the Internal Revenue Service within 30 days of the date of grant. Future appreciation on the stock will be taxed as capital gains when the stock is sold. However, if after making such an election, the stock is forfeited, the participant will be unable to claim any loss deduction.

The Company receives a compensation expense deduction in an amount equal to the ordinary income recognized by the participant in the taxable year in which restrictions lapse (or in the taxable year of the award if, at that time, the participant had filed a timely election to accelerate recognition of income).

Other Awards

In the case of an exercise of an SAR or an award of other stock units or performance awards, the participant would generally recognize ordinary income in an amount equal to any cash received and the fair market value of any stock received on the date of payment. In that taxable year, the Company would receive a federal income tax deduction in an amount equal to the ordinary income that the participant has recognized.

Million Dollar Deduction Limit

Pursuant to Section 162(m) of the Code, the Company may not deduct compensation of more than one million (\$1,000,000) dollars that is paid to an individual who, on the last day of the taxable year, is either the Company's principal executive officer or is among one of the three other most highly-compensated officers for that taxable year as reported in the Company's proxy statement. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. It is intended that awards under the Incentive Plan made to these employees in the form of options, performance-based restricted stock, performance awards, SARs, and cash payments under annual incentive awards will constitute qualified performance-based compensation and, as such, will be exempt from the one million (\$1,000,000) dollar limitation on deductible compensation, but no assurance can be made in this regard.

Withholding Taxes

Awards made to participants under the Incentive Plan may be subject to federal, state and local income tax and employment tax withholding obligations and the Company will comply with any requirements to withhold such taxes.

OTHER MATTERS

Other Business

The Board of Directors knows of no business other than that described in this Proxy Statement that will be presented for consideration at the Annual Meeting. If other business shall properly come before the Annual Meeting, shares represented by valid proxies will be voted on such matters in accordance with the best judgment of the persons named as proxies on the proxy cards, or their duly authorized designees.

Shareholder Proposals

Any holder of Class A Stock who wishes to submit a proposal intended to be included in the proxy statement to be presented at the next annual meeting of shareholders must forward such proposal to the Secretary of the Company at the address in the Notice of Annual Meeting so that it is received by the Company no later than December 1, 2011. Such a proposal must comply with such rules as may be prescribed from time to time by the SEC regarding proposals of security holders.

Any holder of Class A Stock who wishes to submit a proposal outside of Rule 14a-8 of the Exchange Act, which is not intended to be included in the Company's proxy statement, must forward such proposal to the Secretary of the Company at the address in the Notice of Annual Meeting so that it is received by the Company no later than February 14, 2012 to be considered "timely" for the purposes of Rule 14a-4(c) under the Exchange Act (relating to the circumstances under which a proxy may confer discretionary authority to vote on certain matters).
