**PROXY STATEMENT**

**ANNUAL GENERAL MEETING OF SHAREHOLDERS**

**TO BE HELD ON SEPTEMBER 7, 2006**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

**General**

The enclosed proxy accompanying this Proxy Statement is solicited by and on behalf of the Board of Directors of Peak International Limited, a Bermuda corporation (which we will refer to as the Company or Peak throughout this Proxy Statement) for use at the 2006 Annual General Meeting of Shareholders of the Company to be held on September 7, 2006, 11:00 a.m. local time, at the Company's California offices located at 38507 Cherry Street, Unit G, Newark, California 94560, and any postponement or any adjournment thereof (the Annual General Meeting).

We intend to mail this proxy statement on or about August 11, 2006 to all shareholders entitled to notice of and vote at the meeting (the Shareholders or, individually, a Shareholder).

The Company will pay the cost of soliciting proxies, including expenses incurred by brokerage firms and other representatives of beneficial owners in forwarding solicitation materials to beneficial owners. Directors, officers and regular employees may solicit proxies, either personally or by fax or telephone, on behalf of the Company, without additional compensation.

The Company will provide copies of exhibits to the Annual Report on Form 10-K to any requesting Shareholder upon payment of a reasonable fee and upon request of the Shareholder made in writing to Peak International Limited, Flat E & F, 19/F., CDW Building, 388 Castle Peak Road, Tsuen Wan, New Territories, Hong Kong, Attn: Ronald Tan, Assistant Secretary. The request must include a representation by the shareholder that, as of August 1, 2006, the Shareholder was entitled to vote at the Annual General Meeting.

**Who Can Vote**

Pursuant to Bye-law 45 of the Company's Bye-laws, the Board of Directors has set August 1, 2006 (5:00 p.m. Eastern Daylight Time) as the record date for the meeting (which we will refer to as the "Record Date" throughout this Proxy Statement). Only Shareholders whose names and addresses appear in the Register of Members on that date will be entitled to receive notice of and attend and vote at the meeting. The only outstanding class of voting securities of the Company is its common stock, par value \$0.01 per share (the "Shares"). Each Share is entitled to one vote. There were 12,420,389 Shares outstanding as of the close of business on July 13, 2006.

## How You Can Vote

You may vote your shares at the Annual General Meeting either in person or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy in the prepaid envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual General Meeting and want to vote in person. Shares represented by the proxies received in response to this solicitation, and not properly revoked, will be voted at the Annual General Meeting in accordance with the instructions on the proxy. On matters coming before the Annual General Meeting for which a Shareholder specifies a choice on the proxy card, the shares will be voted accordingly. If you sign your Proxy Card with no further instructions, you will appoint the Chairman of the Annual General Meeting as your proxy to vote your shares, your shares will be counted as a vote FOR approval of the proposals referred to in Items 1, 2, 3 and 4 in the Notice of Annual General Meeting and described in this Proxy Statement.

Shares held directly in your name as the shareholder of record may be voted in person at the meeting. If you choose to attend the meeting, please bring the enclosed Proxy Card or proof of identification to the meeting. If you hold your shares in a brokerage account in the broker's name (street name), you must request a legal proxy from your stockbroker in order to vote at the meeting.

## Revocability of Proxies

A Shareholder who gives a proxy may revoke it at any time prior to its exercise by filing with the President of the Company a written revocation or a duly executed proxy bearing a later date. The proxy may also be revoked if the Shareholder attends the meeting and elects to vote in person. A Shareholder who is the holder of two or more Shares may appoint more than one proxy to represent him/her and vote on his/her behalf at the meeting.

## Required Vote

On a show of hands, every Shareholder present in person or by proxy shall be entitled to one vote and on a poll, every Shareholder present or by proxy shall be entitled to one vote per fully paid share. The proposals below shall be decided on a show of hands unless a poll is demanded. You may vote FOR, AGAINST or ABSTAIN on the proposals submitted for Shareholder approval at the Annual General Meeting. The proposals submitted for Shareholder approval at the Annual General Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual General Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal, and thus will have the same effect as a vote against a proposal.

If you just sign your Proxy Card with no further instructions, your shares will be counted as a vote FOR approval of the proposals referred to in Items 1, 2, 3 and 4 in the Notice of Annual General Meeting and described in this Proxy Statement.

## Quorum; Abstentions; Broker Non-votes

Two (2) Shareholders entitled to vote and present in person or by proxy representing not less than one-third in nominal value of the total issued voting Shares of the Company will constitute a quorum for the transaction of business at the meeting. Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not

## Edgar Filing: PEAK INTERNATIONAL LTD - Form PRE 14A

received instructions from the beneficial owner. Abstentions and broker non-votes will not affect the voting results, although they will have the practical effect of reducing the number of affirmative votes required to achieve a majority by reducing the total number of shares from which the majority is calculated.

**Audited Financial Statements**

Under the Company's By-laws and Bermuda law, audited financial statements must be presented to Shareholders at an annual general meeting of Shareholders. To fulfill this requirement, we will present at the Annual General Meeting audited consolidated financial statements for the fiscal year ended March 31, 2006. Copies of those financial statements are included in our Annual Report on Form 10-K, which will be mailed to Shareholders together with this Proxy Statement. Representatives of BDO McCabe Lo Limited, our independent registered public accounting firm, are not expected to be present at the meeting. These statements have been approved by the Company's Board of Directors and the Audit Committee of the Board of Directors. There is no requirement under Bermuda law that such statements be approved by the Shareholders, and no such approval will be sought at the meeting.

**IMPORTANT**

**PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY AND RETURN IT AT YOUR EARLIEST CONVENIENCE IN THE ENCLOSED POSTAGE-PREPAID RETURN ENVELOPE SO THAT, WHETHER YOU INTEND TO BE PRESENT AT THE ANNUAL GENERAL MEETING OR NOT, YOUR SHARES CAN BE VOTED. THIS WILL NOT LIMIT YOUR RIGHTS TO ATTEND OR VOTE AT THE ANNUAL GENERAL MEETING.**

**PROPOSAL NO. 1**

**ELECTION OF DIRECTOR**

The Company's Board of Directors currently has five (5) members. Pursuant to Bye-law 87 of the Company's Bye-laws, at each annual general meeting, one-third of the directors for the time being (or, if their number is not a multiple of three, the number nearest to but not greater than one-third) must retire from office by rotation. The Chairman of the Board is not, while holding such office, subject to retirement by rotation or taken into account in determining the number of directors to retire each year. A retiring director is eligible for re-election. The directors to retire by rotation include (so far as necessary to ascertain the number of directors to retire by rotation) any director who wishes to retire and will not stand for re-election. Any further directors to retire are those subject to retirement by rotation who have been longest in office since their last re-election or appointment. As between persons who became or were last re-elected directors on the same day, those to retire will (unless they otherwise agree among themselves) be determined by lot.

Any director appointed by the Board of Directors to fill a casual vacancy on the Board pursuant to Bye-law 86(2) will hold office until the next following general meeting of the Company and will then be eligible for re-election at the meeting. Any director appointed pursuant to Bye-law 86(2) must not be taken into account in determining which particular director or the number of directors who are to retire by rotation.

**Nominees**

A majority of the directors that are considered independent under the listing standards of the Nasdaq Stock Market and the rules of the Securities and Exchange Commission has recommended and the Board of Directors has nominated and recommends the election of Dean Personne and Russell Silvestri, who were appointed to the Board on April 3, 2006 and October 14, 2005, respectively, and Douglas Broyles, who is being re-nominated for election to another term as director. Messrs Personne, Silvestri and Broyles' age, business background and tenure as a director of the Company are set forth under Directors and Executive Officers below. Messrs Personne, Silvestri and Broyles will be elected to serve until their successors are elected and qualified. If, at the time of the meeting, any of them should be unable or decline to serve, the discretionary authority provided in the proxy will be exercised to vote for a substitute recommended by a majority of the directors that are independent and chosen by the Board of Directors. Mr. Personne, Mr. Silvestri and Mr. Broyles have each consented to serve, if elected, and the Company has no reason to believe that any substitute nominee will be required.

**Required Vote**

The three nominees receiving the highest number of affirmative votes of the Shares present at the Annual General Meeting in person or by proxy and entitled to vote shall be elected as directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE NOMINEES SET FORTH ABOVE.

**INFORMATION ABOUT THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD**

The Board of Directors held three regular meetings, five special meetings, and acted by written consent four times during the last fiscal year. The Board has four committees: the Audit Committee, the Compensation and Stock Option Committee, the Stock Option Management Committee, and the Nominating Committee which was formed in May 2005. The Compensation and Stock Option Committee met once during the fiscal year ended March 31, 2006. The Stock Option Management Committee, pursuant to authority granted by the Compensation and Stock Option Committee, acted three times by written consent. The Audit Committee met four times during the fiscal year and once acted by written consent. Each director has attended at least 75% of the aggregate of all Board meetings and meetings of the committees of which he or she is a member. In 2005, four of our five directors serving on the Board attended the Company's Annual General Meeting of Shareholders. The Company does not have a policy on director attendance at the Company's annual general meetings.

The Board of Directors formed the Compensation Committee and the Audit Committee in February 1997. The Board has determined that each director who serves on these committees is independent, as that term is defined by applicable listing standards of the Nasdaq Stock Market and Securities and Exchange Commission rules. The Board has approved a charter for both of these committees that can be found on the Company's website under the Investor Relations link. A copy of the Company's Audit Committee charter was also included as Appendix A to the proxy statement for our 2005 annual general meeting of shareholders. The Board of Directors established a formal Nominating Committee in May 2005 and has determined that each committee member is independent. Prior to the formation of the Nominating Committee, the Board had the independent directors (based on the Nasdaq definition of independence) on the Board make recommendations to the full Board regarding candidates for nomination and the size and composition of the Board. The members of the Nominating Committee are Douglas Broyles, Thomas Gimple and Christine Russell. The Chairman of the Nominating Committee is Thomas Gimple.

The role of the Compensation Committee is to make recommendations to the Board of Directors relating to salaries and other compensation for the Company's directors, officers and employees and to administer the employee share option and stock purchase plans. The Committee was subsequently renamed as the Compensation and Stock Option Committee and is composed of directors Douglas Broyles, Thomas Gimple and Christine Russell. In July 2003, the Compensation and Stock Option Committee formed a Stock Option Management Committee, to which it delegated the authority to grant options to purchase shares of the Company's Common Stock to non-executive employees up to a certain specified number. The members of the Stock Option Management Committee are appointed by the Compensation and Stock Option Committee and are appropriate executive officers of the Company.

The primary role of the Audit Committee is to review the results and scope of the annual audit and other services provided by the Company's independent registered public accounting firm, to review and evaluate the Company's internal financial reporting system and control functions, to monitor transactions between the Company and its directors, officers, employees and other related parties and to review other matters relating to the relationship of the Company with its auditors. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for preparing the Company's financial statements, and the Company's independent registered public accounting firm is responsible for auditing those financial statements. However, the Audit Committee does consult with management and the Company's independent registered public accounting firm prior to the presentation of financial statements to Shareholders and, as appropriate, initiates inquiries into various aspects of the Company's financial affairs. The Audit Committee also meets with the independent registered public accounting firm, with and without management present, to discuss their evaluations of the Company's internal controls, the results of their examination(s) and the overall quality of the Company's financial reporting. The members of the Audit Committee are independent directors Christine Russell, Douglas Broyles and Thomas Gimple.

## **Compensation of Directors**

As amended in May 2004, during fiscal 2006, each director of the Company who is not an employee and is an independent director of the Company or its affiliates received an annual fee of \$25,000 plus a fee of \$1,000 for each Board meeting attended and \$500 for each committee meeting attended. In addition, each such director was annually awarded a fully vested option to purchase 10,000 Shares at a purchase price determined on the date of grant in accordance with the applicable stock option plan. Each member of the Audit Committee was granted an additional fully vested option to purchase 5,000 Shares at a purchase price determined on the date of grant in accordance with the applicable stock option plan. The chairpersons of the Compensation and Stock Option Committee and the Audit Committee were granted an additional fully vested option to purchase 2,000 Shares and 3,000 Shares, respectively, at a purchase price determined on the date of grant in accordance with the applicable stock option plan. Chairpersons and directors who are also employees or are not independent directors of the Company or its affiliates receive no remuneration for serving as directors, but are reimbursed for all expenses incurred in connection with service as a member of the Board. The total number of Shares subject to options granted in any one year to any non-employee director shall not exceed an aggregate of 20,000 Shares. All independent directors who provide services to the Company or act to discharge their duties were paid \$1,500 per day plus actual expenses.

## **Director Nominations**

As described above, the Nominating Committee recommends nominees for election as directors to the full Board of Directors. The Nominating Committee will consider proposals for nomination from shareholders that are made in writing to the Company's Secretary, that are timely received and that contain sufficient background information concerning the nominee to enable proper judgment to be made as to his or her qualifications. The Nominating Committee does not have a charter.

The Board of Directors and the Nominating Committee have as an objective that the Board's membership be composed of experienced and dedicated individuals with a diversity of backgrounds, perspectives and skills. The Nominating Committee will recommend candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all shareholders. The Nominating Committee believes that a nominee for director must have the following specific, minimum qualifications: (i) experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, (ii) high personal and professional ethics, and (iii) the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director.

Other than the foregoing there are no stated minimum criteria for director nominees. The Company believes, however, that it is appropriate for at least one, and preferably multiple members of the Board, to meet the criteria for an audit committee financial expert as defined by the Securities and Exchange Commission, and that a majority of the members of the Board meet the definition of independent director under the rules of The Nasdaq Stock Market. The Company also believes that it is appropriate for certain key members of management to participate as members of the Board.

The Nominating Committee reviews annually the appropriate skills and characteristics required of Board members in the context of the current composition of the Board. Candidates considered for nomination to the Board may come from several sources, including current and former directors, professional search firms and shareholder nominations. Nominees for director are evaluated by the Nominating Committee, who may retain the services of a professional search firm to assist them in identifying or evaluating potential nominees.

**Stock Option Information****Options/SAR Grants in Last Fiscal Year**

The following table sets forth information regarding stock options granted to the Named Executive Officers during the fiscal year ended March 31, 2006. The exercise price in all cases is equal to 100% of the fair market value of our Shares on the date of grant.

In addition, in accordance with the Securities and Exchange Commission rules, the table shows the hypothetical gains that would exist for these options if exercised at end of the option term. These gains are based on the assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted to their expiration date, and do not represent the Company's estimates or projections of future stock prices. There can be no assurance that any of the values reflected in the table will be achieved. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the options or the sale of the underlying shares of stock. The actual value that an executive may realize, if any, will depend upon the difference between the market price of our Shares and the exercise price of the option on the date the option is exercised.

If Mr. Personne is terminated without good cause or resigns as a result of a reduction in base salary and such termination or resignation occurs in anticipation of or within two years following a change in control or liquidation of the Company, in addition to a severance package as described above, all stock options held by Mr. Personne shall immediately vest in full and remain exercisable for a period of one year. **REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS<sup>(1)</sup>**

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended March 31, 2006, which include our consolidated balance sheets as of March 31, 2006 and March 31, 2005, and the related consolidated statements of operations, shareholders equity and cash flows for each of the three years in the period ended March 31, 2006, and the notes thereto. During the fiscal year ended March 31, 2006, the Audit Committee was composed of three independent directors.

The Audit Committee is primarily responsible for reviewing the services performed by the Company's independent registered public accounting firm and internal finance department, evaluating the Company's accounting policies and its system of internal controls and reviewing significant financial transactions. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which was attached as Appendix A to the proxy statement for our 2005 annual general meeting of shareholders.

The Audit Committee recommends to the Board of Directors, subject to shareholder approval, the selection of an accounting firm to be engaged as the Company's independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management has primary responsibility for preparing financial statements and is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee has reviewed and discussed the Company's audited financial statements with management and with the Company's independent registered public accounting firm. In addition, the Audit Committee discussed with the Company's independent registered public accounting firm the matters to be discussed by Statement of Accounting Standards No. 61. The Audit Committee has also received the written disclosures and letter from the Company's independent registered public accounting firm in accordance with the Independence Standards Board Standard No. 1, and has discussed with the Company's independent registered public accounting firm its independence. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2006, for filing with the Securities and Exchange Commission.

The Audit Committee considers at least annually whether the provision of non-audit services by BDO McCabe Lo Limited is compatible with maintaining auditor independence. The Audit Committee has concluded that the independence of BDO McCabe Lo Limited is not compromised by the services provided. The Audit Committee and the Board of Directors have also recommended, subject to shareholder approval, the selection of BDO McCabe Lo Limited as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2007.

**REPORT OF THE COMPENSATION AND STOCK OPTION**

**COMMITTEE OF THE BOARD OF DIRECTORS**

During the fiscal year ended March 31, 2006, the Compensation and Stock Option Committee of the Board of Directors of the Company was comprised of three independent directors Douglas Broyles, Christine Russell and Thomas Gimple. The Compensation and Stock Option Committee reviews and sets the base salary and incentive compensation of the Company's Chief Executive Officer and makes recommendations concerning base salaries and incentive compensation for all other officers of the Company and authorizes the grant of stock options.

**Compensation Philosophy**

The Company's executive compensation program is generally designed to align the interests of executives with the interests of shareholders and to reward executives for achieving corporate objectives. The executive compensation program is also designed to attract and retain the services of qualified executives.

**Key Elements of Executive Compensation**

Executive compensation currently consists of a base salary, bonuses, stock options, and other compensation and benefit programs generally available to other employees.

*Base Salary.* Base salary levels for the Chief Executive Officer ( CEO ) and other executive officers are intended to compensate executives competitively. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and compensation levels in relevant markets for comparable talent. Base salaries for executives are reviewed from time to time by the Committee.

*Bonuses.* The Company did not adopt an executive bonus plan for Fiscal 2006.

*Stock Options.* The Company provides long-term equity incentives to its executive officers and to other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of the Company. Stock options are generally granted at an exercise price equal to 100% of the fair market value on the date of grant, have a four-year term and generally vest in quarterly installments over thirty-six months. Because the receipt of value by an executive officer under a stock option is dependent upon an increase in the price of the Company's common stock, this portion of the executives compensation is directly aligned with an increase in shareholder value. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with the Company. When determining the number of stock options to be awarded to an executive officer, the Committee considers the executive's current contribution to the Company's performance, the executive officer's anticipated contribution in meeting the Company's long-term goals and by comparisons to formal and informal surveys of stock option grants made by other companies. The Committee also reviews stock option levels for executive officers each fiscal year in light of long-term objectives and each executive's current and anticipated contributions to the Company's future performance.

**Chief Executive Compensation**

The Committee determines the compensation of the CEO using the same criteria as for the other executive officers.

On June 7, 2000, Mr. Calvin Reed's salary was set at \$450,000 per year, including \$50,000 to be paid upon completion of the fiscal year so long as Mr. Reed continues to be employed by the Company at such time. Effective September 1, 2001, Mr. Reed's salary was reduced by 15% subject to payment in the form of bonuses if the Company met certain revenue and profitability goals in fiscal year 2002. On April 29, 2002, the salary

reduction was eliminated. Mr. Reed's salary had not changed since then until March 31, 2006, when the employment agreement between the Company and Mr. Reed was terminated. Pursuant to the terms of the employment agreement, in connection with the termination of his employment, Mr. Reed was entitled to receive a cash payment of \$1,350,000.

#### **Tax Deductibility of Executive Compensation**

The Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Section 162(m) limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to its CEO and any other of its four most highly compensated executive officers. However, compensation which qualifies as performance based is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the corporation's shareholders. In general, it is the Committee's policy to qualify, to the maximum extent possible, its executives' compensation for deductibility under applicable tax laws.

The Committee does not presently expect total cash compensation to exceed the \$1 million limit for any individual executive officer of the Company. In addition, realized gains on the exercise of non-statutory stock options may also qualify for the exemption from the tax deduction limit under Section 162(m) as performance-based compensation if certain conditions under Section 162(m) are met. After consideration of the requirements of Section 162(m), the Compensation and Stock Option Committee believes that non-statutory stock option grants to date meet the requirement that such grants be performance based.

**STOCK PRICE PERFORMANCE GRAPH**

In accordance with the rules of the Securities and Exchange Commission, the following graph compares the cumulative total return of the Company, the Russell 2000 Index and the Dow Jones US Containers and Packaging Index. The total return assumes \$100 invested in the Company's shares, the Russell 2000 Index and the Dow Jones US Containers and Packaging Index on March 31, 2001 and includes reinvestment of dividends.

The comparative performance of the Company's shares against the indexes as depicted in this graph is dependent on the price of stock at a particular measurement point in time. Since individual stocks are more volatile than broader stock indexes, the perceived comparative performance of the Company's shares may vary based on the strength or weakness of the share price at the new measurement point used in each future proxy statement graph. For this reason, the Company does not believe that this graph should be considered as the sole indicator of the Company's performance and is not necessarily indicative of future performance.
