PART I

ITEM 1 *Business*

General

Homeowners Choice, Inc. is a property and casualty insurance holding company incorporated in Florida in 2006. Through our subsidiaries, which consist of Homeowners Choice Property & Casualty Insurance Company, Inc., Homeowners Choice Managers, Inc., Southern Administration, Inc., and Claddaugh Casualty Insurance Company, Ltd., we currently provide property and casualty homeowners insurance, condominium-owners insurance, and tenants insurance to individuals owning property in Florida. We offer these insurance products at competitive rates, while pursuing profitability using selective underwriting criteria. Our property and casualty business is our only reportable segment. Our financial information is set forth in Part II, Item 8.

Our principal executive offices are located at 2340 Drew Street, Suite 200, Clearwater, Florida 33765, and our telephone number is (727) 213-3600.

We file annual, quarterly, and current reports with the Securities and Exchange Commission (SEC). These filings are accessible free of charge on our website, www.hcpci.com (click SEC filings at the Investors tab), as soon as reasonably practicable after they have been electronically filed with or furnished to the SEC. Our SEC filings are also available via the SEC's website at www.sec.gov. In addition, these filings are accessible at the SEC's Public Reference Room, which is located at 100 F Street, NE., Washington, DC 20549, on official business days during the hours of 10 a.m. to 3 p.m. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330.

As of December 31, 2008 and 2007, we had total assets of \$132.0 million and \$40.0 million, respectively, and stockholders' equity of \$37.4 million and \$14.3 million, respectively. Our net income was approximately \$12.7 million and \$1.0 million, respectively, for the years ended December 31, 2008 and 2007.

Company History

We began operations in June of 2007 by participating in a take-out program through which we assumed insurance policies held by Citizens Property Insurance Corporation (Citizens), a Florida state-supported insurer. The take-out program is a legislatively mandated program designed to reduce the state's risk exposure by encouraging private companies to assume policies from Citizens. Since inception, we have assumed from Citizens more than 88,000 property and casualty insurance policies, of which approximately 66,000 remain in force as of March 1, 2009. These policies were assumed in six separate assumption transactions which took place in July 2007, November 2007, February 2008, June 2008, October 2008, and December 2008 and account for substantially all of our premium revenue since inception. Of those policies assumed, approximately 86% are homeowners insurance policies, and the remaining 14% are a combination of policies written for condominium-owners and tenants. Our existing policies represent approximately \$130 million in annualized premiums.

Citizens requires us to offer renewals on the policies we acquire for a period of three years subsequent to the initial expiration of the assumed policies. We are required to offer these renewals at rates that are equivalent to

Table of Contents

or less than rates charged by Citizens. The policyholder has the option to renew with us or they may ask their agent to place their coverage with another insurance company. They may also elect to return to Citizens prior to the policy renewal date. We strive to retain these policies by offering competitive rates to our policyholders.

We face various challenges to implementing our operating and growth strategies. Because we write policies that cover Florida homeowners, condominium owners, and tenants, we cover losses that may arise from, among other things, catastrophes, which could have a significant effect on our business, results of operations, and financial condition. Even without catastrophic events, we may incur losses and loss adjustment expenses that deviate substantially from our estimates and that may exceed our reserves, in which case our net income and capital would decrease. Our operating and growth strategies may also be impacted by our insurance subsidiary's regulation and supervision by the state of Florida, which must approve our policy forms and premium rates as well as monitor our insurance subsidiary's ability to meet all requirements for regulatory compliance. See Item 1A, Risk Factors, below.

Competition

We operate in highly competitive markets where we face competition from national, regional and residual market insurance companies. Many of our competitors have larger financial capacities, greater resource availability, and more diversification in terms of insurance coverage. Our competitors include companies which market their products through agents, as well as companies which sell insurance directly to their customers. Large national insurers may have certain competitive advantages such as increased name recognition, increased loyalty of their customer base, and reduced policy acquisition costs. Additionally, as described in greater detail below in Government Regulation, the Florida legislature passed a new law in 2007 authorizing Citizens to reduce its premium rates and begin competing against private insurers in the residential property insurance market and expanding the authority of Citizens to write commercial insurance. We may also face competition from new or temporary entrants in our niche markets. In some cases, such entrants may, because of inexperience, desire for new business or other reasons, price their insurance below ours. Although our pricing is inevitably influenced to some degree by that of our competitors, we believe that it is generally not in our best interest to compete solely on price. We compete on the basis of underwriting criteria, our independent agent network, and superior service to our agents and insureds.

Seasonality of Our Business

We expect to experience increases in our losses and loss adjustment expenses during the period from June 1 through November 30 each year as this period is typically the period during which hurricanes and tropical storms occur. As a result of such seasonal variations in our reported losses, we anticipate our operating profits during the period from June 1 through November 30 each year may be negatively impacted by an increase in losses and loss adjustment expenses. Conversely, we expect more favorable operating results during the period from December 1 through May 31 each year. Although 2008 was a fairly uneventful year for tropical storm development in Florida, our losses during the third quarter of 2008 included \$262,000 specific to Tropical Storm Faye.

Government Regulation

We are subject to the laws and regulations in Florida, and the regulations of any other states in which we seek to conduct business in the future. The regulations cover all aspects of our business and are generally designed

Table of Contents

to protect the interests of insurance policyholders as opposed to the interests of shareholders. Such regulations relate to authorized lines of business, capital and surplus requirements, allowable rates and forms, investment parameters, underwriting limitations, transactions with affiliates, dividend limitations, changes in control, market conduct, maximum amount allowable for premium financing service charges and a variety of other financial and non-financial components of our business. Our failure to comply with certain provisions of applicable insurance laws and regulations could have a material adverse effect on our business, results of operations or financial condition. In addition, any changes in such laws and regulations, including the adoption of consumer initiatives regarding rates charged for coverage, could materially and adversely affect our operations or our ability to expand. Recent legislation, among other things, reduces anticipated reinsurance costs and expands the role of Citizens. Other provisions contained in the recent legislation prevent non-renewals and cancellation (except for material misrepresentation and non-payment of premium) and new restrictions on coverage are prohibited until January 2010. We are unaware of any other consumer initiatives which could have a material adverse effect on our business, results of operations or financial condition.

Many states, including Florida, have also enacted laws which restrict an insurer's underwriting discretion, such as the ability to terminate policies, terminate agents or reject insurance coverage applications, and many state regulators have the power to reduce, or to disallow increases, in premium rates. These laws may adversely affect the ability of an insurer to earn a profit on its underwriting operations.

Certain states have recently adopted laws or are considering proposed legislation which, among other things, limit the ability of insurance companies to affect rate increases or to cancel, reduce or non-renew insurance coverage with respect to existing policies. As discussed above, the recent consumer initiatives with Florida's property insurers demonstrate the state's ability to adopt such laws or to effectuate these policies through interpretations of existing laws. Also, the Florida legislature may adopt additional laws of this type in the future, which may adversely affect our business. In most years, the Florida legislature considers bills affecting the residential property insurance market in Florida. Property insurance legislation passed in 2008 increases penalties on insurers for noncompliance with the insurance code, establishes a private cause of action relating to insurers' claims payment practices, and extends the notice period applicable to insurers' nonrenewals of certain residential policies. The legislature also revised procedures governing insurers' rate filings.

Most states, including Florida, require licensure and regulatory approval prior to the marketing of new insurance products. Typically, licensure review is comprehensive and includes a review of a company's business plan, solvency, reinsurance, character of its officers and directors, rates, forms and other financial and non-financial aspects of a company. The regulatory authorities may not allow entry into a new market by not granting a license or by withholding approval. In addition, regulatory authorities may preclude or delay our entry into markets by disapproving or withholding approval of our product filings. As a new insurance company, we will also be subject to examination every year for our first three years of operations.

All insurance companies must file quarterly and annual statements with certain regulatory agencies and are subject to regular and special examinations by those agencies. In accordance with the National Association of Insurance Commissioners (NAIC), the Florida Office of Insurance Regulation (Florida OIR) intends to comply with recent initiatives recommending that all insurance companies under the same insurance holding company registration statement, be subjected to concurrent triennial examinations. At present, we have only one insurance subsidiary subject to NAIC and Florida OIR examinations.

Table of Contents

States routinely require deposits of assets for the protection of policyholders either in those states or for all policyholders. As an example, the Florida Office of Insurance Regulation requires our regulated insurance subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc. (HCPC), to have securities with a fair value of \$300,000, which HCPC currently has in the form of a \$300,000 cash deposit with the state of Florida.

ITEM 1A *Risk Factors*

Our business is subject to a number of risks, including those described below, which could have a material effect on our results of operations, financial condition or liquidity and, additionally, could cause our operating results to vary significantly from period to period.

We currently conduct business in Florida only. Thus, any single catastrophic event or other condition affecting losses in Florida could adversely affect our financial condition and results of operations.

While we actively manage our exposure to catastrophic events through our underwriting process and the purchase of reinsurance, a single catastrophic event, destructive weather pattern, general economic trend, regulatory development or other condition specifically affecting the state of Florida could have a disproportionately adverse impact on our business, financial condition, and results of operations. In addition, the fact that our business is concentrated in the state of Florida subjects it to increased exposure to certain catastrophic events and destructive weather patterns such as hurricanes, tropical storms, and floods. Changes in the prevailing regulatory, legal, economic, political, demographic, competitive, and other conditions in the state of Florida could also make it less attractive for us to do business in Florida and would have a more pronounced effect on our business than it would on other insurance companies that are geographically diversified. Since our business is concentrated in this manner, the occurrence of one or more catastrophic events or other conditions affecting losses in the state of Florida could have an adverse effect on our business, financial condition, and results of operations.

Our results may fluctuate based on many factors including cyclical changes in the insurance industry.

The insurance business historically has been a cyclical industry characterized by periods of intense price competition due to excessive underwriting capacity, as well as periods when shortages of capacity permitted an increase in pricing and, thus, more favorable underwriting profits. An increase in premium levels is offset over time by an increased supply of insurance capacity, either by capital provided by new entrants or by the commitment of additional capital by existing insurers, which may cause prices to decrease. Any of these factors could lead to a significant reduction in premium rates, less favorable policy terms and fewer opportunities to underwrite insurance risks, which could have a material adverse effect on our results of operations and cash flows. In addition to these considerations, changes in the frequency and severity of losses suffered by insureds and insurers may affect the cycles of the insurance business significantly.

We cannot predict whether market conditions will improve, remain constant or deteriorate. Negative market conditions may impair our ability to write insurance at rates that we consider appropriate relative to the risk assumed. If we cannot write insurance at appropriate rates, our ability to transact business would be materially and adversely affected.

We may be unable to attract and retain qualified personnel.

Our operations are highly dependent on the efforts of our senior executive officers, in particular, our President and Chief Executive Officer, Francis McCahill, our Chief Financial Officer, Richard Allen and our Chairman, Paresch Patel. The loss of their leadership, industry knowledge and experience could negatively impact our operations.

Table of Contents

We do not have significant redundancy in our operations.

We have a single facility located in Clearwater, Florida in an area subject to tropical storms, which could damage the facility or interrupt its power supply. The loss or significant impairment of functionality in this facility for any reason would have a material, adverse effect on our business as we do not have significant redundancies or back-up systems to replace this facility if its functionality is impaired.

Our information technology systems may fail or suffer a loss of security which could adversely affect our business.

Our business is highly dependent upon the successful and uninterrupted functioning of our computer and data processing systems. We rely on these systems to perform actuarial and other modeling functions necessary for writing business, as well as to handle our policy administration process (i.e., the printing and mailing of our policies, endorsements, renewal notices, etc). The successful operation of our systems depends on a continuous supply of electricity. The failure of these systems or disruption in the supply of electricity could interrupt our operations. This could result in a material adverse effect on our business results.

The development and expansion of our business is dependent upon the successful development and implementation of advanced computer and data processing systems. Because our insurance subsidiary intends to expand its business by writing additional voluntary policies, we are developing new information technology systems to handle and process an increased volume of voluntary policies. The failure of these systems to function as planned could slow our growth and adversely affect our future business volume and results of operations.

Because we believe that our independent agents will play a key role in our efforts to increase the number of voluntary policies written by our insurance subsidiary, we are also in the process of developing business platforms and distribution initiatives that will allow us to provide information to, and exchange information with, our agents in an effective and efficient manner. These systems are intended to provide us with current information regarding the insurance markets in which we operate, therefore permitting us to adjust our selective underwriting criteria as needed to rapidly respond to market changes. In the event that the development of these systems does not proceed as planned, the expansion of our business could be delayed. Internet disruptions or system failures once these systems are fully operational could also adversely affect our future business volume and results of operations.

In addition, a security breach of our computer systems could damage our reputation or result in liability. We retain confidential information regarding our business dealings in our computer systems. We may be required to spend significant capital and other resources to protect against security breaches or to alleviate problems caused by such breaches. It is critical that these facilities and infrastructure remain secure. Despite the implementation of security measures, this infrastructure may be vulnerable to physical break-ins, computer viruses, programming errors, attacks by third parties or similar disruptive problems. In addition, we could be subject to liability if hackers were able to penetrate our network security or otherwise misappropriate confidential information.

Increased competition, competitive pressures, industry developments, and market conditions could affect the growth of our business and adversely impact our financial results.

The property and casualty insurance industry in Florida is cyclical and, during times of increased capacity, highly competitive. We compete not only with other stock companies but also with mutual companies, other underwriting organizations and alternative risk sharing mechanisms. Our principal lines of business are written by

Table of Contents

numerous other insurance companies. Competition for any one account may come from very large, well-established national companies, smaller regional companies, other specialty insurers in our field, and other companies that write insurance only in Florida. Many of these competitors have greater financial resources, larger agency networks and greater name recognition than our company. We compete for business not only on the basis of price, but also on the basis of financial strength, types of coverage offered, availability of coverage desired by customers, commission structure, and quality of service. We may have difficulty continuing to compete successfully on any of these bases in the future. Competitive pressures coupled with market conditions may affect our rate of premium growth and financial results.

Our ability to compete in the property and casualty insurance industry and our ability to expand our business may be negatively affected by the fact that we are a new company. As a new company that has been in business for less than five years, we are not eligible to be rated by A.M. Best. While our insurance subsidiary has obtained a Demotech rating of A Exceptional, which is accepted by mortgage companies operating in the state of Florida, mortgage companies in other states may require homeowners to obtain property insurance from an insurance company with a certain minimum A.M. Best rating. As a result, the minimum A.M. Best rating requirement may also prevent us from expanding our business into other states in the near term, which may in turn limit our ability to compete with large, national insurance companies and certain regional insurance companies.

As a new company, our experience with claims and the risks related to certain claims is inherently limited. These inherent limitations may increase the likelihood that our projections and our estimates may be inaccurate, which in turn may increase the likelihood that our actual losses may exceed our loss reserves. If our actual losses exceed our loss reserves, our financial results, our ability to expand our business, and our ability to compete in the property and casualty insurance industry may be negatively affected. In addition, industry developments could further increase competition in our industry. These developments could include

an influx of new capital in the marketplace as existing companies attempt to expand their businesses and new companies attempt to enter the insurance business as a result of better pricing and/or terms;

programs in which state-sponsored entities provide property insurance in catastrophe-prone areas or other alternative markets types of coverage;

changing practices caused by the Internet, which has led to greater competition in the insurance business;

changes in Florida's regulatory climate; and

the passage of federal proposals for an optional federal charter that would allow some competing insurers to operate under regulations different or less stringent than those applicable to our insurance subsidiary.

These developments and others could make the property and casualty insurance marketplace more competitive by increasing the supply of insurance available.

If competition limits our ability to write new business at adequate rates, our future results of operations would be adversely affected.

Table of Contents

If our actual losses from insureds exceed our loss reserves, our financial results would be adversely affected.

Our objective is to establish loss reserves that are adequate and represent management's best estimate; that is, the amounts originally recorded as reserves should at least equal the ultimate cost to investigate and settle claims. However, the process of establishing adequate reserves is complex and inherently uncertain, and the ultimate cost of a claim may vary materially from the amounts reserved. We regularly monitor and evaluate loss and loss adjustment expense reserve development to verify reserve adequacy.

Due to these uncertainties, the ultimate losses may vary materially from current loss reserves which could have a material adverse effect on our future financial condition, results of operations and cash flows.

The effects of emerging claim and coverage issues on our business are uncertain.

As industry practices and legal, judicial, social and other environmental conditions change, unexpected and unintended issues related to claims and coverage may emerge. These issues may adversely affect our business by either extending coverage beyond our underwriting intent or by increasing the number or size of claims. In some instances, these changes may not become apparent until some time after we have issued insurance contracts that are affected by the changes. As a result, the full extent of liability under our insurance contracts may not be known for many years after a contract is issued and renewed, and our financial position and results of operations may be adversely affected.

The failure of our claims handling administrator to pay claims accurately could adversely affect our business, financial results and capital requirements.

We have outsourced our claims handling administration to a third party adjuster. We therefore rely on this third party adjuster to accurately evaluate and pay claims that are made under our policies. Many factors affect the ability of our third party adjuster to pay claims accurately, including the training and experience of its claims representatives, the culture of its claims organization and the effectiveness of its management, its ability to develop or select and implement appropriate procedures and systems to support its claims functions and other factors. As claims administration is our responsibility, any failure on the part of our third party adjuster to pay claims accurately could lead to material litigation, undermine our reputation in the marketplace, impair our image and negatively affect our financial results.

If we are unable to expand our business because our capital must be used to pay greater than anticipated claims, our financial results may suffer.

Our future growth will depend on our ability to expand the number of insurance policies we write in Florida, to expand the kinds of insurance products we offer, and to expand the geographic markets in which we do business, all balanced by the business risks we choose to assume and cede. Our existing sources of funds include possible sales of our securities and our earnings from operations and investments. Unexpected catastrophic events in our market areas, such as the hurricanes experienced in Florida in recent years, may result in greater claims losses than anticipated, which could require us to limit or halt our growth while we redeploy our capital to pay these unanticipated claims unless we are able to raise additional capital.

Table of Contents

We may require additional capital in the future which may not be available or may only be available on unfavorable terms.

Our future capital requirements depend on many factors, including our ability to write new business successfully and to establish premium rates and reserves at levels sufficient to cover losses. To the extent that our present capital is insufficient to meet future operating requirements or to cover losses, we may need to raise additional funds through financings or curtail our growth. Based on our current operating plan, we believe current capital together with our anticipated retained earnings will support our operations without the need to raise additional capital. However, we cannot provide any assurance in that regard, since many factors will affect our capital needs and their amount and timing, including our growth and profitability, and the availability of reinsurance, as well as possible acquisition opportunities, market disruptions and other unforeseeable developments. If we require additional capital, it is possible that equity or debt financing may not be available at all or may be available only on terms that are not favorable to us. In the case of equity financings, dilution to our shareholders could result, and in any case such securities may have rights, preferences and privileges that are senior to those of existing shareholders. If we cannot obtain adequate capital on favorable terms or at all, our business, financial condition or results of operations could be materially adversely affected.

Our financial results may be negatively affected by the fact that a portion of our income is generated by the investment of our company's capital and surplus, premiums and loss reserves.

A portion of our income is, and likely will continue to be, generated by the investment of our company's capital and surplus, premiums and loss reserves. The amount of income so generated is a function of our investment policy, available investment opportunities, and the amount of capital and surplus, premium and loss reserves invested. As we continue to grow and to deploy our capital, the proportion of income invested will decrease, and investment income will make up a smaller percentage of our net revenue. Currently, substantially all of our capital is invested in money market accounts or in bank deposits (i.e., CDs) that generally mature in no more than thirteen months. We may alter our investment policy to accept higher levels of risk with the expectation of higher returns. Fluctuating interest rates and other economic factors make it impossible to estimate accurately the amount of investment income that will be realized. In fact, we may realize losses on our investments.

We have exposure to unpredictable catastrophes, which can materially and adversely affect our financial results.

We write insurance policies that cover homeowners, condominium owners, and tenants for losses that result from, among other things, catastrophes. We are therefore subject to claims arising out of catastrophes that may have a significant effect on our business, results of operations, and financial condition. Catastrophes can be caused by various events, including hurricanes, tropical storms, tornadoes, windstorms, earthquakes, hailstorms, explosions, power outages, fires and by man-made events, such as terrorist attacks. The incidence and severity of catastrophes are inherently unpredictable. The extent of losses from a catastrophe is a function of both the total amount of insured exposure in the area affected by the event and the severity of the event. Our policyholders are currently concentrated in Florida, which is especially subject to adverse weather conditions such as hurricanes and tropical storms. Insurance companies are not permitted to reserve for catastrophes until such event takes place. Therefore, although we attempt to manage our exposure to catastrophes through our underwriting process and the purchase of reinsurance protection, an especially severe catastrophe or series of catastrophes could exceed our reinsurance protection and may have a material adverse impact on our results of operations and financial condition. See the risk factor below entitled "Reinsurance coverage may not be available to us in the future at commercially

Table of Contents

reasonable rates or at all and we risk non-collectibility of reinsurance amounts due us from reinsurers with which we have contracted.

Industry trends, such as increased litigation against the insurance industry and individual insurers, the willingness of courts to expand covered causes of loss, rising jury awards, and the escalation of loss severity may contribute to increased costs and to the deterioration of the reserves of our insurance subsidiary.

Loss severity in the property and casualty insurance industry has continued to increase in recent years, principally driven by larger court judgments. In addition, many legal actions and proceedings have been brought on behalf of classes of complainants, which can increase the size of judgments. The propensity of policyholders and third party claimants to litigate and the willingness of courts to expand causes of loss and the size of awards may render our loss reserves inadequate for current and future losses.

Reinsurance coverage may not be available to us in the future at commercially reasonable rates or at all and we risk non-collectibility of reinsurance amounts due us from reinsurers with which we have contracted.

Reinsurance is the practice of transferring part of an insurance company's liability and premium under an insurance policy to another insurance company. We use reinsurance arrangements to limit and manage the amount of risk we retain, to stabilize our underwriting results and to increase our underwriting capacity. The cost of such reinsurance is subject to prevailing market conditions beyond our control such as the amount of capital in the reinsurance market and natural and man-made catastrophes. We cannot be assured that reinsurance will remain continuously available to us in the amounts we consider sufficient and at prices acceptable to us. As a result, we may determine to increase the amount of risk we retain or look for other alternatives to reinsurance, which could in turn have a material adverse effect on our financial position, results of operations and cash flows.

With respect to the reinsurance treaties we currently have in effect, our ability to recover amounts due from reinsurers is subject to the reinsurance company's ability and willingness to pay and to meet their obligations to us. While we attempt to select financially strong reinsurers with an A.M. Best rating of A- or better and monitor from time to time their financial condition, we rely principally on A.M. Best, our broker, and other rating agencies in determining their ability to meet their obligations to us. Any failure on the part of any one reinsurance company to meet its obligations to us could have a material adverse effect on our financial condition or results of operations.

The failure of the risk mitigation strategies we utilize could have a material adverse effect on our financial condition or results of operations.

We utilize a number of strategies to mitigate our risk exposure, which include:

engaging in vigorous underwriting;

carefully evaluating terms and conditions of our policies;

focusing on our risk aggregations by geographic zones, credit exposure and other bases; and

ceding insurance risk to reinsurance companies.

However, there are inherent limitations in all of these tactics. We cannot provide assurance that an event or series of unanticipated events will not result in loss levels which could have a material adverse effect on our financial condition or results of operations.

Table of Contents

The failure of any of the loss limitation methods we employ could have a material adverse effect on our financial condition or our results of operations.

Our underwriting process is designed to limit our exposure to known risks, including but not limited to exclusions relating to homes in close proximity to the coast line. Various provisions of our policies, such as limitations or exclusions from coverage which have been negotiated to limit our risks, may not be enforceable in the manner we intend.

In addition, the policies we issue contain conditions requiring the prompt reporting of claims to us or to our claims handling administrator and our right to decline coverage in the event of a violation of that condition. While our insurance product exclusions and limitations reduce the loss exposure to us and help eliminate known exposures to certain risks, it is possible that a court or regulatory authority could nullify or void an exclusion or legislation could be enacted modifying or barring the use of such endorsements and limitations in a way that would adversely effect our loss experience, which could have a material adverse effect on our financial condition or results of operations.

In the future, we may rely on independent agents to write our insurance policies, and if we are not able to attract and retain independent agents, our revenues would be negatively affected.

We have begun writing insurance policies through independent agents unrelated to the Citizens take-out program, which we refer to as voluntary policies. Although voluntary policies comprise a minute percentage of our business, we expect to increase the number of voluntary policies we write as our business expands. An inability to sell our products through independent agents would negatively affect our revenues.

Many of our competitors rely on independent agents. As a result, we must compete with other insurers for independent agents business. Our competitors may offer a greater variety of insurance products, lower premiums for insurance coverage, or higher commissions to their agents. If our products, pricing and commissions do not remain competitive, we may find it more difficult to attract business from independent agents to sell our products. A material reduction in the amount of our products that independent agents sell could negatively affect our revenues.

Our success depends on our ability to accurately price the risks we underwrite.

The results of our operations and our financial condition depend on our ability to underwrite and set premium rates accurately for a wide variety of risks. Rate adequacy is necessary to generate sufficient premiums to pay losses, loss adjustment expenses, and underwriting expenses and to earn a profit. In order to price our products accurately, we must collect and properly analyze a substantial amount of data; develop, test and apply appropriate rating formulas; closely monitor and timely recognize changes in trends; and project both severity and frequency of losses with reasonable accuracy. Our ability to undertake these efforts successfully, and as a result price our products accurately, is subject to a number of risks and uncertainties, some of which are outside our control, including

the availability of sufficient reliable data and our ability to properly analyze available data;

the uncertainties that inherently characterize estimates and assumptions;

Table of Contents

our selection and application of appropriate rating and pricing techniques;

changes in legal standards, claim settlement practices, and restoration costs; and

legislatively imposed consumer initiatives.

Because we assumed the substantial majority of our current policies from Citizens, our rates are based, to a certain extent, on the rates charged by Citizens. In determining the rates we charge in connection with the policies we assumed from Citizens, our rates must be equal to or less than the rates charged by Citizens. If Citizens reduces its rates, we must reduce our rates to keep them equivalent to or less than Citizens' rates; however, if Citizens increases its rates, we may not automatically increase our rates. The risk that Citizens will reduce its rates is exacerbated by the fact that, absent certain circumstances, we must continue to provide coverage to the policyholders that we assume from Citizens for a period of three years. Currently, the Florida legislature has frozen Citizens' rates until January 1, 2010. We cannot provide assurance that Citizens will not lower its rates in the future although we believe it is unlikely to occur. Consequently, we could under price risks, which would negatively affect our profit margins. With respect to the voluntary policies that we write, we could also overprice risks, which could reduce our sales volume and competitiveness. In either event, our profitability could be materially and adversely affected.

Current operating resources are necessary to develop future new insurance products.

We currently intend to expand our product offerings by underwriting additional insurance products and programs, and marketing them through our independent agent network. Expansion of our product offerings will result in increases in expenses due to additional costs incurred in actuarial rate justifications, software and personnel. Offering additional insurance products may also require regulatory approval, further increasing our costs and potentially affecting the speed with which we will be able to pursue new market opportunities. We cannot assure you that we will be successful bringing new insurance products to our marketplace.

As an insurance holding company, we are currently subject to regulation by the state of Florida and in the future may become subject to regulation by certain other states or a federal regulator.

All states regulate insurance holding company systems. State statutes and administrative rules generally require each insurance company in the holding company group to register with the department of insurance in its state of domicile and to furnish information concerning the operations of the companies within the holding company system which may materially affect the operations, management or financial condition of the insurers within the group. As part of its registration, each insurance company must identify material agreements, relationships and transactions with affiliates, including without limitation loans, investments, asset transfers, transactions outside of the ordinary course of business, certain management, service, and cost sharing agreements, reinsurance transactions, dividends, and consolidated tax allocation agreements.

Insurance holding company regulations generally provide that transactions between an insurance company and its affiliates must be fair and equitable, allocated between the parties in accordance with customary accounting practices, and fully disclosed in the records of the respective parties. Many types of transactions between an insurance company and its affiliates, such as transfers of assets among such affiliated companies, certain dividend payments from insurance subsidiaries and certain material transactions between companies within the system, may be subject to prior notice to, or prior approval by, state regulatory authorities. If we are unable to obtain the requisite prior approval for a specific transaction, we would be precluded from taking the action which could adversely affect our operations.

Table of Contents

We currently operate only in the state of Florida. In the future, we may become authorized to transact business in other states and therefore will become subject to the laws and regulatory requirements of those states. These regulations may vary from state to state, and states occasionally may have conflicting regulations. Since Florida is our state of domicile, Florida laws will generally take precedent. Currently, the federal government's role in regulating or dictating the policies of insurance companies is limited. However, Congress, from time to time, considers proposals that would increase the role of the federal government in insurance regulation, either in addition to or in lieu of state regulation. The impact of any future federal insurance regulation on our insurance operations is unclear and may adversely impact our business or competitive position.

Our insurance subsidiary is subject to extensive regulation which may reduce our profitability or limit our growth. Moreover, if we fail to comply with these regulations, we may be subject to penalties, including fines and suspensions, which may adversely affect our financial condition and results of operations.

The insurance industry is highly regulated and supervised. Our insurance subsidiary is subject to the supervision and regulation of the state in which it is domiciled (Florida) and the state(s) in which it does business (currently only Florida). Such supervision and regulation is primarily designed to protect our policyholders rather than our shareholders. These regulations are generally administered by a department of insurance in each state and relate to, among other things

the content and timing of required notices and other policyholder information;

the amount of premiums the insurer may write in relation to its surplus;

the amount and nature of reinsurance a company is required to purchase;

participation in guaranty funds and other statutorily-created markets or organizations;

business operations and claims practices;

approval of policy forms and premium rates;

standards of solvency, including risk-based capital measurements;

licensing of insurers and their products;

restrictions on the nature, quality and concentration of investments;

restrictions on the ability of our insurance subsidiary to pay dividends to us;

restrictions on transactions between insurance company subsidiaries and their affiliates;

Edgar Filing: Homeowners Choice, Inc. - Form 424B3

restrictions on the size of risks insurable under a single policy;

requiring deposits for the benefit of policyholders;

requiring certain methods of accounting;

periodic examinations of our operations and finances;

prescribing the form and content of records of financial condition required to be filed; and

requiring reserves as required by statutory accounting rules.

The Florida OIR and regulators in other jurisdictions where our insurance subsidiary may become licensed conduct periodic examinations of the affairs of insurance companies and require the filing of annual and other reports relating to financial condition, holding company issues and other matters. These regulatory requirements may adversely affect or inhibit our ability to achieve some or all of our business objectives. These regulatory authorities also conduct periodic examinations into insurers' business practices. These reviews may reveal deficiencies in our insurance operations or differences between our interpretations of regulatory requirements and those of the regulators.

Table of Contents

In addition, regulatory authorities have relatively broad discretion to deny or revoke licenses for various reasons, including the violation of regulations. In some instances, we follow practices based on our interpretations of regulations or practices that we believe may be generally followed by the industry. These practices may turn out to be different from the interpretations of regulatory authorities. If we do not have the requisite licenses and approvals or do not comply with applicable regulatory requirements, insurance regulatory authorities could preclude or temporarily suspend us from carrying on some or all of our activities or otherwise penalize us. This could adversely affect our ability to operate our business.

Finally, changes in the level of regulation of the insurance industry or changes in laws or regulations themselves or interpretations by regulatory authorities could adversely affect our ability to operate our business, reduce our profitability and limit our growth.

The initial term of this agreement is for five years ending on July 15, 2013 and the lease may be extended for up to three additional five-year periods.

Dividends

Our ability to pay dividends will depend on many factors, including the Company's operating results, financial condition, capital requirements, and regulatory constraints and requirements, which are discussed in Note 14, Regulatory Requirements and Restrictions, to the audited, consolidated financial statements. To date, we have not declared or paid any dividends and we have no current intentions to pay cash dividends in the foreseeable future.

Under Florida law, a domestic insurer may not pay any dividend or distribute cash or other property to its stockholders except out of that part of its available and accumulated capital and surplus funds which is derived from realized net operating profits on its business and net realized capital gains. For a three-year period beginning March 30, 2007, our insurance subsidiary, as a newly licensed Florida insurer, is precluded from paying dividends

unless approved in advance by the Florida Office of Insurance Regulation. Additionally, Florida statutes preclude our insurance subsidiary from making dividend payments or distributions to stockholders without prior approval of the Florida Office of Insurance Regulation if the dividend or distribution would exceed the larger of (1) the lesser of (a) 10.0% of its capital surplus or (b) net income, not including realized capital gains, plus a two year carry forward, (2) 10.0% of capital surplus with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains or (3) the lesser of (a) 10.0% of capital surplus or (b) net investment income plus a three year carry forward with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains.

OVERVIEW

General

Homeowners Choice, Inc. is a property and casualty insurance holding company incorporated in Florida in 2006. Through our subsidiaries, we provide property and casualty homeowners insurance, condominium-owners insurance, and tenants insurance to individuals owning property in Florida. We offer these insurance products at competitive rates, while pursuing profitability using selective underwriting criteria. Our principal revenues are premiums and investment income. Our principal expenses are claims from policyholders and policy acquisition and other underwriting expenses. As of December 31, 2008, we had total assets of \$132.0 million and stockholders equity of \$37.4 million. Our net income was approximately \$12.7 million for the year ended December 31, 2008.

We began operations in June of 2007 by participating in a take-out program through which we assumed insurance policies held by Citizens Property Insurance Corporation (Citizens), a Florida state-supported insurer. The take-out program is a legislatively mandated program designed to reduce the state risk exposure by encouraging private companies to assume policies from Citizens. Since inception, we have assumed approximately 88,000 property and casualty insurance policies from Citizens, of which approximately 66,000 remain in force at March 1, 2009. These policies were assumed in six separate assumption transactions which took place in July 2007, November 2007, February 2008, June 2008, October 2008, and December 2008 and account for substantially all of our premium revenue since inception. Of those policies assumed, approximately 86% are homeowners

Table of Contents

insurance policies, and the remaining 14% are a combination of policies written for condominium-owners and tenants. From our inception through December 31, 2008, Citizens retained 6% of the written premium for the policies that we assumed, which is included in our policy acquisition costs. Our existing policies represent approximately \$130 million in annualized premiums.

Citizens requires us to offer renewals on the policies we acquire for a period of three years subsequent to the initial expiration of the assumed policies. We are required to offer these renewals at rates that are equivalent to or less than rates charged by Citizens. The policyholder has the option to renew with us or they may ask their agent to place their coverage with another insurance company. They may also elect to return to Citizens prior to the policy renewal date. We strive to retain these policies by offering competitive rates to our policyholders, which may be below the rates we initially charged in our take-out program as Citizens does not receive any portion of the renewal premium and, additionally, we expect our internal costs to renew the policy to be less than the original acquisition costs.

We face various challenges to implementing our operating and growth strategies. Since we write policies that cover Florida homeowners, condominium owners, and tenants, we cover losses that may arise from, among other things, catastrophes, which could have a significant effect on our business, results of operations, and financial condition. Even without catastrophic events, we may incur losses and loss adjustment expenses that deviate substantially from our estimates and that may exceed our reserves, in which case our net income and capital would decrease. Our operating and growth strategies may also be impacted by our insurance subsidiary's regulation and supervision by the State of Florida, which must approve our policy forms and premium rates as well as monitor our insurance subsidiary's ability to meet all requirements for regulatory compliance. Additionally, we compete with large, well-established insurance companies as well as other specialty insurers that, in most cases, possess greater financial resources, larger agency networks, and greater name recognition than we do.

Recent Developments

Effective December 9, 2008, we assumed a total of 17,348 policies upon completion of our sixth assumption transaction with Citizens. Including this December 2008 assumption, our existing policies represent approximately \$130 million in annualized premiums.

Upon completion of our fifth assumption transaction in October 2008 and based on the policies assumed and related total insured value, we qualified for a reduction in the assumed commissions from 16% to 6% of premiums assumed retroactive to June 2007. As a result, we received additional funds from Citizens and recognized a \$3.6 million reduction in commission expense during the fourth quarter of 2008.

Comparison of the Year Ended December 31, 2008 to the Year Ended December 31, 2007

Our results of operations for the year ended December 31, 2008 reflect net income of \$12.7 million, or \$2.08 earnings per diluted share, compared to net income of \$1,017,000, or \$0.29 per diluted share, for the year ended December 31, 2007. Our insurance operations began in July 2007. Thus, our 2007 results of operations include only the July and November 2007 assumption transactions whereas our results of operations for the year ended December 31, 2008 reflect the results of six assumption transactions.

Revenue

Net Premiums Earned of \$47.3 million for the year ended December 31, 2008 reflect the revenue from policies assumed from Citizens in July and November 2007 and February, June, October, and December 2008, and the earnings on the renewal of these policies, reduced by the appropriate reinsurance costs. In comparison, net premiums earned of \$7.0 million for the year ended December 31, 2007 reflect only those revenues from policies assumed from Citizens in July 2007, reduced by the appropriate reinsurance costs. Net Premiums Written during the years ended December 31, 2008 and 2007 totaled \$94.7 million and \$26.8 million, respectively.

Table of Contents

Net Premiums Written is a non-GAAP financial measure representing the premiums charged on policies issued during a fiscal period less any applicable reinsurance costs. *Net Premiums Written* is a statutory measure designed to determine production levels. *Net Premiums Earned* is the most directly comparable GAAP measure and represents the portion of *Net Premiums Written* that is recognized as revenue in the financial statements for the year.

The following is a reconciliation of our total *Net Premiums Written* to *Net Premiums Earned* for the years ended December 31, 2008 and 2007 (dollars in thousands):

	Year Ended December 31, 2008	Year Ended December 31, 2007
Net Premiums Written	\$ 94,671	26,848
Decrease/(Increase) in Unearned Premiums	(47,405)	(19,814)
Net Premiums Earned	\$ 47,266	7,034

Net Investment Income for the years ended December 31, 2008 and 2007 of \$1,622,000 and \$602,000, respectively, is specific to our investment in certificates of deposit and money market accounts. Such investments and the related investment income have increased primarily as the result of incremental premiums we have collected and invested following each assumption transaction. However, the increase in our investment income in 2008 was offset to some extent by a decline in short-term interest rates.

Other Income for the years ended December 31, 2008 and 2007 of \$645,000 and \$24,000, respectively, primarily reflects the policy fee income we receive with respect to our issuance of renewal policies.

Expenses

Losses and loss adjustment expenses for the years ended December 31, 2008 and 2007 of \$21.5 million and \$2.7 million, respectively, reflects the impact of case reserve strengthening and development of incurred but not reported losses. The increase in 2008 is primarily attributable to the increase in our policy volume, which grew from approximately 13,000 as of December 31, 2007 to approximately 70,000 as of December 31, 2008. Additionally, we can attribute \$262,000 of our third quarter 2008 losses to Tropical Storm Faye which occurred during August 2008.

Policy Acquisition and Other Underwriting Expenses for the years ended December 31, 2008 and 2007 of \$7.2 million and \$2.9 million, respectively, reflect the commissions payable to agents for production of policies, policy administration costs and administrative overhead expenses. The increase is primarily attributable to the increase in our policy volume and growth of our operations. This increase is offset by a \$3.6 million reduction in commission expense as a result of our completion of the October 2008 assumption transaction, which increased our assumed policy count and related total insured value to levels qualifying us for a reduction in assumed commissions from 16% to 6% of those premiums assumed from Citizens retroactive to June 2007.

Table of Contents

Income Taxes for the years ended December 31, 2008 and 2007 were \$8,140,000 and \$614,000, respectively, for state and federal income taxes resulting in an effective tax rate of 39.1% for 2008 and 37.6% for 2007.

Ratios:

The loss ratio (GAAP basis) applicable to the year ended December 31, 2008 (loss and loss adjustment expenses related to premiums earned) was 45.55% compared to 38.98% for the year ended December 31, 2007.

The expense ratio (GAAP basis) applicable to the year ended December 31, 2008 (policy acquisition and other underwriting expenses related to premiums earned) was 15.25% compared to 40.77% for the year ended December 31, 2007. A portion of our administrative expenses are fixed or otherwise do not fluctuate significantly as our revenue increases. Thus, we have experienced an improvement in our expense ratio primarily as a result of our revenue growth in 2008.

The combined loss and expense ratio (GAAP basis) is the key measure of underwriting performance traditionally used in the property and casualty industry. A combined ratio under 100.00% generally reflects profitable underwriting results. A combined ratio over 100.00% generally reflects unprofitable underwriting results. Our combined ratio for the year ended December 31, 2008 was 60.80% compared to 79.75% for the year ended December 31, 2007.

Seasonality of Our Business

We expect to experience increases in our losses and loss adjustment expenses during the period from June 1 through November 30 each year as this period is typically the period during which hurricanes and other tropical storms occur. As a result of such seasonal variations in our reported losses, we anticipate our operating profits during the period from June 1 through November 30 each year will be negatively impacted by an increase in losses and loss adjustment expenses. Conversely, we expect more favorable operating results during the period from December 1 through May 31 each year. Although 2008 was a fairly uneventful year for tropical storm development in Florida, our losses during the third quarter of 2008 included \$262,000 specific to Tropical Storm Faye.

LIQUIDITY AND CAPITAL RESOURCES

Since inception, we have financed our cash flow requirements through issuance of our common stock, net premiums received and investment income. In April 2007, we issued and sold 5,182,000 shares of our common stock to a group of accredited investors, including certain of our officers and directors, for an aggregate purchase price of approximately \$13.0 million. During the year ended December 31, 2008, our cash position increased by approximately \$65.3 million primarily as a result of the funds received from Citizens with respect to the October and December assumption transactions and, also, the funds received upon completion of our initial public offering on June 30, 2008. We used certain proceeds from our initial public offering to increase the statutory capital and surplus of our insurance subsidiary, which allowed us to assume an additional 46,049 and 17,348 policies through assumption transactions completed in October and December 2008, respectively. We believe our cash from net premiums and investment income will be sufficient to cover our cash outflows for at least the next 12 months.

Table of Contents

Our insurance subsidiary requires liquidity and adequate capital to meet ongoing obligations to policyholders and claimants and to fund operating expenses. From the beginning of our operations in June 2007 through December 31, 2008, liquidity generated from our private placement, initial public offering, operations and investment income was sufficient to meet obligations. We attempt to maintain adequate levels of liquidity and surplus to manage any differences between the duration of our liabilities and invested assets. We believe that we maintain sufficient liquidity to pay our insurance subsidiary's claims and expenses, as well as satisfy commitments in the event of unforeseen events such as reinsurer insolvencies, inadequate premium rates, or reserve deficiencies.

We maintain a comprehensive reinsurance program at levels management considers adequate to diversify risk and safeguard its financial position.

During 2008, our insurance subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc. (HCPC), entered into a reinsurance treaty with our subsidiary, Claddaugh Casualty Insurance Company Ltd. (Claddaugh), which was retroactive to June 1, 2008 and provides coverage through May 31, 2009. In the event Claddaugh incurs losses in excess of Claddaugh's cash reserves or in the event such losses are of amounts that would cause Claddaugh's capital and surplus to fall below \$2.0 million, we may be required to provide additional capital to Claddaugh or otherwise fund any draws by Claddaugh on a bank letter of credit, which we secured by a \$1,880,000 certificate of deposit.

In the future, we anticipate our principal sources of funds will be premiums and investment income. Additionally, we anticipate our primary use of funds will be to pay claims and operating expenses. In the insurance industry, cash collected for premiums from policies written is invested, interest and dividends are earned thereon, and loss and settlement expenses are paid out over a period of years. This period of time varies by the circumstances surrounding each claim. A substantial portion of our losses and loss expenses are fully settled and paid within 90 days of the claim receipt date. Additional cash outflow occurs through payments of underwriting costs such as commissions, taxes, payroll, and general overhead expenses.

Inflation and Changing Prices

During our limited operating history, we have not experienced any material impact on revenues or our results of operations due to inflation or changing prices. However, our premiums are established before we know the amount of our losses and the related settlement expenses and before we know the extent to which inflation may impact our expenses. Consequently, we attempt to anticipate the future impact of inflation when establishing our rates, yet our ability to establish and increase rates is subject to regulatory approval and may be further constrained by competitive pressures. In the event we experience prolonged periods of inflation leading to material increases in our expenses without a corresponding increase in our premium rates, such an event could have a material adverse effect on our future results of operations.

Cash Flows

Our cash flows from operating, investing and financing activities for the years ended December 31, 2008 and 2007 are summarized below.

Cash Flows for the Year ended December 31, 2008

Net cash provided by operating activities for the year ended December 31, 2008 was approximately \$66.6 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating

expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$11.2 million was primarily the result of our purchase of short-term investments. Net cash provided by financing activities totaled approximately \$9.9 million and consisted primarily of the net proceeds from the sale of our common stock through our initial public offering completed in July 2008.

Cash Flows for the Year ended December 31, 2007

Net cash provided by operating activities for the year ended December 31, 2007 was approximately \$19.9 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$17.1 million was primarily the result of our purchase of short-term investments. Net cash provided by financing activities totaled approximately \$13.0 million and consisted entirely of the proceeds from the sale of our common stock through a private transaction that was completed in April 2007.

Investments

We have tailored our investment policy in an effort to minimize risk in the current financial market. Therefore, we currently invest our excess cash primarily in money market accounts and in certificates of deposit (i.e., CDs) that mature in no more than thirteen months. With the exception of large national banks, it is our current policy not to deposit more than an aggregate of \$5.5 million in any one bank at any time. In the future, we may alter our investment policy to include investments such as federal, state and municipal obligations, corporate bonds, preferred and common equity securities and real estate mortgages, as permitted by applicable law, including insurance regulations.

Dividends

Under Florida law, a domestic insurer such as our insurance subsidiary, HCPC, may not pay any dividend or distribute cash or other property to its stockholders except out of that part of its available and accumulated capital and surplus funds which is derived from realized net operating profits on its business and net realized capital gains. For a three-year period beginning March 30, 2007, our insurance subsidiary, as a newly licensed Florida insurer, is precluded from paying dividends unless approved in advance by the Florida Office of Insurance Regulation. Additionally, Florida statutes preclude our insurance subsidiary from making dividend payments or distributions to stockholders without prior approval of the Florida Office of Insurance Regulation if the dividend or distribution would exceed the larger of (1) the lesser of (a) 10.0% of its capital surplus or (b) net income, not including realized capital gains, plus a two year carry forward, (2) 10.0% of capital surplus with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains or (3) the lesser of (a) 10.0% of capital surplus or (b) net investment income plus a three year carry forward with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains.

OFF-BALANCE SHEET ARRANGEMENTS

As of December 31, 2008, we had no off-balance sheet arrangements as defined in Item 303(a)(4) of Regulation S-K.

CONTRACTUAL OBLIGATIONS

As a smaller reporting company as defined by Rule 229.10(f)(1) of the Exchange Act, we are not required to provide the information under this item.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We have prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments to develop amounts reflected and disclosed in our financial statements. Material estimates that are particularly susceptible to significant change in the near term are related to our losses and loss adjustment expenses, which include amounts estimated for claims incurred but not yet reported. We base our estimates on various assumptions and actuarial data that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates.

We believe our accounting policies specific to premium revenue recognition, losses and loss adjustment expenses, reinsurance, deferred policy acquisition costs, deferred tax assets and liabilities, and stock-based compensation expense involve our most significant judgments and estimates material to our consolidated financial statements.

Premium Revenue. Premium revenue is earned on a daily pro-rata basis over the term of the policies. Unearned premiums represent the portion of the premium related to the unexpired policy term.

Losses and Loss Adjustment Expenses. Reserves for losses and loss adjustment expenses (LAE) are determined by establishing liabilities in amounts estimated to cover incurred losses and LAE. Such reserves are determined based on our assessment of claims reported and the development of pending claims. These reserves are based on individual case estimates for the reported losses and LAE and estimates of such amounts that are incurred but not reported (IBNR). Changes in the estimated liability are charged or credited to operations as the losses and LAE are adjusted.

The IBNR reserves represent our estimate of the ultimate cost of all claims that have occurred but have not been reported to us and, in some cases, may not yet be known to the insured. Estimating the IBNR component of our loss reserves involves considerable judgment on the part of management. At December 31, 2008, \$6,278,000 of the total \$14,763,000 we have reserved for losses and LAE is specific to our estimate of claims incurred but not reported. The remaining \$8,485,000 relates to known cases which have been reported but not yet fully settled in which case we have booked a reserve based on our best estimate of the ultimate cost of each claim. Of this amount, \$247,000 relates to claims incurred during the year ended December 31, 2007 and the remaining \$8,238,000 relates to claims incurred during the year ended December 31, 2008.

Based on all information known to us, we believe the aggregate of our loss reserves at December 31, 2008 is adequate to cover our claims for losses that had occurred as of that date including losses yet to be reported. However, these estimates are subject to trends in claim severity and frequency and must continually be reviewed by management. As part of the process, we review historical data and consider various factors, including known and anticipated regulatory and legal developments, changes in social attitudes, inflation and economic conditions. As experience develops and other data becomes available, these estimates are revised, as required, resulting in increases or decreases to the existing unpaid losses and LAE. Adjustments are reflected in the results of operations in the period in which they are made and the liabilities may deviate substantially from prior estimates.

Table of Contents

Reinsurance. In the normal course of business, we seek to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. Amounts recoverable from reinsurers are estimated in a manner consistent with the reinsured policy. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded to other companies have been reported as a reduction of premium income.

Deferred policy acquisition costs. Deferred policy acquisition costs (DAC) primarily represent commissions paid to Citizens or outside agents at the time of collection of the policy premium, salaries and premium taxes and are amortized over the life of the related policy in relation to the amount of premiums earned. The method followed in computing DAC limits the amount of such deferred costs to their estimated realizable value, which gives effect to the premium earned, related investment income, unpaid loss and LAE and certain other costs expected to be incurred as the premium is earned.

DAC is reviewed to determine if it is recoverable from future income, including investment income. If such costs are determined to be unrecoverable, they are expensed at the time of determination. The amount of DAC considered recoverable could be reduced in the near term if the estimates of total revenues discussed above are reduced or permanently impaired as a result of the disposition of a line of business. The amount of amortization of DAC could be revised in the near term if any of the estimates discussed above are revised.

Income Taxes. Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates will be recognized in income or expense in the period that includes the enactment date. Valuation allowances are provided against assets that are not likely to be realized. The Company has elected to classify interest and penalties determined under Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48), as income tax expense as permitted by FIN 48.

Stock-Based Compensation. We account for our stock option plan in accordance with SFAS No. 123-R, Share-Based Payment (SFAS 123(R)). SFAS 123(R) requires the measurement and recognition of compensation for all stock-based awards made to employees and directors including stock options and restricted stock issuances based on estimated fair values. Under the fair value recognition provisions of SFAS 123(R), the Company recognizes stock-based compensation in the consolidated statements of operations on a straight-line basis over the vesting period. As permitted by SFAS 123(R), we use the Black-Scholes option pricing model, which requires the following variables for input to calculate the fair value of each stock award on the option grant date: 1) expected volatility of our stock price, 2) the risk-free interest rate, 3) expected term of each award, 4) expected dividends, and 5) an expected forfeiture rate.

ITEM 7A *Quantitative and Qualitative Disclosures About Market Risk*

Market risk is the risk of economic losses due to adverse changes in the estimated fair value of a financial instrument resulting in changes in interest rates, equity prices, or credit risk.

Credit risk is a major factor in operating our business. We have established policies and procedures to evaluate our exposure, particularly with regard to our investment holdings, and our receivable balances from insureds and reinsurers. We review credit risk from a variety of sources: credit risk from financial institutions; investment risk; counter-party risk from reinsurers; premium receivables; and key vendor relationships.

We are subject to credit risks with respect to our reinsurers. Although a reinsurer is liable for losses to the extent of the coverage which it assumes, our reinsurance contracts do not discharge our insurance company from primary liability to each policyholder for the full amount of the applicable policy, and consequently our insurance company remains obligated to pay claims in accordance with the terms of the policies regardless of whether a reinsurer fulfills or defaults on its obligations under the related reinsurance agreement. In order to mitigate credit risk in connection with reinsurance companies, we attempt to select financially strong reinsurers with an A.M. Best rating of A- or better and continually evaluate their financial condition.

Notes to Consolidated Financial Statements

Note 1 Summary of Significant Accounting Policies

Organization and Business. The accompanying consolidated financial statements include the accounts of Homeowners Choice, Inc. and its wholly-owned subsidiaries (collectively, the Company). All significant intercompany balances and transactions have been eliminated in consolidation.

Homeowners Choice, Inc. is an insurance holding company, which through its subsidiaries and contractual relationships with independent agents controls substantially all aspects of the insurance underwriting, distribution and claims process. The Company is authorized to underwrite homeowners' property and casualty insurance in the state of Florida through its wholly-owned subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc. (HCPC). HCPC commenced operations on June 18, 2007.

Homeowners Choice Managers, Inc. (HCM), a wholly-owned subsidiary, acts as HCPC's exclusive managing general agent in the state of Florida. HCM currently provides underwriting policy administration, marketing, accounting and financial services to HCPC, and participates in the negotiation of reinsurance contracts. Southern Administration, Inc., a wholly-owned subsidiary, provides policy administration services. Claddaugh Casualty Insurance Company Ltd. (Claddaugh), a wholly-owned subsidiary, provides reinsurance coverage to HCPC.

Nearly all of the Company's customers have been obtained through participation in a takeout program with Citizens Property Insurance Corporation (Citizens), a Florida state supported insurer. The customers were obtained in six separate assumption transactions completed in July 2007, November 2007, February 2008, June 2008, October 2008, and December 2008. The Company is required to offer renewals on the policies acquired for a period of three years subsequent to the initial expiration of the assumed policies. Such renewals are required to have rates that are equivalent to or less than the rates charged by Citizens.

Use of Estimates. The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ materially from these estimates. Material estimates that are particularly susceptible to significant change in the near term are related to loss and loss adjustment expenses.

Notes to Consolidated Financial Statements, Continued

Note 1 Summary of Significant Accounting Policies, continued

Cash and Cash Equivalents. The Company considers all short-term highly liquid investments with original maturities of less than three months to be cash and cash equivalents. At December 31, 2008 and 2007, cash and cash equivalents consists of cash on deposit with financial institutions and overnight repurchase agreements.

Short-term Investments. Short-term investments consist of certificates of deposit with maturities less than one year.

Deferred policy acquisition costs. Deferred policy acquisition costs (DAC) primarily represent commissions paid to Citizens or outside agents at the time of collection of the policy premium, salaries and premium taxes and are amortized over the life of the related policy in relation to the amount of premiums earned. The method followed in computing DAC limits the amount of such deferred costs to their estimated realizable value, which gives effect to the premium earned, related investment income, unpaid loss and LAE and certain other costs expected to be incurred as the premium is earned.

DAC is reviewed to determine if it is recoverable from future income, including investment income. If such costs are determined to be unrecoverable, they are expensed at the time of determination. The amount of DAC considered recoverable could be reduced in the near term if the estimates of total revenues discussed above are reduced or permanently impaired as a result of the disposition of a line of business. The amount of amortization of DAC could be revised in the near term if any of the estimates discussed above are revised.

Property and Equipment. Property and equipment is stated at cost less accumulated depreciation and amortization. Depreciation and amortization expense is calculated on a straight-line basis over the estimated useful lives, which range from three to five years. Expenditures for improvements are capitalized to the property accounts. Replacements and maintenance and repairs that do not improve or extend the life of the respective assets are expensed as incurred. Leasehold improvements are amortized over the shorter of the lease term or the asset's useful life.

Losses and Loss Adjustment Expenses. Reserves for losses and loss adjustment expenses (LAE) are determined by establishing liabilities in amounts estimated to cover incurred losses and LAE. Such reserves are determined based on the assessment of claims reported and the development of pending claims. These reserves are based on individual case estimates for the reported losses and LAE and estimates of such amounts that are incurred but not reported. Changes in the estimated liability are charged or credited to operations as the losses and LAE are settled.

The estimates of unpaid losses and LAE are subject to trends in claim severity and frequency and are continually reviewed. As part of the process, we review historical data and consider various factors, including known and anticipated regulatory and legal developments, changes in social attitudes, inflation and economic conditions. As experience develops and other data becomes available, these estimates are revised, as required, resulting in increases or decreases to the existing unpaid losses and LAE. Adjustments are reflected in the results of operations in the period in which they are made and the liabilities may deviate substantially from prior estimates.

Note 1 Summary of Significant Accounting Policies, continued

Reinsurance. In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. Amounts recoverable from reinsurers are estimated in a manner consistent with the reinsured policy. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded to other companies have been reported as a reduction of premium income.

Premium Revenue. Premium revenue is earned on a daily pro-rata basis over the term of the policies. Unearned premiums represent the portion of the premium related to the unexpired policy term.

Policy Fees. Policy fees represent nonrefundable application fees for insurance coverage, which are intended to reimburse a portion of the costs incurred to underwrite the policy. The fees and related costs are recognized when the policy is written.

Income Taxes. Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates will be recognized in income or expense in the period that includes the enactment date. Valuation allowances are provided against assets that are not likely to be realized. The Company has elected to classify interest and penalties determined under Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48), as income tax expense as permitted by FIN 48.

Pre-opening Expenses. Pre-opening expenses incurred prior to the June 18, 2007 commencement of insurance operations were expensed as incurred.

Fair Value of Financial Instruments. The carrying amounts for the following financial instruments approximate their fair values at December 31, 2008 and 2007 due to their short-term nature: cash and cash equivalents, short-term investments, and note receivable

Comprehensive Income. There were no components of comprehensive income other than net income for the years ended December 31, 2008 and 2007.

Segment Reporting. Statement of Financial Accounting Standard (SFAS) No. 131, Disclosures about Segments of an Enterprise and Related Information, establishes standards for reporting information about operating segments. The Company does not have any operations that require separate disclosure as operating segments.

Stock-Based Compensation. The Company accounts for its stock option plan in accordance with SFAS No. 123-R, Share-Based Payment (SFAS 123(R)). SFAS 123(R) requires the measurement and recognition of compensation for all stock-based awards made to employees and directors including stock options and restricted stock issuances based on estimated fair values. Under the fair value recognition provisions of SFAS 123(R), the Company recognizes stock-based compensation in the consolidated statements of operations on a straight-line basis over the vesting period.

Earnings Per Share. Basic earnings per share is computed on the basis of the weighted-average number of common shares outstanding. Diluted earnings per share is computed based on the weighted-average number of shares outstanding plus the effect of outstanding stock options and warrants, computed using the treasury stock method.

Fair Value Measurements. Effective January 1, 2008, the Company adopted SFAS No. 157 for financial assets and liabilities. SFAS 157 establishes a framework for measuring fair value, clarifies the definition of fair value and expands disclosures regarding fair value measurements. SFAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the reporting date. SFAS 157 builds on current practice and requirements under existing accounting pronouncements and, accordingly, does not prescribe any new fair value measurements.

SFAS 157 establishes a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable. Valuations may be obtained from, or corroborated by, third-party pricing services.

Level 3: Unobservable inputs in which there is little or no market data available, which require the reporting entity to develop its own assumptions.

There were no financial instruments measured in accordance with SFAS 157 at December 31, 2008 or for the year then ended.

Note 2 Recent Accounting Pronouncements

In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157* (FSP FAS 157-2). FSP FAS 157-2 delays the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value on a recurring basis (at least annually) to fiscal years beginning after November 15, 2008. The impact of adoption was not material to the Company's consolidated financial statements.

In October 2008, the FASB issued FASB Staff Position No. FAS 157-3, *Determining the Fair Value of a Financial Asset When the Market for that Asset Is Not Active*, which clarifies the application of SFAS 157 as it relates to the valuation of financial assets in a market that is not active for those financial assets. This FASB Staff Position was effective upon issuance and did not have a material impact on the Company's consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141(R), *Business Combinations* (SFAS 141(R)). SFAS 141(R) is effective for fiscal years beginning after December 15, 2008 and early implementation is not permitted. SFAS 141(R) requires the acquiring entity in a business combination to recognize all (and only) the assets acquired and liabilities assumed in the transaction; establishes the acquisition date fair value as the measurement objective for all assets acquired and liabilities assumed; and requires the acquirer to disclose to investors and other users all of the information they need to evaluate and understand the nature and financial effect of the business combination. Acquisition related costs including finder's fees, advisory, legal, accounting valuation and other professional and consulting fees are required to be expensed as incurred. Presently, the Company is not involved in any transactions subject to reporting under SFAS 141(R) and, as such, the Company does not believe the adoption will have a material impact on its consolidated financial statements

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements* (SFAS 160). SFAS 160 requires the Company to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This Statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 and earlier adoption is prohibited. Adoption of this statement, when SFAS 160 becomes effective, is not expected to have a material impact on the Company's consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities - an amendment of FASB Statement No. 133* (SFAS 161). SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about a) how and why an entity uses derivative instruments, b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. Companies are required to adopt SFAS 161 for fiscal years beginning after November 15, 2008. Presently, the Company is not involved in any transactions subject to reporting under SFAS 161 and, as such, the Company does not believe the adoption will have a material impact on its consolidated financial statements.

Note 2 Recent Accounting Pronouncements, continued

In May 2008, the FASB issued FASB Statement No. 163 (SFAS 163), *Accounting for Financial Guarantee Insurance Contracts*, an interpretation of SFAS Statement No. 60. SFAS 163 requires that an insurance enterprise recognizes a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. SFAS 163 also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities. Those clarifications will increase comparability in financial reporting of financial guarantee insurance contracts by insurance enterprises. SFAS 163 also requires expanded disclosures about financial guarantee insurance contracts. SFAS 163 is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008. Presently, the Company is not involved in any transactions subject to reporting under SFAS 163 and, as such, the Company does not believe the adoption will have a material impact on its consolidated financial statements.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). The FASB concluded that the GAAP hierarchy should reside in the accounting literature established by the FASB and issued SFAS 162 to achieve that result. SFAS 162 is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. Management does not anticipate adoption will have a material effect on the Company's consolidated financial condition or results of operations.

In April 2008, the FASB issued FSP No. 142-3, *Determination of the Useful Life of Intangible Assets* (FSP No. 142-3). FSP No. 142-3 amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS No. 142. In developing assumptions about renewal or extension, FSP No. 142-3 requires an entity to consider its own historical experience (or, if no experience, market participant assumptions) adjusted for relevant entity-specific factors given in paragraph 11 of SFAS No. 142. FSP No. 142-3 expands the disclosure requirements of SFAS No. 142 and is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years, with early adoption prohibited. The guidance for determining the useful life of a recognized intangible asset shall be applied prospectively to intangible assets acquired after the effective date. The disclosure requirements shall be applied prospectively to all intangible assets recognized as of, and subsequent to, the effective date. The adoption of FSP No. 142-3 did not have a material effect on the Company's consolidated financial condition or results of operations.

The Company cedes a portion of its homeowners insurance exposure to other entities under catastrophe excess of loss reinsurance treaties. The Company remains liable with respect to claims payments in the event that any of the reinsurers are unable to meet their obligations under the reinsurance agreements. The Company evaluates the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvencies.

The impact of the catastrophe excess of loss reinsurance treaties on premiums written and earned is as follows (dollars in thousands):

The Company has no uncertain tax positions or unrecognized tax benefits that, if recognized, would impact the effective income tax rate. There have been no interest or penalties recognized for the years ended December 31, 2008 and 2007.

A valuation allowance is established if, based upon the relevant facts and circumstances, management believes any portion of the tax assets will not be realized. Although realization of deferred income tax assets is not certain, management believes it is more likely than not that deferred tax assets will be realized. The valuation allowance was reversed in 2007 subsequent to the commencement of insurance underwriting operations. As a result, the Company did not have a valuation allowance established as of December 31, 2008 or 2007.

Note 10 Stockholders Equity, continued

On July 24, 2008, the Company completed the sale of 1,666,668 units consisting of one share of the Company's common stock and one warrant. Two warrants may be exercised to acquire one share of common stock at an exercise price equal to \$9.10 per share on or before July 30, 2013. In addition, the Company's placement agents with respect to the offering received an aggregate of 166,666 warrants to purchase 166,666 shares of common stock at an exercise price of \$9.10 per share. These placement agent warrants are exercisable beginning on January 27, 2009 through their expiration date of July 30, 2013. In December 2008, a total of 61,666 of the placement agent warrants were forfeited. Thus, the Company has reserved 938,334 shares of common stock for issuance upon exercise of the warrants. At any time after January 30, 2009 and before the expiration of the warrants, the Company at its option may cancel the warrants in whole or in part, provided that the closing price per share of the Company's common stock has exceeded \$11.38 for at least ten trading days within any period of twenty consecutive trading days, including the last trading day of the period. The placement agents also have the option to effect a cashless exercise in which the warrants would be exchanged for the number of shares which is equal to the intrinsic value of the warrant divided by the current value of the underlying shares. The initial public offering resulted in aggregate gross proceeds to the Company of approximately \$11.7 million and net proceeds of approximately \$9.8 million after underwriting commissions and offering expenses. With respect to the warrants, the fair value of approximately \$2.3 million of non-cash offering costs was offset by a credit to additional paid-in-capital. The fair value of the warrants was determined by the Black-Scholes pricing model using the following assumptions: volatility of 48%, an expected life of 5 years, and a risk-free interest rate of 3.36%.

Stock Option Plan

The Company accounts for stock-based compensation under the fair value recognition provisions of SFAS No. 123-R, Share-Based Payment.

The Company's 2007 Stock Option and Incentive Plan (the Plan) provides for granting of stock options to employees, directors, consultants, and advisors of the Company. Under the Plan, options may be granted to purchase a total of 6,000,000 shares of the Company's common stock. At December 31, 2008, options to purchase 4,810,000 shares are available for grant under the Plan. The options vest over periods ranging from immediately vested to five years and are exercisable over the contractual term of ten years.

As part of its implementation of SFAS 123(R), the Company had no historical pattern of option exercises. Therefore, the Company could not identify any patterns in the exercise of options. As such, the Company used the guidance in Staff Accounting Bulletin No. 107 issued by the Securities and Exchange Commission to determine the estimated life of options issued. Expected volatility is based on historical volatility of the similar sized insurance company's common stock. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve at the time of grant. The dividend yield assumption is based on the Company's history and expectation of dividend payments.

At December 31, 2008 and 2007, there was approximately \$668,000 and \$1,021,000, respectively, of total unrecognized compensation expense related to nonvested stock-based compensation arrangements granted under the plan, which the Company expects to recognize over a weighted-average period of nineteen (19) months. During the year ended December 31, 2008, a total of 44,000 options were exercised. The total fair value of shares vesting and recognized as compensation expense was approximately \$466,000 and \$428,000, respectively, for the years ended December 31, 2008 and 2007 and the associated income tax benefit recognized was \$157,000 and \$138,000 respectively. The total intrinsic value of options exercised during the year ended December 31, 2008 was \$96,960 and the income tax benefit recognized was \$26,000.

Note 13 Commitments and Contingencies

The Company may be party to claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the consolidated financial position or liquidity.

As a direct premium writer in the state of Florida, the Company is required to participate in certain insurer pools and associations under Florida statutes 631.57(3) (A). Participation in these pools is based on written premium by line of business to total premiums written statewide by all insurers. Participation may result in assessments against the Company. For the years ended December 31, 2008 and 2007, HCPC collected and paid assessments to the Florida Hurricane Catastrophe Fund (FHCF) amounting to \$378,000 and \$400, respectively. Additionally, HCPC collected and paid assessments to Citizens of \$529,000 and \$600, respectively, for the years ended December 31, 2008 and 2007. These assessments are recorded as a surcharge in premium billings to insureds. The surcharges are 1.0% of premium for the FHCF and 1.4% for Citizens.

HCPC received approval as a Limited Apportionment Company in April of 2008. This designation allows the Company to pay assessments from regulatory agencies as assessments from insureds are recouped rather than paying the assessment and then recouping from the insureds/ policyholders.

Claddaugh has been required since inception to maintain minimum capital and surplus of \$2.0 million, which the Company funded with a \$120,000 cash deposit and a \$1,880,000 bank letter of credit. Claddaugh is the beneficiary of the letter of credit, which is collateralized by a \$1,880,000 certificate of deposit.

Note 14 Regulatory Requirements and Restrictions

The Florida Insurance Code (the Code) requires HCPC to maintain capital and surplus equal to the greater of 10% of its liabilities or a statutory minimum as defined in the Code. At December 31, 2008 and 2007, HCPC is required to maintain a minimum capital and surplus of \$4.0 million. At December 31, 2008 and 2007, HCPC's statutory capital and surplus was \$24.8 million and \$10.4 million, respectively. HCPC's statutory net profit was \$3.4 million for the year ended December 31, 2008 compared to the statutory net loss of \$1.4 million for the period from June 18, 2007 (commencement of insurance operations) to December 31, 2007. Statutory surplus differs from stockholders' equity reported in accordance with generally accepted accounting principles primarily because policy acquisition costs are expensed when incurred. In addition, the recognition of deferred tax assets is based on different recoverability assumptions.

As of December 31, 2008 and 2007, HCPC had a cash deposit with the Insurance Commissioner of the state of Florida, in the amount of \$300,000, to meet regulatory requirements. At December 31, 2008 and 2007, there were no material permitted statutory accounting practices utilized by HCPC.

Under Florida law, a domestic insurer may not pay any dividend or distribute cash or other property to its stockholders except out of that part of its available and accumulated capital and surplus funds which is derived from realized net operating profits on its business and net realized capital gains. A Florida domestic insurer may not make dividend payments or distributions to stockholders without prior approval of the Florida Office of Insurance Regulation (OIR) if the dividend or distribution would exceed the larger of (1) the lesser of (a) 10.0% of its capital surplus or (b) net income, not including realized capital gains, plus a two year carry forward, (2) 10.0% of capital surplus with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains or (3) the lesser of (a) 10.0% of capital surplus or (b) net investment income plus a three year carry forward with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains. At December 31, 2008 and 2007, no dividends are available to be paid by HCPC.

The Bermuda Monetary Authority requires Claddaugh to maintain minimum capital and surplus of \$2.0 million. At December 31, 2008, Claddaugh's statutory capital and surplus was \$2.3 million. Claddaugh's statutory net profit was \$291,000 for the year ended December 31, 2008.

Additionally, the Company paid \$31,000 to reimburse the landlord for tenant improvements. There were no such payments during the year ended December 31, 2007.

BYLAWS
OF
HOMEOWNERS CHOICE, INC.

(As Amended April 16, 2009)

ARTICLE I. OFFICE

The Corporation may have such offices, either within or without the State of Florida, as the Board of Directors may designate or as the business of the Corporation may require from time to time.

ARTICLE II. SHAREHOLDERS

SECTION 1. Annual Meeting. The annual meeting of the Shareholders shall be held between January 1st and December 31st each year, on such date and at such hour as may be specified in the Notice of Meeting or in a duly executed Waiver of Notice thereof, for the purpose of electing Directors and for the transaction of such other business as may come before the meeting. If the day fixed for the annual meeting shall be a legal holiday in the State of Florida, such meeting shall be held on the next succeeding business day. If the election of Directors shall not be held on the day designated herein for any annual meeting of the Shareholders, or at any adjournment thereof, the Board of Directors shall cause the election to be held at a special meeting of the Shareholders as soon thereafter as conveniently may be.

SECTION 2. Special Meetings. Special meetings of the Shareholders, for any purpose or purposes, may be called by the Board of Directors, by the holders of not less than one-tenth (1/10) of all the shares of the Corporation entitled to vote at the meeting, by the Chairman of the Corporation's Board of Directors or by the President of the Corporation.

SECTION 3. Place of Meeting. The Board of Directors may designate any place, either within or without the State of Florida, unless otherwise prescribed by statute, as the place of meeting for any annual meeting of Shareholders or for any special meeting of Shareholders called by the Board of Directors. If no designation is made by the Board, or if a special meeting be otherwise called, the place of meeting shall be the principal office of the Corporation in the State of Florida. Notwithstanding the first two sentences of this Section, a Waiver of Notice signed by all Shareholders entitled to vote at a meeting, whether an annual or special meeting, may designate any place, either within or without the State of Florida, unless otherwise prescribed by statute, as the place of the holding of such meeting.

SECTION 4. Notice of Meeting. Written or printed notice stating the place, day and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered to each Shareholder of record entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the meeting, either personally or any manner authorized by the Florida Business Corporation Act, by or at the direction of the President, the Secretary, or the person or persons calling the meeting. If mailed,

Table of Contents

such notice shall be deemed to be delivered when deposited in the United States mail addressed to the Shareholder at his address as it appears on the records of the Corporation, with the postage thereon prepaid. Notice may be waived in accordance with Article XII.

SECTION 5. Fixing of Record Date. The Board of Directors may fix a date, not less than ten (10) nor more than sixty (60) days before the date set for any meeting of the Shareholders, as the record date as of which the Shareholders of record entitled to notice of and to vote at such meeting and any adjournment thereof shall be determined.

SECTION 6. Quorum. A majority of the outstanding shares of the Corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of the Shareholders. When a meeting is adjourned to another time or place, it shall not be necessary to give any notice of the adjourned meeting if the time and place to which the meeting is adjourned are announced at the meeting at which the adjournment is taken, and any business may be transacted at the adjourned meeting that might have been transacted at the original date of the meeting. If, however, after the adjournment, the Board fixes a new record date for the adjourned meeting, a notice of the adjourned meeting shall be given in compliance with Section 4 of this article to each Shareholder of record on the new record date entitled to vote at such meeting. After a quorum has been established at a Shareholders' meeting, the subsequent withdrawal of Shareholders, so as to reduce the number of shares entitled to vote at the meeting below the number required for a quorum, shall not affect the validity of any action taken at the meeting or any adjournment thereof.

SECTION 7. Proxies. Every Shareholder entitled to vote at a meeting of Shareholders or to express consent or dissent without a meeting, or his duly authorized attorney-in-fact, may authorize another person or persons to act for him by proxy. The proxy must be executed in writing by the Shareholder or his duly authorized attorney-in-fact. Such proxy shall be filed with the Secretary of the Corporation before or at the time of such meeting or at the time of expressing such consent or dissent without a meeting. No proxy shall be valid after the expiration of eleven (11) months after the date thereof unless provided otherwise in the proxy.

SECTION 8. Voting of Shares. Each outstanding share of stock having voting rights shall be entitled to one (1) vote upon each matter submitted to a vote at a meeting of the Shareholders. If a quorum exists, action on a matter (other than the election of Directors) is approved if the votes cast favoring the action exceed the votes cast opposing the action, unless the Corporation's Articles of Incorporation or Florida Statutes require a greater number.

SECTION 9. Voting of Shares by Certain Holders. Shares of stock standing in the name of another corporation may be voted by the Officer, agent or proxy designated by the Bylaws of the corporate Shareholder or, in the absence of any applicable bylaw, by such person as the board of Directors of the corporate Shareholder may designate. Proof of such designation may be made by presentation of a certified copy of the bylaws or other instrument of the corporate Shareholder. In the absence of any such designation or, in case of conflicting designation by the corporate Shareholder, the chairman of the board, the president, any vice president, the secretary, and the treasurer or chief financial officer, as the case may be, of the corporate Shareholder shall be presumed to possess, in that order, authority to vote such shares.

Table of Contents

Shares of stock held by an administrator, executor, guardian or conservator may be voted by him, either in person or by proxy, without a transfer of such shares into his name.

Shares of stock standing in the name of a trustee may be voted by him, either in person or by proxy, but no trustee shall be entitled to vote shares held by him without a transfer of such shares into his name.

Shares of stock standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his name, if authority so to do be contained in an appropriate order of the court by which such receiver was appointed.

A Shareholder whose shares of stock are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee or his nominee shall be entitled to vote the shares so transferred.

Treasury shares, shares of its own stock owned by another corporation the majority of the voting stock of which is owned or controlled by it, and shares of its own stock held by a corporation in a fiduciary capacity shall not be voted, directly or indirectly, at any meeting and shall not be counted in determining the total number of outstanding shares at any given time.

SECTION 10. Action Without a Meeting. Any action required by law to be taken at any meeting of Shareholders of the Corporation or any action which may be taken at a meeting of Shareholders, may be taken without a meeting, without prior notice, and without a vote if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote were present and voted. If any class of shares is entitled to vote as a class, such written consent shall be required of the holders of the majority of the shares of each class of shares entitled to vote as a class thereon and of the total shares entitled to vote.

Within ten days after obtaining such authorization by written consent, notice must be given to those Shareholders who have not consented in writing. The notice shall fairly summarize the material features of the authorized action and, if the action be a merger, consolidation, or sale or exchange of assets for which the dissenters rights are provided under the law, the notice shall contain a clear statement of the right of Shareholders dissenting therefrom to be paid the fair value of their shares upon compliance with further provisions of the law regarding the rights of dissenting Shareholders.

In the event that the action to which the Shareholder's consent is such as would have required the filing of a certificate under any other section of the law if such action had been voted on by Shareholders in a meeting thereof, the certificate filed under such other section shall state that written consent has been given in accordance with the provisions of Section 607.0704 of the Florida Statutes.

SECTION 11. Procedures for Submitting Business to Shareholders. No business will be conducted at a meeting of the shareholders except as permitted by this Section 11.

Table of Contents

A proposal of business (including the nomination of a Director) may be considered and voted upon by shareholders at a meeting when (i) the proposal is set forth in the Company's notice of meeting or proxy statement by or at the direction of the Board of Directors; or (ii) the proposal is otherwise presented by or at the direction of the Board of Directors as permitted by law.

A proposal of business (other than the nomination of a Director) may be considered and voted upon by shareholders at a meeting when the proposal is submitted by a shareholder of the Company in compliance with Securities and Exchange Commission Rule 14a-8 and is set forth in the Company's notice of meeting or proxy statement;

A proposal of business (including the nomination of a Director) may be considered and voted upon by shareholders at a meeting when the proposal or nomination is submitted by a shareholder outside the process of Securities and Exchange Commission Rule 14a-8; provided the shareholder has delivered written notice of the proposal to the Company (i) in the case of an annual meeting at least 45 days before the one year anniversary of the date the Company first sent its proxy materials to shareholders for the prior year's annual meeting (unless the current annual meeting of shareholders is more than 30 days earlier or later than the anniversary date of the previous year's annual meeting in which case the notice the notice must be delivered at least 45 days before the Company sends its proxy materials to shareholders for the current year meeting) and (ii) in the case of a special meeting no more than 10 days after the Company sends its proxy materials to shareholders for the special meeting.

In the case of a shareholder proposal outside the process of Securities and Exchange Commission Rule 14a-8 the proposing shareholder must be a shareholder of record at the time the shareholder gives notice of such proposal as provided for in this Section and be entitled to vote on the proposal at the meeting. Written notice any shareholder proposals outside the process of Securities and Exchange Commission Rule 14a-8 must be mailed and received by, or delivered to, the Secretary of the Company at the principal executive offices of the Company. In addition the notice must set forth (i) the name and address of the shareholder, (ii) the number of shares of stock of the Company held of record and beneficially by such shareholder, (iii) a representation that the shareholder intends to appear at the meeting in person or by proxy to submit the business specified in such notice, (iv) a brief description of the business desired to be submitted to the meeting of shareholders, including the complete text of any resolutions and any amendment to any Company document intended to be presented at the meeting of shareholders, (v) any personal or other direct or indirect material interest of the shareholder in the business to be submitted, (vi) all other information relating to the proposed business which may be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission and (vii) if the shareholder intends to make a nomination, (a) information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission and (b) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder. Notice of intention to make a Director nomination must be accompanied by the written consent of each nominee to serve as Director of the Company if elected.

Table of Contents

The shareholder who submits a proposal for consideration by the shareholders must attend the meeting or send a valid proxy to the meeting to present the proposal.

The Company may exclude any shareholder proposal that is not a proper subject for shareholder action. Improper subjects for shareholder action include, without limitation, proposals that (i) would be invalid under state law (ii) if implemented, would cause the company to violate any state, federal, or foreign law to which it is subject; (iii) violate Security and Exchange Commission proxy rules; (iv) relate to the redress of a personal claim or grievance against the Company or any other person; (v) are designed to result in a benefit to the proposing shareholder, or to further a personal interest, which is not shared by the other shareholders at large; (vi) relate to operations which account for less than 5 percent of the Company's total assets at the end of its most recent fiscal year, and for less than 5 percent of its net earnings and gross revenues for its most recent fiscal year, and is not otherwise significantly related to the Company's business; (vii) the Company would lack the power or authority to implement; and (viii) deal with a matter relating to the Company's ordinary business operations; (ix) directly conflict with one of the Company's own proposals to be submitted to shareholders at the same meeting; (x) the Company has already substantially implemented; (xi) substantially duplicate another proposal previously submitted to the Company by another proponent that will be included in the Company's proxy materials for the same meeting; (xii) deal with substantially the same subject matter as another proposal or proposals that were included in the Company's proxy materials within the preceding 5 calendar years; and (xiv) relate to specific amounts of cash or stock dividends.

The officer presiding at the meeting of shareholders shall determine all matters relating to the efficient conduct of the meeting, including, but not limited to, the items of business. The presiding officer shall, if the facts warrant, determine and declare that any proposed business was not properly brought before the meeting in accordance with the procedures prescribed by this Section, in which case such business shall not be considered or voted upon.

ARTICLE III. BOARD OF DIRECTORS

SECTION 1. General Powers. All corporate powers shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, the Board of Directors.

SECTION 2. Number, Tenure and Election. The number of Directors of the Corporation shall be established by resolution of the Board of Directors from time to time, and may be increased or decreased from time to time by a vote of the majority of the Board of Directors, provided the Corporation shall never have less than one (1) Director nor more than fifteen (15) Directors. The Board of Directors shall be classified by or pursuant to the Articles of Incorporation or by the Bylaws of the Corporation. The Directors shall be classified, with respect to the time for which they severally hold office, into three classes, Class A, Class B and Class C, each of which shall be as nearly equal number as possible, and shall be adjusted from time to time in the manner specified in the Bylaws to maintain such proportionality. Each initial Director in Class A shall hold office for a term expiring at the 2009 annual meeting of the

Table of Contents

shareholders; each Director in Class B shall hold office for a term expiring at the 2010 annual meeting of the shareholders; and each Director in Class C shall hold office for a term expiring at the 2011 annual meeting of the shareholders. Notwithstanding the foregoing provisions of this Article III, Section 2, each Director shall serve until such Director's successor is duly elected and qualified or until such Director's earlier death, resignation or removal. At each annual meeting of the shareholders, successors to the class of Directors whose term expires at that meeting shall be elected to hold office for a term expiring at the annual meeting of the shareholders held in the third year following the year of election and until their successors shall have been duly elected and qualified or until such Director's earlier death, resignation or removal. Resignation of Directors shall be in accordance with Article V herein below. Shareholders entitled to vote at an election of Directors will have the right to vote the number of shares owned by them for as many persons as there are Directors to be elected and for whose election the shareholder has a right to vote. Recipients of the highest vote totals will be elected as Directors. Shareholders do not have a right to cumulate their votes for Directors unless the Articles of Incorporation so provide

SECTION 3. Removal. Any Director may be removed with or without cause by vote of the holders of a majority of the shares entitled to vote at an election of Directors, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Election or appointment of a Director shall not of itself create contract rights.

SECTION 4. Regular Meetings. A regular meeting of the Board of Directors shall be held without other notice than this Bylaw, except as provided in Article XIV of these Bylaws, immediately after and at the same place as the annual meeting of Shareholders. The Board of Directors may provide, by resolution, the time and place for the holding of additional regular meetings without other notice than such resolution.

SECTION 5. Special Meetings. Special meetings of the Board of Directors may be called by the Chairman of the Board, by the President or by the lesser of a majority or two Directors. The person or persons authorized to call special meetings of the Board of Directors may fix the place for holding any special meeting of the Board of Directors called by him/them.

SECTION 6. Notice. Notice of any special meeting shall be given at least five (5) days before the meeting by written notice delivered in any manner not prohibited by the Florida Business Corporation Act, unless in case of emergency, the Chairman of the Board or the President shall prescribe a shorter notice to be given. If a notice of meeting is mailed, such notice shall be deemed to be delivered when deposited in the United States mail so addressed, with postage thereon prepaid. Any Director may waive notice of any meeting, before or after the meeting in accordance with Article XII. The attendance of a Director at a meeting shall constitute a waiver of notice of such meeting and a waiver of any and all objections to the place of the meeting, the time of the meeting, or the manner in which it has been called or convened, except when a Director states, at the beginning of the meeting, any objection to the transaction of business because the meeting is not lawfully called or convened.

SECTION 7. Quorum. A majority of the number of Directors fixed pursuant to Section 2 of this Article shall constitute a quorum for the transaction of business at any meeting of the Board of Directors. A majority of the Directors present, whether or not a quorum exists, may adjourn any meeting of the Board of Directors to another time and place. Notice of any

Table of Contents

such adjourned meeting shall be given to the Directors who were not present at the time of the adjournment and, unless the time and place of the adjourned meeting are announced at the time of the adjournment, to the other Directors.

SECTION 8. Manner of Acting. The act of the majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

SECTION 9. Vacancies. Any vacancy occurring in the Board of Directors, including any vacancy created by reason of an increase in the number of Directors, may be filled by an affirmative vote of the majority of the Directors then in office, even if less than a quorum or by the affirmative vote of the Shareholders. A Director elected to fill a vacancy shall hold office only until the next election of Directors by the Shareholders, or until his earlier resignation, removal from office or death.

SECTION 10. Compensation. By resolution of the Board of Directors, the Directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors, and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary as Director. No such payment shall preclude any Director from serving the Corporation in any other capacity and receiving compensation therefor.

SECTION 11. Presumption of Assent. A Director of the Corporation who is present at a meeting of the Board of Directors at which action on any corporate matter is taken shall be presumed to have assented to the action taken, unless he votes against such action or abstains from voting in respect thereto because of an asserted conflict of interest.

SECTION 12. Constructive Presence at a Meeting. A member of the Board of Directors may participate in a meeting of such Board by means of a conference telephone or similar communications equipment, by means of which all persons participating in the meeting can hear each other at the same time. Participating by such means shall constitute presence in person at a meeting.

SECTION 13. Action without a Meeting. Any action required by law to be taken at any meeting of the Directors of the Corporation or any action which may be taken at a meeting of the Directors, may be taken without a meeting if a consent in writing, setting forth the action so to be taken, signed by all of the Directors, is filed in the minutes of the proceedings of the Board. Such consent shall have the same effect as a unanimous vote.

ARTICLE IV. OFFICERS

SECTION 1. Number. The Officers of the Corporation shall be the President and Chief Executive Officer, a Secretary, and a Chief Financial Officer, each of whom shall be elected by the Board of Directors. Any number of Vice Presidents and such other Officers and assistant Officers and agents as may be deemed necessary may be elected or appointed by the Board of Directors. Any two (2) or more offices may be held by the same person.

SECTION 2. Election and Term of Office. The Officers of the Corporation shall be elected annually by the Board of Directors at the regular meeting of the Board of Directors held after each annual meeting of the Shareholders. If the election of Officers shall not be held

Table of Contents

at such meeting, such election shall be held as soon thereafter as conveniently may be. Each Officer shall hold office until his successor shall have been duly elected and shall have qualified or until his earlier resignation, removal from office or death. Resignation of Officers shall be in accordance with Article V.

SECTION 3. Removal. Any Officer or agent elected or appointed by the Board of Directors may be removed by the Board of Directors with or without cause, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Election or appointment of an Officer or agent shall not of itself create contract rights.

SECTION 4. Vacancies. A vacancy, however occurring, in any office may be filled by the Board of Directors for the unexpired portion of the term.

SECTION 5. President and Chief Executive Officer. The President and Chief Executive Officer (the **President**) shall be the principal executive Officer of the Corporation and, subject to the control of the Board of Directors, shall in general supervise and control all of the business affairs of the Corporation. He shall, when present, preside at all meetings of the Shareholders and of the Board of Directors, unless the Board of Directors has elected a Chairman of the Board and the Chairman of the Board is present at such meeting. The President may sign deeds, mortgages, bonds, contracts, or other instruments which the Board of Directors has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board of Directors or by these Bylaws to some other Officer or agent of the Corporation, or shall be required by law to be otherwise signed or executed; and in general shall perform all duties as from time to time may be assigned to him by the Board of Directors.

SECTION 6. Vice-President(s). If a Vice-President(s) is elected or appointed, in the absence of the President or in the event of his death, inability or refusal to act, the Vice-President(s), in the order of their election if more than one, shall have the duties of the President, and when so acting, shall have all the powers of, and be subject to all the restrictions upon, the President. The Vice-President shall perform such other duties as from time to time may be assigned to him by the President or the Board of Directors.

SECTION 7. Secretary. The Secretary shall: (a) keep the minutes of all the meetings of the Shareholders and the Board of Directors in one or more books provided for that purpose; (b) see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law; (c) be custodian of the corporate records and of the seal of the Corporation and see that the seal of the Corporation is affixed to all documents the execution of which on behalf of the Corporation under its seal is duly authorized; (d) keep a register of the post office address of each Shareholder; (e) have general charge of the stock transfer books of the Corporation; and (f) in general perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

SECTION 8. Chief Financial Officer. If a Chief Financial Officer is elected or appointed, the Chief Financial Officer shall: (a) have charge and custody of and be responsible for all funds and securities of the Corporation; receive and give receipts for moneys due and payable to the Corporation from any source whatsoever, and deposit all such moneys in the name

Table of Contents

of the Corporation in such banks, trust companies or other depositories as shall be selected in accordance with the provisions of Article VI of these Bylaws; and (b) in general perform all of the duties incident to the office of Chief Financial Officer and such other duties as from time to time may be assigned to him by the President or by the Board of Directors. If required by the Board of Directors, the Chief Financial Officer shall give a bond for the faithful discharge of his duties in such sum and with such surety or sureties as the Board of Directors shall determine.

SECTION 9. Salaries. The salaries of the Officers shall be fixed from time to time by the Board of Directors and no Officer shall be prevented from receiving such salary by reason of the fact that he is also a Director of the Corporation.

ARTICLE V. RESIGNATIONS

Any Director or Officer of the Corporation may resign at any time by giving written notice to the Board of Directors, and if there are no Directors then to all of the Shareholders. Any such resignation shall take effect at the time specified therein, or, if the time be not specified therein, upon its acceptance by the party or parties to whom notice is given hereunder.

ARTICLE VI. CONTRACTS, LOANS, CHECKS AND DEPOSITS

SECTION 1. Contracts. The Board of Directors may authorize any Officer or Officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, unless otherwise restricted by law. Such authority may be general or confined to specific instances.

SECTION 2. Loans. No loans shall be contracted on behalf of the Corporation and no evidence of indebtedness shall be issued in its name unless authorized by a resolution of the Board of Directors. Such authority may be general or confined to specific instances.

SECTION 3. Checks, Drafts, etc. All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation, shall be signed by such Officer or Officers, agent or agents of the Corporation and in such manner as shall from time to time be determined by resolution of the Board of Directors.

SECTION 4. Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board of Directors may select.

ARTICLE VII. CERTIFICATES FOR SHARES AND THEIR TRANSFER

SECTION 1. Certificates for Shares. Certificates representing shares of the Corporation shall be in such form as shall be determined by the Board of Directors. Such certificates shall be signed by the President and by the Secretary or by such other Officers authorized by law and by the Board of Directors so to do. All certificates for shares shall be consecutively numbered or otherwise identified. The name and address of the person to whom the shares represented thereby are issued, with the number of shares and date of issue, shall be entered in the corporate records. All certificates surrendered to the Corporation for transfer shall be cancelled and no new certificate shall be issued until the former certificate for a like number

Table of Contents

of shares shall have been surrendered and cancelled, except that in case of a lost, destroyed or mutilated certificate a new one may be issued therefor upon such terms and indemnity to the Corporation as the Board of Directors may prescribe.

SECTION 2. Transfer of Shares. ARTICLE II. SHAREHOLDERS

SECTION 1. Annual Meeting. The annual meeting of the Shareholders shall be held between January 1st and December 31st each year, on such date and at such hour as may be specified in the Notice of Meeting or in a duly executed Waiver of Notice thereof, for the purpose of electing Directors and for the transaction of such other business as may come before the meeting. If the day fixed for the annual meeting shall be a legal holiday in the State of Florida, such meeting shall be held on the next succeeding business day. If the election of Directors shall not be held on the day designated herein for any annual meeting of the Shareholders, or at any adjournment thereof, the Board of Directors shall cause the election to be held at a special meeting of the Shareholders as soon thereafter as conveniently may be.

SECTION 2. Special Meetings. Special meetings of the Shareholders, for any purpose or purposes, may be called by the Board of Directors, by the holders of not less than one-tenth (1/10) of all the shares of the Corporation entitled to vote at the meeting, by the Chairman of the Corporation, the Board of Directors or by the President of the Corporation.

SECTION 3. Place of Meeting. The Board of Directors may designate any place, either within or without the State of Florida, unless otherwise prescribed by statute, as the place of meeting for any annual meeting of Shareholders or for any special meeting of Shareholders called by the Board of Directors. If no designation is made by the Board, or if a special meeting be otherwise called, the place of meeting shall be the principal office of the Corporation in the State of Florida. Notwithstanding the first two sentences of this Section, a Waiver of Notice signed by all Shareholders entitled to vote at a meeting, whether an annual or special meeting, may designate any place, either within or without the State of Florida, unless otherwise prescribed by statute, as the place of the holding of such meeting.

SECTION 4. Notice of Meeting. Written or printed notice stating the place, day and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered to each Shareholder of record entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the meeting, either personally or any manner authorized by the Florida Business Corporation Act ~~by first class mail~~, by or at the direction of the President, the Secretary, or the person or persons calling the meeting.

Table of Contents

If mailed, such notice shall be deemed to be delivered when deposited in the United States mail addressed to the Shareholder at his address as it appears on the records of the Corporation, with the postage thereon prepaid. Notice may be waived in accordance with Article XII.

SECTION 5. Fixing of Record Date. The Board of Directors may fix a date, not less than ten (10) nor more than sixty (60) days before the date set for any meeting of the Shareholders, as the record date as of which the Shareholders of record entitled to notice of and to vote at such meeting and any adjournment thereof shall be determined.

SECTION 6. Quorum. A majority of the outstanding shares of the Corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of the Shareholders. When a meeting is adjourned to another time or place, it shall not be necessary to give any notice of the adjourned meeting if the time and place to which the meeting is adjourned are announced at the meeting at which the adjournment is taken, and any business may be transacted at the adjourned meeting that might have been transacted at the original date of the meeting. If, however, after the adjournment, the Board fixes a new record date for the adjourned meeting, a notice of the adjourned meeting shall be given in compliance with Section 4 of this article to each Shareholder of record on the new record date entitled to vote at such meeting. After a quorum has been established at a Shareholders' meeting, the subsequent withdrawal of Shareholders, so as to reduce the number of shares entitled to vote at the meeting below the number required for a quorum, shall not affect the validity of any action taken at the meeting or any adjournment thereof.

SECTION 7. Proxies. Every Shareholder entitled to vote at a meeting of Shareholders or to express consent or dissent without a meeting, or his duly authorized attorney-in-fact, may authorize another person or persons to act for him by proxy. The proxy must be executed in writing by the Shareholder or his duly authorized attorney-in-fact. Such proxy shall be filed with the Secretary of the Corporation before or at the time of such meeting or at the time of expressing such consent or dissent without a meeting. No proxy shall be valid after the expiration of eleven (11) months after the date thereof unless provided otherwise in the proxy.

SECTION 8. Voting of Shares. Each outstanding share of stock having voting rights shall be entitled to one (1) vote upon each matter submitted to a vote at a meeting of the Shareholders. ~~If a quorum exists, action on a matter (other than the election of Directors) is approved if the votes cast favoring the action exceed the votes cast opposing the action, unless the Corporation's Articles of Incorporation or Florida Statutes require a greater number. If a quorum is present, the affirmative vote of a majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the Shareholders unless a greater number is required by the Florida Statutes.~~

SECTION 9. Voting of Shares by Certain Holders. Shares of stock standing in the name of another corporation may be voted by the Officer, agent or proxy designated by the Bylaws of the corporate Shareholder or, in the absence of any applicable bylaw, by such person as the board of Directors of the corporate Shareholder may designate. Proof of such designation may be made by presentation of a certified copy of the bylaws or other instrument of the corporate Shareholder. In the absence of any such designation or, in case of conflicting

Table of Contents

designation by the corporate Shareholder, the chairman of the board, the president, any vice president, the secretary, and the treasurer or chief financial officer, as the case may be, of the corporate Shareholder shall be presumed to possess, in that order, authority to vote such shares.

Shares of stock held by an administrator, executor, guardian or conservator may be voted by him, either in person or by proxy, without a transfer of such shares into his name.

Shares of stock standing in the name of a trustee may be voted by him, either in person or by proxy, but no trustee shall be entitled to vote shares held by him without a transfer of such shares into his name.

Shares of stock standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his name, if authority so to do be contained in an appropriate order of the court by which such receiver was appointed.

A Shareholder whose shares of stock are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee or his nominee shall be entitled to vote the shares so transferred.

Treasury shares, shares of its own stock owned by another corporation the majority of the voting stock of which is owned or controlled by it, and shares of its own stock held by a corporation in a fiduciary capacity shall not be voted, directly or indirectly, at any meeting and shall not be counted in determining the total number of outstanding shares at any given time.

SECTION 10. Action Without a Meeting. Any action required by law to be taken at any meeting of Shareholders of the Corporation or any action which may be taken at a meeting of Shareholders, may be taken without a meeting, without prior notice, and without a vote if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote were present and voted. If any class of shares is entitled to vote as a class, such written consent shall be required of the holders of the majority of the shares of each class of shares entitled to vote as a class thereon and of the total shares entitled to vote.

Within ten days after obtaining such authorization by written consent, notice must be given to those Shareholders who have not consented in writing. The notice shall fairly summarize the material features of the authorized action and, if the action be a merger, consolidation, or sale or exchange of assets for which the dissenters rights are provided under the law, the notice shall contain a clear statement of the right of Shareholders dissenting therefrom to be paid the fair value of their shares upon compliance with further provisions of the law regarding the rights of dissenting Shareholders.

In the event that the action to which the Shareholder's consent is such as would have required the filing of a certificate under any other section of the law if such action had been voted on by Shareholders in a meeting thereof, the certificate filed under such other section shall state that written consent has been given in accordance with the provisions of Section 607.0704 of the Florida Statutes.

Shareholders entitled to vote at an election of Directors will have the right to vote the number of shares owned by them for as many persons as there are Directors to be elected and for whose election the shareholder has a right to vote. Recipients of the highest vote totals will be elected as Directors. Shareholders do not have a right to cumulate their votes for Directors unless the Articles of Incorporation so provide

SECTION 3. Removal. Any Director may be removed with or without cause by vote of the holders of a majority of the shares entitled to vote at an election of Directors, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Election or appointment of a Director shall not of itself create contract rights.

SECTION 4. Regular Meetings. A regular meeting of the Board of Directors shall be held without other notice than this Bylaw, except as provided in Article XIV of these Bylaws, immediately after and at the same place as the annual meeting of Shareholders. The Board of Directors may provide, by resolution, the time and place for the holding of additional regular meetings without other notice than such resolution.

Any Director may waive notice of any meeting, before or after the meeting in accordance with Article XII. The attendance of a Director at a meeting shall constitute a waiver of notice of such meeting and a waiver of any and all objections to the place of the meeting, the time of the meeting, or the manner in which it has been called or convened, except when a Director states, at the beginning of the meeting, any objection to the transaction of business because the meeting is not lawfully called or convened.

SECTION 10. Compensation. By resolution of the Board of Directors, the Directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors, and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary as Director. A member of the Board of Directors may participate in a meeting of such Board by means of a conference telephone or similar communications equipment, by means of which all persons participating in the meeting can hear each other at the same time. Participating by such means shall constitute presence in person at a meeting.

SECTION 13. Action without a Meeting. Any action required by law to be taken at any meeting of the Directors of the Corporation or any action which may be taken at a meeting of the Directors, may be taken without a meeting if a consent in writing, setting forth the action so to be taken, signed by all of the Directors, is filed in the minutes of the proceedings of the Board. ABOUT THE ANNUAL MEETING

What is the purpose of the meeting?

The principal purpose of the Annual Meeting is to elect three directors to the Board of Directors. In addition, our management will report on our performance during 2008 and respond to questions from shareholders.

When were these materials mailed?

We began mailing this Proxy Statement on or about April 30, 2009.

Who is entitled to vote?

Shareholders of record at the close of business on the record date, April 16, 2009, are entitled to vote in person or by proxy at the Annual Meeting. In general, shareholders are entitled to one vote per share on each matter voted upon. In an election for directors, however, shareholders are entitled to vote the number of shares they own for as many director candidates as there are directors to be elected. Hence because three directors are to be elected at this Annual Meeting, each share will entitle the shareholder to three votes, one per director. Shareholders may not cumulate their votes. As of April 16, 2009 there were 6,871,252 common shares outstanding.

What is the difference between a shareholder of record and a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a shareholder of record. This Notice of Meeting and Proxy Statement has been provided directly to you by Homeowners Choice, Inc. You may vote by ballot at the meeting or vote by proxy. To vote by proxy, sign, date and return the enclosed proxy card or follow the instructions on the proxy card for voting by telephone or Internet.

If your shares are held for you in a brokerage, bank or other institutional account (that is, held in street name), then you are not a shareholder of record. Rather, the institution is the shareholder of record and you are the beneficial owner of the shares. This Notice of Meeting and Proxy Statement has been forwarded to you by that institution. If you complete and properly sign the accompanying proxy card and return it in the enclosed envelope, or follow the instructions on the proxy card for voting by telephone or Internet, the institution will cause your shares to be voted in accordance with your instructions. If you are a beneficial owner of shares and wish to vote in person at the Annual Meeting, then you must obtain a proxy, executed in your favor, from the holder of record (the institution). If you are a beneficial owner of shares and do not indicate your voting instructions, then the owner of record may vote your shares in accordance with the rules of the New York Stock Exchange (provided the owner of record is a member of the New York Stock Exchange).

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares outstanding will constitute a quorum, permitting us to conduct the business of the meeting.

Table of Contents

Proxies received but marked as **WITHHOLD AUTHORITY** and broker non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting, but will not be counted for any other purpose. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions as to that item from the beneficial owner.

How do I vote?

By Ballot at the Meeting. If you are a shareholder of record and attend the Annual Meeting, you may vote in person by ballot at the Annual Meeting. To vote by ballot, you must register and confirm your shareholder status at the meeting. If the shareholder of record is a corporation, partnership, limited liability company or other entity of which you are an officer or other authorized person, then you should bring evidence of your authority to vote the shares on behalf of the entity. If your shares are held for you in a brokerage, bank or other institutional account (that is, in street name), you must obtain a proxy, executed in your favor, from that institution (the holder of record) to vote your beneficially-owned shares by ballot at the Annual Meeting. In the election of directors, each share held by a shareholder of record will be entitled to three votes, one for each director to be elected. Your option with respect to each director will be to vote **FOR** the director or to abstain from voting.

By Proxy. If you complete, sign and return the accompanying proxy card or follow the instructions on the proxy card for voting by telephone or Internet, then your shares will be voted as you direct. Your options with respect to each director are to direct a vote **FOR** or to **WITHHOLD AUTHORITY**. If you are a shareholder of record, then you may opt to deliver your completed proxy card in person at the Annual Meeting.

Can I vote by telephone or electronically?

Yes. If you follow the instructions on the proxy card for voting by telephone or Internet, your shares will be voted as you direct.

Can I change my vote or instruction after I return my proxy card?

Yes. You may follow the instructions on the proxy card to change your instructions anytime before midnight the day before the meeting.

In addition, if you are a shareholder of record, you may revoke your proxy any time before your shares are voted by filing with the Secretary of the company a written notice of revocation or submitting a duly executed proxy bearing a later date. If you file a notice of revocation, you may then vote (or abstain from voting) your shares in person at the Annual Meeting. If you submit a later dated proxy then your shares will be voted in accordance with that proxy. No such notice of revocation or later dated proxy, however, will be effective unless received by us at or before the Annual Meeting and before your shares have been voted. Unless the proxy is revoked, the shares represented thereby will be voted at the Annual Meeting or any adjournment thereof as indicated on the proxy card. Sending in a proxy does not affect your right to vote in person if you attend the meeting, although attendance at the meeting will not by itself revoke a previously granted proxy.

Table of Contents

If I submit a proxy card, how will my shares be voted?

Your shares will be voted as you direct on the proxy card. If you are a shareholder of record and sign and return the proxy card without indicating your instructions, your shares will be voted in accordance with the recommendations of the Board of Directors. If you are a beneficial shareholder and you sign and return your proxy card without indicating your instructions, then your broker or nominee will exercise discretion in accordance with the rules of the New York Stock Exchange (provided the broker or nominee is a member of the New York Stock Exchange). If a voting matter is determined to be non-routine by the New York Stock Exchange, then your broker or nominee cannot vote without your instructions.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion. As of the date this proxy statement went to print, we did not know of any other matter to be raised at the Annual Meeting.

What does it mean if I receive more than one proxy card?

You will receive separate proxy cards when you own shares in different ways. For example, you may own shares individually, as a joint tenant, in trust or in one or more brokerage accounts. You should complete, sign and return each proxy card you receive or follow the telephone or Internet instructions on such card. The instructions on each proxy card may differ. Be sure to follow the instructions on each card.

What happens if I do not submit a proxy card?

If you are a shareholder of record and you neither designate a proxy nor attend the Annual Meeting, your shares will not be represented at the meeting. If you are the beneficial owner of shares held in the name of a member of the New York Stock Exchange, that member may vote or not vote in accordance with the rules of the New York Stock Exchange.

What are the Board's recommendations?

The Board's recommendations are set forth elsewhere in this proxy statement (see page 7). In summary, the Board recommends a vote

FOR election of the following nominees for director positions:

Francis X. McCahill, III

Martin A. Traber

Garth A. Vernon

What vote is required to approve each item?

Election of Directors. In the election of directors, the three highest recipients of **FOR** votes will be elected. A properly executed proxy card marked **WITHHOLD AUTHORITY** with respect to

Table of Contents

the election of one or more director nominees will not be voted with respect to the director or directors indicated, even though it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting.

Other Matters. We do not anticipate other matters coming to a vote at the Annual Meeting. Should any other matter be brought to a vote, the matter will be approved if the number of votes favoring the matter exceeds the number of votes opposing the matter.

How will votes be counted?

All votes will be tabulated by the Secretary of the company. We have engaged Broadridge Financial Solutions, Inc. to collect and tabulate proxy instructions. Although abstentions and broker non-votes are each included in the determination of the number of shares present, they are not counted on any matters brought before the meeting.

Who is paying for the preparation and mailing of the proxy materials and how will solicitations be made?

We will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by mail, telephone, facsimile or electronic transmission. We have requested brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to beneficial shareholders and have agreed to reimburse those institutions for their out-of-pocket expenses.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Three directors are to be elected at the Annual Meeting. In accordance with the company's articles of incorporation, the Board of Directors is divided into three classes. Each class consists of three directors. All directors within a class have the same three-year terms of office. The class terms expire at successive annual meetings so that each year a class of directors is elected. The current terms of director classes expire in 2009 (Class A directors), 2010 (Class B directors) and 2011 (Class C directors). Each of the Class A directors elected at the 2009 Annual Meeting will be elected to serve a three year term.

With the recommendation of the Governance and Nominating Committee, the Board of Directors has nominated the following persons to stand for election as Class A directors at the 2009 Annual Meeting of Shareholders, with terms expiring in 2012:

Francis X. McCahill, III

Martin A. Traber

Garth A. Vernon

Each of the nominees for election as a director has consented to serve if elected. If, as a result of circumstances not now known or foreseen, one or more of the nominees should be unavailable or unwilling to serve as a director, proxies may be voted for the election of such other persons as the Board of Directors may select. The Board of Directors has no reason to believe that any of the nominees will be unable or unwilling to serve.

The persons named in the enclosed proxy card intend, unless otherwise directed, to vote such proxy **FOR** the election of Francis X. McCahill, III, Martin A. Traber and Garth A. Vernon as Class A directors of Homeowners Choice, Inc. The nominees receiving the three highest **FOR** vote totals will be elected as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** ELECTION OF EACH OF THE NOMINEES AS DIRECTORS OF THE COMPANY **ITEM 1 ON YOUR PROXY CARD.**

OTHER BUSINESS

We do not expect any other matters to be brought before the meeting. However, if any other matters are presented, it is the intention of the persons named in the proxy to vote the proxy as recommended by the Board of Directors or, if no recommendation is given, in their own discretion using their best judgment.

Independent Directors

Based upon recommendations of our Governance and Nominating Committee, our Board of Directors has determined that directors Martin A. Traber, Krishna Persaud, Anthony Saravanos, George Apostolou and Garth A. Vernon are independent directors as defined by Rule 5605(a)(2) of The Nasdaq Stock Market LLC. In the case of Mr. Traber, the Committee considered his role as a partner of Foley & Lardner LLP, which provides legal services to the company, and determined that the fees received by the law firm from us amount to less than 1% of the firm's total revenue. The Committee also considered Mr. Traber's personal financial substance, his other sources of income and his lack of dependence upon legal fees from the company.

Legal Services

One of our directors, Martin A. Traber, is a partner at the law firm of Foley & Lardner LLP, and since our inception in 2007, the firm has provided legal representation to us on certain matters, including our 2008 initial public offering. During 2008, Foley & Lardner LLP billed us approximately \$643,000, of which \$607,000 related to our initial public offering. This amount represents less than 1% of the firm's fee revenue. These services were provided on an arms-length basis, and paid for at fair market value. We believe that such services were effected on terms no less favorable to us than those that would have been realized in transactions with unaffiliated entities or individuals.

Policies for Approval or Ratification of Transactions with Related Persons

Our policy for approval or ratification transactions with related persons is for those transactions to be reviewed and approved by the Audit Committee. That policy is set forth in the Audit Committee Charter. Our practice is that such transactions are approved by a majority of disinterested directors.

ADVERSE INTERESTS

We are not aware of any material proceedings in which an executive officer or director is a party adverse to the company or has a material interest adverse to the company.

SECTION 16(B) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of Forms 3, 4, and 5 filed for the year 2008, we believe that all of our directors, officers, and 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them. All such forms were filed timely, except Mr. Patel filed a Form 4 on December 16, 2008 to report a December 9, 2008 transaction.

Each of the proposed director nominees was recommended by the Governance and Nominating Committee to the Board of Directors.

The Governance and Nominating Committee identifies director candidates in numerous ways. Generally, the candidates are known to and recommended by members of the Board of Directors or management. In evaluating director candidates, the Governance and Nominating Committee considers a variety of attributes, criteria and factors, including experience, skills, expertise, diversity, personal and professional integrity, character, temperament, business judgment, time availability, dedication and conflicts of interest. At a minimum, director candidates must be at least 18 years of age and have such business, financial, technological or legal experience or education to enable them to make informed decisions on behalf of the company.

The Governance and Nominating Committee will consider director candidates recommended by shareholders. If you wish to recommend one or more director candidates you should send your recommendations before November 1 of the year preceding the next annual meeting of shareholders to the Secretary of the Corporation, Andrew L. Graham, 2340 Drew Street, Suite 200, Clearwater, Florida 33765. Each recommendation should set forth the candidate's name, age, business address, business telephone number, residence address, and principal occupation or employment and any other attributes or factors you wish the committee to consider, as well as your name, address and telephone number and the class and number of shares you hold. The Committee may require the recommended candidate to furnish additional information. The Secretary will forward recommendations of qualified candidates to the Governance and Nominating Committee and those candidates will be given the same consideration as all other candidates.

A shareholder wishing to nominate an individual for election to the Board of Directors at the Annual Meeting of the Stockholders, rather than recommend a candidate to the Governance and Nominating Committee, must comply with the advance notice requirements set forth in our bylaws. See Shareholder Proposals for Presentation at the 2010 Annual Meeting for further information.

The Audit Committee reviewed with representatives of the company's independent registered public accounting firm, the independent auditing firm responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the company's accounting principles. COMPENSATION COMMITTEE REPORT

To: The Board of Directors of Homeowners Choice, Inc.

Overview and Philosophy; Role of the Compensation Committee

The Compensation Committee of the Board of Directors of Homeowners Choice, Inc. was formed in 2008 in contemplation of the company's initial public offering. The Committee is currently composed of three members, Martin A. Traber, Krishna Persaud and Garth A. Vernon, each of whom is an independent director as defined by Rule 5605(a)(2) of The Nasdaq Stock Market LLC, a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934 and an outside director under Section 162(m) of the Internal Revenue Code. The principal responsibility of the Compensation Committee during 2009 was to recommend to the Board of Directors the compensation of the chief executive officer. In 2009, the authority of the Committee was expanded to include the authority to determine the compensation of the chief financial officer and other executive officers (as designated by the Board) and to administer and make awards under the company's 2007 Stock Option and Incentive Plan and to monitor and supervise the administration of any other benefit plans the company may have.

In the view of the Committee, our primary objectives are to assure that our executive compensation and benefits programs

are competitive with other growing companies in our industry,

safeguard the interests of the company and its shareholders,

are effective in driving performance to achieve financial goals and create stockholder value,

foster teamwork on the part of management,

are cost-effective and fair to employees, management, and shareholders, and

are well communicated and understood by program participants.

The Committee's executive compensation policies are designed to attract, motivate, and retain highly qualified executive officers who can enhance shareholder value, and to support a performance-oriented environment that rewards achievement of our goals. To that end, we compensate our executive officers through three principal types of compensation: annual base salary, cash bonuses and equity-based incentive compensation, which to date has consisted solely of stock options. Our philosophy with respect to executive officer compensation is to establish moderate base salaries and place emphasis on discretionary bonus compensation, which is viewed by the Committee as very effective at correlating executive officer compensation with corporate performance and increases in shareholder value. With respect to our chief executive and chief financial officers, we have also relied to a significant degree on equity-based compensation.

Table of Contents

2007 Stock Option and Incentive Plan

The company has an equity compensation plan called the 2007 Stock Option and Incentive Plan. The principal purposes of the Plan are to attract, retain and motivate selected officers, employees, consultants and directors through the granting of stock-based compensation awards. The Plan permits non-qualified and incentive stock options, restricted stock and other stock-based awards. The maximum number of shares which may be granted under the Plan is 6,000,000. No more than 550,000 shares may be awarded to any individual in any calendar year. We have attempted to structure the Plan so that remuneration attributable to stock options and other awards will not be subject to the deduction limitation contained in Section 162(m) of the Internal Revenue Code.

To date, the company has awarded options to purchase a total of 1,190,000 shares under the Plan. The awards have been limited solely to directors, the chief executive officer, the chief financial officer and three consultants. The exercise price of the options granted in each case was determined to be no less than fair market value. The only award during 2008 was an option to purchase 40,000 shares awarded to incoming director Garth A. Vernon.

The Committee has the authority to administer and make awards under the Plan. The Committee (and the Board) is authorized to adopt, amend and rescind rules relating to the administration of the Plan, and to amend, suspend and terminate the Plan.

2008 Compensation for the Chief Executive Officer

The general policies described above for the compensation of the executive officers also apply to the compensation approved by the Board of Directors during 2008 for Mr. McCahill, our President and Chief Executive Officer. During 2008, Mr. McCahill received a base salary of \$200,000 and a cash bonus of \$100,000. He holds options awarded in 2007 to purchase a total of 150,000 common shares at a price of \$2.50 per share. Those options expire on May 31, 2017. Mr. McCahill has an employment agreement with the company. The agreement provides for (i) termination by either party with or without cause, (ii) a bonus or other incentive compensation in an amount to be determined by the Board of Directors, (iii) six months severance and benefits in the event of termination without cause, (iv) restrictions on competition and solicitation of employees.

Compliance with Internal Revenue Code Section 162(m)

The Compensation Committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for compensation to an executive officer when the included compensation exceeds \$1 million per year. No executive officer of the company exceeded this threshold in 2008, and the Compensation Committee does not anticipate that any executive officer of the company will exceed this threshold during 2009. The Compensation Committee intends periodically to review the potential consequences of Section 162(m) and, depending upon the risk of applicability of this provision to us, may elect to structure the performance-based portion of its executive officer compensation in a manner so as to comply with certain exemptions provided for in Section 162(m). In addition, the Compensation Committee will monitor the applicability of any new legislation that might impact executive compensation.

In 2008 directors were entitled to cash directors fees of \$2,000 per quarter. Each non-employee director at May 30, 2007 was awarded the right to purchase 30,000 shares at \$2.50 per share. Those options vest over three years and expire May 31, 2017. Founders, Gregory Politis and Martin A. Traber, each received additional options to purchase 160,000 shares at \$2.50 per share. Those options vest monthly in 5,000 share increments commencing June 1, 2007. On August 21, 2008 newly elected director Garth A. Vernon was awarded the right to purchase 40,000 shares at \$7.00 per share. His options vest in three equal annual installments.

Notes to Condensed Consolidated Financial Statements

(unaudited)

Note 1 Basis of Presentation

The accompanying unaudited, condensed consolidated financial statements for Homeowners Choice, Inc. and its subsidiaries (collectively, the Company), which consist of Homeowners Choice Property & Casualty Insurance Company, Inc. (HCPC), Homeowners Choice Managers, Inc., Southern Administration, Inc., and Claddaugh Casualty Insurance Company, Ltd. (Claddaugh), have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information, and the Securities and Exchange Commission (SEC) rules for interim financial reporting. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. However, in the opinion of management, the accompanying financial statements reflect all normal recurring adjustments necessary to present fairly the Company's financial position as of March 31, 2009 and the results of operations and cash flows for the periods presented. The results of operations for the interim periods presented are not necessarily indicative of the results of operations to be expected for any subsequent interim period or for the fiscal year ending December 31, 2009. The accompanying unaudited condensed consolidated financial statements and notes thereto should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2008 included in the Company's Form 10-K, which was filed with the SEC on March 13, 2009.

In preparing the interim unaudited condensed consolidated financial statements, management was required to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and related disclosures at the financial reporting date and throughout the periods being reported upon. Certain of the estimates result from judgments that can be subjective and complex and consequently actual results may differ from these estimates.

Material estimates that are particularly susceptible to significant change in the near-term relate to the determination of loss and loss adjustment expense reserves, reinsurance balances payable, the recoverability of deferred policy acquisition costs, the determination of federal income taxes, and the net realizable value of reinsurance recoverables. Although considerable variability is inherent in these estimates, management believes that the amounts provided are reasonable. These estimates are continually reviewed and adjusted as necessary. Such adjustments are reflected in current operations.

All significant intercompany balances and transactions have been eliminated.

In December 2007, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 141(R), *Business Combinations* (SFAS 141(R)). SFAS 141(R) is effective for fiscal years beginning after December 15, 2008 and early implementation is not permitted. SFAS 141(R) requires the acquiring entity in a business combination to recognize all (and only) the assets acquired and liabilities assumed in the transaction; establishes the acquisition date fair value as the measurement objective for all assets acquired and liabilities assumed; and requires the acquirer to disclose to investors and other users all of the information they need to evaluate and understand the nature and financial effect of the business combination. Acquisition related costs including finder s fees, advisory, legal, accounting valuation and other professional and consulting fees are required to be expensed as incurred. The impact of adoption had no effect on the Company s consolidated financial statements.

In December 2007, the FASB issued SFAS No.160, *Noncontrolling Interests in Consolidated Financial Statements* (SFAS 160). SFAS 160 requires the Company to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This Statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 and earlier adoption is prohibited. The impact of adoption had no effect on the Company s consolidated financial statements.

In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157* (FSP FAS 157-2). FSP FAS 157-2 delays the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value on a recurring basis (at least annually) to fiscal years beginning after November 15, 2008. The impact of adoption had no effect on the Company s consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities - an amendment of FASB Statement No. 133* (SFAS 161). SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about a) how and why an entity uses derivative instruments, b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and c) how derivative instruments and related hedged items affect an entity s financial position, financial performance, and cash flows. Companies are required to adopt SFAS 161 for fiscal years beginning after November 15, 2008. The impact of adoption had no effect on the Company s consolidated financial statements.

Note 2 Recent Accounting Pronouncements, continued

In May 2008, the FASB issued FASB Statement No. 163 (SFAS 163), *Accounting for Financial Guarantee Insurance Contracts*, an interpretation of SFAS Statement No. 60. SFAS 163 requires that an insurance enterprise recognizes a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. SFAS 163 also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities. Those clarifications will increase comparability in financial reporting of financial guarantee insurance contracts by insurance enterprises. SFAS 163 also requires expanded disclosures about financial guarantee insurance contracts. SFAS 163 is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008. The impact of adoption had no effect on the Company's consolidated financial statements.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with GAAP in the United States (the GAAP hierarchy). The FASB concluded that the GAAP hierarchy should reside in the accounting literature established by the FASB and issued SFAS 162 to achieve that result. SFAS 162 is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. Management does not anticipate the pending adoption will have a material effect on the Company's consolidated financial condition or results of operations.

In December 2008, the FASB issued SFAS No. 140-4 and FASB Interpretation No. 46(R)-8, *Disclosures by Public Entities (Enterprises) about Transfers of Financial Assets and Interests in Variable Interest Entities (SFAS 140-4 and FIN 46(R)-8)*. SFAS 140-4 and FIN 46(R)-8 requires public entities to provide additional disclosures about transfers of financial assets and their involvement with variable interest entities. SFAS 140-4 and FIN 46(R)-8 is effective for financial statements issued for any reporting period ending after December 15, 2008. The impact of adoption had no effect on the Company's consolidated financial statements.

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Consolidated Financial Statements, Continued****(unaudited)****Note 3 Reinsurance**

The Company cedes a portion of its homeowners insurance exposure to other entities under catastrophe excess of loss reinsurance treaties. The Company remains liable with respect to claims payments in the event that any of the reinsurers are unable to meet their obligations under the reinsurance agreements. Thus, the Company continually monitors the financial condition of its reinsurers and periodically confirms the credit rating of its reinsurers by inquiry of and discussion with its reinsurance brokers.

The impact of the catastrophe excess of loss reinsurance treaties on premiums written and earned is as follows (dollars in thousands):

	Three Months Ended March 31,	
	2009	2008
Premiums Written		
Direct	\$ 41,157	8,629
Assumed	(2,754)	12,924
Gross written	38,403	21,553

Gross earned	30,337	11,962
Ceded	(9,007)	(1,521)
Net premiums earned	\$ 21,330	10,441

During the three months ended March 31, 2009 and 2008, there were no recoveries pertaining to reinsurance contracts that were deducted from losses incurred. At March 31, 2009, prepaid reinsurance premiums related to excess catastrophe reinsurance treaties. At March 31, 2009, there were no amounts receivable with respect to reinsurers. Thus, there were no concentrations of credit risk associated with reinsurance receivables and prepaid reinsurance premiums as of March 31, 2009.

The Company writes insurance in the State of Florida, which could be exposed to hurricanes or other natural catastrophes. Although the occurrence of a major catastrophe could have a significant effect on our monthly or quarterly results of operations, the Company believes that such an event would not be so material as to disrupt the overall normal operations of the Company. However, the Company is unable to predict the frequency or severity of any such events that may occur in the near term or thereafter.

Note 5 Income Taxes

During the three months ended March 31, 2009 and 2008, the Company recorded approximately \$3.9 million and \$2.4 million of income tax expense, respectively, which resulted in estimated annual effective tax rates of approximately 38.0% for 2009 and 37.9% for 2008. The Company's estimated annual effective tax rate differs from the statutory federal income tax rate due to state income taxes, stock-based compensation and other nondeductible items.

Note 6 Earnings Per Share

Basic earnings per share is computed on the basis of the weighted-average number of common shares outstanding. Diluted earnings per share is computed based on the weighted-average number of shares outstanding and reflects the assumed exercise or conversion of dilutive securities, such as stock options and warrants, computed using the treasury stock method. A summary of the numerator and denominator of the basic and fully diluted earnings per share is presented below (dollars and shares in thousands, except per share amounts):

	Three Months Ended March 31,	
	2009	2008
Numerator -		
Net earnings	\$ 6,284	3,924
Denominator:		
Weighted average shares - basic	6,894	5,182

Shares issuable upon conversion of warrants		
Weighted average shares - diluted	7,255	5,182
Earnings per share basic	\$.91	.76
Earnings per share diluted	\$.87	.76

For the three months ended March 31, 2009, there were 40,000 options and 1,771,668 warrants to purchase an aggregate of 978,334 shares of common stock excluded from the computation of diluted earnings per share because the exercise price of \$7.00 specific to the options and \$9.10 specific to the warrants exceeded the average market price of the Company's common stock.

Note 7 Stockholders Equity**Reverse Common Stock Split**

On May 29, 2008, the Company effected a 1 for 2.50 reverse split of its issued and outstanding common stock. The accompanying consolidated financial statements, notes and other references to share and per share data have been retroactively restated to reflect the reverse stock split for all periods presented.

Common Stock

On July 24, 2008, the Company completed the sale of 1,666,668 units consisting of one share of the Company's common stock and one warrant. Two warrants may be exercised to acquire one share of common stock at an exercise price equal to \$9.10 per share on or before July 30, 2013. In addition, the Company's placement agents with respect to the offering received an aggregate of 166,666 warrants to purchase 166,666 shares of common stock at an exercise price of \$9.10 per share. These placement agent warrants are exercisable beginning on January 27, 2009 through their expiration date of July 30, 2013. In December 2008, a total of 61,666 of the placement agent warrants were forfeited. Thus, the Company has reserved 938,334 shares of common stock for issuance upon exercise of the warrants. At any time after January 30, 2009 and before the expiration of the warrants, the Company at its option may cancel the warrants in whole or in part, provided that the closing price per share of the Company's common stock has exceeded \$11.38 for at least ten trading days within any period of twenty consecutive trading days, including the last trading day of the period. The placement agents also have the option to effect a cashless exercise in which the warrants would be exchanged for the number of shares which is equal to the intrinsic value of the warrant divided by the current value of the underlying shares.

Effective March 18, 2009, the Company's Board of Directors authorized a plan to repurchase up to \$3.0 million (inclusive of commissions) of the Company's common shares. The repurchase plan permits the Company to repurchase shares from time to time through March 19, 2010. The shares may be purchased for cash in open market purchases, block transactions and privately negotiated transactions in accordance with applicable federal securities laws. The share repurchase plan may be modified, suspended, terminated or extended by the Company any time without prior notice. During the quarter ended March 31, 2009, the Company repurchased and retired a total of 7,061 shares at an average price of \$5.19 per share and a total cost, inclusive of fees and commissions, of \$37,000, or \$5.24 per share, under this authorized repurchase program. At March 31, 2009, a total of \$2,963,000 is available in connection with this plan.

The Company accounts for stock-based compensation under the fair value recognition provisions of SFAS No. 123-R, Share-Based Payment.

The Company's 2007 Stock Option and Incentive Plan (the Plan) provides for granting of stock options to employees, directors, consultants, and advisors of the Company. Under the Plan, options may be granted to purchase a total of 6,000,000 shares of the Company's common stock. At March 31, 2009, options to purchase 4,810,000 shares are available for grant under the Plan. The options vest over periods ranging from immediately vested to five years and are exercisable over the contractual term of ten years.

A summary of the activity in the Company's stock option plan is as follows (dollars in thousands, except per share amounts):

	Number of Options	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term	Aggregate Intrinsic Value

No options were granted during the three months ended March 31, 2009 and 2008.

At March 31, 2009, there was approximately \$548,000 of total unrecognized compensation expense related to nonvested stock-based compensation arrangements granted under the plan, which the Company expects to recognize over a weighted-average period of eighteen (18) months. The total fair value of shares vesting and recognized as compensation expense was approximately \$121,000 and \$108,000, respectively, for the three months ended March 31, 2009 and 2008 and the associated income tax benefit recognized was \$43,000 and \$37,000 respectively. The total intrinsic value of options exercised during the quarter ended March 31, 2009 was \$22,000 and the income tax benefit recognized was \$4,000.

Homeowners Choice, Inc.

Clearwater, Florida:

We have reviewed the accompanying condensed consolidated balance sheet of Homeowners Choice, Inc. and Subsidiaries (the Company) as of March 31, 2009, and the related condensed consolidated statements of earnings and cash flows for the three-month periods ended March 31, 2009 and 2008, and the condensed consolidated statement of stockholders' equity for the three month period ended March 31, 2009. These interim condensed financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board, the consolidated balance sheet as of December 31, 2008, and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated March 10, 2009, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of March 31, 2009, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our condensed consolidated financial statements and related notes and information included under this Item 2 and elsewhere in this quarterly report on Form 10-Q and in our Form 10-K filed with the Securities and Exchange Commission (SEC) on March 13, 2009. Unless the context requires otherwise, as used in this Form 10-Q, the terms HCI, we, us, our, the Company, our company, and similar references refer to Homeowners Choice, Inc. and its subsidiaries.

Forward-Looking Statements

In addition to historical information, this quarterly report contains forward-looking statements as defined under federal securities laws. Such statements involve risks and uncertainties, such as statements about our plans, objectives, expectations, assumptions or future events. These statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from any future results, performances or achievements expressed or implied by the forward-looking statements. Typically, forward-looking statements can be identified by terminology such as anticipate, estimate, plan, project, continuing, ongoing, expect, believe, intend, may, will, should, could, and similar expressions. Among the important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include but are not limited to the effect of governmental regulation; changes in insurance regulations; the frequency and extent of claims; uncertainties inherent in reserve estimates; catastrophic events; a change in the demand for, pricing of, availability or collectability of reinsurance; restrictions on our ability to change premium rates; increased rate pressure on premiums; changing rates of inflation; and other risks and uncertainties detailed herein and from time to time in our SEC reports.

OVERVIEW

General

Homeowners Choice, Inc. is a property and casualty insurance holding company incorporated in Florida in 2006. Through our subsidiaries, we provide property and casualty homeowners insurance, condominium-owners insurance, and tenants insurance to individuals owning property in Florida. We offer these insurance products at competitive rates, while pursuing profitability using selective underwriting criteria. Our principal revenues are premiums and investment income. Our principal expenses are claims from policyholders and policy acquisition and other underwriting expenses. As of March 31, 2009, we had total assets of \$161.8 million and stockholders equity of \$43.8 million. Our net income was approximately \$6.3 million, or \$.87 per diluted share, for the three months ended March 31, 2009. Our book value per share increased to \$6.35 as of March 31, 2009 compared to \$5.43 as of December 31, 2008.

We began operations in June of 2007 by participating in a take-out program through which we assumed insurance policies held by Citizens Property Insurance Corporation (Citizens), a Florida state-supported insurer. The take-out program is a legislatively mandated program designed to reduce the state risk exposure by encouraging private companies to assume policies from Citizens. Since inception, we have assumed approximately 88,000 property and casualty insurance policies

Table of Contents

from Citizens, of which approximately 64,000 remain in force at May 14, 2009. These policies were assumed in six separate assumption transactions which took place in July 2007, November 2007, February 2008, June 2008, October 2008, and December 2008 and account for substantially all of our premium revenue since inception. From our inception through March 31, 2009, Citizens retained 6% of the written premium for the policies that we assumed, which is included in our policy acquisition costs. Our existing policies represent approximately \$120 million in annualized premiums.

Citizens requires us to offer renewals on the policies we acquire for a period of three years subsequent to the initial expiration of the assumed policies. We are required to offer these renewals at rates that are equivalent to or less than rates charged by Citizens. The policyholders have the option to renew with us or they may ask their agent to place their coverage with another insurance company. They may also elect to return to Citizens prior to the policy renewal date. We strive to retain these policies by offering competitive rates to our policyholders, which may be below the rates we initially charged in our take-out program as Citizens does not receive any portion of the renewal premium and, additionally, we expect our internal costs to renew the policy to be less than the original acquisition costs.

We face various challenges to implementing our operating and growth strategies. Since we write policies that cover Florida homeowners, condominium owners, and tenants, we cover losses that may arise from, among other things, catastrophes, which could have a significant effect on our business, results of operations, and financial condition. Even without catastrophic events, we may incur losses and loss adjustment expenses that deviate substantially from our estimates and that may exceed our reserves, in which case our net income and capital would decrease. Our operating and growth strategies may also be impacted by regulation and supervision of our business by the State of Florida, which must approve our policy forms and premium rates as well as monitor our insurance subsidiary's ability to meet all requirements for regulatory compliance. Additionally, we compete with large, well-established insurance companies as well as other specialty insurers that, in most cases, possess greater financial resources, larger agency networks, and greater name recognition than we do.

Comparison of the Three Months Ended March 31, 2009 to the Three Months Ended March 31, 2008

Our results of operations for the three months ended March 31, 2009 reflect net income of \$6,284,000, or \$.87 earnings per diluted share, compared to net income of \$3,924,000, or \$.76 per diluted share, for the three months ended March 31, 2008. Our insurance operations began in July 2007. Thus, our 2008 results of operations include only the three assumption transactions whereas our results of operations for the three months ended March 31, 2009 reflect the results of six assumption transactions.

Revenue

Net Premiums Earned of \$21.3 million for the three months ended March 31, 2009 reflect the revenue from policies assumed from Citizens in connection with six separate assumption transactions, and the revenue on the renewal of these policies, reduced by the appropriate reinsurance costs. In comparison, net premiums earned of \$10.4 million for the three months ended March 31, 2008 reflect only those revenues from policies assumed from Citizens in three assumption transactions, reduced by the appropriate reinsurance costs. Net Premiums Written during the three months ended March 31, 2009 and 2008 totaled \$29.4 million and \$20.0 million, respectively.

Table of Contents

Net Premiums Written is a non-GAAP financial measure representing the premiums charged on policies issued during a fiscal period less any applicable reinsurance costs. *Net Premiums Written* is a statutory measure designed to determine production levels. *Net Premiums Earned* is the most directly comparable GAAP measure and represents the portion of *Net Premiums Written* that is recognized as revenue in the financial statements for the year.

The following is a reconciliation of our total *Net Premiums Written* to *Net Premiums Earned* for the three months ended March 31, 2009 and 2008 (dollars in thousands):

	Three Months Ended March 31,	
	2009	2008
Net Premiums Written	\$ 29,396	20,032
Increase in Unearned Premiums	(8,066)	(9,591)
Net Premiums Earned	\$ 21,330	10,441

Net Investment Income for the three months ended March 31, 2009 and 2008 of \$358,000 and \$346,000, respectively, is specific to our investment in certificates of deposit and money market accounts. Such investments and the related investment income have increased primarily as the result of incremental premiums we have collected and invested following each assumption transaction. However, the increase in our investment income in 2009 was offset by a decline in short-term interest rates.

Other Income for the three months ended March 31, 2009 and 2008 of \$635,000 and \$119,000, respectively, primarily reflects the policy fee income we earn with respect to our issuance of renewal policies.

Expenses

Losses and Loss Adjustment Expenses for the three months ended March 31, 2009 and 2008 of \$10.0 million and \$2.3 million, respectively, reflects the impact of incurred claims, case reserve strengthening, and development of incurred but not reported losses. The increase in 2009 is primarily attributable to an increase in actual claims incurred and, as a result, we have also strengthened our case reserves and reserves for incurred but not reported losses in 2009 as compared to 2008. The increase in claims and related reserves is reflective of our increased policies in force and insured exposures. Our policy volume has grown from approximately 23,000 as of March 31, 2008 to approximately 64,000 policies as of March 31, 2009.

Policy Acquisition and Other Underwriting Expenses for the three months ended March 31, 2009 and 2008 of \$1.1 million and \$1.6 million, respectively, primarily reflect the amortization of deferred acquisition costs, commissions payable to agents for production of policies, and premium taxes and policy fees. The decrease in 2009 is primarily attributable to a decrease in the commission rate specific to policies assumed from Citizens. The rate applicable to the quarter ended March 31, 2008 was 16% compared to 6% applicable to the quarter ended March 31, 2009. This decrease in assumed commissions was offset in part by increases in our commissions specific to renewal business as such renewal commission rates are generally between 8.5% and 10.0%. We have renewed significantly more policies in 2009 than in 2008. In addition, we experienced increases in our premium taxes and other underwriting expenses in 2009, which are directly attributable to the increase in renewal policy volume.

Table of Contents

Other Operating Expenses for the three months ended March 31, 2009 and 2008 were \$1,064,000 and \$704,000, respectively. Such expenses include administrative compensation and related benefits, corporate insurance, professional fees, office lease and related expenses, information system expense, and other general and administrative costs. The increase is primarily attributable to increases in 2009 for professional services fees, administrative compensation and related benefits, and net other operating expenses of \$108,000, \$105,000 and 147,000, respectively. The increase attributable to compensation and related benefits relates primarily to new employees hired to manage the increase in our policy volume. As of March 31, 2009, we have 36 employees compared to 14 employees as of March 31, 2008.

Income Taxes for the three months ended March 31, 2009 and 2008 were \$3,853,000 and \$2,392,000, respectively, for state and federal income taxes resulting in an effective tax rate of 38.0% for 2009 and 37.9% for 2008.

Ratios:

The loss ratio (GAAP basis) applicable to the three months ended March 31, 2009 (loss and loss adjustment expenses related to premiums earned) was 46.99% compared to 21.78% for the three months ended March 31, 2008. The increase in 2009 is primarily attributable to an increase in actual claims incurred and, as a result, we have also strengthened our case reserves and reserves for incurred but not reported losses in 2009 as compared to 2008. The increase in claims and related reserves is reflective of our increased policies in force and insured exposures. Our policy volume has grown from approximately 23,000 as of March 31, 2008 to approximately 64,000 policies as of March 31, 2009.

The expense ratio (GAAP basis) applicable to the three months ended March 31, 2009 (policy acquisition and other underwriting expenses related to premiums earned plus compensation, employee benefits, and other operating expenses) was 10.14% compared to 22.18% for the three months ended March 31, 2008. A portion of our administrative expenses are fixed and do not fluctuate significantly as our revenue increases. Thus, we have experienced an improvement in our expense ratio primarily as a result of our revenue growth over the past year.

The combined loss and expense ratio (GAAP basis) is the key measure of underwriting performance traditionally used in the property and casualty industry. A combined ratio under 100.00% generally reflects profitable underwriting results. A combined ratio over 100.00% generally reflects unprofitable underwriting results. Our combined ratio for the three months ended March 31, 2009 was 57.13% compared to 43.96% for the three months ended March 31, 2008.

Seasonality of Our Business

We expect to experience increases in our losses and loss adjustment expenses during the period from June 1 through November 30 each year as this period is typically the period during which hurricanes and other tropical storms occur. As a result of such seasonal variations in our reported losses, we anticipate our operating profits during the period from June 1 through November 30 each year will be negatively impacted by an increase in losses and loss adjustment expenses. Conversely, we expect more favorable operating results during the period from December 1 through May 31 each year.

Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

Since inception, our liquidity requirements have been met through issuance of our common stock and funds from operations. We expect our future liquidity requirements will be met by funds from operations, primarily the cash received by our insurance subsidiary from premiums earned and investment income.

Our insurance subsidiary requires liquidity and adequate capital to meet ongoing obligations to policyholders and claimants and to fund operating expenses. In addition, we attempt to maintain adequate levels of liquidity and surplus to manage any differences between the duration of our liabilities and invested assets. In the insurance industry, cash collected for premiums from policies written is invested, interest and dividends are earned thereon, and loss and settlement expenses are paid out over a period of years. This period of time varies by the circumstances surrounding each claim. A substantial portion of our losses and loss expenses are fully settled and paid within 90 days of the claim receipt date. Additional cash outflow occurs through payments of underwriting costs such as commissions, taxes, payroll, and general overhead expenses.

We believe that we maintain sufficient liquidity to pay our insurance subsidiary's claims and expenses, as well as satisfy commitments in the event of unforeseen events such as reinsurer insolvencies, inadequate premium rates, or reserve deficiencies. We maintain a comprehensive reinsurance program at levels management considers adequate to diversify risk and safeguard our financial position.

In the future, we anticipate our primary use of funds will be to pay claims and operating expenses. In addition, as of March 31, 2009, a maximum of \$2,963,000 may yet be committed over the next eleven months under our previously announced share repurchase plan.

Cash Flows

Our cash flows from operating, investing and financing activities for the three months ended March 31, 2009 and 2008 are summarized below.

Cash Flows for the Three Months ended March 31, 2009

Net cash provided by operating activities for the three months ended was approximately \$4.6 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$6.2 million was primarily the result of our purchase of short-term investments. Net cash used in financing activities totaled \$13,000.

Cash Flows for the Three Months ended March 31, 2008

Net cash provided by operating activities for the three months ended March 31, 2008 was approximately \$11.6 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$8.0 million was primarily the result of our purchase of short-term investments. We had no financing activities during the three months ended March 31, 2008.

Table of Contents

Investments

We have tailored our investment policy in an effort to minimize risk in the current financial market. Therefore, we currently invest our excess cash primarily in money market accounts and in certificates of deposit (i.e., CDs) that mature in no more than thirteen months. With the exception of large national banks, it is our current policy not to deposit more than an aggregate of \$5.5 million in any one bank at any time. In the future, we may alter our investment policy to include investments such as federal, state and municipal obligations, corporate bonds, preferred and common equity securities and real estate mortgages, as permitted by applicable law, including insurance regulations.

OFF-BALANCE SHEET ARRANGEMENTS

As of December 31, 2008, we had no off-balance sheet arrangements as defined in Item 303(a)(4) of Regulation S-K.

CONTRACTUAL OBLIGATIONS

As a smaller reporting company as defined by Rule 229.10(f)(1) of the Exchange Act, we are not required to provide the information under this item.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We have prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments to develop amounts reflected and disclosed in our financial statements. Material estimates that are particularly susceptible to significant change in the near term are related to our losses and loss adjustment expenses, which include amounts estimated for claims incurred but not yet reported. We base our estimates on various assumptions and actuarial data that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates.

We believe our accounting policies specific to premium revenue recognition, losses and loss adjustment expenses, reinsurance, deferred policy acquisition costs, deferred tax assets and liabilities, and stock-based compensation expense involve our most significant judgments and estimates material to our consolidated financial statements. These accounting estimates and related risks that we consider to be our critical accounting estimates are more fully described in our Annual Report on Form 10-K, which we filed with the SEC on March 13, 2009. For the three months ended March 31, 2009, there have been no material changes with respect to any of our critical accounting policies.

RECENT ACCOUNTING PRONOUNCEMENTS

For information with respect to recent accounting pronouncements and the impact of these pronouncements on our consolidated financial statements, see Note 2 to our Notes to Condensed Consolidated Financial Statements.

Working Capital Restrictions and Other Limitations on Payment of Dividends

We are not subject to working capital restrictions or other limitations on the payment of dividends. Our insurance subsidiary, however, is subject to restrictions on the dividends it may pay to our parent corporation, Homeowners Choice, Inc. Those restrictions could impact our ability to pay dividends if our Board of Directors determines to do so.

Under Florida law, a domestic insurer such as our insurance subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc., may not pay any dividend or distribute cash or other property to its stockholders except out of that part of its available and accumulated capital and surplus funds which is derived from realized net operating profits on its business and net realized capital gains. For a three-year period beginning March 30, 2007, our insurance subsidiary, as a newly licensed Florida insurer, is precluded from paying dividends unless approved in advance by the Florida Office of Insurance Regulation. Additionally, Florida statutes preclude our insurance subsidiary from making dividend payments or distributions to stockholders without prior approval of the Florida Office of Insurance Regulation if the dividend or distribution would exceed the larger of (1) the lesser of (a) 10.0% of its capital surplus or (b) net income, not including realized capital gains, plus a two year carry forward, (2) 10.0% of capital surplus with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains or (3) the lesser of (a) 10.0% of capital surplus or (b) net investment income plus a three year carry forward with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains.

(Re)Insurer's Liability Clause - LMA3333

(Re)insurer's liability several not joint

The liability of a (re)insurer under this contract is several and not joint with other (re)insurers party to this contract. A (re)insurer is liable only for the proportion of liability it has underwritten. A (re)insurer is not jointly liable for the proportion of liability underwritten by any other (re)insurer. Nor is a (re)insurer otherwise responsible for any liability of any other (re)insurer that may underwrite this contract.

The proportion of liability under this contract underwritten by a (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp. This is subject always to the provision concerning signing below.

In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is a (re)insurer. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other (re)insurer that may underwrite this contract. The business address of each member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address.

Proportion of liability

Unless there is signing (see below), the proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp and is referred to as its written line.

Where this contract permits, written lines, or certain written lines, may be adjusted (signed). In that case a schedule is to be appended to this contract to show the definitive proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together). A definitive proportion (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of a Lloyd's syndicate taken together) is referred to as a signed line.

Edgar Filing: Homeowners Choice, Inc. - Form 424B3

signed lines shown in the schedule will prevail over the written lines unless a proven error in calculation has occurred.

Although reference is made at various points in this clause to this contract in the singular, where the circumstances so require this should be read as a reference to contracts in the plural.

1. Loss in excess of policy limits shall mean 90.0% of any amount paid or payable by the Company in excess of its policy limits, but otherwise within the terms of its policy, such loss in excess of the Company's policy limits having been incurred because of, but not limited to, failure by the Company to settle within the policy limits or by reason of the Company's alleged or actual negligence, fraud or bad faith in rejecting an offer of settlement or in the preparation of the defense or in the trial of an action against its insured or reinsured or in the preparation or prosecution of an appeal consequent upon such an action.

Extra contractual obligations shall mean 90.0% of any punitive, exemplary, compensatory or consequential damages paid or payable by the Company, not covered by any other provision of this Contract and which arise from the handling of any claim on business subject to this Contract, such liabilities arising because of, but not limited to, failure by the Company to settle within the policy limits or by reason of the Company's alleged or actual negligence, fraud or bad faith in rejecting an offer of settlement or in the preparation of the defense or in the trial of an action against its insured or reinsured or in the preparation or prosecution of an appeal consequent upon such an action. An extra contractual obligation shall be deemed, in all circumstances, to have occurred on the same date as the loss covered or alleged to be covered under the policy.

Notwithstanding anything stated herein, this Contract shall not apply to any loss in excess of policy limits or any extra contractual obligation incurred by the Company as a result of any fraudulent and/or criminal act by any officer or director of the Company acting individually or collectively or in collusion with any individual or corporation or any other organization or party involved in the presentation, defense or settlement of any claim covered hereunder.

However, the event need not be limited to one state or province or states or provinces contiguous thereto.
2. As regards riot, riot attending a strike, civil commotion, vandalism and malicious mischief, all individual losses sustained by the Company occurring during any period of 72 consecutive hours within the area of one municipality or county and the municipalities or counties contiguous thereto arising out of and directly occasioned by the same event. The maximum duration of 72 consecutive hours may be extended in respect of individual losses which occur beyond such 72 consecutive hours during the continued occupation of an assured's premises by strikers, provided such occupation commenced during the aforesaid period.

- B. Except for those loss occurrences referred to in subparagraph 2 of paragraph A above, the Company may choose the date and time when any such period of consecutive hours commences, provided that it is not earlier than the date and time of the occurrence of the first recorded individual loss sustained by the Company arising out of that disaster, accident or loss, and provided that only one such period of 168 consecutive hours shall apply with respect to one event, except for any loss occurrence referred to in subparagraph 1 of paragraph A above where only one such period of 72 consecutive hours shall apply with respect to one event, regardless of the duration of the event.

- C. However, as respects those loss occurrences referred to in subparagraph 2 of paragraph A above, if the disaster, accident or loss occasioned by the event is of greater duration than 72 consecutive hours, then the Company may divide that disaster, accident or loss into two or more loss occurrences, provided that no two periods overlap and no individual loss is included in more than one such period, and provided that no period commences earlier than the date and time of the occurrence of the first recorded individual loss sustained by the Company arising out of that disaster, accident or loss.

- D. No individual losses occasioned by an event that would be covered by a 72 hours clause may be included in any loss occurrence claimed under a 168 hours provision.

Salvage thereon shall always be used to reimburse the excess carriers in the reverse order of their priority according to their participation before being used in any way to reimburse the Company for its primary loss. The Company hereby agrees to enforce its rights to salvage or subrogation relating to any loss, a part of which loss was sustained by the Reinsurer, and to prosecute all claims arising out of such rights if, in the Company's opinion, it is economically reasonable to do so.

However, in the event this Contract is terminated on a cutoff basis, no deposit premium installments shall be due after the effective date of termination.

Article XII Late Payments

- A. The provisions of this Article shall not be implemented unless specifically invoked, in writing, by one of the parties to this Contract.
- B. In the event any premium, loss or other payment due either party is not received by the intermediary named in the Intermediary Article (hereinafter referred to as the Intermediary) by the payment due date, the party to whom payment is due may, by notifying the Intermediary in writing, require the debtor party to pay, and the debtor party agrees to pay, an interest penalty on the amount past due calculated for each such payment on the last business day of each month as follows:

3. The amount past due, including accrued interest.

It is agreed that interest shall accumulate until payment of the original amount due plus interest penalties have been received by the Intermediary.

- C. The establishment of the due date shall, for purposes of this Article, be determined as follows:

1. As respects the payment of routine deposits and premiums due the Reinsurer, the due date shall be as provided for in the applicable section of this Contract. In the event a due date is not specifically stated for a given payment, it shall be deemed due 45 days after the date of transmittal by the Intermediary of the initial billing for each such payment.
2. Any claim or loss payment due the Company hereunder shall be deemed due 10 days after the proof of loss or demand for payment is transmitted to the Reinsurer. If such loss or claim payment is not received within the 10 days, interest will accrue on the payment or amount overdue in accordance with paragraph B above, from the date the proof of loss or demand for payment was transmitted to the Reinsurer.
3. As respects any payment, adjustment or return due either party not otherwise provided for in subparagraphs 1 and 2 of this paragraph C, the due date shall be as provided for in the applicable section of this Contract. In the event a due date is not specifically stated for a given payment, it shall be deemed due 45 days following transmittal of written notification that the provisions of this Article have been invoked.

For purposes of interest calculations only, amounts due hereunder shall be deemed paid upon receipt by the Intermediary.

- D. Nothing herein shall be construed as limiting or prohibiting a Subscribing Reinsurer from contesting the validity of any claim, or from participating in the defense of any claim or suit, or prohibiting either party from contesting the validity of any payment or from initiating any arbitration or other proceeding in accordance with the provisions of this Contract. If the debtor party prevails in an arbitration or other proceeding, then any interest penalties due hereunder on the amount in dispute shall be null and void. If the debtor party loses in such proceeding, then the interest penalty on the amount determined to be due hereunder shall be calculated in accordance with the provisions set forth above unless otherwise determined by such proceedings. If a debtor party advances payment of any amount it is contesting, and proves to be correct in its contestation, either in whole or in part, the other party shall reimburse the debtor party for any such excess payment made plus interest on the excess amount calculated in accordance with this Article.

- E. Interest penalties arising out of the application of this Article that are \$100 or less from any party shall be waived unless there is a pattern of late payments consisting of three or more items over the course of any 12-month period.

Article XIII Offset (BRMA 36C)

With regard to funding in whole or in part by letters of credit, it is agreed that each letter of credit will be in a form acceptable to insurance regulatory authorities involved, will be issued for a term of at least one year and will include an evergreen clause, which automatically extends the term for at least one additional year at each expiration date unless written notice of non-renewal is given to the Company not less than 30 days prior to said expiration date. The Company and the Reinsurer further agree, notwithstanding anything to the contrary in this Contract, that said letters of credit may be drawn upon by the Company or its successors in interest at any time, without diminution because of the insolvency of the Company or the Reinsurer, but only for one or more of the following purposes:

To fund a cash account in an amount equal to the Reinsurer's share of any ceded unearned premium and/or outstanding loss and loss adjustment expense reserves (including incurred but not reported loss reserves) funded by means of a letter of credit which is under non-renewal notice, if said letter of credit has not been renewed or replaced by the Reinsurer 10 days prior to its expiration date;
 4. To refund to the Reinsurer any sum in excess of the actual amount required to fund the Reinsurer's share of the Company's ceded unearned premium and/or outstanding loss and loss adjustment expense reserves (including incurred but not reported loss reserves), if so requested by the Reinsurer;
 5. To reimburse itself for the Reinsurer's portion of any unearned reinsurance premium paid to the Reinsurer hereunder.

In the event the amount drawn by the Company on any letter of credit is in excess of the actual amount required for B(1), B(3) or B(5) or in the case of B(2), the actual amount determined to be due, the Company shall promptly return to the Reinsurer the excess amount so drawn.

Article XXII Insolvency

- A. In the event of the insolvency of one or more of the reinsured companies, this reinsurance shall be payable directly to the company or to its liquidator, receiver, conservator or statutory successor on the basis of the liability of the company without diminution because of the insolvency of the company or because the liquidator, receiver, conservator or

statutory successor of the company has failed to pay all or a portion of any claim. It is agreed, however, that the liquidator, receiver, conservator or statutory successor of the company shall give written notice to the Reinsurer of the pendency of a claim against the company indicating the policy or bond reinsured which claim would involve a possible liability on the part of the Reinsurer within a reasonable time after such claim is filed in the conservation or liquidation proceeding or in the receivership, and that during the pendency of such claim, the Reinsurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses that it may deem available to the company or its liquidator, receiver, conservator or statutory successor. The expense thus incurred by the Reinsurer shall be chargeable, subject to the approval of the Court, against the company as part of the expense of conservation or liquidation to the extent of a pro rata share of the benefit which may accrue to the company solely as a result of the defense undertaken by the Reinsurer.

- B. Where two or more reinsurers are involved in the same claim and a majority in interest elect to interpose defense to such claim, the expense shall be apportioned in accordance with the terms of this Contract as though such expense had been incurred by the company.
- C. It is further understood and agreed that, in the event of the insolvency of one or more of the reinsured companies, the reinsurance under this Contract shall be payable directly by the Reinsurer to the company or to its liquidator, receiver or statutory successor, except as provided by Section 4118(a) of the New York Insurance Law or except (1) where this Contract specifically provides another payee of such reinsurance in the event of the insolvency of the company or (2) where the Reinsurer with the consent of the direct insured or insureds has assumed such policy obligations of the company as direct obligations of the Reinsurer to the payees under such policies and in substitution for the obligations of the company to such payees.

Article XXIII Arbitration (BRMA 6J)

- A. As a condition precedent to any right of action hereunder, in the event of any dispute or difference of opinion hereafter arising with respect to this Contract, it is hereby mutually agreed that such dispute or difference of opinion shall be submitted to arbitration. One Arbitrator shall be chosen by the Company, the other by the Reinsurer, and an Umpire shall be chosen by the two Arbitrators before they enter upon arbitration, all of whom shall be active or retired disinterested executive officers of insurance or reinsurance companies or Lloyd's London Underwriters. In the event that either party should fail to choose an Arbitrator within 30 days following a written request by the other party to do so, the requesting party may choose two Arbitrators who shall in turn choose an Umpire before entering upon arbitration. If the two Arbitrators fail to agree upon the selection of an Umpire within 30 days following their appointment, each Arbitrator shall nominate three candidates within 10 days thereafter, two of whom the other shall decline, and the decision shall be made by drawing lots.
- B. Each party shall present its case to the Arbitrators within 30 days following the date of appointment of the Umpire. The Arbitrators shall consider this Contract as an honorable engagement rather than merely as a legal obligation and they are relieved of all judicial formalities and may abstain from following the strict rules of law. The decision of the Arbitrators shall be final and binding on both parties; but failing to agree, they shall call in the Umpire and the decision of the majority shall be final and binding upon both parties. Judgment upon the final decision of the Arbitrators may be entered in any court of competent jurisdiction.

- C. If more than one reinsurer is involved in the same dispute, all such reinsurers shall constitute and act as one party for purposes of this Article and communications shall be made by the Company to each of the reinsurers constituting one party, provided, however, that nothing herein shall impair the rights of such reinsurers to assert several, rather than joint, defenses or claims, nor be construed as changing the liability of the reinsurers participating under the terms of this Contract from several to joint.

- D. Each party shall bear the expense of its own Arbitrator, and shall jointly and equally bear with the other the expense of the Umpire and of the arbitration. In the event that the two Arbitrators are chosen by one party, as above provided, the expense of the Arbitrators, the Umpire and the arbitration shall be equally divided between the two parties.

- E. Any arbitration proceedings shall take place at a location mutually agreed upon by the parties to this Contract, but notwithstanding the location of the arbitration, all proceedings pursuant hereto shall be governed by the law of the state in which the Company has its principal office.

Article XXIV Service of Suit (BRMA 49C)

(Applicable if the Reinsurer is not domiciled in the United States of America, and/or is not authorized in any State, Territory or District of the United States where authorization is required by insurance regulatory authorities)

- A. It is agreed that in the event the Reinsurer fails to pay any amount claimed to be due hereunder, the Reinsurer, at the request of the Company, will submit to the jurisdiction of a court of competent jurisdiction within the United States. Nothing in this Article constitutes or should be understood to constitute a waiver of the Reinsurer's rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States.

- B. Further, pursuant to any statute of any state, territory or district of the United States which makes provision therefor, the Reinsurer hereby designates the party named in its Interests and Liabilities Agreement, or if no party is named therein, the Superintendent, Commissioner or Director of Insurance or other officer specified for that purpose in the statute, or his successor or successors in office, as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the Company or any beneficiary hereunder arising out of this Contract.

Article XXV Governing Law (BRMA 71B)

This Contract shall be governed by and construed in accordance with the laws of the State of Florida.

Article XXVI Confidentiality

The Reinsurer shall maintain the confidentiality of all information reviewed during any inspection as well as the results of such inspection and shall not disclose such materials to third parties other than the Reinsurer's outside auditors, legal counsel, or as required in any action brought to enforce the Reinsurer's rights under this Contract, or as required by a London market lead, regulatory agency, court order or subpoena, provided that the other party is given prior notice of such regulatory requirement, court order or subpoena.

Article XXVII Entire Agreement

This written Contract constitutes the entire agreement between the parties hereto with respect to the business being reinsured hereunder, and there are no understandings between the parties hereto other than as expressed in this Contract. Any change or modification to this Contract will be made by amendment to this Contract and signed by the parties.

Article XXVIII Severability (BRMA 72E)

If any provision of this Contract shall be rendered illegal or unenforceable by the laws, regulations or public policy of any state, such provision shall be considered void in such state, but this shall not affect the validity or enforceability of any other provision of this Contract or the enforceability of such provision in any other jurisdiction.

Article XXIX Agency Agreement (BRMA 73A)

If more than one reinsured company is named as a party to this Contract, the first named company shall be deemed the agent of the other reinsured companies for purposes of sending or receiving notices required by the terms and conditions of this Contract, and for purposes of remitting or receiving any monies due any party.

Article XXX Notices and Contract Execution

- A. Whenever a notice, statement, report or any other written communication is required by this Contract, unless otherwise specified, such notice, statement, report or other written communication may be transmitted by certified or registered mail, nationally or internationally recognized express delivery service, personal delivery, electronic mail, or facsimile. With the exception of notices of termination, first class mail is also acceptable.

- B. The use of any of the following shall constitute a valid execution of this Contract or any amendments thereto:
 - 1. Paper documents with an original ink signature;

 - 2. Facsimile or electronic copies of paper documents showing an original ink signature; and/or

Table of Contents

3. Electronic records with an electronic signature made via an electronic agent. For the purposes of this Contract, the terms electronic record, electronic signature and electronic agent shall have the meanings set forth in the Electronic signatures in Global and National Commerce Act of 2000 or any amendments thereto.

C. This Contract may be executed in one or more counterparts, each of which, when duly executed, shall be deemed an original.

Article XXXI Intermediary

Benfield Inc. or one of its affiliated or successor corporations is hereby recognized as the Intermediary negotiating this Contract for all business hereunder. All communications (including but not limited to notices, statements, premium, return premium, commissions, taxes, losses, loss adjustment expense, salvages and loss settlements) relating thereto shall be transmitted to the Company or the Reinsurer through the Intermediary. Payments by the Company to the Intermediary shall be deemed to constitute payment to the Reinsurer. Payments by the Reinsurer to the Intermediary shall be deemed to constitute payment to the Company only to the extent that such payments are actually received by the Company.

In Witness Whereof, the Company by its duly authorized representative has executed this Contract as of the date undermentioned at:

2. Without in any way restricting the operation of paragraph (1) of this Clause, this Reinsurance does not cover any loss or liability accruing to the Reassured, directly or indirectly and whether as Insurer or Reinsurer, from any insurance against Physical Damage (including business interruption or consequential loss arising out of such Physical Damage) to:

 - IV. Installations other than those listed in paragraph (2) III above using substantial quantities of radioactive isotopes or other products of nuclear fission.
3. Without in any way restricting the operations of paragraphs (1) and (2) hereof, this Reinsurance does not cover any loss or liability by radioactive contamination accruing to the Reassured, directly or indirectly, and whether as Insurer or Reinsurer, from any insurance on property which is on the same site as a nuclear reactor power plant or other nuclear installation and which normally would be insured therewith except that this paragraph (3) shall not operate
 - (a) where Reassured does not have knowledge of such nuclear reactor power plant or nuclear installation, or
 - (b) where said insurance contains a provision excluding coverage for damage to property caused by or resulting from radioactive contamination, however caused. However on and after 1st January 1960 this sub-paragraph (b) shall only apply provided the said radioactive contamination exclusion provision has been approved by the Governmental Authority having jurisdiction thereof.
4. Without in any way restricting the operations of paragraphs (1), (2) and (3) hereof, this Reinsurance does not cover any loss or liability by radioactive contamination accruing to the Reassured, directly or indirectly, and whether as Insurer or Reinsurer, when such radioactive contamination is a named hazard specifically insured against.
5. It is understood and agreed that this Clause shall not extend to risks using radioactive isotopes in any form where the nuclear exposure is not considered by the Reassured to be the primary hazard.
6. The term special nuclear material shall have the meaning given it in the Atomic Energy Act of 1954 or by any law amendatory thereof.

as defined in the above captioned Contract

(Re)Insurer's Liability Clause LMA3333

(Re)insurer's liability several not joint

The liability of a (re)insurer under this contract is several and not joint with other (re)insurers party to this contract. A (re)insurer is liable only for the proportion of liability it has underwritten. A (re)insurer is not jointly liable for the proportion of liability underwritten by any other (re)insurer. Nor is a (re)insurer otherwise responsible for any liability of any other (re)insurer that may underwrite this contract.

The proportion of liability under this contract underwritten by a (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp. This is subject always to the provision concerning signing below.

In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is a (re)insurer. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other (re)insurer that may underwrite this contract. The business address of each member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address.

Proportion of liability

Unless there is signing (see below), the proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp and is referred to as its written line.

Where this contract permits, written lines, or certain written lines, may be adjusted (signed). In that case a schedule is to be appended to this contract to show the definitive proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together). A definitive proportion (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of a Lloyd's syndicate taken together) is referred to as a signed line.

Edgar Filing: Homeowners Choice, Inc. - Form 424B3

signed lines shown in the schedule will prevail over the written lines unless a proven error in calculation has occurred.

Although reference is made at various points in this clause to this contract in the singular, where the circumstances so require this should be read as a reference to contracts in the plural.

Within five days of receipt of such a request, each Subscribing Reinsurer shall accept such request, ask for additional information, or reject the request. - B. No claim shall be made under this Contract as respects any one loss occurrence unless at least two risks insured or reinsured by the Company are involved in such loss occurrence. For purposes of this Contract, the Company shall be the sole judge of what constitutes one risk.

Article VI Reinstatement

- A. In the event all or any portion of the reinsurance hereunder is exhausted by loss, the amount so exhausted shall be reinstated immediately from the time the loss occurrence commences hereon. reinstatement premium shown to be due the Reinsurer as reflected by any such statement (less prior payments, if any) shall be payable by the Company concurrently with payment by the Reinsurer of the requested loss. Any return reinstatement premium shown to be due the Company shall be remitted by the Reinsurer as promptly as possible after receipt and verification of the Company's statement.

- C. Notwithstanding anything stated herein, the liability of the Reinsurer hereunder shall not exceed \$40,000,000 as respects loss or losses arising out of any one loss occurrence, nor shall it exceed \$80,000,000 in all during the term of this Contract.

Article VII Definitions

- A. Ultimate net loss as used herein shall be defined as the sum or sums (including loss in excess of policy limits, extra contractual obligations and loss adjustment expense, as hereinafter defined) paid or payable by the Company in settlement of claims and in satisfaction of judgments rendered on account of such claims, after deduction of all salvage, all recoveries and all claims on inuring insurance or reinsurance, whether collectible or not. Nothing herein shall be construed to mean that losses under this Contract are not recoverable until the Company's ultimate net loss has been ascertained.

- B. Loss in excess of policy limits and extra contractual obligations as used herein shall be defined as:

1. Loss in excess of policy limits shall mean 90.0% of any amount paid or payable by the Company in excess of its policy limits, but otherwise within the terms of its policy, such loss in excess of the Company's policy limits having been incurred because of, but not limited to, failure by the Company to settle within the policy limits or by reason of the Company's alleged or actual negligence, fraud or bad faith in rejecting an offer of settlement or in the preparation of the defense or in the trial of an action against its insured or reinsured or in the preparation or prosecution of an appeal consequent upon such an action.
2. Extra contractual obligations shall mean 90.0% of any punitive, exemplary, compensatory or consequential damages paid or payable by the Company, not covered by any other provision of this Contract and which arise from the handling of any claim on business subject to this Contract, such liabilities arising because of, but not limited to, failure by the Company to settle within the policy limits or by reason of the Company's alleged or actual negligence, fraud or bad faith in rejecting an offer of settlement or in the preparation of the defense or in the trial of an action against its insured or reinsured or in the preparation or prosecution of an appeal consequent upon such an action. An extra contractual obligation shall be deemed, in all circumstances, to have occurred on the same date as the loss covered or alleged to be covered under the policy.

However, as respects ultimate net loss for the reinsurance coverage provided by this Contract, loss in excess of policy limits and extra contractual obligations arising out of each loss occurrence shall not exceed an amount equal to 25.0% of the loss under the reinsurance coverage provided by this Contract.

Table of Contents

Notwithstanding anything stated herein, this Contract shall not apply to any loss in excess of policy limits or any extra contractual obligation incurred by the Company as a result of any fraudulent and/or criminal act by any officer or director of the Company acting individually or collectively or in collusion with any individual or corporation or any other organization or party involved in the presentation, defense or settlement of any claim covered hereunder.

- C. Loss adjustment expense as used herein shall be defined as expenses assignable to the investigation, appraisal, adjustment, settlement, litigation, defense and/or appeal of claims, regardless of how such expenses are classified for statutory reporting purposes. Loss adjustment expense shall include, but not be limited to, interest on judgments, expenses of outside adjusters, a pro rata share of salaries and expenses of the Company's field employees and expenses of other employees of the Company who have been temporarily diverted from their normal and customary duties and assigned to the adjustment of losses covered by this Contract, expenses of the Company's officials incurred in connection with losses covered by this Contract, and declaratory judgment expenses or other legal expenses and costs incurred in connection with coverage questions and legal actions connected thereto. Loss adjustment expense shall not include normal office expenses or salaries of the Company's officials.
- D. Term of this Contract as used herein shall be defined as the period from October 14, 2008 until May 31, 2009, both days inclusive, Local Standard Time at the location where the loss occurrence commences. However, if this Contract is terminated, term of this Contract as used herein shall mean the period from October 14, 2008 through the effective date of termination.

Article IX Loss Occurrence

- A. The term loss occurrence shall mean the sum of all individual losses directly occasioned by any one disaster, accident or loss or series of disasters, accidents or losses arising out of one event which occurs within the area of one state of the United States or province of Canada and states or provinces contiguous thereto and to one another. However, the duration and extent of any one loss occurrence shall be limited to all individual losses sustained by the Company occurring during any period of 168 consecutive hours arising out of and directly occasioned by the same event except that the term loss occurrence shall be further defined as follows:
1. As regards windstorm, hail, tornado, hurricane, cyclone, including ensuing collapse and water damage, all individual losses sustained by the Company occurring during any period of 72 consecutive hours arising out of and directly occasioned by the same event. However, the event need not be limited to one state or province or states or provinces contiguous thereto.

The maximum duration of 96 consecutive hours may be extended in respect of individual losses which occur beyond such 96 consecutive hours during the continued occupation of an assured's premises by strikers, provided such occupation commenced during the aforesaid period.
 3. As regards earthquake (the epicenter of which need not necessarily be within the territorial confines referred to in the introductory portion of this paragraph A) and fire following directly occasioned by the earthquake, only those individual fire losses which commence during the period of 168 consecutive hours may be included in the Company's loss occurrence.
 4. As regards freeze, only individual losses directly occasioned by collapse, breakage of glass and water damage (caused by bursting frozen pipes and tanks) may be included in the Company's loss occurrence.
 5. As regards firestorms, brush fires and any other fires or series of fires, irrespective of origin (except as provided in subparagraphs 2 and 3 above), which spread through trees, grassland or other vegetation, all individual losses sustained by the Company which occur during any period of 168 consecutive hours within the area of one state of the United States or province of Canada and states or provinces contiguous thereto and to one another may be included in the Company's loss occurrence.
- B. For all those loss occurrences, other than those referred to in subparagraph 2 of paragraph A above, the Company may choose the date and time when any such period of consecutive hours commences, provided that it is not earlier than the date and time of the occurrence of the first recorded individual loss sustained by the Company arising out of that disaster, accident or loss, and provided that only one such period of 168 consecutive hours shall apply with respect to one event, except for any loss occurrence referred to in subparagraph 1 of paragraph A above where only one such period of 72 consecutive hours shall apply with respect to one event, regardless of the duration of the event.
- C. As respects those loss occurrences referred to in subparagraph 2 of paragraph A above, if the disaster, accident or loss occasioned by the event is of greater duration than 96 consecutive hours, then the Company may divide that disaster, accident or loss into two or more loss occurrences, provided that no two periods overlap and no individual loss is included in more than one such period, and provided that no period commences earlier than the date and time of the occurrence of the first recorded individual loss sustained by the Company arising out of that disaster, accident or loss.
- D. No individual losses occasioned by an event that would be covered by a 72 or 96 hours clause may be included in any loss occurrence claimed under a 168 hours provision.

Article X Loss Notices and Settlements

- A. Whenever losses sustained by the Company appear likely to result in a claim hereunder, the Company shall notify the Reinsurer, and the Reinsurer shall have the right to participate in the adjustment of such losses at its own expense.

- B. All loss settlements made by the Company, provided they are within the terms of this Contract and the terms of the Company's policies (except as respects loss in excess of policy limits and extra contractual obligations), shall be binding upon the Reinsurer, and the Reinsurer agrees to pay all amounts for which it may be liable upon receipt of reasonable evidence of the amount paid (or scheduled to be paid within 14 days) by the Company.

Article XI Salvage and Subrogation

The Reinsurer shall be credited with salvage (i.e., reimbursement obtained or recovery made by the Company, less the actual cost, excluding salaries of officials and employees of the Company and sums paid to attorneys as retainer, of obtaining such reimbursement or making such recovery) on account of claims and settlements involving reinsurance hereunder. Salvage thereon shall always be used to reimburse the excess carriers in the reverse order of their priority according to their participation before being used in any way to reimburse the Company for its primary loss. The Company hereby agrees to enforce its rights to salvage or subrogation relating to any loss, a part of which loss was sustained by the Reinsurer, and to prosecute all claims arising out of such rights if, in the Company's opinion, it is economically reasonable to do so.

Article XII Florida Hurricane Catastrophe Fund

- A. The Company shall provisionally purchase Florida Hurricane Catastrophe Fund (FHCF) reimbursement coverage, including any Temporary Increase in Coverage Limit Options, with a limit and retention of 90.0% of \$120,467,044 excess of \$26,073,109. The provisional limit and retention detailed above may increase or decrease depending on the Company's actual exposures on policies subject to the FHCF reimbursement coverage during the term of this Contract. The Company and the Reinsurer agree to accept and be bound by the final determination of the FHCF.

- B. The Company shall purchase from the FHCF additional underlying coverage of 100% of \$1,000,000 excess of \$3,225,000 (including one reinstatement) provided by the FHCF to Limited Apportionment Companies.

- C. Any loss reimbursement paid or payable to the Company under the mandatory and optional coverage layers provided by the FHCF as set forth in paragraphs A and B above, as a result of loss occurrences commencing during the term of this Contract shall inure to the benefit of this Contract. Further, any FHCF loss reimbursement shall be deemed to be paid to the Company in accordance with the reimbursement contract between the Company and the State Board of Administration of the State of Florida at the full payout level set forth therein and will be deemed not to be reduced by any reduction or exhaustion of the FHCF's claims paying capacity.

Table of Contents

- D. Prior to the determination of the Company's FHCF retention and payout, if any, under the mandatory and optional coverage layers set forth between the Company and the State Board of Administration of the State of Florida in paragraph A above, the Reinsurer's liability hereunder will be determined provisionally based on the projected payout, determined in accordance with the provisions of the reimbursement contract. Following the FHCF's final determination of the payout under the coverage layers provided by the reimbursement contract, the ultimate net loss under this Contract will be recalculated. If, as a result of such calculation, the loss to the Reinsurer hereunder in any one loss occurrence is less than the amount previously paid by the Reinsurer, the Company shall promptly remit the difference to the Reinsurer. If the loss to the Reinsurer hereunder in any one loss occurrence is greater than the amount previously paid by the Reinsurer, the Reinsurer shall promptly remit the difference to the Company.
- E. If an FHCF reimbursement amount is based on the Company's losses in more than one loss occurrence commencing during the term of this Contract, the total such FHCF reimbursement received by the Company shall be allocated to individual loss occurrences in chronological order of the dates such loss occurrences commence, beginning with the first such loss occurrence commencing during the term of this Contract, provided that:
1. The portion of the total FHCF reimbursement amount to be allocated by the Company to any individual loss occurrence shall be equal to the lesser of (a) the amount of such FHCF reimbursement to which the Company would be entitled for that loss occurrence alone, or (b) the remaining such FHCF reimbursement which has not been allocated by the Company to prior loss occurrences; and
 2. The total amount allocated by the Company to all such loss occurrences shall be equal to the total FHCF reimbursement received by the Company for such loss occurrences.

Article XIII Reinsurance Premium

As premium for the reinsurance provided hereunder, the Company shall pay the Reinsurer \$1,800,000 in three equal installments of \$600,000 on October 14 and December 1 of 2008 and March 1, 2009. In the event this Contract is terminated in accordance with the provisions of paragraph B of the Commencement and Termination Article and subject to no known losses, no further premium installments shall be due after the effective date of termination, and the Reinsurer shall return to the Company a pro rata portion of the premium installments previously due and paid by the Company applicable to the unexpired portion of the term of this Contract (disregarding the termination) as of the effective date of termination.

Article XIV Late Payments

- A. The provisions of this Article shall not be implemented unless specifically invoked, in writing, by one of the parties to this Contract.
- B. In the event any premium, loss or other payment due either party is not received by the intermediary named in the Intermediary Article (BRMA 23A) (hereinafter referred to as the

08\H3O1014

Page 9

Table of Contents

Intermediary) by the payment due date, the party to whom payment is due may, by notifying the Intermediary in writing, require the debtor party to pay, and the debtor party agrees to pay, an interest penalty on the amount past due calculated for each such payment on the last business day of each month as follows:

1. The number of full days which have expired since the due date or the last monthly calculation, whichever the lesser; times
2. 1/365ths of the six-month United States Treasury Bill rate as quoted in *The Wall Street Journal* on the first business day of the month for which the calculation is made; times
3. The amount past due, including accrued interest.

It is agreed that interest shall accumulate until payment of the original amount due plus interest penalties have been received by the Intermediary.

C. The establishment of the due date shall, for purposes of this Article, be determined as follows:

1. As respects the payment of routine deposits and premiums due the Reinsurer, the due date shall be as provided for in the applicable section of this Contract. In the event a due date is not specifically stated for a given payment, it shall be deemed due 45 days after the date of transmittal by the Intermediary of the initial billing for each such payment.
2. Any claim or loss payment due the Company hereunder shall be deemed due 10 days after the proof of loss or demand for payment is transmitted to the Reinsurer. If such loss or claim payment is not received within the 10 days, interest will accrue on the payment or amount overdue in accordance with paragraph B above, from the date the proof of loss or demand for payment was transmitted to the Reinsurer.
3. As respects any payment, adjustment or return due either party not otherwise provided for in subparagraphs 1 and 2 of this paragraph C, the due date shall be as provided for in the applicable section of this Contract. In the event a due date is not specifically stated for a given payment, it shall be deemed due 45 days following transmittal of written notification that the provisions of this Article have been invoked.

For purposes of interest calculations only, amounts due hereunder shall be deemed paid upon receipt by the Intermediary.

D. Nothing herein shall be construed as limiting or prohibiting a Subscribing Reinsurer from contesting the validity of any claim, or from participating in the defense of any claim or suit, or prohibiting either party from contesting the validity of any payment or from initiating any arbitration or other proceeding in accordance with the provisions of this Contract. If the debtor party prevails in an arbitration or other proceeding, then any interest penalties due hereunder on the amount in dispute shall be null and void. If the debtor party loses in such proceeding, then the interest penalty on the amount determined to be due hereunder shall be calculated in accordance with the provisions set forth above unless otherwise determined by such proceedings. If a debtor party advances payment of any amount it is contesting, and proves to be correct in its contestation, either in whole or in part, the other party shall reimburse the debtor party for any such excess payment made plus interest on the excess amount calculated in accordance with this Article.

Table of Contents

- E. Interest penalties arising out of the application of this Article that are \$100 or less from any party shall be waived unless there is a pattern of late payments consisting of three or more items over the course of any 12-month period.

Article XV Offset (BRMA 36C)

The Company and the Reinsurer shall have the right to offset any balance or amounts due from one party to the other under the terms of this Contract. The party asserting the right of offset may exercise such right any time whether the balances due are on account of premiums or losses or otherwise.

Article XVI Access to Records (BRMA 1D)

The Reinsurer or its designated representatives shall have access at any reasonable time to all records of the Company which pertain in any way to this reinsurance.

Article XVII Liability of the Reinsurer

- A. The liability of the Reinsurer shall follow that of the Company in every case and be subject in all respects to all the general and specific stipulations, clauses, waivers and modifications of the Company's policies and any endorsements thereon. However, in no event shall this be construed in any way to provide coverage outside the terms and conditions set forth in this Contract.
- B. Nothing herein shall in any manner create any obligations or establish any rights against the Reinsurer in favor of any third party or any persons not parties to this Contract.

Article XVIII Net Retained Lines (BRMA 32E)

- A. This Contract applies only to that portion of any policy which the Company retains net for its own account (prior to deduction of any underlying reinsurance specifically permitted in this Contract), and in calculating the amount of any loss hereunder and also in computing the amount or amounts in excess of which this Contract attaches, only loss or losses in respect of that portion of any policy which the Company retains net for its own account shall be included.
- B. The amount of the Reinsurer's liability hereunder in respect of any loss or losses shall not be increased by reason of the inability of the Company to collect from any other reinsurer(s), whether specific or general, any amounts which may have become due from such reinsurer(s), whether such inability arises from the insolvency of such other reinsurer(s) or otherwise.

Article XIX Errors and Omissions (BRMA 14F)

Inadvertent delays, errors or omissions made in connection with this Contract or any transaction hereunder shall not relieve either party from any liability which would have attached had such delay, error or omission not occurred, provided always that such error or omission is rectified as soon as possible after discovery.

Article XX Currency (BRMA 12A)

- A. Whenever the word Dollars or the \$ sign appears in this Contract, they shall be construed to mean United States Dollars and all transactions under this Contract shall be in United States Dollars.

- B. Amounts paid or received by the Company in any other currency shall be converted to United States Dollars at the rate of exchange at the date such transaction is entered on the books of the Company.

Article XXI Taxes (BRMA 50B)

In consideration of the terms under which this Contract is issued, the Company will not claim a deduction in respect of the premium hereon when making tax returns, other than income or profits tax returns, to any state or territory of the United States of America or the District of Columbia.

Article XXII Federal Excise Tax (BRMA 17D)

- A. The Reinsurer has agreed to allow for the purpose of paying the Federal Excise Tax the applicable percentage of the premium payable hereon (as imposed under Section 4371 of the Internal Revenue Code) to the extent such premium is subject to the Federal Excise Tax.

Article XXIII Reserves

- A. The Reinsurer agrees to fund its share of the Company's ceded unearned premium and outstanding loss and loss adjustment expense reserves (including all case reserves plus any reasonable amount estimated to be unreported from known loss occurrences) by:
 - 1. Clean, irrevocable and unconditional letters of credit issued and confirmed, if confirmation is required by the insurance regulatory authorities involved, by a bank or banks meeting the NAIC Securities Valuation Office credit standards for issuers of letters of credit and acceptable to said insurance regulatory authorities; and/or

Table of Contents

2. Escrow accounts for the benefit of the Company; and/or

 3. Cash advances;
if the Reinsurer:
 1. Is unauthorized in any state of the United States of America or the District of Columbia having jurisdiction over the Company and if, without such funding, a penalty would accrue to the Company on any financial statement it is required to file with the insurance regulatory authorities involved; or

 2. Has experienced any of the circumstances described in paragraph B of the Commencement and Termination Article. However, if such circumstance is rectified, then no special funding requirements shall apply and any such current funding in accordance with the provisions above shall be released to the Reinsurer.
- For purposes of this Contract, the Lloyd's United States Credit for Reinsurance Trust Fund shall be considered an acceptable funding instrument. The Reinsurer, at its sole option, may fund in other than cash if its method and form of funding are acceptable to the insurance regulatory authorities involved.
- B. With regard to funding in whole or in part by letters of credit, it is agreed that each letter of credit will be in a form acceptable to insurance regulatory authorities involved, will be issued for a term of at least one year and will include an evergreen clause, which automatically extends the term for at least one additional year at each expiration date unless written notice of non-renewal is given to the Company not less than 30 days prior to said expiration date. The Company and the Reinsurer further agree, notwithstanding anything to the contrary in this Contract, that said letters of credit may be drawn upon by the Company or its successors in interest at any time, without diminution because of the insolvency of the Company or the Reinsurer, but only for one or more of the following purposes:
1. To reimburse itself for the Reinsurer's share of losses and/or loss adjustment expense paid under the terms of policies reinsured hereunder, unless paid in cash by the Reinsurer;

 2. To reimburse itself for the Reinsurer's share of any other amounts claimed to be due hereunder, unless paid in cash by the Reinsurer;

 3. To fund a cash account in an amount equal to the Reinsurer's share of any ceded unearned premium and/or outstanding loss and loss adjustment expense reserves (including all case reserves plus any reasonable amount estimated to be unreported from known loss occurrences) funded by means of a letter of credit which is under non-renewal notice, if said letter of credit has not been renewed or replaced by the Reinsurer 10 days prior to its expiration date;

 4. To refund to the Reinsurer any sum in excess of the actual amount required to fund the Reinsurer's share of the Company's ceded unearned premium and/or outstanding loss and loss adjustment expense reserves (including all case reserves plus any reasonable amount estimated to be unreported from known loss occurrences), if so requested by the Reinsurer; and

Table of Contents

5. To reimburse itself for the Reinsurer's portion of the unearned reinsurance premium paid to the Reinsurer hereunder. In the event the amount drawn by the Company on any letter of credit is in excess of the actual amount required for B(1), B(3) or B(5), or in the case of B(2), the actual amount determined to be due, the Company shall promptly return to the Reinsurer the excess amount so drawn.

Article XXIV Insolvency

- A. In the event of the insolvency of one or more of the reinsured companies, this reinsurance shall be payable directly to the company or to its liquidator, receiver, conservator or statutory successor on the basis of the liability of the company without diminution because of the insolvency of the company or because the liquidator, receiver, conservator or statutory successor of the company has failed to pay all or a portion of any claim. It is agreed, however, that the liquidator, receiver, conservator or statutory successor of the company shall give written notice to the Reinsurer of the pendency of a claim against the company indicating the policy or bond reinsured which claim would involve a possible liability on the part of the Reinsurer within a reasonable time after such claim is filed in the conservation or liquidation proceeding or in the receivership, and that during the pendency of such claim, the Reinsurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses that it may deem available to the company or its liquidator, receiver, conservator or statutory successor. The expense thus incurred by the Reinsurer shall be chargeable, subject to the approval of the Court, against the company as part of the expense of conservation or liquidation to the extent of a pro rata share of the benefit which may accrue to the company solely as a result of the defense undertaken by the Reinsurer.
- B. Where two or more reinsurers are involved in the same claim and a majority in interest elect to interpose defense to such claim, the expense shall be apportioned in accordance with the terms of this Contract as though such expense had been incurred by the company.
- C. It is further understood and agreed that, in the event of the insolvency of one or more of the reinsured companies, the reinsurance under this Contract shall be payable directly by the Reinsurer to the company or to its liquidator, receiver or statutory successor, except as provided by Section 4118(a) of the New York Insurance Law or except (1) where this Contract specifically provides another payee of such reinsurance in the event of the insolvency of the company or (2) where the Reinsurer with the consent of the direct insured or insureds has assumed such policy obligations of the company as direct obligations of the Reinsurer to the payees under such policies and in substitution for the obligations of the company to such payees.

Article XXV Arbitration

- A. As a condition precedent to any right of action hereunder, in the event of any dispute or difference of opinion hereafter arising with respect to this Contract, it is hereby mutually agreed that such dispute or difference of opinion shall be submitted to arbitration. One

Arbiter shall be chosen by the Company, the other by the Reinsurer, and an Umpire shall be chosen by the two Arbiters before they enter upon arbitration, all of whom shall be active or retired disinterested executive officers of insurance or reinsurance companies or Lloyd's London Underwriters. In the event that either party should fail to choose an Arbiter within 30 days following a written request by the other party to do so, the requesting party may choose two Arbiters who shall in turn choose an Umpire before entering upon arbitration. If the two Arbiters fail to agree upon the selection of an Umpire within 30 days following their appointment, each Arbiter shall nominate three candidates within 10 days thereafter, two of whom the other shall decline, and the decision shall be made by drawing lots.

- B. Each party shall present its case to the Arbiters within 30 days following the date of appointment of the Umpire. The Arbiters shall consider this Contract as an honorable engagement rather than merely as a legal obligation and they are relieved of all judicial formalities and may abstain from following the strict rules of law. The decision of the Arbiters shall be final and binding on both parties; but failing to agree, they shall call in the Umpire and the decision of the majority shall be final and binding upon both parties. Judgment upon the final decision of the Arbiters may be entered in any court of competent jurisdiction.
- C. If more than one reinsurer is involved in the same dispute, all such reinsurers shall constitute and act as one party for purposes of this Article and communications shall be made by the Company to each of the reinsurers constituting one party, provided, however, that nothing herein shall impair the rights of such reinsurers to assert several, rather than joint, defenses or claims, nor be construed as changing the liability of the reinsurers participating under the terms of this Contract from several to joint.
- D. Each party shall bear the expense of its own Arbiter, and shall jointly and equally bear with the other the expense of the Umpire and of the arbitration. In the event that the two Arbiters are chosen by one party, as above provided, the expense of the Arbiters, the Umpire and the arbitration shall be equally divided between the two parties.
- E. Any arbitration proceedings shall take place at a location mutually agreed upon by the parties to this Contract, but notwithstanding the location of the arbitration, all proceedings pursuant hereto shall be governed by the law of the State of Florida.

Article XXVI Service of Suit (BRMA 49C)

(Applicable if the Reinsurer is not domiciled in the United States of America, and/or is not authorized in any State, Territory or District of the United States where authorization is required by insurance regulatory authorities)

- A. It is agreed that in the event the Reinsurer fails to pay any amount claimed to be due hereunder, the Reinsurer, at the request of the Company, will submit to the jurisdiction of a court of competent jurisdiction within the United States. Nothing in this Article constitutes or should be understood to constitute a waiver of the Reinsurer's rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States.

Table of Contents

B. Further, pursuant to any statute of any state, territory or district of the United States which makes provision therefor, the Reinsurer hereby designates the party named in its Interests and Liabilities Agreement, or if no party is named therein, the Superintendent, Commissioner or Director of Insurance or other officer specified for that purpose in the statute, or his successor or successors in office, as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the Company or any beneficiary hereunder arising out of this Contract.

Article XXVII Governing Law (BRMA 71B)

This Contract shall be governed by and construed in accordance with the laws of the State of Florida.

Article XXVIII Confidentiality

The Reinsurer shall maintain the confidentiality of all information reviewed during any inspection as well as the results of such inspection and shall not disclose such materials to third parties other than the Reinsurer's auditors, legal counsel, retrocessionaires, or as required in any action brought to enforce the Reinsurer's rights under this Contract, or as required by a London market lead, regulatory agency, court order or subpoena, provided that the other party is given prior notice of such regulatory requirement, court order or subpoena.

Article XXIX Entire Agreement

This written Contract constitutes the entire agreement between the parties hereto with respect to the business being reinsured hereunder, and there are no understandings between the parties hereto other than as expressed in this Contract. Any change or modification to this Contract will be made by amendment to this Contract and signed by the parties.

Article XXX Severability (BRMA 72E)

If any provision of this Contract shall be rendered illegal or unenforceable by the laws, regulations or public policy of any state, such provision shall be considered void in such state, but this shall not affect the validity or enforceability of any other provision of this Contract or the enforceability of such provision in any other jurisdiction.

Article XXXI Agency Agreement (BRMA 73A)

If more than one reinsured company is named as a party to this Contract, the first named company shall be deemed the agent of the other reinsured companies for purposes of sending or receiving notices required by the terms and conditions of this Contract, and for purposes of remitting or receiving any monies due any party.

Article XXXII Notices and Contract Execution

- A. Whenever a notice, statement, report or any other written communication is required by this Contract, unless otherwise specified, such notice, statement, report or other written communication may be transmitted by certified or registered mail, nationally or internationally recognized express delivery service, personal delivery, electronic mail, or facsimile. With the exception of notices of termination, first class mail is also acceptable.
- B. The use of any of the following shall constitute a valid execution of this Contract or any amendments thereto:
1. Paper documents with an original ink signature;
 2. Facsimile or electronic copies of paper documents showing an original ink signature; and/or
 3. Electronic records with an electronic signature made via an electronic agent. For the purposes of this Contract, the terms "electronic record," "electronic signature" and "electronic agent" shall have the meanings set forth in the Electronic Signatures in Global and National Commerce Act of 2000 or any amendments thereto.
- C. This Contract may be executed in one or more counterparts, each of which, when duly executed, shall be deemed an original.

Article XXXIII Intermediary (BRMA 23A)

Benfield Inc. is hereby recognized as the Intermediary negotiating this Contract for all business hereunder. All communications (including but not limited to notices, statements, premium, return premium, commissions, taxes, losses, loss adjustment expense, salvages and loss settlements) relating thereto shall be transmitted to the Company or the Reinsurer through Benfield Inc. Payments by the Company to the Intermediary shall be deemed to constitute payment to the Reinsurer. Payments by the Reinsurer to the Intermediary shall be deemed to constitute payment to the Company only to the extent that such payments are actually received by the Company.

In Witness Whereof, the Company by its duly authorized representative has executed this Contract as of the date undermentioned at:

Clearwater, Florida, this 23RD day of OCTOBER in the year 2008.

1. This Reinsurance does not cover any loss or liability accruing to the Reassured, directly or indirectly and whether as Insurer or Reinsurer, from any Pool of Insurers or Reinsurers formed for the purpose of covering Atomic or Nuclear Energy risks.
2. Without in any way restricting the operation of paragraph (1) of this Clause, this Reinsurance does not cover any loss or liability accruing to the Reassured, directly or indirectly and whether as Insurer or Reinsurer, from any insurance against Physical Damage (including business interruption or consequential loss arising out of such Physical Damage) to:
 - I. Nuclear reactor power plants including all auxiliary property on the site, or
 - II. Any other nuclear reactor installation, including laboratories handling radioactive materials in connection with reactor installations, and critical facilities as such, or

 - IV. Installations other than those listed in paragraph (2) III above using substantial quantities of radioactive isotopes or other products of nuclear fission.
3. Without in any way restricting the operations of paragraphs (1) and (2) hereof, this Reinsurance does not cover any loss or liability by radioactive contamination accruing to the Reassured, directly or indirectly, and whether as Insurer or Reinsurer, from any insurance on property which is on the same site as a nuclear reactor power plant or other nuclear installation and which normally would be insured therewith except that this paragraph (3) shall not operate
 - (a) where Reassured does not have knowledge of such nuclear reactor power plant or nuclear installation, or
 - (b) where said insurance contains a provision excluding coverage for damage to property caused by or resulting from radioactive contamination, however caused. However on and after 1st January 1960 this sub-paragraph (b) shall only apply provided the said radioactive contamination exclusion provision has been approved by the Governmental Authority having jurisdiction thereof.
4. 5. It is understood and agreed that this Clause shall not extend to risks using radioactive isotopes in any form where the nuclear exposure is not considered by the Reassured to be the primary hazard.
6. The term special nuclear material shall have the meaning given it in the Atomic Energy Act of 1954 or by any law amendatory thereof.

7. Reassured to be sole judge of what constitutes:

Notwithstanding the above and subject otherwise to the terms, conditions and limitations of this Contract, in respect only of personal lines, this Contract will pay actual loss or damage (but not related cost and expense) caused by any act of terrorism provided such act is not directly or indirectly caused by, contributed to by, resulting from, or arising out of or in connection with biological, chemical, radioactive or nuclear pollution, contamination or explosion.

Reinsurance Contract

as defined in the above captioned Contract

(Re)Insurer's Liability Clause LMA3333

(Re)insurer's liability several not joint

The liability of a (re)insurer under this contract is several and not joint with other (re)insurers party to this contract. A (re)insurer is liable only for the proportion of liability it has underwritten. A (re)insurer is not jointly liable for the proportion of liability underwritten by any other (re)insurer. Nor is a (re)insurer otherwise responsible for any liability of any other (re)insurer that may underwrite this contract.

The proportion of liability under this contract underwritten by a (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp. This is subject always to the provision concerning signing below.

In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is a (re)insurer. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other (re)insurer that may underwrite this contract. The business address of each member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address.

Proportion of liability

Unless there is signing (see below), the proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown next to its stamp and is referred to as its written line.

Where this contract permits, written lines, or certain written lines, may be adjusted (signed). In that case a schedule is to be appended to this contract to show the definitive proportion of liability under this contract underwritten by each (re)insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together). A definitive proportion (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of a Lloyd's syndicate taken together) is referred to as a signed line.

Edgar Filing: Homeowners Choice, Inc. - Form 424B3

signed lines shown in the schedule will prevail over the written lines unless a proven error in calculation has occurred.

Although reference is made at various points in this clause to this contract in the singular, where the circumstances so require this should be read as a reference to contracts in the plural.
