**Item 1.01 Entry into a Material Definitive Agreement**

On September 4, 2009, Williams-Sonoma, Inc. (the Company) renewed its unsecured commercial letter of credit reimbursement facilities with each of Bank of America, N.A., Wells Fargo Bank, N.A., JPMorgan Chase Bank, N.A. and U.S. Bank National Association (collectively, the Banks). These letter of credit facilities allow the Company to request the Banks to issue letters of credit on the Company's behalf up until the maturity of the agreements on September 3, 2010. The latest expiration possible for any future letters of credit issued under the facilities is now January 31, 2011. Due to significant reductions in inventory purchases and an overall reduction in the number of vendors who require the use of the letter of credit facilities, the Company has decreased the aggregate credit available under the facilities from \$155,000,000 to \$125,000,000. The Company also has a \$300,000,000 unsecured revolving line of credit with Bank of America, N.A., Wells Fargo Bank, N.A., JPMorgan Chase Bank, N.A. and U.S. Bank National Association, among others.

The letter of credit facilities contain certain restrictive loan covenants that are consistent with the Company's unsecured revolving line of credit, including, among others, financial covenants, including a maximum leverage ratio (funded debt adjusted for lease and rent expense to earnings before interest, income tax, depreciation, amortization and rent expense EBITDAR), a minimum fixed charge coverage ratio (calculated as EBITDAR to total fixed charges), and covenants limiting the Company's ability to repurchase shares of stock or increase the Company's dividend, in addition to covenants limiting the Company's ability to dispose of assets, make acquisitions, be acquired (if a default would result from the acquisition), incur indebtedness, grant liens and make investments. The Company's obligations under the letter of credit facilities are guaranteed by certain of the Company's U.S. subsidiaries.

The letter of credit facilities also contain events of default that include, among others, non-payment of drawings under letters of credit or fees, violation of covenants, inaccuracy of representations and warranties, bankruptcy and insolvency events, material judgments, cross defaults to material indebtedness and events constituting a change of control. The occurrence of an event of default will result in the imposition of interest on unreimbursed amounts at the lender's prime rate (or if greater, the average rate on overnight federal funds plus one-half of one percent) plus 2.0%, and could result in the acceleration of the Company's obligations under the letter of credit facilities, an obligation of the Company to deposit with the Banks as collateral an amount equal to all outstanding letters of credit, and an obligation of any or all of the Company's subsidiaries that have guaranteed the letter of credit facilities to pay the full amount of the Company's obligations under the letter of credit facilities.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant**

The disclosure set forth under Item 1.01 of this Current Report is incorporated by reference herein.

**SIGNATURES**
