PROXY STATEMENT

We are providing this Proxy Statement to you in connection with the solicitation by the Board of Directors of Sypris Solutions, Inc. of proxies to be voted at our 2010 Annual Meeting of Stockholders and at any postponement or adjournment thereof. In this Proxy Statement, we refer to Sypris Solutions, Inc. as Sypris, Sypris Solutions, we, our or the Company.

You are cordially invited to attend the Annual Meeting on May 11, 2010, beginning at 10:00 a.m. EDT. The Annual Meeting will be held at 101 Bullitt Lane, Lower Level Seminar Room, Louisville, Kentucky 40222.

We are first mailing this Proxy Statement on or about April 1, 2010, to holders of our Common Stock at the close of business on March 17, 2010, which is the Record Date for the Annual Meeting.

Proxies and Voting Procedures

Your vote is important. Because many stockholders cannot attend the Annual Meeting in person, a large number of stockholders can be represented only by proxy. Most stockholders have a choice of voting over the Internet, using a toll-free telephone number or completing a proxy card and mailing it in the postage-paid envelope provided.

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may a) vote in person at the meeting, b) vote by proxy using the enclosed proxy card, c) vote by proxy over the telephone, or d) vote by proxy on the internet, in each case as described below. Whether or not you plan on attending the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy. Please be aware that if you vote over the Internet, you might incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for eligible stockholders of record will close at 12:00 a.m. EDT on May 11, 2010.

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote before the deadline) or by voting by ballot at the Annual Meeting. Simply attending the annual meeting will not, by itself, revoke your proxy.

In order to vote over the Internet or via telephone, stockholders must have their proxy card in hand and call the number or go to the website identified on the enclosed proxy card and follow the instructions to vote on the Internet or via telephone.

The method by which you vote in no way limits your right to vote at the Annual Meeting if you later decide to attend in person.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank or other nominee, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card and voting instructions to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank or other

Table of Contents

nominee. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other nominee. Follow the instructions from your broker, bank or other nominee included with these proxy materials, or contact your broker, bank or other nominee to request a proxy card.

If you hold shares through an account with a broker, bank or other nominee, your shares may not be voted with respect to certain proposals, including the election of directors, if you do not provide voting instructions on your instruction form. Broker, bank, and other nominees have the authority under the requirements of the New York Stock Exchange, or the NYSE, to vote shares for which their customers do not provide voting instructions on certain routine matters. On July 1, 2009 the SEC approved a proposed NYSE rule that eliminated broker discretionary voting in uncontested elections, which had been permitted in previous years. Because most brokers are subject to these NYSE rules, this will most likely impact your broker's ability to vote your shares. Therefore, your shares will not be voted with respect to the proposal to elect the Company's Board of Directors if you do not provide voting instructions on your instruction form.

All shares entitled to vote and represented by proxies received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with your instructions. **If you do not indicate how your shares should be voted on a matter, the shares represented by your proxy will be voted as the Board of Directors recommends.**

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place in order to solicit additional proxies in favor of the recommendations of the Board of Directors, the persons named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. As of the date of this Proxy Statement, we did not anticipate that any other matters would be raised at the Annual Meeting.

Stockholders Entitled to Vote

Stockholders of Sypris Common Stock at the close of business on the Record Date are entitled to receive notice of and to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote on each matter properly brought before the meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

On the Record Date, March 17, 2010, there were 19,693,262 shares of Sypris Common Stock outstanding. A list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting at the Company's offices at 101 Bullitt Lane, Suite 450, Louisville, Kentucky 40222, between the hours of 8:30 a.m. and 5:30 p.m. local time.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding shares entitled to vote is necessary to constitute a quorum. Abstentions are counted as present and entitled to vote for purposes of determining whether a quorum exists. Broker non-votes will not be counted toward the quorum requirement. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. **Therefore, it is important that you contact your broker with your voting instructions.** If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

Gill Family

As of the Record Date, the Gill family beneficially owned an aggregate of 8,425,363 shares or 42.7% of the Company's outstanding Common Stock. For further information on ownership of Common Stock by the Gill family, see *Stock Ownership of Certain Beneficial Owners*.

Multiple Stockholders Sharing the Same Address

In accordance with a notice sent to eligible stockholders who share a single address by one or more brokers, banks or nominees with accountholders who are Sypris stockholders, those stockholders will receive only one Annual Report and Proxy Statement at that address. This practice, known as householding, is designed to reduce printing and postage costs. However, if a stockholder residing at such an address wishes to receive a separate Annual Report or Proxy Statement in the future, he or she may contact the broker, bank or nominee directly or contact Sypris at 101 Bullitt Lane, Suite 450, Louisville, Kentucky 40222 or at 502-329-2000. If you own your shares through a broker, bank or other nominee, and you are receiving multiple copies of our Annual Report and Proxy Statement, you can request householding by contacting the bank, broker or nominee.

Cost of Proxy Solicitation

Sypris will pay the cost of soliciting proxies. Sypris may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies may be solicited on behalf of the Company by directors, officers or employees of the Company, without additional compensation, in person or by telephone, facsimile or other electronic means.

Notice Regarding Availability of Proxy Materials

In accordance with the rules of the Securities and Exchange Commission (SEC), we are advising our stockholders of the availability on the Internet of our proxy materials related to the Annual Meeting described above. These rules allow companies to provide access to proxy materials in one of two ways. Because we have elected to utilize the full set delivery option, we are delivering to all stockholders paper copies of all the proxy materials, as well as providing access to those proxy materials on a publicly accessible Web site. GOVERNANCE OF THE COMPANY

Board of Directors

Our Board of Directors has adopted the Sypris Solutions, Inc. Guidelines on Corporate Governance (the Guidelines). The Guidelines provide a framework for the Company's corporate governance initiatives and cover topics including, but not limited to, Board of Director and Committee composition and operation, director compensation and stock ownership requirements, and director tenure. The Nominating and Governance Committee is responsible for overseeing and reviewing the Guidelines on an annual basis, and reporting any recommended changes to the Board of Directors. A current copy of the Guidelines is available on the Company's website at www.sypris.com.

During 2009, the Board of Directors held five regular meetings and six special meetings, and the Committees held fifteen meetings. All directors attended at least 75% of the Board meetings and meetings of Committees of which they are members. Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's Annual Meeting of Stockholders, more than a majority of the directors have attended all Annual Meetings. Seven of the eight directors attended the 2009 Annual Meeting.

Independence

The Board of Directors has determined that John F. Brinkley, William G. Ferko, William L. Healey, Sidney R. Petersen and Robert Sroka are independent as defined in by NASDAQ's listing standards.

In December 2009, the independent directors selected William L. Healey to serve a one-year term as Lead Independent Director. Mr. Healey, as Lead Independent Director, presides over periodic independent sessions of the Board of Directors in which only independent directors participate. Stockholders and other parties interested in communicating directly with the Lead Independent Director or with the independent directors as a group may do so by writing to the Lead Independent Director, c/o Sypris Solutions, Inc., 101 Bullitt Lane, Suite 450, Louisville, Kentucky 40222.

Communications with Stockholders

Our Board of Directors welcomes communications from our stockholders. Stockholders may send communications to the Board of Directors, or to any director in particular, c/o Sypris Solutions, Inc., 101 Bullitt Lane, Suite 450, Louisville, Kentucky 40222. Any correspondence addressed to the Board of Directors, or to any director in particular, in care of the Company, is forwarded by us to the addressee, without review by management.

Committees of the Board of Directors

During 2009, the Board of Directors had four ongoing Committees: the Audit and Finance Committee, the Compensation Committee, the Nominating and Governance Committee and the Executive Committee.

Audit and Finance Committee

The current members of the Audit and Finance Committee are William G. Ferko (Chairman), Sidney R. Petersen and Robert Sroka, each of whom is independent as defined by NASDAQ listing standards and Rule 10A-3(b)(1) promulgated under the Securities Exchange Act of 1934, as amended. In addition, the Audit and Finance Committee satisfies the additional requirements of NASDAQ for audit committee membership. The Board of Directors has also determined that each of Sidney R. Petersen and William G. Ferko qualify as an audit committee financial expert as defined by SEC rules. During 2009, the Audit and Finance Committee met seven times. The functions of the Audit and Finance Committee are described below under the heading *Audit and*

Table of Contents

Finance Committee Report. The Audit and Finance Committee operates pursuant to a formal written charter that sets out the functions that this Committee is to perform. The Audit and Finance Committee reviews and reassesses the adequacy of the Audit and Finance Committee Charter on an annual basis. The Audit and Finance Committee Charter is available on the Company's website at www.sypris.com.

Compensation Committee

The current members of the Compensation Committee are John F. Brinkley (Chairman), Robert Sroka and William L. Healey, each of whom is independent as defined by NASDAQ listing standards. During 2009, the Compensation Committee met six times. The functions of the Compensation Committee include administering management incentive compensation plans, establishing the compensation of officers and reviewing the compensation of directors. The Committee generally approves equity awards for the Company's other employees and non-equity compensation for the Company's other officers. However, the Committee has delegated to the Company's Chief Executive Officer the discretion to award to non-executive employees in any one calendar year up to 100,000 stock options in the aggregate, with a maximum award of 10,000. The Company's Chief Executive Officer, with assistance from the Director of Human Resources and their support staff, provides recommendations to the Compensation Committee regarding compensation for those employees reporting directly to the Chief Executive Officer. However, the Committee retains full discretion to modify any compensation recommendations by the Chief Executive Officer or other members of management.

In 2009, the Company engaged the assistance of Pearl Meyer & Partners (Pearl Meyer), an independent compensation consulting firm, to assist the Committee in reviewing total compensation for the Company's named executive officers and other key employees. Pearl Meyer provided the Committee with relevant market data and alternatives to consider when making compensation decisions regarding the Chief Executive Officer and the Company's other executives. In 2009, the Compensation Committee has had direct access to Pearl Meyer and the opportunity to review various issues relating to executive compensation in executive session with Pearl Meyer, without management in attendance, on an as needed basis. For compensation decisions affecting 2010, the Company will continue to utilize the assistance of Pearl Meyer.

The Compensation Committee operates pursuant to a formal written charter that sets out the functions that this Committee is to perform. The Compensation Committee reviews and reassesses the adequacy of the Compensation Committee Charter on an annual basis. A current copy of the Compensation Committee Charter is available on the Company's website at www.sypris.com.

Nominating and Governance Committee

The current members of the Nominating and Governance Committee are William L. Healey (Chairman), John F. Brinkley and William G. Ferko, each of whom is independent as defined by NASDAQ listing standards. During 2009, the Nominating and Governance Committee met two times. The functions of the Nominating and Governance Committee include recommending nominees to the Board of Directors for election as directors of the Company, and evaluating the performance and effectiveness of the Board of Directors, including a periodic assessment of the effectiveness of each of the directors. The Nominating and Governance Committee also makes recommendations to the Board of Directors from time to time as to matters of corporate governance.

The Nominating and Governance Committee employs an independent director profile to assess candidates for inclusion in the Company's recommended slate of independent director nominees. The Nominating and Governance Committee takes a number of attributes into account during the nomination process, including an individual's demonstrated leadership, maturity and public company experience. The Nominating and Governance Committee also places a value on building a diversity of viewpoints and backgrounds on the Board, including diversity of religions, races, genders, nationalities, educational backgrounds, work experiences and extracurricular interests, which can have a positive impact on the business. A mix of talents, backgrounds,

Table of Contents

experiences and geographic locations of the individual Board members is also important and is considered in the evaluation of potential candidates. In addition, the Nominating and Governance Committee will consider an individual's integrity and commitment, as well as a candidate's experience in our core market industries, certain targeted knowledge areas, complex multi-industry and/or technological areas and manufacturing or service operations.

All nominees for election at this Annual Meeting of Stockholders were previously elected by stockholders. To date, the Nominating and Governance Committee has not engaged third parties to identify or evaluate potential director candidates. Currently, the Company's policy is not to seek or accept director nominations recommended by security holders (other than those directors who are also security holders, acting in their capacity as directors), and has not received any such nominations by any non-director security holders to date. In light of the Company's current size, market position and historically low rates of director turnover, the policy of the Committee has been to develop and maintain contacts with potential candidates for future membership on the Board, primarily through the business relationships of the Company's current and former officers and directors.

The Nominating and Governance Committee operates pursuant to a formal written charter that sets out the functions that this Committee is to perform. The Nominating and Governance Committee reviews and reassesses the adequacy of the Nominating and Governance Committee Charter on an annual basis. A current copy of the Nominating and Governance Committee Charter is available on the Company's website at www.sypris.com.

Executive Committee

The current members of the Executive Committee are Robert E. Gill (Chairman), Jeffrey T. Gill, R. Scott Gill and Sidney R. Petersen. During 2009, the Executive Committee took no actions at any meetings or by unanimous written consent. The functions of the Executive Committee include exercising the duties of the full Board of Directors when and if necessary between regular meetings of the Board of Directors. The Executive Committee possesses all of the power of the full Board of Directors, except for certain powers under Delaware law which can only be exercised by the full Board. The Executive Committee operates pursuant to a formal written charter setting out the functions that this Committee is to perform. A current copy of the Executive Committee Charter is available on the Company's website at www.sypris.com.

Board Leadership and Risk Oversight

The Company's Board consists of our Chairman of the Board, Robert E. Gill, our President and Chief Executive Officer, Jeffrey T. Gill, R. Scott Gill and five independent directors. Additionally, the independent directors annually select a Lead Independent Director. Our independent directors generally meet in executive session, chaired by our Lead Independent Director, several weeks in advance of each regularly scheduled Board meeting. During 2009, the Lead Independent Director presided over five such meetings. The Board has four standing committees—Audit and Finance, Compensation, Nominating and Governance and Executive. Other than the Executive Committee (which is constituted for the sole purpose of meeting when the full Board cannot be convened and which has taken no actions in 2007, 2008 or 2009), each of the committees is comprised solely of independent directors.

The Board with and through its committees is actively involved in oversight of risks that could affect the Company. While the oversight of certain risks related to compensation, financial or governance matters is conducted primarily through designated committees of the Board, as disclosed more fully in the charters of each of such committees, the full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Table of Contents

The Audit and Finance Committee is generally responsible for oversight of the Company's relationship with its public accountants, financial reporting and internal controls, debt and credit agreements, and other financial compliance matters. The Compensation Committee is generally responsible for oversight of the recruitment, retention and motivation of the Company's executive management and other employees, including compensation, performance evaluation processes and succession planning matters for directors, officers and other key personnel. The Nominating and Governance Committee is generally responsible for oversight of the nominating and self-evaluative processes with respect to service on the Company's Board of Directors, and for oversight of other corporate governance matters.

Pursuant to our bylaws, our Guidelines and general practices, the Board reviews and determines the best board leadership structure for the Company at least annually. As part of our annual board self-evaluation process, we evaluate our leadership structure to ensure that the Board continues to believe that it provides an effective and efficient structure for the Company and stockholders.

We believe that our current board leadership structure is common among other public companies in the United States, and that this leadership structure has been effective for the Company. We believe that having a separate Chairman of the Board and Chief Executive Officer, independent chairs for each of the Audit, Compensation, Nominating and Governance Committees and a Lead Independent Director provides a focused leadership structure for the Company and the Board. Together with regular executive planning, analysis and reporting, we believe that this structure provides effective oversight of the material risks and opportunities facing the Company on an ongoing basis.

Code of Business Conduct

We have a corporate responsibility and compliance program which includes a written code of business conduct. We require all employees, including all officers and senior level executives, to adhere to our code of business conduct in addressing the legal and ethical issues encountered in conducting their work. The code of business conduct requires each of our employees to avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest, fair and ethical manner and otherwise act with integrity. Our employees are required to certify that they have received a copy of the code of business conduct and have been provided with training on the code of business conduct and their related legal obligations. Employees are required to report any conduct they believe to be an actual or apparent violation of the code of business conduct or other Company policies and procedures. The code of business conduct details the procedures for confidential and anonymous reporting by employees and emphasizes our policy of non-retaliation. Our code of business conduct can be found on our corporate website at www.sypris.com.

Transactions with Related Persons

The Company's code of business conduct requires all directors, executive officers and other employees of the Company to disclose and seek prior approval of any related person transaction. The Company's directors, including the Chief Executive Officer and President, must report any potential conflict of interest to the Audit and Finance Committee, in accordance with the Audit and Finance Committee Charter. The other executive officers must report any potential conflict of interest to the Chief Executive Officer and President. In addition, the Company requires each director and executive officer to disclose any transactions involving related parties, or other potential conflicts of interest, in an annual written questionnaire. For 2009, no related person transactions (as defined in Item 404(a) of Regulation S-K) were reported or otherwise discovered by the Company.

Table of Contents**RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS**

Ernst & Young LLP has served as the Company's independent public accountants since and including the fiscal year ended December 31, 1989. Although the Audit and Finance Committee has not yet completed its process for selecting the independent public accountant for the Company with respect to its 2010 financial statements, the Audit and Finance Committee has approved the interim engagement of Ernst & Young LLP to perform audit and audit-related services with respect to 2010. The Audit and Finance Committee's selection process includes consideration of the following factors: continuity of experience with the Company's business, internal controls and technical accounting experience; independence; history of and reputation for thoroughness, accuracy, excellence and integrity; and reasonableness of fees. The Audit and Finance Committee has approved the fees described below for 2009. The Audit and Finance Committee believes that the fees paid for non-audit services are compatible with the independence of Ernst & Young LLP.

Representatives of Ernst & Young LLP will be present at the Annual Meeting. They will be given an opportunity to make a statement, if they desire to do so, and they will be available to respond to appropriate questions after the meeting.

Policy on Audit and Finance Committee Pre-Approval of Audit and Non-Audit Services of Independent Public Accountants

The Audit and Finance Committee's policy is to pre-approve all audit and non-audit services provided by the independent public accountants, either by a quorum of the Committee at any meeting or by the Committee's authorized delegate for approvals between meetings, all of which are reported to the Committee at its next

Table of Contents

meeting. These services may include audit services, audit-related services, tax services and other services. With some exceptions for certain longer-term projects, pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent public accountants and management are required to periodically report to the full Audit and Finance Committee regarding the extent of services provided by the independent public accountants in accordance with this pre-approval, and the fees for the services performed to date. None of the services provided by the independent public accountants under the categories Audit-Related and Tax described above were approved by the Audit and Finance Committee pursuant to the waiver of pre-approval provisions set forth in Rule 2-01(c) of Regulation S-X.

AUDIT AND FINANCE COMMITTEE REPORT

The Audit and Finance Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit and Finance Committee discussed these matters with the Company's independent public accountants and with appropriate Company financial personnel. The Audit and Finance Committee also discussed with the Company's senior management and independent public accountants and auditors the processes used to support the certifications by the Company's chief executive officer and chief financial officer, which are required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the Securities and Exchange Commission.

The Audit and Finance Committee met privately with both the independent public accountants and Company financial personnel, each of whom has unrestricted access to the Audit and Finance Committee. The Audit and Finance Committee appointed Ernst & Young LLP as the independent public accountants for the Company in 2009 after reviewing the firm's performance and independence from management, among other factors.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls. Ernst & Young LLP, the Company's independent public accountants, is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those audited financial statements in accordance with U.S. generally accepted accounting principles. Ernst & Young LLP is also responsible for performing an audit of the Company's internal controls over financial reporting in accordance with the standards of the United States Public Company Accounting Oversight Board and expressing an opinion that the Company maintained effective internal control over financial reporting based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Audit and Finance Committee is responsible for monitoring and overseeing these processes.

The Audit and Finance Committee reviewed with management and Ernst & Young LLP the Company's draft of Form 10-K for 2009, including the Company's audited financial statements and met separately with both management and Ernst & Young LLP to discuss and review those materials prior to issuance and filing with the Securities and Exchange Commission. All employees in the United States not covered by a collective bargaining agreement are automatically enrolled in the Company's 401(k) retirement savings plan, a tax-qualified plan, at a pre-tax contribution rate of 3%. Employees may opt out of the plan or may elect to change their contribution in increments of 1% of pre-tax salary. Historically, the Company has contributed a matching amount of 100% of the participating employees first 3% of eligible salary. In April of 2009, the Company suspended the matching contribution at the Board's discretion. Company contributions vest at the rate of 20% per year with 100% vesting attained at 5 years of service.

Stock options and restricted stock awards under the 2004 Sypris Equity Plan (2004 Plan), are subject to accelerated vesting upon any change of control of the Company, pursuant to the terms of the 2004 Plan. The respective values of the unvested stock options and the unvested shares of restricted stock which would have become vested for the named executive officers in the event of a change in control, calculated as of December 31, 2009, would have been as follows: \$600,000 for Mr. Gill, \$268,800 for Mr. Lutes and \$307,462 for Mr. Davis. For stock options, these valuations reflect (i) the number of each such individual's unvested stock options on December 31, 2009, multiplied by (ii) the amount, if any, by which the Company's stock price on the last trading day of 2009, December 29, exceeded the strike price of such options. For restricted stock, these valuations reflect (i) the number of each such individual's unvested shares of restricted stock on December 31, 2009, multiplied by (ii) the Company's stock price on December 31, 2009.

In March of 2009, the Company reduced Mr. Gill's salary by 20%, and the salaries of the other executive officers, including Mr. Davis and Mr. Lutes, by 15%. Effective as of February 25, 2010, the Company's executive officers and certain other key employees, including Mr. Davis and Mr. Lutes, entered into employment agreements with the Company. If terminated without cause then (i) these employees would continue to receive their current salary for a period of 12 months following the date of termination, provided that if they become employed by another entity during such time, these employees would only receive 30% of such salary, and (ii) all of the employee's outstanding restricted stock and stock options would become 100% vested and remain exercisable until the expiration date then in effect for any such stock options. The employment agreements also contain confidentiality, non-compete and non-solicitation covenants by the employee during the term of the agreement. Effective May 9, 2009, the Company's executive officers and certain other key employees, including Mr. Davis and Mr. Lutes, entered into a three-year bonus agreement which will vest on May 9, 2012. If terminated without cause before May 9, 2012, these employees would be entitled to receive a pro rata portion of the three-year Bonus within thirty (30) days of such termination date, and this Agreement will automatically terminate without further notice or obligation by the Company. All or any portion of the three-year bonus award may be paid in common stock (valued at its closing price on May 8, 2012, or any earlier termination date), at the sole election of the Board.

- (2) The amount provided in column (g) represents the annual salary plus the aggregate dollar amount of all perquisites for Mr. R. E. Gill as an executive officer of the Company, including an auto lease for personal and business use, a term life policy and a variety of smaller, routine perquisites, including complimentary or discounted food, drink, entertainment, clothing, gifts or similar benefits which in the aggregate are estimated not to exceed \$2,000 in value per year. Mr. R. E. Gill does not receive compensation for his services as a director. Mr. R.E. Gill is the father of the Company's president and chief executive officer, Jeffery T. Gill.
- (3) The amounts in column (c) reflect the dollar amounts for the aggregate grant date fair value for each stock award granted during 2009 for each Director, in accordance with FASB ASC Topic 718, awarded pursuant to the 2004 Sypris Equity Plan and the Directors Compensation Program. Because these awards consisted of fully vested shares, the amounts in column (c) are equal to the fair value of all shares awarded in 2009, valued at the closing price of the Company's common stock as of the time of the award. In 2009, non-employee directors (John F. Brinkley, William G. Ferko, R. Scott Gill, William L. Healey, Sidney R. Petersen and Robert Sroka) each received an annual retainer ranging from approximately \$40,000 to \$58,000, payable after each quarter, in equal cash installments. Additionally, non-employee directors received 5,200 shares of common stock, bringing the value of total compensation to a range of approximately \$44,000 to \$62,000.

All directors are reimbursed for travel and related expenses for attending Board and Committee meetings. In 2009, the Company held 4 meetings which required board members to travel. We also provide non-employee directors with travel accident insurance when on Company business. Directors who are employees of Sypris or its affiliates are not eligible to receive compensation for services as a director.

PROPOSAL TWO

PROPOSAL TO APPROVE THE 2010 SYPRIS OMNIBUS PLAN

At the Annual Meeting, the stockholders will be asked to approve the 2010 Sypris Omnibus Plan (the 2010 Plan) which was adopted by the Company s Board of Directors in March 2010, effective May 11, 2010. A summary of the 2010 Plan appears below, and a copy of the Plan is attached as Appendix A to this Proxy Statement.

The Board has approved the 2010 Plan, which authorizes awards (Awards) of cash bonuses and stock (both restricted and unrestricted), stock options and stock appreciation rights with respect to, in the aggregate, 3,000,000 shares of Common Stock or other authorized common stock of the Company no more dilutive than the Common Stock (Shares), plus any Shares remaining available as of the effective date under the 2004 Sypris Equity Plan (the 2004 Plan), because it believes the ability to grant such Awards is essential to retain and motivate directors and key employees of the Company and its subsidiaries. As of the Record Date the remaining capacity for grants under the 2004 Plan was approximately 331,870 options or shares. The Board believes that the 2010 Plan, by fostering the ownership of Shares by directors, officers and employees, will serve to closely align the interests of directors, officers and employees and other stockholders. No amendment or modification may be made to an outstanding stock option or stock appreciation right that would be treated as a repricing, without the approval of the Company s stockholders.

As of the date of this proxy statement, no Awards have been made under the 2010 Plan. Further, because participation and the types of awards under the 2010 Plan are subject to the discretion of the Compensation Committee, the benefits or amounts that will be received by any participant or group of participants if the 2010 Plan is approved are not currently determinable.

As of the Record Date, there were approximately 7 executive officers, 50 employees and 6 non-employee directors of the Company and its subsidiaries who would be eligible to participate in the Omnibus Plan. As of March 17, 2010, the closing price of a Share was \$3.34 per Share and, under the 2004 Plan, there were 1,050,655 Shares underlying all outstanding stock options with a weighted average exercise price of \$3.97 and a weighted average remaining term of 3.4 years, and 1,105,790 Shares of unvested Restricted Stock. There are no outstanding stock appreciation rights.

The Board of Directors believes that the 2010 Plan is in the best interest of the Company and recommends a vote FOR approval of such plan.

Summary of the 2010 Plan

The following description of the 2010 Plan is intended to be a summary of the principal features of the Plan and is qualified in its entirety by reference to the provisions of the 2010 Plan itself, which is attached as Appendix A to this Proxy Statement.

The 2010 Plan authorizes up to an aggregate of 3,000,000 Shares for issuance under the 2010 Plan plus any remaining Shares available under the 2004 Plan as of the effective date. Generally, Shares subject to Awards under the 2004 Plan or the 2010 Plan which remain unvested or unexercised upon expiration or earlier termination of such Awards will once again become available for Awards under the 2010 Plan.

Under the 2010 Plan, the Committee may award stock options, stock appreciation rights, stock awards (both restricted stock and unrestricted stock and cash awards).

The 2010 Plan is to be administered by the Compensation Committee, which is given the primary responsibility and discretion to administer the 2010 Plan. The 2010 Plan authorizes the Compensation Committee to determine who is eligible to participate in the 2010 Plan, and to make Awards to officers (including officers

Table of Contents

who also are directors) and other employees and consultants of the Company and its subsidiaries. The Compensation Committee has the final authority under the 2010 Plan to determine or interpret the terms of any Awards, including:

eligibility criteria regarding any participation or exercise rights,

types of Awards to be granted to any participant,

amounts, classes, registration rights or restricted legends of related Shares,

timing and features of any rights, benefits or payments due to participants under any Award (including voting, exercise, or dividend rights),

restrictions on assignment or transfer of any Awards or rights thereunder,

vesting and forfeiture terms,

convertibility or deferral rights,

the amounts, methods and forms of consideration due from any participant in exchange for the receipt or exercise of any Awards or rights thereunder (including the exchange of previously granted Awards) and for any taxes incident thereto, and

whether an Award should be subject to the satisfaction of performance objectives, or any other term or condition the Compensation Committee specifies in the written agreement governing the terms of each Award.

Under the 2010 Plan, any performance objectives established by the Compensation Committee must be communicated in writing by the earlier of the date on which a quarter of the performance period has elapsed, or the date which is 90 days after the commencement of the performance period. These performance objectives may be expressed in terms of earnings per share, stock prices, net income, pre-tax income, operating income, return on equity or assets, economic value added, sales, cash flow from operating activities, working capital, productivity ratios, expense targets, cost containment or reduction, market share, completion of acquisitions of businesses or companies, completion of divestitures and asset sales, completion of business relocation activities, and other financial objectives, or any combination of these factors. At the time performance objectives are established, the Committee may also determine to exclude charges or revenues related to an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, reserves or allowances for loan losses, extraordinary items, and other unusual or non-recurring charges, credits or revenues, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of or accounting changes in accordance with U.S. generally accepted accounting principles or tax changes.

Stock Options and Stock Appreciation Rights

The Compensation Committee may award incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code")) (ISOs), and nonqualified stock options (NQSOs). ISOs offer key employees certain tax advantages (discussed below) which are not available with NQSOs. The Compensation Committee determines the terms of option awards, including the amount, exercise price, vesting schedule and term. Options under the 2010 Plan become exercisable at such time or times as the Compensation Committee may specify. The purchase price of any such Award is the closing price of the Common Stock on the date of grant, unless the Compensation Committee designates another price in any Award agreement.

Edgar Filing: SYPRIS SOLUTIONS INC - Form DEF 14A

The Compensation Committee may also grant stock appreciation rights (SARs), either in tandem with stock options and/or stock grants or independent of those Awards. A stock appreciation right entitles a key employee to receive a per Share payment (in cash or Shares, as determined by the Compensation Committee) equal to the excess of the fair market value of a Share on the date of exercise over the fair market value of a Share on the date of grant. The maximum number of Shares subject to options or appreciation rights that can be issued under the Plan to any Participant is 500,000 in any one calendar year.

Table of Contents

Stock Awards

The Compensation Committee may make stock Awards to participants, which may be subject to or not subject to a restriction period. The Compensation Committee has the discretion to determine whether the Shares covered by a restricted stock Award will be subject to a restriction period, the length of any such restriction period, and any vesting (or forfeiture) conditions and terms that apply during any such restriction period. The Compensation Committee also has the discretion to determine if an employee will be required to make a payment with respect to a restricted stock Award and the amount of any such payment. During the restriction period, if any, the Company would generally hold the Shares and the employee would not be able to transfer the Shares. The Award recipient would however, generally be entitled to vote the Shares and receive any dividends with respect to the Shares, during any such restriction period, unless otherwise specified in the Award Agreement. The maximum number of Shares subject to an Award other than options or appreciation rights that can be issued under the Plan to any Participant is 250,000 in any one calendar year.

Cash Awards

The Committee may also grant cash-based Awards to participants which may be based on the successful attainment of one or more performance objectives. The maximum amount that can be earned by any Participant as a cash award subject to the attainment of Performance Objectives in any performance period of up to one calendar year is \$750,000 and the maximum amount that can be earned by any Participant as a cash award subject to the attainment of Performance Objectives over any performance period of greater than one calendar year is \$2,000,000.

Adjustments and Changes in Control

The number of Shares authorized for issuance under the 2010 Plan, the number of Shares issuable under (and the option price of) outstanding options and other relevant provisions of the Plan are subject to adjustment in the event of a stock split, stock dividend or similar change in the capitalization of the Company. In the event of a Change of Control (as defined in the 2010 Plan) of the Company, the vesting date for all unvested or forfeitable rights in any Award are accelerated to the earlier of the date of the Change of Control or any other date set by the Compensation Committee in its discretion to allow participants to effectively enjoy such rights under their Awards.

Amendment and Termination

The Board of Directors may discontinue or amend the 2010 Plan as it deems necessary, and subject to any approval of amendments by stockholders required by the Code, the NASD or other applicable regulations, but, except as provided in the 2010 Plan in connection with a Change in Control, no termination of the 2010 Plan shall affect unexpired outstanding options. Unless earlier terminated by the Board of Directors, the Plan will automatically terminate on May 11, 2015, although Awards made prior to such termination will remain in effect in accordance with their terms and the terms of the 2010 Plan.

Certain Federal Income Tax Consequences

The Company has been advised that the following is a summary of the material United States federal income tax consequences to the Company and the employees receiving stock options, stock grants and stock appreciation rights pursuant to the 2010 Plan. The following is not intended to be all inclusive or to constitute tax advice. This summary is based on the Code, Treasury Regulations promulgated thereunder and administrative and judicial rulings, as of the date hereof, all of which are subject to change, possibly with retroactive effect. This summary does not cover possible state, local or foreign tax consequences or federal tax consequences other than income tax consequences.

Incentive Stock Options. An optionee that receives an ISO does not recognize income either on the date the option is granted or on the date the ISO is exercised (although, upon exercise, the difference between the fair

Table of Contents

market value of the Shares and the exercise price will be treated as an item of adjustment for purposes of computing the optionee's alternative minimum taxable income). If the optionee continues to hold the Shares received for the greater of (i) one year from the date of exercise of the option and (ii) two years from the date the option was granted, any gain or loss recognized on the sale of the Shares will be capital gain or loss. If the optionee disposes of the option or disposes of the Shares prior to the expiration of the periods set forth in the preceding sentence (a

Disqualifying Disposition), the optionee will have compensation income (i.e., taxed at ordinary income rates) equal to the lesser of (i) the total amount of gain recognized upon disposition of the Shares and (ii) the excess of the fair market value of the Shares on the date of exercise over the exercise price for the Shares. Any additional gain will be capital gain, and will be long-term capital gain if the optionee held the Shares for more than one year from the date the option was exercised. The Company will not be entitled to any deduction upon the grant or exercise of an ISO, but will generally be entitled to a compensation deduction equal to the amount of compensation income recognized by the optionee upon a Disqualifying Disposition.

Nonqualified Stock Options. An optionee that receives a NQSO also generally recognizes no income on the date the option is granted. The optionee will, however, recognize compensation income on the date the NQSO is exercised in an amount equal to the excess of the fair market value of the Shares on the date of exercise over the exercise price. Any gain or loss recognized on a later disposition of the Shares will be capital gain or loss. The Company is generally entitled to a deduction at the time the NQSO is exercised equal to the amount of income recognized by the optionee.

Unrestricted Stock. An employee that receives unrestricted Shares (i.e., Shares which are not subject to any vesting restrictions) recognizes compensation income at the time the Shares are granted equal to the difference between the fair market value of the Shares received and the amount, if any, paid by the employee for such Shares. The employee's basis in the Shares is equal to the amount paid for the Shares plus any income recognized by the employee upon the receipt of the Shares. Upon a later disposition of the Shares, the employee recognizes capital gain or loss equal to the difference between the amount received for such Shares and the employee's basis in those Shares. The Company is generally entitled to a compensation deduction equal to the amount of income recognized by the employee upon receipt of the Shares.

Restricted Stock. An employee that receives restricted (or unvested) Shares generally does not recognize any income upon receipt of the Shares. Instead, such employee will recognize compensation income at the time vesting restrictions on the Shares lapse equal to the difference between the fair market value of the Shares at the time such vesting restrictions have lapsed and the amount, if any, paid by the employee for the Shares. Any gain or loss recognized by the employee upon a later disposition of the Shares will be capital in nature. The Company will generally be entitled to a compensation deduction (in an amount equal to the amount of compensation income recognized by the employee) at the same time as such income is recognized.

An employee that receives restricted stock may make an election to include the value of the stock received in income at the time such stock is granted as if such stock were vested Shares. If an employee makes such election, the employee will recognize ordinary income on the stock when received (in the same manner as vested stock), and no further income will be recognized until the stock is later sold or disposed of. Upon such later sale or other disposition, any gain or loss recognized will be capital in nature. The Company shall generally receive a compensation deduction for Shares with respect to which the employee has made such election at the same time (and in the same amount) as the employee recognizes compensation income.

Stock Appreciation Rights. An employee who receives SARs does not recognize any income upon the receipt of such SARs. Instead, the employee is subject to tax (at ordinary income rates) on any amounts received in settlement of his or her SARs at the time such amounts are paid. The Company generally is entitled to a deduction equal to the amount included by the employee in income.

Various additional tax consequences may apply to the granting, acceleration and exercise or vesting of Awards and to the disposition of Shares thereunder, but such consequences are beyond the scope of this summary.

2.3 Performance Objectives Performance Objectives may be expressed in terms of (a) earnings per share, (b) Stock prices, (c) net income, (d) pre-tax income, (e) operating income, (f) return on equity or assets, (g) economic value added, (h) sales, (i) cash flow from operating activities, (j) working capital, (k) productivity ratios, (l) expense targets, (m) cost containment or reduction, (n) market share, (o) completion of acquisitions of businesses or companies, (p) completion of divestitures and asset sales, (q) completion of business relocation activities, (r) other financial objectives, or (s) any combination of the foregoing, with respect to the Company, any of its subsidiaries, any of its divisions or any combination thereof. Performance Objectives may be absolute or relative (to prior performance of the Company or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range. Unless otherwise expressly waived by the Committee, Performance Objectives shall be established in writing by the Committee by the earlier of (x) the date on which a quarter of the performance period has elapsed or (y) the date which is ninety (90) days after the commencement of the performance period, and in any event while the performance relating to the Performance Objectives remains substantially uncertain.

At the time Performance Objectives are established, the Committee may also determine to exclude charges, credits or revenues related to an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, reserves or allowances for loan losses, extraordinary items, and other unusual or non-recurring revenues or charges, credits (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of or accounting changes in accordance with U.S. generally accepted accounting principles or tax changes.

It is the intent of the Company that Awards subject to the attainment of Performance Objectives that are granted to persons who are designated by the Committee as likely to be covered employees within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) and the regulations thereunder shall, if so designated by the Committee, constitute qualified performance based compensation within the meaning of Section 162(m) of the Code and the regulations thereunder. If any provision of the Plan or any Award Agreement relating to such Awards does not comply or is inconsistent with the requirements of Section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

2.4 Amendments and Approvals The Committee, at its discretion, may amend the Plan, its interpretations or any Award at any time, subject to applicable Rules. With respect to any amendment, action or approval hereunder, the Committee may require the approval of any other persons or entities, pursuant to applicable Rules.

2.5 Delegation The Committee may delegate any portion of their responsibilities and powers to one or more persons selected by them, subject to applicable Rules. Such delegation may be revoked by the Committee at any time.

ARTICLE III. STOCK SUBJECT TO PLAN

3.1 Limit on Shares The Committee shall limit Awards in the aggregate to an aggregate maximum amount (Cap) of: (a) total shares of the Company's \$.01 par value common stock (Common Stock), and (b) total shares of any other classes of the Company's then authorized common stock as are determined by the Committee to be no more dilutive than the Common Stock (collectively, the Stock or, individually, the Shares); and no more than 50% of all Awards shall be ISOs. Upon the Effective Date, such Cap shall be Three Million (3,000,000) Shares, plus the number of Shares that remain outstanding and available for issuance under the Company's 2004 Plan as of the Effective Date as calculated pursuant to Section 3.2. Otherwise the Cap shall be increased only: (x) if approved by a majority of the Company's stockholders, (y) pursuant to Article VI, or (z) if approved by the Committee to replace any acquired business equity plan with an appropriate number of additional Shares, pursuant to applicable Rules.

3.2 Share Usage and Unvested Shares Each Award shall be counted, as of the grant date, against the limit set forth in Section 3.1 as one Share for every one Share subject to an Award. Awards granted in substitution for awards held by employees of a business entity acquired by the Company shall not count against the Shares available for issuance under the Plan.

If, following the Effective Date, any Awards under the Plan or the 2004 Plan shall expire, be forfeited, exchanged or cancelled without having been fully exercised or vested (excluding, however, the use of Shares to satisfy the tax withholding obligations or the payment of the purchase price of an Award), the reserved but unused Shares subject thereto shall again be available for new Awards under the Plan.

3.3 Individual Limits The maximum number of Shares subject to options or appreciation rights that can be issued under the Plan to any Participant is 500,000 in any one calendar year. The maximum number of Shares subject to an Award other than options or appreciation rights that can be issued under the Plan to any Participant is 250,000 in any one calendar year. The maximum amount that can be earned by any Participant as a cash award subject to the attainment of Performance Objectives in any performance period of up to one calendar year is \$750,000 and the maximum amount that can be earned by any Participant as a cash award subject to the attainment of Performance Objectives over any performance period of greater than one calendar year is \$2,000,000.

3.4 Share Issuance Book Entry Notwithstanding any other provision of this Plan to the contrary, the issuance of Shares under the Plan may be evidenced in such manner as the Committee, in its discretion, deems appropriate, including, without limitation, book-entry registration or issuance of one or more share certificates.

ARTICLE IV. TYPES OF AWARDS

4.1 Stock The Committee may grant Awards of Stock to Participants on Terms specified in the Award Agreements.

4.2 Options The Committee may grant Awards of options to purchase or sell Stock, to Participants on Terms specified in the Award Agreements. The purchase price under any such Award shall be the closing price of the Stock on the date of grant, and the sale price under any such Award shall be the closing price of the Stock on the date of the sale, unless the Committee designates another price in the Award Agreement; provided further that, the fair market value (on each ISO's Award date) of all ISOs' Shares which first become exercisable by a Participant in any calendar year under all Company plans shall not exceed \$100,000. Awards above this limit or to non-employees shall be deemed separate, non-qualified Awards under 26 USC §422.

4.3 Appreciation Rights The Committee may grant Awards of rights to receive all or a portion of the appreciation in the value of the Shares over a period of time, to Participants on Terms specified in the Award Agreements.

4.4 Cash Awards The Committee may grant cash-based Awards to Participants which may be based on the successful attainment of one or more Performance Objectives.

4.5 Other Awards The Committee may grant Awards in tandem with, contingent upon, or convertible into, other Awards on Terms specified in the Award Agreements.

ARTICLE V. TERMINATION OF AWARDS

5.1 Unvested Rights Except as otherwise provided in an Award Agreement or by the Committee, every unvested, unexercised right under this Plan shall terminate and expire at the earlier of: the expiration date in the Award Agreement or termination of the Participant's employment.

Table of Contents

5.2 Vested Rights Except as otherwise provided in an Award Agreement or by the Committee, every vested, unexercised right under this Plan shall terminate and expire at the earlier of: (a) the expiration date in the Award Agreement, (b) thirty days after termination of employment, (c) three months after a Participant's retirement, or (d) one year after a Participant's death or disability, provided that all of the foregoing shall be administered subject to the Committee's Rules.

ARTICLE VI. ADJUSTMENT OF NUMBER OF SHARES

6.1 Dividends In the event that any stock dividend is declared on the Stock, the number of Shares in any Award Agreement and the maximum limit on Shares in Section 3.1 shall be adjusted by adding to each such Share the number of Shares which would be distributable thereon (or any equivalent value of Stock as determined by the Committee in its sole discretion) if such Share had been outstanding on the date fixed for determining the stockholders entitled to receive such dividend. In the event of any other distribution to the Company's stockholders of securities of any other entity or other assets (including an extraordinary dividend but excluding a non-extraordinary dividend) without receipt of consideration by the Company, the Company shall in such manner as the Company deems appropriate adjust (i) the number and kind of Shares subject to outstanding Awards and/or (ii) the purchase price of (or other consideration for) outstanding Awards to reflect such distribution.

6.2 Reorganization In the event that the outstanding Stock is exchanged for or changed into any different number or class of securities, whether through reorganization, recapitalization, stock split, reverse stock split, combination of shares, merger or consolidation, then there shall be substituted for each Share subject to any Award and for the maximum limit on Shares in Section 3.1, the number and class of securities for which each outstanding Share shall be so exchanged or into which each such Share shall be changed.

ARTICLE VII. CHANGE OF CONTROL

7.1 Change of Control A Change of Control includes any transaction (or series of transactions): (a) if the stockholders of the Company immediately before the transaction do not retain immediately after the transaction, in substantially the same proportions, direct or indirect beneficial ownership of more than 50% of the total combined voting power of the outstanding voting stock of the company; (b) in which any person or group acquires, after the Effective Date, more than 25% of the voting power of the Company's voting securities; (c) in which substantially all of the assets of the Company are sold; or (d) any similar event determined by the Committee to constitute a change in the control of the Company. Unless otherwise provided by the Committee in an Award Agreement or any other agreement with a Participant, in the event of a Change of Control, the vesting date for all unvested or forfeitable rights in any Award shall be accelerated to the earlier of: (x) the date of such Change of Control or (y) any other date established by the Committee in its discretion to allow Participants an effective opportunity to enjoy such rights under the circumstances.

Without limiting the generality of the foregoing, in connection with a Change of Control the Committee may elect, in its sole discretion, to (a) cancel any outstanding Awards and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the Committee acting in good faith) equal to the product of the number of Shares subject to the Award (the Grant Shares) multiplied by the amount, if any, by which (i) the formula or fixed price per Share paid to holders of Shares pursuant to such Change of Control exceeds (ii) the purchase price applicable to such Grant Shares, (b) provide in connection with such Change of Control for the assumption or continuation of the Awards theretofore granted, or for the substitution for such Awards for new Awards relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and exercise prices, such that Awards theretofore granted shall continue in the manner and under the terms so provided, or (c) cancel any outstanding Awards to the extent the purchase price applicable to the Grant Shares issuable thereunder is greater than the formula or fixed price per share paid to holders of Shares pursuant to such Change of Control, with or without any payment to the holders thereof. If the Company

establishes an exercise window in connection with a scheduled consummation of a Change of Control, any exercise of an Option during such period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event.

ARTICLE VIII. MISCELLANEOUS

8.1 No Other Rights Participation under the Plan shall not be construed as giving an employee any future right of employment with the Company. Subject to applicable Rules, acceptance of any Award shall constitute acceptance of the Company's right to terminate employment at will, and acceptance of all provisions of the Plan.

8.2 Vesting Causing Loss of Compensation Deduction No part of an Award shall vest, settle or be delivered to the extent such vesting, settlement or delivery would cause the Participant to have compensation which is nondeductible by the Company pursuant to applicable Rules. Any Award not vested, settled or delivered because of this limitation shall vest, settle or be delivered in any subsequent year in which the vesting, settlement or delivery would not cause the loss of such deduction.

8.3 Governing Law This Plan and all matters relating to the Plan shall be interpreted and construed under the laws of the State of Delaware using any dispute resolution methods selected by the Committee.

8.4 Termination of Plan The Board of Directors may, at its discretion, terminate the Plan at any time for any reason. Except as provided in Section 7.1, termination of the Plan shall not affect unexpired outstanding Awards previously granted.

8.5 Repricing The terms of outstanding options and appreciation rights may not be amended, without stockholder approval, to reduce the purchase price applicable to such Awards or cancel, exchange, substitute, buyout or surrender such outstanding options or appreciation rights in exchange for cash, other Awards or options or appreciation rights with an option price that is less than the purchase price of the original options or appreciation rights.
