Forward-Looking Statements

This presentation contains, in addition to historical information, certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the proposed merger involving Clearwater Paper and Cellu Tissue and the transactions related thereto (the merger), expected accretion to earnings, the estimated amount of annual synergies resulting from the merger, expected annual revenues of Clearwater Paper and Cellu Tissue as a combined company following the merger, the benefits of the merger to Clearwater Paper stockholders, opportunities for growth with existing customers and new customers in new channels, tissue production facilities and the expected timing of closing. Words such as anticipate,

expect,
intend,
plan,
target,
project,
believe,
schedule,
estimate,
may,

and similar expressions are intended to identify such

forward-looking statements. These forward looking statements are based on management's current expectations, estimates, assumptions and projections that are subject to change. Our actual results of operations may differ materially from those expressed or implied by the forward-looking statements contained in this presentation. Important factors that could cause or contribute to such differences include the risk factors described in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2009, as well as the following:

the closing of the merger may be delayed or may not occur

difficulties with the integration process or the realization of the benefits expected from the merger

Clearwater Paper's ability to obtain debt financing to fund the acquisition of Cellu Tissue

general economic conditions in the regions and industries in which Clearwater Paper and Cellu Tissue operate

changes in the cost and availability of wood fiber used in the production of the companies products

litigation or regulatory matters involving antitrust or other matters that could affect the closing of the transaction

Forward-looking statements contained in this presentation represent management's views only as of the date of this presentation. We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise.

2

ADDITIONAL INFORMATION AND WHERE TO FIND IT

Cellu Tissue intends to file with the SEC a preliminary proxy statement and a definitive proxy statement and other relevant material in connection the merger. The definitive proxy statement will be sent or given to the stockholders of

Cellu Tissue. Before making any voting or investment decision with respect to the merger, investors and stockholders of Cellu Tissue are urged to read the proxy statement and the other relevant material when they become available because they will contain important information about the merger. The proxy statement and other relevant materials (when they become available), and any other documents filed by Cellu Tissue with the SEC, may be obtained free of charge at the SEC's website at www.sec.gov, at Cellu Tissue's Investor Relations website at cellutissue.com/investor (click "SEC filings") or from Cellu Tissue by contacting Investor Relations by mail at 1855 Lockeway Drive, Suite 501,

Alpharetta, Georgia 30004, Attention: Investor Relations, or by telephone at (707) 407-2164.

PARTICIPANTS IN THE SOLICITATION

Clearwater Paper and Cellu Tissue and their respective directors and executive officers may be deemed to be

participants in the solicitation of proxies from Cellu Tissue stockholders in connection with the merger. Information about Clearwater Paper's directors and executive officers is set forth in Clearwater Paper's proxy statement on Schedule 14A filed with the SEC on March 29, 2010 and its Annual

Report on Form 10-K for the year ended

December 31, 2009 filed with the SEC on February 26, 2010. Information about Cellu Tissue's directors and executive officers is set forth in its proxy statement on Schedule 14A filed with the SEC on June 25, 2010. Additional information regarding the interests of participants in the solicitation of proxies in connection the merger will be included in the proxy statement that Cellu Tissue intends to file with the SEC.

Definitions of Non-GAAP Measures

Clearwater Paper Definitions of Non-GAAP Measures

EBITDA

is a non-GAAP measure that Clearwater Paper management uses to evaluate the cash generating capacity of Clearwater Paper. The most directly comparable GAAP measure is net earnings. EBITDA, as defined by Clearwater Paper management, is net earnings, interest expense, income taxes, and

depreciation
and
amortization.

It
should
not
be
considered
as
an
alternative
to
net
earnings
computed
under
GAAP.

Adjusted EBITDA

is a non-GAAP measure that Clearwater Paper management defines as EBITDA adjusted for nonrecurring expenses or income including debt retirement costs and alternative fuel tax credits. The most directly comparable GAAP measure is net earnings, considered as an alternative to net earnings computed under GAAP.

Segment EBITDA

is a non-GAAP measure used by Clearwater Paper management. The most directly comparable GAAP measure is segment operating income.

Segment
EBITDA,
as
defined
by
Clearwater
Paper
management,
is
segment
operating
income
adjusted
for
segment
depreciation
and
amortization.

It
should
not
be
considered
as
an

alternative
to
segment
operating
income
computed
under
GAAP.
Segment
Adjusted
EBITDA
is
a
non-GAAP
measure
that
Clearwater
Paper
management
defines
as
Segment
EBITDA
adjusted
for
nonrecurring
expenses
or
income,
including
alternative
fuel
tax
credits.
The
most
directly
comparable
GAAP
measure
is
segment
operating
income.

It
should
not be considered as an alternative to segment operating income computed under GAAP.

Net debt
is a non-GAAP measure that Clearwater Paper management defines as total debt less cash and cash equivalents.
Cellu

Tissue Definitions of Non-GAAP Measures

EBITDA

is a non-GAAP measure. Cellu

Tissue management defines EBITDA as earnings before interest expense, income taxes and depreciation and amortization.

EBITDA

is a supplemental measure of operating performance that does not represent and should not be considered as an alternative to net income or cash flow from operations, as determined under GAAP, and Cellu Tissue s calculation thereof may not be comparable

to that reported by other companies. EBITDA has limitations as an analytical tool and should not be considered in isolation, or analysis of Cellu

Tissue s results as reported under GAAP.

Adjusted
EBITDA
is
a
non-GAAP
measure.

Cellu
Tissue
management
defines

Adjusted
EBITDA

as
EBITDA
adjusted

to
reflect

the
additions
and

eliminations of specifically identified items. EBITDA is a supplemental measure of operating performance that does not repre

be
considered

as
an
alternative

to
net
income
or

cash
flow
from
operations,

as
determined

under
GAAP,
and

Cellu
Tissue s
calculation
thereof

may
not
be
comparable

to
that

reported

by
other
companies.
EBITDA
has
limitations
as
an
analytical
tool
and
should
not
be
considered
in
isolation,
or
as
substitutes
for
analysis
of
Cellu
Tissue s
results
as
reported
under
GAAP.

Segment EBITDA

is a non-GAAP measure. The most directly comparable GAAP measure is segment income (loss) from operations. Segment EBITDA is defined as segment income (loss) from operations adjusted for segment depreciation. It should not be considered as segment operating income computed under GAAP.
