**Item 2.02. Results of Operations and Financial Condition.**

On February 17, 2011 BioMarin Pharmaceutical Inc. (the Company) announced financial results for its fourth quarter and year ended December 31, 2010. The Company's press release issued on February 17, 2011 is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

In its press release the Company included net income for the three months and full year ended December 31, 2009 and December 31, 2010 and financial guidance for the year ending December 31, 2011, are presented both as determined in accordance with U.S. Generally Accepted Accounting Principles (GAAP) and on a non-GAAP basis. The non-GAAP income for the three months and full year ended December 31, 2009 and December 31, 2010 is calculated in accordance with GAAP, but excludes non-cash stock compensation expense and certain nonrecurring material items. The financial guidance for the year ending December 31, 2011 is based on Earnings Before Interest, Taxes Depreciation and Amortization (EBITDA) adjusted to exclude non-cash stock compensation expense, contingent consideration expense and certain nonrecurring material items (Adjusted EBITDA). Beginning in 2011, the non-GAAP Adjusted EBITDA measure will be utilized, which is more aligned with management's internal goal setting process. The reconciliation of the non-GAAP financial measures to the comparable GAAP financial measures are included in the press release attached hereto as Exhibit 99.1.

The Company believes this non-GAAP information is useful to investors taken in conjunction with the Company's GAAP information because it provides additional information regarding the performance of the Company's core ongoing business, Naglazyme, Kuvan, Aldurazyme and Firdapse and development of its pipeline. By provided information about both the overall GAAP financial performance and the non-GAAP measures that focus on continuing operations, the Company believes that the additional information enhances investors' overall understanding of the Company's business and prospects for the future. Further, the Company uses both GAAP and non-GAAP results and expectations internally for its operating, budgeting and financial purposes.
