Item 1.01. Entry into a Material Definitive Agreement.

On September 8, 2011, Northrop Grumman Corporation (the "Company") entered into two senior unsecured credit facilities (the "Facilities") in an aggregate principal amount of \$2.0 billion. The Facilities consist of (i) a five-year revolving credit facility in an aggregate principal amount of \$1.5 billion under a Second Amended and Restated Credit Agreement (the "Second Amended and Restated Agreement") among the Company, as Borrower; Northrop Grumman Systems Corporation, as Guarantor; the Lenders party thereto; JPMorgan Chase Bank, N.A., as Administrative Agent, an Issuing Bank and a Swingline Lender; and Citibank, N.A., The Royal Bank of Scotland PLC and Wells Fargo Bank, National Association, as Syndication Agents, and (ii) a 364-day revolving credit facility in an aggregate principal amount of \$0.5 billion under a 364-Day Credit Agreement (the "364-Day Agreement" and, together with the Second Amended and Restated Agreement, the "Credit Agreements") among the Company, as Borrower; Northrop Grumman Systems Corporation, as Guarantor; the Lenders party thereto; JPMorgan Chase Bank, N.A., as Administrative Agent; and Citibank, N.A., The Royal Bank of Scotland PLC and Wells Fargo Bank, National Association, as Syndication Agents.

The Second Amended and Restated Agreement amends the Company's existing \$2.0 billion five-year credit facility under the Amended and Restated Credit Agreement dated as of August 10, 2007 (the "Amended and Restated Credit Agreement"), by reducing the aggregate principal amount available under the facility to \$1.5 billion and extending the maturity date of the facility from August 10, 2012 to September 8, 2016. In addition, the Second Amended and Restated Agreement, like the existing credit facility, provides for full availability of the facility for letters of credit. The terms and conditions of the 364-Day Agreement are substantially similar to the Second Amended and Restated Agreement, except for the pricing terms, facility fees, maturity date, and letter of credit availability.

The Credit Agreements contain customary terms and conditions, including covenants substantially similar to those in the Amended and Restated Credit Agreement such as covenants restricting the Company's ability to sell all or substantially all of its assets, merge or consolidate with another entity or undertake other fundamental changes and incur liens. The Company also cannot permit the ratio of its consolidated debt to capitalization (as set forth in the Credit Agreements) to exceed 65 percent. The Credit Agreements contain customary events of default (subject to applicable grace and notice periods), including, among others, defaults based on (1) the nonpayment of principal, interest or fees when due, (2) the failure of representations and warranties to be correct in any material respect, (3) the failure to observe or perform any other covenant or agreement contained in the applicable Credit Agreement, (4) cross-defaults with other debt resulting in the acceleration of the maturity thereof, (5) certain bankruptcy and insolvency events, (6) certain events occurring under the Employee Retirement Income Security Act, (7) events of default occurring under the Credit Agreement for the other Facility and (8) a change of control.

The foregoing description of the Credit Agreements is qualified in its entirety by reference to the Credit Agreements, which are filed as Exhibits 10.1 and 10.2 hereto. Some of the lenders under the Credit Agreements or their respective affiliates have from time to time performed various financial advisory, commercial banking, investment banking or hedging services for us, including repurchases of Northrop Grumman common stock, in the ordinary course of their respective businesses.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth above under Item 1.01 above is incorporated herein in its entirety.
