**Item 1.01 Entry into a Material Definitive Agreement**

On October 25, 2012, American Campus Communities, Inc. (the Company) and American Campus Communities Operating Partnership LP (the Operating Partnership) and, together with the Company, ACC) substantially completed its due diligence investigation relating to the acquisition of 19 select student housing properties with 12,049 beds, including 366 beds at an additional phase currently under development at an existing property, pursuant to a Purchase and Sale Agreement, dated as of September 4, 2012 (the Master Agreement), as amended, between the Operating Partnership and affiliates of Kayne Anderson Capital Advisors, L.P. (Sellers), and a separate purchase agreement related to the acquisition of the development property (together with the Master Agreement, the Purchase Agreement). Pursuant to the Purchase Agreement, ACC will acquire the properties for an aggregate of \$862.8 million. The acquisition consideration consists of the assumption of approximately \$396.2 million of outstanding mortgage debt and \$466.6 million in cash. The mortgage debt to be assumed currently has a weighted average interest rate of 5.28% per annum and weighted average term to maturity of 8.3 years.

The Operating Partnership and Sellers have made customary representations, warranties and covenants in the Purchase Agreement. The Purchase Agreement provides that either the Operating Partnership or Sellers may terminate the Purchase Agreement if the closing has not occurred by December 31, 2012 (provided that this right will not be available to a party if the failure of the closing to occur on or before this date was primarily due to the failure of such party to perform any of its obligations under the Purchase Agreement). The Purchase Agreement also contains certain termination rights for the Operating Partnership and Sellers, including without limitation the ability of the Operating Partnership to terminate the Purchase Agreement if Sellers breach the non-solicitation provisions of the Purchase Agreement. In connection with the termination of the Purchase Agreement for such reason, Sellers will be required to pay the Operating Partnership a termination fee of \$20.0 million. In addition, if the Operating Partnership breaches the Purchase Agreement under specified circumstances, the Operating Partnership may be required to forfeit an earnest money deposit of \$20.0 million. Both parties may enforce the purchase agreement by specific performance, in addition to any other remedy, although under no circumstance will either party be entitled to any damages, including, with respect to Sellers, the receipt of the \$20.0 million earnest money deposit, if the remedy of specific performance is awarded to such party.

The acquisition of the existing properties, which is expected to close during the fourth quarter of 2012, is subject to certain closing conditions, including, among other things, (a) obtaining certain lender consents, and (b) the accuracy of the other parties' representations and warranties and compliance with covenants, subject in each case to materiality standards. The acquisition of the development property, which is expected to close during the third quarter of 2013, is further subject to satisfactory completion of such property. After the acquisition of the existing properties, ACC will be the leasing and management agent for the development property. ACC is not aware of any material federal, state or foreign regulatory requirements or approvals that are required for the execution of the Purchase Agreement or the closing of the transactions contemplated thereby.

For additional information, reference is made to the Master Agreement, which is incorporated by reference herein as an exhibit to this report. The foregoing description is qualified in its entirety by reference to the Master Agreement.

In addition to historical information, this report contains forward-looking statements under the federal securities law. These statements are based on current expectations, estimates and projections about the industry and markets in which ACC operates, management's beliefs, and assumptions made by management. Forward-looking statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict.

ACC's actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including risks and uncertainties related to the proposed transactions (including but not limited to (i) the occurrence of any effect, event, development or change that could give rise to the termination of the Purchase Agreement, (ii) the inability to complete the proposed transactions, (iii) the failure of any party to satisfy the conditions to the closing of the transactions and (iv) the failure of ACC to obtain the necessary lender consents). These forward-looking statements are made as of the date of this report, and ACC undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

This report does not constitute an offer of any securities for sale.
