In our ID Products segment we design and manufacture both standard and highly specialized smart card technology-based products and components (which we refer to as ID Infrastructure products) and

Acquisition of Hirsch Electronics Corporation

On April 30, 2009, we completed the acquisition (the **Merger**) of Hirsch Electronics Corporation, a California corporation (**Hirsch**) in accordance with the Agreement and Plan of Merger, dated as of December 10, 2008, among us, Hirsch, and two of our wholly-owned subsidiaries (the **Merger Agreement**).

Under the terms of the Merger Agreement, each of the outstanding shares of Hirsch common stock (less any shares held by dissenting shareholders) was converted into the right to receive \$3.00 cash, two shares of our common stock, and a warrant to purchase one share of our common stock at an exercise price of \$3.00 with a five year term, exercisable for two years following the third anniversary of the effective date of the Merger. In addition, all outstanding warrants to purchase shares of Hirsch common stock were converted into warrants to acquire shares of our common stock. The issuance of the shares of our common stock and the warrants to purchase shares of our common stock was registered on a Registration Statement on Form S-4 (File No. 333-157067), declared effective by the Securities and Exchange Commission on February 13, 2009 (the **Registration Statement**), and approved by our stockholders at a special meeting of our stockholders held on April 16, 2009. The shares of common stock underlying the warrants were not registered as part of the Registration Statement, as they were not to be exercisable until the third anniversary of the effective date of the Merger. Reference is made to the Registration Statement for a detailed description of the warrants issued in the Merger.

CERTAIN PROVISIONS OF OUR CHARTER DOCUMENTS AND DELAWARE LAW

Anti-Takeover Provisions of our Delaware Certificate of Incorporation and By-laws

In addition to the board of directors' ability to issue shares of preferred stock, our Fourth Amended and Restated Certificate of Incorporation, as amended, and our Amended and Restated By-laws contain other provisions that are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and which may have the effect of delaying, deferring or preventing a future takeover or change in control of our Company unless such takeover or change in control is approved by our board of directors. These provisions include a classified board of directors as discussed above, elimination of stockholder action by written consents, advance notice procedures for stockholder proposals and supermajority vote requirements for business combinations.

Classified Board; Limitation on Ability of Stockholders to Remove Directors. Under the Delaware General Corporation Law, unless the certificate of incorporation otherwise provides, directors serving on a classified board can only be removed by the stockholders for cause. The provision for a classified board could prevent a party who acquires control of a majority of our outstanding common stock from obtaining control of the board until our second annual stockholders meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could have the effect of discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions. In addition, our Fourth Amended and Restated Certificate of Incorporation, as amended, provides that our stockholders may only remove a director from office for cause.

Elimination of Stockholder Action Through Written Consent. Our Fourth Amended and Restated Certificate of Incorporation, as amended, provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

Advanced Notice Procedures for Stockholder Proposals. Our Amended and Restated By-laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although our Amended and Restated By-laws do not give our board the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, our Amended and Restated By-laws may have the effect of precluding the conduct of some business at a meeting if the proper procedures are not followed or may discourage or defer a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

Business Combinations. Our Fourth Amended and Restated Certificate of Incorporation, as amended, provides that the affirmative vote of holders of at least 66 2/3% of the total outstanding shares eligible to vote is required in the event of (i) a merger or combination between the company and an entity or person owning, directly or indirectly, 10% of our shares (an "Interested Purchaser") or (ii) any sale of the company or a sale of all or substantially all of our assets to an Interested Purchaser (a transaction described in (i) or (ii) being a "Transaction"), unless: (a) the Transaction is approved by two-thirds of the members of the Board of Directors; or (b) as a result of the Transaction, all holders of the-n outstanding share (other than the Interested Purchaser) receive cash in an amount at least equal to the greatest of (x) the highest price paid by the Interested Purchaser for any shares during the offer, (y) an amount reflecting the same or a greater percentage relationship to the then market price of the company's stock as the highest price per share paid

by the Interested Purchaser during the tender offer bears to the market price of the stock immediately prior to the commencement of the tender offer, or (z) an amount equal to the earnings per share of the company for the four full consecutive fiscal quarters immediately preceding the proposed Transaction multiplied by the then current price/earnings ratio of the Interested Purchaser.

Provisions of Delaware Law Governing Business Combinations

We are subject to the business combination provisions of Section 203 of the Delaware General Corporation Law. In general, such provisions prohibit a publicly held Delaware corporation from engaging in any business combination transactions with any interested stockholder for a period of three years after the date on which the person became an interested stockholder, unless:

prior to such date, the board of directors approved either the business combination or the transaction which resulted in the interested stockholder obtaining such status;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (a) persons who are directors and also officers and (b) employee stock plans in which employ participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

A business combination is defined to include mergers, asset sales and other transactions resulting in financial benefit to a stockholder. In general, an interested stockholder is a person who, together with affiliates and associates, owns 15% or more of a corporation's voting stock or within three years did own 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to us and, accordingly, may discourage attempts to acquire us.

Limitations on Liability and Indemnification of Officers and Directors

Our Fourth Amended and Restated Certificate of Incorporation, as amended, limits the liability of our directors to the fullest extent permitted by the Delaware General Corporation Law and provides that we will indemnify them to the fullest extent permitted by such law. We have entered into indemnification agreements with all of our current directors and expect to enter into a similar agreement with any new directors.

LEGAL MATTERS

The validity of the shares of common stock offered hereby will be passed upon for us by DLA Piper LLP (US), East Palo Alto, California.
