INFORMATION ABOUT THE SPECIAL MEETING AND VOTING

Q: Why did you send me this Proxy Statement?

A: We sent you the Notice of Internet Availability of Proxy Materials because the Board of Directors of the Company (the Board of Directors or the Board) is soliciting your proxy to vote at the Special Meeting of Shareholders (the Special Meeting). The Special Meeting will be held at The Redmond Inn, 17601 Redmond Way, Redmond, WA 98052 on February 12, 2014, at 9:00 a.m., Pacific Time.

This Proxy Statement summarizes the information regarding the matters to be voted upon at the Special Meeting. You do not need to attend the Special Meeting, however, to vote your shares. You may simply vote your shares by telephone or over the Internet in accordance with the instructions contained on the proxy card or print, complete, sign, and return the proxy card.

On December 23, 2013 there were 32,068,937 shares of common stock of the Company outstanding. If you owned shares of our common stock at the close of business on the record date, you are entitled to one vote for each share of common stock you owned as of that date. We made this Proxy Statement available on or about the date hereof to all shareholders entitled to vote their shares at the Special Meeting.

Q: How many votes do I have?

A: You have one vote for each share of common stock that you owned on the record date. The proxy card will indicate the number of shares.

Q: How do I vote by proxy?

A: If you properly cast your vote either by voting your proxy by telephone or via the Internet or executing and returning the proxy card, and your vote is not subsequently revoked by you, your vote will be voted in accordance with your instructions. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board **FOR** the proposal to approve the registered direct offering of common stock and warrants to purchase common stock that we completed on September 19, 2013.

If any other matter is presented, your proxy holders (the individuals designated on the proxy card) will vote in accordance with their best judgment. At the time we printed this Proxy Statement, we knew of no matters that needed to be acted on at the Special Meeting other than those discussed in this Proxy Statement.

Q: May my broker vote for me?

A:

Under the rules of the Financial Industry Regulatory Authority, if your broker holds your shares in its street name, the broker may not vote your shares on matters that are not routine, unless it receives instructions from you. The proposal described in this Proxy Statement is not considered a routine matter. Accordingly, you must instruct your broker to vote your shares to ensure you are represented at the special meeting.

Q: What are abstentions and broker non-votes?

A: An abstention represents the action by a shareholder to refrain from voting for or against a proposal. Broker non-votes represent votes that could have been cast on a particular matter by a broker, as a shareholder of record, but that were not cast because the broker (i) lacked discretionary voting authority on the matter and did not receive voting instructions from the beneficial owner of the shares or (ii) had discretionary voting authority but nevertheless refrained from voting on the matter.

Table of Contents

***Q:* May I revoke my proxy?**

A: Yes. You may change your mind after you send in your proxy card or vote your shares by telephone or via the Internet by following these procedures. To revoke your proxy:

Vote again by telephone or Internet;

Send in another signed proxy card with a later date;

***Q:* How do I vote in person?**

A: If you plan to attend the Special Meeting and vote in person, we will give you a ballot when you arrive. Follow the instructions on the Notice of Internet Availability of Proxy Materials in order to vote your shares by proxy or in person. Alternatively, you may contact the person in whose name your shares are registered and obtain a proxy from that person and bring it to the Special Meeting.

***Q:* What is the quorum requirement for the meeting?**

A: The quorum requirement for holding the meeting and transacting business is 10,689,646 shares of common stock, which is one third (1/3) of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the meeting. Abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. However, for reasons stated on page 4 under the heading "Vote Required," we will not treat the proposal to authorize the registered direct offering of common stock and warrants to purchase common stock that we completed on September 19, 2013 as approved unless the number of shares present at the meeting in person or by proxy is at least 13,177,646, which is equal to the sum of (i) one third (1/3) of the total number of shares of common stock outstanding as of the record date, minus the number of shares issued in the registered direct offering including shares issued underlying warrants since we completed the offering as of the record date, plus (ii) the number of shares issued in the registered direct offering as of the record date including shares issued underlying warrants since we completed the offering.

***Q:* What vote is required for the proposal to approve the registered direct offering of common stock and warrants to purchase common stock that we completed on September 19, 2013?**

A: The proposal to approve the registered direct offering of common stock and warrants to purchase common stock that we completed on September 19, 2013 requires approval by a majority of the votes cast at the meeting, provided that, for reasons stated on page 4 under the heading **Vote Required**, the number of votes cast in favor of the proposal must exceed the number of votes cast against the proposal by the number shares of common stock issued pursuant to the registered direct offering, including shares issued underlying warrants since we completed the offering, as of the record date. Abstentions and broker non-votes will not be counted for or against the proposal and will have no effect on the outcome of the vote.

Q: Is voting confidential?

A: We keep all the proxies and ballots private as a matter of practice.

PROPOSAL ONE:

APPROVAL OF THE REGISTERED DIRECT OFFERING

Description of the Registered Direct Offering

On September 19, 2013, we completed a registered direct offering of (i) an aggregate of 3,492,000 shares of common stock (the Shares) and (ii) warrants to purchase up to an aggregate of 2,095,200 shares of Common Stock (the Warrants). We refer to this transaction as the Registered Direct Offering. The Registered Direct Offering was made pursuant to a Securities Purchase Agreement dated September 19, 2013 that we entered into with certain investors, including Crede CG III, Ltd., a Bermuda exempted limited company (Crede and, collectively, the Investors). The Shares were issued at a price of \$1.88 per share and the Warrants were issued for no additional consideration. We also paid an investment fee to Crede of \$290,648, which reduced Crede s aggregate cash investment at closing but did not reduce the cash investment at closing of the other investors. The offer and sale of the Shares and the Warrants was registered under the Securities Act of 1933 (the Securities Act) pursuant to our existing registration statement on Form S-3 (Registration No. 333-184703) and a prospectus supplement dated September 19, 2013 to a base prospectus dated November 15, 2012. The Securities Purchase Agreement contains customary representations, warranties and covenants. In addition, the Securities Purchase Agreement contains a prohibition on additional issuances of equity or equity-linked securities for 90 days, subject to certain exceptions.

Each Warrant issued in the Registered Direct Offering entitles the holder thereof to purchase shares of our common stock at an exercise price equal to \$2.444 per share. The Warrants are exercisable at any time beginning on the date of issuance until the five-year anniversary of the date of issuance. The exercise price and the number and type of securities purchasable upon exercise of Warrants are subject to adjustment upon certain corporate events, including certain combinations, consolidations, liquidations, mergers, recapitalizations, reclassifications, reorganizations, stock dividends and stock splits, a sale of all or substantially all of our assets and certain other events.

Holders of the Warrants may exercise their Warrants to purchase shares of our common stock on or before the termination date by delivering an exercise notice, appropriately completed and duly signed, and payment of the exercise price for the number of shares for which the Warrant is being exercised in cash. If, and only if, a registration statement relating to the issuance of the shares underlying the Warrants is not then effective or available or such shares would not be freely tradable, a holder of Warrants would be entitled to exercise the Warrants on a cashless basis, where the holder receives the net value of the Warrant in shares of common stock.

Under certain circumstances, beginning forty-five days after issuance, in the event that our common stock trades at a price that is 25% or more above the exercise price of the Warrants for a period of 20 consecutive days (with an average daily volume equal to or greater than \$300,000), we may, subject to limitations in the warrants, require the holder of the Warrants to exercise the Warrants for cash.

Beginning forty-five days after issuance, at any time our common stock is trading at a price at or lower than the Warrant exercise price per share, a holder may, without the payment of additional consideration, exchange all or any portion of the Warrants based on a formula for a number of shares of our common stock equal to the negotiated Black-Scholes value as defined below divided by the closing bid price of our common stock as of two trading days prior to such exchange. However, in no event will the number of shares of common stock issued in connection with an exchange exceed the number of shares of common stock that would be issuable on a cash exercise of the Warrants if the portion of the Warrant being so exchanged were then exercised for cash thereunder.

The negotiated Black-Scholes value is defined as the value of an option for the number of shares equal to the portion of the Warrant being exchanged at the applicable exchange date as such value is determined calculated using the Black Scholes Option Pricing Model obtained from the `OV` function on Bloomberg utilizing (i) an underlying price per share equal to the closing sale price of the common stock as of the date of issuance of the

Table of Contents

Warrant, (ii) a risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the remaining term of the Warrant as of such exchange date, (iii) a strike price equal to the exercise price in effect at the time of the applicable exchange, (iv) an expected volatility equal to 155% and (v) a deemed remaining term of the Warrant of five (5) years (regardless of the actual remaining term of the Warrant). The negotiated Black-Scholes value would only change based on changes in the risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the remaining term of the Warrants at the time of an exchange, which would not be expected to materially change the negotiated Black-Scholes value.

Upon the holder's exercise of a Warrant, we will issue the shares of common stock issuable upon exercise of the Warrant within three trading days of our receipt of notice of exercise and payment of the aggregate exercise price.

Please refer to the current report on Form 8-K filed with the Securities and Exchange Commission on September 19, 2013, including the exhibits thereto, for additional information regarding the Registered Direct Offering.

Why We Are Seeking Your Approval

We will require additional capital to fund our operating plan. We plan to obtain additional cash through the issuance of equity or debt securities from one or more potential investment sources. We may be presented with a financing transaction that would be beneficial to us and our shareholders; however this future financing transaction may be combined by NASDAQ with the Registered Direct Offering for purposes of determining whether we would exceed share issuance limitations under NASDAQ Listing Rule 5635(d)(2). See below for more detailed information about this NASDAQ Rule. Most potential investors, similar to the those in the Registered Direct Offering, negotiate with a publicly traded company of our financial stature for an effective discount to the then trading price of an issuer's securities. We believe your approval on this matter will give us greater flexibility to respond to financing opportunities such as these as they are presented to us. Having the ability to sell our securities in future transactions without being limited as a result of combination or integration with the Registered Direct Offering affords us greater flexibility in structuring future financings.

NASDAQ Listing Rule and the Potential Limitation if Integrated with the Registered Direct Offering

NASDAQ Listing Rule 5635(d)(2) requires, with limited exceptions, stockholder approval prior to the sale or issuance or potential issuance of shares equal to 20% or more of our common stock, or 20% or more of our voting power, outstanding before the issuance, if the effective sale price of our common stock is less than the greater of the book or market value of our common stock on the date of such issuance (a below-market issuance). Shares of our common stock issuable upon the exercise or conversion of warrants, options, debt instruments, preferred stock or other equity securities issued or granted in such capital raising transactions are considered shares issued in the transaction in determining whether the 20% limit has been reached. NASDAQ may in certain circumstances integrate a later transaction with an earlier transaction for purposes of determining compliance with such listing rule, in which case the integrated transactions collectively must comply with the listing rule.

The Registered Direct Offering, considering both the Shares and the Warrants, involves the potential issuance of up to a total of 5,588,352 shares of common stock. Prior to the Registered Direct Offering, we had 28,042,517 shares outstanding. Because the Registered Direct Offering is considered a below-market issuance under Rule 5635(d)(2), in the event that NASDAQ were to integrate a future below-market issuance with the Registered Direct Offering, we would be limited in the amount of shares of common stock that could potentially be issued in that future offering to 21,302 shares, or the difference between 20% of our shares outstanding immediately before the Registered Direct Offering and the number of shares potentially issuable in the Registered Direct Offering.

Table of Contents

We are seeking stockholder approval of the Registered Direct Offering so that the stockholder approval requirements of Rule 5635(d)(2) would not be triggered solely as a result of the integration by Nasdaq of a potential future issuance of shares with the Registered Direct Offering, as the need to obtain such stockholder approval could limit our ability to consummate certain potential issuances. If you vote for the proposal to approve the Registered Direct Offering, the shares issued in future transactions would not be integrated with the Registered Direct Offering for purposes of determining compliance with the 20% limit provided in Rule 5635(d)(2). Any potential future issuance that is considered a below-market issuance under Rule 5635(d)(2) would nonetheless be subject to the 20% limit provided in Rule 5635(d)(2), meaning we could not issue more than 20% of our shares outstanding immediately before such future offering of shares in a below market issuance without stockholder approval.

Dissenters Rights

Under Delaware law, you are not entitled to dissenters or appraisal rights in connection with this proposal.

Vote Required

The proposal to approve the Registered Direct Offering requires approval by a majority of the votes cast at the meeting, provided that (i) the number of votes cast in favor of the proposal must exceed the number of votes cast against the proposal by 3,492,000 shares, which is the number of shares of common stock issued pursuant to the Registered Direct Offering, including shares issued underlying warrants since we completed the offering, as of the record date and (ii) we will not treat the proposal to approve the Registered Direct Offering as approved unless the number of shares present at the meeting in person or by proxy is at least 13,177,646, which is equal to the sum of (i) one third (1/3) of the total number of shares of common stock outstanding as of the record date including shares issued underlying warrants since we completed the offering, minus the number of shares issued in the registered direct offering as of the record date, plus (ii) the number of shares issued in the registered direct offering as of the record date including shares issued underlying warrants since we completed the offering. We are requiring more than a simple majority of votes cast at the meeting and more than a simple quorum because NASDAQ IM-5635-2 indicates that shares issuable in the first part of a private placement transaction (in this case, the Registered Direct Offering), must not be entitled to vote to approve the remainder of the transaction. Although we believe that this NASDAQ guidance is not directly applicable, we understand that NASDAQ will require us to demonstrate nevertheless that this proposal would have been approved whether or not we give effect to the votes cast on the shares issued in the Registered Direct Offering and whether or not we would have obtained a quorum whether or not shares were issued in the Registered Direct Offering and are represented at the Special Meeting. Abstentions and broker non-votes will not be counted for or against the proposal and will have no effect on the outcome of the vote.
