As part of that commitment, we have adopted Corporate Governance Principles, which cover such topics as qualifications and independence of Board members, the selection, orientation, and continuing education of Board members, as well as other topics designed to promote effective governance by the Board of Directors. We have also adopted a Code of Business Conduct and Ethics, which applies to all employees, officers and directors of the Company and sets forth guidance to help in recognizing and dealing with ethical issues, to provide mechanisms for reporting unethical conduct, and to promote a culture of honesty and accountability, and a Code of Ethics for Senior Financial Officers, which applies to our senior financial officers and sets forth guidance to deter wrongdoing and promote honest and ethical conduct, and to promote a culture of integrity and fairness. **EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

This compensation discussion and analysis provides information about our compensation program for our 2014 Named Executive Officers:

Scott J. Montross, President and Chief Executive Officer;

Robin A. Gantt, Senior Vice President and Chief Financial Officer;

Robert L. Mahoney, Senior Vice President Strategy and Business Development;

Martin Dana, Executive Vice President Sales; and

William M. Smith, Executive Vice President Operations.

Further information about each of our executive officers is available in Part III, Item 10 of our 2014 Annual Report on Form 10-K.

***Compensation Philosophy and Objectives.*** The Board of Directors and executive management at the Company believe that the performance and contribution of our executive officers are critical to our overall success. To attract, retain, and motivate the executives to accomplish our business strategy, the Compensation Committee establishes executive compensation policies and oversees executive compensation practices at the Company.

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of our specific annual and long-term goals, and which aligns executives' interests with those of the shareholders by rewarding performance that exceeds established goals, with the ultimate objective of improving shareholder value.

The Compensation Committee also evaluates compensation programs to ensure that we maintain our ability to attract, retain and motivate superior employees in key positions and that compensation provided to key employees remains competitive when compared with other employment opportunities. The Compensation Committee believes our executive compensation packages should include both cash and share-based compensation that reward performance as measured against established goals and market performance.

In 2011, the Compensation Committee engaged Mercer LLC ( Mercer ) to conduct an overall review of our executive compensation program, and to advise the Compensation Committee on the levels of base salary as well as on the design of the Company's performance-based cash incentive program and long-term equity incentive program. To that end, Mercer developed a competitive peer group and performed benchmarking analysis of the levels and mix of compensation. The Compensation Committee used the results from this peer group and benchmarking analysis as reference data in making judgments regarding executive compensation without the implementation of a formal policy. The following peer companies were included in the analysis:

Aegion Corp

Circor Intl Inc

Foster (LB) Co

Lufkin Industries Inc

Mueller Water Products Inc

Ampco-Pittsburgh Corp

Flow Intl Corp

Lindsay Corp

MFRI Inc

Synalloy Corp

Valmont Industries, Inc.

**Table of Contents**

**Process for Setting Executive Compensation.** The Compensation Committee annually reviews and approves compensation levels and pay mix for our executives.

The Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation; cash compensation is used to provide a base salary, and to incentivize and reward our executives based on their contributions to the Company, and equity-based compensation is used to tie the interests of the executives to the interests of our shareholders. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation, which enables the Compensation Committee the flexibility to adjust allocations dynamically as business conditions warrant.

The Compensation Committee uses qualitative individual performance objectives as a factor in making its decisions. The Compensation Committee and the CEO annually review the performance of each executive officer (other than the CEO whose performance is reviewed by the Compensation Committee after an evaluation from the Chairman). Based on these reviews, the Compensation Committee makes compensation decisions, including salary adjustments and annual bonus awards, for the executive officers.

The Compensation Committee evaluates and considers the Company's annual performance within the context of its long-term strategic plan, identifying areas in which expectations were exceeded, achieved or fell below stated goals. The structure of all incentive compensation plans is reviewed periodically to assure their linkage to the current objectives, strategies and performance goals.

The Compensation Committee evaluates and considers a variety of growth and profitability measures relative to historical performance and internal plans for awarding performance-based cash incentive compensation.

The Compensation Committee evaluates and considers Total Shareholder Return, defined as the total increase in share price plus dividends, relative to peer performance and other performance criteria for awarding long-term equity incentive awards. Our 2014 performance share awards ( PSAs ) peer group differs from the companies identified by Mercer in their 2011 analysis, as the Compensation Committee performed a review in 2013 and updated the group to (i) expand the size to ensure a sufficient number of companies to stand up over time to changes in the marketplace, (ii) reflect a representation of the companies whose scope of operations were generally consistent with the Company's size and complexity, and (iii) represent the external market for senior talent. The 2014 PSA peer group was comprised of the following companies:

Aegion Corp	Ampco-Pittsburgh Corp	Badger Meter Inc
Circor Intl Inc	Dynamic Materials Corp	Foster (LB) Co
Hardinge Inc	Haynes International Inc	Insteel Industries Inc
Lindsay Corp	MFRI Inc	Mueller Water Products Inc
NN, Inc	Orion Marine Group, Inc	Synalloy Corp
Tecumseh Products	Valmont Industries, Inc.	Watts Water Technologies Inc

The Compensation Committee generally does not utilize specific benchmark levels. Rather, the Compensation Committee considers broad, market based survey data, such as that provided by Mercer, *Salary.com* and *WorldatWork.org*, when assessing the competitiveness of compensation levels and pay mix for the CEO, Chief Financial Officer ( CFO ) and other executives.

**Table of Contents**

From time to time, the Compensation Committee has retained Mercer to advise the Committee on executive or director compensation matters, to assess total compensation program levels and program elements for executive officers or directors, and to evaluate marketplace trends in executive or director compensation. In 2014, the Compensation Committee retained Mercer to perform a limited review of our CEO's compensation. No changes were made to his executive compensation as a result of their review.

***Advisory Vote on Executive Compensation.*** The Compensation Committee carefully considers the voting results of this proposal each year, though the final vote is advisory in nature and therefore not binding on the Company. Our shareholders expressed strong support for our executive compensation program in the advisory vote at our 2014 Annual Meeting of Shareholders. Based upon these results, the Compensation Committee has determined to follow the shareholders' recommendation by continuing our present compensation policies and practices.

***Elements of Compensation.*** For the year ended December 31, 2014, the principal components of compensation for executive officers were:

base salary;

performance-based cash incentive compensation;

long-term equity incentive awards (restricted stock units ( RSUs ) and PSAs);

retirement benefits; and

perquisites and other personal benefits.

The target weighting of each of the components of compensation for the CEO and other Named Executive Officers was as follows:

**Table of Contents**

**Realized Pay vs. Reported Pay** A substantial portion of the compensation reported in the Summary Compensation Table for the Named Executive Officers represents an incentive for future performance, not current cash compensation. This long-term equity incentive award will not actually be received by the Named Executive Officers for several years and remains at risk of forfeiture.

In the following table, Reported Pay is compensation reflected in the Summary of Cash and Certain Other Compensation table on page 15. Realized Pay is compensation actually received by the Named Executive Officer during the year, including salary, performance-based and discretionary cash incentive compensation, market values at vesting of previously granted RSUs and PSAs, and All Other Compensation amounts received during the year.

**Base Salary.** We provide executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries are determined for each executive based on his or her experience, position and responsibilities, and take in to consideration market data and conditions. In addition, we consider the individual performance of each executive, and conduct internal reviews of each executive's compensation to ensure equity among executive officers. Salary levels are typically reviewed annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries are based on the Compensation Committee's assessment of the individual executive's performance in conjunction with recommendations provided by the CEO.

Base salary is reflected in the Salary column in the Summary of Cash and Certain Other Compensation table on page 15.

**Performance-Based Cash Incentive Compensation.** We provide executive officers and other employees with incentive compensation to retain, incentivize and reward them for high performance and achievement of

**Table of Contents**

corporate goals. The incentive compensation program provides for an award of cash incentive compensation to executive officers and others as a reward for our growth and profitability, and places a significant percentage of each executive officer's compensation at risk. Awards are based on our achievement of certain financial performance measures each year.

The performance measure for 2014 for the Named Executive Officers was Adjusted Income before Income Taxes, for which the Compensation Committee established a target level of \$41.9 million. Adjusted Income before Income Taxes is calculated by adjusting our income before income taxes as reported in our audited financial statements for certain events that occur during the year, such as the acquisitions of businesses, the sales of significant capital assets, or other extraordinary or unusual developments. For 2014, Adjusted Income before Income Taxes excludes the goodwill impairment and the loss on the sale of substantially all of the assets and liabilities associated with the Company's oil country tubular goods (OCTG) business.

The Compensation Committee also established a payout range for the awards for each executive officer based on the level of achievement of the performance measure. For Mr. Montross, the target payout for 2014 was seventy percent of 2014 annual base salary upon achievement of one hundred percent of the performance target, with the payout range extending from \$0 at or below fifty percent of target performance to one hundred and forty percent of 2014 base salary at or above one hundred and thirty percent of target performance. For the other Named Executive Officers, the target payout for 2014 was fifty percent of 2014 annual base salary upon achievement of one hundred percent of performance target, with the payout range extending from \$0 at or below fifty percent of target performance to one hundred percent of 2014 annual base salary at or above one hundred and thirty percent of target performance. Payouts for performance within the range will be interpolated on a straight line basis. Even if the performance measures are met, the Compensation Committee retains the right to adjust the actual amounts of the award to each individual at its discretion. Such adjustments may be based on individual performance, as well as external factors affecting us or the occurrence of unusual or infrequent events; in 2013, Mr. Montross's award was reduced by 5% for adjustments based on individual performance. The following table reflects, for each of the Named Executive Officers, the applicable performance target, actual performance and amount of award:

Name	2014 Performance Target (million \$)	2014 Actual Performance (million \$)	2014 Target Award (\$)	2014 Actual Award (\$)
Scott Montross	\$ 41.9	\$ 21.0	\$ 350,000	\$
Robin A. Gantt	41.9	21.0	144,343	
Robert L. Mahoney	41.9	21.0	153,470	
Martin Dana	41.9	21.0	154,020	
William M. Smith	41.9	21.0	154,020	

Performance-based cash incentive compensation is reflected in the Non-Equity Incentive Plan Compensation column in the Summary of Cash and Certain Other Compensation table on page 15.

**Discretionary Incentive Compensation.** We provide, from time to time, additional discretionary incentive compensation in recognition of an executive officer's or other employee's success in attaining results that delivered value to the Company, but were not captured in the performance-based cash incentive compensation, or for other reasons as determined appropriate by the Compensation Committee. In 2012, Ms. Gantt received discretionary incentive compensation of \$25,000.

Discretionary incentive compensation, if awarded, is reflected in the Bonus column in the Summary of Cash and Certain Other Compensation table on page 15.

**Long-Term Equity Incentive Awards.** We provide long-term equity incentive awards to executive officers and certain designated key employees. The long-term equity incentive awards are designed to ensure that our

**Table of Contents**

executive officers and key employees have a continuing stake in our long-term success. In addition, the awards emphasize pay-for-performance. Terms and conditions of the awards are determined on an annual basis by the Compensation Committee. The amount of the equity award in 2014 was determined based on a percentage of the recipient's base salary; the equity award at target was eighty-five percent for the Named Executive Officers, other than the CEO, whose award was one hundred and fifty percent. Under the grant, twenty five percent of the award was in the form of RSUs, and seventy five percent of the award was in the form of PSAs.

RSUs are service-based and entitle the holder to receive Common Stock at the end of the vesting period (one-third of the 2014 awards vested in seven months, one-third vest in nineteen months, and one-third vest in thirty-one months), subject to continued employment. RSUs are designed to attract and retain executive officers and others by providing them with the benefits associated with the increase in the value of the Common Stock during the vesting period, while incentivizing them to remain with us long-term.

PSAs are service-based awards with a market-based vesting condition. PSAs serve several purposes. They have value to the holder only if the goals are achieved during their performance measurement period and they serve as a retention tool because the 2014 performance measurement periods extends to December 31, 2016. Additionally, the holders benefit further if they are successful in increasing the value of our Common Stock. The 2014 PSAs were granted with a market-based vesting condition that entitles the holder to receive between zero and two hundred percent of the target award, based on our Total Shareholder Return compared to our 2014 PSA peer group.

The market-based PSAs vest in January 2016, following the 2014 – 2016 measurement period. The following scale shows the adjustment to the number of PSAs that may be awarded following the measurement period:

<b>Total Shareholder Return vs. Peer Group</b>	<b>Payout as a Percentage of Target Award</b>
85 <sup>th</sup> percentile or higher	200%
50 <sup>th</sup> percentile	100%
25 <sup>th</sup> percentile	25%
Less than 25 <sup>th</sup> percentile	0%

Payouts for performance between the rankings will be interpolated on a straight line basis.

Long-term equity incentive awards are reflected in the "Stock Awards" column in the Summary of Cash and Certain Other Compensation table on page 15. These amounts represent the target value of the award issued, but not what was actually received by the Named Executive Officer. Over the 2011 – 2013 performance period corresponding with our 2011 performance grants, our Total Shareholder Return was 58%, compared to our peers of 35%, resulting in a payout of 148% when the award vested in 2014. Over the 2012 – 2013 performance period corresponding with our 2012 performance grants, our Total Shareholder Return was 57%, compared to our peers of 83%, resulting in a payout of 75% when the award vested in 2014.

**Retirement Benefits.** In order to provide competitive total compensation, we offer our executive officers and certain designated key employees a nonqualified retirement savings plan (the Deferred Compensation Plan), which provides executive officers and others with the opportunity to defer salary and bonus compensation for a period of years or until termination of employment. Executive officers who defer salary or bonus under the Deferred Compensation Plan are credited with market-based returns. We may make a discretionary matching contribution based on deferrals made by each participant. In addition, we will make a contribution based on a target benefit projected for each participant. The target benefit projected is 1% of base salary in the year before attaining normal retirement age per year of employment (up to 35 years) with us. For 2014, Company contributions to the Deferred Compensation Plan accounted for less than one percent of the total compensation for each of the Named Executive Officers.

We also offer a qualified 401(k) defined contribution plan. The ability of executive officers to participate fully in this plan is limited under IRS and ERISA requirements. The 401(k) plan encourages employees to save for retirement by investing on a regular basis through payroll deductions.

Retirement benefits are reflected in the All Other Compensation column in the Summary of Cash and Certain Other Compensation table on page 15.

**Perquisites and Other Personal Benefits.** We provide executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract, retain and motivate employees for key positions. We are selective in our use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers. The primary perquisites are car allowances and life insurance premiums.

Perquisites and other personal benefits are reflected in the All Other Compensation column in the Summary of Cash and Certain Other Compensation table on page 15.

**Executive Compensation and Risk.** Although a substantial portion of the compensation paid to our executive officers is performance-based, we believe our executive compensation programs do not encourage excessive and unnecessary risk-taking by our executive officers because these programs are designed to encourage our executive officers to remain focused on both the short-term and long-term operational and financial goals of the Company. We achieve this balance through a combination of elements in our overall compensation plans, including: elements that reward different aspects of short-term and long-term performance; incentive compensation that rewards performance on a variety of different measures; awards that are paid based on results averaged out over several years; and awards paid in cash and awards paid in shares of the Company's stock, to encourage better alignment with the interests of shareholders. Additionally, annual compensation decisions for executive officers are influenced by the review of the performance of each executive officer by the Compensation Committee, including an evaluation of the officers' commitment to promoting effective internal controls and legal and regulatory compliance. We believe this helps to ensure the tone at the top deters unnecessary risk-taking.

**Clawback Provisions.** Our performance-based cash incentive compensation program contains a provision that allows the Company to recapture amounts paid to the Named Executive Officers under certain circumstances. If the Company's financial statements are the subject of a restatement due to misconduct, to the extent permitted by governing law, in all appropriate cases, the Company will seek reimbursement of excess incentive cash compensation paid under the program for the relevant years. For purposes of this provision, excess incentive cash compensation means the positive difference, if any, between (i) the award paid to the Named Executive Officer and (ii) the award that would have been made to the Named Executive Officer, not including the effect of any discretionary reductions made by the Committee, had the target award been calculated based on the Company's financial statements as restated.

**Table of Contents**

**Stock Ownership and Anti-Hedging/Pledging Policy.** The Nominating and Governance Committee of the Board of Directors has adopted a stock ownership policy because it believes it is in the best interests of the Company and its shareholders to align the financial interests of our executive officers and directors with those of the Company's shareholders. Under the policy, the directors are expected to accumulate and own shares having a market value equal to three times their annual cash retainer; the CEO is expected to accumulate and own shares having a market value equal to three times his base salary; and each of the other Named Executive Officers is expected to accumulate and own shares having a market value equal to two times his or her base salary. Each executive officer or director has five years to accumulate the expected ownership level beginning from the later of September 2011 or their date of hire or promotion. In addition, executive officers and directors are expressly prohibited from engaging in hedging transactions related to the Company's stock, including trading in publicly-traded options, puts, calls, or other derivative instruments related to the Company's stock, and from pledging the Company's stock as collateral for a loan.

**Table of Contents****Change in Control Agreements**

We have entered into change in control agreements (the **Agreements**) with certain of our executive officers. The Agreements for Messrs. Montross and Mahoney are for a term ending July 19, 2015, provided that on that date and each anniversary thereafter, the term of each of the Agreements will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. The Agreement for Ms. Gantt is for a term ending April 21, 2015, provided that on that date and each anniversary thereafter, the term of the Agreement will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. The Agreements for Messrs. Dana and Smith are for a term ending October 15, 2015, provided that on that date and each anniversary thereafter, the term of each of the Agreements will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. If a **Change in Control** (as defined in the Agreements and described below) occurs during the term of the Agreements, the Agreements will continue in effect until two years after the Change in Control.

If an executive officer's employment is terminated within two years after a Change in Control either by us without **Cause** (as defined in the Agreements and described below) or by the executive officer for **Good Reason** (as defined in the Agreements and described below), the executive officer will be entitled to receive his or her full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two years' base salary (three years' base salary in the case of Mr. Montross) and (ii) an amount equal to two times the average cash bonuses paid to the executive officer during the previous three years. In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding unvested stock options would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a **parachute payment** under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a **parachute payment**. If the payment made to an executive officer is deemed to be a **parachute payment**, the executive officer is responsible for the payment of any resulting taxes.

If an executive officer's employment is terminated within two years after a Change in Control either by us for **Cause** or as a result of the executive officer's disability or death, the executive officer will be entitled to receive his or her full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the Agreements, a **Change in Control** includes (i) any merger or consolidation transaction in which we are not the surviving corporation, unless our shareholders immediately before such transaction have the same proportionate ownership of common stock of the surviving corporation in the transaction, (ii) the acquisition by any person of 30 percent or more of our total combined voting power, (iii) the liquidation or the sale or other transfer of substantially all of our assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board of Directors. For purposes of the Agreements, **Good Reason** includes (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 10 miles of his or her job location before the Change in Control, (iv) our failure to continue any compensation or employee benefit plan or program in effect before the Change in Control or any act or omission that would adversely affect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, and (v) our failure to require any of our successors to assume our obligations under the Agreements within 30 days after a Change in Control. For purposes of the Agreements, **Cause** means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

Messrs. Declusin and Larson and Ms. Applebaum served on the Compensation Committee in 2014 (Ms. Applebaum joined the Committee in December 2014). All members of the Committee were independent directors, and no member has ever been an officer or employee of the Company. During 2014, none of our executive officers served on the compensation committee (or its equivalent) or board of directors of another entity whose executive officer served on our Compensation Committee.

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

**(Proposal No. 2)**

In accordance with Section 14A of the Securities Exchange Act of 1934, the Board of Directors is asking shareholders to approve an advisory resolution on executive compensation. The advisory vote is a non-binding vote on the compensation of our Named Executive Officers. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. The text of the resolution is as follows:

RESOLVED, that the shareholders of Northwest Pipe Company approve, on an advisory basis, the compensation paid to the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the executive compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure.

The Company urges you to read the disclosure under Compensation Discussion and Analysis, which begins on page 8 and discusses how our compensation policies and procedures implement our compensation philosophy. You should also read the Summary Compensation Table and other related compensation tables and narrative disclosure which provide additional details about the compensation of our CEO, our CFO and our three other most highly-compensated executive officers for 2014. We have designed our executive compensation structure to attract, retain and motivate executives who can accomplish our business strategy, and whose interests are aligned with those of our shareholders. We believe that our executive compensation program does not encourage excessive and unnecessary risk-taking by our executives but, rather, encourages our executives to remain focused on both the short-term and long-term operational and financial goals of the Company.

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on the Company, our Board or the Compensation Committee.

We currently hold our advisory vote on executive compensation annually. Accordingly, the next advisory vote on executive compensation will be held at our 2016 Annual Meeting of Shareholders.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT AND AS DESCRIBED ABOVE PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE EXCHANGE ACT.**

**Table of Contents****DIRECTOR COMPENSATION**

The Compensation Committee is responsible for recommending to the Board the level and form of compensation and benefits for directors. In 2012, Mercer was engaged to conduct a review of our director compensation program. Members of the Board of Directors who are also our employees do not receive additional compensation for serving as directors. Each nonemployee director receives a \$30,000 annual retainer, \$2,000 for each Board meeting attended and \$500 for each meeting of a committee of the Board attended. The Lead Director receives an additional retainer of \$18,000. The Audit Committee Chairman receives an additional annual retainer of \$7,500, and the Compensation Committee Chairman and Nominating and Governance Committee Chairman each receive an additional annual retainer of \$5,000. In addition, in 2014 each nonemployee director received an award of \$55,000, payable in cash, shares of the Company's Common Stock, or a combination thereof, at each director's election. The members of our Board of Directors are also reimbursed for travel expenses incurred in attending board meetings.

Mr. Roman serves as the Company's Chairman of the Board of Directors pursuant to an Executive Employment Agreement, dated effective as of January 1, 2013 (the "Roman Executive Employment Agreement"). The Roman Executive Employment Agreement, as amended effective January 1, 2014, provides that Mr. Roman's annual base salary will be \$150,000, and that he will no longer continue to vest in any bonus or incentive awards made to him before January 1, 2013, with the exception of the awards which vested on January 1, 2014. Mr. Roman also will not be eligible to participate in any of the other employee benefit plans that are generally available to the Company's employees, with the exception of the medical and dental plans. The Roman Executive Employment Agreement may be terminated by either Mr. Roman or the Company upon sixty days written notice. The Roman Executive Employment Agreement will also terminate in the event of Mr. Roman's death or disability. Upon termination of the Amended Roman Executive Employment Agreement for any reason, the Company will be required to pay Mr. Roman's base salary through the date of termination.

During the two-year period beginning on January 1, 2013, the Company paid Mr. Roman additional compensation in the amount of \$66,250 on the first day of each calendar quarter. The Roman Executive Employment Agreement also includes standard confidentiality, non-solicitation and nondisclosure provisions.

**AUDIT COMMITTEE REPORT**

The Audit Committee reports to and acts on behalf of the Board of Directors and is comprised solely of directors who satisfy the independence, financial literacy and other requirements set forth in the listing rules of the Nasdaq Stock Market and applicable securities laws. In addition, each of the three current members of the Audit Committee is an audit committee financial expert as defined by the rules of the SEC.

The Audit Committee operates under a written charter, approved and adopted by the Board of Directors, which sets forth its duties and responsibilities. This charter, which is available in full on the Company's website at [www.nwpipe.com](http://www.nwpipe.com) under Investor Relations Corporate Governance, is reviewed annually and updated, as appropriate, to address changes in regulatory requirements, authoritative guidance, evolving oversight practices and investor feedback.

The Audit Committee's primary duties and responsibilities are the oversight and monitoring of:

The integrity of the Company's financial reporting process, financial internal control systems, accounting and legal compliance and financial reporting of the Company.

The qualifications, independence and performance of the Company's independent auditors.

The compliance by the Company with applicable legal and regulatory requirements.

The maintenance of an open and private, if necessary, communication among the independent auditors, management, legal counsel and the Board.

Management is responsible for preparing the Company's financial statements and maintaining effective internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and issuing a report thereon, and for performing an independent audit of the effectiveness of the Company's internal controls over financial reporting. In this context, the Audit Committee met with management and PricewaterhouseCoopers (PwC) to review and discuss the Company's audited financial statements and assessment of the Company's internal control over financial reporting, asked management and PwC questions relating to such matters and discussed with PwC the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board (PCAOB), including Statement on Auditing Standards No. 16, Communications with Audit Committees. These meetings and discussions included a review of the terms of the audit engagement, the overall audit strategy, timing of the audit and significant risks identified. Additionally, these meetings and discussions included a review of the critical accounting policies and practices applied by the Company in preparation of its financial statements, and critical accounting estimates and significant unusual transactions affecting the Company's financial statements. Based on the reviews and discussions described in this report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

The Audit Committee's responsibilities also include monitoring the qualifications, independence and performance of the Company's independent auditors. In reviewing the auditor's performance, the Audit Committee reviews and discusses the auditor's most recent PCAOB inspection report and its system of quality control. The Committee also reviews and discusses proposed staffing levels and the selection of the lead engagement partner from the independent registered public accounting firm. Further, the Audit Committee recognizes the importance of maintaining the independence of the Company's auditor, both in fact and in appearance. In 2014, the Audit Committee received and reviewed the written disclosures and letter provided by PwC as required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discussed with the independent accountants that firm's independence. The Audit Committee concurs with PwC's conclusion that they are independent from the Company and its management.

**RATIFICATION OF THE APPOINTMENT OF  
PRICEWATERHOUSECOOPERS LLP**

**(Proposal No. 3)**

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm (taking into account the vote on shareholder ratification). The Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the year ending December 31, 2015. PwC has served as our independent registered public accountants most recently since the year ending December 31, 2012. While we are not required by our bylaws or other governing documents or law to seek shareholder ratification of the appointment of PwC as our independent registered public accounting firm, we are doing so as a matter of good corporate governance. If the shareholders do not ratify the selection, the Audit Committee will take the vote into consideration when determining whether or not to retain PwC. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our shareholders.

The Audit Committee believes that the continued retention of PwC as our independent registered public accountants is in the best interests of our shareholders.

Representatives of PwC are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015.**

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

During 2014, the Company paid \$1.2 million to Raymond James & Associates for investment banking services related to the Company's sale of its former OCTG business. Raymond James & Associates and Eagle Asset Management, which is a substantial stockholder of the Company that owns more than 10 percent of the Company's common stock, are both owned by Raymond James Financial.

The Audit Committee is responsible for the review and approval of all related party transactions. Although the Audit Committee does not have written policies and procedures with respect to the review of related party transactions, we intend that any such transactions will be reviewed by the Audit Committee, which will consider all relevant facts and circumstances and will take in to account, among other factors:

whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any director or executive officer of the Company.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended requires the Company's directors and executive officers and persons who own more than ten percent of a registered class of the Company's equity securities, to file initial reports of ownership and reports of changes in ownership of shares with the SEC. Such persons also are required to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of such reports received by us with respect to 2014, or written representations from certain reporting persons, we believe that all filing requirements applicable to our directors, officers and persons who own more than ten percent of a registered class of the Company's equity securities have been complied with for 2014, with the exception of untimely Form 4s filed for Messrs. Baum, Carrier, Dana, Jenkins, Mahoney, Montross, Roman, Smith, Stokes and Stone and Ms. Gantt on January 17, 2014, which should have been filed on January 5, 2014, each with respect to the vesting of RSUs and PSAs and the withholding of a portion of the shares to cover the applicable income taxes.

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, some shareholder proposals may be eligible for inclusion in the Company's 2015 proxy statement. Any such proposal must be received by the Company not later than January 1, 2016, which the Company believes is a reasonable time before it will begin to print and send its proxy materials. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities law. The submission of a shareholder proposal does not guarantee that it will be included in the Company's proxy statement. Alternatively, under the Company's bylaws, a proposal or nomination that a shareholder does not seek to include in the Company's proxy statement pursuant to Rule 14a-8 may be delivered to the Secretary of the Company not less than 60 days nor more than 90 days prior to the date of an annual meeting, unless notice or public disclosure of the date of the meeting occurs less than 60 days prior to the date of such meeting, in which event, shareholders may deliver such notice not later than the 10th day following the day on which notice of the date of the meeting was mailed or public disclosure thereof was made. A shareholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of Common Stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at the annual meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

**OTHER MATTERS**

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2015 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING**

Although we encourage you to read this Proxy Statement in its entirety, we include this question and answer section to provide some background information and brief answers to several questions you might have about the Annual Meeting.

**Q: Why is the Company providing these materials?**

**A:** The Company's Board of Directors is providing these proxy materials to you in connection with the Company's Annual Meeting of Shareholders, which will take place on June 4, 2015, at 8:00 a.m. (local time) at the Hilton Vancouver Hotel, located at 301 West 6<sup>th</sup> Street, Vancouver, Washington. Shareholders are invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

**Q: What information is contained in these materials?**

**A:** The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of directors and our most highly paid officers, and other required information.

**Q: What proposals will be voted on at the Annual Meeting?**

**A:** There are three proposals scheduled to be voted on at the Annual Meeting:

the election of three members of the Board of Directors (Proposal No. 1);

the advisory vote on executive compensation (Proposal No. 2); and

the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 (Proposal No. 3).

We will also consider other business that properly comes before the Annual Meeting.

**Q: How does the Board of Directors recommend that I vote?**

**A:** The Board of Directors recommends that you vote your shares **FOR** the election of the Board's nominees for election to the Board of Directors, **FOR** the advisory vote on executive compensation, and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP.

**Q: What shares owned by me can be voted?**

## Edgar Filing: NORTHWEST PIPE CO - Form DEF 14A

**A:** All shares of the Company's Common Stock owned by you as of the close of business on April 17, 2015 (the Record Date) may be voted by you. You may cast one vote per share of Common Stock that you held on the Record Date. These shares include shares that are: (i) held directly in your name as the shareholder of record, and (ii) held for you as the beneficial owner through a stockbroker, bank or other nominee.

**Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?**

**A:** Most of the Company's shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

### **Shareholder of Record**

If your shares are registered directly in your name with the Company's transfer agent, Computershare, you are considered the shareholder of record of those shares and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the Annual Meeting. You may also vote your shares as described below under How can I vote my shares without attending the Annual Meeting?

## **Table of Contents**

### **Beneficial Owner**

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting. Your broker or nominee has sent you instructions for how you can direct the broker or nominee to vote your shares.

#### **Q: How can I vote my shares in person at the Annual Meeting?**

**A:** Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring your proxy card or proof of identification. Even if you plan to attend the Annual Meeting, the Company recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Shares held in street name may be voted in person by you only if you obtain a legal proxy from the record holder (your broker, bank or other nominee) giving you the right to vote the shares.

#### **Q: How can I vote my shares without attending the Annual Meeting?**

**A:** To vote shares held directly in your name as the shareholder of record, without attending the meeting, please sign, date and return the enclosed proxy card, or follow the instructions for Internet or telephone voting on the enclosed proxy card. This way your shares will be represented whether or not you are able to attend the meeting.

To vote shares held in street name, without attending the meeting, please follow the instructions provided by your broker.

#### **Q: Can I change my vote?**

**A:** You may change your proxy instructions at any time prior to the vote at the Annual Meeting. You may accomplish this by entering a new vote by Internet, by telephone, by delivering a written notice of revocation to the Company's Corporate Secretary, by granting a new proxy card or new voting instruction card bearing a later date (which automatically revokes the earlier proxy instructions), or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request. If your shares are held in a stock brokerage account or by a bank or other nominee, you must obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting.

#### **Q: How are votes counted?**

**A:** In the election of directors, you may vote **FOR** or **WITHHOLD AUTHORITY** from voting for each of the director nominees. If you vote your shares without providing specific instructions, your shares will be voted **FOR** the nominees for election to the Board of Directors. If you vote to **WITHHOLD AUTHORITY** to vote for a nominee for election as a director, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be counted and will have no effect in determining whether the nominee is elected (though it may influence whether such nominee is asked to resign in accordance with our Corporate Governance Principles).

With respect to the proposals for the advisory vote on executive compensation and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, you may vote **FOR** or **AGAINST** or **ABSTAIN**. If you vote your shares without providing specific instructions, your shares will be voted in accordance with the recommendations of the Board.

If you

## **Table of Contents**

vote to ABSTAIN , the shares represented will be counted as present for the purpose of determining a quorum, but with respect to any proposal on which there was a vote to ABSTAIN they will not be counted and will have no effect in determining whether the proposal is approved.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote or votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, brokers have discretion to vote these shares on routine matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR routine matters but expressly instructing that the broker is not voting on non-routine matters. A broker non-vote occurs when a broker expressly instructs on a proxy card that the broker is not voting on a matter, whether routine or non-routine. Proposal No. 3 (ratification of PricewaterhouseCoopers LLP) is considered a routine matter, so unless you have provided otherwise, your broker will have discretionary authority to vote your shares on this proposal. Proposals No. 1 (election of directors) and 2 (advisory vote on executive compensation) are considered non-routine matters, so unless you have provided instructions to your broker with respect to Proposals No. 1 and 2, your broker will not have authority to vote your shares on any of those proposals and your shares will constitute broker non-votes. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of shares entitled to vote or votes cast for or against a proposal.

### **Q: What is the quorum requirement for the Annual Meeting?**

**A:** The quorum requirement for holding the Annual Meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

### **Q: What is the voting requirement to approve the proposals?**

**A:** Proposal No. 1: The election of the director nominees requires the affirmative FOR vote of a plurality of the votes cast in the election. Proposal No. 2: The proposal for the advisory vote on executive compensation requires the affirmative FOR vote of a majority of the votes cast on the proposal.

Proposal No. 3: The proposal for the ratification of the appointment of PricewaterhouseCoopers LLP for the year ending December 31, 2015 requires the affirmative FOR vote of a majority of the votes cast on the proposal.

### **Q: Who are the proxyholders and what do they do?**

**A:** The two persons named as proxyholders on the proxy card, Scott J. Montross, our President and CEO, and Richard A. Roman, our Chairman of the Board, were designated by the Board of Directors. The proxyholders will vote all properly tendered proxies (except to the extent that authority to vote has been withheld) and where a choice has been specified by you as provided in the proxy card, it will be voted in accordance with the instructions you indicate on the proxy card. If you vote your shares without providing specific instructions regarding each of the proposals, your shares will be voted on each proposal as recommended by the Board of Directors.

### **Q: What does it mean if I receive more than one set of proxy materials?**

Edgar Filing: NORTHWEST PIPE CO - Form DEF 14A

**A:** You may receive more than one set of proxy materials. For example, if you hold your shares in more than one brokerage account, you may receive a separate set of proxy materials for each brokerage account in

## **Table of Contents**

which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one set of proxy materials. Please vote your shares for each set of proxy materials that you receive by following the instructions on the enclosed proxy card.

### **Q: How may I request multiple sets of proxy materials if two or more shareholders reside in my household?**

**A:** To minimize our expenses, one proxy statement and one annual report to shareholders may be delivered to two or more shareholders who share an address unless we have received contrary instructions from one or more of the shareholders. We will deliver promptly upon written or oral request a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the proxy statement and annual report was delivered. Requests for additional copies of the proxy statement and annual report, and requests that in the future separate documents be sent to shareholders who share an address, should be directed by writing to Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661 or by phone at (360) 397-6250.

### **Q: How can I revoke my proxy?**

**A:** You may revoke your proxy at any time before it is voted at the Annual Meeting. In order to do this, you may do any of the following:

sign and return another proxy card bearing a later date;

enter a new vote by Internet or by telephone following the instructions on the proxy card;

provide written notice of the revocation to the Company's Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington 98661, prior to the vote at the Annual Meeting; or

attend the meeting and vote in person. If your shares are held in a stock brokerage account or by a bank or other nominee, you must obtain a legal proxy from your broker or other nominee authorizing you to vote your shares at the Annual Meeting.

### **Q: Where can I find the voting results of the Annual Meeting?**

**A:** We will announce preliminary voting results at the Annual Meeting and publish final results in the Company's Current Report on Form 8-K filed by the Company within four business days after the Annual Meeting.

### **Q: What happens if additional proposals are presented at the Annual Meeting?**

**A:** Other than the proposals described in this Proxy Statement, the Company does not expect any additional matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Scott J. Montross, the Company's President and CEO, and Richard A. Roman, the Company's Chairman of the Board, will vote your shares on any additional matters properly presented for a vote at the Annual Meeting in a manner directed by a majority of the Board of Directors.

**Q: Who will count the vote?**

**A:** Computershare, the Company's transfer agent, has been appointed to act as the inspector of election and will tabulate the votes. In the event Computershare is unable to do so, a representative of the Company's outside legal counsel, Ater Wynne LLP, will act in this role.

**Q: Is my vote confidential?**

**A:** Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of

**Table of Contents**

votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board of Directors. Occasionally, shareholders provide written comments on their proxy card, which are then forwarded to the Company's management.

**Q: Who will bear the cost of soliciting proxies for the Annual Meeting?**

**A:** The Company will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by the Company's directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. The Company may also engage a proxy solicitation firm or other professional advisors to assist in the solicitation of proxies and provide related advice and support. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.
