Directors

Gregg J. Powers joined our Board in August 2013 and became Chairman of the Board in May 2014. Mr. Powers has served as the Chairman of Private Capital Management, an institutional investment management firm, since 2009 and as that firm's Chief Executive Officer since 2008. Mr. Powers joined Private Capital Management in 1988 and served in a number of roles with that firm, including as its President, before assuming his current positions. In addition to his duties as Chairman and Chief Executive Officer of Private Capital Management, Mr. Powers also serves as a portfolio manager for that firm and oversees all aspects of the investment of client portfolios. Since August 2013, Mr. Powers has served as a director of Quantum Corporation, a data protection and management company, where he serves on the Corporate Governance and Nominating Committee. Mr. Powers is a member of our Board's Nominating and Corporate Governance Committee. Mr. Powers' appointment to our Board was in response to stockholder feedback regarding the

importance of direct stockholder representation, and his substantial experience in the investment management field provides our Board with valuable insights into the concerns of stockholders.

Regina Benjamin, M.D., MBA joined our Board in December 2013. Dr. Benjamin was appointed as the 18th United States Surgeon General in July 2009, a position she held until July 2013. Since September 2013, Dr. Benjamin has served as a Professor in the Department of Public Health Sciences at Xavier University of Louisiana, where she occupies the NOLA.com/Times-Picayune Endowed Chair in Public Health Sciences. Dr. Benjamin founded the BayouClinic in Bayou La Batre, Alabama in 1987 and served as its Chief Executive Officer until her appointment as Surgeon General. Dr. Benjamin was named a MacArthur Fellow in 2008. Dr. Benjamin is a member of our Board's Nominating and Corporate Governance Committee. Through her experience as a practicing physician, her service as the United States Surgeon General and her academic credentials, Dr. Benjamin brings to our Board substantial experience in health management on both a personal and global scale.

Håkan Björklund, Ph.D. joined our Board in August 2013. Dr. Björklund has been a healthcare industry executive at Avista Capital Partners, L.P., a private equity firm, since October 2011. Before joining Avista Capital Partners, Dr. Björklund was the Chief Executive Officer of Nycomed Luxco SA, a Swiss pharmaceuticals company, from May 1999 until its sale to Takeda Pharmaceuticals in September 2011. Before his tenure at Nycomed, Dr. Björklund held various positions at companies that now form a part of the pharmaceuticals company AstraZeneca plc, including President of Astra Pain Control

from 1989 to 1991, President of Astra Draco AB, a research and development unit, from 1991 to 1996 and Regional Director of Astra AB from 1996 to 1999. Dr. Björklund has served as a member of the board of directors of Coloplast A/S, a Denmark-based medical device company, since December 2006, as the Chairman of the Board of H. Lundbeck A/S, a Denmark-based pharmaceuticals company, since March 2013, where he has served as a director since March 2011, as a member of the board of directors of Atos Medical AB, a Swedish-based medical device company, since April 2005, and as a member of the board of directors of Acino Pharma AG, a Swiss-based pharmaceutical company, since December 2013. He was also a director at Danisco A/S, a Danish food ingredients company, from April 2004 until its acquisition by Dupont in June 2011. Dr. Björklund is a member of our Board's Compensation Committee. Through his operating experience as Chief Executive Officer of a European-based healthcare company, Dr. Björklund brings to our Board industry and global operations expertise.

Carol R. Goldberg has served on our Board since May 30, 2001. Ms. Goldberg served as a director of our predecessor company, Inverness Medical Technology, from August 1992 through November 2001, when that company was acquired by Johnson & Johnson. Since December 1989, she has served as President of The AVCAR Group, Ltd., an investment and management consulting firm in Boston, Massachusetts. Ms. Goldberg is a member of our Board's Compensation Committee. As the former President and Chief Operating Officer of Stop & Shop Companies, Inc., Ms. Goldberg brings a wealth of financial, marketing and consumer expertise to our Board.

John F. Levy has served on our Board since May 30, 2001 and served as our lead independent director from October 2013 to May 2014. Mr. Levy served as a director of Inverness Medical Technology from August 1996 through November 2001, when that company was acquired by Johnson & Johnson. Since 1993, he has been an independent consultant. Mr. Levy served as President and Chief Executive Officer of Waban, Inc., a warehouse merchandising company, from 1989 to 1993. Mr. Levy is Chairperson of our Board's Audit Committee. A former chief executive officer, Mr. Levy brings to our Board financial expertise, investment experience and knowledge of distribution systems.

Stephen P. MacMillan joined our Board in August 2013. Since December 2013, Mr. MacMillan has served as the President, Chief Executive Officer and a member of the board of directors of Hologic Inc., a medical device manufacturer that develops, manufactures and supplies diagnostic products, medical imaging systems and surgical products. Prior to assuming this role with Hologic, Mr. MacMillan was the Chief Executive Officer of sBioMed, LLC, a biomedical research firm that produces infection control products, from October 2012 to December 2013. Prior to joining sBioMed, Mr. MacMillan served in various roles at Stryker Corporation, including its Chief Operating Officer from June 2003 to January 2005, its President from June 2003 to February 2012, its Chief Executive Officer from January 2005 to February 2012 and its Chairman from January 2010 to February 2012. Mr. MacMillan began his career with Procter & Gamble in 1985 and later spent 11 years with Johnson & Johnson, where he served in various roles, including President of Johnson & Johnson's consumer pharmaceuticals joint venture with Merck from December 1998 to December 1999. From March 2000 to March 2003, Mr. MacMillan served as Sector Vice President, Global Specialty Operations of Pharmacia Corporation (formerly Monsanto Company), a global pharmaceutical company. Mr. MacMillan previously served on the board of directors of Texas Instruments Incorporated from 2008 to 2012. Mr. MacMillan is Chairperson of our Board's Compensation Committee. Mr. MacMillan's operating experience as Chief Executive Officer in the growth and development of a global medical technology company is of substantial value to our Board.

Brian A. Markison joined our Board in August 2013. Mr. Markison has been a healthcare industry executive at Avista Capital Partners, L.P., a private equity firm, since September 2012. Before joining Avista Capital Partners, Mr. Markison served as the President and Chief Executive Officer and a member of the board of directors of Fougera Pharmaceuticals Inc., a specialty dermatology company, from July 2011 until its sale to Sandoz, a division of Novartis, in July 2012. Prior to that, Mr. Markison was the President and Chief Executive Officer of King

Pharmaceuticals, Inc., a manufacturer of pharmaceuticals and medical devices, from July 2004 through the closing of its sale to Pfizer in March 2011. Mr. Markison joined King Pharmaceuticals as Chief Operating Officer in March 2004 and served in that role until his promotion to Chief Executive Officer. From July 2007 to February 2011, Mr. Markison also served as the Chairman of the board of directors of King Pharmaceuticals. Before joining King Pharmaceuticals, Mr. Markison held various positions at Bristol-Myers Squibb from 1982 to 2004, including President of Neuroscience/Infectious Disease and Dermatology and President of Oncology, Virology and Oncology Therapeutics Network. Mr. Markison has served as the Lead Outside Director on the board of directors of Immunomedics, Inc., a biopharmaceutical therapeutics company, since December 2004, the Chairman of the board of directors of Rosetta Genomics Ltd., a leading developer of microRNA-based molecular diagnostics, since April 2011, the Chairman of the board of directors of Lantheus Medical Imaging, Inc., a developer, manufacturer and distributor of diagnostic imaging agents, since January 2013, where he has served as a director since September 2012. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our officers and directors and persons who beneficially own more than 10% of our outstanding shares of common stock or Series B preferred stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Such persons are required by applicable regulations to furnish us with copies of all reports filed pursuant to Section 16(a).

To our knowledge, based solely on a review of the copies of such reports received by us and certain written representations that no other reports were required, we believe that for the fiscal year ended December 31, 2014, all of our officers, directors and 10% beneficial owners complied with the requirements of Section 16(a), except that a Form 3 for Mark Gladwell was filed late.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the compensation paid to our named executive officers. Based on 2014 total compensation, our named executive officers are:

Namal Nawana, President and Chief Executive Officer, or our CEO;

Avi Pelossof, Global President, Infectious Disease;

Daniella Cramp, Global President, Cardiometabolic;

Sanjay Malkani, Global President, Toxicology;

Ron Zwanziger, former President and Chief Executive Officer, or our former CEO; and

Dave Teitel, former Chief Financial Officer, Vice President and Treasurer.

Philosophy and Objectives

The objective of our executive compensation program for 2014 was to attract, retain and motivate the talented and dedicated executives who were critical to our goals of continued growth, innovation, increasing profitability and, ultimately, maximizing stockholder value. Specifically, we sought to attract and reward executives who displayed certain fundamental leadership characteristics that we had identified as consistent with our corporate goals and culture. We provided our named executive officers, as well as a broad group of executives whom we believe to be critical to achievement of our strategic goals, with what we believed to be a competitive total compensation package, consisting primarily of base cash compensation, performance-based incentive compensation packages, including both equity and

cash components, and a broad-based benefits program. In addition, following our appointment in October 2014 of Mr. Nawana as our CEO and President and the shift in our strategic focus that followed, we also provided retention packages consisting of stock-based compensation awards and change of control benefits to each of our named executive officers and other members of our management whom our Compensation Committee deemed critical to the success of our revised strategic objectives.

Our 2014 compensation program was designed to reward each executive's individual performance by considering generally their past and potential contributions to our achievement of key strategic goals, such as revenue generation, organic growth, margin improvement and the establishment and maintenance of key strategic relationships. These factors were considered, along with other factors, in assessing base cash compensation and determining the amount of performance-based incentive compensation to be awarded to each executive. Our 2014 executive compensation program aimed to provide a risk-balanced compensation package which was competitive in

our market sector and, more importantly, relevant to the individual executive. In addition, in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, at our 2013 annual meeting of stockholders, we submitted a non-binding, advisory proposal to our stockholders to approve the compensation paid to our named executive officers for 2012. Ninety-eight percent of our stockholders who cast votes on that proposal supported our executive compensation practices for 2012, as set forth in our 2013 proxy statement. Our Compensation Committee interpreted the results of this advisory vote as a strong affirmation of our overall executive compensation practices. Our Compensation Committee considered this very high level of support from stockholders when it implemented our executive compensation program for 2014. At our annual meeting of stockholders in August 2014, we submitted a similar non-binding advisory proposal to our stockholders to approve the compensation paid to our named executive officers for 2013. Ninety-nine percent of our stockholders who cast votes on that proposal supported our executive compensation practices for 2013, as set forth in our 2013 proxy statement. Our Compensation Committee again interpreted the results of this advisory vote as a strong affirmation of our overall executive compensation practices. The Compensation Committee was aware of the results of this advisory vote at the time it assessed achievement of the performance goals established as part of our 2014 executive compensation program, which are described in more detail below.

Our policy for allocating between base cash compensation and incentive compensation for 2014 was to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize value for our company and our stockholders. For 2014, we provided base cash compensation to meet competitive cash compensation norms and performance-based compensation that included the potential for the executives to earn cash-based and stock-based awards to reward superior performance against annual strategic targets and long-term stock price appreciation. Our Compensation Committee believed that this compensation structure would appropriately focus our executives' attention on achievement of our stated corporate objectives and long-term stock price appreciation. In 2014, this general compensation structure was supplemented by retention packages consisting of additional stock-based awards and change of control agreements, which our Compensation Committee deemed to be advisable in light of the significant management and strategic changes which occurred during the year.

Executive Compensation Process

The compensation of our named executive officers, as well as our other executive officers, has been reviewed by our Compensation Committee at least annually for consistency with our compensation philosophy and objectives. Our management, including our CEO and our former CEO, participated in this review by making its own recommendations as to the base cash compensation and performance-based compensation of our executive officers to the Compensation Committee. The Compensation Committee has considered the recommendations of management in assessing executive compensation, but from time to time it has also gathered and relied on other data and resources, and from time to time has utilized the services of a compensation consultant in reviewing and determining executive compensation.

In reviewing executive compensation for 2014, the Compensation Committee and management considered the practices of companies of similar size, geographic location and market focus. For this purpose, management and the Compensation Committee utilized the 2013 Radford Global Life Sciences Survey, or the 2013 Radford Survey, which provided comprehensive baseline compensation data on positions at the executive, management and professional levels, including base cash compensation, total cash compensation, options and other equity compensation, for almost 700 multinational life sciences companies. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this compensation information is an important part of our compensation-related decision-making process.

In 2013, the Compensation Committee engaged a compensation consultant, Radford, an Aon Hewitt company, to assist the committee in assessing total compensation of certain of our named executive officers for that year. As part of its engagement, Radford assisted the Compensation Committee in assessing the competitiveness of the compensation of those named executive officers compared to the peer group of companies used by our Compensation Committee, which was identified in 2012 with the assistance of Radford. The peer group selected by the Compensation Committee for purposes of evaluating the compensation of those named executive officers consisted of eighteen publicly traded companies in a similar industry space and with similar revenues and market capitalizations. Of the peer group companies, 22% were health management companies and 78% were diagnostics/medical equipment companies.

Table of Contents

Specifically, the 2013 peer group consisted of the following companies:

Becton Dickinson and Company

Bio-Rad Laboratories, Inc.

Catalyst Health Solutions, Inc.

C.R. Bard, Inc.

Edwards Lifesciences LLC

Gen-Probe Incorporated

Healthways, Inc.

Hologic, Inc.

Hospira, Inc.

IDEXX Laboratories, Inc.

Laboratory Corporation of America Holdings

Life Technologies Corporation

Lincare Holdings, Inc.

Myriad Genetics, Inc.

PerkinElmer, Inc.

ResMed Inc.

St. Jude Medical, Inc.

Varian Medical Systems, Inc.

The Compensation Committee did not make any changes to this peer group for purposes of determining executive compensation in 2014. In February 2015, in light of a number of factors, including our renewed strategic focus on diagnostics and the January 2015 sale of our health management business, our Compensation Committee reassessed the composition of our peer group. Following that assessment, our Compensation Committee updated our peer group to be as follows:

Bio-Rad Laboratories, Inc.

Bruker Corporation

Cepheid Inc.

Charles River Laboratories International, Inc.

CR Bard, Inc.

Edwards Lifesciences LLC

Hologic, Inc.

IDEXX Laboratories, Inc.

Laboratory Corporation of America Holdings

Omnicare, Inc.

PerkinElmer, Inc.

Quest Diagnostics Incorporated

Quidel Corporation

Resmed Inc.

Teleflex Incorporated

The Cooper Companies Inc.

Varian Medical Systems, Inc.

Waters Corporation

In 2014, pursuant to our Annual Executive Incentive Compensation Process, or the Annual Incentive Process, we offered annual performance-based incentive compensation packages under which a broad group of executives and managers worldwide were eligible to receive stock-based awards, consisting of performance options and cash awards based on the achievement of stated performance conditions. Our named executive officers, with the exception of our former CEO, all participated in the Annual Incentive Process during 2014. The performance options granted as part of the 2014 Annual Incentive Process have an exercise price of \$36.74 per share representing the closing price for the Company's common stock on the date of grant, February 28, 2014. The performance options will vest over four years in equal annual installments commencing one year from the grant date, subject to satisfaction of a number of corporate and, in some cases, business-level performance criteria applicable to calendar

Table of Contents

year 2014 performance. The performance criteria for the performance options were consistent with the definition of performance criteria set forth in the 2010 Plan and included earnings per share targets, organic growth targets and, in the case of certain executive officers, return on investment capital targets, as well as other performance criteria which vary from individual to individual. The performance options have a term of ten years from the date of grant. The Compensation Committee also granted a contingent, performance-based cash award, or a Cash Award, to each executive and manager who received a performance option. Each Cash Award entitles the recipient to receive a cash payment equal to the appreciation, if any, of our stock price during 2014 multiplied by the number of shares subject to the performance options granted to that person for which the 2014 performance criteria were achieved and are payable in two equal annual installments commencing one year from the grant date, subject to continued employment.

Our Annual Incentive Process is not intended to preclude the Compensation Committee from making equity or other awards outside this process in appropriate circumstances, and the process is expected to evolve from year to year. In particular, the Compensation Committee expects to continue to make grants under our stockholder-approved stock option and incentive plans, or our Option Plans, outside the Annual Incentive Process in connection with changes in responsibility, significant accomplishments, new hires and in other appropriate circumstances.

In determining each component of an executive's compensation under our processes, numerous factors particular to the executive were considered, including:

The executive's particular background, including prior relevant work experience;

The demand for individuals with the executive's specific expertise and experience;

The executive's role with us and the compensation paid to similar persons determined through benchmark studies;

The executive's performance and contribution to our achievement of corporate goals and objectives; and

Comparison to our other executives.

Retention RSUs and Change of Control Agreements

In August 2014, while in the midst of a comprehensive review of our business strategy and subsequent to the announcement of significant changes in our senior leadership, including the resignations of our CEO and two other co-founders, our Compensation Committee determined that it was advisable to supplement our general compensation structure with retention awards in an effort to ensure the continued availability of the services of certain senior executives. To that end, our Compensation Committee awarded restricted stock units, or the Retention RSUs, to a number of executives, including each of our named executive officers other than our CEO and our former CEO. The Retention RSUs vest over three years in equal annual installments commencing one year from the grant date and provide for vesting in full if the holder is terminated by us without cause (as defined in the Retention RSUs) or by the executive with good reason (as defined in the Retention RSUs) during the 12 months following a change of control of Alere. The Compensation Committee established the size of each award after considering benchmark data from the

Radford 2014 Global Life Sciences Survey relating to public medical device and diagnostic companies with market capitalizations between \$1 billion and \$9 billion. The Committee also considered the impact of these awards on our burn rate and dilution and determined that these retention-based awards were consistent with the best interests of our stockholders given the fundamental strategic and management changes underway at the time.

In October 2014, we entered into change of control agreements with our named executive officers (other than our former CEO) in order to provide them with incentives to remain with us through the consummation of any change of control rather than to seek alternative employment. The agreements were provided in the context of the fundamental strategic and management changes referred to above but also in response to certain public statements made by our former CEO in September 2014, and the terms of the agreements were deemed necessary and advisable and in the best interest of shareholders under those circumstances. These agreements provide that if the executive's employment is terminated by us without cause (as defined in the agreement) or by the executive with good reason (as defined in the agreement) within 12 months following a change of control of Alere (as defined in the agreement), then all unvested equity awards held by the executive will immediately vest in full and the executive will be entitled to receive:

salary continuation for a period of 18 months, calculated at the highest rate in effect for the executive at any time during the 12 months immediately preceding the termination date;

Table of Contents

the cash component of any outstanding awards granted to the executive;

continued payment of health insurance premiums (less the active employee cost of such coverage) for a period of 18 months;

three months of outplacement support services; and

if any payments to the executive constitute excess parachute payments under Section 280G of the Internal Revenue Code, a gross-up payment such that the net amount received by the executive, after the deduction of applicable taxes, will be equal to the amount that the executive is otherwise entitled to receive under the terms of the agreement.

In addition, the executive will be released from any non-competition provisions included in any agreement with us. The executive will be entitled to the foregoing benefits, without any termination of employment, if we fail to obtain a written agreement from any successor to assume and perform our obligations under the agreement and to deliver such agreement to the executive prior to the succession. The agreement further provides that we will indemnify the executive to the fullest extent permitted by law, including the payment of expenses incurred by or on behalf of the executive in connection with any threatened, pending or completed action, suit, investigation or other proceeding, whether or not by us or in our right.

Elements of Standard Compensation

For 2014, executive compensation consisted of the following elements:

Base Cash Compensation. Base cash compensation was established based on the factors discussed above. We sought to ensure that the base cash compensation of our named executive officers would be competitive by targeting annual base salary for a particular individual near the average of the range of annual cash compensation (base cash compensation plus annual non-equity incentive compensation) for executives in similar positions with similar responsibilities at companies in our peer group. Other elements of compensation, including past and present grants of stock-based awards, were also considered. The Compensation Committee believed that competitive base cash compensation was necessary to attract and retain a management team with the requisite skills to lead our company. In 2014, based on its analysis of our salary objectives, the various factors discussed above, the 2013 Radford Survey and updated Radford benchmarking and other analysis and input from Radford, and considering the total compensation of our named executive officers, the annual base salaries paid to Mr. Nawana, Mr. Teitel and Mr. Pelossof were increased from \$800,000, \$412,000 and \$450,000, respectively, to \$1,050,000, \$430,000 and \$500,000, respectively, representing increases of 31%, 4% and 11%, respectively. In approving the base salary increases for each of these named executive officers, the Compensation Committee considered an analysis of total compensation for comparable executives, and in Mr. Nawana's case his promotion to Chief Executive Officer, with the intention of moving, over one or more years, each named executive officer's base salary to approximately the 50th percentile of base salary for executives in comparable roles. In comparing total cash compensation of our named executive officers to total cash compensation of comparable executives, the Compensation Committee considered each individual's background, expertise and experience, and individual performance and past contributions to our overall goals and objectives. While many of these factors are subjective measures, and are not based on any stated quantified objectives, they played an important role in the Compensation Committee's decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the base salary increases. The Compensation Committee did not adjust the base salaries of the other named executive officers during 2014.

Stock Options and Stock-based Awards. For 2014, our Compensation Committee believed that the use of stock options and other stock-based awards would continue to offer the best approach to achieving our long-term compensation goals. Consistent with this belief, our Option Plans were established to provide certain of our employees, including our named executive officers, with incentives to help align those employees' interests with the interests of stockholders and with our long-term success. Pursuant to our Option Plans, which allow our Compensation Committee to grant a number of different types of stock-based awards, we have relied primarily on

Table of Contents

stock options and RSUs to provide equity incentive compensation to our named executive officers. Stock options granted to our named executive officers in 2014 had an exercise price equal to the fair market value of our common stock on the grant date. Our stock options have typically vested 25% per annum based upon continued employment over a four-year period, and generally have had terms expiring ten years after the date of grant. Stock option grants to our named executive officers have been made in connection with the commencement of employment, in conjunction with an annual review of total compensation and, occasionally, following a significant change in job responsibilities or to meet other special retention or performance objectives. While our Compensation Committee expects to continue to grant stock options and RSUs on an ad hoc basis as circumstances warrant (consistent with the granting policy described below), in the future we expect that stock-based awards will primarily be granted to our named executive officers as part of the Annual Incentive Process. Proposals to grant stock options to our named executive officers in 2014, including those made in connection with the Annual Incentive Process, were made by our CEO or former CEO to the Compensation Committee. With respect to proposals for grants made to our named executive officers in 2014, the Compensation Committee reviewed consultant reports, as discussed above, individual performance, the executive's existing compensation and other retention considerations. In determining the number of stock options or RSUs to be granted to our named executive officers during 2014, the Compensation Committee considered the estimated Black-Scholes valuation of each proposed stock option grant and the current fair market value of each proposed RSU grant. Generally, stock-based awards for each named executive officer in 2014 were based on the factors discussed above and were intended to be valued near the average of the range of the value of long-term incentive awards for executives in similar positions with similar responsibilities at companies in our peer group, although other elements of compensation, including salary, were also considered.

Generally, stock-based awards to named executive officers have been granted in conjunction with meetings of our Board of Directors and, with respect to stock options, in accordance with our previously adopted stock option granting policy, which includes the following elements:

Options to purchase shares of our common stock shall be granted effective as of the last calendar day of the following months: February, April, June, August, October and December (each such date, a "Grant Date");

For each employee (or prospective employee) that is not (or, upon hire, will not be) subject to Section 16 of the Exchange Act, the CEO shall have the authority to grant, in his sole discretion, an option or options to purchase up to an aggregate of 5,000 shares of common stock (on an annual basis); provided, however, that the total number of shares of common stock underlying such option grants shall not exceed 150,000 per calendar year.

Grants of options to existing employees shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the date of approval (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval).

Options approved for new hires, including those hired through acquisitions, shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the later of (i) the date of such approval or (ii) the date on which the new hire's employment commences.

For 2014, each of our named executive officers other than our former CEO participated in the Annual Incentive Process and was awarded a performance-based compensation package consisting of stock options and a Cash Award. The primary purpose of the Cash Awards was to further incent executives to achieve shorter-term results based upon the price appreciation of our common stock during the performance period. Cash Awards vest over two years if performance targets are met during the target year. There were numerous performance conditions applicable to these awards, including both corporate performance goals and individual performance goals, all of which had to be satisfied in order for the awards to vest in full. For our named executive officers, vesting of 80% of each award was tied to achievement of corporate performance goals, and vesting of the remaining 20% was tied to achievement of individual performance goals. The awards provided that, if the corporate performance goals were not met, only 50% of the portion of the awards tied to achievement of individual goals would be eligible to vest. Vesting under the awards with respect to the corporate performance measures was conditioned upon achievement of at least the minimum targeted level for earnings per share as well as the minimum targeted level for either organic growth or return on invested capital. The corporate performance measures, which included targets correlating to 50%, 75% and 100% achievement of each respective measure, included earnings per share targets of \$2.59, \$2.63 and \$2.67, organic growth targets of 6.29%, 6.88% and 7.46% and return on invested capital targets of 11.8%, 11.9% and

Table of Contents

12.0%. The Compensation Committee determined that none of the corporate performance goals was met. As a result, no performance-based options attributable to corporate performance vested, and only 50% of the performance-based options attributable to individual performance were eligible to vest.

Mr. Nawana's 2014 performance-based compensation package was based upon 30,000 shares of common stock. Although Mr. Nawana did meet certain of his individual performance goals, Mr. Nawana decided, based upon the fact that executives and other employees were receiving smaller than expected awards because the corporate performance targets applicable to all 2014 performance-based compensation packages had not been met, that he would forfeit the 3,000 shares which would have otherwise vested under his performance option, as well as the related Cash Award.

Each of Mr. Pelossof's and Ms. Cramp's 2014 performance-based compensation package was based upon 20,000 shares of our common stock. The Compensation Committee determined that each of Mr. Pelossof's and Ms. Cramp's individual performance goals were met at the 100% level. As a result, each of Mr. Pelossof's and Ms. Cramp's performance-based options vested as to 5,000 shares of our common stock, and the Cash Award granted to each of Mr. Pelossof and Ms. Cramp became payable in an aggregate amount equal to \$9,000 which, subject to continued employment, will be paid in two equal annual installments beginning in March 2015.

Mr. Malkani's performance-based compensation package was based upon 15,000 shares of our common stock. The Compensation Committee determined that Mr. Malkani's individual performance goals were met at the 90% level. As a result, Mr. Malkani's performance-based options vested as to 3,375 shares of our common stock, and the Cash Award granted to Mr. Malkani became payable in an aggregate amount equal to \$6,075 which, subject to continued employment, will be paid in two equal annual installments beginning in March 2015.

Mr. Teitel's performance-based compensation package was based upon 15,000 shares of our common stock. The Compensation Committee determined that Mr. Teitel's individual performance goals were met at the 50% level. As a result, Mr. Teitel's performance-based option vested as to 750 shares of our common stock, and the Cash Award granted to Mr. Teitel became payable in an aggregate amount equal to \$1,350 which, subject to continued employment, will be paid in two equal annual installments beginning in March 2015.

In addition to awards under the Annual Incentive Process, each of our named executive officers other than our CEO and our former CEO received Retention RSUs as described above. Mr. Pelossof, Ms. Cramp, Mr. Malkani and Mr. Teitel received 20,000, 20,000, 15,000 and 15,000 Retention RSUs, respectively. The Compensation Committee established the number of Retention RSUs granted to each named executive officer based on several factors, including but not limited to the perceived level of individual accountability for overall corporate individual performance and stock-based grant history.

Acceleration Upon a Change of Control. In addition to acceleration of vesting under the change of control agreements described above, under the terms of our Option Plans, the vesting of all stock options granted before April 22, 2015 accelerates in full upon a change of control of Alere (as defined in the Option Plans). On or about April 22, 2015, we amended our 2010 Plan to provide for "double trigger" acceleration for awards granted thereafter to employees and directors, unless otherwise provided in an award agreement or another agreement with the recipient. Under the amended terms of the 2010 Plan, an employee's or director's stock options and stock appreciation rights will automatically become full exercisable, and conditions and restrictions on restricted stock awards, restricted stock units and performance share awards will be removed, upon the termination of employment by us without cause (as defined in the 2010 Plan) or by the employee with good reason (as defined in the 2010 Plan) (or, in the case of a director, the termination of his or her service as a director for any reason) within one year after a change of control of Alere (as defined in the 2010 Plan). However, if no provision is made for the assumption, continuation or substitution of awards under the 2010 Plan upon a change of control, then such awards will accelerate upon the change of control. Our

outstanding RSUs, including the Retention RSUs but excluding the RSUs awarded to Mr. Nawana in 2012, which are discussed below, provide for full vesting in the event of the involuntary termination of the holder's employment without cause (as defined in the RSU), or the holder's resignation for good reason (as defined in the RSU), within one year after a change of control of Alere (as defined in the RSU). Under the terms of 110,000 RSUs awarded to Mr. Nawana in 2012, of which 105,000 RSUs have vested, if Mr. Nawana's employment is involuntarily terminated without cause within three years of his hiring, his RSUs will accelerate and fully vest. These RSUs will also accelerate and fully vest if Mr. Nawana voluntarily terminates his employment, other than in the presence of facts of circumstances which would constitute cause for termination by us.

Other Compensation. Our named executive officers' service with our company is at will. The named executive officers were not eligible to participate in, and did not have any accrued benefits under, any company-sponsored defined benefit pension plan in 2014. They were eligible to, and in some cases did, participate in defined contribution plans, such as a 401(k) plan, on the same terms as other employees. The terms of these defined contribution plans varied depending on the jurisdiction of employment of the executive. In addition, consistent with our compensation philosophy, the Compensation Committee maintained in 2014 generally the same benefits and perquisites for our executive officers as in prior years, which consisted of certain matching contributions under our defined benefit plans and payment of life insurance premiums. The Compensation Committee believes that the benefits and perquisites provided to our named executive officers in 2014 were similar to median competitive levels for companies in our peer group. Finally, all of our named executive officers were eligible to participate in our other employee benefit plans, including medical, dental, life and disability insurance.

Nawana's Promotion to President and CEO

In connection with his promotion to full-time President and Chief Executive Officer and appointment to our Board of Directors in October 2014, the Compensation Committee awarded Mr. Nawana an increased salary, as described above, a cash bonus of \$500,000 payable in January 2015 covering his service as Interim Chief Executive Officer and Chief Operating Officer during 2014 and a target bonus opportunity for 2015 equal to 100% of his annual base salary, with a minimum payout of 50% of his annual base salary and a maximum payout of 150%. The awards were intended to provide Mr. Nawana with total compensation appropriate for CEOs of our peer group, to recognize his superior performance in the interim CEO role since June 2014 and to provide incentive compensation for 2015. Accordingly, the Compensation Committee and Mr. Nawana agreed that this bonus opportunity would be in lieu of any other annual incentive compensation plan to be implemented for executives for 2015.

The Compensation Committee also granted Mr. Nawana additional stock-based awards consisting of a grant of 50,000 RSUs, a grant of 100,000 nonqualified stock options and a grant of 150,000 performance stock units, or PSUs. Mr. Nawana's stock-based awards were determined, first, by looking at competitive benchmark CEO compensation data, based on an analysis by Radford, and targeting the 75th percentile of annual stock-based compensation. After determining the desired value of total stock-based compensation, the committee utilized a combination of performance-based, time-based and full value stock-based awards in order to provide retention and performance incentives over both the short and long term. The RSUs vest in three equal annual installments commencing on the first anniversary of the date of grant, in each case only if Mr. Nawana remains employed by us on the applicable vesting date. The nonqualified stock options vest in four equal annual installments commencing on the first anniversary of the date of grant, in each case only if Mr. Nawana remains employed by us on the applicable vesting date. The exercise price of the nonqualified stock options is equal to the closing price of our common stock on the date of grant, and the options otherwise have terms consistent with prior grants of stock options to our executives. The PSUs vest over three years in equal installments to the extent stock-price targets have been met, provided Mr. Nawana remains employed by us on the applicable vesting date. The RSUs provide for vesting in full if Mr. Nawana's employment is terminated by us without cause (as defined in the RSUs) or by Mr. Nawana with good reason (as defined in the RSUs) during the 12 months following a change of control (as defined in the RSUs). The PSUs provide that, in the event of a change of control (as defined in the PSUs), (i) the PSUs will continue to vest based solely on continued employment and without regard to achievement of the performance targets and (ii) the PSUs will vest in full if Mr. Nawana's employment is terminated by the Company without cause (as defined in the PSUs) or by Mr. Nawana with good reason (as defined in the PSUs) during the 12 months following such change of control. The Compensation Committee believes that these change of control arrangements, which were negotiated with Mr. Nawana as part of our effort to induce him to accept the position of President and Chief Executive Officer, will help to ensure the continued availability of his services in the event of a potential change of control, which the Compensation Committee believes will help to preserve value in the event of such a transaction.

Executive Stock Ownership Guidelines

The Compensation Committee believes that significant stock ownership by certain executive officers is important to align the interests of our named executive officers with those of our stockholders. Under the stock ownership guidelines established in 2013, as updated in 2015, our Chief Executive Officer, Chief Financial Officer and other named executive officers must beneficially own a number of shares of our common stock with an aggregate value, measured as of the later of December 11, 2013 and the date first subject to the stock ownership guidelines, equal to or in excess of a specified multiple of the individual's base salary within five years of adoption of the policy or the date the executive first becomes subject to the stock ownership guidelines, whichever is later, as follows:

for our CEO, five times base salary; and

for our CFO and other named executive officers, one times base salary.

Table of Contents

These multiples were determined in part based upon practices of peer group companies and the Compensation Committee's understanding of competitive market practices.

In 2015, the Compensation Committee updated our stock ownership guidelines to add a retention requirement until the executive achieves his or her targeted stock ownership. Until such time, named executive officers are required to retain fifty percent of any shares received as a result of any stock-based awards granted to them by us, net of any shares sold or netted to pay the exercise price of stock options and withholding taxes. Shares of common stock underlying stock options, shares of restricted stock and unvested stock units do not count toward satisfaction of the ownership requirements under the guidelines.

Policy Prohibiting Hedging

Under our insider trading policy and procedures, our named executive officers are prohibited from hedging Alere stock through short selling or through the purchase or sale of puts, call or options on such stock.

Tax Implications

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1,000,000 to certain of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. We have periodically reviewed the potential consequences of Section 162(m) and on occasion have sought to structure the performance-based portion of our executive compensation to comply with the exemptions available under Section 162(m). We believe that options granted in 2014 under our Option Plans generally qualify as performance-based compensation under Section 162(m). However, not all compensation will so qualify. For example, we do not believe that the RSUs granted to our named executive officers will qualify as performance-based compensation and, accordingly, we may be unable to deduct some or all of the compensation expense associated with any RSUs that vest.

Compensation Committee Report

We, the Compensation Committee, have reviewed and discussed the Compensation Discussion and Analysis beginning on page 6 of this Annual Report with management.

Based on this review and discussion, we recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Annual Report.

THE COMPENSATION COMMITTEE

Stephen P. MacMillan, Chairperson

Håkan Björklund, Member

Carol R. Goldberg, Member

Brian A. Markison, Member

Compensation Committee Interlocks and Insider Participation

During 2014, the members of the Compensation Committee were Mr. MacMillan (Chairperson), Ms. Goldberg, Mr. Björklund, Mr. Markison and Mr. Levy (through September 24, 2014). No member of the Compensation Committee has ever been an officer or employee of ours or any of our subsidiaries. None of our executive officers serves as a director or member of the compensation committee of another entity in a case where an executive officer of such other entity serves as a director of ours or a member of our Compensation Committee.

Table of Contents**Compensation of Executive Officers and Directors**

Set forth below is information regarding the compensation of our named executive officers.

Summary Compensation Table. The following table sets forth information regarding the named executive officers compensation for the fiscal years 2014, 2013 and 2012. For our named executive officers, the amount of salary and bonus represented between 18% and 99% of the named executive officers' total compensation for 2014.

- (1) These amounts represent the aggregate grant date fair value of restricted stock units awarded during 2014, and in the case of Mr. Nawana, in 2012 as well, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation (FASB ASC Topic 718), excluding estimated forfeitures. Under FASB ASC Topic 718, the grant date fair value of each restricted stock unit is equal to the closing price of our common stock on the grant date, or \$39.97 per share for Mr. Nawana's 2014 award, \$18.37 per share for Mr. Nawana's 2012 award, and \$35.45 per share for the other named executive officers' 2014 awards.
- (2) These amounts represent the aggregate grant date fair value of stock option awards made during 2014, 2013 and 2012, respectively, calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. See Note 14 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 for a discussion of the relevant assumptions used in calculating these amounts.
- (3) These amounts represent the amount of cash awards under our 2013 annual incentive plan that vested and were paid during 2014. These awards were payable in two equal annual installments in 2014 and 2015, subject to the recipient's continued employment by us. The aggregate amount of each cash award is equal to the appreciation, if any, of our stock price during 2013 multiplied by the number of shares subject to the performance options granted to the recipient for which the 2013 performance criteria were achieved.
- (4) The amounts in this column include for 2014: (a) matching contributions we made to our defined contribution plans in the amounts of \$3,900, \$6,500, \$5,404, \$6,750 and \$7,766 on behalf of Mr. Nawana, Mr. Pelossof, Ms. Cramp, Mr. Malkani and Mr. Teitel, respectively; and (b) life insurance premiums paid in the amounts of \$540 on behalf of all named executive officers except Mr. Zwanziger, for whom the amount paid was \$315. The amounts in this column include for 2013: (a) a matching contribution we made to our defined contribution plans in the amount of \$7,650 on behalf of Mr. Teitel; and (b) life insurance premiums paid in the amounts of \$540 on behalf of the named executive officers. The amounts in this column include for 2012: (a) a matching contribution we made to our defined contribution plans in the amounts of \$7,500 on behalf of Mr. Teitel; and (b) life insurance premiums paid in the amounts of \$1,080 on behalf of each of Messrs. Zwanziger and Teitel.
- (5) The grant date fair value of these stock options is based on our assessment, as of the grant date, of the probable outcome of applicable performance conditions. Assuming the highest possible level of achievement of the performance conditions, the grant date fair value would have been \$1,807,473 and \$252,690 for Mr. Nawana in 2014 and 2013, respectively; \$286,205 for Mr. Pelossof in 2014; \$286,205 for Ms. Cramp in 2014; \$214,653 for Mr. Malkani in 2014; and \$214,653, \$126,346 and \$74,850 for Mr. Teitel in 2014, 2013 and 2012, respectively.

- (1) The grant dates of the options for the named executive officers are in accordance with our option granting policy. Under this policy, grants of options approved by the Compensation Committee for existing employees shall be effective as of the next applicable Grant Date (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval). Under this policy, Grant Date means the last day of the following months: February, April, June, August, October and December.
- (2) Amounts in these columns represent Cash Awards under our Annual Incentive Process, which were subject to performance conditions set forth in related Stock Option Awards. Under the terms of the Process, the executives were eligible to receive, upon satisfaction of applicable performance conditions and certification by the Compensation Committee, a Cash Award with a maximum value equal to the appreciation in the price of one share of our common stock during 2014 times the number of shares set forth in the table. Any cash value is

payable in two equal installments in March 2015 and March 2016, subject to the executive's continued employment on the date of payment. On February 25, 2015, the Compensation Committee certified the degree to which the performance conditions for the related Stock Option Awards had been satisfied and determined that the Cash Awards should be calculated as follows: Mr. Pelossof on the basis of 5,000 shares with an aggregate value of \$9,000; Ms. Cramp on the basis of 5,000 shares with an aggregate value of \$9,000; Mr. Malkani on the basis of 3,375 shares with an aggregate value of \$6,075; and Mr. Teitel on the basis of 750 shares with an aggregate value of \$1,350. When Mr. Nawana accepted his appointment as our CEO in October 2014, he voluntarily forfeited this award in lieu of other equity compensation. For more information regarding our Annual Incentive Process, including the performance conditions, see Compensation Discussion and Analysis beginning on page 6 of this annual report.

- (3) All restricted stock unit awards were made under our 2010 Stock Option and Incentive Plan and were granted for no consideration. The terms of these awards provide for vesting and release in three equal annual installments, commencing on the first anniversary of the date of grant and conditioned upon the recipient's continued employment with us on the applicable vesting date.
- (4) All stock option awards were made under our 2010 Stock Option and Incentive Plan. The terms of these options provide for vesting in four equal annual installments, commencing on the first anniversary of the date of grant and conditioned upon the recipient's continued employment with us on the applicable vesting date. The options generally expire on the tenth anniversary of the grant date or, if earlier, three months after the recipient's employment terminates.
- (5) The exercise price of the stock option awards is equal to the closing price of our common stock on the applicable Grant Date.

- (6) These amounts represent the aggregate grant date fair value of restricted stock units and stock option awards granted during 2014, calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. See Note 13 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 for a discussion of the relevant assumptions used in calculating these amounts. For stock option awards subject to performance conditions, as described in note (7), the grant date fair value is based on our assessment, as of the grant date, of the probable outcome of applicable performance conditions.
- (7) These amounts represent stock option awards under our Annual Incentive Process, which were subject to performance conditions as well as the vesting conditions described in note (4). On February 25, 2015, the Compensation Committee certified the degree to which the performance conditions had been satisfied and determined that the stock option awards for Mr. Pelossof would be eligible to vest on the basis of 5,000 shares; Ms. Cramp on the basis of 5,000 shares; Mr. Malkani on the basis of 3,375 shares; and Mr. Teitel on the basis of 750 shares. When Mr. Nawana accepted his appointment as our CEO in October 2014, he voluntarily forfeited this award in lieu of other equity compensation. For more information regarding our Annual Incentive Process, including the performance conditions, see Compensation Discussion and Analysis beginning on page 6 of this annual report.

- (1) Options become exercisable in four equal annual installments beginning on the first anniversary of the date of grant.
- (2) Unless otherwise noted, the expiration date of each option occurs ten years after the date of grant of such option.
- (3) The value attributable to the restricted stock units equals the closing price of our common stock as reported by the New York Stock Exchange on December 31, 2014, which was \$38.00, multiplied by the number of unvested units underlying the award.
- (4) This award represents an RSU award granted on December 30, 2012 as an employment inducement award outside our stockholder-approved stock option and incentive plans pursuant to NYSE Rule 303A.08. The vesting of the RSU is as follows: 5,000 RSUs vested one year after the grant date on December 30, 2013, 5,000 RSUs vested two years after the grant date on December 30, 2014, and 100,000 RSUs will vest three years after the grant date on December 30, 2015. If Mr. Nawana's employment is involuntarily terminated without cause within three years of his hiring, his RSUs will accelerate and fully vest. The RSUs will also accelerate and fully vest if Mr. Nawana terminates his employment voluntarily after his first year of employment, other than in the presence of facts or circumstances which would constitute cause for termination by us.
- (5) These awards represent RSUs granted on August 31, 2014 that become exercisable in three equal annual installments beginning on the first anniversary of the date of grant.
- (6) The vesting of these awards is subject to satisfaction of performance conditions; options for which the performance conditions are satisfied will become exercisable in four equal annual installments beginning on the first anniversary date of grant, subject to the executive's continued employment on the date of vesting. On February 25, 2015, the Compensation Committee certified the degree to which the performance conditions had

been satisfied and determined that the stock option awards for Mr. Pelosof would be eligible to vest on the basis of 5,000 shares; Ms. Cramp on the basis of 5,000 shares; Mr. Malkani on the basis of 3,375 shares; and Mr. Teitel on the basis of 750 shares. For information regarding a similar award forfeited by Mr. Nawana in October 2014, see notes (2) and (7) of the Grants of Plan-Based Awards for 2014 table above. For more information regarding our Annual Incentive Process and these awards, including the performance conditions, see Compensation Discussion and Analysis beginning on page 6 of this annual report.

David Teitel	10,000	\$ 104,700		

- (1) Represents the difference between the aggregate exercise price and the aggregate fair market value of the common stock on the date of exercise.
- (2) Represents the closing price of one share of our common stock on the date of vesting multiplied by the number of shares acquired on vesting.

Non-qualified Deferred Compensation Plans. During 2014, our named executive officers did not participate in any non-qualified defined contribution or other non-qualified deferred compensation plans.

Pension Benefits. During 2014, our named executive officers did not participate in any plan that provides for specified retirement benefits, or payments and benefits that will be provided primarily following retirement, other than defined contribution plans, such as our 401(k) savings plan.

Employment Agreement and Potential Payments upon Termination or Change-in-Control. Effective December 30, 2012, we entered into a Restricted Stock Unit Agreement with Mr. Nawana in connection with his appointment as our Chief Operating Officer, pursuant to which we granted to Mr. Nawana 110,000 RSUs, which vest over a period of three years. Under the terms of the Restricted Stock Unit Agreement, if Mr. Nawana's employment is involuntarily terminated, without cause, within three years of the date of grant, or if Mr. Nawana terminates his employment voluntarily after one year, other than in the presence of facts or circumstances which would constitute cause for termination by us, his RSUs will accelerate and fully vest. The Restricted Stock Unit Agreement further provides that all of the RSUs will immediately vest upon a change of control of the Company, as that term is defined in the Restricted Stock Unit Agreement. The table below presents an estimate of the value of acceleration of vesting upon a change of control of Alere, assuming the occurrence of the change of control on December 31, 2014. The value of acceleration upon a termination of employment in either of the scenarios described above, assuming termination of Mr. Nawana's employment on December 31, 2014, would be the same as the value shown in the table below.

In March 2013, we entered into a new at-will employment arrangement with Daniella Cramp in her role as Global President, Cardiometabolic. We agreed that, if we terminate her employment for any reason other than Cause or Disability (each as defined in the letter agreement), we would pay her 12 months of her then-current annualized base

salary (less required taxes and deductions), contingent on her execution of a binding standard separation agreement containing a release of claims. We also agreed to pay her the same separation pay if she voluntarily terminates her employment before March 1,

Table of Contents

2018, subject to the same contingency. The letter agreement provides that payments under it are intended to comply with Section 409A of the Internal Revenue Code of 1986, as amended, and contains provisions for the potential deferral of payments as well as make-whole payments to Ms. Cramp for any penalties and taxes she may incur if we make payments that do not comply with Section 409A. Based on Ms. Cramp's salary in effect on December 31, 2014 and assuming termination of her employment in any of the scenarios described above on December 31, 2014, we estimate that we would pay Ms. Cramp an aggregate of \$548,077, which would be paid bi-weekly in accordance with our regular payroll practices. This amount does not reflect any reduction for taxes and other deductions.

In April 2015, we entered into an arrangement with Sanjay Malkani in his role as Global President, Toxicology in which we confirmed a prior agreement that, if we terminate Mr. Malkani's employment without Cause (as defined in the letter agreement), we will pay him separation pay in an amount equal to 12 months of his then-current annualized base salary (less required taxes and deductions), contingent on his execution of a binding standard separation agreement containing a release of claims. Based on Mr. Malkani's salary in effect on December 31, 2014 and assuming termination of his employment without Cause on December 31, 2014, we estimate that we would pay Mr. Malkani an aggregate of \$650,000, which would be paid bi-weekly in accordance with our regular payroll practices. This amount does not reflect any reduction for taxes and other deductions.

In October 2014, we entered into change-in-control agreements with our named executive officers (other than our former CEO) which provide that if the executive's employment is terminated without cause (as defined in the agreement) or by the executive with good reason (as defined in the agreement) within 12 months following a change of control of Alere (as defined in the agreement), then the executive will be released from all non-competition obligations under any agreement with us and all unvested equity awards held by the executive will immediately vest in full and the executive will be entitled to receive (i) salary continuation for a period of 18 months, calculated at the highest rate in effect for the executive at any time during the 12 months immediately preceding the termination date; (ii) the cash component of any outstanding awards granted to the executive; (iii) continued payment of health insurance premiums (less the active employee cost of such coverage) for a period of 18 months; (iv) three months of outplacement support services; and (v) if any payments to the executive constitute excess parachute payments under Section 280G of the Internal Revenue Code, a gross-up payment such that the net amount received by the executive, after the deduction of applicable taxes, will be equal to the amount that the executive is otherwise entitled to receive under the terms of the agreement.

All of the outstanding stock options and RSUs held by our named executive officers reported above under

Outstanding Equity Awards at Fiscal Year-End (other than certain awards granted to Mr. Nawana) were issued under our Option Plans and all awards are subject to accelerated vesting and exercisability upon a change of control. The table below sets forth the value attributable to such an acceleration of vesting and exercisability of options and an acceleration of vesting of RSUs under the Restricted Stock Unit Agreement.

Name	Value Attributable to Acceleration of Exercisability of Stock Options and Vesting of RSUs Upon a Change of Control(1)	
Namal Nawana	\$	7,901,035
Avi Pelossof	\$	1,533,703
Daniella Cramp	\$	1,602,690
Sanjay Malkani	\$	1,583,774

Ron Zwanziger	\$	
David Teitel	\$	725,402

- (1) Assumes the occurrence of a change of control of the Company on December 31, 2014. The value attributable to the acceleration of in-the-money stock options equals the difference between the applicable option exercise prices and the closing sale price of our common stock as reported by the New York Stock Exchange on December 31, 2014, which was \$38.00, multiplied by the number of shares underlying the options. The value attributable to the acceleration of vesting of RSUs equals the closing sale price of our common stock as reported by the New York Stock Exchange on December 31, 2014, which was \$38.00, multiplied by the number of units underlying the award.

Each of our named executive officers (other than Mr. Zwanziger) would be entitled to the benefits presented in the following table if his or her employment were to be terminated by us without cause (as defined in the change-in-control agreement) or by him or her with good reason (as defined in the change-in-control agreement) within 12 months following a change in control of Alere, assuming the occurrence of a change of control and the termination of employment on December 31, 2014. As noted above, the named executive officers are entitled to the acceleration of vesting of outstanding equity awards immediately upon a change of control without regard to termination of employment. All amounts are estimates based on (i) the named executive officers' salaries in effect during 2014, (ii) the cash component of awards outstanding on December 31, 2014, (iii) health insurance premiums in effect on December 31, 2014, and (iv) the estimated value of three months of outplacement support services as of December 31, 2014. The following table does not reflect (i) any increase in salary after December 31, 2014, (ii) any equity awards granted after December 31, 2014 or (iii) any non-equity incentive compensation plan awards granted after December 31, 2014.

- (1) Salary is payable in accordance with our regular payroll practices for a period of 18 months.
- (2) Represents (i) the amount of cash awards granted under our 2013 annual incentive process that remain unvested as of December 31, 2014 plus (ii) the maximum potential payout with respect to cash awards granted under our 2014 annual incentive process, based on the net increase during 2014 in the price per share of our common stock.
- (3) Each named executive officer is entitled to continued payment of health insurance premiums (less the active employee cost of such coverage) for a period of 18 months.
- (4) In accordance with the terms of the change-in-control agreements, for purposes of estimating the amount of the Section 280G gross-up payment, each named executive officer was assumed to pay federal income taxes in 2014 at the highest marginal rate of federal income taxation in that calendar year and state and local income taxes at the highest marginal rates of taxation in the state and locality of such named executive officer's residence on December 31, 2014, net of the maximum reduction in federal income taxes which could be obtained from the deduction of such state and local taxes.

Risk Related to Compensation Policies

Our compensation policies and practices for our employees, including our executive compensation program described in our Compensation Discussion and Analysis, aim to provide a risk-balanced compensation package which is competitive in our market sectors and relevant to the individual executive. Pursuant to the Annual Incentive Process, we expect to continue to award to certain executives and managers, upon satisfaction of applicable performance conditions and subject to future approval and grant by the Compensation Committee, option and cash awards. Because both the option and cash awards contemplated under this process would vest over several years, we believe that the process discourages short-term risk taking and aligns the interest of our executives and managers with those of our stockholders. We do not believe that risks arising from these practices, or our compensation policies and practices considered as a whole, are reasonably likely to have a material adverse effect on us.

In May 2013, Radford provided the Compensation Committee with an analysis of our non-employee director compensation. After reviewing Radford's analysis, the Compensation Committee determined that the non-employee directors of the Company should continue to receive cash compensation of \$70,000 annually beginning October 31,

Table of Contents

2013, plus additional cash compensation for committee service as described in the table below, payable quarterly in arrears and subject to their continued service on our Board and any applicable committees. Each director was afforded a one-time right to receive, in lieu of all or part of her or his cash compensation through June 30, 2016, stock options of equal value calculated as described below.

Committee Chair (Total Additional Cash Compensation)

Audit	\$ 24,000
Compensation	\$ 18,000
Nominating and Corporate Governance	\$ 18,000

Committee Members other than Chair (Total Additional Cash Compensation)

Audit	\$ 15,000
Compensation	\$ 10,000
Nominating and Corporate Governance	\$ 10,000

In addition to the cash compensation described above, on October 31, 2013, each of the then-serving non-employee directors received stock options to purchase a number of shares of our common stock calculated using a Black-Scholes model based on (i) an assumed aggregate value on the grant date equal to the sum of (a) \$600,000, or \$200,000 annually for the period June 30, 2013 through June 30, 2016 (pro-rated for newly-appointed directors to their appointment date), and (b) the total amount of any cash compensation foregone for that period at the election of the director, as described above, (ii) the closing price of our common stock on the New York Stock Exchange on the date of grant and (iii) management estimates of other Black-Scholes variables, including estimated life and volatility. These options have an exercise price equal to \$33.73 per share, expire ten years after the date of grant and vest in three equal annual installments, beginning June 30, 2014.

On December 31, 2013, Dr. Benjamin received stock options to purchase a number of shares of our common stock calculated using a Black-Scholes model based on (i) an assumed aggregate value on the grant date equal to the sum of (a) \$510,662, equal to \$200,000 annually for the period June 30, 2013 through June 30, 2016 (pro-rated to her appointment date of December 11, 2013), and (b) \$44,643 of cash compensation foregone by Dr. Benjamin, (ii) \$36.20, the closing price of our common stock on the New York Stock Exchange on the date of grant of the stock option, and (iii) management estimates of other Black-Scholes variables, including estimated life and volatility. These options have an exercise price equal to \$36.20 per share, expire ten years after the date of grant and vest in three equal annual installments, beginning June 30, 2014.

Employee directors do not receive compensation for their services as directors.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Director Independence

The Board of Directors has determined that the following directors are independent under the rules of the New York Stock Exchange: Dr. Benjamin, Dr. Björklund, Ms. Goldberg, Mr. Levy, Mr. MacMillan, Mr. Markison, Dr. McKillop, Mr. Powers, Dr. Quelch and Mr. Roosevelt. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each composed solely of directors who satisfy the applicable independence requirements of the New York Stock Exchange's listing standards for such committees.

Policies and Procedures with Respect to Related Party Transactions

Our Audit Committee Charter requires that the Audit Committee, which is composed solely of independent directors, conduct an appropriate review of, and be responsible for the oversight of, all related party transactions on an ongoing basis. We do not have written policies or procedures governing the Audit Committee's review of related party transactions but rely on the Audit Committee's exercise of business judgment in reviewing such transactions.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Our Audit Committee engaged PricewaterhouseCoopers LLP, or PwC, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2014. The selection of PwC was approved by our stockholders at the 2014 annual meeting of stockholders. Our Audit Committee has also engaged PwC to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

Audit Fees

Aggregate audit fees billed by PwC for 2014 were \$8,058,522. Audit fees include fees billed for professional services rendered in connection with PwC's integrated audit of our consolidated annual financial statements and internal control over financial reporting and review of our quarterly financial statements, and audit services normally provided by the principal independent registered public accounting firm in connection with other statutory or regulatory filings. Aggregate audit fees billed by PwC for 2013 were \$6,654,801.

Audit-related Fees

Aggregate audit-related fees billed in 2014 and 2013 by PwC were \$3,836,372 and \$4,094,535, respectively. Audit-related fees for 2014 and 2013 consist of fees billed for professional services rendered by the firm for accounting consultations and services related to potential divestiture transactions.

Tax Fees

Aggregate tax fees billed in 2014 and 2013 for tax-related services performed by PwC were \$112,092 and \$620,431, respectively. Tax fees include fees billed for professional services rendered by PwC for tax compliance, tax advice and tax planning.

All Other Fees

No other fees were billed by PwC for 2014 or 2013.

Pre-approval Policies and Procedures

The Audit Committee pre-approves all audit and non-audit services provided by the independent registered public accounting firm other than permitted non-audit services estimated in good faith by the independent registered public accounting firm and management to entail fees payable of \$25,000 or less on a project-by-project basis and which would also qualify for exemption from the pre-approval requirements of the Securities Exchange Act of 1934, as amended. No services were provided for 2014 or 2013 in reliance on this exemption. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who shall present any services so pre-approved to the full Audit Committee at its next meeting.

3. Exhibits.

Some of the agreements filed as exhibits to this Annual Report on Form 10-K contain representations and warranties that were made solely for the benefit of the parties to the agreement. These representations and warranties:

may have been qualified by disclosures that were made to the other party or parties in connection with the negotiation of the agreements, which disclosures are not necessarily reflected in the agreements;

may apply standards of materiality that differ from those of investors;

may have constituted an allocation of risk and responsibility among the parties rather than statements of fact; and

were made only as of specified dates contained in the agreements and are subject to subsequent developments and changed circumstances.

Table of Contents

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date that these representations and warranties were made or at any other time. Investors should not rely on them as statements of fact.
