EMPLOYEE Q&A

1. What was announced today?

Today we announced that we have entered into a definitive agreement to acquire Pinnacle Foods. This is great news for Conagra Brands.

The combined company will have a portfolio of leading, iconic brands within attractive categories such as frozen foods, snacks and health and wellness, creating new opportunities to partner with customers to meet consumer demand.

2. Who is Pinnacle Foods?

Pinnacle is a leading manufacturer, marketer and distributor of high-quality branded food products.

Pinnacle's highly competitive portfolio of frozen, refrigerated and shelf-stable products includes well-known brands such as Birds Eye, Duncan Hines, Earth Balance, EVOL, Gardein, Glutino, Hungry-Man, Log Cabin, Udi's, Vlasic, and Wish-Bone, along with many others.

In addition to its lineup of iconic brands, Pinnacle shares our passion for developing innovative products, as well as our focus on maintaining a lean and efficient operating structure and close ties with customers.

3. Why did we decide to enter into the agreement to acquire Pinnacle?

As you know, M&A has been a part of our strategy over the past three years. We've completed several modernizing, bolt-on acquisitions. But we've always said that we would be open to a more transformational, synergistic acquisition.

The acquisition of Pinnacle will be a transformational synergistic acquisition for Conagra Brands. The addition of Pinnacle's leading brands in the attractive frozen food and snacks categories, paired with its compelling presence in health and wellness, will create a tremendous opportunity to leverage our proven innovation approach, brand-building capabilities, and strong customer relationships to drive consumption trends throughout the combined portfolio.

4. What is a synergistic acquisition? How is this different than the other modernizing acquisitions we've done before?

As you know, we have made multiple modernizing acquisitions including Frontera, Angie's BOOMCHICKAPOP, Sandwich Bros. and Thanasi. Modernizing acquisitions help bring contemporary products and attributes to our portfolio and tend to be smaller.

Today's acquisition is our first synergistic acquisition as Conagra Brands. Synergistic acquisitions tend to be larger, and provide more opportunities to unlock efficiency for the benefit of customers and consumers.

Importantly, synergistic acquisitions can also take longer to complete. The acquisition of Pinnacle Foods is expected to close by the end of calendar year 2018 and there is a lot of work to be done between now and then.

5. What does today's news mean for current Conagra Brands employees?

This is good news for our employees as a result of this transaction, you will have the opportunity to be a part of a larger organization with an even stronger, growing portfolio of iconic brands.

This transaction is being made possible because of everyone's tireless efforts to transform Conagra Brands into a pure-play, branded food company with a solid platform for future growth.

Thanks to your hard work, we are well-positioned to accelerate the next wave of change with the addition of Pinnacle.

It is important to note that this announcement is just the first step in the process, and we will continue to operate as independent companies until the transaction closes, which we expect will occur by the end of calendar year 2018.

There will be a lot of work in the months ahead, led by integration planning teams with leaders from both companies, to figure out how best to bring our two companies together.

We are committed to updating employees as new information becomes available.
