Notice to the Market

Banco Bradesco S.A. ("Bradesco") hereby informs its shareholders and the market in general that it has executed a nonbinding Memorandum of Understanding with Banco do Brasil S.A. ("BB"), Banco Santander (Brasil) S.A. ("Santander"), Caixa Econômica Federal ("CEF") and Itaú Unibanco S.A. ("Itaú Unibanco"), together, the "Parties", aiming at creating a credit intelligence bureau ("CIB").

CIB will develop a database for the purpose of aggregating, reconciling, and handling registration and credit information, of individuals and legal entities that expressly authorize their inclusion in the database, as required by the applicable rules. Such activities will provide a greater exchange of information on such individuals and legal entities, providing the development and the achievement of greater efficiency in the management of credit, which might facilitate, for participants of the National Financial System and the other companies in the credit market, the granting of credit lines on a medium and long-term perspective.

CIB will be structured as a corporation and its control will be shared among the Parties, each of them will hold 20% of its capital stock. The board of directors of CIB will be composed of members nominated by the Parties and the executives will have exclusive dedication to the business, while preserving the independent management of CIB.

The technical operationalization of CIB will be held in conjunction with the LexisNexis Risk Solutions FL Inc., technical partner selected to develop and implement technological and analytical platform of CIB through service contract.

The completion of the operation is subject to execution of definitive contracts among the Parties, as well as the fulfillment of certain precedent conditions, including the approval of relevant regulatory authorities.

The creation of CIB reaffirms the confidence of the banks in the future of Brazil and in the credit market, creating conditions for a solid and sustainable market.
