#### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements. Forward-looking statements provide our current expectations, or forecasts, of future events. Forward-looking statements include statements about our expectations, beliefs, plans, objectives, intentions, assumptions and other statements that are not historical facts. Words or phrases such as "anticipate," "believe," "continue," "ongoing," "estimate," "expect," "intend," "may," "plan," "predict," "project" or similar words or phrases, or the negatives of those words or phrases, may identify forward-looking statements, but the absence of these words does not necessarily mean that a statement is not forward-looking.

Forward-looking statements are subject to known and unknown risks and uncertainties and are based on potentially inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. Our actual results could differ materially from those anticipated in forward-looking statements for many reasons, including the factors described in Item 1A, "Risk Factors" in Part I of our Annual Report on Form 10-K for our fiscal year ended December 31, 2011. Accordingly, you should not unduly rely on these forward-looking statements, which speak only as of the date of this Quarterly Report. We undertake no obligation to publicly revise any forward-looking statements to reflect circumstances or events after the date of this Quarterly Report, or to reflect the occurrence of unanticipated events. You should, however, review the factors and risks we describe in the reports we will file from time to time with the Securities and Exchange Commission, or SEC, after the date of this Quarterly Report on Form 10-Q.

Forward-looking statements include, but are not limited to, statements about:

- our anticipated future results of operations and operating cash flows;
- our business strategies and investment policies;
- our financing plans and the availability of short- or long-term borrowing, or equity financing;
- our competitive position and the effects of competition on our business;
- potential growth opportunities available to us;
- the recruitment and retention of our employees;
- our expected levels of compensation for our employees;
- our potential operating performance, achievements, efficiency, and cost reduction efforts;
- our expected tax rate;
- changes in interest rates;
- our expectation with respect to the economy, capital markets, the market for asset management services, and other industry trends; and
- the impact of future legislation and regulation, and changes in existing legislation and regulation, on our business.

The reports that we file with the SEC, accessible on the SEC's website at www.sec.gov, identify additional factors that can affect forward-looking statements.
