| None | None |

Securities registered under Section 12(g) of the Act:

Common Stock, \$0.0001 par value

(Title of class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.

Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Indicate by check whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

As of November 30, 2017, the aggregate market value of the voting common stock held by non-affiliates of the registrant, computed by using the average of the high and low price on such date, was \$7,253,460 (\$0.46 per share).

As of August 14, 2018, the issuer had outstanding a total of 28,361,201 shares of its \$0.0001 par value common stock.

PART I.

Item 1. Business.

Organization

Greystone Logistics, Inc. (“Greystone” or the “Company”) was incorporated in Delaware on February 24, 1969, under the name Permaspray Manufacturing Corporation. It subsequently changed its name to Browning Enterprises Inc. in April 1982, to Cabec Energy Corp. in June 1993, to PalWeb Corporation in April 1999 and to Greystone Logistics, Inc. in March 2005, as further described below. In December 1997, Greystone acquired all of the issued and outstanding stock of Plastic Pallet Production, Inc., a Texas corporation (“PPP”), and since that time, Greystone has primarily been engaged in the business of manufacturing and selling plastic pallets.

Effective September 8, 2003, Greystone acquired substantially all of the assets of Greystone Plastics, Inc., an Iowa corporation, through the purchase of such assets by Greystone’s newly formed, wholly-owned subsidiary, Greystone Manufacturing, L.L.C., an Oklahoma limited liability company (“GSM”). Greystone Plastics, Inc. was a manufacturer of plastic pallets used in the beverage industry.

Effective March 18, 2005, Greystone caused its newly formed, wholly owned subsidiary, Greystone Logistics, Inc., an Oklahoma corporation, to be merged with and into Greystone. In connection with such merger and as of the effective time of the merger, Greystone amended its certificate of incorporation by changing its name from PalWeb Corporation to Greystone Logistics, Inc., pursuant to the terms of the certificate of ownership and merger filed by Greystone with the Secretary of State of Oklahoma.

Current Business

Products

Greystone’s primary business is the manufacturing of plastic pallets utilizing recycled plastic and selling the pallets through one of its wholly owned subsidiaries, GSM. Greystone sells its pallets through a network of independent contractor distributors and direct sales by its President and other employees. As of May 31, 2018, Greystone had an

aggregate in-house production capacity of approximately 120,000 pallets per month.

Greystone's product line as of May 31, 2018 consists of the following:

37" X 32" rackable pallet,
40" X 32" rackable pallet,
37" X 37" rackable pallet,
44" X 56" can pallet,
48" X 48" rackable pallet,
48" X 40" rackable pallet,
48" X 44" rackable pallet,
48" X 40" nestable pallet with or without detachable runners,
24" X 40" display pallet,
48" X 40" monoblock (one-piece) pallet,
Half-barrel keg stackable pallet,
Slim keg stackable pallet,
36" X 36" rackable pallet,
48" X 45" monoblock pallet,
48" X 45" drum pallet, and
48" X 40" mid duty pallet.

The principal raw materials used in manufacturing Greystone's plastic pallets are in abundant supply, and some of these materials may be obtained from recycled plastic containers. At the present time, these materials are being purchased from local, national and international suppliers.

Other Business

Greystone processes recycled plastic into pellet form which may be sold or used in Greystone's production of pallets. The sale of pelletized plastic is dependent on Greystone's ability to produce excess capacity and to realize reasonable profit, which is generally based on market conditions. Based on availability of equipment, Greystone also provides tolling services whereby it grinds and pelletizes customer's plastic material for a fee.

Currently, all of the pelletized plastic is used in-house to satisfy Greystone's pallet production. Accordingly, Greystone has curtailed the sale of pelletized plastic and tolling services to third-party customers pending future changes with respect to internal requirements or an increase in grinding and pelletizing capacity.

Pallet Industry

Pallets are devices used for moving and storing freight. A pallet is used as a base for assembling, storing, stacking, handling, and transporting goods as a unit load. A pallet is constructed to facilitate the placement of a lift truck's forks between the levels of a platform so it may be moved easily.

Pallets are used worldwide for the transportation of goods and they are primarily made of wood. An estimated 80-90 percent of all U.S. commerce is carried on pallets which amounts to an estimated 1.9 to 2.0 billion pallets in circulation daily in the United States. The manufacture of wood pallets is estimated to consume more than 45 percent of total U.S. hardwood lumber production. "Pallets move the world," says Dr. Marshall S. "Mark" White, an emeritus professor at Virginia Tech University and director of the William H. Sardo Jr. Pallet and Container Research Laboratory and Center for Packaging and Unit Load Design.

The largest industry users of pallets such as the food, chemical, pharmaceutical, beverage and dairy industries are populated with large public or private entities for which profitable financial performance is paramount. The trend for pallets are expected to expand because of overall pallet demand resulting from growth in the U.S. economy and the current U.S. government administration's efforts to move manufacturing capacity back to the U.S. The operating issues presented by wood pallets have been tolerated to date as there has been no viable alternative in sufficient size for replacement. A report on the market for pallets in North America by Zoe Biller, an industry analyst for Freedonia Group, provided the following on wood and plastic pallets:

Wood: Although not highlighted in her report, Biller estimates that about 60% of wooden pallets are used and about 40% are new. Those percentages could shift in favor of new pallets going forward because the industry has been reporting a shortage of quality used pallets, known as cores, for the last year or so. “The core shortage appears to be real and it is going to be part of what’s going on going forward,” Biller said. “But it should correct itself in the long term as end users buy new pallets that replenish the pool.”

Nearly two years ago, Costco announced that it was going entirely to a block pallet. Biller believes Costco’s decision is a symptom of the overall trend towards block pallets rather than a driver. “Costco is part of a broader trend towards pallets that are easier to use, especially in an automated system or with pallet jacks,” Biller said. Block pallets fit both of those bills. She adds, “There’s also a bigger trend to turn products and processes that aren’t a core business to a third party and pallet management is definitely part of that trend.”

Plastic: The move towards plastic appears to be driven by companies that can control their pallet pools and take advantage of plastics’ longevity as well as “growing sanitation concerns related to wood pallets,” Biller said. “Food safety regulations may have something to do with it going forward.” Asked if she was surprised by any of the results, Biller said she was surprised by how far the pallet market declined during the recession. “A big part of the market advance is the need to bring the number of pallets available for use to required levels,” she said.

According to Bob Trebilcock of Modern Materials Handling Magazine, one important bullet point for pallet users from the Freedonia report’s executive summary was that plastic pallets have seen their strongest advances in percentage terms ever and will continue to record above average growth.

According to Persistence Market Research, **rising demand for alternative pallet types is anticipated to boost the growth of plastic pallets in the global pallets market.**

In a June 2017 article, Persistence Market Research published an article that non-wood pallets are likely to experience a massive increase in demand across the globe. Among these, plastic pallets are expected to be the most attractive option. The major reason behind the increase in popularity of and demand for plastic pallets is due to the ease with which these can be cleaned. In addition, they are made of recycled materials. This is a very attractive benefit for companies working towards becoming more environment friendly. This factor is creating a positive impact on the plastic pallets market.

Another factor which is driving the growth of plastic pallets is the adoption of pallets by new users. The pallet utilization in various regions across the globe is typically low compared to the size of their manufacturing, warehousing, and construction sectors. However, in the coming years, greater numbers of potential pallet users will strive to become more competitive on a global scale by improving operating efficiencies and reducing product damage in shipments through the use of pallets.

The increase in trade volume especially in the Middle East and African regions is also anticipated to fuel the growth of the plastic pallets market. Gulf Cooperation Council countries, located in between the Far East and Europe, can be considered as the gateway to the world's most progressive markets such as India and China. The transport and logistics sector in the Middle East region is showing substantial growth rates with a long-term positive outlook. The plastic pallets market is thus expected to witness significant growth and is a vital link in supply chain and storage.

With a huge incremental opportunity, the global pallets market is projected to grow at more than 5% Compound Annual Growth Rate ("CAGR") during the period of assessment.

During the period 2012 – 2016, the global pallets market expanded at a CAGR of 4.7%. However, during the forecast period – that is between 2017 and 2025 – the market is anticipated to grow at a CAGR of 5.4% owing to increasing demand for better and safe transportation coupled with the rise in demand for pallets from various industries like food, agriculture, chemicals etc. The global pallets market is projected to represent incremental opportunity of more than \$25 billion between 2017 and 2025.

Types of Pallets

The most common size pallet is the 48 x 40" 4-way pallet or otherwise referred to as the GMA (Grocery Manufacturer Association) pallet or sometimes known in the industry as the "GMA Pallet," "The GMA Pallet," "GMA 48 x 40 Pallet," or "GMA Block Pallet." The GMA acts as a commodity in the pallet industry, as price is often determined by availability. As wood pallets move through their life cycle from a new pallet to a used pallet, they are repaired and put back in service until they are sent to a landfill or used as wood compost.

Pallets are the primary interface between the packaged product and today's highly automated material handling equipment. Although pallets are not the most glamorous part of the warehouse, they are important because users have expectations based on specifications and wood pallets lack critical manufacturing details that determine performance. The end user becomes frustrated when these pallets do not perform to expectation. Shipments can be damaged or rejected entirely resulting in significant product and revenue losses. This angst is aggravated when new multi-million-dollar automated systems are in use.

Employees

As of May 31, 2018, Greystone had 220 full-time employees and used a temporary personnel service to provide additional production personnel as needed.

Marketing and Customers

Greystone's primary focus is to provide quality plastic pallets to its existing customers while continuing its marketing efforts to broaden its customer base. Greystone's existing customers are primarily located in the United States and engaged in the beverage, pharmaceutical and other industries. Greystone has generated and plans to continue to generate interest in its pallets by attending trade shows sponsored by industry segments that would benefit from Greystone's products. Greystone hopes to gain wider product acceptance by marketing the concept that the widespread use of plastic pallets could greatly reduce the destruction of trees on a worldwide basis. Greystone sells to customers through contract distributors or by direct contract through its President and other employees.

Greystone derives a substantial portion of its revenue from two customers. These customers accounted for approximately 76% and 71% of total sales in fiscal years 2018 and 2017, respectively. Greystone's recycled plastic pallets are designed to meet the respective customer's needs and are the only pallets approved for use by these customers. There is no assurance that Greystone will retain these customers' business at the same level, or at all. The loss of a material amount of business from these customers could have a material adverse effect on Greystone.

Competition

Greystone's primary competitors are a large number of small, privately held firms that sell wood pallets in very limited geographic locations. Greystone believes that it can compete with manufacturers of wood pallets by emphasizing the cost savings realized over the longer life of its plastic pallets as well as the environmental benefits (principally elimination from landfill and recycling) of its plastic pallets as compared to wood pallets. Greystone also competes with three large and approximately ten small manufacturers of plastic pallets. Some of Greystone's competitors may have substantially greater financial and other resources than Greystone and, therefore, may be able to commit greater resources than Greystone in such areas of product development, manufacturing and marketing. However, Greystone believes that its proprietary designs coupled with the competitive pricing of its products gives Greystone an advantage over other plastic pallet manufacturers.

Government Regulation

Although Greystone recycles approximately 28,000 tons of post-consumer plastic per year which would otherwise be destined for the landfill, business operations of Greystone are subject to existing and potential federal, state and local environmental laws and regulations pertaining to the handling and disposition of wastes (including solid and hazardous wastes) or otherwise relating to the protection of the environment. In addition, both the plastics industry and Greystone are subject to existing and potential federal, state, local and foreign legislation designed to reduce solid wastes by requiring, among other things, plastics to be degradable in landfills, minimum levels of recycled content, various recycling requirements, disposal fees and limits on the use of plastic products.

Patents and Trademarks

Greystone seeks to protect its technical advances by pursuing national and international patent protection for its products and methods when appropriate.

Management Plastic Pallet Summation

During the past two decades both timber prices and landfill fees have increased and have compelled businesses to modify the way pallets are managed. Businesses can evaluate and improve their pallet management systems and reduce associated waste by utilizing recycled plastic pallets.

According to the U.S. Environmental Protection Agency, deforestation is a significant contributor to global carbon dioxide gas emissions. Deforestation leads to CO₂ emissions because the carbon sequestered in trees is emitted into the atmosphere and not counter-balanced by re-growth of new trees. Additionally, estimates are that up to 20 percent of total pallet wood waste ends up in land fill.

Greystone's management believes that the gradual shifting trend from wood to 100 percent recyclable plastic pallets will continue, with the primary limiting factors being a front-end higher price and some regulatory limits to certain applications of pallet use. The savings come in the recyclability and significantly longer life which lowers the cost per trip dramatically. Greystone intends to continue to conduct research on pallet design for strength and coefficient of friction, on the materials used to make the plastic pallets as required to meet market demands and to improve its existing products. Plastic pallets reduce wood waste, are hygienic, weigh less which lowers fuel consumption and transport costs and are fully recyclable.

The principal raw materials used in manufacturing Greystone's plastic pallets are in abundant supply. At the present time, these materials are being purchased from local, national and international suppliers.

Item 1A. Risk Factors.

Not applicable.

Item 1B. Unresolved Staff Comments.

None.

Item 2. Properties.

Greystone leases two buildings for a total of 120,000 square feet of manufacturing and warehouse space. These two buildings located on approximately 3 acres of land in Bettendorf, Iowa are leased from Greystone Real Estate, L.L.C. (“GRE”), a variable interest entity owned by Warren F. Kruger, Greystone’s President, CEO and a director, and Robert B. Rosene, Jr., a director of Greystone. The manufacturing and warehouse space is sufficiently equipped and designed to accommodate the manufacturing of plastic pallets and is also used for grinding, processing and pelletizing recycled plastic.

In addition, Greystone owns three buildings located within a 30 mile radius of its primary location for a total of 97,000 square feet of warehouse space. Two of these buildings are currently used for warehousing inventory. The third building is being renovated to accommodate Greystone’s grinding operations.

Item 3. Legal Proceedings.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II.

Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Market Information

Greystone’s common stock is traded on the OTCQB under the symbol “GLGI.” The following table sets forth the range of high and low per share bid quotations for Greystone’s common stock during the time periods indicated. The source of the foregoing quotations was the Financial Industry Regulatory Composite Feed or other qualified inter dealer quotation medium as provided by OTC Market Group, Inc.:

| Quarter Ended | High | Low |
|---------------|--------|--------|
| Aug. 31, 2016 | \$0.27 | \$0.21 |
| Nov. 30, 2016 | 0.25 | 0.20 |
| Feb. 29, 2017 | 0.23 | 0.20 |
| May 31, 2017 | 0.31 | 0.21 |
| Aug. 31, 2017 | 0.45 | 0.29 |
| Nov. 30, 2017 | 0.50 | 0.40 |
| Feb. 28, 2018 | 0.58 | 0.42 |
| May 31, 2018 | 0.47 | 0.37 |

Quotations reflect inter-dealer prices, without retail mark-up, markdown or commission and may not represent actual transactions.

Holders

As of approximately July 13, 2018, Greystone had approximately 231 common stockholders of record.

Dividends

Greystone paid no cash dividends to its common stockholders during the last two fiscal years and does not plan to pay any cash dividends in the near future. The loan agreement dated January 31, 2014 (the “IBC Loan Agreement”), among Greystone, GSM and International Bank of Commerce (“IBC”) prohibits Greystone from declaring or paying any dividends in respect to its common stock without IBC’s prior written consent. See Note 4 to the consolidated financial statements for additional information. In addition, accrued preferred stock dividends must be paid before a dividend on common stock may be declared or paid, as set forth in the Certificate of Designation, Preferences, Rights and Limitations relating to the preferred stock. See Note 9 to the consolidated financial statements and “Liquidity and Capital Resources” in Item 7 of this Form 10-K for additional information.

Greystone paid dividends on its 2003 preferred stock in the amounts of \$414,110 and \$376,101 in fiscal years 2018 and 2017, respectively.

Item 6. Selected Financial Data.

Not applicable.

Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

Cautionary Statement Regarding Forward-Looking Information

This Annual Report on Form 10-K includes “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements concern Greystone’s plans, expectations and objectives for future operations. All statements, other than statements of historical facts, included in this Form 10-K that address activities, events or developments that Greystone expects, believes or anticipates will or may occur in the future are forward-looking statements. The words “believe,” “plan,” “intend,” “anticipate,” “estimate,” “project” and similar expressions are intended to identify forward-looking statements. These forward-looking statements include, among others, such things as:

expansion and growth of Greystone’s business and operations;

future financial performance;
future acquisitions and developments;
potential sales of products;
future financing activities; and
business strategy.

These forward-looking statements are based on assumptions that Greystone believes are reasonable based on current expectations and projections about future events and industry conditions and trends affecting Greystone's business. However, whether actual results and developments will conform to Greystone's expectations and predictions is subject to a number of risks and uncertainties that could cause actual results to differ materially from those contained in the forward-looking statements, including those factors discussed under the section of this Form 10-K entitled "Risk Factors." In addition, Greystone's historical financial performance is not necessarily indicative of the results that may be expected in the future and Greystone believes that such comparisons cannot be relied upon as indicators of future performance.

Risk Factors

Greystone has attained operating profits and positive cash flows from operating activities but there is no assurance that it will be able to sustain profitability.

Greystone was incorporated on February 24, 1969. Greystone incurred losses from operations from such time through fiscal year 2007. The results of Greystone's operations for the fiscal years after fiscal year 2007 showed an operating profit and positive cash flows from operations with the exception of fiscal year 2011 for which Greystone incurred a loss but had positive operating income and positive cash flows from operations. There is no assurance that Greystone will maintain a positive operating profit or otherwise obtain funds to finance capital and debt service requirements.

Greystone has granted security interests in substantially all of its assets in connection with certain debt financings and other transactions.

In connection with certain debt financings and other transactions, Greystone has granted third parties security interests in substantially all of its assets pursuant to agreements entered into with such third parties. Upon the occurrence of an event of default under such agreements, the secured parties may enforce their rights and Greystone may lose all or a portion of its assets. As a result, Greystone could be forced to materially reduce its business activities or cease operations.

Greystone's business could be affected by changes in availability of raw materials.

Greystone uses a proprietary mix of raw materials to produce its plastic pallets. Such raw materials are generally readily available and some may be obtained from a broad range of recycled plastic suppliers and unprocessed waste plastic. At the present time, these materials are being purchased from local, national and international suppliers. The availability of Greystone's raw materials could change at any time for various reasons. For example, the market demand for Greystone's raw materials could suddenly increase, or the rate at which plastic materials are recycled could decrease, affecting both availability and price. Additionally, the laws and regulations governing the production of plastics and the recycling of plastic containers could change and, as a result, affect the supply of Greystone's raw materials. Any interruption in the supply of raw materials or components could have a material adverse effect on Greystone. Furthermore, certain potential alternative suppliers may have pre-existing exclusive relationships with Greystone's competitors and others that may preclude Greystone from obtaining raw materials from such suppliers.

Greystone's business could be affected by competition and rapid technological change.

Greystone currently faces competition from many companies that produce wooden pallets at prices that are substantially lower than the prices Greystone and other companies that manufacture plastic pallets charge for their plastic pallets. It is anticipated that the plastic pallet industry will be subject to intense competition and rapid technological change. Greystone could potentially face additional competition from recycling and plastics companies, many of which have substantially greater financial and other resources than Greystone and, therefore, are able to spend more than Greystone in areas such as product development, manufacturing and marketing. Competitors may develop products that render Greystone's products or proposed products uneconomical or result in products being commercialized that may be superior to Greystone's products. In addition, alternatives to plastic pallets could be developed, which would have a material adverse effect on Greystone.

Greystone is dependent on a few large customers.

Greystone derives, and expects that in the foreseeable future it will continue to derive, a large portion of its revenue from a few large customers. Two customers currently account for approximately 76% of its total sales in fiscal year 2018 (71% in fiscal year 2017). There is no assurance that Greystone will retain these customers' business at the same level, or at all. The loss of a material amount of business from one of these customers would have a material adverse effect on Greystone.

Greystone may not be able to effectively protect Greystone's patents and proprietary rights.

Greystone relies upon a combination of patents and trade secrets to protect its proprietary technology, rights and know-how. There can be no assurance that such patent rights will not be infringed upon, that Greystone's trade secrets will not otherwise become known to or independently developed by competitors, that non-disclosure agreements will not be breached, or that Greystone would have adequate remedies for any such infringement or breach. Litigation may be necessary to enforce Greystone's proprietary rights or to defend Greystone against third-party claims of infringement. Such litigation could result in substantial cost to, and a diversion of effort by, Greystone and its management and may have a material adverse effect on Greystone. Greystone's success and potential competitive advantage is dependent upon its ability to exploit the technology under these patents. There can be no assurance that Greystone will be able to exploit the technology covered by these patents or that Greystone will be able to do so exclusively.

Greystone's business could be affected by changing or new legislation regarding environmental matters.

Greystone's business is subject to changing federal, state and local environmental laws and regulations pertaining to the discharge of materials into the environment, the handling and disposition of waste (including solid and hazardous waste) or otherwise relating to the protection of the environment. As is the case with manufacturers in general, if a release of hazardous substances occurs on or from Greystone's properties or any associated off-site disposal location, or if contamination from prior activities is discovered at any of Greystone's properties, Greystone may be held liable. No assurances can be given that additional environmental issues will not require future expenditures. In addition, the plastics industry is subject to existing and potential federal, state, local and foreign legislation designed to reduce solid wastes by requiring, among other things, plastics to be degradable in landfills, minimum levels of recycled content, various recycling requirements and disposal fees and limits on the use of plastic products. Also, various consumer and special interest groups have lobbied from time to time for the implementation of these and other such similar measures. Although Greystone believes that the legislation promulgated to date and such initiatives to date have not had a material adverse effect on it, there can be no assurance that any such future legislative or regulatory efforts or future initiatives would not have a material adverse effect.

Greystone's business could be subject to potential product liability claims.

The testing, manufacturing and marketing of Greystone's products and proposed products involve inherent risks related to product liability claims or similar legal theories that may be asserted against Greystone, some of which may cause Greystone to incur significant defense costs. Although Greystone currently maintains product liability insurance coverage that it believes is adequate, there can be no assurance that the coverage limits of its insurance will be adequate under all circumstances or that all such claims will be covered by insurance. In addition, these policies generally must be renewed every year. While Greystone has been able to obtain product liability insurance in the past, there can be no assurance it will be able to obtain such insurance in the future on all of its existing or future products. A successful product liability claim or other judgment against Greystone in excess of its insurance coverage, or the loss of Greystone's product liability insurance coverage could have a material adverse effect upon Greystone.

Greystone currently depends on certain key personnel.

Greystone is dependent on the experience, abilities and continued services of its current management. In particular, Warren Kruger, Greystone's President and CEO, has played a significant role in the development, management and financing of Greystone. The loss or reduction of services of Warren Kruger or any other key employee could have a material adverse effect on Greystone. In addition, there is no assurance that additional managerial assistance will not be required, or that Greystone will be able to attract or retain such personnel.

Greystone's executive officers and directors control a large percentage of Greystone's outstanding common stock and all of Greystone's 2003 preferred stock, which entitles them to certain voting rights, including the right to elect a majority of Greystone's Board of Directors.

Greystone's executive officers and directors (and their affiliates), in the aggregate, own approximately 44.40% of Greystone's outstanding common stock and have approximately 50.25% of the voting power. Therefore, Greystone's executive officers and directors can have significant influence with respect to the outcome of matters submitted to Greystone's shareholders for approval (including the election and removal of directors and any merger, consolidation or sale of all or substantially all of Greystone's assets) and to control Greystone's management and affairs. In addition, two of Greystone's directors (including one who also serves as Greystone's chief executive officer) own all of Greystone's outstanding 2003 preferred stock, with each owning 50%. The terms and conditions of Greystone's 2003 preferred stock provide that such holder has the right to elect a majority of Greystone's Board of Directors. Such concentration of ownership may have the effect of delaying, deferring or preventing a change in control, impeding a merger, consolidation, takeover or other business combination or discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control, which in turn could have an adverse effect on the market price of Greystone's common stock.

Greystone's stock trades in a limited public market and is subject to price volatility. There can be no assurance that an active trading market will develop or be sustained.

There has been a limited public trading market for Greystone's common stock and there can be no assurance that an active trading market will develop or be sustained. The trading price of Greystone's common stock could be subject to significant fluctuations in response to variations in quarterly operating results or even mild expressions of interest on a given day. Accordingly, Greystone's common stock should be expected to experience substantial price changes in short periods of time. Even if Greystone is performing according to its plan and there is no legitimate company-specific financial basis for this volatility, it must still be expected that substantial percentage price swings will occur in Greystone's common stock for the foreseeable future. In addition, the limited market for Greystone's common stock may restrict Greystone's shareholders ability to liquidate their shares.

Greystone does not expect to declare or pay any dividends on its common stock in the foreseeable future.

Greystone has not declared or paid any dividends on its common stock. Greystone currently intends to retain future earnings to fund the development and growth of its business, to repay indebtedness and for general corporate purposes, and, therefore, does not anticipate paying any cash dividends on its common stock in the foreseeable future. Pursuant to the terms and conditions of certain loan documentation with International Bank of Commerce and the terms and conditions of Greystone's 2003 preferred stock, Greystone is restricted in its ability to pay dividends to holders of its common stock.

Greystone's common stock may be subject to secondary trading restrictions related to penny stocks.

Certain transactions involving the purchase or sale of Greystone's common stock may be affected by a Commission rule for "penny stocks" that imposes additional sales practice burdens and requirements upon broker-dealers that purchase or sell such securities. For transactions covered by this penny stock rule, among other things, broker-dealers must make certain disclosures to purchasers prior to the purchase or sale. Consequently, the penny stock rule may impede the ability of broker-dealers to purchase or sell Greystone's common stock for their customers and the ability of persons now owning or subsequently acquiring Greystone's common stock to resell such securities.

Greystone may issue additional equity securities, which would lead to further dilution of Greystone's issued and outstanding stock.

The issuance of additional common stock or securities convertible into common stock would result in further dilution of the ownership interest in Greystone held by existing shareholders. Greystone is authorized to issue, without shareholder approval, 20,700,000 shares of preferred stock, \$0.0001 par value per share, in one or more series, which may give other shareholders dividend, conversion, voting and liquidation rights, among other rights, which may be superior to the rights of holders of Greystone's common stock. In addition, Greystone is authorized to issue, without shareholder approval, over 4,971,638,799 additional shares of its common stock and securities convertible into common stock.

Results of Operations

General

The consolidated financial statements include Greystone and its two wholly-owned subsidiaries, Greystone Manufacturing, L.L.C. (“GSM”), and Plastic Pallet Production, Inc. (“PPP”), and one variable interest entity, Greystone Real Estate, L.L.C. (“GRE”).

Greystone’s primary business is the manufacturing of plastic pallets utilizing recycled plastic and selling the pallets through one of its wholly owned subsidiaries, GSM.

As of May 31, 2018, Greystone had 220 full-time employees and used temporary personnel as needed. Greystone’s in-house production capacity for its injection molding machines capable of producing pallets is about 120,000 plastic pallets per month, or 1,440,000 per year. Production levels generally vary proportionately with sales orders. In addition, Greystone plans to add three additional injection molding machines during fiscal year 2019 which will add production capacity of approximately 42,500 pallets per month, or 510,000 pallets per year.

Year Ended May 31, 2018 Compared to Year Ended May 31, 2017

Sales

Sales were \$48,609,075 for fiscal year 2018 compared to \$40,044,110 for fiscal year 2017 for an increase of \$8,564,965. The increase in pallet sales from fiscal year 2017 to 2018 is principally due to sales to a customer whose business is leasing plastic pallets. Greystone has two major customers who account for approximately 76% of total sales in fiscal year 2018 compared to 71% in fiscal year 2017.

Cost of Sales

Cost of sales was \$41,570,319 (86% of sales) and \$32,573,570 (81% of sales) in fiscal years 2018 and 2017, respectively. Pallets sold to the private pallet leasing company are more labor intensive and generally reflect a higher ratio of cost of sales to sales than most other pallets sold by Greystone. Accordingly, as these pallets sales continue to grow as a percent of total sales, the ratio of cost of sales to sales is directly impacted. Management continues to explore methods to reduce the cost per pallet produced for the leasing company including increased output per machine and robotics to reduce the labor cost.

General, Selling and Administrative Expenses

General, selling and administrative expense was \$3,034,027 for fiscal year 2018 compared to \$3,015,960 for fiscal year 2017 for an increase of \$18,067 or approximately 1%. With the expected growth in pallet production, Greystone anticipates that general, selling and administrative expenses will increase as necessary to support Greystone's operations.

Interest Expense

Interest expense was \$1,373,392 in fiscal year 2018 compared to \$1,212,857 in fiscal year 2017 for an increase of \$160,535. This increase is primarily attributable to an increase in debt related to the acquisition of production equipment in fiscal year 2018 and increases in the prime rate of interest from 4.00% at May 31, 2017 to 4.75% at May 31, 2018.

Provision for Income Taxes

The provision for income taxes was \$772,380 in fiscal year 2018 compared to \$1,011,990 in fiscal year 2017. The effective tax rate differs from federal statutory rates due to net income from GRE which, as a limited liability company, is not taxed at the corporate level, state income taxes and charges which have no tax benefit.

On December 22, 2017, the President signed into legislation The Tax Cuts and Jobs Act (the Act). The Act changes existing U.S. tax law and included numerous provisions that will affect Greystone's business, including income tax

accounting, disclosure and tax compliance. Greystone revalued all deferred tax assets and liabilities as of the date of the Act. The result of this revaluation was an increase in net deferred tax asset in the amount of \$57,000 and a like decrease in the deferred tax portion of the provision for income taxes.

As of May 31, 2018, as well as May 31, 2017, Greystone's management determined that no valuation allowance was considered necessary. Until the NOLs are fully realized for income tax purposes, management will continue to evaluate the extent that a valuation allowance is needed. Factors that management will consider, among others, are continued diversity in Greystone's customer base and stability in its sales volumes.

Based upon a review of its income tax filing positions, Greystone believes that its positions would be sustained upon an audit by the Internal Revenue Service and does not anticipate any adjustments that would result in a material change to its financial position. Therefore, no reserves for uncertain income tax positions have been recorded.

Net Income

Net income was \$1,871,101 in fiscal year 2018 compared to \$2,246,908 in fiscal year 2017 for a decrease of \$375,807 for the reasons discussed above.

Net Income Attributable to Common Stockholders

After deducting preferred dividends and income attributable to non-controlling interests, the net income attributable to common stockholders was \$1,239,678, or \$0.04 per share, in fiscal year 2018 compared to \$1,660,921, or \$0.06 per share, in fiscal year 2017 for the reasons discussed above.

Liquidity and Capital Resources

General

A summary of Greystone's cash flows for the year ended May 31, 2018 is as follows:

Cash provided by operating activities \$8,062,086

| | |
|-----------------------------------|---------------|
| Cash used in investing activities | \$(6,707,210) |
| Cash used in financing activities | \$(1,554,265) |

Long-term debt and capital lease obligations of Greystone as of May 31, 2018 were as follows:

| Total | 1 year | 2-3 years | 4-5 years | Over 5 years |
|--------------|-------------|--------------|-------------|--------------------|
| \$23,145,410 | \$4,484,853 | \$13,135,488 | \$5,525,069 | \$ — |

Greystone had a working capital deficit of \$(3,900,277) at May 31, 2018.

During fiscal year 2018, Greystone incurred new debt of \$2,638,200 principally for the acquisition of an injection molding machine and pallet molds. Additionally, Greystone entered into a new capital lease in the amount of \$2,225,685 to acquire an injection molding machine and pallet mold. The equipment acquired by both the new debt and the capital lease was to increase pallet production for one of its major customers whose business is leasing plastic pallets. Future minimum lease payments on the new capital lease are based on sales of pallets produced by the equipment and projected to be approximately \$548,000 per year.

Greystone's principal long-term debt obligations include a \$3,000,000 revolving line of credit and several term notes with International Bank of Commerce with various maturities and a note payable to Mr. Rosene maturing on January 15, 2020. To provide for the funding to meet Greystone's operating activities and contractual obligations as of May 31, 2018, Greystone will have to continue to produce positive operating results or explore various options including long-term debt and equity financing. However, there is no guarantee that Greystone will continue to create positive operating results or be able to raise sufficient capital to meet these obligations.

As described below, substantially all of the financing that Greystone has received through May 31, 2018, has been provided by loans or through bank loan guarantees from the officers and directors of Greystone. Greystone continues to be dependent upon its officers and directors to provide and/or secure additional financing and there is no assurance that either will do so.

Greystone has 50,000 outstanding shares of cumulative 2003 Preferred Stock for a total of \$5,000,000 with a preferred dividend rate at the prime rate of interest plus 3.25%. Greystone paid the accrued dividends to its preferred stockholders during fiscal years 2018 and 2017 of \$414,110 and \$376,101, respectively, and plans to continue to make preferred stock dividend payments to the holders of its preferred stock as allowed under the terms of the IBC Loan Agreement as discussed herein under the caption "Loans from International Bank of Commerce" which allows for such payments not to exceed \$500,000 per year. Greystone does not anticipate that it will make cash dividend payments to any holders of its common stock unless and until the financial position of Greystone improves through increased revenues, additional financing or otherwise. Further, pursuant to the terms and conditions of certain loan

documentation with International Bank of Commerce, as discussed herein under the caption “Loans from International Bank of Commerce,” and the terms and conditions of Greystone’s 2003 preferred stock, Greystone is restricted in its ability to pay dividends to holders of its common stock.

Transactions with Warren Kruger and Related Entities

Yorktown Management & Financial Services, LLC (“Yorktown”), an entity wholly owned by Mr. Kruger, Greystone’s CEO and President, owns and rents to Greystone (1) grinding equipment used to grind raw materials for Greystone’s pallet production and (2) extruders for pelletizing recycled plastic into pellets for use as raw material in the manufacture of pallets. Greystone compensates Yorktown for the use of equipment as discussed below.

Rental fees. GSM pays weekly rental fees of \$22,500 and \$5,000 to Yorktown for grinding equipment and pelletizing equipment, respectively. Total rental fees of approximately \$1,430,000 were paid in both fiscal years 2018 and 2017.

Yorktown provides office space for Greystone in Tulsa, Oklahoma on a rental basis of \$2,200 per month through December 31, 2016. Effective January 1, 2017, Greystone and Yorktown entered into a five-year lease agreement for expanded office space at the rate to \$4,000 per month.

Acquisitions from Yorktown. On September 1, 2016, Yorktown acquired certain plastic resin pelletizing equipment from TriEnda Holdings, L.L.C. (“TriEnda”). The pelletizing equipment was previously used by Greystone to blend and pelletize plastic resin for TriEnda at a tolling fee per pound processed. During the period from September 1, 2016 through January 31, 2017, Greystone rented this equipment from Yorktown for a total of \$163,204 to process Greystone material. Effective February 1, 2017, Greystone acquired this equipment from Yorktown for \$1,500,076, which included a cash payment of \$30,627 and the assumption of a note payable to First Bank in the amount of \$1,469,713.

Compensation related to Loan Guarantees. Effective September 1, 2016, Greystone's Board of Directors authorized the issuance of warrants to purchase 250,000 shares of Greystone's common stock for \$0.01 per share to Mr. Kruger and a cash payment of \$65,000 as compensation for providing guarantees on Greystone's debt with International Bank of Commerce. The warrants are vested and expire January 10, 2027. The warrants, valued as of the measurement date for approximately \$60,000, and the cash payment was capitalized as debt issue costs to be amortized over the remaining loan term.

Loans from International Bank of Commerce ("IBC")

On January 31, 2014, Greystone and GSM (the "Borrowers") and IBC entered into a Loan Agreement (the "IBC Loan Agreement"), as amended. The IBC Loan Agreement provides for a revolving loan in an aggregate principal amount of up to \$3,000,000 and several term loans primarily to fund acquisition of production equipment, as discussed in Note 4, Long-term Debt, to the consolidated financial statements. These loans are supported by a \$6,500,000 guarantee by Warren Kruger, Greystone's President and CEO, and Robert Rosene, a Greystone board member.

Capital Leases

Greystone and a private pallet leasing company ("Lessor") have entered into a Master Lease Agreement for which two capital leases have been issued for the acquisition of three injection molding machines to increase production of pallets for the Lessor. Generally, lease payments are based on sales to the Lessor. Under the Master Lease Agreement, Lessor has ordered two additional injection molding machines for delivery in fiscal year 2019 to increase pallet production.

Transactions with Robert B. Rosene, Jr.

Loan. Effective December 15, 2005, Greystone entered into an agreement with Robert B. Rosene, Jr., a member of Greystone's Board of Directors, to convert \$2,066,000 of advances into a note payable at 7.5% interest.

Effective June 1, 2016, the note payable to Mr. Rosene was restated (the "Restated Note") whereby the accrued interest as of June 1, 2016 of \$2,475,690 was combined with the outstanding principal of \$2,066,000 resulting in a note payable in the principal amount of \$4,541,690 with an interest rate of 7.5% and a maturity of January 15, 2018, subsequently amended to January 15, 2020. The Restated Note requires the payment of accrued interest to Mr. Rosene. In addition, the Restated Note allows Greystone to make additional payments, at Greystone's discretion, up to

an amount allowed by the IBC Loan Agreement.

Compensation related to Loan Guarantees. Effective September 1, 2016, Greystone's Board of Directors authorized the issuance of warrants to purchase 250,000 shares of Greystone's common stock for \$0.01 per share to Mr. Rosene and a cash payment of \$65,000 as compensation for providing guarantees on Greystone's debt with International Bank of Commerce. The warrants are vested and expire January 10, 2027. The warrants, valued as of the measurement date for approximately \$60,000, and the cash payment was capitalized as debt issue costs to be amortized over the remaining loan term.

Off-Balance Sheet Arrangements

Greystone does not have any off-balance sheet arrangements.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 8. Financial Statements and Supplementary Data.

The consolidated financial statements of Greystone are set forth on pages F-1 through F-20 inclusive, found at the end of this report.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Greystone's CEO and CFO have concluded that the design and operation of Greystone's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Exchange Act) are effective as of May 31, 2018. This conclusion is based on an evaluation conducted under the supervision and participation of Greystone's CEO and CFO along with Greystone's management. Disclosure controls and procedures are those controls and procedures designed to ensure that information required to be disclosed in reports that Greystone files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to Greystone's management, including Greystone's CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

Greystone's management is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Exchange Act Rule 13a-15(f). Under the supervision and with the participation of Greystone's management, including Greystone's CEO and CFO, Greystone evaluated the effectiveness of Greystone's internal control over financial reporting based on the framework in the *Internal Control-Integrated Framework (1992)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Because of inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Changes in Internal Control over Financial Reporting

Greystone had previously reported a material weakness in its internal control over financial reporting resulting from a lack of sufficient resources to perform monitoring of internal controls and the related risk assessments. During the recently completed quarter for the year ended May 31, 2018, Greystone engaged a third-party consultant that completed an evaluation of Greystone's risk assessments and implemented procedures for monitoring compliance and effectiveness of internal controls.

Item 9B. Other Information.

None.

PART III.

Item 10. Directors, Executive Officers and Corporate Governance.

Directors, Executive Officers, Promoters and Control Persons

The following lists the directors and executive officers of Greystone. Directors of Greystone are elected at annual meetings of shareholders unless appointed by the Board of Directors to fill a vacancy upon the resignation or removal of a member or an increase in the number of members of the Board of Directors. Executive officers serve at the pleasure of the Board of Directors.

| Name | Position | Term as Director |
|-----------------------|---|-------------------------|
| | | Expires |
| Warren F. Kruger | President, Chief Executive Officer and Director | 2018 |
| Larry LeBarre | Director | 2018 |
| Robert B. Rosene, Jr. | Director | 2018 |
| William W. Rahhal | Chief Financial Officer | N/A |

Warren F. Kruger, President, Chief Executive Officer and Director

Mr. Warren F. Kruger, Manager/CEO of privately held Yorktown Management & Financial Services, L.L.C., is 62 years old. Yorktown is involved in investment banking, real estate, manufacturing and energy endeavors. Mr. Kruger is the non-executive chairman of the board of directors of Kruger Brown Holdings, LLC, which owns TriEnda Holdings, LLC. and PendaForm, LLC. TriEnda Holdings manufactures plastic pallets utilizing a thermoform process. Because of the different qualities between the pallets manufactured by Greystone and TriEnda, there is no direct competition between the two companies. Mr. Kruger earned a Bachelor of Business Administration degree from the University of Oklahoma, and an Executive M.B.A. from Southern Methodist University. Mr. Kruger has forty years of experience in the financial services industry. In 1980, Mr. Kruger co-founded MCM Group, Ltd., which owned and controlled United Bank Club Association, Inc. until 1996 when the firm was sold to a subsidiary of Cendant Corp. (a former NYSE company). He also owned and operated Century Ice, a manufacturer and distributor of ice products from 1996 to 1997, when Packaged Ice, Inc., acquired Century Ice in an industry rollup.

Mr. Kruger became a director of Greystone on January 4, 2002, served as President and Chief Executive Officer from January 10, 2003 to August 15, 2005 and, most recently, has served as President and Chief Executive Officer from November 18, 2006 to the present.

Mr. Kruger's business experience and knowledge of the day to day operations of Greystone make him well suited to serve on Greystone's Board of Directors.

Mr. Larry J. LeBarre, Director

Mr. LeBarre, age 62, was President and CEO of privately-held Native American Marketing ("Native American") until 2014 when the company was sold to Seminole Energy. Native American was founded by Mr. LeBarre in 2004 as an oil transportation, storage, and marketing business. Mr. LeBarre earned a Bachelor of Business Administration degree from the University of Oklahoma, became a Certified Public Accountant while working for Price Waterhouse & Co. (now PriceWaterhouseCoopers, LLP) and continued his career in the hazardous waste industry and later with Plains Resources. Mr. LeBarre is also actively involved in investment banking, real estate, and oil and gas investments.

Mr. LeBarre became a director of Greystone effective May 5, 2012. Mr. LeBarre's business experience makes him qualified to serve as a member of Greystone's Board of Directors.

Mr. Robert B. Rosene, Jr., Director

Mr. Rosene, age 64, is President of Patriot Auto Group, L.L.C., which owns three auto dealerships in Oklahoma. In addition, Mr. Rosene serves on the Board of Managers for Continuum Energy Services, L.L.C., which owns natural gas gathering and related facilities and crude oil trucking equipment, a company that he co-founded in 1998. Also, Mr. Rosene co-founded Summit Exploration, L.L.C., an oil and gas production company that owns oil and gas production interests in several states. Mr. Rosene has a B.A. with an emphasis in accounting from Oklahoma Baptist University.

Mr. Rosene became a director of Greystone effective June 14, 2004. Mr. Rosene's business experience and longstanding relationship with Greystone make him a good fit as a member of Greystone's Board of Directors.

William W. Rahhal, Chief Financial Officer

Mr. Rahhal, age 77, served as managing partner of Rahhal Henderson Johnson, PLLC, Certified Public Accountants, in Ardmore, Oklahoma, from 1988 to 2010 and retired from the firm effective December 31, 2013. Mr. Rahhal previously served as Greystone's Chief Financial Officer from October 1, 2002 to October 1, 2004 and subsequently served Greystone as an accounting and financial consultant until his appointment as its Chief Financial Officer. Mr. Rahhal earned his B.B.A. from the University of Oklahoma and is a Certified Public Accountant licensed in Oklahoma and Texas. Mr. Rahhal has also previously served as a Senior Manager with Price Waterhouse & Co. (now PriceWaterhouseCoopers, LLP) and as financial manager of a privately-held oil and gas production company and contract drilling company.

Identification of the Audit Committee; Audit Committee Financial Expert

As of May 31, 2018, Greystone had not established an audit committee and the entire board of directors essentially serves as Greystone's audit committee.

Code of Ethics

Effective April 8, 2008, Greystone adopted a Code of Ethics applicable to Greystone's officers and directors, including Greystone's principal executive officer, principal financial officer, principal accounting officer or persons performing similar functions. Greystone undertakes to provide any person without charge, upon request, a copy of such Code of Ethics. Requests may be directed to Greystone Logistics, Inc., 1613 East 15th Street, Tulsa, Oklahoma 74120, or by calling (918) 583-7441.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Greystone's directors, officers and persons who beneficially own more than 10% of any class of Greystone's equity securities registered under Section 12 to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of such registered securities of Greystone. Officers, directors and greater than 10% beneficial owners are required by regulation to furnish to Greystone copies of all Section 16(a) reports they file.

Based solely on review of the copies of such reports furnished to Greystone and any written representations that no other reports were required during fiscal year 2018, to Greystone's knowledge, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% beneficial owners during fiscal year 2018 were complied with on a timely basis.

Item 11. Executive Compensation.

The following table sets forth the compensation paid to named executive officers during the fiscal years ended May 31, 2018, 2017 and 2016:

Summary Compensation Table

| Name and Principal Position | Fiscal Year Ending May 31, | Salary | Bonus | Option Awards | Nonqualified | | Total |
|---|--|-----------|----------|------------------|--------------------------|----------|-----------|
| | | | | | Deferred Compensation | Earnings | |
| Warren F. Kruger, President and Chief Executive Officer | 2018 | \$240,000 | \$8,000 | \$ - | \$ - | \$ - | \$248,000 |
| | 2017 | \$240,000 | \$62,000 | \$- | \$ - | \$ - | \$302,00 |
| | 2016 | \$240,000 | \$2,000 | \$- | \$ - | \$ - | \$242,000 |
| William W. Rahhal, Chief Financial Officer | 2018 | \$130,000 | \$8,000 | \$- | \$ - | \$ - | \$138,000 |
| | 2017 | \$130,000 | \$32,000 | \$- | \$ - | \$ - | \$162,000 |
| | 2016 | \$107,500 | \$2,000 | \$- | \$ - | \$ - | \$109,500 |

The following table provides information with respect to named executive officers concerning outstanding equity awards as of May 31, 2018:

Outstanding Equity Awards at Fiscal Year End

None.

Directors' Compensation

Greystone pays compensation to members of the Board of Directors in the amount of \$7,500 per meeting attended. In fiscal years 2018 and 2017, \$30,000 was paid to each of Messrs. Kruger, Rosene and LeBarre.

Because the Board of Directors consists of three persons of which two are outside directors, the Board has not considered it necessary to create a compensation committee. All of Greystone's directors participate in determining compensation for officers with Mr. Kruger abstaining from any discussions concerning his compensation.

Compensation for Loan Guarantees

Effective September 1, 2016, the Board of Directors awarded each of Messrs. Kruger and Rosene a warrant to purchase 250,000 of Greystone's common stock at an exercise price of \$0.01 per share and a cash payment of \$65,000. The warrants are fully vested and have a life of ten years.

Compensation Program as it Relates to Risk

We have reviewed our compensation policies and practices for both executives and non-executives as they relate to risk and have determined that at this time they are not reasonably likely to have a material adverse effect on us.

Amended and Restated Stock Option Plan

General. Greystone's Amended and Restated Stock Option Plan (the "Stock Plan") is administered by the Board of Directors of Greystone or, if the Board so authorizes, by a committee of the Board of Directors consisting of not less than two members of the Board of Directors. The Stock Plan is presently administered by the entire Board of Directors since no separate committee of the Board has been designated to administer the Stock Plan. Accordingly, many of the references below in this description of the Stock Plan to the Board of Directors could also be construed to be a committee thereof. All managerial and other key employees of Greystone and/or its subsidiaries who hold positions of significant responsibility or whose performance or potential contribution, in the judgment of the Board of Directors, will benefit the future success of Greystone are eligible to receive grants under the Stock Plan. In addition, each director of Greystone who is not an employee of Greystone is eligible to receive certain option grants pursuant to provisions of the Stock Plan. Previously, the Stock Plan was set to expire on May 11, 2011 and the maximum number of shares of common stock in respect of which options could be granted under the Stock Plan was 2,000,000. However, on May 5, 2012, the Board of Directors voted to cause the Stock Plan to be extended for another 10 years and to increase the number of shares of common stock in respect of which options could be granted to 2,500,000. This number is subject to appropriate equitable adjustment in the event of a reorganization, stock split or stock dividend or other similar change affecting Greystone's common stock.

Price and Terms. Each option is evidenced by an agreement between Greystone and the optionee. Unless otherwise determined by the Board of Directors at the time of grant, all options become exercisable at the rate of 25% of the total shares subject to the option on each of the first four anniversary dates of the date of grant, provided that the Board of Directors may, at any time, accelerate the date any outstanding option becomes exercisable. The exercise price for each share placed under option pursuant to the Stock Plan is determined by the Board of Directors but cannot in any event be less than 100% of the fair market value of such share on the date the option was granted.

Effect of Termination or Death. If an optionee's employment with Greystone is terminated for any reason other than death or termination for cause, an option will be exercisable for a period of three months after the date of termination of employment as to all then vested portions of the option. In addition, the Board of Directors may, in its sole discretion, approve acceleration of the vesting of any unvested portions of the option. If an optionee's employment with Greystone is terminated for cause (as defined in the Stock Plan), the option shall terminate as of the date of such termination of employment, and the optionee shall have no further rights to exercise any portion of the option. If an optionee dies while employed by Greystone, any unvested portion of the option as of the date of death shall be vested as of the date of death, and the option shall be exercisable in full by the heirs or legal representatives of the optionee for a period of 12 months following the date of death. In any event, options terminate and are no longer exercisable after 10 years from the date of the grant.

Continued Service as a Director. In the event any optionee who is an employee and also a director of Greystone ceases to be employed by Greystone but continues to serve as a director of Greystone, the Board of Directors may determine that all or a portion of such optionee's options shall not expire three months following the date of employment as described above, but instead shall continue in effect until the earlier of the date the optionee ceases to be a director of Greystone or the date the option otherwise expires according to its stated date of expiration. Termination of any such option in connection with the optionee's termination of service as a director will be on terms similar to those described above in connection with termination of employment.

Grants to Non-Employee Directors. In order to retain, motivate and reward non-employee directors of Greystone, the Stock Plan extends participation to non-employee directors on the terms and conditions described below. The exercise price for options granted to non-employee directors is equal to 100% of the fair market value per share of common stock on the date the option is granted. As with options granted to employees, unless otherwise determined by the Board of Directors at the time of grant, all options granted to non-employee directors become exercisable at the rate of 25% of the total shares subject to the option on each of the first four anniversary dates of the date of grant. The Board of Directors is also entitled at any time to accelerate the date any outstanding option becomes exercisable. If a non-employee director's service on the Board of Directors is terminated for any reason other than death or removal from the Board of Directors for cause, an option will be exercisable for a period of three months after the date of removal from the Board of Directors as to all then vested portions of the option. If a non-employee director is removed from the Board of Directors for cause, the option will terminate as of the date of such removal, and the optionee shall have no further rights to exercise any portion of the option. If a non-employee director optionee dies while serving on the Board of Directors, any unvested portion of the option as of the date of death shall be vested as of the date of death, and the option shall be exercisable in full by the heirs or legal representatives of the optionee for a period of 12 months following the date of death. In any event, options terminate and are no longer exercisable after 10 years from the date of the grant.

Other than as described above, all options granted to non-employee directors are subject to the same terms and conditions generally applicable to options granted to employees under the Stock Plan.

Exercise of Options. The exercise price of options may be paid in cash, by certified check, by tender of stock of Greystone (valued at fair market value on the date immediately preceding the date of exercise), by surrender of a portion of the option, or by a combination of such means of payment. The prior consent of the Board of Directors is required in connection with the payment of the exercise price of options by tender of shares or surrender of a portion of the option, except that the consent of the Board of Directors is not required if the exercise price is paid by surrender of shares that have been owned by the optionee for more than six months prior to the date of exercise of the option or by a combination of cash and shares that have been owned for more than six months.

Effect of Certain Corporate Transactions. In the event of any change in capitalization affecting the common stock of Greystone, such as a stock dividend, stock split, recapitalization, merger, consolidation, split-up, combination or exchange of shares or other form of reorganization, liquidation, or any other change affecting the common stock, proportionate adjustments will be made with respect to the aggregate number and type of securities for which options may be granted under the Stock Plan, the number and type of securities covered by each outstanding option, and the exercise price of outstanding options so that optionees will be entitled upon exercise of options to receive the same number and kind of stock, securities, cash, property or other consideration that the optionee would have received in connection with the change in capitalization if such option had been exercised immediately preceding such change in capitalization. The Board of Directors may also make such adjustments in the number of shares covered by, and the price or other value of any outstanding options in the event of a spin-off or other distribution, other than normal cash dividends, of company assets to shareholders. In addition, unless the Board of Directors expressly determines otherwise, in the event of a Change in Control (as defined in the Stock Plan) of Greystone, all outstanding options will become immediately and fully exercisable and optionees will be entitled to surrender, within 60 days following the

Change in Control, unexercised options or portions of options in return for a cash payment equal to the difference between the aggregate exercise price of the surrendered options and the fair market value of the shares of common stock underlying the surrendered options.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

Securities Authorized for Issuance under Equity Compensation Plans

As of May 31, 2018, Greystone had one equity incentive plan under which equity securities have been authorized for issuance to Greystone’s directors, officers, employees and other persons who perform substantial services for or on behalf of Greystone. The following table provides certain information relating to such stock option plan during the year ended May 31, 2018:

Equity Compensation Plan Information

| | (a) | (b) | (c) |
|--|--|--|--|
| | Number of securities to be issued upon exercise of outstanding options, warrants and rights | Weighted-average exercise price of outstanding options, warrants and rights | Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) |
| Plan Category | | | |
| Equity compensation plans approved by security holders | 200,000 | \$ 0.12 | -0- |

Security Ownership of Certain Beneficial Owners and Management

As of May 31, 2018, Greystone had 28,361,201 shares of its common stock and 50,000 shares of its 2003 preferred stock outstanding. Each share of the 2003 preferred stock is convertible into approximately 66.67 shares of Greystone's common stock.

The following table sets forth certain information regarding the shares of Greystone's common stock beneficially owned as of May 31, 2018, by (i) each person known by Greystone to own beneficially 5% or more of Greystone's outstanding common stock, (ii) each of Greystone's directors and named officers, and (iii) all of Greystone's directors and named officers as a group:

| Name and Address of Beneficial Owner | Shares of Common Stock Beneficially Owned ⁽¹⁾ | Percent of Class ⁽²⁾ | Shares of Senior Preferred Stock Beneficially Owned ⁽³⁾ | Percent of Class | Voting Shares Beneficially Owned ⁽⁴⁾ | Percent of Total Voting Power |
|---|--|---------------------------------|--|------------------|---|-------------------------------|
| Warren F. Kruger Chairman, President and CEO 1613 East 15th Street Tulsa, OK 74120 | 10,443,842 ⁽⁵⁾ | 34.49 % | 25,000 | 50.00 % | 10,193,842 | 32.16 % |

|---|----------------------------|---------|--------|---------|------------|---------|

The number of shares beneficially owned by each holder is calculated in accordance with the rules of the Commission, which provide that each holder shall be deemed to be a beneficial owner of a security if that holder has the right to acquire beneficial ownership of the security within 60 days through options, warrants or the conversion of another security; provided, however, if such holder acquires any such rights in connection with or as (1) a participant in any transaction with the effect of changing or influencing control of the issuer, then immediately upon such acquisition, the holder will be deemed to be the beneficial owner of the securities. The number the shares of common stock beneficially owned by each holder includes common stock directly owned by such holder and the number of shares of common stock such holder has the right to acquire upon the conversion of the Senior Preferred Stock and/or upon the exercise of certain options or warrants.

- (2) The percentage ownership for each holder is calculated in accordance with the rules of the Commission, which provide that any shares a holder is deemed to beneficially own by virtue of having a right to acquire shares upon the conversion of warrants, options or other rights, or upon the conversion of preferred stock or other rights are considered outstanding solely for purposes of calculating such holder's percentage ownership.

- (3) Each share of Senior Preferred Stock is convertible into approximately 66 2/3 shares of Greystone's common stock. Therefore, Mr. Kruger's 25,000 shares of Senior Preferred Stock are convertible into 1,666,666.66 shares of our common stock and Mr. Rosene's 25,000 shares of Senior Preferred Stock are convertible into 1,666,666.66 shares of our common stock.

- (4) Total "Voting Shares" is defined as the number of shares of common stock outstanding, each share of which receives one vote, plus the 3,333,333.32 votes afforded to the holders of our Senior Preferred Stock, or 31,694,534.32 Voting Shares total. The number of Voting Shares reported by each reporting person above represents the number of shares of common stock beneficially owned by such reporting person plus the number of votes afforded to such reporting person as a holder of shares of Senior Preferred Stock, as applicable.

- (5) The total includes: (i) 8,501,376 shares of common stock beneficially owned directly by Mr. Kruger; (ii) 19,000 shares held of record by Yorktown; (iii) 6,800 shares of common stock that Mr. Kruger holds as custodian for minor children; (iv) 250,000 shares of common stock that Mr. Kruger may acquire through the exercise of a warrant; and (v) 1,666,666 shares that Mr. Kruger has the right to acquire upon conversion of the Senior Preferred Stock.

- (6) The total includes: (i) 255,000 shares of common stock beneficially owned directly by Mr. Rahhal; and (ii) 52,883 shares of common stock which Mr. Rahhal owns as a joint tenant.

- (7) The total includes: (i) 3,219,051 shares of common stock beneficially owned directly by Mr. Rosene; 250,000 shares of common stock that Mr. Rosene may acquire through the exercise of a warrant; and (ii) 1,666,666 shares that Mr. Rosene has the right to acquire upon conversion of the Senior Preferred Stock.

- (8) The total includes 538,703 shares of common stock beneficially owned directly by Mr. LeBarre.

- (9) The total includes: (i) 1,767,029 shares of common stock beneficially owned directly by Mr. Pritchard (ii) 9,000 shares of common stock that Mr. Pritchard holds as custodian for a minor child and (iii) 35,103 shares held of record by Maritch Services, Inc.

- (10) The director and officer group includes each reporting person in the above table other than Mr. Pritchard. The total includes: (i) 12,574,203 shares of common stock; (ii) 250,000 shares of common stock that Mr. Kruger has the right to acquire by exercising a warrant; (iii) 250,000 shares of common stock that Mr. Rosene has the right to acquire by exercising a warrant; (v) 1,666,666 shares of common stock that Mr. Kruger has the right to acquire upon conversion of the Senior Preferred Stock; and (vi) 1,666,666 shares of common stock that Mr. Rosene has the right to acquire upon conversion of the Senior Preferred.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Transactions with Related Persons

General

For information regarding loans from or to Warren Kruger, see “Transactions with Warren Kruger and Related Entities” under the heading “Liquidity and Capital Resources” in Item 7 of this Form10-K.

For information regarding an advance from Robert Rosene, see “Advances and Loans from Robert Rosene” under the heading “Liquidity and Capital Resources” in Item 7 of this Form10-K.

For information regarding the loan from IBC and Messrs. Kruger’s and Rosene’s relationship thereto, see “Loan from International Bank of Commerce (“IBC”) in Item 7 of this Form 10-K.

Transactions with TriEnda Holdings, L.L.C.

TriEnda Holdings, L.L.C. (“TriEnda”) is a manufacturer of plastic pallets, protective packaging and dunnage utilizing thermoform processing of which Warren F. Kruger, Greystone’s President and CEO, is the non-executive chairman of the board of directors of Kruger Brown Holdings, LLC (“KBH”), which owns a majority interest in TriEnda. Mr. Kruger’s net interest through KBH is not a majority ownership interest in TriEnda. Greystone charged a tolling fee to TriEnda for blending and pelletizing plastic resin using TriEnda’s equipment and raw materials. Revenue from TriEnda totaled \$531,487 in fiscal year 2017. Effective March 1, 2017, services to TriEnda were discontinued.

Greystone purchases certain pallet designs from TriEnda for resale. During fiscal year 2018, Greystone purchases from TriEnda totaled \$68,302.

Transactions with Green Plastic Pallets

Green Plastic Pallets (“Green”) is an entity owned by James Kruger, a brother to Warren Kruger, Greystone’s President and CEO. Green purchased pallets from Greystone totaling \$421,965 and \$312,130 in fiscal years 2018 and 2017, respectively. At May 31, 2018, Green owed \$55,080 to Greystone.

Other Transactions

Greystone leases two buildings located in Bettendorf, Iowa, from which it conducts its manufacturing operations, from Greystone Real Estate, L.L.C., a variable interest entity which is owned by Robert B. Rosene, Jr., a member of Greystone’s board of director, and Warren Kruger, Greystone’s President and CEO and a member of Greystone’s Board of Directors. Rental payments are \$40,266 per month for both buildings.

Director Independence

Greystone has determined that Messrs. LeBarre and Rosene are “independent” within the meaning of Rule 5605(a)(2) of the NASDAQ listing standards. Because of the small size of Greystone’s Board of Directors, it has not established any committees. Rather, the entire Board acts as, and performs the same functions as, the audit committee, compensation committee and nominating committee. Mr. Kruger is not considered “independent” within the meaning of Rule 5605(a)(2) of the NASDAQ listing standards.

Item 14. Principal Accounting Fees and Services.

The following is a summary of the fees billed to Greystone by HoganTaylor LLP, Greystone’s independent registered public accounting firm, for professional services rendered for the fiscal years ended May 31, 2018 and May 31, 2017:

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10-K

| Fee Category | Fiscal 2018 Fees | Fiscal 2017 Fees |
|--------------------|------------------------|------------------------|
| Audit Fees(1) | \$168,000 | \$168,000 |
| Audit-Related Fees | 0 | 0 |
| Tax Fees | 0 | 0 |
| All Other Fees | 0 | 0 |
| Total Fees | \$168,000 | \$168,000 |

(1) Audit Fees consist of aggregate fees billed for professional services rendered for the audit of Greystone's annual consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports or services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements during the fiscal years ended May 31, 2018 and May 31, 2017, respectively.

The entire Board of Directors of Greystone is responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm and approves in advance any services to be performed by the independent registered public accounting firm, whether audit-related or not. The entire Board of Directors reviews each proposed engagement to determine whether the provision of services is compatible with maintaining the independence of the independent registered public accounting firm. All of the fees shown above were pre-approved by the entire Board of Directors.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Greystone Logistics, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Greystone Logistics, Inc. and its subsidiaries (the Company) as of May 31, 2018 and 2017, and the related consolidated statements of income, changes in equity and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of May 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also

included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ HoganTaylor LLP

We have served as the Company's auditor since 2007.

Greystone Logistics, Inc.

Notes to Consolidated Financial Statements

May 31, 2018 and 2017

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Greystone Logistics, Inc. (“Greystone”), through its two wholly-owned subsidiaries, Greystone Manufacturing, LLC (“GSM”) and Plastic Pallet Production, Inc. (“PPP”), is engaged in the manufacture and marketing of plastic pallets, and pelletized recycled plastic resin.

Principles of Consolidation

The consolidated financial statements include the accounts of Greystone, its subsidiaries and entities required to be consolidated by the accounting guidance for variable interest entities (“VIE”). All material intercompany accounts and transactions have been eliminated.

Greystone consolidates its VIE, Greystone Real Estate, L.L.C. (“GRE”), which owns the manufacturing facilities which are occupied by Greystone. GRE is owned by Warren F. Kruger, President and CEO, and Robert B. Rosene, Jr., a member of Greystone’s Board of Directors.

Use of Estimates

The preparation of Greystone’s financial statements in conformity with accounting principles generally accepted in the United States of America requires Greystone’s management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ materially from those estimates.

Accounts Receivable and Allowance for Doubtful Accounts

Greystone carries its accounts receivable at their face value less an allowance for doubtful accounts. On a periodic basis, Greystone evaluates its accounts receivable and establishes an allowance for doubtful accounts based on a combination of specific customer circumstances, credit conditions and history of collections. Based on periodic reviews of outstanding accounts receivable, Greystone writes off balances deemed to be uncollectible against the allowance for doubtful accounts.

Inventory

Inventory consists of finished pallets and raw materials which are stated at the lower of average cost or net realizable value.

Property, Plant and Equipment

Greystone's property, plant and equipment is stated at cost. Depreciation expense is computed using the straight-line method over the estimated useful lives, as follows:

| | |
|------------------------------------|------------|
| Plant buildings | 39 years |
| Production machinery and equipment | 5-12 years |
| Leasehold improvements | 5-7 years |
| Furniture & fixtures | 3-5 years |

Upon sale, retirement or other disposal, the related costs and accumulated depreciation of items of property, plant or equipment are removed from the related accounts and any gain or loss is recognized. When events or changes in circumstances indicate that assets may be impaired, an evaluation is performed comparing the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount. If the asset's carrying amount exceeds the cash flows, a write-down to fair value is required.

Debt Issuance Costs

The Company capitalizes debt issuance costs as incurred and amortizes such costs on a straight-line basis across the term of the debt. Debt issuance costs are fully amortized when the debt is repaid or refinanced.

Stock Options

The grant-date fair value of stock options and other equity-based compensation issued to employees is amortized on the straight-line basis over the vesting period of the award as compensation cost. The fair value of new option grants is estimated using the Black-Scholes option pricing model. The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility, dividend yields and expected holding periods.

Recognition of Revenues

Greystone's sales agreements to customers, other than one of its primary customers, generally provide for risk of loss to pass to the customers upon shipment from Greystone's plant in Bettendorf, Iowa. Revenue is recognized for these customers at the date of shipment.

Greystone's agreement with one of its major customers provides that (1) risk of loss or damages for product in transit remain with Greystone and (2) the product is subject to approval and acceptance at the buyer's premises. Accordingly, Greystone recognizes revenue when product has been delivered to the customer's sites and risk of loss has passed to the customer.

For sales to all customers, cost of goods sold is recognized when the related revenue is recognized.

Income Taxes

Greystone accounts for income taxes under the liability method, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the consolidated financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the consolidated financial statements and tax bases of assets and liabilities and tax loss carryforwards using enacted tax rates in effect for the year in which the differences are expected to reverse.

Earnings Per Share

Basic earnings per share is computed by dividing the earnings available to common stockholders by the weighted average number of common shares outstanding for the year. In arriving at income available to common stockholders, preferred stock dividends are deducted from net income for the year.

Greystone's Series 2003 preferred stock, which is convertible into 3,333,333 shares of common stock, was not included in the computation of diluted earnings per share for the fiscal years 2018 and 2017 as the effect would have been antidilutive.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, “*Revenue from Contracts with Customers*” (“ASU 2014-09”) which creates a comprehensive set of guidelines for the recognition of revenue under the principle: “Recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.” The requirements of ASU 2014-09 will require either retrospective application to each prior period presented or retrospective application with the cumulative effect of initially applying the standard recognized at the date of adoption. On July 9, 2015, FASB voted to approve a one-year deferral of the effective date such that the effective date for Greystone’s interim and annual periods begins June 1, 2018.

Management has reviewed the requirements of ASU 2014-09 with its current policies and procedures surrounding revenue recognition. The recognition of revenue under ASU 2014-09 will not materially change from prior years; however, procedures have been implemented for reviewing sales agreements for compliance with ASU 2014-09. Additionally, Greystone will adopt ASU 2014-09 on a retrospective basis as the adoption does not require any changes to Greystone’s consolidated financial statements for fiscal year 2017.

In February 2016, the FASB issued Accounting Standards 2016-02, *Leases (Topic 842)*, which is intended to improve financial reporting about leasing transactions. The ASU will require organizations (“lessees”) that lease assets with lease terms of more than twelve months to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases. Organizations that own the assets leased by lessees (“lessors”) will remain largely unchanged from current GAAP. In addition, the ASU will require disclosures to help investors and other financial statement users better understand the amount, timing and uncertainty of cash flows arising from leases. The effective date of this ASU is for fiscal years beginning after December 31, 2018 and interim periods within that year. Management has reviewed Greystone’s leases and determined that the implementation of ASU 2016-02 will not have a material impact on the consolidated financial statements.

Note 2. INVENTORY

Inventory consists of the following as of May 31:

| | 2018 | 2017 |
|------------------|-----------|-----------|
| Raw materials | \$864,339 | \$669,083 |
| Finished pallets | 2,224,928 | 918,469 |

Total Inventory \$3,089,267 \$1,587,552

Note 3. PROPERTY, PLANT AND EQUIPMENT

A summary of the property, plant and equipment for Greystone is as follows, as of May 31:

| | 2018 | 2017 |
|------------------------------------|--------------|--------------|
| Production machinery and equipment | \$35,270,326 | \$27,493,614 |
| Plant buildings and land | 5,739,491 | 5,296,784 |
| Leasehold improvements | 534,637 | 263,710 |
| Furniture and fixtures | 396,882 | 392,371 |
| | 41,941,336 | 33,446,479 |
| Less: Accumulated depreciation | (16,587,460) | (13,739,697) |
| Net Property, Plant and Equipment | \$25,353,876 | \$19,706,782 |

F-9

Property, plant and equipment includes items which had not been placed into service as of May 31, 2018, as follows:

| | |
|------------------------------------|-------------|
| Production machinery and equipment | \$1,014,955 |
| Plant buildings | \$345,807 |
| Leasehold improvements | \$119,427 |

Two plant buildings and land located in Bettendorf, Iowa are owned by GRE, a variable interest entity, and have a net book value of \$3,012,421 at May 31, 2018.

Depreciation expense for the years ended May 31, 2018 and 2017 is \$3,549,065 and \$2,658,501, respectively.

Note 4. LONG-TERM DEBT

Long-term debt consists of the following as of May 31:

| | 2018 | 2017 |
|--|-------------|-------------|
| Term loan A payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.0%, maturing April 30, 2023 | \$3,945,443 | \$4,626,191 |
| Term loan B payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.0%, maturing January 7, 2019 | - | 1,715,132 |
| Term loan C payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.0%, maturing August 4, 2020 | 1,613,445 | - |
| Term loan D payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.75%, maturing January 10, 2022 | 2,314,935 | - |
| Term loan E payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.75%, maturing January 10, 2022 | 843,200 | - |
| Revolving loan payable to International Bank of Commerce, prime rate of interest plus 0.5% but not less than 4.75%, due January 31, 2020 | 1,879,000 | 2,260,000 |
| Term loan payable by GRE to International Bank of Commerce, interest rate of 4.5%, monthly principal and interest payments of \$26,215, due April 30, 2023 | 2,652,428 | 2,841,285 |

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10-K

| | | |
|--|---------------|---------------|
| Note payable to Robert Rosene, 7.5% interest, due January 15, 2020 | 4,469,355 | 4,469,355 |
| Note payable to First Bank, prime rate of interest plus 1.45% but not less than 4.95%, monthly principal and interest payment of \$30,628, due August 21, 2021 | 1,099,447 | 1,396,448 |
| Note payable to Yorktown Management & Financial Services, LLC, 5.0% interest, due February 28, 2019, monthly principal and interest payments of \$20,629 | 181,850 | 413,969 |
| Other | 252,493 | 310,036 |
| Face value of long-term debt | 19,251,596 | 18,032,416 |
| Less: Debt issue costs, net of amortization | (91,370) | (228,426) |
| | 19,160,226 | 17,803,990 |
| Less: Current portion | (2,324,046) | (2,493,236) |
| Long-term debt | \$ 16,836,180 | \$ 15,310,754 |

The prime rate of interest as of May 31, 2018 was 4.75%. Effective June 15, 2018, the prime rate of interest increased to 5.00%.

Loan Agreement between Greystone and International Bank of Commerce (“IBC”)

On January 31, 2014, Greystone and GSM (the “Borrowers”) and International Bank of Commerce (“IBC”) entered into a Loan Agreement (the “IBC Loan Agreement”). The IBC Loan Agreement, as amended, provides for certain term loans and a revolver loan.

Effective January 10, 2018, the Borrowers and IBC entered into the Fifth Amendment to the IBC Loan Agreement providing (i) a conversion of the existing revolver loan with an outstanding balance of \$2,500,000 into Term Loan D with a maturity date of January 10, 2022, (ii) an advancing Term Loan E of \$1,000,000 with a maturity date of January 10, 2022 for the procurement of production equipment, and (iii) an amended and modified revolving loan of \$3,000,000 with a maturity date of January 31, 2020. The three notes bear interest at the greater of the prime rate of interest plus 0.5%, or 4.75%. At May 31, 2018, IBC had advanced \$843,200 against Term Loan E.

Effective August 4, 2017, the Borrowers and IBC entered into the Fourth Amendment to the IBC Loan Agreement providing for Term Loan C in the amount of \$1,795,000 for the purchase of certain production equipment. Term Loan C bears interest at the greater of prime plus 0.5%, or 4.00% and matures August 4, 2020.

The IBC term loans make equal monthly payments of principal and interest in such amounts sufficient to amortize the principal balance of (i) Term Loan A over a seven-year period beginning January 31, 2016 (currently \$74,455 per month), (ii) Term Loan C over a seven-year period beginning August 31, 2017 (currently \$25,205 per month) and (iii) Term Loan D over a four-year period beginning August 4, 2020 (currently \$57,469 per month). Term Loan E requires monthly interest payments until January 10, 2019, after which monthly payments of principal and interest are required in an amount sufficient to amortize the loan over a four-year period. The monthly payments of principal and interest on the IBC term loans may vary as a result of changes in the prime rate of interest.

The IBC Loan Agreement, as amended, provides a revolving loan in an aggregate principal amount of up to \$3,000,000 (the “Revolving Loan”). The exact amount which can be borrowed under the Revolving Loan from time to time is dependent upon the amount of the borrowing base, but can in no event exceed \$3,000,000. The Revolving Loan bears interest at greater of the prime rate of interest plus 0.5%, or 4.75% and matures January 31, 2020. The Borrowers are required to pay all interest accrued on the outstanding principal balance of the Revolving Loan on a monthly basis. Any principal on the Revolving Loan that is prepaid by the Borrowers does not reduce the original amount available to the Borrowers.

The IBC Loan Agreement includes customary representations and warranties and affirmative and negative covenants which include (i) requiring the Borrowers to maintain a debt service coverage ratio of 1:25 to 1:00 and a funded debt to EBIDA ratio not exceeding 3:00 to 1:00, (ii) subject to certain exceptions, limiting the Borrowers’ combined capital expenditures on fixed assets to \$1,500,000 per year, (iii) prohibiting Greystone, without IBC’s prior written consent, from declaring or paying any dividends, redemptions of stock or membership interests, distributions and withdrawals (as applicable) in respect of its capital stock or any other equity interest, other than additional payments to holders of its preferred stock in an amount not to exceed \$500,000 in any fiscal year, (iv) subject to certain exceptions, prohibiting the incurrence of additional indebtedness by the Borrowers, and (v) requiring the Borrowers to prevent (A) any change in capital ownership such that there is a material change in the direct or indirect ownership of (1) Greystone’s outstanding preferred stock, and (2) any equity interest in GSM, or (B) Warren Kruger from ceasing to be actively involved in the management of Greystone as President and/or Chief Executive Officer. The foregoing list of covenants is not exhaustive and there are several other covenants contained in the IBC Loan Agreement.

As of May 31, 2018, Greystone was not in compliance to maintain the debt service coverage ratio required by the IBC Loan Agreement. IBC issued a waiver, dated August 27, 2018, to Greystone for failure to maintain the debt service coverage ratio at May 31, 2018.

The IBC Loan Agreement includes customary events of default, including events of default relating to non-payment of principal and other amounts owing under the IBC Loan Agreement from time to time, inaccuracy of representations, violation of covenants, defaults under other agreements, bankruptcy and similar events, the death of a guarantor, certain material adverse changes relating to a Borrower or guarantor, certain judgments or awards against a Borrower, or government action affecting a Borrower’s or guarantor’s ability to perform under the IBC Loan Agreement or the related loan documents. Among other things, a default under the IBC Loan Agreement would permit IBC to cease lending funds under the IBC Loan Agreement, and require immediate repayment of any outstanding loans with interest and any unpaid accrued fees.

The IBC Loan Agreement is secured by a lien on substantially all of the assets of the Borrowers. In addition, the IBC Loan Agreement is secured by a mortgage granted by GRE on the real property owned by GRE in Bettendorf, Iowa (the “Mortgage”). GRE is owned by Warren F. Kruger, Greystone’s President and CEO, and Robert B. Rosene, Jr., a director of Greystone. Messrs. Kruger and Rosene have provided a combined limited guaranty of the Borrowers’ obligations under the IBC Loan Agreement, with such guaranty being limited to a combined amount of \$6,500,000

(the “Guaranty”). The Mortgage and the Guaranty also secure or guaranty, as applicable, the obligations of GRE under the Loan Agreement between GRE and IBC dated January 31, 2014 as discussed in the following paragraph.

F-12

Loan Agreement between GRE and IBC

On January 31, 2014, GRE and IBC entered into a Loan Agreement (Real Estate Term Loan) (“GRE Loan Agreement”) which provided for a mortgage loan to GRE of \$3,412,500. The loan provides for a 4.5% interest rate and a maturity of January 31, 2019 and is secured by a mortgage on the two buildings in Bettendorf, Iowa which are leased to Greystone. As discussed in Note 16, Subsequent Event, GRE and IBC entered into the First Amendment to the GRE Loan Agreement providing for an extension of the maturity date of the loan to April 30, 2023 and a new interest rate of 5.5%.

Note Payable between Greystone and Robert B. Rosene, Jr.

Effective December 15, 2005, Greystone entered into an agreement with Robert B. Rosene, Jr., a member of Greystone’s Board of Directors, to convert \$2,066,000 of advances into a note payable at 7.5% interest.

Effective June 1, 2016, the note payable to Mr. Rosene was restated (the “Restated Note”) whereby accrued interest of \$2,475,690 was combined with the outstanding principal of \$2,066,000 resulting in a note payable in the principal amount of \$4,541,690 with an interest rate of 7.5% and a maturity of January 15, 2018, subsequently amended to January 15, 2020. The Restated Note requires the payment of accrued interest to Mr. Rosene. In addition, the Restated Note allows Greystone to make additional payments, at Greystone’s discretion, up to an amount allowed by the IBC Loan Agreement.

Note Payable between Greystone and First Bank

In connection with the acquisition of certain equipment from Yorktown Management & Financial Services, LLC (“Yorktown”) effective February 1, 2017, Greystone assumed a note payable in the amount of \$1,469,713 between Yorktown and First Bank. The note bears interest at the prime rate of interest plus 1.45% but not less than 4.95%. The rate of interest was 6.20% at May 31, 2018. The First Bank note is secured by certain production equipment.

Note Payable between Greystone and Yorktown Management & Financial Services, LLC (“Yorktown”)

On February 29, 2016, Greystone entered into an unsecured note payable to Yorktown in the amount of \$688,296 in connection with the acquisition of equipment from Yorktown. The note payable bears interest at the rate of 5% and is payable over three years with monthly principal and interest payments of \$20,629.

Maturities

Maturities of Greystone’s long-term debt for the five years after May 31, 2018 are \$2,324,046, \$8,764,654, \$3,470,454, \$2,168,481 and \$2,523,961.

Note 5. CAPITAL LEASES

Capital leases consist of the following as of May 31:

| | 2018 | 2017 |
|---|-------------|-------------|
| Non-cancelable capital leases with private pallet leasing company | \$3,893,814 | \$3,794,063 |
| Less: Current portion | (2,160,807) | (2,261,560) |
| Non-cancelable capital leases, net of current portion | \$1,733,007 | \$1,532,503 |

In February, 2018, Greystone entered into a five-year lease agreement, interest rate of 7.4% and maturity date of February 24, 2023, (“Agreement A”) with an unrelated private company to provide for certain production equipment with a cost of approximately \$2.0 million. In August, 2016, Greystone entered into a three-year lease agreement, interest rate of 5.0% and maturity date of August 7, 2019, (“Agreement B”) with the same unrelated private company to provide for certain production equipment with a total cost of approximately \$5.4 million. The lease agreements include a bargain purchase option to acquire the production equipment at the end of the lease terms. Lease payments are made on a per invoice basis at rates of (i) \$3.32 per pallet produced on the leased equipment and sold to the private company, estimated at \$46,000 per month, for Agreement A and (ii) \$6.25 per pallet produced on the equipment and sold to the private company, estimated at \$154,000 per month, for Agreement B. Both Agreements A & B provide for minimum monthly lease rental payments based upon the total pallets sold in excess of a specified amount not to exceed the monthly productive capacity of the leased machines.

The production equipment under the non-cancelable capital leases at May 31, 2018 and 2017 is as follows:

| | 2018 | 2017 |
|--|-------------|-------------|
| Production equipment under capital leases | \$7,591,574 | \$5,365,889 |
| Less: Accumulated amortization | (974,811) | (380,233) |
| Production equipment under capital leases, net | \$6,616,763 | \$4,985,656 |

Amortization of the carrying amount of \$594,578 and \$380,233 was included in depreciation expense for the years ended May 31, 2018 and 2017, respectively.

Future minimum lease payments under non-cancelable capital leases as of May 31, 2018, are approximately:

| | |
|---|-------------|
| Year ended May 31, 2019 | \$2,353,164 |
| Year ended May 31, 2020 | 547,800 |
| Year ended May 31, 2021 | 547,800 |
| Year ended May 31, 2022 | 547,800 |
| Year ended May 31, 2023 | 338,490 |
| Total lease payments | 4,335,054 |
| Imputed interest | 441,240 |
| Present value of minimum lease payments | \$3,893,814 |

Note 6. DEFERRED REVENUE

In February, 2018, a new customer entered into a contract with Greystone to purchase plastics pallets with shipments occurring from May 2018 through about August 2018. The customer prepaid \$4,595,034 to provide funding to Greystone for procuring raw materials to produce the pallets. Revenue will be recognized by Greystone as pallets are shipped to the customer. The unrecognized balance at May 31, 2018 was \$3,404,334.

Note 7. RELATED PARTY TRANSACTIONS

Transactions with Warren F. Kruger, Chairman

Yorktown Management & Financial Services, LLC (“Yorktown”), an entity wholly owned by Greystone’s CEO and President, owns and rents to Greystone (1) grinding equipment used to grind raw materials for Greystone’s pallet production and (2) extruders for pelletizing recycled plastic into pellets for resale and for use as raw material in the manufacture of pallets. Greystone compensates Yorktown for the use of equipment as discussed below.

F-14

Rental fees. GSM pays weekly rental fees of \$22,500 and \$5,000 to Yorktown for grinding equipment and pelletizing equipment, respectively. Total rental fees of approximately \$1,430,000 were paid in both fiscal years 2018 and 2017.

Yorktown provides office space in Tulsa, Oklahoma for Greystone at a monthly rental of \$2,200 until December 31, 2016. Effective January 1, 2017, Greystone and Yorktown entered into a five-year lease for expanded office space at a monthly rental of \$4,000 per month. Total rent expense was \$48,000 and \$35,400 for fiscal years 2018 and 2017, respectively. At May 31, 2018, future minimum payments under the non-cancelable operating lease are \$48,000 for fiscal years 2019, 2020 and 2021 and \$28,000 for fiscal year 2022.

Acquisitions from Yorktown. On September 1, 2016, Yorktown acquired the plastic resin pelletizing equipment from TriEnda Holdings, L.L.C., which was used by Greystone to blend and pelletize plastic resin for a tolling fee. During the period from September 1, 2016 through January 31, 2017, Greystone rented this equipment from Yorktown for a total of \$163,204. Effective February 1, 2017, Greystone acquired this equipment from Yorktown for \$1,500,076, which included a cash payment of \$30,627 and the assumption of a note payable to First Bank in the amount of \$1,469,713.

Compensation related to Loan Guarantees. Effective September 1, 2016, Greystone's Board of Directors authorized the issuance of warrants to purchase 250,000 shares of Greystone's common stock for \$0.01 per share to Mr. Kruger and a cash payment of \$65,000 as compensation for providing guarantees on Greystone's debt with International Bank of Commerce. The warrants are vested and expire January 10, 2027. The warrants, valued as of the measurement date for approximately \$60,000, and the cash payment were capitalized as debt issue costs to be amortized over the remaining loan term.

Transactions with TriEnda Holdings, L.L.C.

TriEnda Holdings, L.L.C. ("TriEnda") is a manufacturer of plastic pallets, protective packaging and dunnage utilizing thermoform processing of which Warren F. Kruger, Greystone's President and CEO, is the non-executive chairman of the board of directors of Kruger Brown Holdings, LLC ("KBH"), which owns a majority interest in TriEnda. Mr. Kruger's net interest through KBH is not a majority ownership interest in TriEnda. Greystone charged a tolling fee to TriEnda for blending and pelletizing plastic resin using TriEnda's equipment and raw materials. Revenue from TriEnda totaled \$538,024 in fiscal year 2017. Effective March 1, 2017, services to TriEnda were discontinued.

Greystone purchases certain pallet designs from TriEnda for resale. During fiscal year 2018, Greystone purchases from TriEnda totaled \$68,302.

Transactions with Robert B. Rosene, Jr., Director

Note payable. Effective December 15, 2005, Greystone entered into an agreement with Robert B. Rosene, Jr., a member of Greystone's Board of Directors, to convert \$2,066,000 of advances into a note payable at 7.5% interest. Effective June 1, 2016, the note payable to Mr. Rosene was restated (the "Restated Note") whereby the accrued interest as of June 1, 2016 of \$2,475,690 was combined with the outstanding principal of \$2,066,000, resulting in a note payable in the principal amount of \$4,541,690 with an interest rate of 7.5% and a maturity of January 15, 2018, subsequently amended to January 15, 2020. The Restated Note requires the payment of accrued interest to Mr. Rosene. In addition, the Restated Note allows Greystone to make additional payments, at Greystone's discretion, up to an amount allowed by the IBC Loan Agreement.

F-15

Compensation related to Loan Guarantees. Effective September 1, 2016, Greystone's Board of Directors authorized the issuance of warrants to purchase 250,000 shares of Greystone's common stock for \$0.01 per share to Mr. Rosene and a cash payment of \$65,000 as compensation for providing guarantees on Greystone's debt with International Bank of Commerce. The warrants are vested and expire January 10, 2027. The warrants, valued as of the measurement date for approximately \$60,000, and the cash payment were capitalized as debt issue costs to be amortized over the remaining loan term.

Transactions with Green Plastic Pallets

Green Plastic Pallets ("Green") is an entity owned by James Kruger, a brother to Warren Kruger, Greystone's President and CEO. Green purchased pallets from Greystone totaling \$421,966 and \$312,130 in fiscal years 2018 and 2017, respectively. At May 31, 2018, Green owed \$55,080 to Greystone.

Note 8. FEDERAL INCOME TAXES

Deferred taxes as of May 31, 2018 and 2017 are as follows:

| | 2018 | 2017 |
|---|-------------|-------------|
| Deferred tax asset: | | |
| Net operating loss carryforward | \$2,015,616 | \$2,102,924 |
| Accrued expenses | 101,320 | 113,021 |
| Allowance for doubtful accounts | - | 8,788 |
| Other | 27,432 | 27,540 |
| Total deferred tax asset | 2,144,368 | 2,252,273 |
| Deferred tax liability: | | |
| Depreciation and amortization, tax reporting in excess of financial | (2,635,333) | (1,970,858) |
| Net deferred tax asset (liability) | \$(490,965) | \$281,415 |

In assessing the reliability of deferred tax assets, management considers the likelihood of whether it is more likely than not the net deferred tax asset will be realized. Based on this evaluation, management has determined that Greystone will be able to realize the full effect of the deferred tax asset and no valuation allowance has been recorded as of May 31, 2018 and 2017, respectively.

The net change in deferred taxes for the year ended May 31, 2018 and 2017 is as follows:

| | 2018 | 2017 |
|--|-------------|---------------|
| Net operating loss carryforward | \$(87,308) | \$(229,465) |
| Depreciation and amortization, tax reporting in excess of financial | (664,475) | (911,766) |
| Stock compensation costs | - | 18,124 |
| Allowance for doubtful accounts | (8,788) | 4,280 |
| Accrued expenses | (11,701) | 113,021 |
| Other | (108) | 3,539 |
| Net decrease | \$(772,380) | \$(1,002,267) |

F-16

The provision for income taxes at May 31, 2018 and 2017 consists of the following:

| | 2018 | 2017 |
|--|-----------|-------------|
| Current income tax – Federal and State | \$- | \$9,723 |
| Deferred income tax provision | 772,380 | 1,002,267 |
| Provision for income taxes | \$772,380 | \$1,011,990 |

Greystone’s provision for income taxes for the years ended May 31, 2018 and 2017 differs from the federal statutory rate as follows:

| | 2018 | 2017 |
|--|------|------|
| Tax provision using statutory rates | 21 % | 34 % |
| State income taxes | 9 | - |
| Federal tax rate change adjustment | (2) | - |
| Expiring net operating losses | 3 | - |
| VIE income passed to members | (2) | (3) |
| Tax provision per financial statements | 29 % | 31 % |

On December 22, 2017, the President signed into legislation The Tax Cuts and Jobs Act (the Act). The Act changes existing U.S. tax law and included numerous provisions that will affect Greystone’s business, including income tax accounting, disclosure and tax compliance. Greystone revalued all deferred tax assets and liabilities as of the date of the Act. The result of this revaluation was an increase in deferred taxes in the amount of \$57,039 and a like decrease in the provision for income taxes.

At May 31, 2018, Greystone had a net operating loss (NOL) for Federal income tax purposes from inception through May 31, 2005 of \$14,467,000 expiring in fiscal year 2019 through fiscal year 2025 of which \$1,575,000 is management’s estimate of the usable amount pursuant to Internal Revenue Code Section 382. The limitation is due to a change in control of Greystone during the fiscal year ended May 31, 2005. The utilization of NOL’s accumulated through fiscal year 2005 is limited to approximately \$225,000 per year.

| | NOL | Year |
|---------------------------------|--------------|----------------------|
| Cumulative through May 31, 2005 | \$ 1,575,000 | Carryforward |
| Year ended May 31, 2006 | 120,983 | Expiring 2019 - 2025 |
| Year ended May 31, 2007 | 2,151,837 | 2026 |
| Year ended May 31, 2011 | 746,484 | 2027 |
| | | 2031 |

| | | |
|-------------------------|-----------|------|
| Year ended May 31, 2015 | 321,625 | 2035 |
| Year Ended May 31, 2016 | 1,060,747 | 2036 |
| Year Ended May 31, 2018 | 1,481,098 | N/A |

Note 9. STOCKHOLDERS' EQUITY*Convertible Preferred Stock*

In September 2003, Greystone issued 50,000 shares of Series 2003, cumulative, convertible preferred stock, par value \$0.0001, for a total purchase price of \$5,000,000. Each share of the preferred stock has a stated value of \$100 and a dividend rate equal to the prime rate of interest plus 3.25% and may be converted into common stock at the conversion rate of \$1.50 per share or an aggregate of 3,333,333 shares of common stock. The holder of the preferred stock has been granted certain voting rights so that such holder has the right to elect a majority of the Board of Directors of Greystone. Preferred stock dividends must be fully paid before a dividend on the common stock may be paid.

Warrants to Purchase Common Stock

Effective September 1, 2016, Greystone's Board of Directors authorized the issuance of warrants to purchase 250,000 shares of Greystone's common stock for \$0.01 per share to each of Warren F. Kruger, President and CEO, and Robert B. Rosene, Jr., a member of Greystone's board, as compensation for providing guarantees on Greystone's debt with IBC. The warrants are vested and expire January 10, 2027. The issuance was capitalized as debt issuance cost as of the measurement date for approximately \$120,000 and amortized over the remaining guaranty term.

The value of Greystone's common stock on September 1, 2016 was \$0.24 per share. The estimated fair value at the date of the grant for the warrants utilizing the Black-Scholes option valuation model and the assumptions used in the Black-Scholes option model for fiscal year 2017 are as follows:

| | |
|---|------------|
| Estimated fair value of warrants at date of grant | \$ 120,000 |
| Black-Scholes model assumptions | |
| Average expected life (years) | 6 |
| Average expected volatility factor | 145.77 % |
| Average risk-free interest rate | 4.0 % |
| Average expected dividend yields | \$-0- |

Note 10. STOCK OPTIONS

Greystone has a stock option plan that provides for the granting of options to key employees and non-employee directors. The options are to purchase common stock at not less than fair market value at the date of the grant. Stock options generally expire in ten years from the date of grant or upon termination of employment, and are generally exercisable one year from date of grant in cumulative annual installments of 25%. Following is a summary of option activity for the two years ended May 31, 2018:

| | Number | Weighted Average Exercise Price | Remaining Contractual Life (years) | Intrinsic Value |
|-----------------------------------|-----------|--|--|--------------------|
| Total outstanding, May 31, 2016 | 675,000 | \$ 0.12 | | |
| Exercised during fiscal year 2017 | (475,000) | \$ 0.12 | | |
| Total outstanding May 31, 2017 | 200,000 | \$ 0.12 | | |
| Total outstanding May 31, 2018 | 200,000 | \$ 0.12 | 4.0 | |
| Exercisable as of May 31, 2018 | 200,000 | \$ 0.12 | 4.0 | \$ 54,000 |

Non-vested as of May 31, 2018 -0-

Share-based compensation cost was \$-0- and \$53,424 for fiscal years 2018 and 2017, respectively.

Note 11. FINANCIAL INSTRUMENTS

The following methods and assumptions are used in estimating the fair-value disclosures for financial instruments:

F-18

Cash, Accounts Receivable and Accounts Payable: The carrying amounts reported in the balance sheet for cash, accounts receivable and accounts payable approximate fair value due to the short-term maturity of these instruments.

Long-Term Debt: The carrying amount of loans with floating rates of interest approximate fair value. Fixed rate loans are valued based on cash flows using estimated rates for comparable loans. As of May 31, 2018 and 2017, the carrying amounts reported in the balance sheet approximate fair value for the variable and fixed rate loans.

Note 12. SUPPLEMENTAL INFORMATION OF CASH FLOWS

Supplemental information of cash flows for the years ended May 31, 2018 and 2017:

| | 2018 | 2017 |
|--|-------------|-------------|
| Non-cash investing and financing activities: | | |
| Acquisition of equipment through capital lease | \$2,225,685 | \$5,323,864 |
| Revolver loan converted to term loan | \$2,500,000 | \$- |
| Acquisition of buildings through note payable | \$- | \$318,750 |
| Acquisition of equipment from related party in exchange for receivable and/or note payable | \$- | \$1,469,713 |
| Acquisition of equipment in accounts payable | \$373,214 | \$102,019 |
| Conversion of related party accrued interest to long-term debt | \$- | \$2,475,690 |
| Warrants issued as debt service costs | \$- | \$120,000 |
| Preferred dividend accrual | \$- | \$29,726 |
| Supplemental information: | | |
| Interest paid | \$1,347,364 | \$1,183,781 |

Note 13. CONCENTRATIONS

For the fiscal years 2018 and 2017, Greystone had two customers that accounted for approximately 76% and 71% of total sales, respectively.

Greystone purchases damaged pallets from its customers at a price based on the value of the raw material content of the pallet. A majority of these purchases are from one of Greystone's major customers which were approximately

\$1,616,469 and \$1,611,000 in fiscal years 2018 and 2017, respectively.

Note 14. VARIABLE INTEREST ENTITIES (VIE)

Greystone Real Estate, L.L.C.

GRE, is owned by Warren Kruger, President and CEO, and Robert Rosene, a member of the Board of Directors. GRE was created solely to own and lease buildings that GSM occupies in Bettendorf, Iowa.

The buildings, having a carrying value of \$3,012,421 and \$3,128,293 at May 31, 2018 and 2017, respectively, serve as collateral for GRE's debt. The debt had a carrying value of \$2,652,428 and \$2,841,285 at May 31, 2018 and 2017, respectively.

Note 15. COMMITMENTS

At May 31, 2018, Greystone had outstanding commitments totaling \$2,071,400 for the acquisition of equipment.

Note 16. SUBSEQUENT EVENT

On August 8, 2018, Greystone and IBC entered into the Sixth Amendment to the IBC Loan Agreement dated January 31, 2014 (the "Sixth Amendment") whereby IBC made an additional term loan to Borrowers in the original principal amount of \$3,600,000 ("Term Loan F"). Term Loan F has an interest rate of the prime rate of interest plus 0.5% but not less than 5.25% and a maturity date of February 8, 2021. The monthly principal and interest payments are based on an amortization of the principal over 60 months. The proceeds from Term Loan F will be used to acquire new production equipment. In addition, the Sixth Amendment included extensions for Term Loan A to April 30, 2023 and Term Loan C to July 31, 2020.

On August 8, 2018, Greystone Real Estate, L.L.C. and IBC entered into the First Amendment to Loan Agreement (Real Estate Term Loan) dated January 31, 2014 ("Agreement") changing the rate of interest to 5.5% and extending the maturity date of the loan to April 30, 2023.
