NOTICE OF 2019 ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 22, 2019

To the Shareholders of Alkermes plc:

The 2019 Annual General Meeting of Shareholders of Alkermes plc (the “Company” or “Alkermes”), a company incorporated under the laws of Ireland, will be held on May 22, 2019 at 12:00 p.m., Irish Standard Time, at the Company’s offices at Connaught House, 1 Burlington Road, Dublin 4, Ireland, for the following purposes:

1. By separate resolutions, to elect as Class II directors to serve for a three-year term expiring at the Company’s Annual General Meeting of Shareholders in 2022 or until their respective successors are elected and shall qualify, the following individuals as nominated by the Company’s Board of Directors (the “Board”):
  - a. David W. Anstice AO
  - b. Robert A. Breyer
  - c. Wendy L. Dixon, Ph.D.
2. To hold a non-binding, advisory vote to approve executive compensation.
3. To ratify, in a non-binding vote, the appointment of PricewaterhouseCoopers LLP as the independent auditor and accounting firm of the Company and to authorize, in a binding vote, the Audit and Risk Committee of the Board to set the independent auditor and accounting firm’s remuneration.

4. To approve the Alkermes plc 2018 Stock Option and Incentive Plan, as amended.

5. To transact such other business as may properly come before the meeting and any adjournments or postponements of the meeting.

Proposal 1 for the election of directors relates solely to the election of three Class II directors nominated by the Board and does not include any other matters relating to the election of directors, including, without limitation, the election of directors nominated by any shareholder. Proposals 1 through 4 are ordinary resolutions, requiring a majority of the votes cast (in person or by proxy) at the meeting for approval. These items of business are more fully described in the proxy statement accompanying this notice. Shareholders as of March 21, 2019, the record date for the 2019 Annual General Meeting of Shareholders, are entitled to vote on these matters.

During the 2019 Annual General Meeting of Shareholders, following a review of the Company's affairs, management will present the Company's Irish Statutory Financial Statements for the year ended December 31, 2018, and the reports of the directors and the independent auditor and accounting firm thereon.

By Order of the Board of Directors.

DAVID J. GAFFIN

Secretary

Dublin, Ireland

April 5, 2019

Whether or not you expect to attend the 2019 Annual General Meeting of Shareholders in person, we encourage you to cast your vote promptly so that your shares will be represented and voted at the meeting. Any shareholder entitled to attend, speak and vote at the 2019 Annual General Meeting of Shareholders may appoint one or more proxies, who need not be a shareholder(s) of Alkermes plc. If you wish to appoint as proxy any person other than the individuals specified on the Company's proxy card, please contact the Company Secretary at our registered office; your nominated proxy must attend the 2019 Annual General Meeting of Shareholders in person in order for your votes to be cast.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2019 ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 22, 2019. The notice and proxy statement, the Company's Annual Report on Form 10-K for the year ended December 31, 2018, and the Company's Irish Statutory Financial Statements for the year ended December 31, 2018, including related reports, are available at <http://www.viewproxy.com/alkermes/2019>. These materials are also available in the Investors section of the Company's website, available at [www.alkermes.com](http://www.alkermes.com).

PROXY STATEMENT

FOR THE 2019 ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO BE HELD ON MAY 22, 2019

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Use of the terms such as “us,” “we,” “our,” “Alkermes” or the “Company” in this proxy statement is meant to refer to Alkermes plc and its consolidated subsidiaries.

Why am I receiving these materials?

We are making this proxy statement available to you on or about April 5, 2019 on the Internet, or by delivering printed versions to you by mail, because our Board of Directors (the “Board”) is soliciting your proxy to vote at the Company’s 2019 Annual General Meeting of Shareholders (the “Annual Meeting”) on May 22, 2019. This proxy statement contains information about the items being voted on at the Annual Meeting and important information about Alkermes.

This proxy statement and the following documents relating to the Annual Meeting are available at <http://www.viewproxy.com/alkermes/2019> and on the Investors section of our website, available at [www.alkermes.com](http://www.alkermes.com):

Our Notice Regarding Internet Availability of Proxy Materials (the “Notice”);  
Our Annual Report on Form 10-K for the year ended December 31, 2018; and  
Our Irish Statutory Financial Statements for the year ended December 31, 2018 and the reports of the Board and independent auditor and accounting firm thereon.

Who can vote at the Annual Meeting?

Only shareholders who are registered as shareholders of the Company as of the close of trading on the Nasdaq Global Select Market (“Nasdaq”) on March 21, 2019 (the “Record Date”) are entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, there were 156,882,423 ordinary shares issued and outstanding and entitled to be voted.

Each ordinary share that you own as of the Record Date entitles you to one vote on each matter to be voted upon at the Annual Meeting. We are making this proxy statement and other Annual Meeting materials available on the Internet or, upon request, sending printed versions of these materials on or about April 5, 2019 to all shareholders of record as of the Record Date.

Table of Contents

How do proxies work?

Our Board is asking for your proxy authorizing us to vote your shares at the Annual Meeting in the manner you direct. You may abstain from voting on any matter. If you submit your proxy without specifying your voting instructions, we will vote your shares as follows:

Election of Directors. FOR the election of each of our three Class II director nominees;

Advisory Vote on Executive Compensation. FOR the non-binding, advisory vote to approve our executive compensation;

PricewaterhouseCoopers. FOR the non-binding ratification of the appointment of PricewaterhouseCoopers LLP (“PwC”) as the independent auditor and accounting firm of the Company and the binding authorization of the Audit and Risk Committee of the Board (the “Audit and Risk Committee”) to set the independent auditor and accounting firm’s remuneration;

Alkermes plc 2018 Stock Option and Incentive Plan, as amended. FOR the approval of the Alkermes plc 2018 Stock Option and Incentive Plan, as amended. Your approval will serve to increase the shares authorized for issuance thereunder; and

As to any other matter that may properly come before the meeting or any adjournment or postponement, in accordance with your named proxies’ best judgment.

Ordinary shares represented by valid proxies received in time for the Annual Meeting in the manner described below and not revoked before the Annual Meeting will be voted at the Annual Meeting. You can revoke your proxy and change your vote in the manner described below (under “Can I change my vote after submitting my proxy?”). If your shares are held through a bank, broker or other nominee, please follow the instructions that you were provided by such bank, broker or other nominee.

How do I vote?

It is important that your shares are represented at the Annual Meeting, whether or not you attend the Annual Meeting in person.

Shareholders of record. If, as of the Record Date, your ordinary shares were registered directly in your name with the Company’s transfer agent, Computershare Trust Company, N.A., then you are a shareholder of record. As a shareholder of record, there are four ways to vote:

## Edgar Filing: Alkermes plc. - Form DEF 14A

**Telephone:** By calling the toll-free telephone number indicated on your proxy card. Easy-to-follow voice prompts allow you to submit your proxy and confirm that your instructions have been properly recorded.

**Internet:** By going to the Internet website indicated on the Notice or proxy card. As with telephone voting, you can confirm that your instructions have been properly recorded.

**Mail:** By signing, dating and returning a printed proxy card (which will be forwarded to the Company's registered address electronically).

**In Person:** By submitting a written ballot in person at the Annual Meeting. To obtain directions to attend the Annual Meeting, please contact our Investor Relations department at [financial@alkermes.com](mailto:financial@alkermes.com). We will distribute ballots at the Annual Meeting to anyone who wishes to vote in person.

If you are a shareholder of record of Alkermes and you choose to submit your proxy by telephone by calling the toll-free number on your proxy card, your use of that telephone system and in particular the entry of your pin number/other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Irish Companies Act 2014 (the "Companies Act"), of each of Iain M. Brown, James M. Frates and Thomas Riordan as your proxy to vote your shares on your behalf in accordance with your telephone instructions.

Table of Contents

Shares held in a bank or brokerage account. If your shares are held in a brokerage account in your broker's name (this is called "street name"), please follow the voting instructions provided by your bank, broker or other nominee. In most cases, you may submit voting instructions by telephone or by Internet to your bank, broker or other nominee, or you can sign, date and return a voting instruction form to your bank, broker or other nominee. If you provide specific voting instructions by telephone, by Internet or by mail, your bank, broker or other nominee must vote your shares as you have directed. If you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee.

What is the deadline for voting my shares if I do not vote in person at the Annual Meeting?

If you are a shareholder of record, you may vote by Internet or submit your proxy by telephone until 4:59 a.m., Irish Standard Time, on May 21, 2019 (11:59 p.m., United States Eastern Daylight Time, on May 20, 2019), or, if you elect to vote by mail, your signed and dated printed proxy card must be received by 4:59 a.m., Irish Standard Time, on May 21, 2019 (11:59 p.m., United States Eastern Daylight Time, on May 20, 2019).

If you are a beneficial owner of shares held through a bank, broker or other nominee, please follow the voting instructions provided by your bank, broker or other nominee.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

We have elected to provide access to our proxy materials on the Internet, as permitted by the rules of the Securities and Exchange Commission ("SEC"). Accordingly, unless a shareholder has instructed us otherwise, we are mailing only the Notice to our shareholders, which Notice contains instructions on how to access the rest of our proxy materials on the Internet or to request printed versions by mail. In addition, you may request to receive, on an ongoing basis, future proxy materials in printed form, either by mail or electronically by email.

What does it mean if I receive more than one notice regarding the Internet availability of proxy materials or more than one set of printed proxy materials?

If you hold your shares in more than one account, you may receive a separate Notice or a separate set of printed proxy materials, including a separate proxy card or voting instruction form, for each account. To ensure that all of your shares are voted, please submit your proxy by telephone or vote by Internet or sign, date and return a proxy card or

voting instruction form for each account.

How many votes do I have?

On each matter to be voted upon, you have one vote for each ordinary share you owned as of the Record Date.

What happens if I do not give specific voting instructions when I deliver my proxy?

Shareholders of Record. If you are a shareholder of record and you:

indicate when voting by Internet or submitting your proxy by telephone that you wish to vote as recommended by our Board; or  
if you sign and return a proxy card without giving specific voting instructions,

then the Company-designated proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this proxy statement and the proxy holders may determine in their discretion how to vote your shares in respect of any other matters properly presented for a vote at the Annual Meeting.

## Table of Contents

Shares held in a bank or brokerage account. If your shares are held in a bank or brokerage account in your broker's name and your bank or brokerage firm does not receive instructions from you about how your shares are to be voted, one of two things can happen, depending on the type of proposal. With respect to matters considered to be "routine" under applicable rules of the New York Stock Exchange ("NYSE Rules"), brokers, banks and other securities intermediaries that are subject to the NYSE Rules and who hold record ownership of company stock (including shares such as our ordinary shares) on behalf of beneficial owners, may use their discretion to vote "uninstructed" shares. With respect to matters considered to be "non-routine" under the NYSE Rules, such brokers, banks and other securities intermediaries may not use their discretion to vote "uninstructed" shares. Uninstructed shares that cannot be voted on "non-routine" matters result in what are commonly referred to as "broker non-votes." Although our ordinary shares are listed on The Nasdaq Global Select Market, these NYSE Rules affect us since NYSE member-intermediaries who are subject to these NYSE Rules hold the vast majority of our ordinary shares that are held in "street name." We believe that the only matter in this proxy statement that is considered "routine" under NYSE Rules is Proposal 3 (non-binding ratification of the appointment of PwC as our independent auditor and accounting firm and binding authorization for the Audit and Risk Committee to set the independent auditor and accounting firm's remuneration) and that all of the other proposals are considered to be "non-routine" under NYSE Rules. Accordingly, if you do not return voting instructions to your broker, bank or other securities intermediary by its deadline, your broker, bank or other securities intermediary (1) will be entitled to vote your shares in its discretion on Proposal 3 and (2) will not be entitled to vote your shares on any of the other proposals, resulting in "broker non-votes" for such other proposals. If you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other securities intermediary by the deadline provided in the materials you receive from your broker, bank or other securities intermediary. We strongly encourage you to submit your proxy and exercise your right to vote as a shareholder.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies by mail and through Internet access to our proxy materials. In addition to such cost, our directors, employees and third-party proxy solicitors may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other nominees for the costs they incur in forwarding proxy materials to beneficial owners of our ordinary shares.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid Annual Meeting. A quorum will be present if at least one or more shareholders holding not less than a majority of the issued and outstanding shares entitled to vote are present at the Annual Meeting or represented by proxy. On the Record Date, there were 156,882,423 ordinary shares issued and outstanding and entitled to vote. Thus, the holders of 78,441,212 ordinary shares must be present in person or represented by proxy at the Annual Meeting for a quorum to exist.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted toward the quorum requirement. If there is no quorum present within one hour of the time appointed for the Annual Meeting, the Annual Meeting shall stand adjourned to June 5, 2019 at 12:00 p.m., Irish Standard Time at the offices of the Company located at Connaught House, 1 Burlington Road, Dublin 4, Ireland, or such other time or place as the Board may decide.

What vote is required to approve each proposal? How are abstentions and broker non-votes treated?

Election of Directors: The affirmative vote of a majority of the votes cast with respect to each director nominee to serve as a Class II director for a three-year term is required for the election of each of David W. Anstice AO, Robert A. Breyer and Wendy L. Dixon, Ph.D. However, our articles of association (our “Articles of Association”) provide that if, at any annual general meeting of shareholders, the number of directors is reduced below the minimum prescribed by our Articles of Association due to the failure of any director nominee to receive a majority of the votes cast, then in those circumstances, the nominee or nominees who receive the highest number of votes in favor of election will be elected (until the next annual general meeting of shareholders) in order to maintain such prescribed minimum number of directors. Abstentions and broker non-votes will have no effect on the election of the nominees because they are not considered as votes cast.

Table of Contents

**Advisory (Non-Binding) Vote on Executive Compensation:** This proposal is advisory and non-binding; as an ordinary resolution, approval of this proposal requires the affirmative vote of a majority of the votes cast. We value the opinions expressed by our shareholders in this advisory vote, and the Compensation Committee of the Board (the “Compensation Committee”), which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our named executive officers. Abstentions and broker non-votes will not have any effect on the results of those deliberations.

**Non-Binding ratification of PricewaterhouseCoopers LLP as our independent auditor and accounting firm and binding authorization to set such independent auditor and accounting firm’s remuneration:** The affirmative vote of a majority of the votes cast is required for the approval of this proposal. The ratification component of this proposal asks for a non-binding, advisory vote, whereas the authorization component of this proposal is binding. Abstentions will have no effect on the outcome of this proposal because they are not considered as votes cast. As we believe that this proposal is considered to be “routine” under NYSE Rules, we do not expect any broker non-votes for this proposal.

**Alkermes plc 2018 Stock Option and Incentive Plan, as amended:** The affirmative vote of a majority of the votes cast is required for the approval of this proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal because they are not considered as votes cast.

How will voting on any other business be conducted?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. However, if any other matters are properly brought before the Annual Meeting, the persons named as your proxy holders are entitled to vote on each such matter in accordance with their best judgment.

How are votes counted?

Votes will be counted by the inspector of election appointed by the Board for the Annual Meeting, who will separately count votes “For” and “Against,” abstentions, and if applicable, broker non-votes.

Can I change my vote after submitting my proxy?

Yes. If, as of the Record Date, your ordinary shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you may revoke your proxy by taking any of the following actions:

providing written notice of revocation to the Secretary of the Company (at Connaught House, 1 Burlington Road, Dublin 4, Ireland, Attn.: Secretary, Annual Meeting) by any means, including by facsimile (+353 1 772 8001), which notice must be received before the commencement of the Annual Meeting;

signing and delivering a proxy relating to the same shares and bearing a later date, that is received no later than 4:59 a.m., Irish Standard Time, on May 21, 2019 (11:59 p.m., United States Eastern Daylight Time, on May 20, 2019);

transmitting a subsequent vote over the Internet or submitting a subsequent proxy by telephone, but no later than 4:59 a.m., Irish Standard Time, on May 21, 2019 (11:59 p.m., United States Eastern Daylight Time, on May 20, 2019); or

attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, by itself, revoke a proxy.

Please note that if your ordinary shares are held of record by a bank, broker or other nominee, you must contact the bank, broker or other nominee to revoke your proxy. If your shares are held of record by a bank, broker or other nominee and you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee.

Table of Contents

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. We plan to report final voting results in a Current Report on Form 8-K to be filed with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we intend to file a Current Report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, to file an additional Current Report on Form 8-K to report the final results. You will be able to find a copy of this Current Report on Form 8-K on the Internet electronic data system of the SEC, referred to as EDGAR, available at [www.sec.gov](http://www.sec.gov) or through the Investors section of our website, available at [www.alkermes.com](http://www.alkermes.com).

Important Notice Regarding the Internet and Electronic Availability of Proxy Materials for the Annual Meeting:

As permitted by the SEC, the Company is mailing the Notice to all shareholders of record. All shareholders will have the ability to access the proxy statement, the Irish Statutory Financial Statements, including related reports, and the Company's Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC on February 15, 2019 (the "Annual Report") at <http://www.viewproxy.com/alkermes/2019> or to request a printed set of these materials at no charge. These materials are also available in the Investors section of our website, available at [www.alkermes.com](http://www.alkermes.com). Instructions on how to access these materials over the Internet or to request a printed copy may be found in the Notice.

In addition, any shareholder may request to receive future proxy materials in printed form, by mail or electronically by email, on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents and will reduce the impact of the Company's annual general meetings of shareholders on the environment. A shareholder's election to receive proxy materials by email will remain in effect until the shareholder terminates such election.

Note Regarding Trademarks

We are the owner of various United States ("U.S.") federal trademark registrations<sup>®</sup> and other trademarks<sup>™</sup> and service marks<sup>SM</sup>, including ALKERMES<sup>®</sup>, ALKERMES INSPIRATION GRANTS<sup>®</sup>, ALKERMES PATHWAYS RESEARCH AWARDS<sup>SM</sup>, ARISTADA<sup>®</sup>, ARISTADA INITIO<sup>®</sup>, and VIVITROL<sup>®</sup>. Other trademarks, trade names and service marks appearing in this proxy statement are the property of their respective owners. Solely for convenience, the trademarks and trade names in this this proxy statement are referred to without the <sup>®</sup> and <sup>™</sup> symbols, but such references should not be construed as any indicator that their respective owners will not assert, to the fullest

extent under applicable law, their rights thereto.

#### Note Regarding Product References

Except as otherwise suggested by the context, (a) references to “products” or “our products” in this proxy statement include our marketed products, marketed products using our proprietary technologies, our development candidates, and product candidates using our proprietary technologies and (b) references to the “biopharmaceutical industry” are used interchangeably with references to the “biotechnology” and/or “pharmaceutical industries.”

PROPOSAL 1

ELECTION OF DIRECTORS

(Ordinary resolutions)

Our Board, upon the recommendation of the Nominating and Corporate Governance Committee of the Board (the “Nominating and Corporate Governance Committee”), has nominated each of David W. Anstice AO, Robert A. Breyer and Wendy L. Dixon, Ph.D. for election as Class II directors to serve a three-year term expiring at the Company’s 2022 Annual General Meeting of Shareholders or until their respective successors are elected and shall qualify, unless they earlier resign or are removed. As described in detail below, our director nominees have considerable professional and business expertise. The recommendation of our Board is based on its carefully considered judgment that the experience, qualifications, attributes and skills of our director nominees qualify them to serve on our Board.

The persons named in the accompanying proxy intend to vote for the election of each of David W. Anstice AO, Robert A. Breyer and Wendy L. Dixon, Ph.D. as Class II directors to serve a three-year term expiring at the Company’s Annual General Meeting of Shareholders in 2022 or until their respective successors are elected and shall qualify, unless they earlier resign or are removed. The Board has been informed that the director nominees are willing to serve as directors, but if they should decline to serve or become unavailable for election at the Annual Meeting, an event which the Board does not anticipate, the persons named in the proxy will vote for such other director nominee or nominees as may be designated by the Board, unless the Board reduces the number of directors accordingly.

The nominees for election as Class II directors that receive a majority of the votes cast by shareholders (meaning the number of shares voted “for” a nominee must exceed the number of shares voted “against” such nominee) will be elected to serve on the Board. Abstentions and broker non-votes will have no effect on the election of the nominees because they are not considered as votes cast.

If, at any annual general meeting of shareholders, the number of directors is reduced below the minimum prescribed by our Articles of Association due to the failure of any director nominee to receive a majority of the votes cast, then, in those circumstances, the director nominee or nominees who receive the highest number of votes in favor of election will be elected in order to maintain such prescribed minimum number of directors. Each such director will remain a director (subject to the provisions of the Companies Act and our Articles of Association) only until the conclusion of the next annual general meeting of shareholders unless he or she is reelected at such time.

Edgar Filing: Alkermes plc. - Form DEF 14A

The Board unanimously recommends that you vote FOR the election of each of David W. Anstice AO, Robert A. Breyer and Wendy L. Dixon, Ph.D. to serve as Class II directors on our Board.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Composition

Our Board is comprised of nine members. Our Board has determined that each director serving on our Board, with the exception of Shane M. Cooke and Richard F. Pops, is an independent director as defined by Nasdaq rules. The composition and functioning of our Board and each of our committees complies with all applicable requirements of Nasdaq and the rules and regulations of the SEC. There are no family relationships among any of our directors or executive officers.

In accordance with our Articles of Association, our Board is divided into three classes with staggered three-year terms. At each annual general meeting of shareholders, the successors to directors whose terms then expire will be elected to serve three-year terms. Our directors are divided among the three classes as follows:

the Class I directors are Floyd E. Bloom, M.D., Nancy L. Snyderman, M.D. and Nancy J. Wysenski, and their terms will expire at the Company's Annual General Meeting of Shareholders to be held in 2021;  
the Class II directors are David W. Anstice AO, Robert A. Breyer and Wendy L. Dixon, Ph.D., and their terms will expire at this Annual Meeting; and  
the Class III directors are Shane M. Cooke, Paul J. Mitchell and Richard F. Pops, and their terms will expire at the Company's Annual General Meeting of Shareholders to be held in 2020.

If the number of directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible.

Independence of Members of the Board of Directors

The Company defines an "independent" director in accordance with the applicable provisions of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the rules promulgated thereunder and the applicable rules of Nasdaq. Because it is not possible to anticipate or explicitly provide for all potential situations that may affect independence, the Board periodically reviews each director's status as an independent director and whether any independent director has any other relationship with the Company that, in the judgment of the Board, would interfere with the director's exercise of independent judgment in carrying out such director's responsibilities as a director. The Board annually makes a determination as to whether each director is "independent" under the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq. To assist in making its determination, the

Board solicits information from each of the Company's directors regarding whether such director, or any member of his or her immediate family, had a direct or indirect material interest in any transactions involving the Company, was involved in a debt relationship with the Company or received personal benefits outside the scope of such person's normal compensation.

Based on the information provided by each of the Company's directors, the Board has determined that each of David W. Anstice AO, Floyd E. Bloom, M.D., Robert A. Breyer, Wendy L. Dixon, Ph.D., Paul J. Mitchell, Nancy L. Snyderman, M.D. and Nancy J. Wysenski is independent within the meaning of the Company's director independence standards and the director independence standards of the Exchange Act and Nasdaq. Furthermore, the Board has determined that each member of each committee of the Board is independent within the meaning of the director independence standards of the Company, the Exchange Act and Nasdaq.

#### Executive Sessions of Independent Directors

The Board's policy is to hold meetings of the independent directors following each regularly scheduled in-person Board meeting. Independent director sessions do not include any employee directors or any other directors not deemed independent by the Board, and were held following each regularly scheduled in-person Board meeting during 2018.

Board Leadership Structure

The Board appointed Mr. Pops as Chairman of our Board and as our CEO. In determining that Mr. Pops serve in this combined role, the Board considered Mr. Pops' ability to provide effective, consistent and continuous leadership to both our Board and our Company, his ability to align the strategic objectives of both management and the Board, his extensive knowledge of our operations and the industry and markets in which we compete and his ability to promote communication and synchronize activities between our Board and our senior management.

To facilitate effective independent oversight, the Board has adopted a Charter of the Lead Independent Director which requires that members of the Board elect a non-management director to serve in a lead capacity, known as the Lead Independent Director, if the Chairman of the Board and CEO of the Company are the same person. The Board annually elects an independent director to serve as the Lead Independent Director, and Mr. Mitchell has served as our Lead Independent Director since August 2012. The duties of the Lead Independent Director include:

- presiding at all meetings of the Board at which the Chairman of the Board is not present, including all executive sessions of the independent directors;
- reviewing and approving matters, such as agenda items and meeting schedules, to assure there is sufficient time for discussion of all agenda items, and, where appropriate, the quality, quantity and timeliness of information provided to other Board members;
- servicing as the principal liaison between the Chairman of the Board and the independent directors;
- facilitating the retention of outside advisors and consultants who report directly to the Board on Board-wide issues;
- calling meetings of the independent directors of the Board and ensuring that the independent directors of the Board have adequate resources to support their decision-making and effectively and responsibly perform their duties, and adequate opportunities to discuss issues in meetings without management present; and
- ensuring availability, when appropriate and if requested by shareholders, for consultation and direct communication.

A current copy of our Charter of the Lead Independent Director is available on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>.

In addition, the Board delegates substantial responsibilities to its three standing committees, each of which is comprised solely of independent directors and led by an independent chair. These committees are discussed in detail below under the heading "The Board of Directors and its Committees."

The Board believes that its current leadership structure provides an efficient and effective balance between management and independent leadership and the Company believes that this Board leadership structure is the most appropriate structure for the Company as of the date of this proxy statement.

Policies Governing Director Nominations

Director Qualifications and Consideration of Diversity

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

directors must be of high ethical character and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics applicable to all directors, officers and employees;

directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

17

directors must have the ability to exercise sound business judgment; and  
directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience.

Although the Company does not have a formal diversity policy, the Company and the Nominating and Corporate Governance Committee endeavor to have a Board representing diverse viewpoints with broad experience in areas important to the operation of the Company such as business, science, medicine and finance and accounting. In this context, the Nominating and Corporate Governance Committee, in addition to the minimum qualifications set forth above, also considers a variety of attributes in selecting nominees to the Board, such as:

an understanding of, and experience in, the biotechnology and pharmaceutical industries;  
an understanding of, and experience in, accounting oversight and governance, finance and marketing;  
leadership experience with public companies or other significant organizations;  
international experience; and  
diversity of age, gender, culture and professional background.

These factors and others are considered useful by the Board and are reviewed in the context of an assessment of the perceived needs of the Board at particular points in time.

Board members are expected to prepare for, attend and participate in all Board meetings, meetings of Board committees on which they serve and the Company's annual general meetings of shareholders. Board member attendance rates at these meetings are taken into account by the Nominating and Corporate Governance Committee and the Board when assessing whether directors should be renominated as director candidates upon the expiry of their respective terms. In addition, directors are expected to stay abreast of the Company's business and markets. The Company's Chief Legal Officer and Chief Financial Officer are responsible for assuring the orientation of new directors, and for periodically providing materials to, or briefing sessions for, all directors on subjects that would assist them in discharging their duties. The Nominating and Corporate Governance Committee regularly reviews other potential educational topics for the Board and provides its recommendation to the Board as to whether other educational measures are appropriate. The Company provides opportunities for directors to visit Company facilities in order to provide greater understanding of the Company's business and operations. The Nominating and Corporate Governance Committee facilitates the annual Board and Board committee evaluations. The Board performs an annual self-evaluation, including individual director self-assessments, and each Board committee performs an annual self-evaluation to regularly assess the committee's and each of its member's effectiveness and each of its member's contributions to the committee. Such assessments consider, in the case of the Board and each Board committee, its respective charter and/or governing document(s), and, in the case of each individual director, the applicable position description(s), as well as the competencies and skills such individual director is expected to bring to the Board or to the relevant Board committee.

Each Board member is expected to ensure that his or her other existing and planned future commitments do not materially interfere with such member's service as a director. Unless otherwise agreed to by the Nominating and Corporate Governance Committee, Board members should not hold more than six directorships (including such

member's seat on the Company's Board), excluding directorships of not-for-profit organizations, trade organizations and related organizations. These other commitments are also considered by the Nominating and Corporate Governance Committee and the Board when reviewing Board candidates. Directors are expected to report changes in their primary business or professional association, including retirement, to the Chairman of the Board and the chair of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board, will consider any effects these changes may have on the effectiveness of the director's contribution to the work of the Board or any Board committee.

#### Process for Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members to stand for election. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board and management will be requested to take part in the process as appropriate.

Table of Contents

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Based on the results of this evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The Board retains the ultimate authority to nominate a director candidate for election by the shareholders or to fill any vacancy that may occur. The Nominating and Corporate Governance Committee also recommends candidates for appointment by the Board to each committee of the Board.

Procedure for Recommendation of Director Nominees by Shareholders

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by shareholders of the Company. Shareholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director candidates, shall follow the procedures set forth below.

The Nominating and Corporate Governance Committee must receive any such recommendation for nomination not later than the close of business on the 120th day, nor earlier than the close of business on the 180th day, prior to the first anniversary of the date that the proxy statement was released to shareholders in connection with the Company's preceding year's annual general meeting of shareholders.

Such recommendation for nomination must be in writing and include the following:

- all information relating to the individual recommended for consideration as a director nominee that would be required to be disclosed in solicitations of proxies for the election of directors, or that is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act or any successor provisions thereto (including the director nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board and elected);
- name and address of the individual recommended for consideration as a director nominee;
- the principal occupation of the individual recommended for consideration as a director nominee;
- as to the shareholder making the recommendation:
  - o name and address of such shareholder, as such may appear on the Company's Register of Members;
  - o the class and number of shares that are owned beneficially and/or of record by such shareholder;
  - o a representation that such shareholder is a registered holder of shares entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose such nomination;
  - o a statement as to whether such shareholder intends or is part of a group that intends (i) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding share capital required to approve or elect the nominee and/or (ii) to otherwise solicit proxies from shareholders in support of such nomination;

o the total number of shares that will be voted for the individual recommended for consideration as a director nominee by such shareholder; and  
o a written statement from such shareholder stating why such director nominee would be able to fulfill the duties of a director.

Table of Contents

The Nominating and Corporate Governance Committee may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a director of the Company, including such evidence as may be satisfactory to the Nominating and Corporate Governance Committee that such nominee has no interests that would limit such nominee's ability to fulfill his or her duties as a director. If the shareholder making such director nomination does not appear, either directly or through a qualified representative, at the annual general meeting of shareholders, then such nomination shall be disregarded. Nominations must be sent to the attention of the Secretary of the Company by one of the two methods listed below:

By mail (including courier or expedited delivery service to):

Alkermes plc

Connaught House

1 Burlington Road

Dublin 4, Ireland

Attn: Secretary of Alkermes plc

By facsimile to:

+ 353 1 772-8001

Attn: Secretary of Alkermes plc

The Secretary of the Company will promptly forward any such nominations to the Nominating and Corporate Governance Committee. Once the Nominating and Corporate Governance Committee receives the nomination of a candidate, the candidate will be evaluated and a recommendation with respect to such candidate will be delivered by the Nominating and Corporate Governance Committee to the Board. Nominations not made in accordance with the foregoing policy shall be disregarded by the Nominating and Corporate Governance Committee and any votes cast for such disregarded nominee shall not be counted.

Composition and Responsibilities of the Board

The Company's business, property and affairs are managed under the direction of the Board. Members of the Board are kept informed of the Company's business through discussions with the CEO and other officers of the Company, by reviewing materials provided to them, by visiting the Company's locations and by participating in meetings of the Board and its committees and the Company's annual general meeting of shareholders.

#### Size of the Board

The Board has been given the authority under the Company's Articles of Association to set the size of the Board. The Board has set the Board size at nine directors and the Board currently consists of nine directors. The Board periodically reviews the appropriate size of the Board and, in accordance with the Company's Articles of Association, this number may be adjusted from time to time by the Board.

#### Director Compensation

It is the general policy of the Board that director compensation should be a mix of cash and equity-based compensation. Full-time employee directors do not receive additional compensation for Board membership over and above their regular employee compensation. Independent directors may not receive consulting, advisory or other compensatory fees from the Company if the receipt of such fees would result in disqualifying the director as an "independent" director in accordance with the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq. To the extent practicable or required by applicable rule or regulation, independent directors who are affiliated with the Company's service providers or partners or collaborators will undertake to ensure that their compensation from such providers or partners or collaborators does not include amounts connected to payments by the Company. The Compensation Committee periodically reviews director compensation in consultation with its independent compensation consultant and evaluates comparable market data for director compensation. Based on this review and evaluation, the Compensation Committee makes recommendations regarding director compensation to the Board. The Board retains the ultimate authority to determine the form and amount of director compensation. For additional information regarding director compensation, see the discussion under the heading "Director Compensation" below.

### Board's Role in Risk Oversight

Assessing and managing risk is the responsibility of our management and our Board oversees and reviews various aspects of the Company's risk management efforts. The Board executes its oversight responsibility for the Company's risk management directly and through its Board committees, as set forth below:

Each year, the Board holds a meeting with the Chairman of the Board and CEO to discuss and review the Company's mid- to long-term operating plans and overall corporate strategy, including a discussion of key risks to such plans and strategy and ways to mitigate such risks. The involvement of the Board in reviewing, and providing feedback on, the Company's business strategy is critical to the determination of the types and appropriate levels of risk undertaken by the Company. In addition, on an informal basis and as part of the regularly scheduled Board meetings, the Board discusses and provides feedback regarding the strategic direction and the issues and opportunities facing the Company in light of trends and developments in the industry and the general business environment. In addition, the Company's Chief Risk Officer, or his designee, provides an annual overview to the Board of the results of the Company's annual enterprise risk management assessment, which is discussed in greater detail annually by the Audit and Risk Committee, as described below.

The Audit and Risk Committee is responsible for overseeing the Company's financial, accounting and enterprise risk management programs and policies, as set forth in its charter. As part of fulfilling these responsibilities, the Audit and Risk Committee meets regularly with PwC, our independent auditor and accounting firm, and members of management and other Company employees, including our Chief Financial Officer and members of our legal and financial compliance departments, to assess the integrity of our financial reporting processes, internal controls and actions taken to monitor and control risks related to such matters. The Audit and Risk Committee also regularly meets with PwC in executive session, without management present. The Board and the Audit and Risk Committee receive regular assessments from management as to our policies and internal procedures designed to promote compliance with laws and regulations affecting our business and the results of our internal auditing and monitoring practices in this regard. In addition, the Audit and Risk Committee engages in a regular review of our enterprise risk management process and discusses, on an as-needed basis, any risks identified by such process or otherwise identified, including an evaluation of any such risks and mitigation activities put in place in reference thereto. On an ongoing basis, members of the Audit and Risk Committee have direct access to our Chief Risk Officer, who is responsible for our enterprise risk management process.

The Compensation Committee is responsible for reviewing and evaluating risks related to our compensation programs, policies and practices. For additional discussion of the Company's efforts to manage compensation-related risks, see the discussion under the heading "Risk Assessment Concerning Compensation Practices and Policies" below. The Nominating and Corporate Governance Committee is responsible for reviewing our governance practices, policies and programs, including director and management succession planning, recruiting and other areas that may impact our risk profile from a governance perspective.

The Board has adopted a Compliance Policy Statement, pursuant to Section 225 of the Companies Act. On an annual basis, our directors will review the Company's arrangements and structures intended to secure material compliance with the Company's relevant obligations under applicable Irish corporate and tax laws.

In performing their risk oversight functions, each Board committee has full access to management, including our Chief Risk Officer, as well as the ability to engage outside advisors.

Succession Plan

The Chairman of the Board reviews succession planning and management development annually with the Board or a subset of directors designated by the Board.

### Scheduling and Selection of Agenda Items for Board Meetings

In-person Board meetings are scheduled in advance at least four times a year. Furthermore, additional Board meetings may be called upon appropriate notice at any time to address specific needs of the Company. Each director may propose the inclusion of items on the agenda, request the presence of, or a report by, any member of the Company's management, or at any Board meeting raise subjects that are not on the agenda for that meeting. The Lead Independent Director approves the agenda in advance of each Board meeting. The Board may also take action from time to time by unanimous written consent.

The meetings of the Board are typically held at the Company's headquarters in Dublin, Ireland, but occasionally meetings may be held at other locations at the discretion of the Board.

### Board Committees

The Board currently has three standing committees: Audit and Risk Committee, Compensation Committee, and Nominating and Corporate Governance Committee. There will, from time to time, be occasions on which the Board may form a new committee or disband a current committee depending upon the circumstances. The Audit and Risk Committee, Compensation Committee and Nominating and Corporate Governance Committee are each composed entirely of independent directors.

Each standing committee of the Board has a written charter, approved by the Board, which describes the committee's general authority and responsibilities. A current copy of each charter is available on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>. Each standing committee of the Board undertakes an annual review of its charter and works with the Board to make such revisions as it and the Board consider appropriate.

Each committee of the Board has the authority to engage outside experts, advisors and counsel, or to establish subcommittees, in each case to the extent it considers appropriate to assist the committee in its work.

### Assignment of Committee Members

The Board is responsible for the appointment of standing committee members. The Nominating and Corporate Governance Committee recommends candidates to the Board for appointment to the Board's standing committees, as well as for the chairs of such committees.

#### Frequency and Length of Committee Meetings and Committee Agenda

The chair of each Board committee, in consultation with the Chairman of the Board and appropriate members of management, will determine the frequency and length of each committee meeting and develop the committee's agenda for each meeting. The agendas and meeting minutes of the Board committees are available to the full Board, and other Board members are welcome to attend Board committee meetings, except that non-independent directors are not permitted to attend the executive sessions of any Board committee.

Each Board committee regularly reports to the Board concerning such committee's activities.

Policies Governing Security Holder Communications with the Board

The Board provides to every security holder the ability to communicate with the Board as a whole, and with individual directors on the Board, through an established process for security holder communication (as that term is defined by the rules of the SEC) as follows:

For communications directed to the Board as a whole, security holders may send such communications to the attention of the Chairman of the Board through one of the two methods listed below:

By mail (including courier or expedited delivery service) to:

Alkermes plc

Connaught House

1 Burlington Road

Dublin 4, Ireland

Attn: Chairman of the Board of Directors

By facsimile at:

+ 353 1 772-8001

Attn: Chairman of the Board of Directors

For security holder communications directed to an individual director in his or her capacity as a member of the Board, security holders may send such communications to the attention of the individual director through one of the two methods listed below:

By mail (including courier or expedited delivery service) to:

Alkermes plc

Connaught House

1 Burlington Road

Dublin 4, Ireland

Attn: [Name of Individual Director]

By facsimile at:

+ 353 1 772-8001

Attn: [Name of Individual Director]

The Company will forward any such security holder communications to the Chairman of the Board, as a representative of the Board, and/or to the director to whom the communication is addressed. The Company will forward such communication by certified mail to an address specified by the applicable director and/or the Chairman of the Board for such purposes or by secure electronic transmission.

#### Policy Governing Director Attendance at Annual General Meetings of Shareholders

The Board has a policy that all directors and all nominees for election as directors attend the Company's annual general meetings of shareholders in person. All directors attended the Company's 2018 Annual General Meeting of Shareholders.

Code of Business Conduct and Ethics

The Company has a Code of Business Conduct and Ethics, a “code of ethics” (as defined by the regulations promulgated under the Securities Act of 1933, as amended (the “Securities Act”), and the Exchange Act) that applies to all of the Company’s directors and employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and that also meets the requirements of a “code of conduct” (as defined by the rules of Nasdaq) applicable to all of the Company’s officers, directors and employees. A current copy of this Code of Business Conduct and Ethics is available on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>. We intend to disclose any amendments to our Code of Business Conduct and Ethics, or any waivers of its requirements, on our website. A copy of our Code of Business Conduct and Ethics may also be obtained, free of charge, from the Company upon request directed to: Alkermes plc, Attention: Investor Relations, Connaught House, 1 Burlington Road, Dublin 4, Ireland.

Members of the Board shall act at all times in accordance with the requirements of the Company’s Code of Business Conduct and Ethics, which shall be applicable to each director in connection with his or her activities relating to the Company. This obligation shall at all times include, without limitation, adherence to the Company’s policies with respect to conflicts of interest, confidentiality, protection of the Company’s assets, interactions with government officials and healthcare professionals, ethical conduct in business dealings and respect for and compliance with applicable law. Any waiver of the requirements of the Code of Business Conduct and Ethics shall be subject to the approval of the Board.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Our Board held five meetings during 2018. Each of the Company's directors attended at least 75% of the aggregate of all meetings of the Board and the committee(s) on which such director served during 2018. The standing committees of the Board are the Audit and Risk Committee, the Nominating and Corporate Governance Committee and the Compensation Committee.

Audit and Risk Committee

The Audit and Risk Committee consists of Paul J. Mitchell, Floyd E. Bloom, M.D. and Robert A. Breyer, each of whom is independent as defined by Rule 5605(a)(2) and as required under Rule 5605(c)(2) of Nasdaq's listing standards, as well as under the applicable requirements of the Exchange Act. Mr. Mitchell is the chair of the Audit and Risk Committee. In compliance with the Sarbanes-Oxley Act of 2002, the Board has determined, based on available facts and circumstances, that Mr. Mitchell and Mr. Breyer are "audit committee financial experts" as defined by the SEC. The Audit and Risk Committee held five meetings during 2018.

The Audit and Risk Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>. Under the terms of its current charter, the Audit and Risk Committee's responsibilities include: (1) appointing, compensating and retaining our independent auditor and accounting firm; (2) overseeing the work performed by our independent auditor and accounting firm; (3) assisting the Board in fulfilling its responsibilities by: (i) reviewing the financial reports we provide to the SEC, our shareholders or to the general public, (ii) reviewing our internal financial and accounting controls and (iii) reviewing all related-party transactions; (4) overseeing the procedures of the Company designed to improve the quality and reliability of the disclosure of our financial condition and results of operations; (5) assessing and providing oversight to management relating to the identification and evaluation of major strategic, operational, regulatory, compliance and external risks inherent to our business; and (6) reviewing procedures of the Company designed to facilitate: (i) the receipt, retention and treatment of complaints relating to accounting, internal accounting controls or auditing matters and (ii) the receipt of confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters. The Audit and Risk Committee will engage and determine compensation for advisers as necessary, direct the distribution of funding provided by the Company, and serve as the Qualified Legal Compliance Committee in accordance with Section 307 of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated by the SEC thereunder. The Audit and Risk Committee will evaluate the performance of the independent accounting firm, ensure regular rotation of the audit partners from the independent accounting firm and consider the discharge of the independent auditor and accounting firm when circumstances warrant. Additionally, the Audit and Risk Committee is responsible for review and approval, in advance, of any and all audit and non-audit services to be performed by our independent auditor and accounting firm. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit and Risk Committee. All services provided by PwC during 2018 were pre-approved by the Audit and Risk Committee.

## Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Wendy L. Dixon, Ph.D., Robert A. Breyer and Nancy Snyderman, M.D., each of whom is independent as defined in Rule 5605(a)(2) of the Nasdaq listing standards. Dr. Dixon is the chair of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held five meetings during 2018.

The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>. Under the terms of its current charter, the Nominating and Corporate Governance Committee's responsibilities include: (1) identifying individuals qualified to become members of the Board and recommending that the Board select the director nominees for election by our shareholders; (2) periodically reviewing our Code of Business Conduct and Ethics applicable to all directors, officers and employees and our Share Ownership and Holding Guidelines; (3) monitoring compliance with our Code of Business Conduct and Ethics and our Share Ownership and Holding Guidelines; (4) periodically reviewing our Corporate Governance Guidelines and related matters; (5) facilitating the annual evaluation of the Board and its committees; and (6) reviewing all shareholder proposals submitted to the Company and recommending appropriate action to the Board.

Compensation Committee

The members of the Compensation Committee are David W. Anstice AO, Paul J. Mitchell and Nancy J. Wysenski, each of whom is independent as defined in Rule 5605(a)(2) of the Nasdaq listing standards. Mr. Anstice is the chair of the Compensation Committee. The Compensation Committee held nine meetings during 2018. In determining the members of the Compensation Committee, the Board considers whether the members qualify as “non-employee directors” as defined in Rule 16b-3 under the Exchange Act and as “outside directors” as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”).

The Compensation Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>. Under the terms of its current charter, the Compensation Committee’s responsibilities include: (1) discharging the Board’s responsibilities relating to the compensation of our executives; (2) administering our incentive compensation and equity plans; (3) producing an annual report on executive compensation for inclusion in our proxy statement in accordance with applicable rules and regulations; (4) reviewing and discussing with our management our executive compensation disclosure (including our disclosure under “Executive Compensation—Compensation Discussion and Analysis”) included in reports and registration statements filed with the SEC; (5) directing the appointment and compensation, and overseeing the work, of any compensation consultant, legal counsel or other adviser retained by the Compensation Committee, with the Company required to provide for appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to any such compensation consultant, legal counsel or other adviser; and (6) evaluating and recommending to the Board appropriate compensation for our directors and ensuring proper disclosure of payments to our directors other than in their capacity as directors. The Compensation Committee also administers the Company’s Clawback Policy.

The Compensation Committee has established procedures for the grant of equity awards, including grants of equity awards to eligible new employees. In February 2018, the Compensation Committee re-confirmed the Limited Compensation Sub-Committee, consisting solely of David W. Anstice AO, and delegated to such sub-committee the authority to make individual grants of equity awards, up to certain specified amounts, to employees of the Company who are not subject to the reporting requirements of the Exchange Act and who are not at the level of Vice President or more senior of the Company. The Limited Compensation Sub-Committee grants equity awards to eligible new hires on the first Wednesday following the first Monday of each month (or the first business day thereafter if such day is a holiday), also known as the New Hire Grant Date, for all equity-eligible new hires who began their employment the prior month. The Limited Compensation Sub-Committee has the authority to approve new hire employee equity awards of up to 25,000 shares per individual. New hire grants that exceed the authority of the Limited Compensation Sub-Committee will be granted by the full Compensation Committee, either on the New Hire Grant Date or, if not possible, as soon as practicable thereafter. All actions taken by the Limited Compensation Sub-Committee in 2018 were by unanimous written consent.

In June 2017, the Compensation Committee created the Key Contributor Award Committee, consisting solely of our CEO, Richard F. Pops, and delegated to such committee the authority to make periodic grants of equity awards to employees outside of the annual and new hire equity grant procedures of the Company (“Key Contributor Awards”). The Compensation Committee also established guidelines regarding the timing, amount and other terms of such Key Contributor Awards. Recipients of Key Contributor Awards are selected by Mr. Pops, in consultation with other members of the Company’s management and the Company’s human resources department. Key Contributor Awards are intended to reward and retain key contributors to critical Company programs.

#### Compensation Committee Interlocks and Insider Participation

The directors who served as members of the Compensation Committee during 2018 were David W. Anstice AO (Chair), Paul J. Mitchell and Nancy J. Wysenski, none of whom is currently, or ever has been, an officer or employee of our Company, or had any relationship that is required to be disclosed in this proxy statement as a transaction with a related party. During 2018, none of our executive officers served as a member of the board of directors or the compensation committee (or other board committee performing equivalent functions) of any entity that had one or more of its executive officers serving on our Compensation Committee or our Board.

PROPOSAL 2

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

(Ordinary resolution)

Our Compensation Discussion and Analysis, which appears later in this proxy statement, describes our executive compensation program and the compensation decisions that the Compensation Committee made with respect to the compensation of our named executive officers for 2018. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. As required pursuant to Section 14A of the Exchange Act, our Board is asking that our shareholders cast a non-binding, advisory vote FOR the following resolution:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, and related compensation tables and narrative discussion.”

Our Board is asking that shareholders support this Proposal 2. Because this proposal asks for a non-binding, advisory vote, there is no “required vote” that would constitute approval. Although the vote you are being asked to cast is advisory, and therefore non-binding, we value the views of our shareholders, and the Compensation Committee will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our named executive officers. Abstentions and broker non-votes will not have any effect on the results of those deliberations.

In 2018, we submitted our executive compensation program to an advisory vote of our shareholders, and it received the support of over 97% of the votes cast at our 2018 Annual General Meeting of Shareholders.

The Board unanimously recommends that you vote FOR the advisory approval of our executive compensation.

PROPOSAL 3

NON-BINDING RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR  
AND ACCOUNTING FIRM AND BINDING AUTHORIZATION OF AUDIT AND RISK COMMITTEE  
TO SET INDEPENDENT AUDITOR AND ACCOUNTING FIRM'S REMUNERATION

(Ordinary resolution)

PwC served as our independent auditor and accounting firm for 2018. The Audit and Risk Committee reviewed and discussed the performance of PwC as the Company's independent auditor and accounting firm for 2018. Following such review and discussion, the Audit and Risk Committee has retained PwC to serve as the Company's independent auditor and accounting firm for 2019. Although we are not required to submit the appointment of PwC for shareholder approval, as a matter of good corporate governance, the Board, upon the recommendation of the Audit and Risk Committee, has determined to submit its selection of PwC for ratification by the Company's shareholders and to ask that the Company's shareholders authorize the Audit and Risk Committee to set the independent auditor and accounting firm's remuneration. Even if the selection of PwC is ratified, the Audit and Risk Committee, in its discretion, may still select a different independent auditor and independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Under Irish law, the resolution in respect of the authorization component of this Proposal 3 is an ordinary resolution that requires the affirmative vote of the majority of the votes cast (meaning the number of shares voted "for" this Proposal 3 must exceed the number of shares voted "against" this Proposal 3). Abstentions will have no effect on the outcome of this Proposal 3 because they are not considered as votes cast. As we believe that this proposal is considered to be "routine" under NYSE Rules, we do not expect any broker non-votes on this Proposal 3.

A representative of PwC is expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if he or she so desires, and to respond to appropriate questions.

The text of the resolution in respect of Proposal 3 is as follows:

"RESOLVED, to ratify, on a non-binding, advisory basis, the appointment of PricewaterhouseCoopers LLP as the independent auditor and accounting firm of Alkermes plc and to authorize, in a binding vote, the Audit and Risk Committee to set such independent auditor and accounting firm's remuneration."

The Board unanimously recommends that you vote FOR the non-binding ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor and accounting firm and the binding authorization of the Audit and Risk Committee to set the independent auditor and accounting firm's remuneration.

PROPOSAL 4

APPROVAL OF

ALKERMES PLC 2018 STOCK OPTION AND INCENTIVE PLAN, AS AMENDED

(Ordinary resolution)

Overview

Our Board is requesting shareholder approval of the Alkermes plc 2018 Stock Option and Incentive Plan (the “2018 Plan”), as proposed to be amended in accordance with this Proposal 4, to make the following material changes:

to increase the number of ordinary shares authorized for issuance thereunder by 5,200,000, for an aggregate of 9,600,000 ordinary shares authorized for issuance thereunder (subject to adjustment for stock splits, stock dividends and similar events); and

to increase the number of ordinary shares that may be awarded in the form of incentive stock options thereunder from 4,400,000 to 9,600,000 (subject to adjustment for stock splits, stock dividends and similar events).

The 2018 Plan was first adopted by our Board on March 29, 2018. The 2018 Plan was approved by our shareholders on May 23, 2018 and became effective as of such date.

The 2018 Plan, as proposed to be amended in accordance with this Proposal 4, is attached as Appendix A to this proxy statement and is incorporated herein by reference. For purposes of this Proposal 4, we refer to the 2018 Plan, as proposed to be amended in accordance with this Proposal 4, as the “Amended 2018 Plan.”

Why do we believe our shareholders should approve the Amended 2018 Plan (including the increased number of shares authorized for issuance thereunder)?

1. We believe the size of our share reserve increase request is reasonable.

The size of our share reserve increase request for the Amended 2018 Plan is 5,200,000 ordinary shares. We expect our request will provide us with sufficient ordinary shares to support one year of equity awards at our current market value. Equity awards are key to attracting and retaining employees integral to the successful development of our clinical pipeline, the commercialization of our products and the accomplishment of transformative business transactions. Our compensation philosophy with respect to equity is to target the 50<sup>th</sup> percentile by value, as determined using the Black-Scholes option pricing model and market prices for restricted stock unit awards, of our comparable peer group, with the opportunity to increase or decrease the value of equity from the 50<sup>th</sup> percentile based upon performance. If our request is not approved, we do not expect to have sufficient ordinary shares to support our next round of annual equity awards at our current market value.

2. Equity awards are integral to our compensation program and to our success.

a. We have built, and continue to devote significant resources to further develop and enhance, a comprehensive cross-functional infrastructure designed to support product development from discovery through commercialization and lifecycle management. We currently conduct development activities to advance a pipeline of potential new proprietary products and commercialize VIVITROL for the treatment of alcohol dependence and opioid dependence, ARISTADA for the treatment of schizophrenia, and ARISTADA INITIO for initiation onto ARISTADA for the treatment of schizophrenia. We seek to attract, hire and retain qualified and highly skilled personnel with experience in research and development (“R&D”), including expanded discovery and clinical development capabilities; intellectual property prosecution, enforcement and defense; medical affairs; manufacturing operations; federal and state government affairs; and sales and marketing, including managed markets, patient access services, hospital sales, and field reimbursement services. Competition for such personnel in our industry and the geographic regions in which we operate is intense, with numerous companies also developing, launching or marketing products, including products that compete directly with our products.

Table of Contents

b. Equity awards have been, and we believe will continue to be, an integral component of our overall compensation program, enabling us to attract qualified and skilled employees and directors, retain our existing employees, including our experienced management team, and provide incentives for our employees to exert maximum efforts for our success, ultimately contributing to an increase in shareholder value.

3. We manage our equity award use carefully.

As of the Record Date, our full dilution, which is calculated as (shares available for grant + shares subject to outstanding equity awards) / (shares outstanding + shares available for grant + shares subject to outstanding equity awards), is 14.1%. This is despite the fact that a majority of the ordinary shares underlying our outstanding stock option awards as of the Record Date are subject to vested, yet unexercised, options, approximately 47% of which have a weighted average exercise price less than the closing price of our ordinary shares on Nasdaq as of the Record Date. See the Outstanding Stock Option Awards table on page 31. We believe that this is a bullish indicator as to executive and employee confidence in the future of the Company and provides executives and employees with added incentive to increase the ordinary share price and create shareholder value.

The following two tables provide certain additional information regarding our equity incentive program.

	As of the Record Date
Total number of ordinary shares subject to outstanding stock options	16,826,532
Weighted-average exercise price of outstanding stock options	\$39.55
Weighted-average remaining term of outstanding stock options	6.41 years
Total number of ordinary shares subject to outstanding full value awards	4,398,316

	2018	2017	2016
Adjusted Burn Rate <sup>(1)</sup>	3.09 %	2.01 %	3.34 %
Unadjusted Burn Rate <sup>(2)</sup>	2.55 %	1.78 %	2.83 %

(1) Adjusted Burn Rate is calculated as: (shares subject to stock options granted + shares subject to full value awards granted)/weighted average ordinary shares outstanding. For purposes of this calculation, shares subject to full value awards granted are increased by a 1.5x volatility multiplier for each of 2016-2018. However, the share reserve under both the 2018 Plan and the 2011 Plan are reduced by 1.8 ordinary shares for each ordinary share issued pursuant to a full value award.

(2) Unadjusted Burn Rate is calculated as: (shares subject to stock options granted + shares subject to full value awards granted)/weighted average ordinary shares outstanding.

Important Aspects of the Amended 2018 Plan Designed to Protect our Shareholders' Interests

The Amended 2018 Plan contains certain provisions, including those set forth below, designed to protect our shareholders' interests and reflect corporate governance best practices. These provisions, and the description of certain features of the Amended 2018 Plan contained in this Proposal 4, are intended to be summaries only and are qualified in their entirety by the full text of the Amended 2018 Plan attached hereto as Appendix A.

Shareholder approval is required for additional shares. The Amended 2018 Plan does not contain an annual "evergreen" provision. Thus, shareholder approval is required each time we need to increase the share reserve, allowing our shareholders the ability to have a say on our equity compensation programs.

Table of Contents

Share counting provisions. The share reserve under the Amended 2018 Plan is reduced by one ordinary share for each ordinary share issued pursuant to a stock option or stock appreciation right and by 1.8 ordinary shares for each ordinary share issued pursuant to a full value award. This helps to ensure that management and the Compensation Committee are using the share reserve effectively and with regard to the value of each type of equity award. The Amended 2018 Plan also prohibits liberal share recycling, meaning shares tendered or held back upon exercise of a stock option or stock appreciation right or settlement of an award to cover the exercise price or tax withholding for such award are not added back to the number of shares available for issuance under the Amended 2018 Plan.

Flexibility in designing equity compensation scheme. The Amended 2018 Plan allows us to provide a broad array of equity incentives, including traditional option grants, stock appreciation rights, restricted stock awards, restricted stock unit awards, cash-based awards and performance share awards. By providing this flexibility, we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.

No right to vote or receive dividends. Until shares are delivered in accordance with the Amended 2018 Plan, no right to vote or receive dividends or any other rights of a shareholder will exist with respect to shares to be issued in connection with equity awards.

No option or SAR repricing. The Amended 2018 Plan explicitly prohibits repricing options and stock appreciation rights in any manner without shareholder approval, including cancelling awards in exchange for cash or another award.

Minimum 1-year vesting requirement. Under the Amended 2018 Plan, options and stock appreciation rights are not exercisable, and restricted stock awards and restricted stock unit awards do not vest, until at least one year from the grant date, and restricted stock awards and time-vesting restricted stock unit awards cannot fully vest until at least three years from the grant date.

Equity Clawback. Equity awards granted to our named executive officers under the Amended 2018 Plan are subject to our clawback policy, as in effect from time to time. A current copy of the Clawback Policy can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>.

Required Vote

The resolution in respect of this Proposal 4 is an ordinary resolution that requires the affirmative vote of the majority of the votes cast (meaning the number of shares voted “for” this Proposal 4 must exceed the number of shares voted “against” this Proposal 4). Abstentions and broker non-votes will have no effect on the outcome of this Proposal 4 because they are not considered as votes cast.

Recommendation

The text of the resolution in respect of Proposal 4 is as follows:

“RESOLVED, that the Alkermes plc 2018 Stock Option and Incentive Plan, as amended, be APPROVED.”

The Board unanimously recommends that you vote FOR approval of the Amended 2018 Plan.

Principal Features of the Amended 2018 Plan

The material features of the Amended 2018 Plan are as set forth below:

The Amended 2018 Plan will be administered by either the Compensation Committee or by a similar committee performing the functions of the Compensation Committee and which is comprised of not less than two independent, non-employee directors (in either case, the “Administrator”). The Administrator, in its discretion, may grant a variety of incentive awards based on our ordinary shares. The Administrator may delegate its authority and duties with respect to the granting of awards to a subcommittee of one or more members of the Board.

The award of stock options (both incentive and non-qualified stock options), stock appreciation rights, restricted stock unit awards, restricted stock awards, cash-based awards and performance share awards is permitted.

For purposes of determining the number of our ordinary shares available for issuance under the Amended 2018 Plan, (a) the grant of any full value award (i.e., an award other than a stock option or stock appreciation right) is deemed an award of 1.8 ordinary shares for each such ordinary share actually subject to the award and shall be treated similarly if added back to the number of shares available for issuance when forfeited or canceled under the Amended 2018 Plan, and (b) the grant of a stock option or stock appreciation right is deemed as an award of one ordinary share for each such ordinary share actually subject to the award and shall be treated similarly if added back to the number of shares available for issuance when forfeited or canceled under the Amended 2018 Plan.

Our Board may at any time amend or discontinue the Amended 2018 Plan, and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the award holder’s consent. Additionally, no option or stock appreciation right may be repriced in any manner without shareholder approval. Amendments to the Amended 2018 Plan will be subject to approval by our shareholders to the extent required under the rules of any securities exchange or market system on which our ordinary shares are listed. Amendments shall also be subject to approval by our shareholders if and to the extent such approval is determined by the Administrator to be required by the Code in order to preserve the qualified status of incentive stock options.

Based solely on the closing price of our ordinary shares as reported on Nasdaq on the Record Date, the aggregate market value of the 9,600,000 shares, representing the maximum number of ordinary shares that may be issued under the Amended 2018 Plan, is approximately \$335 million. For purposes of this limitation, shares underlying any awards that are forfeited, canceled, repurchased or otherwise terminated (other than by exercise) will be added back to the number of shares available for issuance under the Amended 2018 Plan. Shares tendered or held back upon exercise of an option or stock appreciation right or settlement of an award to cover the exercise price or tax withholding for such award are not added back to the number of shares available for issuance under the Amended 2018 Plan. In addition, shares purchased in the open market with proceeds from the exercise of options or stock appreciation rights will not be added to the number of shares available for issuance under the Amended 2018 Plan. The shares issued under the Amended 2018 Plan may be issued from treasury or otherwise.

Summary of the Amended 2018 Plan

Plan Administration. The Administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Amended 2018 Plan. The Administrator may also determine and modify the terms and conditions, including restrictions, not inconsistent with the terms of the Amended 2018 Plan, of any award and accelerate the exercisability or vesting of all or any portion of any award, except that within the minimum vesting periods described below, vesting may be accelerated only in the case of a grantee's death, disability or retirement or upon a Sale Event (as defined in the Amended 2018 Plan). The Administrator may also delegate to a subcommittee comprised of one or more members of the Board all or part of the Administrator's authority and duties with respect to the granting of awards to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act. Any such delegation by the Administrator shall include a limitation as to the amount

Table of Contents

of awards that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price, if applicable, and the vesting criteria.

**Eligibility and Limitations on Grants.** Persons eligible to participate in the Amended 2018 Plan will be those officers, employees, non-employee directors and consultants of the Company and its subsidiaries as selected from time to time by the Administrator. The intention in making awards to eligible persons under the Amended 2018 Plan will be to align the compensation of these individuals over a multi-year period directly with the interests of our shareholders and serve as a tool in the recruiting and retention of these individuals.

As of the Record Date, we (including our subsidiaries) had approximately 2,380 employees, including officers, 8 non-employee directors, and approximately 500 consultants.

The maximum number of ordinary shares that can be awarded in the form of incentive stock options under the Amended 2018 Plan will not exceed 9,600,000 shares (subject to adjustment for stock splits, stock dividends and similar events).

**Stock Options and Stock Appreciation Rights.** The Amended 2018 Plan permits the granting of (1) stock options intended to qualify as incentive stock options under Section 422 of the Code, (2) stock options that do not so qualify and (3) stock appreciation rights. Options granted under the Amended 2018 Plan will be non-qualified options if they fail to qualify as incentive stock options or exceed the annual limit on incentive stock options. Non-qualified options and stock appreciation rights may be granted to any persons eligible to receive incentive stock options and to non-employee directors and consultants. The exercise price of each option and stock appreciation right will be determined by the Administrator but may not be less than 100% of the fair market value of our ordinary shares on the date of grant; provided, however, that for any incentive stock option granted to an employee who, at the time of grant, owns or is deemed to own shares possessing more than 10% of our total combined voting power or that of any subsidiary (a "10% Owner"), such exercise price may not be less than 110% of the fair market value of our ordinary shares on the date of grant.

The term of each option and stock appreciation right will be fixed by the Administrator and may not exceed ten years from the date of grant; provided, however, that for any incentive stock option granted to a 10% Owner, such term may not exceed five years from the date of grant. Options and stock appreciation rights may be subject to such conditions and restrictions as the Administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Company through a specified vesting period. The Administrator will determine at what time or times each option and stock appreciation right may be exercised. Options and stock appreciation rights may be made exercisable in installments, provided they shall not be exercisable for a period of at least one year from the date of grant. Options and stock appreciation rights may be exercised in whole or in part with written or electronic notice to the Company's delegate. Upon exercise of non-qualified stock options,

unless otherwise determined by the Administrator, the purchase price must be paid through a net reduction in the number of ordinary shares issuable upon such exercise, based on the fair market value of our ordinary shares on the date of exercise. Upon exercise of incentive stock options and those non-qualified options for which the Administrator elects not to utilize the above payment method, the option exercise price may be paid in full either in cash, by certified or bank check or other instrument acceptable to the Administrator or by delivery (or attestation to the ownership) of ordinary shares that are beneficially owned by the optionee based on the fair market value of our ordinary shares on the date of exercise or, subject to applicable law, by delivery to the Company of an exercise notice together with irrevocable instructions to a broker to promptly deliver cash or a check payable to the Company for the purchase price. The appreciation distribution payable on the exercise of a stock appreciation right will be not greater than an amount equal to the excess of (i) the fair market value (on the date of exercise) of a number of shares equal to the number of share equivalents being exercised under the stock appreciation right, over (ii) the exercise price of such share equivalents. The appreciation distribution may be paid in ordinary shares, in cash, in any combination of the two or in any other form of consideration determined by the Administrator and set forth in the award agreement.

To qualify as incentive stock options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of our ordinary shares subject to incentive stock options that first become exercisable by a participant in any one calendar year.

Table of Contents

**Restricted Stock Unit Awards.** The Administrator may award stock units as restricted stock unit awards to participants. Restricted stock unit awards are ultimately payable in the form of ordinary shares and may be subject to such conditions and restrictions as the Administrator may determine, subject to a mandatory minimum period of one year from the date of grant before any such award vests. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Company through a specified vesting period. Awards with time-based restrictions are subject to a mandatory minimum period of three years from the date of grant before such award vests in its entirety, provided that after twelve months, the vesting of such award can occur incrementally over the three-year period. To the extent a restricted stock unit award is subject to Section 409A of the Code, it may contain such additional terms and conditions as the Administrator shall determine in order for such award to comply with the requirements of Section 409A.

The Administrator, in its sole discretion, may permit a grantee to elect to receive a portion of future cash compensation otherwise due to such grantee in the form of a restricted stock unit award. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with Section 409A and such other rules and procedures established by the Administrator. Any such future cash compensation that the grantee elects to defer shall be converted to a fixed number of phantom stock units (which may be fully vested) based on the fair market value of our ordinary shares on the date the compensation would otherwise have been paid to the grantee if such payment had not been deferred.

**Restricted Stock.** The Administrator may award ordinary shares as restricted stock to participants, subject to such conditions and restrictions as the Administrator may determine, subject to a mandatory minimum period of one year from the date of grant before any such award vests. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified restricted period. Awards with time-based restrictions are subject to a mandatory minimum period of three years from the date of grant before such award vests in its entirety, provided that after twelve months, the vesting of such award can occur incrementally over the three-year period.

**Cash-Based Awards.** Each cash-based award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Administrator. Payment, if any, with respect to a cash-based award may be made in cash or in ordinary shares, as the Administrator determines. Except as may otherwise be provided by the Administrator, a grantee's right in all cash-based awards that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its subsidiaries for any reason (including if a subsidiary ceases to be a subsidiary of the Company).

**Performance Share Awards.** The Administrator may grant performance share awards independent of, or in connection with, the granting of other awards under the Amended 2018 Plan. The Administrator, in its sole discretion, determines whether and to whom performance share awards will be granted, the performance goals subject to the award, the period during which performance is to be measured, which may not be less than one year, and such other conditions as the Administrator shall determine. Upon the attainment of the performance goal, the grantee is entitled

to receive ordinary shares.

**Performance-Based Awards.** The Administrator may grant performance-based awards under the Amended 2018 Plan (consisting of restricted stock awards, restricted stock unit awards, cash-based awards or performance share awards) that are payable upon the attainment of performance goals established by the Administrator. The Administrator will define the manner of calculating the performance criteria it selects to use for any performance goals, which may be expressed in terms of overall performance of the Company or the performance of a subsidiary, division, business unit, or an individual. The performance criteria that may be used to establish such performance goals are the following: earnings before interest, taxes, depreciation and amortization, net income (loss) (either before or after interest, taxes, depreciation and/or amortization), changes in the market price of our ordinary shares, economic value-added, initiation or completion of clinical trials, results of clinical trials, drug development or commercialization milestones, collaboration milestones, operational measures including production capacity and capability, hiring and retention of key managers, expense management, capital raising transactions, sales or revenue, acquisitions or strategic transactions, operating income (loss), cash flow (including, but not limited to, operating cash flow and free cash flow), return on capital, assets, equity, or investment, stockholder returns, gross or net profit levels, operating margins, earnings (loss) per ordinary share, sales or

Table of Contents

market shares, and any other measures of performance selected by the Administrator, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group.

The Administrator may adjust or modify the calculation of any performance goals to make adjustments deemed appropriate by the Administrator, including but not limited to, in order to prevent the dilution or enlargement of the rights of an individual (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development, (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or its subsidiaries, or the financial statements of the Company or its subsidiaries, or (iii) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions.

**Tax Withholding.** Participants in the Amended 2018 Plan are responsible for the payment of any federal, national, state or local taxes that the Company is required by law to withhold upon any option or stock appreciation right exercise or vesting of other awards. The Company has the right to deduct any such taxes from any payment otherwise due to a grantee, including the right to reduce the number of ordinary shares otherwise required to be issued to the grantee in an amount that, on the date of issuance, would have a fair market value equal to all such taxes required to be withheld by the Company.

**Change in Control Provisions.** Under the terms of the Amended 2018 Plan, the Administrator has the authority to determine the conditions under which any award under the Amended 2018 Plan will become exercisable in the event of a Sale Event (as defined in the Amended 2018 Plan) at the time of grant of such award. Except to the extent the Administrator determines otherwise at the time of grant, the Amended 2018 Plan provides that all stock options and stock appreciation rights that are not exercisable immediately prior to the effective time of the Sale Event shall become fully exercisable as of the effective time of the Sale Event; all other awards with time-based vesting, conditions or restrictions shall become fully vested and nonforfeitable as of the effective time of the Sale Event; and all awards with conditions and restrictions relating to the attainment of performance goals may become vested and nonforfeitable in connection with a Sale Event in the Administrator's discretion. In addition, in the event of a Sale Event in which the Company's shareholders will receive cash consideration, the Company may make or provide for a cash payment to participants holding vested stock options or stock appreciation rights equal to the difference between the per share cash consideration and the exercise price of any vested stock option or stock appreciation right.

**Shareholder Rights.** Until shares are delivered in accordance with the Amended 2018 Plan, no right to vote or receive dividends or any other rights of a shareholder will exist with respect to shares to be issued in connection with equity awards, notwithstanding the exercise of a stock option or stock appreciation right or any other action by the grantee with respect to an equity award.

**Amendments and Termination.** Our Board may at any time amend or discontinue the Amended 2018 Plan, and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the award holder's consent. Amendments will be subject to approval by our shareholders to the extent such approval is required under the rules of any securities exchange or market system on which our ordinary shares are listed. Amendments shall also be subject to approval by our shareholders if and to the extent such approval is determined by the Administrator to be required by the Code in order to preserve the qualified status of incentive stock options. In addition, except in connection with a reorganization or other similar change in the capital shares of the Company or a merger or other transaction, without prior shareholder approval, the Administrator may not reduce the exercise price of an outstanding stock option or stock appreciation right, or effect re-pricing of an outstanding stock option or stock appreciation right through cancellation or re-grants or through cancellation in exchange for cash or another award. Unless the Amended 2018 Plan is sooner terminated, awards of incentive stock options may be granted under the Amended 2018 Plan until March 29, 2028 (which is the tenth anniversary of the date the 2018 Plan was first approved by the Board).

**Changes in Shares.** If, as a result of any reorganization, recapitalization, reclassification, share dividend, share split, reverse share split or other similar change in the Company's capital shares, the Company's outstanding ordinary shares are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such ordinary shares or other securities, or, if, as a result of any merger or consolidation, or sale of all or substantially all of the assets of the Company, the Company's outstanding ordinary shares are converted into or exchanged for securities of the Company or any successor entity (or a parent or subsidiary thereof), the Administrator will make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for

Table of Contents

issuance under the Amended 2018 Plan, including the maximum number of shares that may be issued in the form of incentive stock options, (ii) the number and kind of shares or other securities subject to any then outstanding awards under the Amended 2018 Plan, (iii) the repurchase price, if any, per share subject to each outstanding restricted stock award, and (iv) the price for each share subject to any then outstanding option and stock appreciation right, without changing the aggregate exercise price with which such option or stock appreciation right remains exercisable. The Administrator will also make equitable or proportionate adjustments in the number of shares subject to outstanding awards and the exercise price and the terms of outstanding awards to take into consideration cash dividends paid other than in the ordinary course or any other extraordinary corporate event.

New Plan Benefits under the Amended 2018 Plan

Awards granted under the Amended 2018 Plan to our executive officers, directors and other employees are discretionary and are not subject to set benefits or amounts under the terms of the Amended 2018 Plan, and our Board and Compensation Committee have not granted any awards under the Amended 2018 Plan subject to shareholder approval of this Proposal 4. Accordingly, the benefits or amounts that will be received by, or allocated to, the Company's CEO, the Company's Chief Financial Officer, the Company's five other named executive officers, all current executive officers as a group, all current directors who are not executive officers as a group, and all employees (including all current officers who are not executive officers) as a group under the 2018 Plan, are not determinable.

Plan Benefits under 2018 Plan

The total numbers of ordinary shares subject to awards that have been granted under the 2018 Plan through the Record Date to the Company's CEO, the Company's Chief Financial Officer and the Company's five other named executive officers are set forth in footnote 1 to the 2018 Grants of Plan-Based Awards table in this proxy statement. The total number of ordinary shares subject to awards that have been granted under the 2018 Plan through the Record Date to all current executive officers as a group is 1,420,100. There have been no awards granted under the 2018 Plan through the Record Date to any of the Company's current directors who are not executive officers as a group; any of the Company's nominees for election as a director; any associate of any executive officers, current directors or director nominees; or any employees (including all current officers who are not executive officers) of the Company. No person has received 5% of awards granted under the 2018 Plan.

U.S. Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences of certain transactions under the Amended 2018 Plan. It does not describe all U.S. federal tax consequences under the Amended 2018 Plan, U.S. state

or local tax consequences or tax consequences outside of the U.S. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income as well as the requirement of reasonableness, the provisions of Section 162(m) of the Code (“Section 162(m)”) and the satisfaction of our tax reporting obligations.

**Incentive Stock Options.** No taxable income is generally realized by the optionee upon the grant or exercise of an incentive stock option. If ordinary shares issued to an optionee pursuant to the exercise of an incentive stock option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (1) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (2) we will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive stock option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

An incentive stock option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply. If ordinary shares acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the two-year and one-year holding periods described above, generally (1) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the ordinary shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof, and (2) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive stock option is paid by tendering shares.

## Table of Contents

**Non-Qualified Options.** No taxable income is generally realized by the optionee upon the grant of a non-qualified option. Generally (1) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and we receive a tax deduction for the same amount, and (2) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

**Stock Appreciation Rights.** Generally, if a stock appreciation right is granted with an exercise price equal to the fair market value of the underlying shares on the grant date, the participant will recognize ordinary income equal to the fair market value of the shares or cash received upon such exercise, and we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

**Other Awards.** We will generally be entitled to a tax deduction in connection with an award under the Amended 2018 Plan in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. Participants typically are subject to income tax and recognize that tax at the time that an award is exercised, vests or becomes non-forfeitable, unless the award provides for a further deferral.

## Parachute Payments

The vesting of any portion of a stock option or other award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated award to be treated as “parachute payments” as defined in the Code. Any such parachute payments may be non-deductible to us, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payments (in addition to other taxes ordinarily payable).

## Limitation on the Company’s Deductions

Under Section 162(m) of the Code, compensation paid to any publicly held corporation’s “covered employees” that exceeds \$1 million per taxable year for any covered employee is generally non-deductible.

Prior to the enactment of the Tax Cuts and Jobs Act, Section 162(m) provided a performance-based compensation exception, pursuant to which the deduction limit under Section 162(m) did not apply to any compensation that qualified as “performance-based compensation” under Section 162(m). Pursuant to the Tax Cuts and Jobs Act, the performance-based compensation exception under Section 162(m) was repealed with respect to taxable years beginning after December 31, 2017, except that certain transition relief is provided for compensation paid pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date.

Compensation paid to each of the Company’s “covered employees” in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for the performance-based compensation exception under Section 162(m) pursuant to the transition relief described above. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the Compensation Committee, no assurance can be given that any compensation paid by the Company will be eligible for such transition relief and be deductible by the Company in the future. In addition, awards granted under the Amended 2018 Plan will not be eligible to qualify for the performance-based compensation exception under Section 162(m) pursuant to the transition relief.

A copy of the Amended 2018 Plan is attached as Appendix A to this proxy statement.

REPORT OF THE AUDIT AND RISK COMMITTEE

No portion of this audit and risk committee report shall be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

As more fully described in its charter, the Audit and Risk Committee oversees the Company's financial reporting process on behalf of the Board. Management has day-to-day responsibility for the Company's financial reporting process, including assuring that the Company develops and maintains adequate financial controls and procedures and monitoring and assessing compliance with those controls and procedures, including internal control over financial reporting. The Company's independent auditor and accounting firm is responsible for auditing the annual financial statements prepared by management, expressing an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discussing with the Audit and Risk Committee any issues they believe should be raised. The independent auditor and accounting firm is also responsible to the Audit and Risk Committee and the Board for testing the integrity of the financial accounting and reporting control systems, for issuing a report on the Company's internal control over financial reporting and for such other matters as the Audit and Risk Committee and Board determine. In addition, the independent auditor and accounting firm performs audit-related and permissible non-audit services for the Company.

In the performance of its oversight function, the Audit and Risk Committee reviewed and discussed with management and the independent auditor and accounting firm the audited consolidated financial statements of the Company for 2018, contained in the Company's Annual Report on Form 10-K. The Audit and Risk Committee discussed with PwC, the Company's independent auditor and accounting firm, the overall scope and plans for its audit. The Audit and Risk Committee met with PwC, with and without management present, to discuss the results of its examination, judgments as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and accounting estimates resulting from the application of these policies, the substance and clarity of disclosures in the financial statements, and the Company's disclosure control process and internal control over financial reporting.

The Audit and Risk Committee also discussed with PwC the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). In addition, the Audit and Risk Committee discussed with PwC the independence of PwC from management and the Company, and received the written disclosures and the letter from PwC to confirm its independence as required by applicable requirements of the PCAOB.

The Audit and Risk Committee also reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2018, which it made in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit and Risk Committee also reviewed and discussed with PwC the Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the consolidated financial statements and the effectiveness of internal control over financial reporting.

The Audit and Risk Committee monitors the activity and performance of PwC. All services to be provided by PwC are pre-approved by the Audit and Risk Committee or where permitted, a delegate thereof. The Audit and Risk Committee's evaluation of PwC included, among other things, consideration as to whether PwC's provision of permissible non-audit services to the Company is compatible with maintaining its independence.

Table of Contents

In reliance on these reviews and discussions, the Audit and Risk Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC, and the Board approved such inclusion.

Respectfully submitted by the Audit and Risk Committee,

Paul J. Mitchell (Chair)

Floyd E. Bloom, M.D.

## AUDIT FEES

## Aggregate fees for 2018 and 2017

During 2018 and 2017, PwC provided various audit, audit-related and tax services to us. The Audit and Risk Committee understands the need for PwC to maintain objectivity and independence in its audit of our financial statements and our internal control over financial reporting. To minimize relationships that could appear to impair the objectivity of PwC, the Audit and Risk Committee has adopted policies and procedures which require it to review and pre-approve all audit and non-audit services performed by PwC. All of the services of PwC for 2018 and 2017 described below were pre-approved by the Audit and Risk Committee.

The aggregate fees of PwC for 2018 and 2017 are as follows:

	2018	2017
Audit and review of financial statements <sup>(1)</sup>	\$2,071,501	\$1,860,113
Audit-related fees <sup>(2)</sup>	—	263,153
Tax fees <sup>(3)</sup>	630,651	516,767
All other fees <sup>(4)</sup>	2,956	2,000
Total	\$2,705,108	\$2,642,033

(1) Consists of fees for services related to the audit of our annual consolidated financial statements, statutory audits and the review of our quarterly consolidated financial statements, including the review of our internal controls over financial reporting and other engagements related to the applicable year. Includes fees paid to PwC Dublin in respect of the audit of the group accounts of \$0.6 million and \$0.5 million during 2018 and 2017, respectively. Included in these amounts for 2018 and 2017 are expenses of \$91,651 and \$85,113, respectively.

(2) Consists of fees for general advisory services.

(3) Consists of fees for tax advisory services, other than those related to the audit of our annual consolidated financial statements and review of our quarterly consolidated financial statements. Includes fees paid to PwC Dublin in respect of tax advisory services of \$0.1 million during each of 2018 and 2017.

(4) Consists of fees for access to the PwC on-line accounting research database.

## OWNERSHIP OF THE COMPANY'S ORDINARY SHARES

The following table and notes provide information about the beneficial ownership of our ordinary shares as of the Record Date by:

- each of the Company's current directors and director nominees;
- the Company's CEO;
- the Company's Chief Financial Officer;
- each of the Company's five other named executive officers as set forth in the Summary Compensation Table herein;
- and
- all of the Company's current directors and executive officers as a group.

According to SEC rules, the Company has included in the column "Number of Issued Ordinary Shares" all shares over which the person has sole or shared voting or investment power, and the Company has included in the column "Number of Ordinary Shares Issuable" all shares that the person has the right to acquire within 60 days after the Record Date through the exercise of any stock option, vesting of any stock award or other right. All shares that a person has a right to acquire within 60 days of the Record Date are deemed outstanding for the purpose of computing the percentage beneficially owned by the person, but are not deemed outstanding for the purpose of computing the percentage beneficially owned by any other person.

Unless otherwise indicated, each person has the sole power (except to the extent authority is shared by spouses) to invest and vote the shares listed opposite the person's name. The Company's inclusion of shares in this table as beneficially owned is not an admission of beneficial ownership of those shares by the person listed in the table. The business address of each non-employee director is Connaught House, 1 Burlington Road, Dublin 4, Ireland. The business address of each executive officer is 852 Winter Street, Waltham, MA 02451.

## Ownership By Principal Shareholders

The following table and notes provide information about the beneficial ownership of our ordinary shares as of the Record Date, or as of the date otherwise set forth below, by each shareholder known to us to be the beneficial owner of more than 5% of our ordinary shares.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, it is believed that each shareholder identified in the table possesses sole voting and investment power over all of our ordinary shares shown as beneficially owned by that shareholder. The percentages of beneficial ownership listed below are based on Schedule 13D and Schedule 13G filings made with the SEC as of the Record Date and based on 156,882,423 of our ordinary shares outstanding as of the Record Date.

- (3) Based solely on a Schedule 13G/A filed February 14, 2019. T. Rowe Price Associates, Inc. (“Price Associates”) has sole voting power over 6,135,572 ordinary shares and sole dispositive power over 19,008,371 ordinary shares. Price Associates does not serve as custodian of the assets of any of its clients; accordingly, in each instance only the client or the client’s custodian or trustee bank has the right to receive dividends paid with respect to, and proceeds from the sale of, such securities. The ultimate power to direct the receipt of dividends paid with respect to, and the proceeds from the sale of, such securities, is vested in the individual and institutional clients which Price Associates serves as investment adviser. Any and all discretionary authority which has been delegated to Price Associates may be revoked in whole or in part at any time.
- (4) Based solely on a Schedule 13G/A filed February 13, 2019, FMR LLC, a parent holding company, has sole voting power over 5,125,105 ordinary shares of Alkermes and sole dispositive power over 15,973,050 ordinary shares of Alkermes. Of the shares reported as beneficially owned by FMR LLC:
- Members of the Johnson family, including Abigail P. Johnson, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders’ voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Abigail P. Johnson has the sole power to vote or direct the voting of the shares owned directly by the various investment companies registered under the Investment Company Act (“Fidelity Funds”) advised by Fidelity Management & Research Company (“FMR Co”), a wholly owned subsidiary of FMR LLC, which power resides with the Fidelity Funds’ Boards of Trustees. Fidelity Management & Research Company carries out the voting of the shares under written guidelines established by the Fidelity Funds’ Boards of Trustees.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of our ordinary shares, to file with the SEC initial reports of ownership and reports of changes in ownership of our ordinary shares.

Executive officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company during 2018, all reports were timely filed, with the exception of one report on Form 4 for Mr. Robinson relating to two transactions, which was inadvertently filed late.

DISCLOSURE OF COMPANIES ACT / SHAREHOLDER INTERESTS

Under the Companies Act, our shareholders must notify us if, as a result of a transaction, the shareholder will become interested in 3% or more of our shares; or if as a result of a transaction a shareholder who was interested in more than 3% of our shares ceases to be so interested. Where a shareholder is interested in more than 3% of our shares, the shareholder must notify us of any alteration of his or her interest that brings his or her total holding through the nearest whole percentage number, whether an increase or a reduction. The relevant percentage figure is calculated by reference to the aggregate nominal value of the shares in which the shareholder is interested as a proportion of the entire nominal value of our issued share capital (or any such class of share capital in issue). Where the percentage level of the shareholder's interest does not amount to a whole percentage this figure may be rounded down to the next whole number. We must be notified within five business days of the transaction or alteration of the shareholder's interests that gave rise to the notification requirement. If a shareholder fails to comply with these notification requirements, the shareholder's rights in respect of any of our ordinary shares it holds will not be enforceable, either directly or indirectly. However, such person may apply to the Irish High Court to have the rights attaching to such shares reinstated.

Executive Summary

Business Strategy

We are a fully integrated, global biopharmaceutical company that applies our scientific expertise and proprietary technologies to research, develop and commercialize, both with partners and on our own, pharmaceutical products that are designed to address unmet medical needs of patients in major therapeutic areas. We have a diversified portfolio of marketed drug products and a clinical pipeline of product candidates focused on central nervous system disorders such as schizophrenia, depression, addiction and multiple sclerosis, and oncology.

We have built, and continue to devote significant resources to further develop and enhance, a comprehensive cross-functional organization designed to support product development from discovery through commercialization and lifecycle management. This investment includes, but is not limited to, investment in the following areas: R&D,

including expanded discovery and clinical development capabilities; intellectual property prosecution, enforcement and defense; medical affairs capabilities; manufacturing operations; federal and state government affairs; and sales and marketing, including managed markets, patient access services, hospital sales, and field reimbursement services. We currently conduct development activities to advance a pipeline of potential new proprietary products and commercialize VIVITROL for the treatment of alcohol dependence and opioid dependence, ARISTADA for the treatment of schizophrenia, and ARISTADA INITIO for initiation onto ARISTADA for the treatment of schizophrenia.

#### Business Update – Despite Share Price Volatility, 2018 Revealed the Strength of our Business

Unexpected developments in our ALKS 5461 investigational program, and market volatility in the biopharmaceutical industry generally, caused our share price to decline significantly in 2018.

We successfully adapted to an evolving external environment and continued to develop our internal capabilities to deliver high quality medicines to the patients who need them.

Table of Contents

We achieved \$1 billion dollars in annual revenue for the first time, exceeding the high end of our revenue guidance.

We expanded our product development and commercialization organization, with expanded discovery, clinical development and medical affairs capabilities and newly formed health systems and hospital sales functions.

We expanded the ARISTADA product family with the approval and successful launch of ARISTADA INITIO.

We successfully grew the number of healthcare providers educated on VIVITROL, ARISTADA and ARISTADA INITIO and the number of appropriate patients receiving these important medicines.

We executed late-stage development plans for ALKS 3831 in schizophrenia, including reporting positive topline results from our phase 3 ENLIGHTEN-2 study, thereby achieving one of the milestones of our 2017 performance-vesting restricted stock unit awards.

We submitted an NDA for diroximel fumarate (formerly BIIB098) in multiple sclerosis and continued to advance the late-stage development of this important product.

We advanced our discovery programs and our early-stage product candidate, ALKS 4230 in immuno-oncology.

We successfully manufactured commercial products and clinical trial materials to support our, and our licensees', needs, while continuing to build and expand the capabilities of our manufacturing operations.

We completed multiple U.S. and ex-U.S. regulatory authority inspections with no major or critical regulatory findings.

We advanced our advocacy efforts on behalf of patients and families suffering from severe mental illness and addiction, brought the voice of patients into our development efforts and gave back to the mental health and addiction communities through our ALKERMES INSPIRATION GRANTS program.

We launched our ALKERMES PATHWAYS RESEARCH AWARDS program to support the next generation of researchers who are working on the front-lines to advance understanding and awareness of central nervous system disorders, including addiction. In this inaugural year of the program, we provided financial support to four innovative research programs focused on substance use disorders.

Highlighting our investment in the communities in which we work, our health, safety and environmental accomplishments, and our employee wellness and career development activities, we published our first annual Corporate Responsibility Review.

We continued to clearly articulate and model our culture and values, including through our ALKERMES INSPIRATION GRANTS and ALKERMES PATHWAYS RESEARCH AWARDS programs. Evidence of this also came in the form of our Company-wide employee engagement survey in which an overwhelming majority of our employees (88%) responded favorably to the statements that Alkermes operates by strong values and that their job makes them feel like they are part of something meaningful.

Alignment of Executive Compensation Program with Business Strategy

**Holistic Approach to Compensation Supports Strategic Objectives.** The Compensation Committee generally believes that a formulaic or purely quantitative approach to executive compensation is not the best way to foster long-term success for us given our organization and capabilities and the fact that we are not yet profitable and are investing in a pipeline of innovative therapeutics. The Compensation Committee utilizes operating metrics, such as the achievement of certain financial or development milestones, to determine compensation only when it determines that such metrics neither encourage excessive risk-taking nor discourage innovative development activities and when such metrics fall primarily within the control of our executive management. Otherwise, the Compensation Committee takes a holistic approach, using its judgment and advice from its independent compensation consultant, focusing primarily on our overall Company performance, each named executive officer's performance against our corporate objectives and qualitative factors, such as competitive market dynamics, the business environment in which the results were achieved

and any unplanned positive or negative events. A significant portion of the total compensation opportunity for each of our named executive officers is directly related to our share price and to other performance factors that measure our progress against our strategic objectives.

Table of Contents

Performance Objectives and Equity Mix Aligned with Strategic Focus and the Creation of Shareholder Value. The Compensation Committee sets annual performance objectives on which it believes our executive officers should focus during the year in order to achieve our business goals, including financial, operating and/or strategic plans, and it monitors and reviews progress against these objectives during and after each year. However, the Compensation Committee also acknowledges that given the nature of our business, performance against our objectives may not be reflected in a single 12-month calendar period. With respect to long-term performance-based compensation, the Compensation Committee annually considers the appropriate mix of equity awards and incorporates performance-based equity awards when it determines that important milestones should form the basis of a performance-based equity grant and that such a grant would not promote excessive risk taking that could adversely impact the Company or its research, development or commercialization of pharmaceutical products. The Compensation Committee has historically combined such performance-based equity awards with time-vesting equity awards, which, it believes, complement the performance-based awards and facilitate a focus on the totality of the Company's ongoing and future activities as potential contributors to share price appreciation. For example:

In February 2017, based upon an analysis of the Company's ongoing and future strategic focus and potential upcoming development and commercial milestones, the Compensation Committee granted a mix of performance-vesting restricted stock unit awards with a three-year performance period, time-vesting stock options and time-vesting restricted stock unit awards to our named executive officers.

In February 2018, based upon an analysis of the same factors and considering the performance criteria underlying the performance-vesting restricted stock unit awards granted in 2017, one of which was revenues equal to or greater than a pre-specified amount for the year ending December 31, 2019, the Compensation Committee granted a mix of time-vesting stock options and time-vesting restricted stock unit awards to our named executive officers, as further described below under the heading "2018 Compensation Decisions for Our Named Executive Officers – Equity Incentives—Stock Options and Stock Awards."

In February 2019, the Compensation Committee took into account that, notwithstanding our meaningful accomplishments in 2018, our stock price declined in 2018. To further align our CEO's financial interests with those of our shareholders, the Compensation Committee added a market performance condition to 50% of the total value of our CEO's 2019 equity grant, in the form of performance-vesting stock options which in order to vest require achievement of a greater than 50% increase in the Company's share price from its grant date value for 30 consecutive trading days, with the remaining 50% of the value of his equity grant embodied in equity awards that vest over time.

Refinement of Approach to Determine Number of Shares Underlying Equity Awards. The Company's equity awards, including awards to our executive officers, are based on an intended dollar value for each award. In January 2019, the Compensation Committee, in an effort to further enhance the retentive and incentive value of our equity awards, refined its approach to better recognize and address the potential unintended impact that short-term volatility in share price can have on the conversion of the intended dollar values into the actual numbers of shares that are granted. See the discussion under the heading "2018 Compensation Decisions for Our Named Executive Officers – Equity Incentives—Stock Options and Stock Awards - How Sizes of Awards Were Determined" for more information as to the methodology adopted.

Peer Companies with Similar Business Strategies. When making compensation decisions, the Compensation Committee uses data from comparable public companies with which we compete for top talent. The Compensation Committee selects those peer companies based on three specific quantitative selection criteria—market capitalization, revenues and employee headcount—and also requires that peer companies have a similar business model to ours within the biopharmaceutical industry. For that reason, the Compensation Committee excludes from inclusion in our peer group those biopharmaceutical companies whose business model may not entail significant investments in R&D and manufacturing and commercial capabilities, such as companies that instead focus on over-the-counter and generic pharmaceuticals, medical diagnostics or veterinary pharmaceuticals. The strength of this methodology is borne out by the fact that an overwhelming majority of companies within our 2018 and 2019 peer groups (discussed below) included us in their self-selected peer groups, and many of the companies within our 2018 and 2019 peer groups also included each other within their self-selected peer groups.

Long-Term CEO and TSR Alignment

In order to align our executive officers' incentives with the interests of our shareholders and our corporate goals, a significant portion of our named executive officers' target total direct compensation opportunity is comprised of "at-risk" compensation in the form of cash performance pay opportunities and long-term equity awards, as set forth in the chart below for 2018:

Our CEO's approach to the exercise and sale of equity awards further strengthens the alignment of his annual realized pay and realizable pay (compensation that could have been realized upon the exercise and sale of all beneficially owned equity) with the Company's long-term share appreciation. Our CEO has, by practice, chosen to hold Company shares acquired on the vesting of restricted stock units and other shares of the Company acquired by him, other than shares sold or withheld to pay taxes. In addition, our CEO has, by practice, generally held all stock options granted to him for nearly the full ten-year stock option term, only exercising and selling stock options within the twelve-month period prior to their expiration. These practices, which result in our CEO holding a significant amount of our ordinary shares over a relatively long period of time, even in the face of positive or negative share price movement, are positive indicators as to his confidence in the future of the Company and serve as an added incentive for him to increase the ordinary share price and create shareholder value. Our CEO owns over 700,000 Company shares, substantially in excess of his requirements under our Share Ownership and Holding Guidelines described below.

Measures of CEO Annual Equity Compensation

As shown above, a majority of the target total direct compensation of our CEO is weighted towards long-term, at-risk compensation, tied to share price and, in the case of certain equity awards, such as our 2017 annual equity awards, to additional measures of performance. As a result, the value of our CEO's equity compensation at a given time often differs from the amounts reported in the Summary Compensation Table. The chart below shows, for 2017 and 2018, the difference between the target value of our CEO's annual equity compensation determined by the Compensation Committee, the grant date fair value of such equity compensation as reported in the Summary Compensation Table in accordance with FASB Accounting Standards Codification Topic 718, Compensation—Stock Compensation (ASC 718), and the value of such equity compensation as of December 31 of the year in which it was granted, also determined in accordance with ASC 718. For 2017, the target value and value as of December 31 reflect the maximum payout for our performance-vesting restricted stock unit awards.

Table of Contents

The aggregate values for 2017 and 2018, as reflected in the Summary Compensation Table and shown in the above chart, do not fully reflect the considerations of, and decisions made by, the Compensation Committee in its determination of the annual equity grants for 2018 in two respects. First, the aggregate grant date fair value of the 2018 annual equity awards was significantly higher than the aggregate value targeted for grant by the Compensation Committee as a result of an increase in our share price of more than 13% in the two-day period between the share number determination date and the grant date. Second, in accordance with ASC 718, the Summary Compensation Table ascribes a grant date fair value of zero to the performance-vesting restricted stock unit awards that the Compensation Committee granted to our named executive officers in 2017, and therefore does not reflect the value that the Compensation Committee ascribed to such awards and considered as a factor when making its 2018 annual equity award decisions. Ascribing a zero-dollar value to the 2017 performance-vesting restricted stock unit awards in the Summary Compensation Table inflates the magnitude of the increase from 2017 to 2018 in the aggregate dollar value of equity awards granted to our named executive officers.

### Advisory Vote on Executive Compensation and Shareholder Engagement

In May 2017, we submitted our executive compensation program to a non-binding, advisory vote of our shareholders, which is sometimes referred to as a Say-on-Pay vote, and it received the support of over 97% of the total votes cast at our 2017 Annual General Meeting of Shareholders. The Compensation Committee believes that our shareholders, through this advisory vote, endorsed our compensation philosophies. For 2018, the Compensation Committee determined not to make any significant changes to our executive compensation policies or decisions as a result of the vote and generally maintained the basic structure and design of our executive compensation programs. In May 2018, our Say-on-Pay vote again received the support of over 97% of our shareholders at our 2018 Annual General Meeting of Shareholders. At this meeting, we also submitted the frequency of future advisory votes on our executive compensation to a non-binding, advisory vote of our shareholders, which is sometimes referred to as a Say-on-Frequency vote, and over 99% of the votes cast supported holding such advisory vote on our executive compensation every year. In light of this vote, and consistent with the prior recommendation of the Board, we intend to continue to hold future non-binding advisory votes on executive compensation on an annual basis, until the next required advisory vote on the frequency of such votes.

We intend to continue to engage with our shareholders on topics of particular concern to shareholders, including executive compensation matters. Shareholder feedback, including through direct discussions and prior shareholder votes, is reported to our Compensation Committee throughout the year.

### Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain and motivate experienced and well-qualified executive officers who will meaningfully contribute to our research and product development, manufacturing, commercialization, and operational efforts. We structure our executive officer compensation based on level of job responsibility, external peer comparisons, individual performance, and our overall Company performance. The Compensation Committee established our executive compensation program around the same set of objectives that guide us in establishing all of our compensation programs, which are:

- to provide an overall compensation package that rewards individual performance and corporate performance in achieving our objectives, as a means to promote the creation and retention of value for us and our shareholders;
- to attract and retain a highly skilled work force by providing a compensation package that is competitive with other employers who compete with us for talent;
- to structure an increasing proportion of an individual's compensation as performance-based as such person progresses to higher levels within our Company;
  - to foster the long-term focus required for success in the biopharmaceutical industry;
- to mitigate the likelihood of inducing excessive risk-taking behavior; and
- to structure our compensation and benefits programs similarly across our Company.

### How We Determine Executive Compensation

#### Role of the Compensation Committee

The Compensation Committee reviews, oversees and administers our compensation policies, plans and programs, and reviews and determines the compensation to be paid to our executive officers, including our named executive officers. The Compensation Committee does not delegate any of its functions to others in determining executive compensation. To assist it in its work, the Compensation Committee engaged the services of Radford, an Aon Hewitt Company (“Radford”), as its independent compensation consultant.

The Compensation Committee’s full set of roles and responsibilities are set forth in the Compensation Committee’s written charter adopted by the Board, which is available on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>.

#### Role of the Independent Compensation Consultant

A factor considered by the Compensation Committee in determining executive compensation is the high demand for well-qualified personnel. Given such demand, the Compensation Committee strives to maintain compensation levels that are competitive with the compensation of other executives in the industry. The Compensation Committee engaged Radford to review market data and various incentive programs and to provide assistance in establishing our cash and equity-based compensation targets and awards based, in large part, upon a peer group identification and assessment that Radford was retained to conduct, and upon an analysis of the retention value of equity awards. Radford took direction from, and provided reports to, our Senior Vice President of Human Resources and our Senior Director of Compensation and Performance Systems, who acted on behalf, and at the direction, of the Compensation Committee. Radford did not provide us with any services other than the services requested by the Compensation Committee. The Compensation Committee considered whether the work of Radford as a compensation consultant has caused any conflict of interest and concluded that there was no conflict. The Compensation Committee, in its sole authority, has the right to hire or terminate outside compensation consultants.

#### Competitive Assessment of Compensation – Peer Companies and Market Data

We aim to attract and retain the most highly qualified executive officers in an extremely competitive market and the Compensation Committee believes that it is important, when making its compensation decisions, to be informed as to the current practices of comparable public companies with which we compete for top talent. To this end, the peer group analyses conducted by Radford enable the Compensation Committee to compare our executive compensation program as a whole and also the pay of individual executives. In each of its analyses, Radford also reviewed, and provided to the Compensation Committee, data from a survey group of companies, which reflected a broader group of public commercial-stage biopharmaceutical companies within a relevant revenue range. Radford collects such data from public SEC filings of the peer group companies and the Radford Global Life Sciences Survey and applies a

proprietary methodology to the data to construct a benchmark for compensation comparison purposes.

2018 Peer Group. When developing a proposed list of our peer group companies to be used in connection with making compensation decisions at the end of 2017 and in 2018, Radford reexamined our compensation philosophy and peer group criteria and continued to recommend companies:

- in the biopharmaceutical industry;
- with commercial biopharmaceutical products;
- with market values of approximately 0.3 times to 3 times our market capitalization at the time (resulting in a range of between \$3 billion to \$28 billion in market capitalization);
- with revenue of approximately 0.3 times to 3 times our then-projected revenue (resulting in a range of \$250 million to \$2.3 billion in revenue); and
- with employee headcount of approximately 0.3 times to 3 times our headcount (resulting in a range of 600 to 6,000 employees).

The Compensation Committee also considered the level of R&D expenditures as a percentage of revenue of potential peer companies and excluded biopharmaceutical companies whose business model did not entail significant

Table of Contents

investment in R&D programs, including primarily generic or over-the-counter pharmaceutical companies, companies that manufacture and/or sell diagnostics, animal health companies and nutrition companies. The Compensation Committee believes it important to eliminate these companies from our peer group as we do not compete for senior executive talent with these companies and including them within our peer group could disadvantage us in attracting and retaining leadership talent. In October 2017, Radford recommended, and our Compensation Committee approved, the following changes to our 2017 peer group to arrive at our 2018 peer group: (a) eliminate Acorda Therapeutics, Inc. and Pacira Pharmaceuticals Inc. from our 2018 peer group, due to their market capitalization being significantly below the targeted range and due to the difference of their business models, and Medivation, Inc., because it was acquired, and (b) add Acadia Pharmaceuticals, Inc., Alnylam Pharmaceuticals, Inc., Biogen Inc., Ionis Pharmaceuticals, Inc. and Neurocrine Biosciences, Inc. Our market capitalization, headcount and revenue ranked between the 35<sup>th</sup> and 65<sup>th</sup> percentile when compared to the market capitalization, headcount and revenue, respectively, of our 2018 peer group. As a testament to the strength and utility of the methodology used to identify our peer group, all companies within our 2018 peer group, except for Biogen Inc. and Neurocrine Biosciences, Inc., included us in their self-selected peer groups, as disclosed in their 2018 proxy statements.

Use of 2018 Peer Group. Radford used our 2018 peer group set forth above to prepare the executive compensation review for the Compensation Committee. The Compensation Committee utilized this review to (a) assist in setting the performance pay targets and performance pay ranges for executives for 2018; (b) review and adjust the salaries of our executive officers in January 2018; and (c) help determine equity grants for our executive officers in February 2018. As described below, the Compensation Committee generally targets the 50th percentile for all elements of pay, with the opportunity to increase or decrease the variable elements of pay from the 50th percentile based upon performance; however, the comparative data provided by Radford is one of many factors that the Compensation Committee takes into consideration in determining executive compensation programs.

2019 Peer Group. When developing a proposed list of our peer group companies to be used in connection with making compensation decisions at the end of 2018 and in 2019, Radford reexamined our compensation philosophy and peer group criteria and continued to recommend companies:

- in the biopharmaceutical industry;
- with commercial biopharmaceutical products;
- with market values of approximately 0.3 times to 3 times our market capitalization at the time (resulting in a range of between \$2.5 billion to \$24 billion in market capitalization);

with employee headcount of approximately 0.3 times to 3 times our headcount (resulting in a range of 850 to 7,500 employees).

The Compensation Committee also considered the level of R&D expenditures as a percentage of revenue of potential peer companies and excluded biopharmaceutical companies whose business model did not entail significant investment in R&D programs. The Compensation Committee continued to believe it important to eliminate these companies from our peer group as we do not compete for senior executive talent with these companies and including them within our peer group could disadvantage us in attracting and retaining leadership talent. In September 2018, Radford recommended, and our Compensation Committee approved, the following changes to our 2018 group to arrive at our 2019 peer group: (a) eliminate The Medicines Company, due to its restructuring to a clinical stage company with revenue and headcount significantly below our targeted ranges and (b) add Nektar Therapeutics.

## Compensation Program Design and Key Elements

We do not currently have any formal policies for allocating compensation among base salary, cash performance pay awards and equity awards, short-term and long-term compensation or among cash and non-cash compensation. Instead, the Compensation Committee uses its judgment to establish a compensation opportunity for each named executive officer that is a mix of current, short-term and long-term incentive compensation, and cash and non-cash compensation, that it believes appropriate to achieve the goals of our executive compensation program and our corporate objectives. A significant portion of our named executive officers' target total direct compensation opportunity is comprised of "at-risk" compensation in the form of cash performance pay opportunities and long-term equity awards in order to align the executive officers' incentives with the interests of our shareholders and our corporate goals.

The Compensation Committee annually considers the grant of performance-based equity in consultation with its independent compensation consultant. It grants such equity when it determines that important development or financial milestones within the Company's control should form the basis of a performance-based equity grant and that such grant would not promote excessive risk taking that could adversely impact the Company or its development or commercial programs. It is for this reason that the Compensation Committee has historically combined such performance-based equity awards with time-vesting equity awards, which, it believes, complement the performance-based awards and facilitate a focus on the totality of the Company's ongoing and future activities as potential contributors to share price appreciation.

Table of Contents

The table below explains the key features and purpose of each component of our executive compensation program. The Compensation Committee utilizes these elements of compensation to structure overall compensation for executive officers that can reward both short- and long-term performance of the individual and our Company and foster executive retention.

Component	Key Features	Purpose
Base Salary	<p>Fixed cash compensation for the executive's regular work</p> <p>No amount is guaranteed</p> <p>Reviewed and adjusted annually after the conclusion of the previous year</p>	<p>Provides fixed level of compensation that is competitive within our industry and geographic areas</p>
Annual Cash Performance Pay	<p>Cash compensation awarded after the conclusion of the previous year based on Company performance and each individual's contribution to such performance during the prior year</p> <p>No amount is guaranteed</p>	<p>Motivates executive officers to achieve both short-term operational and longer-term strategic goals that are aligned with, and supportive of, our long-term Company value</p>
Long-Term Equity Incentive Awards	<p>Determined annually</p> <p>Equity compensation generally in the form of time-vesting stock options and restricted stock unit awards and, periodically, performance-vesting stock options and restricted stock unit awards</p> <p>Time-vesting stock options and time-vesting restricted stock unit awards vest in equal annual installments over a four-year period</p> <p>Restricted stock awards and restricted stock unit awards may not vest, and stock options may not become exercisable, until one year from the date of grant at the earliest, and restricted stock awards and restricted stock unit awards with a time-based restriction are required to have at least a three-year restriction period, although after twelve months, vesting can occur incrementally over such three-year period</p> <p>Value and mix determined annually</p> <p>The number of shares underlying stock options is determined using the Black-Scholes stock option pricing model; and the number of shares underlying stock awards is determined based on the value of the Company's ordinary</p>	<p>Successfully reward and retain key employees and motivate executives to increase shareholder value through a mix of time- and/or performance-vesting restricted stock unit awards and time- and/or performance-vesting stock option awards</p> <p>Promotes long-term retention and stock ownership</p> <p>Aligns the interests of executives with those of shareholders, providing our executives with the opportunity to share in the future value they are responsible for creating</p> <p>Equity awards that vest on the achievement of key performance criteria align executive compensation with specific events that drive value for our shareholders</p>

Factors Considered in Determining Compensation for our Executive Officers

The Compensation Committee considers a number of factors when determining the amount, form and mix of pay for our executive officers. The Compensation Committee sets the compensation of our executive officers at levels that the Compensation Committee determines to be competitive and appropriate for each individual, based upon the Compensation Committee's professional experience and knowledge and consideration of multiple relevant factors, which may vary from year to year and include the following (in addition to the factors described above under "Compensation Program Design and Key Elements"):

the achievement of the Company's corporate objectives for the previous year;

the experience and performance of the executive officer and his or her contributions to the overall performance of the Company;  
competition for experienced biopharmaceutical executives;  
compensation paid at comparable companies, based upon data provided by our independent compensation consultant;  
and  
total cash and total direct compensation of each such executive officer.

The Compensation Committee generally targets the 50<sup>th</sup> percentile for all elements of pay, with the opportunity to increase or decrease the variable elements of pay from the 50<sup>th</sup> percentile based upon performance.

2018 Compensation Decisions for Our Named Executive Officers

Performance Objectives and Accomplishments

In December 2017, the Compensation Committee adopted, and the Board subsequently approved, seven corporate objectives to measure the performance of our Company and our executive officers in 2018. Below is a list of the objectives and the Company's performance against such objectives in 2018.

As discussed above in "Factors Considered in Determining Compensation," the Compensation Committee considers multiple relevant factors, including achievement of our corporate objectives, in determining executive officer compensation. The Compensation Committee does not apply a formula or assign these corporate objectives and accomplishments relative weights.

Corporate Objective	Accomplishments
Advance our development programs, including:	Submit the ALKS 8700 (diroximel fumarate) NDA. We submitted the NDA for diroximel fumarate to the FDA in December 2018.
• File the ALKS 8700 (DRF) NDA;	
• Complete the ALKS 3831 Phase 3 registration program;	Complete the ALKS 3831 Phase 3 registration program. We completed the registration requirements for the ALKS 3831 program in 2018. In November 2018, we reported positive topline results from ENLIGHTEN-2, which evaluated the weight gain profile of ALKS 3831 compared to olanzapine over six months in patients with stable schizophrenia.

- Complete the ALKS 4230 Phase 1 dose escalation and continue progression of the next phase development efforts for ALKS 4230; and
- Nominate at least one new candidate for clinical development.

Complete the ALKS 4230 Phase 1 dose escalation and continue progression of the next phase development efforts for ALKS 4230. We continued to progress our ongoing phase 1 study for ALKS 4230 and expanded the program overall. We modified the protocol for the dose-escalation monotherapy stage of the phase 1 study during 2018 to continue dose escalation beyond the limits set forth in the original protocol, for purposes of determining the maximum tolerated dose. In the meantime, we expanded the phase 1 study to evaluate ALKS 4230 in combination with pembrolizumab (KEYTRUDA®). We also accelerated preparations to initiate a new clinical study of ALKS 4230 administered subcutaneously as monotherapy and in combination with pembrolizumab.

Nominate at least one new candidate for clinical development. We nominated a new product candidate for clinical development in 2018.

We achieved an increase of approximately 64% in demand sales for 2018 as compared to 2017. Prescriptions for the two-month dose of ARISTADA comprised approximately 28% of ARISTADA months-of-therapy in the fourth quarter of 2018 and was our fastest growing dose. Non-GAAP net income (loss) guidance was initially a non-GAAP net loss of \$5 million to \$35 million, which was modified twice during the year, first to result in a range of non-GAAP net loss of \$10 million to non-GAAP net income of \$20 million, and then to result in a range of non-GAAP net income of \$20 million to \$50 million. Non-GAAP net income was \$97.8 million for 2018. A reconciliation of this GAAP to non-GAAP financial measure is provided in Appendix B to this proxy statement.

We increased VIVITROL and ARISTADA net sales by approximately 12% and 58%, respectively, compared to 2017.

Corporate Objective  
Manufacture commercial products and clinical trial material to meet our near- and long-term goals of quality, quantity, reliability and efficiency.

Accomplishments

We effectively and efficiently operated two cGMP (Current Good Manufacturing Practices) facilities, supplying clinical trial materials and commercial products to meet our, and our licensees', needs.

In 2018, we established a cross-functional External Operations team to focus on the scalability and controls required to ensure reliability of our supply and to meet current and future supply needs. In 2018, the External Operations team managed 20 external contract manufacturing organizations and vendors associated with our commercial proprietary products. We completed 23 new commercial and development supply agreements and managed 49 label changes through our packaging vendors in 2018.

In 2018, we completed six successful regulatory inspections and audits at our manufacturing facilities in Wilmington and Athlone with no critical or major findings, and conducted 90 audits in our supply chain external network. Additional audits were conducted by the Drug Enforcement Agency (DEA), the Ireland Environmental Protection Agency (EPA) and the U.S. Occupational Safety and Health Administration (OSHA) at our facilities, all with no critical findings. Our Clinical Quality Assurance team also conducted 113 audits of our clinical trial sites and vendors.

We implemented expanded manufacturing capacity to support VIVITROL, including in 2018 the conversion of an existing product line and qualification of a new VIVITROL bulk manufacturing line targeted for commercial supply in 2020. We successfully completed a commercial-scale technical transfer of ALKS 5461 to Wilmington from our Athlone facility and a process optimization and scale-up for commercial operations for ALKS 3831. In 2018, our Athlone facility also supported ongoing clinical trial material, registration stability, process scale-up and optimization, and commercial readiness in support of the NDA submission for, and commercialization of, diroximel fumarate.

Our clinical supply output supported over 460 clinical site/study combinations in 18 countries around the world with over 130 SKUs (stock keeping units) of product mix. We estimate completion of more than 9,000 patient visits in 2018 and a customer service level of 99.6%.

Advance advocacy efforts on behalf of patients and families to maintain and expand access to

In 2018, we continued to engage with the advocacy community to elevate the perspective of people affected by addiction and severe mental illness. We continued to work to enhance the community's understanding of effective ways to engage with

medications for severe mental illness and addiction and continue to educate stakeholders on emerging data in these fields.

policy makers to drive an agenda benefitting patients and families. We continued to support, through our Alkermes Inspiration Grants program, innovative, community-based initiatives that seek to address real-world problems of patients and families suffering from addiction and mental health disorders.

Addiction. VIVITROL's national profile continues to expand with approximately 730 programs in 40 states through October 2018. This represents an increase of approximately 30% increase during the 12-month period ending October 2018, compared to the same period in 2017. We believe that this growth was driven by improved access, increased funding and new criminal justice initiatives.

Severe Mental Illness. In 2018, we advanced our policy efforts on behalf of individuals living with severe mental illness, including support of the National Council for Behavioral Health's Behavioral Health and Economics Network, or BHECON. Since its launch, BHECON has grown into a nine-state, multi-stakeholder coalition of behavioral health providers and criminal justice and public health officials focused on building political support for the just treatment of individuals with severe mental illness.

Corporate Objective

Continue to grow the organizational infrastructure and capabilities to meet the needs of our business while maintaining our corporate values.

Accomplishments

In 2018, we undertook a reorganization of our commercial and business operating units to create new, more integrated Health Systems and Corporate Planning functions to further support our commercial and organizational needs. We created a new hospital-based sales team of 46 professionals, and expanded the ARISTADA field force by 50.

In addition, we expanded key functional groups within the R&D organization, including Medical Affairs, developed new capabilities in research, established new leadership for our Manufacturing function and reorganized our internal and external communications teams under a newly established Public Affairs group.

Base Salary Decisions

In early 2018, the Compensation Committee reviewed and adjusted the base salaries of our executive officers. In determining such base salary adjustments, the Compensation Committee considered a number of factors, such as cost-of-living indices, market data for our 2018 peer group, achievement of our 2017 corporate objectives (as described in detail in our 2018 proxy statement), individual performance and contributions to the achievement of our Company objectives, the Compensation Committee's competitive positioning philosophy and, for those executive officers other than Mr. Pops, the recommendations of Mr. Pops and Mr. Cooke (in his capacity as President at such time). Based on this review, the Compensation Committee increased the base salary of Messrs. Pops, Frates and Stejbach and Ms. Biberstein by approximately 3.5%. The Compensation Committee increased the base salary of Dr. Hopkinson by approximately 9.1% and of Mr. Gaffin by approximately 9.6%, in each case to approximate the median base salaries for executives in similar positions at companies in the Company's 2018 peer group. The new base salaries determined by the Compensation Committee in early 2018 for Messrs. Pops, Frates, Stejbach and Gaffin, for Dr. Hopkinson and for Ms. Biberstein were therefore \$1,002,316, \$536,732, \$493,977, \$500,000, \$600,000 and \$561,768, respectively. There were no other adjustments to the base salaries of our named executive officers during 2018. In March 2018, Mr. Robinson joined the Company as our President and Chief Operating Officer. Based on an analysis of comparable positions within our 2018 peer group and competitive local market information, the Compensation Committee set Mr. Robinson's base salary for 2018 at \$675,000, prorated based on the date he joined the Company.

Cash Performance Pay

No Increases to Cash Performance Targets for 2018. In December 2017, the Compensation Committee approved the Alkermes plc Affiliated Company Fiscal Year 2018 Reporting Officer Performance Pay Plan ("2018 Performance Plan") and, after consulting its independent compensation consultant, considering comparable market data from the Company's 2018 peer group and targeting around the 50th percentile of the Company's 2018 peer group, maintained for the 2018 performance period the same performance pay ranges and target performance pay as the 2017 performance period, as follows: (i) Mr. Pops at between 0% and 200% of his base salary, with a target of 100% of his

base salary; (ii) Ms. Biberstein at between 0% to 130% of her base salary, with a target of 65% of her base salary and (iii) Messrs. Frates, Stejbach and Gaffin at between 0% and 100% of their respective base salaries, with a target of 50% of their respective base salaries.

In February 2018, in anticipation of Mr. Robinson joining the Company and in recognition of Dr. Hopkinson's promotion and his becoming an executive officer of the Company, the Compensation Committee (i) approved changes to the 2018 Performance Plan to add the positions of President and Chief Operating Officer and Senior Vice President of Medicines Development and Medical Affairs, and Chief Medical Officer to the list of reporting officers eligible to participate in the 2018 Performance Plan, (ii) established proposed performance pay ranges and target performance pay for Mr. Robinson for the 2018 performance period at between 0% and 150% of his base salary, with a target of 75% of his base salary, and agreed that such performance pay would not be prorated based on Mr. Robinson's start date occurring during the first quarter and (iii) established performance pay ranges and target performance pay for Dr. Hopkinson for the 2018 performance period at between 0% and 100% of his base salary, with a target of 50% of his base salary.

Cash Performance Payouts. In January 2019, the Compensation Committee considered our meaningful accomplishments in 2018 (as described in detail above), the target cash performance pay and cash performance pay range set by the Compensation Committee for each executive officer, data from Radford regarding cash performance pay for executive officers of our peer group companies and comparable market data for experienced executive officers in the biopharmaceutical industry. In addition, Mr. Pops presented to the Compensation Committee an evaluation of each of the other named executive officers' performance during 2018, including an assessment of the contribution of each such named executive officer to the achievement of our corporate objectives and recommendations for cash performance pay amounts based on such evaluation.

Based on such information, the Compensation Committee determined, with respect to each of our named executive officers still employed by the Company in January 2019, that such named executive officer should receive the respective cash performance pay shown in the table below.

Named Executive Officer	2018 Actual		
	2018 Target	2018 Actual	Performance
	Performance	Performance	Pay as a %
	Pay as a %	Pay as a %	of Target
Named Executive Officer	of Base Salary	of Base Salary	Performance Pay
Richard F. Pops	100%	115%	115%
James M. Frates	50%	58%	115%
James A. Robinson	75%	94%	125%
Craig C. Hopkinson	50%	70%	140%
David J. Gaffin	50%	65%	130%

## Equity Incentives—Stock Options and Stock Awards

2018 Equity Incentive Mix. In February 2018, at the time the Compensation Committee met to determine equity awards for 2018, we had met our 2017 financial guidance, the ARISTADA 1064 mg two-month dose had been approved and successfully launched, the ALKS 5461 NDA had been submitted to the FDA, we had achieved late-stage clinical success with ALKS 3831 and BIIB098, and the Company's shares were trading at prices in the mid-\$50s. Based upon an analysis of the Company's prior year performance, ongoing and future strategic focus, the Company's then-current stock price and performance, and following its company-wide grant of performance-vesting restricted stock unit awards in February 2017, the performance period of which had not yet concluded, the Compensation Committee granted a mix of time-vesting stock options and time-vesting restricted stock unit awards to our named executive officers. These stock options and restricted stock unit awards vest in four equal annual installments commencing on the one-year anniversary of the grant date. These awards are subject to early vesting in certain instances as described in the 2011 Plan and below under the heading "Potential Payments upon Termination or Change in Control."

How Sizes of Awards Were Determined. The Compensation Committee determines the number of ordinary shares subject to each named executive officer's equity award by first determining the intended aggregate dollar value of such award and then dividing such amount by a per share value, determined a number of days prior to the grant date based on an averaging methodology designed to address week-to-week volatility in our share price over a defined period of time.

In February 2018, the Compensation Committee determined the intended dollar value of each named executive officer's annual award based on comparable peer group data provided by Radford, the dollar value of equity awards as determined using the Black-Scholes option pricing model and market prices for restricted stock unit awards, the similarly determined dollar value of previous equity awards, the overall equity position of each executive and the retentive value of such executive's overall equity position. For Mr. Pops, the Compensation Committee also considered the performance of the Company against the Company's 2017 corporate objectives, and the performance of Mr. Pops against the Company's 2017 corporate objectives. For named executive officers other than Mr. Pops, the Compensation Committee considered the recommendations of Mr. Pops and Mr. Cooke (in his capacity as President at the time) based on their assessment of each individual's performance against the Company's corporate objectives and the criticality of that employee to the success of the Company and to the continuity of key Company programs or functions.

Table of Contents

Based upon these factors, the Compensation Committee granted the following: to each of Messrs. Frates, Stejbach and Gaffin and Dr. Hopkinson, a time-vesting stock option award of 54,500 ordinary shares and a time-vesting restricted stock unit award of 13,500 ordinary shares; to Ms. Biberstein, a time-vesting stock option award of 71,000 ordinary shares and a time-vesting restricted stock unit award of 17,500 ordinary shares; and to Mr. Pops, a time-vesting stock option award of 295,000 ordinary shares and a time-vesting restricted stock unit award of 72,500 ordinary shares. See the discussion under the heading “Measures of CEO Annual Equity Compensation” above for further discussion of the differences between the target value of our CEO’s 2018 annual equity compensation determined by the Compensation Committee, the grant date fair value of such equity compensation as reported in the Summary Compensation Table in accordance with ASC 718, and the value of such equity compensation as of December 31, 2018, also determined in accordance with ASC 718.

2019 CEO Equity Incentive Mix. In determining the grant of equity to Mr. Pops in February 2019, the Compensation Committee took into account that, despite our meaningful accomplishments in 2018, our share price declined in 2018. To further align his financial interests with those of our shareholders, the Compensation Committee added a market performance condition to 50% of the total value of our CEO’s 2019 equity grant, in the form of performance-vesting stock options which in order to vest require achievement of a greater than 50% increase in the Company’s share price from its grant date value for 30 consecutive trading days, with the remaining 50% of the value of his equity grant embodied in equity awards that vest over time.

2018 New Hire Grant for Named Executive Officer

In April 2018, the Compensation Committee considered the new hire grant for Mr. Robinson in accordance with the parameters of the New Hire Equity Grant procedure. In determining the grant of equity to Mr. Robinson, the Compensation Committee took into consideration comparable 2018 peer group data provided by Radford, the dollar value of equity awards, as determined using the Black-Scholes option pricing model and market prices for restricted stock unit awards and the similarly determined dollar value of equity awards for other named executive officers. Based upon these factors, the Compensation Committee, targeting the 50<sup>th</sup> to 75<sup>th</sup> percentile of the 2018 peer group data for annual grants to executives in a similar position, granted Mr. Robinson a time-vesting stock option award of 140,000 ordinary shares and a time-vesting restricted stock unit award of 25,000 ordinary shares.

## Additional Compensation Information

## Share Ownership and Holding Guidelines

Our Board members and reporting officers (consisting of those who are required to file reports under Section 16(a) of the Exchange Act) are subject to our Share Ownership and Holding Guidelines. These guidelines are designed to align the interests of our Board members and reporting officers with those of our shareholders by ensuring that our Board members and reporting officers have a meaningful financial stake in our long-term success. The guidelines establish minimum ownership levels by position as set forth below:

Position	Value of Equity
CEO	6.0 times base salary
Board Members*	\$100,000 for each measurement date prior to January 1, 2019 3.0 times annual Board member cash retainer, for each measurement date on or after January 1, 2019
Other Reporting Officers*	1.0 times base salary

\* First measurement date is the date that is at least five (5) full years from the date of appointment or election, as applicable.

For purposes of determining the value of shares owned by a Board member or reporting officer under our Share Ownership and Holding Guidelines as of January 1 of each year, which is the annual measurement date, we include the value of all shares directly or beneficially owned by such Board member or reporting officer and the amount by which the market value of any vested but unexercised stock option held by such Board member or reporting officer exceeds the strike price of such stock option, in each case as of the annual measurement date.

Our Share Ownership and Holding Guidelines require that each named executive officer retain fifty percent (50%) of ordinary shares acquired upon vesting of restricted stock unit awards and/or exercise of stock options (net of tax liability and any amounts used to pay exercise price, as applicable), until each such named executive officer meets the share ownership requirements outlined in the guidelines (and set forth above).

Compliance with the Share Ownership and Holding Guidelines is monitored by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee has determined that Mr. Pops and all directors and reporting officers subject to the guidelines as of January 1, 2019 satisfied the applicable share ownership guidelines as of such date. A current copy of our Share Ownership and Holding Guidelines can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>.

#### Clawback Policy

Our named executive officers are subject to our Clawback Policy, under which, in the event that (a) the Board determines that a named executive officer engaged in fraud or intentional misconduct that requires a material restatement of our financial results, and (b) such fraud or intentional misconduct resulted in an incorrect determination that an incentive compensation performance goal had been achieved, then the Board may take appropriate action to recover from such named executive officer any equity incentive compensation resulting from such incorrect determination that had been paid to such named executive officer during the three-year period preceding the filing of such accounting restatement. We may recoup equity incentive compensation paid to the named executive officer who engaged in the fraud or intentional misconduct to the extent it was based on such incorrect determination, as determined by the Board. A current copy of the Clawback Policy can be found on the Corporate Governance page of the Investors section of our website, available at <http://investor.alkermes.com>.

## Table of Contents

### Insider Trading Policy and Hedging and Pledging Prohibitions

We maintain an Insider Trading Policy that prohibits our officers, directors, employees (including temporary and contract employees) and independent contractors from, among other things, engaging in speculative transactions in our securities, including by way of the purchase or sale of “put” or “call” options or other derivative securities directly linked to our equity; short sales of our equity; the use of our equity as a pledge or as collateral in a margin account; and trading in straddles, equity swaps, or other hedging transactions directly linked to our equity, even if such persons do not possess material, nonpublic information. A current copy of our Insider Trading Policy is available on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>

### Retirement Benefits

The terms of our 401(k) Savings Plan (“401k Plan”) provide for broad-based participation by our executive officers and employees resident in the U.S. Under the 401k Plan, all of our U.S. employees are eligible to receive matching contributions from us. Our matching contribution for the 401k Plan for 2018 was as follows: dollar for dollar on each participant’s eligible compensation up to a maximum of 5% of such compensation, subject to applicable federal limits.

### Other Benefits

Executive officers are eligible to participate in our medical, dental and life insurance employee benefit plans on the same terms as all other employees. We may also provide relocation expense reimbursement, which is negotiated on an individual basis with employees, including executive officers, in a manner consistent with our internal guidelines.

Executive officers are also entitled to certain benefits upon death or disability. Under our flexible benefits program, our executive officers receive long-term disability coverage that will pay up to 65% of their base salary, up to a monthly maximum of \$27,500, during disability, and, in cases of catastrophic disability, a supplemental amount based on their base salary. Also, under our flexible benefits program, we provide life insurance coverage for all of our eligible U.S. employees, including the named executive officers, equal to two times base salary, with a maximum of \$500,000 in coverage paid by us. In addition, all U.S. employees, including the named executive officers, are eligible to participate in optional supplemental life insurance up to a maximum of \$500,000.

### Post-Termination Compensation and Benefits

We have a program in place under which each of our executive officers receives severance benefits if he or she is terminated without “cause” (as defined in each executive officer’s employment agreement with the Company) or if he or she resigns for “good reason” (e.g., a material diminution in his or her responsibilities, authority, powers, functions, duties or compensation or a material change in the geographic location at which he or she must perform his or her employment), subject to signing a general release of claims. Additionally, each named executive officer receives severance benefits if, within a period of time following a corporate transaction or a change in control, he or she is terminated without “cause” or resigns for “good reason.” The terms of, and the amounts payable under, these arrangements are described in more detail below under “Potential Payments Upon Termination or Change in Control.” We provide these severance arrangements because we believe that, in a competitive market for talent, severance arrangements are necessary to attract and retain high quality executives. In addition, the change in control benefit allows and incentivizes executives to maintain their focus on our business during a period when they otherwise might be distracted.

#### Tax and Accounting Considerations

Under Section 162(m), compensation paid to any publicly held corporation’s “covered employees” that exceeds \$1 million per taxable year for any covered employee is generally non-deductible. Prior to the enactment of the Tax Cuts and Jobs Act, Section 162(m) provided a performance-based compensation exception, pursuant to which the deduction limit under Section 162(m) did not apply to any compensation that qualified as “performance-based compensation” under Section 162(m). Pursuant to the Tax Cuts and Jobs Act, the performance-based compensation exception under Section 162(m) was repealed with respect to taxable years beginning after December 31, 2017, except that certain transition relief is provided for compensation paid pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date.

## Table of Contents

Compensation paid to each of the Company's "covered employees" in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for the performance-based compensation exception under Section 162(m) pursuant to the transition relief described above. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the Compensation Committee, no assurance can be given that any compensation paid by the Company will be eligible for such transition relief and be deductible by the Company in the future. Although the Compensation Committee will continue to consider tax implications as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for the Company's named executive officers in a manner consistent with the goals of the Company's executive compensation program and the best interests of the Company and its shareholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The Compensation Committee also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Under ASC 718, the Company is required to estimate and record an expense for each award of equity compensation over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to ASC 718.

### Risk Assessment Concerning Compensation Practices and Policies

The Compensation Committee, at the direction of the Board, reviewed our compensation policies and practices in 2018 and concluded that these policies and practices are not structured to be reasonably likely to have a material adverse effect on the Company. In 2018, the Compensation Committee also asked Radford to do a specific risk assessment of the Company's cash and equity compensation programs and Radford found them to be a low risk level under each of the factors it examined.

Specifically, our compensation programs contain many features that mitigate the likelihood of inducing excessive risk-taking behavior. These features include:

- a balance of fixed cash compensation and variable cash and equity compensation, with variable compensation tied both to short- and long-term objectives and the long-term value of our stock price;
- the Compensation Committee's ability to exercise discretion in determining incentive program payouts and equity awards;
- limits on payouts under our annual performance incentive plans;
- share ownership and holding guidelines applicable to our directors and executive officers;
- application of a clawback policy and the anti-hedging and anti-pledging provisions in the Company's Insider Trading Policy; and
- mandatory training on our policies that educate our employees on appropriate behaviors and the consequences of taking inappropriate actions.

### Equity Grant Timing and Equity Plan Information

Annual employee equity grants, including grants to executive officers, are made after the announcement of the Company's year-end results and after the Company's window to trade has been reopened (generally 48 hours after the announcement of such results). New hire equity grants are made on the first Wednesday following the first Monday of each month (or the first business day thereafter if such day is a holiday). For information about non-employee director equity grants, see the discussion under the heading "Director Compensation – Equity Compensation" below.

## Notes to Summary Compensation Table

- (1) Effective March 2018, Mr. Robinson joined the Company as the Company's President and Chief Operating Officer.
- (2) Effective March 2018, Ms. Biberstein transitioned her responsibilities as Chief Compliance Officer, Chief Administrative Officer, and Chief Risk Officer. She continued to work for the Company as an Executive Vice President until November 2018, at which time she terminated her employment.
- (3) Effective November 2018, Mr. Stejbach terminated his employment with the Company.
- (4) The amounts in column (e) reflect the aggregate grant date fair value of stock awards granted during 2018, 2017 and 2016, respectively, computed in accordance with FASB Accounting Standards Codification Topic 718, Compensation—Stock Compensation, or ASC 718. See the discussion under the heading "Equity Incentives—Stock Options and Stock Awards—How Sizes of Awards Were Determined" in this proxy statement. The weighted average grant date fair values of stock awards granted during these years are included in footnote 12 "Share-Based Compensation" to our consolidated financial statements for the year ended December 31, 2018 included in our Annual Report. The value of the performance-vesting restricted stock unit awards granted

Table of Contents

on February 17, 2017 to each of Mr. Pops, Mr. Frates and Ms. Biberstein based upon the then-probable outcome of the performance conditions, as computed in accordance with ASC 718, was \$0 for each award. Assuming that the target level of performance will be achieved, and assuming the \$54.57 closing price of our shares on the date of grant, the value of such performance-vesting restricted stock unit awards was \$3,001,350; \$600,270; and \$818,550, respectively, and the value of such performance-vesting restricted stock unit awards assuming that the highest level of performance will be achieved, was \$4,502,025; \$900,405; and \$1,227,825, respectively.

- (5) The amounts in column (f) reflect the aggregate grant date fair value of option awards granted during 2018, 2017 and 2016, respectively, computed in accordance with ASC 718. See the discussion under the heading “Equity Incentives—Stock Options and Stock Awards—How Sizes of Awards Were Determined” in this proxy statement. The assumptions used in the calculation of the fair value of option awards granted by us during these periods are included in footnote 2 “Summary of Significant Accounting Policies” under the heading “Share-Based Compensation” to our consolidated financial statements for the year ended December 31, 2018 included in our Annual Report. The fair value of the option awards granted to Mr. Pops during 2018, computed as of December 31, 2018 in accordance with ASC 718, was \$2,516,350.
- (6) The amounts in column (g) reflect the cash awards paid to our named executive officers for services performed during 2018, 2017 and 2016, respectively, pursuant to the 2018 Performance Plan, the Alkermes plc Affiliated Company Fiscal Year 2017 Reporting Officer Performance Pay Plan and the Alkermes plc Affiliated Company Fiscal Year 2016 Reporting Officer Performance Pay Plan, respectively.
- (7) The amounts in column (i) reflect our match on contributions made by the named executive officers to our 401k Plan. Column (i) for Mr. Robinson also includes a sign-on bonus of \$1,000,000 and relocation benefits of \$272,420. Column (i) for Ms. Biberstein also includes \$9,183 of unused vacation time which was paid to Ms. Biberstein in 2018. Column (i) for Mr. Stejbach also includes a cash severance payment in the amount of \$834,832, and health, dental and outplacement benefits of \$36,582, both of which will be paid biweekly through December 2019 and in each case pursuant to the Separation Agreement (as defined below), and \$51,535 of unused vacation time, which was paid to Mr. Stejbach in 2018.

## Notes to 2018 Grants of Plan-Based Awards Table

- (1) On April 4, 2018, we granted stock options and restricted stock unit awards to Mr. Robinson. This Grants of Plan-Based Awards table does not include the stock options and restricted stock unit awards which were granted to our named executive officers on February 21, 2019, which were as follows: Mr. Pops, 382,200 performance-vesting stock options, 121,000 time-vesting stock options and 129,600 time-vesting restricted stock unit awards; Mr. Robinson, 157,000 time-vesting stock options and 40,400 time-vesting restricted stock unit awards; Dr. Hopkinson, 106,700 time-vesting stock options and 27,500 time-vesting restricted stock unit awards; Mr. Gaffin, 106,700 time-vesting stock options and 27,500 time-vesting restricted stock unit awards and Mr. Frates, 90,600 time-vesting stock options and 23,300 time-vesting restricted stock unit awards. The February 21, 2019 stock option grants were each granted at an exercise price of \$32.57. No equity awards were granted to Ms. Biberstein or Mr. Stejbach on February 21, 2019, as they were no longer employed by the Company at such time.
- (2) Represents the target and maximum amounts that may be earned by named executive officers under the 2018 Performance Plan during the performance period of January 1, 2018 to December 31, 2018. The cash performance pay range for Mr. Pops is 0% to 200% of base salary with a target cash performance pay of 100% of base salary in effect at the time of award. The cash performance pay range for Mr. Robinson is 0% to 150% of base salary, with a target cash performance pay of 75% of base salary in effect at the time of award. The cash performance pay range for Messrs. Frates and Gaffin and Dr. Hopkinson is 0% to 100% of base salary with a target cash performance pay of 50% of base salary in effect at the time of award. There are no other applicable estimated future payouts under non-equity incentive plan awards for our named executive officers under the 2018 Performance Plan. See “Compensation Discussion and Analysis-Compensation Program Elements-Cash Performance Pay” for a detailed discussion of the 2018 Performance Plan, and see the Summary Compensation Table above for the actual cash performance payment amounts earned during 2018.
- (3) Represents time-vesting restricted stock unit awards granted under the 2011 Plan, which vest in four equal annual installments commencing on the first anniversary of the grant date. No dividend equivalents are paid on unvested restricted stock unit awards.
- (4) Represents time-vesting stock options granted under the 2011 Plan, which vest in four equal installments commencing on the first anniversary of the grant date. Certain of the stock options qualify as incentive stock options under Section 422 of the Code.
- (5) Represents the estimated grant date fair value of stock options and restricted stock unit awards granted to the named executive officers during 2018 computed in accordance with ASC 718. Assumptions used in the calculation of the fair value of option awards granted by us during 2018 are included in footnote 2, “Summary of Significant Accounting Policies” under the heading “Share-Based Compensation” to our consolidated financial statements for the year ended December 31, 2018 included in our Annual Report. There can be no assurance that the stock options will be exercised (in which case no value will be realized by the optionee) or that the value realized upon exercise or settlement of a restricted stock unit award will equal the grant date fair value.
