Dear Stockholder:

You are invited to attend the Annual Meeting of Stockholders of Vista Outdoor Inc. (the "Annual Meeting"), which will be held at 9:00 a.m. Mountain Daylight Time on Tuesday, August 7, 2018, at our corporate headquarters located at 262 North University Avenue, Farmington, Utah.

The Notice of Annual Meeting and Proxy Statement that follow describe the business to be conducted at the meeting. We have elected to take advantage of the "notice and access" rules of the Securities and Exchange Commission to furnish most of our stockholders with proxy materials over the Internet. These rules allow us to provide you with the information you need, while reducing our printing and delivery costs.

Your vote on the proposals is important. Whether or not you attend the Annual Meeting, we encourage you to vote your shares in order to make certain that you are represented at the meeting. You may vote over the Internet, as well as by telephone or, if you requested to receive printed proxy materials, by mailing a proxy or voting instruction card.

If you plan to attend the Annual Meeting, please let us know. See the Admission Policy in the Notice of Annual Meeting of Stockholders for instructions on admission to the meeting.

We look forward to seeing you at the Annual Meeting.

Sincerely,

Michael Callahan
Chairman

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

Date and Time: Tuesday, August 7, 2018, at 9:00 a.m. Mountain Daylight Time

Place: 262 North University Avenue, Farmington, Utah 84025

- Elect Michael Callahan and Robert Tarola as Class I directors of Vista Outdoor Inc.
- Approve, on a non-binding advisory basis, the compensation of Vista Outdoor Inc.'s named executive officers, as disclosed in the accompanying proxy statement.

Items of Business:

- Ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending March 31, 2019.
- Amend Vista Outdoor Inc.'s certificate of incorporation to declassify the Board of Directors.
- Transact any other business that may be properly brought before the meeting or any adjournment of the meeting.

Record Date: June 12, 2018

It is important that your shares be represented and voted at the meeting. Whether or not you plan to attend the meeting in person, we encourage you to read this proxy statement and submit your proxy or voting instructions as soon as possible. For specific instructions on how to vote your shares, please refer to the instructions in the Notice of Internet Availability of Proxy Materials you received in the mail, the section entitled "Questions and Answers About the Meeting and Voting" beginning on page 1 of the accompanying proxy statement or, if you requested to receive printed proxy materials, your enclosed proxy card. You can revoke a proxy at any time prior to its exercise at the meeting by following the instructions in the accompanying proxy statement. Stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting of Stockholders on August 7, 2018 in person. To be admitted to the meeting, you must request an admission ticket. You may request an admission ticket by calling (801) 447-3225, by emailing corporate.secretary@vistaoutdoor.com or by mailing a request to Vista Outdoor Inc.'s Corporate Secretary at 262 North University Avenue, Farmington, Utah 84025, Attn: Annual Meeting Ticket Request. Seating is limited. You may pick up your ticket at the registration table prior to the meeting. Please be prepared to show your government issued photo identification. Please note that if you hold shares in "street name" (that is, through a bank, broker or other nominee), you will also need to bring a copy of a statement reflecting your share ownership as of the record date. If you attend as a representative of an entity that owns shares of record, you will need to bring proper identification indicating your authority to represent that entity.

PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
August 7, 2018

GENERAL INFORMATION

The Board of Directors of Vista Outdoor Inc. ("Vista Outdoor" or the "Company") is soliciting proxies to be used at the Annual Meeting of Stockholders to be held on August 7, 2018 (the "Annual Meeting") and at any adjournment of the meeting. The Internet Availability of Proxy Materials was first mailed to stockholders and the proxy materials were first made available to stockholders on or about June 18, 2018.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a printed copy of the proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission, we may furnish proxy materials to our stockholders by providing access to these documents on the Internet instead of mailing printed copies. You will not receive printed copies of the materials unless you request them. Instead, we mailed you the Notice of Internet Availability of Proxy Materials (unless you have previously consented to electronic delivery or already requested to receive paper copies), which instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability of Proxy Materials explains how to submit your proxy over the Internet. If you would like to receive a paper copy or email copy of the proxy materials, please follow the instructions provided in the Notice of Internet Availability of Proxy Materials.

What proposals will be voted on at the Annual Meeting?

There are four matters on which a vote is scheduled at the Annual Meeting.

• Proposal 1 - The election of Michael Callahan and Robert Tarola as Class I directors of Vista Outdoor.

• Proposal 2 - The approval, on a non-binding advisory basis, of the compensation of Vista Outdoor's named executive officers, as disclosed in this proxy statement.

• Proposal 3 - The ratification of the Audit Committee's appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending March 31, 2019.

• Proposal 4 - The approval of a proposal to amend Vista Outdoor's certificate of incorporation to declassify the Board of Directors.

What are the Board of Directors' voting recommendations?

• FOR the election of Michael Callahan and Robert Tarola as Class I directors of Vista Outdoor (Proposal 1).

• FOR the approval, on a non-binding advisory basis, of the compensation of Vista Outdoor's named executive officers, as disclosed in this proxy statement (Proposal 2).

• FOR the ratification of the Audit Committee's appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending March 31, 2019 (Proposal 3).

• FOR the approval of the proposal to amend Vista Outdoor's certificate of incorporation to declassify the Board of Directors (Proposal 4).

Table of Contents

Who is entitled to vote at the Annual Meeting?

All stockholders of record at the close of business on June 12, 2018 (the "Record Date") are entitled to vote at the Annual Meeting.

What is the quorum requirement for the Annual Meeting?

To conduct business at the Annual Meeting, a quorum must be present. A quorum will be present if the holders of a majority of the outstanding shares of our common stock entitled to vote as of the Record Date are represented in person or by proxy at the Annual Meeting. On the Record Date, there were 57,454,719 shares of Vista Outdoor common stock outstanding and entitled to vote. This does not include 6,509,720 shares that were held in our treasury and cannot be voted. Each share is entitled to one vote. There was no other class of voting securities of the Company outstanding on the Record Date.

How can I vote my shares in person at the Annual Meeting?

If you are a stockholder of record, you may vote in person at the Annual Meeting.

If you hold shares beneficially in street name (i.e., in a stock brokerage account or through a bank or other nominee), you may vote in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

How can I vote my shares without attending the Annual Meeting?

If you hold your shares directly, you may vote by granting a proxy by one of the following methods:

On the Internet - You may vote online at www.proxyvote.com by following the instructions provided in the Notice of Internet Availability of Proxy Materials. Voting on the Internet has the same effect as voting by mail. If you vote on the Internet, you do not need to return a proxy card. Internet voting will be available until 11:59 P.M. Eastern Time (ET) on August 6, 2018.

By Telephone - You may vote by telephone by dialing (800) 690-6903. Voting by telephone has the same effect as voting by mail. If you vote by telephone, you do not need to return a proxy card. Telephone voting will be available until 11:59 p.m. Eastern Time (ET) on August 6, 2018.

By Mail - The Notice of Internet Availability of Proxy Materials includes instructions on how to request the proxy materials (including a proxy card) in printed form by mail or electronically by email. Once you receive a paper proxy card, you may vote your shares by signing and dating each proxy card that you receive and returning it in the prepaid envelope by August 4, 2018. Sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as an attorney-in-fact, executor, administrator, guardian, trustee or the officer or agent of a corporation or partnership), please indicate your name and your title or capacity. If the stock is held in custody for a minor (for example, under the Uniform Transfers to Minors Act), the custodian should sign, not the minor. If the stock is held in joint ownership, one owner may sign on behalf of all owners.

If you are the beneficial owner of shares held in street name, you may instruct your bank, broker or other financial intermediary to vote your shares by following the instructions provided by your bank, broker or other financial intermediary. Most intermediaries offer voting by mail, by telephone and on the Internet.

May I change or revoke my vote?

Yes. You may change or revoke your vote at any time prior to the vote at the Annual Meeting. If you are a stockholder of record, you can change your vote by:

- voting over the Internet or by telephone at a later time, until 11:59 p.m. Eastern Daylight Time on August 6, 2018;
- signing and delivering to our Corporate Secretary a written request to revoke your proxy vote;
- signing and mailing a new, properly completed proxy card with a later date than your original proxy card; or
- attending the Annual Meeting and voting in person.

If you are not a stockholder of record, you must instruct the party that holds your shares of record for your account of your desire to change or revoke your voting instructions.

Table of Contents

How are shares voted?

Your shares will be voted as you instruct, assuming that you have properly voted over the Internet or by telephone or that your properly signed proxy card is received in time to be voted at the Annual Meeting.

If you are a stockholder of record and you properly submit your proxy with no voting instructions, your shares will be voted in accordance with the Board of Directors' recommendation on each of the proposals. See "What are the Board of Directors' voting recommendations?" for more information.

If you are the beneficial owner of shares held in street name and you have not provided voting instructions to the broker, bank, trustee or nominee who holds your shares, such intermediary will not have discretionary authority to vote your shares in the election of directors (Proposal 1), the non-binding, advisory vote to approve the compensation of our named executive officers, as disclosed in this proxy statement (Proposal 2), or the vote to approve an amendment to our certificate of incorporation to declassify the Board of Directors (Proposal 4) resulting in a "broker-non-vote" with respect to these matters. However, most intermediaries do have the authority to exercise discretion to vote your shares with respect to the ratification of the Audit Committee's appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit the Company's financial statements of the fiscal year ending March 31, 2019 (Proposal 3). See "What is a broker non-vote?" for more information.

What vote is required to approve the proposals?

Proposal 1 - the two director nominees, Michael Callahan and Robert Tarola, will each be elected as a Class I director of Vista Outdoor if the votes cast in favor of such nominee's election exceed the votes cast against, or withheld with respect to, such nominee. Cumulative voting for the election of directors is not permitted.

Proposal 2 - the compensation of our named executive officers, as disclosed in this proxy statement, will be approved on a non-binding, advisory basis if a majority of the votes present in person or represented by proxy and voting thereon at the Annual Meeting (excluding abstentions) are voted in favor of the proposal.

Proposal 3 - the ratification of the Audit Committee's selection of Deloitte & Touche LLP as our independent auditors for fiscal year ending March 31, 2019, will be approved if a majority of the votes present in person or represented by proxy and voting thereon at the Annual Meeting (excluding abstentions) are voted in favor of the proposal.

Proposal 4 - the proposal to amend our certificate of incorporation to declassify the Board of Directors will be approved if a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting are voted in favor of this proposal at the Annual Meeting.

Because Proposal 2 is an advisory vote, it is non-binding on our Board of Directors. However, the Board of Directors and the Management Development and Compensation Committee of the Board of Directors values the opinions of our stockholders and, to the extent there is any significant vote against the compensation of our named executive officers as disclosed in this proxy statement, they will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns.

What happens if I abstain from voting?

If you submit a proxy and explicitly abstain from voting on any proposal, the shares represented by the proxy will be considered present at the Annual Meeting for the purpose of determining a quorum.

With respect to the election of directors (Proposal 1), the proposal to approve, on a non-binding advisory basis, the compensation of our named executive officers, as described in this proxy statement (Proposal 2), and the proposal to ratify the Audit Committee's appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit our financial statements for the fiscal year ending March 31, 2019 (Proposal 3), abstentions will not be counted as votes cast and, therefore, they will have no effect on the outcome of this proposal.

With respect to the proposal to amend our certificate of incorporation to declassify the Board of Directors (Proposal 4), because approval of this proposal requires the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote on the proposal at the Annual Meeting, abstentions will have the same practical effect as a vote against this proposal.

What is a broker non-vote?

A "broker non-vote" occurs when a broker submits a proxy that does not indicate a vote for one or more of the proposals because the broker has not received instructions from the beneficial owner on how to vote on such proposal(s) and does not have discretionary authority to vote in the absence of instructions. Brokers have discretionary authority to

vote on matters that

3

Table of Contents

are deemed “routine,” such as the ratification of the Audit Committee’s appointment of Deloitte & Touche LLP as the independent registered public accounting firm to audit the Company’s financial statements of the fiscal year ending March 31, 2019 (Proposal 3). Brokers do not have discretionary authority to vote on matters that are deemed “non-routine,” such as the election of directors (Proposal 1), the non-binding, advisory vote to approve the compensation of our named executive officers, as disclosed in this proxy statement (Proposal 2), and the proposal to approve an amendment to our certificate of incorporation to declassify the Board of Directors (Proposal 4). Broker non-votes will be counted for the purposes of determining whether a quorum exists at the Annual Meeting, but because they are not votes that are cast, they will have no effect on the outcome of Proposal 1, Proposal 2 or Proposal 4.

Who will tabulate the votes at the Annual Meeting?

The Carideo Group, Inc., an investor-relations counseling firm, will provide inspectors of election to tabulate the votes cast before and at the Annual Meeting.

Will I have dissenters’ rights?

No dissenters’ rights are available under the General Corporation Law of the State of Delaware, our certificate of incorporation or our Bylaws to any stockholder with respect to any of the matters proposed to be voted on at the Annual Meeting.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials, proxy or voting instruction card?

It means your shares are registered differently or are held in more than one account. To ensure that all of your shares are voted, please vote once for each Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card you receive.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and publish final results in a Current Report on Form 8-K following the Annual Meeting.

How will the solicitation of proxies be handled?

Proxies are being solicited primarily by Internet and mail, but proxies may also be solicited personally, by telephone, facsimile and similar means. Our directors, officers and other employees may help with the solicitation without additional compensation.

We will reimburse brokers, banks and other custodians and nominees for their reasonable expenses in forwarding proxy solicitation materials to the owners of the shares they hold.

We will pay all other expenses of preparing, printing, and mailing or distributing the proxy solicitation materials.

What other business may be brought up at the Annual Meeting?

Our Board of Directors does not intend to present any other matters for a vote at the Annual Meeting. No other stockholder has given the timely notice required by our Bylaws in order to present a proposal at the Annual Meeting.

Similarly, no additional candidates for election as a director can be nominated at the Annual Meeting because no stockholder has given the timely notice required by our Bylaws in order to nominate a candidate for election as a director at the Annual Meeting. If any other business is properly brought before the Annual Meeting, the persons named as proxy on the proxy card will vote on the matter using their best judgment.

Information regarding the requirements for submitting a stockholder proposal for consideration at next year’s annual meeting of stockholders, or nominating a candidate for election as a director at next year’s annual meeting of stockholders, can be found near the end of this proxy statement under the heading “Future Stockholder Proposals.”

How are proxy materials delivered to stockholders who share the same household?

The rules of the Securities and Exchange Commission allow us to deliver a single copy of the annual report and proxy statement to any household at which two or more stockholders reside. We believe this rule benefits everyone. It eliminates duplicate mailings that stockholders living at the same address receive, and it reduces our printing and mailing costs. This rule applies to any annual reports, proxy statements, proxy statements combined with a prospectus and information statements.

Table of Contents

If your household would like to receive single rather than duplicate mailings in the future, please write to Broadridge Investor Communications Solutions, Householding Department, 51 Mercedes Way, Edgewood, New York 11717, or call 800-542-1061.

Each stockholder will continue to receive a separate proxy card or Notice of Internet Availability of Proxy Materials. If a broker or other nominee holds your shares, you may continue to receive some duplicate mailings. Certain brokers will eliminate duplicate account mailings by allowing stockholders to consent to such elimination, or through implied consent if a stockholder does not request continuation of duplicate mailings. Since not all brokers and nominees offer stockholders the opportunity to eliminate duplicate mailings, you may need to contact your broker or nominee directly to discontinue duplicate mailings from your broker to your household.

Your household may have received a single set of proxy materials this year. If you would like to receive another copy of this year's proxy materials, please write to Broadridge Investor Communications Solutions, Householding Department, 51 Mercedes Way, Edgewood, New York 11717, or call 800-542-1061.

Members of the Johnson family, including Abigail P. Johnson (a Director, the Vice Chairman, the Chief Executive Officer and the President of FMR LLC), are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement, under which all Series B voting common shares will be voted in accordance with the majority vote of the Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Ms. Johnson has the sole power to vote or direct the voting of the

shares owned directly by the various investment companies registered under the Investment Company Act (the "Fidelity Funds") advised by Fidelity Management & Research Company ("FMR Co"), a wholly owned subsidiary of FMR LLC, which power resides with the Fidelity Funds' Boards of Trustees.

SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our directors and executive officers, as well as beneficial owners of more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership of Company securities with the Securities and Exchange Commission. Directors, executive officers, and beneficial owners of more than 10% of the Company's common stock are required to furnish us with copies of these reports. Based solely on a review of these reports, written representations from our directors and executive officers, and applicable regulations, we believe that all required reports for the fiscal year ending March 31, 2018 (referred to as "fiscal year 2018") were timely filed, except for the filing specified below. Due to an administrative error, a Form 4 was filed late reflecting an award of 16,970 restricted stock units granted on February 5, 2018 to Mr. Chaplin.

CORPORATE GOVERNANCE AT VISTA OUTDOOR INC.

Corporate Governance Guidelines

Our Board of Directors and management are committed to effective corporate governance practices. Our Guidelines on Corporate Governance describe the governance principles and procedures by which the Board functions. The Board annually reviews and updates, if necessary, the Guidelines on Corporate Governance and the Board committee charters in response to corporate governance developments, including regulatory changes, and recommendations by directors in connection with Board and committee evaluations.

Our Guidelines on Corporate Governance are available on our website at www.vistaoutdoor.com by selecting Investors and then Corporate Governance.

Code of Business Ethics

The Company's Board of Directors has adopted a written code of business ethics which applies to all directors, officers and employees. Our Code of Business Ethics is available on our website at www.vistaoutdoor.com by selecting Investors, then Corporate Governance and then Code of Business Ethics.

Communications with Directors

Procedures for stockholders, or anyone else, to communicate directly with non-management directors are available on our website at www.vistaoutdoor.com by selecting Investors, then Corporate Governance and then Contact Directors. Any concerns about the Company's accounting, internal controls or auditing matters will be referred to the Audit Committee of the Board of Directors. Other communications sent to the Board of Directors will first be reviewed by the Company's Corporate Secretary, to determine whether, based on the facts and circumstances of the communication, a response on behalf of the Board or an individual director is appropriate. If a response on behalf of the Board or an individual director is appropriate, management may assist the Board or individual director in gathering all relevant information and preparing a response. Communications related to day-to-day operations, job inquiries, business solicitations, advertisements, and similar matters are typically directed to an appropriate member of management for a response. The Corporate Secretary may elect not to refer the following types of communications to the Board:

• Product inquiries or suggestions,

• Employee complaints that are neither significant nor material,

• Routine complaints regarding the Company's products, and

• Requests for donations.

The Company maintains a record of all stockholder and other external communications to the Board, which Board members may review at any time upon request. The Company's Senior Vice President/Chief Legal, HR & Compliance Officer/Corporate Secretary provides a periodic summary to the Chair of the Nominating and Governance Committee of stockholder and other external communications sent to the Board.

Director Independence

Under the applicable rules of the New York Stock Exchange, a majority of our Board of Directors must be independent. Our Board of Directors has affirmatively determined that each of the current directors, other than Christopher T. Metz, our Chief Executive Officer, has no material relationship with the Company and is independent. Our Audit, Nominating and Governance, and Management Development and Compensation Committees are each composed only of independent directors.

Annually, each director and executive officer completes a questionnaire that elicits information regarding entities with which they and their immediate family members are affiliated. Any person nominated for election as a director must also complete a questionnaire no later than the date he or she will be recommended for nomination by the Nominating and Governance Committee. Any person who becomes an executive officer must complete a questionnaire as soon as reasonably practicable thereafter. Our Nominating and Governance Committee reviews transactions and relationships disclosed in the director questionnaires. The Board of Directors makes a formal determination regarding each director's independence.

In order to qualify as independent, a director must qualify as independent under the applicable rules of the New York Stock Exchange and our Board of Directors must also affirmatively determine, in its business judgment and in consideration of all relevant facts and circumstances, that the director has no relationship with the Company that is material to that director's

ability to be independent from management. The Nominating and Governance Committee and the Board have reviewed all transactions and relationships between the Company and our directors, their immediate family members, and entities with which they are affiliated and determined that they were made or established in the ordinary course of business and that the directors had no material relationship with the Company.

Organization of the Board of Directors

Board Classification

The Company's Board of Directors is currently divided into three classes:

	Class	Term Expiration (Calendar Year)
Michael Callahan	I	2018
Robert Tarola	I	2018
April Foley	II	2019
Tig Krekel	II	2019
Gary McArthur	III	2020
Mark Gottfredson	III	2020
Christopher Metz	III	2020

Messrs. Callahan and Tarola were designated as Class I directors upon completion of our spin-off from Alliant Techsystems in 2015 (the "Spin-Off"), and have initial terms expiring at the annual meeting of stockholders on August 7, 2018. These directors have been nominated by the Board of Directors for reelection at the Annual Meeting, as described below under "Proposal 1 - Election of Directors."

Table of Contents

Under our current certificate of incorporation, directors for each class will be elected at the annual meeting of stockholders held in the year in which the term for that class expires and thereafter will serve for a term of three years. At any meeting of stockholders for the election of directors at which a quorum is present, a director will be elected if the votes cast in favor of such nominee's election exceed the votes cast against, or withheld with respect to, such nominee; provided, however, that, if the Corporate Secretary of Vista Outdoor receives a notice that a stockholder has nominated a person for election to the Board of Directors in compliance with the advance notice requirements for stockholder nominees for directors set forth in the Company's amended and restated bylaws and such nomination has not validly been withdrawn, directors will be elected by a plurality of the votes cast.

Chairman of the Board

The Company's Board of Directors maintains strong independent leadership through an active and empowered Chairman. The Company's independent directors appointed Mr. Callahan as Chairman in November 2017. As Chairman, Mr. Callahan chairs executive sessions and other meetings of the independent directors and communicates, as appropriate, the results of those sessions or meetings to the Board and the Company's management. The Chairman's other responsibilities are set forth in the Guidelines on Corporate Governance of Vista Outdoor Inc. that is available on the Company's website at www.vistaoutdoor.com by selecting Investors, then Corporate Governance and then Corporate Governance Guidelines. During the period in fiscal year 2018 Mr. DeYoung served as CEO and Chairman, Ambassador Foley served as the Lead Independent Director.

Meetings of the Board

The Company's Board of Directors holds four regularly scheduled meetings each fiscal year. In the fiscal year 2018, the Board of Directors held a total of ten meetings. The independent directors of the Board meet in executive session at each regularly scheduled Board meeting. As a general practice, Board members are expected to also attend our annual meetings of stockholders. Each of our Board members attended the August 2017 annual meeting of stockholders. Each director attended all of the meetings of the Board and applicable committees held in fiscal year 2018, except that Mr. McArthur missed one Board meeting and Mr. Gottfredson missed one meeting of the Management Development and Compensation Committee.

Committees of the Board of Directors

The Board of Directors has established three standing committees, the Audit Committee, the Nominating and Governance Committee, and the Management Development and Compensation Committee (the "MDCC" or "Compensation Committee"), in connection with the discharge of its responsibilities. Each member of these committees meets the independence requirements set forth in the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange and other requirements set forth in the applicable committee charters, which are available on the Company's website at www.vistaoutdoor.com by selecting Investors, then Corporate Governance and then Board Committee Charters. The current composition of the committees is listed in the table below with the Chair of each committee designated with a "C."

Audit Committee

The Audit Committee is primarily responsible for the integrity of the Company's consolidated financial statements, the Company's compliance with legal and regulatory requirements and the independence, qualifications and performance of the Company's independent registered public accounting firm. Specifically, these duties include: appointing, compensating, retaining and overseeing the Company's independent registered public accounting firm; reviewing the scope of the audit to be conducted by such firm, as well as the results of its audit; overseeing the Company's financial reporting activities, including the Company's annual and quarterly reports and the accounting standards and principles followed; overseeing the Company's compliance with its Code of Business Ethics; overseeing the Company's financial reporting process; approving audit and non-audit services provided to the Company by the independent registered public accounting firm; evaluating requests for waivers related to the Code of Business Ethics; overseeing the Company's legal and regulatory compliance; overseeing the Company's disclosure and internal controls; and preparing

the report of the Audit Committee required by the rules and regulations of the Securities and Exchange Commission and included in this Proxy Statement. Further, in conjunction with the mandated rotation of the independent registered public accountant's lead engagement partner, the Audit Committee will be involved in the selection of any new lead engagement partner. The Audit Committee is also responsible for oversight of financial risks, including the steps the Company has taken to monitor and mitigate these risks.

All of the Audit Committee members meet the independence and experience requirements of the New York Stock Exchange and the Securities and Exchange Commission. The Board has identified Messrs. Tarola and McArthur as audit

committee financial experts under the rules of the Securities and Exchange Commission. The Audit Committee holds four regularly scheduled meetings each fiscal year. In fiscal year 2018, the Audit Committee held a total of six meetings. Generally, the Audit Committee meets separately with the independent auditors and the Company's internal auditors at regularly scheduled meetings and periodically meets separately with management.

Management Development and Compensation Committee

The MDCC carries out the responsibilities delegated by the Board of Directors relating to the review and determination of executive compensation and approves or recommends, as applicable, compensation and incentive plans and programs. The MDCC also produces an annual report regarding executive compensation that has been included in this Proxy Statement. The MDCC also evaluates the performance of the Chief Executive Officer and other executive officers in light of established Company goals and objectives at least once per year and, based on these evaluations, approves (or make recommendations to the Board of Directors regarding approval when appropriate) the compensation of the Company's Chief Executive Officer and other executive officers. The MDCC is also responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. In addition, the MDCC has the sole authority to retain or obtain the advice of compensation consultants and other advisers and to determine the services to be provided and the fees for such services. The MDCC also considers the independence of compensation consultants and other advisers and assesses whether the work of any compensation consultant or advisor raises any conflict of interest. In addition, the MDCC works with management to devise and execute on an executive development plan and succession planning for the Company.

All of the MDCC members meet the independence requirements of the New York Stock Exchange and the Securities and Exchange Commission. The MDCC holds four regularly scheduled meetings each fiscal year. In fiscal year 2018, the MDCC held a total of five meetings. Additional information regarding the MDCC's processes and procedures for establishing and overseeing executive compensation is disclosed below under the heading "Executive Compensation—Compensation Discussion and Analysis."

Nominating and Governance Committee

The Company's Nominating and Governance Committee is responsible for considering and reporting periodically to the Board of Directors on matters relating to the identification, selection and qualification of members of the Board of Directors and candidates nominated to the Board of Directors. The Nominating and Governance Committee also advises and makes recommendations to the Board of Directors with respect to corporate governance matters, oversees annual evaluations of the Board of Directors and is responsible for board succession planning. The Nominating and Governance Committee also receives and reviews, in accordance with the Company's amended and restated bylaws, stockholder recommendations for director candidates. The Nominating and Governance Committee periodically reviews the Company's policies related to such recommendations. The Nominating and Governance Committee, in its role of reviewing and maintaining the Company's Guidelines on Corporate Governance, also manages risks associated with the independence of the Board of Directors and potential conflicts of interest.

All of the Nominating and Governance Committee members meet the independence requirements of the New York Stock Exchange. The Nominating and Governance Committee holds two regularly scheduled meetings each fiscal year. In fiscal year 2018, the Nominating and Governance Committee held a total of three meetings.

Annual Director Evaluations

The Nominating and Governance Committee leads an annual self-evaluation of the functioning and effectiveness of the Board, as a whole, each Committee and each director. The centerpiece of this process is the analysis of a comprehensive self-assessment questionnaire completed by each director. The directors' responses to the questionnaire provide a critical evaluation by the directors of the Board's performance, including an assessment of its agendas, informational needs, composition, processes, dynamics and effectiveness, as well as a director by director evaluation in terms of skill sets and contribution. At the end of the process, opportunities for improvement are identified by the Nominating and Governance Committee and Board.

Periodically, including this year at the Board and Committee meetings held in March 2018, the evaluation process is administered by our outside counsel. Each director completes the questionnaire and provides suggestions and feedback to our outside counsel, who then summarizes the results of the assessment and provides recommendations for improvements, to our Nominating and Governance Committee and Chairman. This process allows directors to

anonymously provide feedback.

Director Qualifications and Selection Process

The Board has delegated the identification, screening and evaluation of director candidates to the Nominating and Governance Committee. The Nominating and Governance Committee retains from time to time a search firm to help identify, screen and evaluate director candidates. The Nominating and Governance Committee will also consider qualified candidates for

15

Table of Contents

Board membership submitted by stockholders, as described below, or by members of the Board of Directors. The Nominating and Governance Committee interviews the candidates who meet the director qualification standards described above, selects the candidates who best meet the Board's needs, and then recommends to the Board the director nominees for election to the Board.

In evaluating potential director nominees, the Nominating and Governance Committee seeks to ensure that the Board of Directors includes a range of talents, ages, skills, diversity and expertise, particularly in the areas of accounting and finance, management, domestic and international markets, governmental/regulatory, leadership and industry experience, sufficient to provide sound and prudent guidance with respect to the Company's operations and interests. The Nominating and Governance Committee will consider stockholder recommendations for nominees to the Board. If you wish to recommend a prospective candidate for the Board, you should submit the candidate's name and written information in support of the recommendation to: Corporate Secretary, Vista Outdoor Inc., 262 North University Avenue, Farmington, Utah 84025. Additional information regarding the requirements for nominating a person for election as a director at the annual meeting of stockholders is described under the heading "Future Stockholder Proposals" near the end of this proxy statement. Director candidates recommended by stockholders will be considered under the same criteria as candidates recommended by the Nominating and Governance Committee.

The Board's Role in Risk Oversight

While the Company's management is responsible for the day-to-day management of risks, the Board of Directors has broad oversight responsibility for the Company's risk management programs. Company management is charged with adequately identifying material risks that the Company faces in a timely manner; implementing management strategies that are responsive to the Company's risk profile and specific material risk exposures; evaluating risk and risk management with respect to business decision-making throughout the Company; and efficiently and promptly transmitting relevant risk-related information to the Board or appropriate committee, so as to enable them to conduct appropriate risk management oversight. The Board receives reports on enterprise risk management at least once a year.

The Board of Directors exercises risk management oversight and control, both directly and indirectly through board committees. The Board of Directors regularly reviews information regarding the Company's credit, liquidity and operations, including the risks associated with each. The MDCC is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee is responsible for oversight of financial risks, including the steps we have taken to monitor and mitigate these risks. The Nominating and Governance Committee, in its role of reviewing and maintaining the Company's Guidelines on Corporate Governance, manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports and by the Chief Executive Officer about the known risks to the Company's strategy and business.

Compensation Committee Interlocks and Insider Participation

None of the members of the MDCC has ever served as an officer or employee of the Company or has any relationships with the Company requiring disclosure below under the heading "Related Person Transactions." Since the beginning of the last fiscal year, no executive officer of the Company has served on the compensation committee or board of any company that employs a director of the Company.

Stock Ownership Guideline for Non-Employee Directors

The Board has established a stock ownership guideline for non-employee directors of a number of shares of Vista Outdoor common stock equal in value to five (5) times the amount of the annual cash retainer paid to members of the Board of Directors, or \$375,000. The Nominating and Governance Committee of the Board reviews the stock ownership of each incumbent director annually prior to the Committee's recommendation to the Board of the nominees for election as directors at the annual meeting of stockholders. Shares of Vista Outdoor common stock owned outright and restricted stock and deferred stock units granted under the Company's 2014 Stock Incentive Plan are all counted for the purpose of meeting the stock ownership guideline. All non-employee directors are currently in compliance with these guidelines.

Table of Contents

RELATED PERSON TRANSACTIONS

The Company is required to disclose material transactions by Vista Outdoor in which "related persons" have a direct or indirect material interest. Related persons include any director, nominee for director, executive officer of Vista Outdoor, any immediate family members of such persons and any persons known by Vista Outdoor to be beneficial owners of more than 5% of Vista Outdoor's voting securities. Based on information available to the Company and provided by the Company's directors and executive officers, the Company does not believe that there have been any transactions since March 31, 2017 that would be required to be disclosed as a "related person transaction" pursuant to the applicable rules of the Securities and Exchange Commission.

The Company has a written policy and procedures for the review, approval or ratification of transactions, arrangements or relationships involving the Company and its directors, nominees for director, executive officers, any immediate family members of such persons and any persons known by Vista Outdoor to be beneficial owners of more than 5% of the Company's voting securities. Pursuant to the Company's Related Person Transactions Policy, the Nominating and Governance Committee is responsible for approving or ratifying, as applicable, any transactions with related persons that would be disclosable pursuant to applicable Securities and Exchange Commission rules. In considering such transactions, the Nominating and Governance Committee considers the relevant facts and circumstances available to it regarding the transaction, including the material facts as to the director's or officer's relationship to or interest in the transaction. The Nominating and Governance Committee approves or ratifies, as the case may be, a transaction if it determines, in good faith, that the transaction is in, or is not inconsistent with, the best interests of the Company and its stockholders. Any member of the Nominating and Governance Committee who has an interest in the transaction under consideration must abstain from voting on the approval or ratification of the transaction, but may, if so requested by the Chair of the Nominating and Governance Committee, participate in all or some of the Nominating and Governance Committee's discussions of the transaction.

DIRECTOR COMPENSATION

Summary Compensation Information

Generally, only non-employee directors receive compensation for their service on the Board of Directors. However, during a portion of fiscal year 2018, Michael Callahan, our Chairman, served as interim Chief Executive Officer, and received compensation for his roles both as interim Chief Executive Officer and service on the Board of Directors. The compensation payable pursuant to the Company's current compensation program for non-employee directors is as follows:

- an annual award of restricted stock units, valued at \$110,000 at the time of grant;
- an annual cash retainer of \$75,000;
- an annual cash retainer of \$75,000 for the independent Chairman of the Board;
- an annual cash retainer of \$25,000 for the Lead Independent Director of the Board;
- an annual cash retainer of \$20,000 for the Chair of the Audit Committee, \$15,000 for the Chair of the MDCC, and \$10,000 for the Chair of the Nominating and Governance Committee; and
- an annual cash retainer of \$10,000 for each other member of the Audit Committee, \$7,500 for each other member of the MDCC, and \$5,000 for each other member of the Nominating and Governance Committee.

The annual restricted stock unit award is granted following the annual meeting of stockholders each year. Cash amounts are paid in a lump sum following the annual meeting of stockholders each year. The Company does not pay any additional fees for Board and Committee meetings attended.

Non-Employee Director Restricted Stock Unit Awards

As described above, each non-employee director receives an award of restricted stock units under the Company's 2014 Stock Incentive Plan following each annual meeting of stockholders. The stock awards have a market value of \$110,000, as determined by the closing market price of Vista Outdoor common stock on the date of grant.

Restricted stock unit awards are granted pursuant to restricted stock unit agreements that generally provide for vesting on the one-year anniversary of the grant date. The awards will accelerate and vest earlier, however, in connection with a change in control or if the director ceases to serve as a member of the Board as a result of disability, death or pursuant to a retirement that is approved in the sole discretion of the Board. Except as provided in the previous sentence, if a director ceases to be a member of the Board prior to vesting, the director forfeits all rights in unvested restricted stock units and deferred stock units (described below), as applicable.

Non-employee directors may elect to receive deferred stock units in lieu of the restricted stock units. In general, directors must make these deferral elections by the end of the calendar year preceding the date of the grant of restricted stock units. The deferred stock units are subject to the same vesting terms described above, but directors who make such a deferral election will have no rights as stockholders of Vista Outdoor with respect to deferred stock units upon vesting. Payment of vested deferred stock units will be made in a lump sum in an equal number of shares of unrestricted common stock upon the time specified in the director's deferral election or, if earlier, the director's termination of service on the Board of Directors.

Expense Reimbursement

Non-employee directors are reimbursed for travel and other expenses incurred in the performance of their duties.

Director Compensation (Fiscal Year 2018)

The following table shows the annual retainer and fees earned by the Company's non-employee directors for the fiscal year ended March 31, 2018 and either paid in cash or deferred at the election of the director. Compensation paid to Michael Callahan for his service on the Board of Directors is included in the Summary Compensation Table and the tables that follow it. The table also shows the aggregate grant date fair value of stock awards computed in accordance with generally accepted accounting principles in the United States. Additional information regarding the restricted stock unit awards and deferred stock units is provided in footnote 2 below.

Name	Fees			Total (\$)
	Earned or Paid in Cash (\$)	Stock Awards \$(1)(2)	All Other Compensation \$(3)	
April H. Foley	\$115,000	\$109,977	\$ 1,250	\$226,227
Mark A. Gottfredson	\$87,500	\$109,977	\$ 1,000	\$198,477
Tig H. Krekel	\$95,000	\$109,977	\$ —	\$204,977
Gary L. McArthur	\$100,000	\$109,977	\$ 2,500	\$212,477
Robert M. Tarola	\$100,000	\$109,977	\$ 2,500	\$212,477

(1) This column shows the grant date fair value computed in accordance with generally accepted accounting principles in the United States. The amounts represent restricted stock unit awards and deferred stock units that are paid in shares of Vista Outdoor common stock and calculated based on the number of shares granted multiplied by the closing price per share of Vista Outdoor common stock on the date of grant. The amounts do not reflect the actual amounts that may be realized by the directors. On August 1, 2017, each non-employee director received 4,666 shares of restricted stock units or deferred stock units, depending on their election, with a closing price per share of Vista Outdoor common stock on the date of grant of \$23.57. No other equity awards were made to our directors during the fiscal year ended March 31, 2018.

(2) The aggregate number of shares of restricted common stock, restricted stock units and deferred stock units held by each non-employee director as of March 31, 2018 were as follows:

Name	Shares of Restricted Stock and Restricted Stock Units	Deferred Stock Units
April H. Foley	4,666	5,857
Mark A. Gottfredson	4,666	—
Tig H. Krekel	—	22,740
Gary L. McArthur	—	4,666
Robert M. Tarola	4,666	—

(3) The amount reported in this column includes Company matching contributions to certain non-profit organizations selected by the directors. None of the non-employee directors received an aggregate of \$10,000 or more of perquisites or other personal benefits from the Company in fiscal year 2018.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Introduction

This Compensation Discussion and Analysis explains how our MDCC made decisions related to the compensation for our executive officers, including the executive officers named in this proxy statement for the fiscal year ended March 31, 2018 (referred to as fiscal year 2018). References to a “fiscal year” in this Compensation Discussion and Analysis section and in the Named Executive Officer Compensation Tables that follow refer to the fiscal year ended March 31 of that year.

Our "named executive officers" for fiscal year 2018 are:

- Christopher T. Metz, Chief Executive Officer and Director beginning October 9, 2017
- Mark W. DeYoung, Former Chairman and Chief Executive Officer through July 11, 2017
- Michael Callahan, Chairman and Former Interim Chief Executive Officer from July 11, 2017 through October 9, 2017
- Anneliese Rodrigues, Vice President, Financial Planning & Analysis and Former Interim Principal Financial Officer from February 2, 2018 through April 16, 2018
- Stephen M. Nolan, Former Senior Vice President and Chief Financial Officer through February 1, 2018
- Scott D. Chaplin, Senior Vice President/Chief Legal, HR & Compliance Officer/Corporate Secretary
- David D. Allen, Group President, Outdoor Products
- Robert J. Keller, Former President, Shooting Sports through November 17, 2017

Payments to Former Executive Officers and Chief Executive Officers

Our Company experienced turnover in our senior leadership team in fiscal year 2018 as a result of our Board taking steps to address disappointing corporate performance and reinvigorate the Company's leadership. Severance and other payments were made to our former named executive officers in connection with their departures in amounts provided for under their existing employment arrangements and the Vista Outdoor Inc. Executive Severance Plan.

The severance amounts paid to Mr. DeYoung, combined with the salary and bonus paid to Mr. Callahan during his interim service as our Chief Executive Officer ("CEO"), and the payments made to recruit and employ Mr. Metz, our current CEO, in the aggregate, significantly exceed compensation paid to the CEO by the Company in prior fiscal years where we had just a single CEO. Please see the Named Executive Officer Compensation Tables below for a fulsome discussion of the compensation of our former, interim and current CEOs.

The Board's efforts to reinvigorate Vista Outdoor's leadership are already producing results. Under the leadership of our current CEO and the guidance of the independent members of the Board, on May 1, 2018, the Company announced its strategic business transformation plan, designed to allow the Company to focus its resources on pursuing growth in its core product categories. The plan was a result of a comprehensive evaluation of the brands within our current portfolio based on their ability to serve the Company's target consumer; create cross-selling and other similar synergy opportunities; achieve market leading positions and leadership economics; and demonstrate omni-channel distribution capabilities. As a result of this evaluation, the Company has shifted its focus to achieving growth through its market-leading brands in ammunition, hunting and shooting accessories, hydration bottles and packs, and outdoor cooking products through its plan to explore strategic options for assets that fall outside of these core product categories. The Company expects that the execution of this process will significantly reduce the Company's leverage, improve financial flexibility and the efficiency of its capital structure, and provide additional resources to reinvest in core product categories, both organically and through acquisition.

Company Performance in Fiscal Year 2018

Key financial results and developments in fiscal year 2018 included:

- Annual sales of \$2,308,463 and \$2,546,892 for the fiscal years 2018 and 2017, respectively.
- Gross profit was \$520,962 and \$669,186 for the fiscal years 2018 and 2017, respectively.
- During the fiscal year ended March 31, 2018, net cash provided by operating activities was \$252,355.

In June 2017, we announced changes to our qualified and non-qualified defined benefit pension plans. As a result of the changes, we recognized a one-time gain of \$5,783 during the quarter ended July 2, 2017.

In May 2017, we signed a long-term agreement with Orbital ATK for the supply of ammunition products produced at the Lake City Army Ammunition Plant from February 2018 through September 2020.

The Eyewear business (consisting of the Bollé, Serengeti and Cébé brands) was classified as held for sale during the third quarter of fiscal 2018.

For fiscal year 2018, annual cash incentive payments paid to named executive officers were below target levels, and only a small portion of the performance shares tied to fiscal year 2016-2018 performance became vested as of March 31, 2018, which the MDCC believes supports the conclusion that the Company's compensation program appropriately aligns incentives to financial performance and creates accountability for the Company's named executive officers.

Executive Compensation Philosophy

The overall objective of the Company's executive compensation program is the same as the goal for operating the Company: to create long-term stockholder value. The program is intended to provide a competitive compensation package to our executives in order to attract, motivate and retain a talented executive leadership group that is dedicated to the long-term interests of our stockholders.

Significant elements of our executive officers' compensation are tied to financial and operating performance and are intended to drive sustained long-term stockholder value. Long-term incentives are delivered in the form of performance shares, stock options and restricted stock units ("RSUs").

Executive compensation decisions are based on three fundamental principles:

1. Performance based – Incentive compensation is designed to drive strong financial performance with the intent of creating stockholder value. Executive compensation varies in relation to the Company's financial performance and stock price performance.
2. Aligned with stockholder interests – Vista Outdoor will achieve the best results for its stockholders when its executives act and are rewarded as owners in the business.

A significant portion of our total executive pay opportunities comes through equity-based incentives - 60% or greater of the total opportunity for our Chief Executive Officer role, and an average of 43% for our other named executive officers.

Executive officers, including the CEO, are required to retain at least 50% of the net shares (remaining after taxes are withheld) received as compensation and to hold such shares until the executive leaves the Company.

3. Designed to attract and retain quality talent – Vista Outdoor must offer a competitive total compensation package to our executives in order to attract and retain a talented executive leadership group. To ensure that we remain competitive and promote executive retention, Vista Outdoor regularly reviews competitive market information for both direct and indirect compensation.

Total direct compensation (base salary, annual incentive, long-term incentive) is benchmarked against a company specific peer group of close business competitors of comparable size. This custom peer group is referred to as the "Compensation Peer Group." We also consider reported information from leading compensation surveys when assessing the competitiveness of our executive pay opportunities. The Company's process for determining compensation is described in more detail below.

Indirect compensation programs (benefits) are evaluated separately from direct compensation through the Company's regular benefits review and benchmarking process.

The objectives and principles described above informed the MDCC's decisions with respect to fiscal year 2018 compensation paid to our named executive officers.

Mr. Metz joined the Company in October 2017, over half-way through the Company's fiscal year 2018. In order to incentivize Mr. Metz to join Vista Outdoor during a challenging time for the industry, the MDCC awarded Mr. Metz a flat cash bonus of \$500,000 for fiscal year 2018. This amount roughly approximates his annual cash incentive target amount, pro-rated for the number of days he was employed during fiscal year 2018. Further, his offer letter also provides a minimum amount of \$500,000 for his annual incentive award for fiscal year 2019, in order to incentivize and retain Mr. Metz given the anticipated timing of the implementation of strategic and operational improvements. Any achievement above such minimum annual incentive amount would be tied to the Company's actual financial performance for fiscal year 2019. The MDCC also awarded Mr. Metz long-term incentives for fiscal year 2019 in the

form of performance shares, RSUs and stock options, which constitute 62% of Mr. Metz's total compensation. The performance based long-term incentives (performance shares and stock

Table of Contents

options) constitute 70% of Mr. Metz's total long-term incentives, tying a substantial portion of his compensation to the Company's long-term financial, operating and market performance going forward.

Key Governance Principles and Executive Compensation Practices

- Vista Outdoor's recoupment (clawback) policy reserves the right of the MDCC to recoup incentive awards from executive officers if there is a material restatement of the Company's financial results.

- No stock options granted with an exercise price below market value on the date of grant.

- No repricing of equity awards without stockholder approval, except in the case of certain stock splits, spin-offs or other forms of equity restructuring.

- A double-trigger provision in our change-in-control severance plan, and no tax gross-ups paid on change-in-control benefits.

- A stock holding requirement for executive officers.

- No hedging or pledging of Vista Outdoor stock by our directors and officers.

- Retention by the MDCC of a compensation consultant to provide independent, third-party advice on executive compensation.

Determination of Compensation

The MDCC consists entirely of independent directors and is responsible for setting the Company's compensation policies and approving the compensation paid to executive officers. To assist the MDCC, the MDCC has selected Semler Brossy Consulting Group, LLC ("Semler Brossy") as their compensation consultant. After considering the following six factors with respect to Semler Brossy: (i) the provision of other services to us by Semler Brossy; (ii) the amount of fees received from us by Semler Brossy, as a percentage of the total revenue of Semler Brossy; (iii) the policies and procedures of Semler Brossy that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Semler Brossy consultant with a member of the Compensation Committee; (v) any of our stock owned by the Semler Brossy consultants; and (vi) any business or personal relationship of the Semler Brossy consultant or Semler Brossy with any of our executive officers, the MDCC has concluded that no conflict of interest exists with respect to its engagement of Semler Brossy.

Before the MDCC approves compensation for the Company's named executive officers for a fiscal year, it will review the Company's executive compensation program to (1) assess ongoing market competitiveness and (2) consider both Company and individual performance.

The Company uses a Compensation Peer Group to benchmark executive compensation for officers in similar positions at comparable companies. The Company, with the help of Semler Brossy, created a Compensation Peer Group for Vista Outdoor. The Compensation Peer Group for fiscal year 2018 was made up of 22 consumer products companies with comparable sizes and business focus. Key characteristics of the Compensation Peer Group include:

- Multiple Product Spaces – product lines catering to a wide variety of end-consumers.

- Portfolio of Brands – active management of multiple brands.

- Manufacturing Component – clear in-house manufacturing capabilities and the associated management tasks.

The Compensation Peer Group used to set executive officer compensation for fiscal years 2018 and 2019 consisted of the following 22 companies:

American Outdoor Brands Corporation (fka Smith & Wesson Holding Corp)

B&G Foods, Inc.

Brunswick Corp.

Callaway Golf Co.

Central Garden & Pet Co.

Church & Dwight Co., Inc.

Columbia Sportswear Co.

Edgewell Personal Care Co.

In addition to the Compensation Peer Group, the MDCC also considers reported pay data from leading compensation surveys, including the most current Towers Watson CDB Executive Compensation Survey and Aon Hewitt TCM Survey.

The MDCC reviewed multiple market reference points for each executive officer as a guide to establish a targeted level of total direct compensation (base salary, annual incentives, and long-term incentives) for each executive officer position. The CEO then made recommendations to the MDCC on the pay levels for officers (other than himself) based on the CEO's assessment of the officer's performance. The MDCC considered similar data for Mr. Metz in connection with the extension of his offer of employment during fiscal year 2018.

The MDCC will continue to evaluate the Compensation Peer Group to ensure comparability, and may make changes to the Compensation Peer Group for purposes of evaluating the competitiveness of the Company's executive compensation program for future periods. The MDCC retains discretion to make adjustments such that the compensation of individual executive officers may be above or below the market references. The level of compensation for the Company's CEO is determined solely by the MDCC, with information and support from Semler Brossy.

2017 Say-on-Pay Vote

At the Company's 2017 annual meeting of stockholders, the Company submitted its executive compensation programs to an advisory stockholder vote. The stockholders overwhelmingly approved the Company's executive compensation policies and programs, with 97.1% of shares voted in favor of the proposal. The MDCC interpreted this result to mean that the Company's stockholders are supportive of the Company's executive compensation philosophy and program and did not make any changes thereto as a result of such vote.

Elements of the Company's Executive Compensation Program

The primary elements of the Company's executive compensation program are:

Compensation Element	Fundamental Principle Served	Objective	Competitive Positioning
Base salary	Designed to attract and retain quality talent	To provide a fixed level of cash compensation for sustained individual performance, based on level of responsibility, performance, and experience	Targeted at the 50 th percentile of the market data described above
Annual incentive	Performance based/aligned with stockholder interests	To focus attention on and reward executives for their contributions to the Company's annual financial and operational performance	Target opportunities are targeted at the 50 th percentile of the market data described above
Long-term compensation	Performance based/aligned with stockholder interests	To align management's interests with those of the Company's stockholders through the use of stock incentive programs that help drive stockholder value over time and support retention of our executives	Target award values are targeted at the 50 th percentile of the market data described above
Benefits	Designed to attract and retain quality talent	To provide a competitive total compensation program and support the retention of key executive talent	In line with peers and general market
Perquisites	Designed to attract and retain quality talent	Minimal benefits, with careful consideration to only those where perceived benefit by the executive is greater than the cost to the Company	In line with peers

The various elements afford flexibility in designing an executive compensation package and allow the MDCC to focus executive officers' efforts on both short-term and long-term business objectives. Prior to the beginning of each fiscal year, the MDCC meets at a regularly scheduled meeting to establish base salary and annual and long-term incentive compensation levels for the Company's executive officers for the following fiscal year. The MDCC approves all grants of equity awards to executive officers, and Vista Outdoor does not backdate, reprice or grant equity awards retroactively.

Compensation for Fiscal Year 2018

Base Salaries

The MDCC conducted its review of our executive officers' base salaries at the MDCC's February and March 2017 meetings and approved the fiscal year 2018 base salaries for each named executive officer listed in the table that follows. The MDCC determined that the increases for Messrs. Nolan, Chaplin and Keller were necessary in order to remain competitive with the market.

Name	Base Salary for FY18	Percentage Increase	
Mr. DeYoung	\$1,081,500	—	%
Mr. Nolan	\$515,000	3.0	%
Mr. Chaplin	\$476,890	3.0	%
Mr. Allen	\$400,000	—	%
Mr. Keller	\$386,250	3.0	%

Mr. DeYoung agreed to forgo a salary increase for fiscal year 2018. Mr. Allen did not receive an increase for fiscal year 2018 given that he received a promotion during fiscal year 2017 to President, Outdoor Products, which included an increase in his base salary from \$380,000 to \$400,000 (a 5.3% increase).

Mr. Metz's base salary of \$1,000,000 was approved by the MDCC at the time he was elected Chief Executive Officer on October 5, 2017. The base salary for Ms. Rodrigues is determined by the Chief Financial Officer and is established based on her annual performance review generally held in June. Her base salary for the fiscal year 2018 was \$210,000.

Annual Incentive Compensation Payouts for Fiscal Year 2018

Annual incentive compensation is typically paid under the Company's Executive Officer Incentive Plan, a cash-based pay-for-performance plan. In May 2017, the MDCC determined that earnings before interest and taxes ("EBIT"), sales and free cash flow were the appropriate measures to drive annual Company financial performance. Sales is defined in accordance with generally accepted accounting principles and free cash flow is defined as cash provided from operations less capital expenditures plus asset sales. The performance goals were weighted 33% on the Company's EBIT, 34% on the Company's sales and 33% on the Company's free cash flow. The target level of performance established for each performance goal was based on the Company's financial performance expectations for fiscal year 2018. The target levels of performance were considered by the MDCC and management to be challenging but achievable when set.

In May 2018, the MDCC evaluated the Company's results on each of the performance goals for the fiscal year ended March 31, 2018 and determined that the Company's financial performance did not achieve the threshold performance levels for EBIT, but achieved above threshold and above target performance goals for sales and cash flow, respectively. The overall results were:

Corporate

The following table sets forth the threshold, target and maximum annual incentive compensation amounts established by the MDCC, and the actual cash incentive paid for fiscal year 2018 performance to each of the named executive officers:

	FY2018 Annual Cash Incentive Amounts			Actual Incentive Paid
	Threshold	Target	Maximum	
Mr. Metz	\$—	\$500,000	\$—	\$500,000
Mr. DeYoung	\$181,368	\$362,736	\$725,472	\$297,081
Mr. Callahan	\$—	\$400,000	\$—	\$400,000
Ms. Rodrigues	\$35,614	\$71,228	\$142,456	\$58,336
Mr. Nolan	\$162,438	\$324,875	\$649,750	\$266,073
Mr. Chaplin	\$154,990	\$309,979	\$619,958	\$253,873
Mr. Allen	\$128,956	\$257,911	\$515,822	\$218,709
Mr. Keller	\$69,266	\$138,531	\$277,062	\$88,521

Actual amounts paid were interpolated on a straight-line basis between the threshold and target. The annual incentive payments to Messrs. Metz and Callahan for fiscal year 2018 were made without regard to Company financial performance, in Mr. Metz's case to incentivize him to join the Company as its new CEO (as noted above), and in Mr. Callahan's case in recognition of the fact that his primary responsibility as interim CEO was to ensure an orderly transition and successful search for a new CEO. Annual incentive payments described above are pro-rated, as applicable, based on the number of days an executive was employed during the fiscal year, as well as for any changes in annual incentive targets during the fiscal year.

Payout of Fiscal Year 2016-2018 Performance Shares

In March 2015, performance shares were granted to certain named executive officers (Messrs. DeYoung, Nolan and Chaplin) and other key employees of the Company. The awards had a performance period from April 1, 2016 through March 31, 2018 and were contingent on the Company achieving the following performance goals:

Fiscal Year 2019 Compensation Decisions

What follows is a discussion of the fiscal year 2019 compensation decisions of the MDCC with respect to the named executive officers. Compensation for Ms. Rodrigues for fiscal year 2019 was determined by the Chief Financial Officer and is discussed separately below.

Base Salaries

The MDCC conducted its review of our current executive officers' base salaries at the MDCC's February and March 2018 meetings and approved the current base salaries for each named executive officer as set forth below:

Name	Base Salary for FY19	Percentage Increase
Mr. Metz	\$1,000,000	— %
Mr. Chaplin	\$486,428	2 %
Mr. Allen	\$440,000	— %

Mr. Metz's base salary for fiscal year 2019 was not increased given his recent hire in October 2017. Mr. Allen did not receive an increase for fiscal year 2019 given that he received a promotion during fiscal year 2018 to Group President, Outdoor Products, which included an increase in his base salary from \$400,000 to \$440,000 (a 10% increase).

Annual Incentive Compensation

The goal-setting process for the Company's annual incentive compensation program begins with the CEO working with the MDCC to establish performance measures that will provide the appropriate incentives to management for achieving the Company's annual financial goals. The CEO then works with management to design internal strategic business plans to achieve the annual financial goals. The annual financial goals and strategic business plans are then presented to Vista Outdoor's Board of Directors for discussion and approval. The MDCC considers the strategic business plans as presented to the Board of Directors when approving the performance goals for executive officer annual incentive compensation.

In May 2018, the MDCC set the performance goals for the annual incentive compensation program for the fiscal year ending March 31, 2019 under the Company's Executive Officer Incentive Plan. The MDCC determined that Company EBIT and free cash flow are the appropriate measures for fiscal year 2019, consistent with the ongoing strategic reset and the organization's near-term performance focus. For Mr. Allen, Outdoor Products Segment EBIT is defined in accordance with generally accepted accounting principles (GAAP). Company free cash flow is defined as cash provided from operations less capital expenditures plus asset sales. For Mr. Allen, Segment cash flow is determined as follows: adjusted EBIT, plus depreciation, amortization and working capital changes, less capital expenditures, each in accordance with GAAP.

For named executive officers other than Mr. Allen, the performance goals are weighted 70% on the Company's EBIT and 30% on the Company's free cash flow. For Mr. Allen, the performance goals are weighted 70% on the Outdoor Products Segment's EBIT and 30% on the Outdoor Products Segment's cash flow.

The target level of performance established for each performance goal is based on the Company's or Segment's, as applicable, financial performance expectations for fiscal year 2019. The target levels of performance are considered by the MDCC and management to be challenging but achievable, when set. Vista Outdoor is not providing any guidance, nor updating any prior guidance of its future performance, by reference to these targets.

When setting the performance goals, the MDCC also specified that, in determining and calculating the performance results at the end of the fiscal year, adjustments could, in the MDCC's sole discretion, be made (in accordance with the provisions of the Executive Officer Incentive Plan) to eliminate the negative or positive effects of:

- charges for extraordinary items and other unusual or non-recurring items of loss or gain;
- asset impairments; litigation or claim judgments or settlements;
- changes in the Internal Revenue Code or tax rates;
- changes in accounting principles (including the impact of any changes in accounting policies);
- changes in other laws, regulations or other principles affecting reported results;
- charges relating to restructurings, discontinued operations, severance and contract termination and other costs incurred in rationalizing certain business activities;

Table of Contents

gains or losses from the acquisition or disposition of businesses or assets (including the operating results and related transaction costs of any acquisition or disposition of businesses or assets) or from the early extinguishment of debt; and foreign currency exchange gains or losses.

Actual performance will be measured following the end of the performance period. The MDCC retains the discretion to adjust incentive payment amounts downward after the adjustments have been calculated.

As part of the annual review of individual executive officer compensation levels, the MDCC reviewed and established the annual incentive payment opportunity (expressed as a percentage of base salary) for target performance for each executive officer. The target percentage amount for each executive officer was set to be near the market median for the respective officers in similar positions within the applicable benchmarking information. Seventy-five percent (75%) of the incentive payout is fixed and twenty-five percent (25%) is dependent on individual performance. No payment will be earned for a performance measure unless performance meets a threshold level. The percentages for each named executive officers are as follows:

	Annual Cash Incentive Targets (as % of base salary)
	Target
Mr. Metz	100%
Mr. Chaplin	65%
Mr. Allen	65%

The offer letter with Mr. Metz provides a minimum amount of \$500,000 for his annual incentive award for fiscal year 2019, in order to incentivize and retain Mr. Metz given the anticipated timing of the implementation of strategic and operational improvements. Any achievement above such minimum annual incentive amount would be tied to the Company's actual financial performance for fiscal year 2019.

Long-Term Incentive Compensation

The Company's Board of Directors has adopted the Vista Outdoor 2014 Stock Incentive Plan for the benefit of certain of our employees, consultants and directors. We make all equity-based grants pursuant to the Vista Outdoor 2014 Stock Incentive Plan.

The MDCC determines the framework and goals for the Company's long-term incentive compensation program. When considering the long-term incentive program design for fiscal years 2019-2021, the MDCC reviewed the current construct of compensation being delivered through long-term incentive awards.

The key elements and objectives of the long-term incentive program for the Company's executive officers are shown below. The equity awards described in the table below (performance shares, RSUs and stock options) intended to compensate for fiscal year 2019 (or, with respect to performance shares, for the three-year performance period beginning in fiscal year 2019) were approved and granted by the MDCC in the final month of fiscal year 2018 and thus appear in the Summary Compensation and Grants of Plan-Based Awards tables that are included in this proxy statement.

Table of Contents

Fiscal Year 2019-2021 Long-Term Incentive Compensation Program

Type of Award	Value	Objectives	Key Terms
Performance Shares (if earned, to be paid out in shares of Vista Outdoor common stock)	30% of long-term incentive opportunity	Balance sales growth with effective capital management, as well as market returns	Measured over a three-year period: (1) cumulative three-year EBIT target, with payment assessed at the end of the three-year performance sales performance averaged over three consecutive annual periods (70% weighting); (2) total stockholder return: relative three-year return compared to the S&P Midcap 400 Index (excluding companies in the Financial sector) (30% weighting)
RSUs	30% of long-term incentive opportunity	Retention, with underlying value driven by stock-price performance	Equal annual installment vesting over a three-year period
Stock Options	40% of long-term incentive opportunity	Long-term stock price appreciation	Exercise price equal to fair market value of Vista Outdoor stock on the date of grant; equal annual installment vesting over a three-year period; 10-year term

* The value of performance shares and RSU grants are determined using the closing sale price of Vista Outdoor common stock on the grant date of the award. The value of stock option grants is determined using the Black-Scholes option pricing model on the grant date of the award.

The MDCC annually reviews its approach to long-term incentive compensation for the named executive officers and is committed to ensuring that long-term incentive awards appropriately balance pay-for-performance alignment alongside internal and external business realities. The MDCC approved the revised mix of long-term incentive compensation described above (previously 50% performance shares, 30% RSUs, and 20% stock options) to align the program to the challenges of the Company's current industry environment and to provide meaningful incentives for the named executive officers to drive the growth of the business.

As noted above, for the fiscal year 2019-2021 performance period, two metrics were selected to drive the Company's goals of providing a strong balance between (a) growth and returns, (b) financial performance and market performance, and (c) absolute performance and relative performance. These metrics are EBIT and total stockholder return (TSR), and are described in more detail below:

Component Weight Metric

EBIT	70%	Cumulative three-year EBIT target, with payment assessed at the end of the three-year performance period. Defined by generally accepted accounting principles. Linear payout scaled from Threshold to Target and from Target to Maximum. The payouts determined as follows: % of Target Payout Threshold 50% Target 100% Maximum 200%
TSR	30%	TSR will be calculated over the three-year performance period and compared to the S&P Midcap 400 Index (excluding companies in the financial sector). The average of the closing stock prices on the 30 trading days prior to the start and prior to the end of the three-year performance period will be used in the calculation. Vista Outdoor's results will be compared

to the S&P Midcap 400 Index (excluding companies in the financial sector) to determine the payout as follows:

	Percentile Achievement	% of Target Payout
Threshold	25 th	50%
Target	50 th	100%
Maximum	75 th	200%

Table of Contents

The MDCC's decision to leverage EBIT as the primary metric in both our annual and long term incentive programs is intended to closely align with the Company's current strategy under which driving near and long-term EBIT achievement is critical.

For all measures, no payout will be made if performance falls short of threshold, and the actual amounts payable will be interpolated on a straight-line basis between the threshold and target or between the target and maximum, as applicable. The target levels of performance are considered by the MDCC and management to be challenging but achievable.

When setting the goals, the MDCC also specified that in determining and calculating the performance results at the end of the performance period, adjustments may, in the MDCC's sole discretion, be made to eliminate the negative or positive effects of:

- charges for extraordinary items and other unusual or non-recurring items of loss or gain;
- asset impairments;
- litigation or claim judgments or settlements;
- changes in the Internal Revenue Code or statutory tax rates;
- changes in accounting principles (including the impact of any changes in accounting policies);
- changes in other laws or regulations affecting reported results;
- charges relating to restructurings, discontinued operations, severance and contract termination and other costs incurred in rationalizing certain business activities;
- gains or losses from the acquisition or disposition of businesses or assets (but only with respect to transaction and transition/integration costs arising from any acquisition or disposition of businesses or assets) or from the early extinguishment of debt;
- calculation of invested capital in any year as being the average of the invested capital at the beginning of the fiscal year and at the end of each of the 12 months in that fiscal year;
- reduction in invested capital for any acquisition of 50% of the purchase price in the first 12 months following any acquisition, 40% in the second 12 month period, and 20% in the third 12 month period; and
- foreign currency exchange gains or losses.

Actual performance will be measured following the end of the performance period. The MDCC retains the discretion to adjust incentive payment amounts downward after the adjustments have been calculated.

In March 2018, the MDCC approved the amount of each executive officer's long-term incentive award opportunity based on the MDCC's review and assessment of the market competitiveness of the officers' target level of total direct compensation, including long-term incentive compensation. The amounts of the awards granted to each named executive officer are shown in the Grants of Plan-Based Awards table in this proxy statement.

Fiscal Year 2019 Compensation Decisions - Ms. Rodrigues

Ms. Rodrigues served as interim Principal Financial Officer from February 2, 2018 until April 16, 2018, and has since returned to her role as Vice President, Financial Planning and Analysis. In this role, Ms. Rodrigues receives an annual base salary of \$210,000. Ms. Rodrigues received an increase to her base salary to \$218,000 (a 3.81% increase) based on her performance review which was approved by the Chief Financial Officer effective June 2018 with other executives who are not named executive officers. Ms. Rodrigues' long-term incentive compensation awards were similar in mix to other Vice Presidents, specifically 70% RSUs and 30% stock options. Her target annual cash incentive compensation is 35% of her base salary and her annual long-term equity incentive award target is 35% of her base salary.

Recoupment and Forfeiture

The Company has in place a recoupment policy that reserves the right of the MDCC to recoup any incentive awards from an executive officer if there is a material restatement of the Company's financial results. If the MDCC determines a recoupment is appropriate in the exercise of its discretion, considering all the facts and circumstances, the executive officer shall forfeit and pay back a portion, or all, of the outstanding or previously granted awards as determined by the MDCC. This includes awards that are deferred into the Vista Outdoor Nonqualified Deferred Compensation Plan.

Benefits

Vista Outdoor provides certain benefits to our named executive officers in the form of health, welfare, and retirement benefits. We do so to support the attraction and retention of highly skilled executives. The Company's benefits programs offer flexibility and choice. Under our benefit programs, employees have the opportunity to choose which benefits fit their personal family and financial needs.

Table of Contents

Health and Welfare Benefits. Our executive officers participate in the same health and welfare programs as all other Company employees.

Retirement Benefits. In general, our executive officers participate in the standard employee retirement programs. Supplemental executive retirement plans are also provided. See the discussion in this proxy statement under the headings "Pension Benefits" and "Nonqualified Deferred Compensation."

Nonqualified Deferred Compensation. We offer a nonqualified deferred compensation plan as a tool for our key employees to plan for their financial future. This plan is designed to allow for retirement savings above the limits imposed by the Internal Revenue Service for 401(k) plans on a tax-deferred basis. In general, beyond the potential for a small 401(k) make-up match included in the Summary Compensation Table, amounts credited to an employee's account under the plan reflect the employee's voluntary deferral of compensation. All accounts are credited with earnings and investment gains and losses by assuming that deferred amounts were invested in one or more investment alternatives selected by the participant under the terms of the plan. These investment choices are generally the same as those offered to all Company employees through the Company's 401(k) Plan. Balances in the deferred compensation plan reflect amounts that have accumulated over time.

Severance. From time to time, we need to offer an executive officer a severance package in connection with a termination of employment. Generally, the package for named executive officers is aligned with the benefits outlined in the Company's Executive Severance Plan. In certain circumstances, we may offer additional severance benefits to facilitate successful organizational transitions. The Executive Severance Plan is in keeping with competitive norms, and it will be periodically benchmarked against the market. Ms. Rodrigues participates in our General Severance Plan that covers broad-based employees given she was only temporarily designated as the Principal Financial Officer. Payments made under this plan are described below under the heading "Potential Payments Upon Termination or Change in Control."

Change-in-Control. Named executive officers (other than Ms. Rodrigues who temporarily was designated as the Principal Financial Officer) participate in our Income Security Plan, which provides for severance payments under certain circumstances following a change-in-control of the Company. We believe this plan helps ensure that our officers will remain focused on the best interests of our stockholders during periods of uncertainty regarding the officers' future employment prospects. Payments under this plan are not triggered solely by a change-in-control, but rather by termination of employment (that meets certain conditions specified in the plan) following a change-in-control. Periodically the MDCC reviews the plan design against market competitive practices for such plans.

Perquisites

Vista Outdoor provides minimal perquisites to our named executive officers (other than Ms. Rodrigues who temporarily was designated as the Principal Financial Officer and received no perquisites), to help ensure our overall executive rewards are competitive and in keeping with our principal orientation to more direct elements of pay (i.e., base salaries and performance-based incentives). For fiscal year 2017, the perquisite package included the following components:

• Executive disability insurance

• Executive health exams

• Umbrella liability insurance program

None of the perquisites listed above include a tax gross-up. These perquisites for fiscal year 2018 represent less than 1% of any executive officer's total compensation reflected in the Summary Compensation Table. All perquisites paid to our named executive officers are disclosed in the Summary Compensation Table under the "All Other Compensation" column.

Compensation Outside of the Standard Program

In certain circumstances, such as hiring a new executive, we may provide compensation outside our standard executive compensation program.

When we offer employment to a new executive, we follow the guidelines in our executive compensation philosophy, unless individual circumstances, combined with competitive market practices, require us to include additional compensation (e.g., signing bonus or special equity grant) to attract and retain the executive talent we need. In general,

we do not pay our executives additional compensation for special projects or program results. We believe that we provide a fair and competitive total compensation package to our executives for delivering business results that are expected and subsumed under our pay-for-performance philosophy.

Executive Officer Stock Holding Requirement

Each executive officer is required to retain at least 50% of the net shares (remaining after taxes are withheld) of Vista Outdoor common stock acquired as compensation through separation of service to ensure that executives' interests and actions are aligned with the interests of the Company's stockholders. This approach underscores an ownership mentality for our executives, which we hold as a cornerstone of our overall approach to compensation.

The MDCC periodically reviews the holdings of executives to ensure compliance with the stock holding requirement and has determined that each named executive officer is currently in compliance with the requirement. These shares must be held until the executive leaves the Company or is no longer an executive officer.

No Hedging or Pledging of Vista Outdoor Stock

In accordance with Company practice, Vista Outdoor's executive officers have provided written representations to the Company that they do not hedge the economic risk of ownership of Vista Outdoor common stock and have not pledged any of their shares of Vista Outdoor stock during the last fiscal year.

Compensation Risk Assessment Process and Conclusion

Vista Outdoor believes that its incentive compensation programs are designed and administered in a manner that discourages excessive or inappropriate risk taking by employees, for the following reasons:

1. Adequate oversight of program design and metrics is exercised by either the MDCC, which approves all elements of executive compensation, or the corporate human resources and/or finance departments for programs covering all other employees. Appropriate controls are in place to ensure that incentive compensation programs follow the Company's policies and practices.
2. Compensation programs provide a balanced mix of cash and equity, and annual and long-term incentives.
 - Performance metrics are formulaic (sales, EBIT, return on capital, free cash flow, and total stockholder return) and are balanced in order to create a greater focus on sustained value creation over time. In setting the performance metrics, the MDCC selects adjustment factors to be used in calculating results in order to eliminate inappropriate influence in the management decision-making process.
3. Equity awards are subject to extended, laddered vesting schedules, which reduces the emphasis on and impact of any single vesting date or performance period.
4. Maximum payout levels for annual and long-term incentive compensation for all employees are capped, and there is limited discretion for varying payments based on individual performance.
5. The MDCC has discretion to recoup incentive payments in the event there is a material restatement of the Company's financial results.
6. Executive officers and other management employees are subject to share-retention requirements.
7. Compensation administration and payments are regularly audited by both internal and external auditors.

(1) The years reported are the Company's fiscal years ended March 31, 2018, March 31, 2017 and March 31, 2016, respectively.

Amounts in this column include amounts, if any, deferred at the direction of the executive officer pursuant to the Company's 401(k) Plan or Nonqualified Deferred Compensation Plan. For Mr. Callahan, the amount includes compensation for his service as Chairman and member of the Board of Directors as well as compensation for his role as interim Chief Executive Officer. Details regarding his cash retainer for service as a director are included in the "Director Compensation" section above.

(3) The amounts in the column reflect payments made to: (i) each of Messrs. Chaplin and Nolan as installment retention bonuses, which were approved prior to the Spin-Off and paid on February 9, 2016; (ii) Messrs. Metz and Callahan as guaranteed annual incentive awards; and (iii) Ms. Rodrigues as a recognition bonus related to her serving as Interim Principal Financial Officer.

This column shows the aggregate grant date fair value computed in accordance with GAAP in the United States.

(4) The amounts in this column are calculated based on the number of shares awarded multiplied by the closing price of the Company's common stock on the date of grant for RSU awards and for the portion of the performance shares granted that are subject to financial performance growth measures. The fair value of the portion of the performance shares

Table of Contents

granted that are subject to a TSR measure is determined based on an integrated Monte Carlo simulation model. The Monte Carlo model calculates the probability of satisfying the market condition stipulated in the award. This probability is an input into the trinomial lattice model used to determine the fair value of the performance shares as well as the assumptions of other variables, including the risk-free interest rate and expected volatility of our stock price in future periods. The risk-free rate is based on the U.S. dollar-denominated U.S. Treasury strip rate with a remaining term that approximates the life assumed at the date of grant. The weighted average assumptions used in estimating the value of the TSR were as follows: risk-free rate 2.40%, expected volatility 41.33%, expected dividend yield 0%, and expected award life 3 years resulting in a value of \$20.97 for the TSR portion of the performance shares granted. The amounts included in the table that relate to performance shares granted are calculated at the target payout level. The amounts do not reflect the actual amounts that may vest or be earned by the executive officers.

With respect to grants for fiscal year 2019 (made in March 2018), the value of the annual RSU awards and the target value for the fiscal year 2019-2021 performance shares are shown separately in the table below:

Name	FY 2019 - 2021	
	RSU	Performance Shares
Mr. Metz	\$3,389,966	\$ 1,080,782
Ms. Rodrigues	\$65,112	\$ —
Mr. Chaplin	\$425,072	\$ 191,158
Mr. Allen	\$145,199	\$ 158,515

The value of RSUs granted to Mr. Chaplin (as reflected in the table above) include the value of a promotion equity award in the amount of 16,970 RSUs granted to Mr. Chaplin in recognition of his assumption of duties related to Human Resources and Corporate Services in January 2018.

The maximum value for the fiscal year 2019-2021 performance shares (which were granted in fiscal year 2018) for each of the named executive officers is shown in the table below:

Name	FY 2019 - 2021
	Performance Shares
Mr. Metz	\$ 2,161,564
Ms. Rodrigues	\$ —
Mr. Chaplin	\$ 382,316
Mr. Allen	\$ 317,030

Ms. Rodrigues did not receive any performance shares as the equity mix for Company Vice Presidents is 70% RSUs and 30% stock options for fiscal year 2019.

(5) The amounts in this column show the aggregate grant date fair value computed in accordance with generally accepted accounting principles in the United States. The amount is based on the fair value of the stock option award as estimated using the Black Scholes option pricing model multiplied by the number of shares subject to the option award. The assumptions used to arrive at the Black Scholes value are disclosed in Note 15 to the consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2018.

(6) For fiscal year 2018, these amounts represent payment of annual incentive compensation earned with respect to the fiscal year ended March 31, 2018. The annual incentive compensation program and payments were based on achievement of performance goals approved by the Committee following an evaluation of the Company's financial performance. These performance goals are described in further detail above under "Compensation Discussion and Analysis - Compensation for Fiscal Year 2018 - Annual Incentive Compensation Payouts for Fiscal Year 2018". Annual cash incentive payments to the named executive officers for fiscal year 2018 were calculated as a function of each named executive officer's approved base salary and annual cash incentive opportunity. Amounts in this

column include amounts, if any, deferred at the direction of the executive officer pursuant to the Company's 401(k) Plan or Nonqualified Deferred Compensation Plan.

The amounts in this column represent the aggregate change in the actuarial present value of the officer's accumulated retirement benefits under either the Company's Pension and Retirement Plan and the Company's (7) Defined Benefit Supplemental Executive Retirement Plan. Only Messrs. DeYoung and Nolan participated in defined benefit retirement plans. See the "Pension Benefits" section in this proxy statement for additional information. No above market or

preferential earnings on any nonqualified deferred compensation was paid to the officers during the last fiscal year and, accordingly, no such amounts are reflected above.

(8) The table below shows the components of this column for fiscal year 2018, which include perquisites, and Company matching and non-elective contributions (other than for Messrs. Metz, DeYoung, Callahan and Nolan) to the Company's defined contribution plans. The amounts represent the amount paid or accrued by, or the incremental cost to, the Company.

Name	Disability Insurance Premium	401(k) Plan Contributions (a)	DC SERP Plan Contributions	Umbrella Policy	Severance(b)	Relocation-Related Expenses (c)	Other Perquisites (d)
Christopher T. Metz	\$ 1,569	\$ 27,693	\$ —	\$ 2,200	\$ —	\$ 110,000	\$ 397
Mark W. DeYoung	\$ 962	\$ 4,970	\$ —	\$ 806	\$ 2,370,846	\$ —	\$ 64
Michael Callahan	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ 587

Scott D. Chaplin	\$ 2,915	\$ 22,720	\$ 15,765	\$ 1,560	\$ —	\$ —	\$ 1,613
David D. Allen	\$ 2,802	\$ 30,860	\$ 10,374	\$ 1,560	\$ —	\$ —	\$ 581
Robert J. Keller	\$ 2,775	\$ 19,662	\$ 4,623	\$ 1,048	\$ 465,711	\$ —	\$ 925

(a) Due to timing, the amounts in this column consist of employer matching contributions in fiscal year 2018 as well as non-elective and make up match contributions for the 2016 and 2017 plan years.

(b) The amounts reflected in this column include cash payments (including for Messrs. Nolan and Keller an additional lump sum of \$15,000 to defray health care costs), accelerated equity and, for Mr. DeYoung, the estimated cost of COBRA continuation coverage over the cost payable for health and dental benefits by active employees for a period of for 18 months following termination. A narrative description of the benefits Messrs. DeYoung, Nolan, and Keller were entitled to upon termination of employment can be found in "Potential Payments Under Certain Termination Scenarios - Termination Without Cause/For Good Reason" below.

(c) The amounts in this column consist of a stipend for expenses in connection with Mr. Metz's commuting between Vista Outdoor's Utah headquarters and his home in Florida.

(d) The amounts reflected in this column consist of the costs for executive annual physical examinations, non-profit matching contributions and entertainment related to business events.

For equity awards, the grant date is the date the MDCC met and approved the awards or, with respect to Ms.

(1) Rodrigues for grants made prior to the date she became an executive officer, the date the Chief Executive Officer approved the awards.

The amount assumes that the threshold level of performance is achieved for each of the two metrics of the

(2) long-term incentive award for the fiscal year 2019-2021 performance period. The two performance metrics and their respective weightings are described above in "Compensation Discussion and Analysis - Fiscal Year 2019 Compensation Decisions - Long-Term Incentive Compensation."

The amounts for each officer reflect the potential cash payout for the fiscal year 2018 annual incentive program if all performance measures are satisfied at the applicable level. The actual amount paid with respect to such plan appears in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table above. The

(3) material terms of the award are described above in "Compensation Discussion and Analysis - Compensation for Fiscal Year 2018 - Annual Incentive Compensation Payouts for Fiscal Year 2018." Amounts for former executive officers, specifically Messrs. DeYoung, Nolan and Keller, reflect prorated potential achievements based on the number of days each officer was employed with the Company during fiscal year 2018.

Table of Contents

Each column in this row shows the number of shares of common stock that may be paid out for the fiscal year 2019-2021 performance period if all performance metrics are satisfied at the applicable level. The payout will be (4) determined after the fiscal year ending March 31, 2021. The material terms of the award are described above under "Compensation Discussion and Analysis - Fiscal Year 2019 Compensation Decisions - Long-Term Incentive Compensation."

The number of RSUs shown in this row represents the actual number of RSUs granted to the named executive (5) officers on March 13, 2018. All RSUs shown in this row vest in three equal annual installments beginning on the first anniversary of the grant date.

The number of stock options shown in this row represents the actual number of options granted to the named (6) executive officers on March 13, 2018. The option exercise price is the closing sale price of a share of the Company's common stock on the New York Stock Exchange on the date of grant. The stock options vest in three equal annual installments starting on the first anniversary of the grant date.

This column shows the full grant date fair value of the equity awards under FASB ASC Topic 718. Generally, for (7) the performance share awards, the full grant date fair value is the amount the Company could expense in its financial statements over the awards' performance period assuming performance is achieved at the target level for each of the two performance metrics. Assumptions made in the calculations of these amounts may be found in footnote 4 of the Summary Compensation Table.

The number of RSUs shown in this row represents the actual number of special RSUs granted to Messrs. Metz and Chaplin and Ms. Rodrigues. Mr. Metz's award was a sign-on RSU award granted on October 9, 2017, his date of (8) hire with the Company. Mr. Chaplin's RSUs were received in connection with his assumption of responsibilities for Human Resources and Corporate Services and Ms. Rodrigues received her RSUs in connection with a compensation market adjustment. All RSUs shown in this row vest in three equal annual installments beginning on the first anniversary of the grant date, except Mr. Chaplin's RSU which vest in two equal installments on the first and second anniversaries of the grant date (i.e., 50% on each of February 5, 2019 and 2020).

(9) The RSUs shown for Mr. Callahan represent the annual award of restricted stock units that he received in his role as a member of the Board of Directors, described in more detail in "Director Compensation" above.
