Such Proxies are to be used at our Special Meeting of Shareholders to be held in the conference room of the office of our corporate secretary on the 17th floor at 600 North 18th Street, Birmingham, Alabama, on November 21, 2001, at 8:00 a.m., Central time, or any adjournments or postponements of such meeting (the "Special Meeting").

Our principal executive offices are located at 600 North 18th Street, Birmingham, Alabama 35291 and our telephone number is (205) 257-1000.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSED AMENDMENT.

SUMMARY

Our Board of Directors is soliciting proxies from all holders of the shares of our outstanding Preferred Stock (the "Shares") for use at the Special Meeting. The Special Meeting is being held to consider an amendment to our charter (the "Charter") which would increase the percentages in the definition "Rate Multiple" in the Auction Procedures of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock.

You may call William E. Zales, Jr., Vice President and Corporate Secretary (the "Corporate Secretary") at 205-257-2714 if you have any questions or need assistance in voting your shares. If you need additional copies of this Proxy Statement, the Proxy or other proxy materials, you should contact the Corporate Secretary, and such copies will be furnished to you promptly at our

expense.

The above summary is qualified in its entirety by, and you should read carefully, the more detailed information appearing elsewhere in this Proxy Statement.

EXECUTION AND REVOCATION OF PROXY

The enclosed Proxy is solicited by our Board, which recommends voting FOR the Proposed Amendment. We have been advised that all shares of our common stock will be voted FOR the Proposed Amendment. If you intend to vote at the Special Meeting by proxy, you must use the enclosed Proxy. Shares of our outstanding Preferred Stock represented by properly executed Proxies received at or prior to the Special Meeting will be voted in accordance with the

instructions on the Proxy. If no instructions are indicated, duly executed Proxies will be voted FOR the Proposed Amendment. It is not anticipated that any other matters will be brought before the Special Meeting; however, the enclosed Proxy gives discretionary authority to the proxy holders named therein should any other matters be presented at the Special Meeting, and the proxy holders intend to act on any other matters in their discretion.

Execution of the Proxy will not prevent you from attending the Special Meeting and voting in person. You may revoke your proxy at any time before it is voted by delivering to our Corporate Secretary written notice of revocation bearing a later date than the Proxy, by delivering a duly executed Proxy bearing a later date or by voting in person by ballot at the Special Meeting.

PROPOSED AMENDMENT

Business to Come Before the Special Meeting

The following proposed amendment (the "Proposed Amendment") to our Charter is the only item of business expected to be presented at the Special Meeting.

THE FOLLOWING STATEMENTS ARE SUMMARIES OF THE SUBSTANCE OR GENERAL EFFECT OF PROVISIONS OF THE CHARTER, AND ARE QUALIFIED IN THEIR ENTIRETY BY THE CHARTER. SEE APPENDIX A OF THIS PROXY STATEMENT FOR THE TEXT OF THE PROVISIONS TO BE ADDED.

We propose to amend the Charter to increase the percentages in the definition of Rate Multiple set forth in the Auction Procedures of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock to the percentages set forth below:

Prevailing Rating	Percentage
-----	-----
AA/aa or Above	150%
A/a	175%
BBB/baa	200%
Below BBB/baa	250%

The dividend rate for each dividend period of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock is determined by an auction. In each auction, holders of the applicable Shares indicate whether they desire to (i) continue to hold the Shares without regard to the dividend rate

Edgar Filing: ALABAMA POWER CO - Form PRER14A

determined in the auction, (ii) continue to hold the Shares if the dividend rate determined in the auction is equal to or greater than the rate bid by the holder, or (iii) sell the Shares without regard to the dividend rate determined in the auction. Potential holders offer to purchase Shares if the dividend rate determined in the auction is equal to or greater than the dividend rate bid by the potential holder. On each date on which an auction is held to determine the dividend rate of the 1988 Auction Preferred Stock or the 1993 Auction Preferred Stock (an "Auction Date"), the auction agent determines whether there are Sufficient Clearing Bids, as described below, and sets the dividend rate for the next dividend period.

To determine whether there are Sufficient Clearing Bids and to set the dividend rate for the following dividend period, the auction agent must calculate the Maximum Rate. The Maximum Rate of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock is determined by multiplying the 60-day "AA" Composite Commercial Paper Rate times the Rate Multiple. The Rate Multiple is determined using the table set forth in the definition of Rate Multiple.

3

The current definition of Rate Multiple includes the following table:

Prevailing Rating -----	Percentage -----
AA/aa or Above	110%
A/a	120%
BBB/baa	150%
Below BBB/baa	200%

The following is a calculation of the Maximum Rate using the current definition of Rate Multiple and the proposed definition of Rate Multiple in the Proposed Amendment based on our current rating:

	60-day "AA" Composite Commercial Paper Rate*	Prevailing Rating	Rate Multiple	Maximum Rate
Current	2.07%	BBB/baa	150%	3.11%
Proposed	2.07%	BBB/baa	200%	4.14%

* Determined as of November 5, 2001.

Sufficient Clearing Bids will exist if the number of applicable Shares that are the subject of submitted bids by potential holders specifying rates not higher than the Maximum Rate equals or exceeds the sum of (i) the number of Shares that are the subject of submitted bids by existing holders specifying rates higher than the Maximum Rate and (ii) the number of Shares that are the subject of orders to sell the Shares without regard to the dividend rate determined in the auction.

If Sufficient Clearing Bids have been made, the dividend rate for the next dividend period will be the lowest rate specified in the submitted bids that would result in all of the outstanding Shares subject to the auction to continue to be held by existing holders or purchased by potential holders.

Edgar Filing: ALABAMA POWER CO - Form PRER14A

If Sufficient Clearing Bids do not exist (other than because all of the outstanding Shares subject to the auction are subject to bids by existing holders specifying a desire to continue to hold the Shares without regard to the dividend rate determined in the auction) the dividend rate for the next succeeding dividend period for such series will be equal to the Maximum Rate.

If Sufficient Clearing Bids do not exist because all of the outstanding Shares subject to the auction are subject to bids by existing holders specifying a desire to continue to hold the Shares without regard to the dividend rate determined in the auction, the dividend rate for the next dividend period will be equal to 58% of the of the 60-day "AA" Composite Commercial Paper Rate in effect on the Auction Date.

In no event will the dividend rate for any dividend period exceed the Maximum Rate.

Reasons for the Proposed Amendment

Since the respective dates of the issuance of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock, market conditions have changed and investors currently demand a higher risk premium on corporate securities. We were informed that as a result of the increase in the risk premium required by investors, it was necessary for us to increase the Maximum Rate. The Rate Multiple determines the Maximum Rate investors will receive in the event Sufficient Clearing Bids are not received in an auction. By increasing the Maximum Rate, we increase the risk premium offered to investors and increase the probability of receiving Sufficient Clearing Bids. If we do not increase the percentages in the definition of Rate Multiple, there will be an increase in the possibility that Sufficient Clearing Bids will not exist in upcoming auctions. As a result, the Company will be required to pay the Maximum Rate. The market

4

perceives such a failure to receive Sufficient Clearing Bids in an auction as an indication that Sufficient Clearing Bids will not be received in subsequent auctions. We seek to dispel such a perception and ensure a market for the 1988 Auction Preferred Stock and 1993 Auction Preferred Stock. In doing so, we hope to decrease the possibility that the dividend rate will be set at the Maximum Rate.

The Proposed Amendment will also impact the liquidity of the Shares. The transferability of the Shares is largely dependent on receiving Sufficient Clearing Bids in an auction. The Shares may only be transferred in an auction. If Sufficient Clearing Bids do not exist in an auction, existing holders may not be able to sell their Shares. By increasing the potential to receive Sufficient Clearing Bids, we are increasing the possibility that an existing holder, if desired, will be able to transfer its Shares in an auction.

Certain Effects of the Proposed Amendment

Following the adoption of the Proposed Amendment, the percentages in the definition of Rate Multiple will be increased which will increase the Maximum Rate. We believe that as a result of the increase in the Maximum Rate, the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock will be more marketable under current market conditions. The Shares will be more marketable because the risk premium will be increased to a level that is acceptable to the market.

As a result of having a higher Maximum Rate, the potential to receive

Edgar Filing: ALABAMA POWER CO - Form PRER14A

Sufficient Clearing Bids in an auction will be increased. This should decrease the potential that the dividend rate will be set at the Maximum Rate.

A higher Maximum Rate which increases the possibility that Sufficient Clearing Bids will exist in an auction also increases the possibility that an existing holder will be able to transfer its Shares in an auction.

VOTING SHARES

For all Preferred Stock, November 1, 2001 has been fixed as the Record Date for the determination of shareholders entitled to notice of and to vote at the Special Meeting.

Our Charter authorizes the issuance of 6,000,000 shares of common stock, \$40 par value, of which 6,000,000 shares are outstanding. All of the outstanding shares are owned by The Southern Company ("Southern").

Our Charter also authorizes 27,500,000 shares of Class A preferred stock, par value \$1 per share. There were 500,000 shares of the 1988 Auction Preferred Stock outstanding and 200 shares of 1993 Auction Preferred Stock outstanding on the Record Date. Those series constitute individual series Class A preferred stock and vary from each other with respect to dividend rates, redemption prices and amounts payable on liquidation. The holders of the 1988 Auction Preferred Stock and the 1993 Auction Preferred Stock are entitled to vote on the Proposed Amendment as a single class, each share of 1988 Auction Preferred Stock being entitled to one vote and each share of 1993 Auction Preferred Stock being entitled to 1,000 votes.

Pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), a beneficial owner of a security is any person who directly or indirectly has or shares voting or investment power over such security. No person or group is known by us to be the beneficial owner of more than 5% of the Shares as of October 30, 2001.

Our officers and directors as a group owned, as of October 30, 2001, less than 1% of the total number of Shares and of the common stock of Southern.

5

VOTING REQUIREMENTS AND PROCEDURES

We can only take action on the Proposed Amendment if a quorum of Preferred Shareholders is present, in person or by proxy, at the Special Meeting. Therefore, it is very important that you return your completed and signed Proxy. A majority of the total eligible outstanding votes of Preferred Shareholders, voting together as a single class, constitutes a quorum. Once a Share is represented for any purpose at the Special Meeting (other than solely to object to holding the Special Meeting or to transacting business at the Special Meeting), it is deemed present for quorum purposes for the remainder of the Special Meeting. Abstentions will be counted as present for purposes of determining the presence or absence of a quorum. Broker non-votes will not be counted as present for quorum purposes. Broker non-votes are votes that brokers holding shares of record for their customers are not permitted to be cast because the brokers have not received specific instructions from their customers.

Adoption of the Proposed Amendment requires that the holders of the

Edgar Filing: ALABAMA POWER CO - Form PRER14A

shares of our capital stock then outstanding and entitled to vote (i.e., the common stock) cast more votes FOR the Proposed Amendment than against it. Southern, the owner of all of our outstanding shares of common stock, has advised us that it intends to vote all of the outstanding shares of common stock FOR the Proposed Amendment.

Because the rights of the Preferred Shareholders will be affected by the Proposed Amendment in a substantially similar way, adoption of the Proposed Amendment also requires the approval of the Preferred Shareholders voting together as a single class. Assuming a quorum is present, in person or by proxy, the Proposed Amendment will be approved if the votes cast FOR the Proposed Amendment exceed the votes cast against it. Therefore, abstentions and broker non-votes will have no effect on the adoption or rejection of the Proposed Amendment.

Votes at the Special Meeting will be tabulated preliminarily by the Corporate Secretary. Inspectors of Election, duly appointed by the presiding officer of the Special Meeting, will definitively count and tabulate the votes and determine and announce the results at the Special Meeting. We have no established procedure for confidential voting.

SOLICITATION OF PROXIES

We will bear the cost of the solicitation of proxies. Proxies will be solicited by mail or by telephone. Our officers and employees or affiliates may solicit proxies personally or by telephone; such persons will receive no additional compensation for these services.

We have requested that brokerage houses and other custodians, nominees and fiduciaries forward solicitation materials to the beneficial owners of shares of our outstanding Preferred Stock held of record by such persons and will reimburse such brokers and other fiduciaries for their reasonable out-of-pocket expenses incurred in connection therewith.

RIGHT TO DISSENT

The Proposed Amendment does not create rights of appraisal or similar rights of dissent.
