MANAGEMENT'S DISCUSSION

INTRODUCTION

Statements contained in this Report on Form 10-QSB that are not historical facts are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, including without limitation, statements regarding industry trends, strategic business development, pursuit of new markets, competition, results from operations, and are subject to the safe harbor provisions created by that statute. A forward-looking statement may contain words such as "intends", "plans", "anticipates", "believes", "expect to", or words of similar import. Management cautions that forward-looking statements are subject to risks and uncertainties that could cause the Company's actual results to differ materially from those projected. These risks and uncertainties include, but are not limited to, marketing success, product development, production, technological difficulties, manufacturing costs, and changes in economic conditions in the markets the Company serves. The Company undertakes no obligation to release revisions to forward-looking statements to reflect subsequent events, changed circumstances, or the occurrence of unanticipated events.

FORWARD LOOKING STATEMENTS

Certain statements in this Management's Discussion and Analysis of Financial Condition and Results of Operations constitute "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance, or achievements expressed or implied by such forward looking statements. These forward looking statements were based on various factors and were derived utilizing numerous important assumptions and other important factors that could cause actual results to differ materially from those in the forward looking statements. Important assumptions and other factors that could cause actual results to differ materially from those in the forward looking statements, include, but are not limited to: competition in the Company's existing and potential future product lines of business; the Company's ability to obtain financing on acceptable terms if and when needed; uncertainty as to the Company's future profitability, uncertainty as to the future profitability of acquired businesses or product lines, uncertainty as to any future

expansion of the company. Other factors and assumptions not identified above were also involved in the derivation of these forward looking statements, and the failure of such assumptions to be realized as well as other factors may also cause actual results to differ materially from those projected. The Company assumes no obligation to update these forward looking statements to reflect actual results, changes in assumptions or changes in other factors affecting such forward looking statements.

REVENUE RECOGNITION

CVD recognizes and identifies on its financial statements, revenue on a percent complete methodology for contracts falling under SOP 81-1 and recognizes revenues on a completed contract methodology for contracts falling under SAB 101. CVD feels this is the most accurate and consistent methodology to meet the requirements of the two regulations.

ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS THREE MONTHS ENDED JUNE 30, 2003

REVENUE

An increase in volume resulted in second quarter of 2003 revenue being \$2,024,454, a 23% increase from second quarter of 2002 revenue of \$1,641,313.

COSTS AND EXPENSES

The cost of revenue increased to \$1,870,279 in second quarter of 2003 as compared to \$1,301,935 in second quarter of 2002. Of this \$568,344 increase, approximately \$343,000 is attributed to material, \$7,000 to freight in expense, \$151,000 to salaries, \$10,000 to depreciation expense and \$17,000 to real estate taxes.

Selling and shipping expenses decreased to \$71,922 in second quarter of 2003 from \$202,131 in second quarter of 2002. Of this \$130,209 decrease, approximately \$117,000 is attributed to commissions, \$18,000 to salaries and \$10,000 to royalties, which is offset by an increase of \$7,000 to freight out expense and \$5,000 to auto expense.

General and Administrative expenses increased to \$545,915 in second quarter of 2003 from \$527,036 in second quarter of 2002. Of this \$18,879 increase, approximately \$45,000 to salaries, which is offset by a decrease of \$14,000 to legal fees and \$9,000 to employee relocation expense.

Interest expense increased by \$35,874 from \$24,919 in second quarter 2002 to \$60,793 in second quarter of 2003, because the company's average outstanding debt increased, as a result of the mortgage on the new building purchased in March 2002.

Other income increased by \$189,957 from \$5,997 in second quarter of 2002 to \$195,954 in second quarter of 2003. Of this increase, \$150,000 is attributed to an insurance reimbursement for legal fees and \$41,000 is attributed to collection of accounts receivable exceeding the \$369,000 booked as part of the purchase of the assets.

8

ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS SIX MONTHS ENDED JUNE 30, 2003

REVENUE

An increase in volume resulted in six months of 2003 revenue being \$5,651,591, a 60% increase from six months of 2002 revenue of \$3,531,232.

COSTS AND EXPENSES

The cost of revenue increased to \$4,524,564 in six months of 2003 as compared to \$2,551,251 in six months of 2002. Of this \$1,973,313 increase, approximately \$1,414,000 is attributed to material, \$16,000 to freight in, \$335,000 to salaries, \$28,000 to depreciation, \$28,000 to utilities and \$35,000 to real estate taxes.

Selling and shipping expenses increased to \$425,915 in six months of 2003 from \$377,533 in six months of 2002. Of this \$48,382 increase, approximately \$38,000 is attributed to commissions and \$38,000 to freight out expense, which is offset by a decrease of \$12,000 to salaries and \$14,000 to royalties.

General and Administrative expenses increased to \$1,126,413 in six months of 2003 from \$1,021,262 in six months of 2002. Of this \$105,151 increase, approximately \$135,000 to salaries, which is offset by a decrease of \$22,000 to legal fees and \$7,000 to consulting fees.

Interest expense increased by \$75,841 from \$47,921 in six months of 2002 to \$123,762 in six months of 2003, because the company's average outstanding debt increased, as a result of the mortgage on the new building purchased in March 2002.

Other income increased by \$241,445 from 22,485 in six months of 2002 to \$263,930 in six months of 2003. Of this increase, \$150,000 is attributed to an insurance reimbursement for legal fees and \$104,000 is attributed to collection of accounts receivable exceeding the \$369,000 booked as part of the purchase of the assets.

LIQUIDITY AND CAPITAL RESOURCES

By the end of the second quarter of 2003, the Company's cash position decreased to \$253,756 from \$323,537 at the beginning of the year. The decrease in cash is mainly attributed to the daily operating activities.

At the end of the second quarter of 2003, the Company's account receivable position decreased to \$1,693,386 from \$1,852,794 at the beginning of the year. This decrease was attributable to timing of customer payments and billings.

9

At the close of the second quarter of 2003, the Company's backlog decreased to approximately \$1,876,855. This represents the amount of orders not billed or taken as part of percentage of completion. This backlog has decreased from approximately \$3,816,877 at the beginning of the year. This decrease is mainly attributed to a decrease in new orders and to shipments delayed from the fourth quarter of 2002 to the first quarter of 2003. This delay resulted from the reduction in productivity of the CVD and Conceptronic divisions due to their relocation to the new facility in the fourth quarter of 2002. The \$1,876,855 backlog is actively being worked on.

The Company believes that its cash and cash equivalents, cash flow from operations and available credit facilities will be sufficient to meet its working capital and investment requirements for the next twelve months. However, future growth, including potential acquisitions, may require additional funding, and from time to time the Company may need to raise capital through additional equity or debt financing.
