PROXY STATEMENT

GENERAL INFORMATION

As permitted by rules adopted by the U.S. Securities and Exchange Commission, our Company will furnish proxy materials to our stockholders on the Internet instead of mailing printed copies of those materials to all of our shareholders. This option allows our Company to provide our stockholders with information they need, while reducing our use of natural resources and saving on paper, printing and mailing costs.

If you received a Notice of Internet Availability of Proxy Materials (“Notice of Internet Availability”) by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the Notice of Internet Availability. The Notice of Internet Availability is being mailed to our stockholders on or about April 29, 2011 and provides instructions on how you may access and review the proxy materials on the internet as well as how to vote your shares.

Who May Vote

Holders of record of our Common Stock at the close of business on April 19, 2011 may vote at the Meeting.

How to Vote

You may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting. You can always change your vote at the Meeting.

If you are a registered stockholder (meaning your name is included on the security holder file maintained by our transfer agent, Computershare Trust Co. N.A.), you can vote in person or by using the internet or telephone as instructed on the Notice of Internet Availability or by completing, signing, dating and returning your proxy card in the enclosed envelope.

If your shares are held in the name of your bank, brokerage firm or other nominee, you will receive instructions from them that you must follow in order to have your shares voted. Please note that if your shares are held by a bank, brokerage firm or other nominee, and you decide to attend and vote at the annual meeting, your vote in person at the annual meeting will not be effective unless you present a legal proxy, issued in your name from your bank, brokerage firm, or other holder of record.

Whether or not you expect to personally attend the Annual Meeting, we urge you to vote your shares by phone, via the internet or by signing, dating and returning the enclosed proxy card. Voting early will ensure the presence of a quorum at the meeting and will save our Company the expense and extra work of additional solicitation. An addressed envelope, postage paid if mailed in the United States, is enclosed if you wish to vote your shares by returning your completed proxy card by mail. Submitting your proxy now will not prevent you from voting at the meeting, as your vote by proxy is revocable at your option as set out below.

Voting by the internet or telephone is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the internet or telephone, you help us reduce postage and proxy tabulation costs.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. You may vote for all, some or none of our director candidates.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of the election of the five director candidates that have been nominated.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the Meeting, the proxies will use their own judgment to determine how to vote your shares. If the Meeting is postponed or adjourned, the proxies will vote your shares on the new Meeting date in accordance with your previous instructions, unless you have revoked your proxy.

Revoking a Proxy

If you are a registered stockholder, you may revoke your proxy before it is voted by:

- Notifying our Secretary in writing before the Meeting at the address given on the cover page of this proxy statement; or
- Voting in person at the Meeting.

If your shares are held in the name of your bank, brokerage firm or other nominee, you should follow the instructions received from them or contact your broker, in order to change your vote.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Outstanding Shares and Voting Rights

At the close of business on April 19, 2011 (the “Record Date”), we had 82,746,933 outstanding shares of Common Stock.

Each holder of Common Stock is entitled to one (1) vote per share at the Meeting.

In order to carry on the business of the Meeting, we must have a quorum. This means that a majority of our issued and outstanding shares entitled to vote must be present in person or by proxy in order to constitute a quorum at the Meeting.

Assuming a quorum is present, the Director candidates who receive the most “for” votes will be elected to fill the five available seats on our Board. Proposals 2 and 3 to be adopted require the affirmative vote of the holders of a majority of the outstanding shares of common stock. With respect to Proposal 4 (the “say-on-frequency” vote), stockholders will be deemed to have approved the alternative that receives the most votes, even if that alternative receives less than a majority of the votes cast. Shares represented at the Meeting by a proxy reflecting abstentions or broker non-votes will be counted for the purpose of determining whether or not a quorum is present at the Meeting but will have no effect on the result of the votes on the election of Directors or on the result of other matters voted upon at the Meeting. Broker non-votes occur on a matter when a bank, brokerage firm or other nominee is not permitted to vote on that matter without instruction from the owner of the shares and no instruction is given. Absent instructions from you, your broker may vote your shares on the election of Directors.

PROPOSAL 1. ELECTION OF DIRECTORS

Our Board's Nominating Committee has recommended and nominated the five director candidates named below, all of whom currently serve as our directors. All of our directors are elected for one-year terms. If a director nominee becomes unavailable before the annual meeting, your proxy authorizes the people named as proxies to vote for a replacement nominee if the Nominating Committee names one. Each nominee has indicated that he is willing and able to serve as a director if elected, and, accordingly, our Board of Directors does not have in mind any replacement.

The nominees as Director and their ages are as follows:

The Board believes that his understanding of the technical challenges associated with oil and gas exploration combined with his business background and training will help GeoGlobal realize the maximum value from our assets. This led the Board to conclude that, in the light of our business and structure at this time, it is appropriate for him to serve on our Board of Directors at this time.

Mr. Roy was elected a Director, President and Chief Executive Officer on August 29, 2003. Effective August 17, 2010 Mr. Roy resigned his position of President and Chief Executive Officer. * Mr. Poddar will bring to our Company experience and knowledge in the petroleum engineering area of oil and gas exploration and production as well as his experience in the investment banking Investment Management. These skills combined with an understanding of Indian culture and work environment give him the opportunity to provide valuable insight and guidance to our Board of Directors and Company. This led the Board to conclude that, in the light of our business and structure at this time, it is appropriate for him to serve on our Board of Directors at this time.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE ABOVE NOMINEES

PROPOSAL APPROVE AN AMENDMENT OF OUR CERTIFICATE OF INCORPORATION TO INCREASE
2. THE NUMBER OF SHARES OF COMMON STOCK WE ARE AUTHORIZED TO ISSUE.

The Board of Directors of our Company has recommended an amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock, \$.001 par value, from 125,000,000 shares to 200,000,000 shares. The proposed form of the Certificate of Amendment respecting the amendment to the Certificate of Incorporation to increase the number of shares of Common Stock authorized is attached hereto as Exhibit A.

The amendment has received the unanimous approval of our Board of Directors and will be adopted by stockholders upon receiving the affirmative vote of a majority of the outstanding stock entitled to vote thereon at the Meeting.

We are currently authorized to issue 125,000,000 shares of Common Stock, of which 82,746,933 shares were outstanding at the close of business on the Record Date for the Meeting. Also at the Record Date, we had reserved an additional 22,517,363 shares under the terms of outstanding options and warrants and convertible securities, including shares reserved for future grants under the terms of our 2008 Stock Incentive Plan. Accordingly, at the Record Date, under our Certificate of Incorporation as effective at that date, we have 19,735,704 unissued shares of Common Stock authorized for issuance which are not reserved for issuance under outstanding options and warrants and our 2008 Stock Incentive Plan.

In order for our Company to have sufficient shares unreserved and available for issuance for other corporate purposes, we are seeking stockholder approval of an amendment to our Certificate of Incorporation to increase the number of shares of Common Stock we are authorized to issue to 200,000,000 shares from 125,000,000 shares.

Other than shares intended for issuance upon the exercise of options and warrants outstanding or that may be granted, we have no present plans to issue any additional shares of our Common Stock or other options, warrants or convertible securities requiring the issuance, on exercise or conversion, any additional shares of Common Stock.

Reasons for the Proposed Increase in Authorized Shares.

Our Board of Directors recommends an increase in the number of authorized shares of the Company's Common Stock from 125,000,000, shares to 200,000,000 shares. Our Board of Directors believes it is desirable to increase the authorized shares of Common Stock in order to meet its existing contractual obligations under outstanding options and warrants and options that may be granted under the terms of our 2008 Stock Incentive Plan, as well as for future use for other corporate purposes, including possible acquisitions, financings, or stock dividends. We have no plans at present to issue any of the additional shares of Common Stock we are seeking to have authority to issue. Our Board of Directors generally will have the power to issue the additional authorized shares without stockholder approval. All newly authorized shares will have the same rights as the presently authorized shares, including the right to cast one vote per share and to participate in dividends when and to the extent declared and paid. Under our Certificate of Incorporation, stockholders do not and will not have pre-emptive rights. Accordingly, the issuance of additional shares of Common Stock might dilute, under certain circumstances, the ownership interest and voting rights of existing stockholders.

Adoption of the Proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "IN FAVOR OF" THE ABOVE PROPOSAL

TOC

PROPOSAL 3. ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, our stockholders are being provided with an advisory (non-binding) vote on our executive compensation. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. We refer to this non-binding advisory vote as the “say-on-pay” vote.

The “say-on-pay” vote is required for the first annual meeting at which directors are being elected on or after January 21, 2011, and then must be offered to our stockholders at least once every three years thereafter.

The Board of Directors is committed to corporate governance best practices and recognizes the significant interest of stockholders in executive compensation matters. Our Compensation Committee believes that our compensation policies and objectives should align with the stage of development of our operations, our operating objectives and the extent of realization of our objectives. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the operators of the exploration blocks. Our Compensation Committee also believes that the compensation of our executive officers should enable our company to motivate and retain the talent we need to lead and make our company grow, be competitive with similar companies, be fair and reasonable, and where appropriate reward successful performance.

We encourage you to read our Compensation Discussion and Analysis contained within this proxy statement for a more detailed discussion of our compensation policies and procedures.

Our stockholders have the opportunity to vote for or against, or to abstain from voting, on the following resolution:

“Resolved, that the stockholders approve the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables, and any related material disclosed in this proxy statement).”

The above referenced disclosures appear at pages 13 to 18 of this proxy statement.

The affirmative vote of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “IN FAVOR OF” APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC (WHICH DISCLOSURE INCLUDES THE COMPENSATION DISCUSSION AND ANALYSIS, THE COMPENSATION TABLES, AND ANY RELATED MATERIAL DISCLOSED IN THIS PROXY STATEMENT).

PROPOSAL ADVISORY (NON-BINDING) VOTE ON HOW FREQUENTLY STOCKHOLDERS SHOULD
4. VOTE TO APPROVE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

As required by the Dodd-Frank Act, our stockholders are being provided with an advisory (non-binding) vote on how frequently our stockholders should have an advisory (non-binding) vote on the compensation of our named executive officers. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering how frequently to hold “say-on-pay” votes. We refer to this non-binding advisory vote as the “say-on-frequency” vote. You may choose from the following alternatives: every year, every two years, every three years or you may abstain.

The “say-on-frequency” vote is required for the first annual meeting at which directors are being elected on or after January 21, 2011, and then must be offered to our stockholders at least once every six years thereafter.

The Board of Directors believes that having an annual “say-on-pay” vote to approve the compensation of our named executive officers in satisfaction of U.S. disclosure rules is appropriate. The Board of Directors believes that more frequent “say-on-pay” votes will permit the reception of current feedback on a timely basis from our stockholders regarding our compensation program for our named executive officers, which will enable us to implement more quickly any modifications that the Board of Directors determines to be appropriate.

The affirmative vote of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF HOLDING A
NON-BINDING ADVISORY VOTE EVERY YEAR TO APPROVE THE COMPENSATION OF OUR
NAMED EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE COMPENSATION
DISCLOSURE RULES OF THE SEC

For the purposes of the automatic grant provisions of our stock incentive plans, all of our Directors, other than Messrs. Miller, Roy and Kent are/were considered non-employee Board members.

None of the members of our Compensation Committee were officers or employees of our Company during the year ended December 31, 2010 or were former officers of our Company or had any other relationship with our Company requiring disclosure.

Compensation Discussion and Analysis

Policies and Objectives

Our Compensation Committee believes that our compensation policies and objectives should align with and reflect the stage of development of our operations, our operating objectives and the extent of realization of our objectives. Our Compensation Committee believes that our policies and objectives must take into consideration our specific business objectives and manner of achieving those objectives and our ability to implement those objectives under the terms of the PSCs to which we are a party. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the operators of the exploration blocks.

Our Compensation Committee also believes that the compensation of our executive officers should be based on the principles that the levels of compensation must enable our Company to motivate and retain the talent we need to lead and make our Company grow. Our Compensation Committee further believes that the compensation levels must be competitive with other companies, be fair and reasonable and, where appropriate, reward successful performance. Our Compensation Committee relies upon its judgment in making compensation decisions.

Because it believes such a structure is most appropriate to our Company's stage of development, the Compensation Committee has followed the practices established in 2005 of providing a compensation package to our executive officers consisting of monetary compensation and stock options. Our Compensation Committee believes that the impact of applicable Canadian, United States and other foreign tax laws should be considered with respect to the compensation paid and the form of the compensation. Our Compensation Committee does not establish any specific performance or target goals.

Direct Monetary Compensation

In a meeting in December 2007, the Compensation Committee considered in arriving at compensation for the fiscal year 2008 and beyond, among other things, the level of compensation for the named executive officers during the prior fiscal years, the compensation levels paid by the peer group of companies as found in a compensation report prepared by Lane Caputo for the Company dated December 10, 2007, the growth and complexity of the named executive officers tasks during the year and our Company's overall business plans for further growth in the following fiscal years. We participated in the Lane Caputo December 2010 International Oil and Gas Exploration and Production Compensation Survey and as such, the survey was reviewed by the Compensation Committee and accordingly, the Compensation Committee made recommendations for the compensation for fiscal year 2010 and beyond in line with the findings of the updated report.

The direct monetary compensation of our named executive officers is based on the scope of their duties and responsibilities and individual performance in fulfilling those duties and responsibilities, in addition to the other factors described above. Because of the inherently uncertain nature of the outcome of our oil and gas exploration activities, and the extended period of time over which the success of our activities will be determined, the Compensation Committee believes that because the Company's ability to achieve its objectives is greatly dependent upon the activities of the operators of the drilling blocks in which we have an interest, the Company's success in its exploration and drilling activities during a particular year should not be the sole measure by which the direct monetary compensation of our executive officers is determined. The Compensation Committee also recognizes that our Company's opportunity to enter into additional production-sharing or other contracts or acquire interests in ventures that are parties to such contracts is limited by the availability of contracts and our Company's capital. However, the Committee recognizes that future successes may lead it to award cash or other bonuses determined at that time and in the light of future events.

Our Compensation Committee had no meetings during the year ended December 31, 2010, however, two resolutions were circulated to the members of the Compensation Committee and both resolutions were signed by all members.

TOC

Equity Compensation

Our Compensation Committee believes that a material element of executive compensation should be the award of equity grants. This element of compensation has taken the form of grants of options under our Stock Incentive Plan but other forms of equity grants may be considered. The Compensation Committee believes the award of equity grants has the effect of aligning compensation to the future growth and success of our Company.

Equity grants are the only form of long-term compensation utilized to compensate our named executive officers at this time. The Compensation Committee does not consider any relationship between Direct Monetary Compensation and Equity Compensation in making equity grants. These grants are not based on any strict formula but rather are determined in the light of practices at the peer group selected, our Company's past practices, and our overall corporate performance during the period relative to our progress made in achieving our overall business plan objectives and achieving stockholder value.

The Compensation Committee awarded equity grants to certain of our named executive officers in 2010. See "Item 11 – Executive Compensation - Outstanding Equity Awards at Fiscal Year-End" for the schedule of award contained in our Annual Report on Form 10-K filed on March 31, 2011.

Other Benefits - Change of Control

We have no arrangements with our Directors regarding any monetary payments to them in the event of a change in control of our Company.

However, we do have arrangements with our named executive officers regarding monetary payments to them in the event of a change in control of our Company. Disbursements to the Executive Officers under these arrangements cover such payments as unpaid base salary, unpaid vacation pay and any unpaid bonus as approved by the Board of Directors as well as a lump sum amount which is determined based on length of service.

In the event that our Company is acquired by merger or sale of substantially all of its assets or of securities possessing more than 50% of the total combined voting power of our outstanding securities, outstanding options granted under our 1998 Stock Incentive Plan and/or our 2008 Stock Incentive Plan containing vesting provisions, including those held by executive officers and Directors, immediately vest. Each outstanding option which is not to be assumed by the successor corporation or otherwise continued in effect will automatically accelerate in full and become fully vested, subject to certain exceptions. Our Stock Incentive Plans contain discretionary provisions regarding the grant of options with vesting provisions. Options may also immediately vest in connection with a change in the majority of the Board of Directors of our Company by reason of one or more contested elections for Board membership.

Perquisites

Our executive officers receive perquisites in the form of medical insurance coverage for executives and their families. Our executives are also reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as travel, hotel, meals and entertainment expenses incurred by them.

In addition, travel expenses of Mr. Roy will be paid for travel to India as approved by the Board of Directors based on the duration and purpose of the trip.

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

Board of Directors

At our Annual Meeting of Stockholders held on September 15, 2010, Messrs. Miller, Roy, Peters, Smith, Hudson, Conklin and Poddar were elected to serve as Directors of our Company until our annual meeting of stockholders in 2011 and the election and qualification of their successors.

We do not have a set policy that requires the members of the Board of Directors to be present at our annual meetings but we do expect their attendance unless circumstances permit otherwise. At the 2010 Annual Meeting of Stockholders, all members of the Board of Directors were in attendance, with the exception of Mr. Anoop Poddar, who was a nominee for election.

On February 2, 2010, we announced that Mr. Subir Raha, a then Director of our Company, had passed away.

Our Board of Directors has determined that Messrs. Peters, Smith, Hudson, Conklin and Poddar are “independent directors” under the listing standards of the NYSE Amex.

Our Board of Directors had fourteen meetings during the year ended December 31, 2010. Of these fourteen meetings, Mr. Roy was unable to attend two of the meetings and each of Messrs. Poddar, Smith, Peters and Kent were unable to attend one meeting, all of which were held by conference call.

Audit Committee

Our Board of Directors has appointed an Audit Committee in accordance with section 3(a)(58)(A) of the Exchange Act consisting of Messrs. Hudson, who is the Chairman, Mr. Peters and Mr. Conklin, each of whom have been determined to be an “independent director” under the listing standards of the NYSE Amex. Under our Audit Committee Charter, adopted as amended on March 6, 2005, our Audit Committee’s responsibilities include, among other responsibilities:

- the appointment, compensation and oversight of the work performed by our independent auditor,
- the adoption and assurance of compliance with a pre-approval policy with respect to services provided by the independent auditor,
- at least annually to obtain and review a report by our independent auditor as to relationships between the independent auditor and our Company so as to assure the independence of the independent auditor,
- review the annual audited and quarterly financial statements with our management and the independent auditor, and
 - discuss with the independent auditor their required disclosure relating to the conduct of the audit.

Our Board of Directors has determined that Mr. Michael J. Hudson has the attributes of an Audit Committee Financial Expert and as such, serves as the Audit Committee Financial Expert on our Audit Committee.

Our Audit Committee had four meetings during the year ended December 31, 2010, of which all were held by conference telephone call. All members of the Audit Committee attended all four meetings with the exception of Mr. Peters who was unavailable for one meeting.

Our Audit Committee Charter is available in the “Corporate Governance” section of our website at www.geoglobal.com.

Audit Committee Report

On March 28, 2011, our Audit Committee discussed our audited consolidated financial statements with management and discussed with KPMG, our independent registered public accounting firm, the matters required to be discussed by Statement of Auditing Standards No. 61 and received the written disclosures and the letter from KPMG as required by

Independence Standards Board Standard No. 1 which confirmed KPMG's independence as auditor. Based on that review and those discussions, our Audit Committee recommended that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee:

Michael J. Hudson, Chairman

Brent J. Peters

David D. Conklin

Compensation Committee

Our Compensation Committee consists of Mr. Hudson whom is the Chairman and Mr. Peters, both of whom have been determined to be an “independent” director under the listing standards of the NYSE Amex. Our Compensation Committee, which has adopted a charter, among other things, exercises general responsibility regarding overall employee and executive compensation. Our Compensation Committee sets the annual salary, bonus and other benefits of the President and the Chief Executive Officer and approves compensation for all our other executive officers, consultants and employees after considering the recommendations of our President and Chief Executive Officer. Although Committee meetings are held in executive session, without management’s presence, the Committee (and from time to time individual members of the Committee) may meet with senior officers of our Company to discuss objectives, explain the rationale for certain objectives or milestones, and to assure that it has management’s input in assessing the consequences of decisions made in the Committee meetings, for instance, the impact that its decisions may have on our financial statements. The Committee’s interactions with management seek to achieve a balance between receiving management’s opinion but still ensuring that management is not, in effect, establishing the terms and parameters for its own compensation. In certain instances, where management has proposed objectives that are more aggressive than those proposed by the Committee, the Committee may elect to utilize management’s milestones rather than its own.

Our Compensation Committee had no meetings during the year ended December 31, 2010, however, two resolutions were circulated to the members of the Compensation Committee and both resolutions were signed by all members.

Our Compensation Committee Charter is available in the “Corporate Governance” section of our website at www.geoglobal.com.

Nominating Committee and Director Nominations

Our Nominating Committee consists of Mr. Smith, who is the Chairman, Mr. Peters and Mr. Hudson, each of whom have been determined to be an “independent director” under the listing standards of the NYSE Amex. Our Nominating Committee, among other things, exercises general responsibility regarding the identification of individuals qualified to become Board members and recommend that the Board select the director nominees for the next annual meeting of stockholders. Our Board of Directors has adopted a charter for the nominating committee.

The Nominating Committee had no meetings during the year ended December 31, 2010 however one resolution was circulated to the members of the Nominating Committee and was signed by all members.

Our Nominating Committee will seek out nominees for new directors as vacancies become available using the following criteria: a majority of the directors must be independent, as determined by the Board under applicable rules; nominees shall possess expertise in general business matters and in such other areas as are relevant to Committees on which they are expected to serve (such as financial expertise, for Directors expected to serve as Audit Committee members); and nominees shall be individuals with the background, character, skills and expertise such that they will meaningfully contribute to our success and our operations.

Our Nominating Committee Charter is available in the “Corporate Governance” section of our website at www.geoglobal.com.

50% of the benefits and obligations of the PSC covering the KG Offshore Block and the Carried Interest Agreement leaving us with a net 5% participating interest in the KG Offshore Block and a net 5% carried interest in the Carried Interest Agreement. Under the terms of the Participating Interest Agreement, until the Government of India consent is obtained, we retain the exclusive right to deal with the other parties related to the KG Offshore Block and the Carried Interest Agreement and are entitled to make all decisions regarding the interest assigned to Roy Group (Mauritius) Inc. We have a right of set-off against sums owing to us by Roy Group (Mauritius) Inc. In the event that the Government of India consent is delayed or denied, resulting in either Roy Group (Mauritius) Inc. or our Company being denied an economic benefit either would have realized under the Participating Interest Agreement, the parties agreed to amend the agreement or take other reasonable steps to assure that an equitable result is achieved consistent with the parties' intentions contained in the Participating Interest Agreement. In the event the consent is denied, neither party is entitled to assert any claim against the other except as is specifically set forth in the agreement. We have not yet obtained the consent of the Government of India. As a consequence of this transaction, we report our holdings under the KG Offshore PSC and Carried Interest Agreement as a net 5% participating interest.

The agreement prohibits Roy Group (Barbados) Inc. from disclosing any of our confidential information and from competing directly or indirectly with us for a period ending December 31, 2010 with respect to any acquisition, exploration, or development of any crude oil, natural gas or related hydrocarbon interests within the area of the country of India. The agreement terminated on August 17, 2010, however the confidentiality and non-competition provisions survive this termination. Roy Group (Barbados) Inc. received \$350,711 from us during 2010 under the terms of this agreement.

Roy Group (Barbados) Inc. was reimbursed for expenses such as travel, hotel, meals and entertainment, computer costs and amounts billed to third parties incurred by Mr. Roy during 2010. Additionally, we paid for medical insurance coverage for Mr. Roy and his family during 2010 in the amount of \$16,281. At December 31, 2010, we owed Roy Group (Barbados) Inc. \$16,200 for services provided and expenses incurred on behalf of our Company which amount bears no interest and has no set terms of repayment.

During the year ended December 31, 2010 Mr. Allan J. Kent who was Executive Vice President, Chief Financial Officer and a Director, was paid \$133,827 by us for consulting services of Mr. Kent which are provided to us pursuant to a contract with D.I. Investments Ltd., a corporation wholly-owned by him which expired on August 17, 2010.
