Related Audit Report or Completed Interim Review.

- (a) On July 13, 2005, the Board of Directors of Slade's Ferry Bancorp (the "Registrant"), upon the recommendation of the Audit Committee and management, and after consultation with the Registrant's independent registered public accountants, concluded that certain reporting errors relating to the Registrant's defined benefit pension plan had been reflected in the Registrant's financial statements commencing in the year ended December 31, 1996. The cumulative effect of the errors on the Registrant's retained earnings at March 31, 2005 was determined to be \$399,426, of which \$279,408 related to the year ended December 31, 1996. Accordingly, the Board of Directors concluded that the Registrant's financial statements for the year ended December 31, 1996 should not be relied upon, and given the material impact that the cumulative errors would have on the Registrant's prospective earnings, concluded that the financial statements and related information contained in the Registrant's Form 10-K for the year ended December 31, 2004, Form 10-Q for the quarter and nine months ended September 30, 2004 and Form 10-Q for the quarter ended March 31, 2005 should be restated.

The Audit Committee has discussed the matters related to this restatement disclosed in this Current Report on Form 8-K with the Registrant's independent registered public accountants.

The reporting errors involve the overstatement of the Registrant's prepaid benefit cost and the understatement of the Registrant's defined benefit pension plan expense since the fiscal year ended December 31, 1996 due to (1) the failure to use settlement accounting for significant lump sum distributions, as required by FASB Statement No. 88, Employers' Accounting for Settlements and Curtailments of Defined Benefit Plans and for Termination Benefits, and (2) the understatement of the Registrant's projected benefit obligation prior to 2003.

The table below shows the cumulative effect of the defined benefit pension plan adjustment to retained earnings as of each December 31, commencing with December 31, 1996 and ending with December 31, 2004, and as of March 31 2005. Also shown is the impact on net income and earnings per share (diluted) for each of the years ended December 31, 1996 through 2004, and the quarter ended March 31, 2005.
