PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
MAY 7, 2002

INTRODUCTION

The Annual Meeting of Stockholders of Marten Transport, Ltd. (the "Company") will be held on May 7, 2002, at 4:00 p.m. local time, at the Ramada Conference Center, 1202 West Clairemont Avenue, Eau Claire, Wisconsin. See the Notice of Meeting for the purposes of the meeting.

A proxy card is enclosed for your use. You are solicited on behalf of the Board of Directors to **MARK, SIGN, DATE AND RETURN THE PROXY CARD IN THE ENVELOPE PROVIDED**. Postage is not required if mailed in the United States. We will pay the cost of soliciting proxies, including preparing, assembling and mailing the proxies. We will also pay the cost of forwarding such material to the beneficial owners of our common stock, par value \$.01 per share (the "Common Stock"). Our directors, officers and regular employees may, for no additional compensation, solicit proxies by telephone or personal conversation. We may reimburse brokerage firms and others for the expenses of forwarding proxy material to the beneficial owners of our Common Stock.

Any proxy given in accordance with this solicitation and received in time for the Annual Meeting will be voted in accordance with the instructions given in the proxy. Any stockholder giving a proxy may revoke it at any time before its use at the Annual Meeting by giving written notice of revocation to our Secretary. The revocation notice may be given before the Annual Meeting, or a stockholder may appear at the Annual Meeting and give written notice of revocation before use of the proxy.

We expect to mail this Proxy Statement, the Proxy and Notice of Meeting to stockholders on April 5, 2002.

VOTING OF SHARES

Only holders of Common Stock of record at the close of business on March 22, 2002, will be entitled to vote at the Annual Meeting. On March 22, 2002, we had 4,237,395 shares of Common Stock outstanding. For each share of Common Stock that you own of record at the close of business on March 22, 2002, you are entitled to one vote on each matter voted on at the Annual Meeting. Holders of shares of Common Stock lack cumulative voting rights.

Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock (2,118,698 shares) is required for a quorum to conduct business. In general, shares of Common Stock represented by a properly signed and returned proxy card will count as shares present at the Annual Meeting to determine a quorum. This is

Edgar Filing: MARTEN TRANSPORT LTD - Form DEF 14A

the case regardless of whether the card reflects votes withheld from the election of director nominees or abstentions (or is left blank) or reflects a "broker non-vote" on a matter. A card reflecting a broker non-vote is any that is returned by a broker on behalf of its beneficial owner customer and not voted on a particular matter, because voting instructions have not been received and the broker has no discretionary authority to vote. Assuming a quorum is present, the six director nominees receiving the greatest number of votes cast for the election of directors will be elected as directors. Therefore, votes withheld from the election of director nominees will be excluded entirely from the vote and will have no effect.

Shares of Common Stock represented by properly executed proxy cards will be voted as directed on the proxy cards. Proxies signed by stockholders but lacking any voting instructions will be voted in favor of the election of the director nominees. The proxies named on the proxy cards will use their judgment to vote such proxies on any other business that may properly come before the Annual Meeting.

ELECTION OF DIRECTORS

Proposal 1

Nomination

Our Bylaws provide that the Board shall have at least one member, or a different number of members as may be determined by the Board of Directors or the stockholders. The Board of Directors has determined that there will be six directors elected at the Annual Meeting.

The Board of Directors has nominated the six persons listed below. If elected, the individuals will serve until the next Annual Meeting of Stockholders or until their successors are duly elected and qualified. All of the nominees are members of the present Board of Directors, and all were elected at last year's Annual Meeting of Stockholders.

The Board recommends a vote **FOR** the election of each of the nominees listed below. The six nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast will be elected as directors. If, before the Annual Meeting, the Board learns that any nominee will be unable to serve because of death, incapacity or other unexpected occurrence, the proxies that would have been voted for the nominee will be voted for a substitute nominee selected by the Board. The proxies may also, at the Board's discretion, be voted for the remaining nominees. The Board believes that all nominees will be able to serve at the time of the Annual Meeting. No arrangements or understandings exist between any nominee and any other person under which such nominee was selected.

Additional Information About the Board of Directors

Our Board of Directors held four meetings during 2001, and each of the directors attended all of the meetings of the Board of Directors, as well as all meetings of Committees of the Board on which they serve.

The Board of Directors has formed an Audit Committee and a Compensation Committee, both of which currently consist of three of our outside Board Members, Messrs. Hagness, Winkel and Bauer. The Board of Directors has not formed a Nominating Committee.

The Audit Committee provides assistance to the Board to satisfy its fiduciary responsibilities for our accounting, auditing, operating and reporting practices. The committee recommends engagement of our independent public accountants, reviews and approves services performed by such accountants, including the results of the annual audit, reviews and evaluates the adequacy of our system of internal controls and internal audit procedures and performs other related duties delegated to it by the Board. See the Audit Committee Report below for a description of additional responsibilities of the Audit Committee. During 2001, the Audit Committee met three times.

The Compensation Committee reviews general programs of compensation and benefits for all of our employees. The committee makes recommendations to the Board about matters such as compensation for our officers, directors and key employees. The committee also serves as the disinterested administrator of our 1986 Incentive Stock Option Plan, our 1986 Non-Statutory Stock Option Plan and our 1995 Stock Incentive Plan. During 2001, the Compensation Committee met one time.

Audit Committee Report

The Audit Committee of the Board of Directors is composed of three of the Company's outside directors and acts under a written charter adopted and approved by the Board of Directors in November 1999 and amended in May 2000. A copy of the amended charter is attached to the Company's annual Proxy Statement as Appendix A every other year (and was attached last year and therefore is not attached this year). The members of the Audit Committee are independent directors, as defined by its charter and the rules of the National Association of Securities Dealers, Inc. ("NASD").

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee:

reviewed and discussed with management the audited financial statements for the year ended December 31, 2001;

reviewed with the Company's independent auditor, who is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters that are required to be discussed with the Audit Committee under generally accepted auditing standards and by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended; and

received from the independent auditor the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditor the auditor's independence from management and the Company, including a consideration of the compatibility of non-audit services with their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001, as filed with the Securities and Exchange Commission.

Director Compensation

We do not pay fees to directors who are our full-time employees, nor do we reimburse them for out-of-pocket expenses of attending Board or committee meetings. We generally pay directors who are not our full-time employees a fee of \$500 for each Board or committee meeting attended, and reimburse them for out-of-pocket expenses of attending meetings. In 2001, Messrs. Hagness, Winkel and Bauer each received \$4,500 and Ms. Marten received \$2,500 in cash compensation for serving on the Board and Board Committees. No other director received any cash compensation for services as a director in 2001.

We have granted to each of our current non-employee directors an option to purchase 15,000 shares of Common Stock under our 1995 Stock Incentive Plan upon their initial election to the Board. These options become exercisable in equal installments of one-third of the total shares under the option on the first three anniversaries of the grant date, as long as the director remains a Board Member. In addition, since 1998, each non-employee director has received an automatic grant of a non-qualified stock option to purchase 3,750 shares of Common Stock annually upon re-election to the Board by the stockholders. We issue these options at a per share exercise price equal to the fair market value of one share of Common Stock on the grant date. These options expire ten years from the grant date.

Employment Agreements

On May 1, 1993, we entered into a ten-year Employment Agreement with Darrell D. Rubel to employ Mr. Rubel as our Executive Vice President, Chief Financial Officer and Treasurer. We entered into this Employment Agreement to retain the long-term services of Mr. Rubel. This agreement also gave us stability due to the failing health of Roger R. Marten, who was our Chief Executive Officer until his death in August 1993. Mr. Rubel is paid annual cash compensation of \$192,000, with \$142,000 currently paid in base salary and \$50,000 added to a deferred compensation account for Mr. Rubel. Our Board may increase but not decrease the base salary and the deferred compensation. The deferred compensation is added to a special account for Mr. Rubel in equal amounts of \$25,000 on June 30 and December 31 of each year, as long as Mr. Rubel is a current employee. Beginning January 1, 1998, and for each following year, Mr. Rubel can direct a percentage of his compensation, less than or equal to 40%, to be added to the deferred account. Mr. Rubel now has a fully vested interest in all amounts in the deferred account. If we terminate the agreement before it expires without "cause" and for other than the death or disability of Mr. Rubel, or Mr. Rubel terminates the agreement for "good reason," we must pay Mr. Rubel a lump sum amount. The amount is calculated as (a) the present value of his current base salary for a five year period and (b) the balance of the deferred account plus an amount equal to five times the current annual amount that we would have added to the deferred account. The agreement prevents Mr. Rubel from competing with us for a one year period after his employment terminates. The agreement also requires Mr. Rubel to assign

inventions to us and to keep our proprietary information confidential. On January 27, 1999, we amended this agreement in recognition of the services and benefits provided by Mr. Rubel. We agreed to pay to Mr. Rubel an additional amount of \$1,000 per month for the sixty-month period beginning on January 1, 1998. Mr. Rubel is not required to remain a current employee to receive this additional compensation.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is responsible for setting and administering policies and plans governing compensation of executive officers and recommends for approval to the Board of Directors the compensation to be paid to the Chairman and President and other executive officers and key employees. The Compensation Committee is composed of three directors, none of whom is a

Edgar Filing: MARTEN TRANSPORT LTD - Form DEF 14A

current or former employee of the Company and none of whom is affiliated with any entity (other than the Company) with which an executive officer of the Company is affiliated.

Compensation Philosophy

The Company's overall compensation policy is designed to enable the Company to attract, motivate, retain and reward executive officers and other key employees who are likely to contribute to the long-term success of the Company. The Company's Compensation policy is designed to achieve the following objectives:

provide a "team" approach where executive officers and key employees with differing functional responsibilities work together to achieve our overall strategic objectives;

create a performance-based environment with variable compensation based upon achieving annual and long-term business results;

focus management on maximizing stockholder value through stock-based compensation aligned to stockholder returns;

provide compensation opportunities depending upon the Company's performance relative to its competitors and changes in the Company's performance over time; and

ensure that our compensation program is competitive in our industry.

Consistent with these objectives, the Company's executive compensation program consists of the following components:

base salary compensation;

annual incentive compensation; and

stock-based compensation.

Base Salary

Base salaries for executive officers are established at levels that are considered to be competitive with salaries for comparable positions with similar companies in the Company's industry, as well as each executive's experience, level of responsibility and performance. The comparable companies selected include publicly traded long-haul truckload carriers. The Compensation Committee believes that the base salaries of its executive officers are on the moderate side of being competitive in its industry.

Base salaries for the executive officers for calendar 1999, 2000 and 2001 excluding Mr. Marten and Mr. Rubel, have been increased approximately 4% each year. In addition, Mr. Smith's base salary was increased in 1999 commensurate with his promotion to Chief Operating Officer of the Company.

Incentive Compensation

The Company's incentive compensation program for its executive officers provides for bonuses of up to 50% of annual base compensation if the Company exceeds its targeted earnings per share ("EPS"). If the Company's performance is no more than 4% below its targeted EPS, each officer will accrue a bonus of 5% of annual base compensation and if the performance is 105% or more of its targeted EPS, each officer will accrue a bonus of 50% of annual base compensation. Bonuses are prorated for Company performance falling between these achievement percentages. Each executive officer has the opportunity to earn an additional discretionary bonus of up to 10% of annual base compensation

based upon achieving certain individual performance objectives. The Company did not achieve targeted EPS in 2001 and, accordingly, no bonuses were earned under the incentive compensation program. The Company did, however, award its executive officers discretionary bonuses of from zero to 2% of their individual base compensation for the year ended December 31, 2001. Bonuses are paid in the calendar year following the year in which they are earned.

Stock Compensation

The third component of our executive compensation program consists of stock-based compensation. The Company awards stock options to align the interests of its executive officers and key personnel with those of its stockholders and to increase the long-term value of the Company. Through deferred vesting, this component of the Company's compensation program creates an incentive for individuals to remain with the Company. In the past, our executive officers have been granted, on the date of their initial election as an officer, an option to purchase 22,500 shares of Common Stock. In addition, stock options are granted to our executive officers and key personnel from time to time based primarily upon the individual's actual and/or potential contribution and the Company's financial performance. To date, all stock options have been granted at or above fair market value. Generally, such options vest over a period of several years.

Summary

The Compensation Committee believes that its approach to executive compensation will provide competitive base compensation, establish strong incentive to achieve our strategic objectives and align the executives' interests with those of the stockholders.
