VOTING PROCEDURES

Your vote is very important.

Your shares can be voted at the annual meeting only if you are present or if you have sent in your proxy. Whether or not you plan to attend the annual meeting, please vote by proxy to assure that your shares will be represented. Properly executed proxies that are received before the chairman of the meeting announces that the polls are closed will be voted in accordance with the directions provided in the proxy. **If no directions are given, your shares will be voted FOR the proposal to elect two nominees to the board of directors.**

Who can vote?

Shareholders of record as of the close of business on April 15, 2003 are entitled to vote. On that day, 20,056,449 shares of common stock were outstanding and eligible to vote. Each share entitles the holder to one vote on each matter presented at the annual meeting. A list of shareholders eligible to vote will be available at our corporate headquarters beginning April 27, 2003. Shareholders may examine this list during normal business hours for any purpose relating to the annual meeting.

How do I vote?

You may vote *by mail* by signing your proxy card and mailing it in the enclosed prepaid and addressed envelope. If you receive more than one proxy card, it means that you have multiple accounts at the transfer agent and/or with stockbrokers. You also may vote *in person at the meeting*. We will pass out written ballots to anyone who wants to vote at the meeting. If you hold your shares through a brokerage account, however, you must request a legal proxy from your stockbroker to vote at the meeting. Whether or not you plan to attend the annual meeting, we ask you to send in your proxy.

Can I change my proxy?

If you are an owner of record and change your mind after you return your proxy, you may revoke it and change your vote at any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date,

voting in person at the meeting, or

Edgar Filing: INTERCEPT INC - Form DEF 14A

giving written notice to our corporate Secretary, Scott R. Meyerhoff.

How are votes counted?

A majority of our outstanding shares of common stock as of the record date must be present at the meeting, either in person or by proxy, to hold the meeting and conduct business. This is called a quorum. Shares will be counted for quorum purposes if they are represented at the meeting for any purpose other than solely to object to holding the meeting or transacting business at the meeting. Abstentions and broker non-votes count as present for establishing a quorum. A broker non-vote occurs with respect to a proposal when a broker is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given.

Table of Contents

If a quorum is present, the two director nominees receiving the highest number of votes for their election will be elected as directors. This number is called a plurality. For any other matter coming before the meeting, the matter will be deemed to be approved if the votes cast in favor of the action exceed the votes cast opposing the action. Shareholders do not have cumulative voting rights.

Who will count the vote?

A representative of our transfer agent, SunTrust Bank, Atlanta, will serve as the inspector of the election and tabulate and certify shareholders votes.

Is my vote confidential?

We have a policy of vote confidentiality. Your vote may not be disclosed to our board of directors or management except as may be required by law and in other limited circumstances.

Who pays for the cost of the proxy solicitation?

We have solicited the enclosed proxy for use at the annual meeting. We will pay the cost involved in soliciting proxies. In addition to the use of the mails, our officers, directors and employees may solicit proxies personally or by telephone or facsimile transmission. We will not compensate these individuals for their solicitation activities. We will also make arrangements with brokerage houses and other custodians, nominees and fiduciaries for them to forward proxy materials to the beneficial owners of shares held of record. We will reimburse these persons for their reasonable expenses.

Table of Contents

ELECTION OF DIRECTORS

Our articles of incorporation provide that our board of directors shall consist of at least four and no more than 12 directors. Our directors are divided into three classes, each class as nearly equal in number as possible. The board of directors determines the number of directors within these limits. The term of office of only one class of directors expires in each year. The directors elected at the annual meeting will hold office for a term of three years or until their successors are elected and qualified. The current number of directors is six, and we have one Class III vacancy with a term that expires at our annual meeting in 2004. Although we are in discussions with several potential candidates to fill this position, we have not yet identified a replacement.

Our shareholders will elect two directors at this annual meeting. Unless otherwise specified on the proxy card, the persons named as proxies will vote in favor of the election of the persons named below as nominees. Each nominee currently serves as a director. The board of directors believes that the nominees will stand for election and will serve if elected as directors. If any person nominated by the board fails to stand for election or is unable to accept election, the persons named as proxies will vote in favor of the election of another person recommended by the board of directors. Proxies cannot be voted for more than two nominees.

The board of directors recommends a vote FOR each of the listed nominees.

CORPORATE GOVERNANCE

Our business, properties and affairs are managed under the direction of our board of directors. Although directors are not involved in the day-to-day operating details, we strive to keep them informed of our business through written reports and documents we provide to them regularly, as well as through operating, financial and other reports presented by the Chairman of the Board and Chief Executive Officer and other officers at meetings of the board of directors and of committees of the board of directors.

Meetings of the Board

The board of directors held 12 meetings in 2002. Each director attended at least 75% of the board and committee meetings to which he was assigned.

Committees of the Board of Directors

The board of directors has established an Audit Committee, an Executive Committee, an Offering Committee and a Compensation and Stock Option Committee. We do not have a nominating committee. The board of directors nominates candidates to stand for election as directors. Our bylaws permit shareholders to make nominations for directors, but only if those nominations are made timely and by notice in writing to our corporate Secretary and in compliance with our bylaws. Our Audit Committee and its functions are described in Report of the Audit Committee below.

Executive Committee. This committee may exercise the full power and authority of the board of directors to approve acquisitions. Mr. Collins and Mr. Sturm currently serve on this committee. This committee generally meets when action is necessary between scheduled board meetings, when a limited time frame exists and a quorum is not readily available. The Executive Committee did not meet in 2002.

Compensation and Stock Option Committee. This committee oversees our management of some of our human resources activities, including determining compensation for senior management, granting stock options and the administering of our stock option and other employee benefit plans. Mr. Schneider, Mr. Knox and Mr. Burke currently serve on this committee. (Mr. Sturm also attends the meetings of this committee in a non-voting capacity.) The Compensation and Stock Option Committee met one time in 2002.

Offering Committee. This committee oversees our stock offering activities, including selection of underwriters and pricing. Mr. Collins, Mr. Sturm and Mr. Burke currently serve on this committee. The Offering Committee did not meet during 2002.

Report of the Audit Committee

Edgar Filing: INTERCEPT INC - Form DEF 14A

Our Audit Committee, composed of Mr. Burke, Mr. Knox and Mr. Schneider, is responsible for reviewing our financial statements and financial statements of our subsidiaries, evaluating internal accounting controls, reviewing reports of regulatory authorities and determining that all audits and examinations required by law are performed. The Audit Committee communicates regularly with our management, including our Chief Financial Officer and accounting personnel, and with our auditors. The Audit Committee also recommends to our board of directors the appointment of our independent auditors for the next fiscal year, reviews and approves our auditor's audit plans, and reviews with our independent auditors the results of the audit and management's responses.

Table of Contents

Each of the members of the Audit Committee is considered independent under Rule 4200(a)(14) of the National Association of Securities Dealers listing standards. The Audit Committee met eight times during 2002. Our board of directors has adopted a written charter for our Audit Committee. The SEC has adopted new regulations that affect public company audit committees, their composition and their authority. Some of these regulations are currently in effect, and others take effect over approximately the next year. In addition, The Nasdaq Stock Market, Inc. has proposed for SEC approval new listing standards that, among other things, govern the composition and authority of audit committees. The board of directors will review and revise the current Audit Committee charter to comply with these new requirements in a timely manner.

The Audit Committee has discussed with our independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (communications with audit committees). The Audit Committee has also received from our independent auditors the written disclosures and the letter required by Independent Standards Board Standard No. 1 and has discussed with the independent auditors the independent auditor's independence from our company and its management. The Audit Committee reported its findings to our board of directors.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. The Audit Committee reviews our quarterly and annual reporting on Form 10-Q and Form 10-K prior to filing with the SEC. In 2003, the full Audit Committee will review quarterly earnings announcements in advance of their issuance with management and representatives of the independent auditor. In 2002, those announcements were reviewed in advance with the Audit Committee Chairman. In its oversight role, the Audit Committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the SEC.

Upon initial election to the board of directors, each non-employee director who beneficially owns less than 4% of our outstanding common stock on the date of his election to the board of directors receives options to acquire 35,000 shares of common stock, 11,667 of which vest immediately and the remainder of which vest ratably on the first and second anniversaries of such initial election. In addition, on each anniversary date of a director's initial election to the board of directors, each director receives a grant of options to acquire 10,000 shares of common stock that vest on the date of grant. On the fifth anniversary, each director receives a grant of options to acquire 35,000 shares of common stock, 11,667 of which vest immediately and the remainder of which vest ratably on the first and second anniversaries of such grant. The exercise price of these options is equal to the fair market value of the common stock on the date of grant. Each director option expires ten years after the date of grant, unless canceled sooner as a result of termination of service or death, or unless the option is fully exercised before the end of the option period.

Table of Contents

Directors may be reimbursed for out-of-pocket expenses incurred in attending meetings of the board of directors or its committees and for other expenses incurred in their capacity as directors.

Indemnification

We indemnify our directors and officers to the fullest extent permitted by law so that they will serve free from undue concern that they will be held personally liable for our liabilities. This is required under our bylaws, and we have also signed agreements with each of our directors and officers contractually providing this indemnification to them.

Certain Relationships and Related Transactions

We owned approximately 28% of the outstanding stock of Netzee, Inc. until Certegy, Inc. acquired substantially all of Netzee's assets on December 31, 2002. Mr. Collins was chairman of Netzee's board of directors until September 2002.

Glenn W. Sturm, one of our directors, is a partner in the law firm of Nelson Mullins Riley & Scarborough, L.L.P. We retained Nelson Mullins to provide various legal services to InterCept during 2002 and have retained Nelson Mullins to provide various legal services to us in 2003. The amount paid to Nelson Mullins for services rendered to us in 2002 did not exceed 5% of Nelson Mullins' gross revenues in 2002.

Denise C. Saylor, a Senior Vice President, is the daughter of John W. Collins, our Chief Executive Officer and Chairman of our Board of Directors. For 2002, Ms. Saylor received a salary of \$138,000 and a bonus of \$45,000; the bonus will be paid ratably over a period of three years, provided that she remains with us as an employee. Ms. Saylor's husband, David W. Saylor, is a Commissioned Sales Representative with InterCept and received aggregate salary and commissions of \$217,000 in 2002.

We paid \$35,000 to W-II Investments, Inc. as reimbursement for use of a W-II Investments aircraft for business travel during fiscal 2002. Payment was based on the average incremental cost of operating that type of aircraft. Each of Mr. John W. Collins, our Chief Executive Officer and Chairman of our Board of Directors, and Mr. Glenn W. Sturm, a director owns 50% of W-II Investments, Inc.

Raymond A. Moyer serves as the President of our wholly owned subsidiary, InterCept Payment Solutions, Inc. (formerly Electronic Payment Exchange, Inc., or EPX). We acquired EPX in May 2002 by merging a wholly-owned subsidiary into it. Shortly before this merger, we made a loan to EPX, which in turn loaned \$2.5 million of that amount to Mr. Moyer. The loan accrues interest monthly at prime plus 1%. At April 29, 2003, the balance on the loan was \$2.6 million including accrued interest of \$135,000. The note became due on December 31, 2002 and is now in default.

Company Policy

Edgar Filing: INTERCEPT INC - Form DEF 14A

All transactions between InterCept and our shareholders, affiliates, officers and directors, if any, are subject to the approval of a majority of the independent and disinterested outside directors and are conducted on terms no less favorable than could be obtained from unaffiliated third parties on an arm's length basis.

Table of Contents**EXECUTIVE COMPENSATION**

The following table summarizes the compensation we paid or accrued for services rendered by our Chief Executive Officer and the four most highly compensated other executive officers whose total salary and bonus exceeded \$100,000 during the year ended December 31, 2002. Unless the market price of the common stock appreciates above the exercise price over the option term, no value will be realized from the option grants made to the named executive officers.

EMPLOYMENT AGREEMENTS

Collins Agreement. We entered into an employment agreement with Mr. Collins effective as of January 30, 1998 (the Collins agreement) under which he serves as our Chief Executive Officer. The Collins agreement provides that Mr. Collins will receive a base salary of not less than \$265,000 per year. Mr. Collins' base salary may be increased upon a periodic review by the board of directors or a board committee. In addition, Mr. Collins is entitled to incentive compensation as determined by the board of directors or a board committee based upon achievement of targeted levels of performance and such other criteria as the board of directors or a committee establishes from time to time, and an additional annual bonus as determined by the board of directors or a board committee. Mr. Collins may participate in our stock option plans and can receive health insurance for himself and his dependents, long-term disability insurance, civic and social club dues, use of an automobile owned or leased by us and other benefits.

The Collins agreement has a term of three years and renews daily until either party fixes the remaining term at three years by giving written notice. We can terminate the Collins agreement upon the executive's death or disability or for cause, and Mr. Collins can terminate his employment for any reason within a 90-day period beginning on the 30th day after any occurrence of a change in control or within a 90-day period beginning on the one-year anniversary of the occurrence of any change in control. If Mr. Collins' employment is terminated after a change in control (a) by us without cause or otherwise in breach of the Collins agreement or (b) by Mr. Collins for any reason, we must pay him all accrued compensation and bonus amounts and one-twelfth of his annual base salary and bonus for each of 36 consecutive 30-days periods following the termination. In addition, we must continue life and health insurance for Mr. Collins until he reaches age 65, and his outstanding options to purchase common stock would vest and become immediately exercisable.

Table of Contents

If Mr. Collins ceases to be our Chief Executive Officer for any reason other than by voluntary resignation, we must offer to repurchase all of the common stock he owns at a purchase price equal to the fair market value (as defined in the Collins agreement). Also, in the Collins agreement we granted, with respect to our shares of common stock, piggyback and, after any termination of employment, demand registration rights to Mr. Collins. Mr. Collins has further agreed to maintain the confidentiality of our trade secrets for a period of one year, if terminated for cause, and not to solicit our employees or customers.

Meyerhoff Agreement. On February 1, 1998, we entered into an employment agreement with Mr. Meyerhoff (the Meyerhoff agreement) under which he serves as our Chief Financial Officer. The Meyerhoff agreement provides that Mr. Meyerhoff will receive a base salary of not less than \$130,000 per year. Mr. Meyerhoff's base salary may be increased upon a periodic review by the board of directors or a board committee. The Meyerhoff agreement has a term of one year that renews automatically at the end of each term unless earlier terminated by us or Mr. Meyerhoff. We can terminate the Meyerhoff agreement upon his death or disability or for cause. If we terminate Mr. Meyerhoff's employment without adequate justification or for any reason within one year after a change in control, we must pay him all accrued compensation and bonus amounts and nine-twelfths of his annual base salary and bonus, and we must continue his life and health insurance benefits for the nine consecutive 30-day periods following the termination. In addition, his outstanding options to purchase common stock would vest and become immediately exercisable.

Boggs Agreement. We entered into an employment agreement with Mr. Boggs effective as of February 19, 2002 (the Boggs agreement) under which he serves as our President. The Boggs agreement provides that Mr. Boggs will receive a base salary of not less than \$400,000 per year. The board or the Compensation Committee will review his salary at least annually. In addition, Mr. Boggs is entitled to incentive compensation as determined by the board of directors or a board committee based upon achievement of targeted levels of performance and such other criteria as the board of directors or a committee establishes from time to time. In addition, our CEO, board or the Compensation Committee will annually consider Mr. Boggs' performance and determine if any additional bonus is appropriate. Mr. Boggs may participate in our stock option plans and may receive health insurance for himself and his dependents, long-term disability insurance, use of an automobile owned or leased by us and other benefits.

The Boggs agreement has a term of two years and renews each day for an additional day until either party fixes the remaining term at two years, without further automatic extension, by giving written notice. We can terminate the Boggs agreement upon his death or disability or for cause, and Mr. Boggs can terminate his employment for any reason within a 90-day period beginning on the 30th day after any occurrence of a change in control or within a 90-day period beginning on the one-year anniversary of the occurrence of any change in control. If Mr. Boggs' employment is terminated after a change in control (a) by us without cause or otherwise in breach of the Boggs agreement or (b) by Mr. Boggs for any reason, we must pay him all accrued compensation and bonus amounts and one-twelfth of his annual base salary and bonus for each of the 24 consecutive 30-day periods following the termination. In addition, we must continue the life insurance, disability, medical, dental and other benefits provided to Mr. Boggs and his dependents for the two-year period following termination. In addition, his outstanding options to purchase common stock would vest and become immediately exercisable notwithstanding that he has left our employment.

Pursuant to the Boggs agreement, the board approved the G. Lynn Boggs Stock Option Plan on April 16, 2002, and granted Mr. Boggs options to purchase 150,000 shares of our common stock at an exercise price of \$34.22 per share. Of these options, 50,000 vested on the date of grant, 50,000 will vest

on the first anniversary of the date of grant, and 50,000 will vest on the second anniversary of the date of grant, in each case only if Mr. Boggs is still employed by us.

Perry Agreement. We entered into an employment agreement with Mr. Perry effective as of December 20, 2002 (the Perry agreement) under which he serves as the Chief Executive Officer of InterCept Payment Solutions. The Perry agreement provides that Mr. Perry will receive a base salary of not less than \$400,000 per year. The board or the Compensation Committee will review his salary at least annually. In addition, Mr. Perry is entitled to incentive compensation with a target of 50% of base salary upon achievement of targeted levels of performance and such other criteria as the board of directors or a committee establishes from time to time. During the initial term of the Perry agreement, Mr. Perry will receive a minimum bonus compensation of \$100,000, which we will pay to Mr. Perry in equal quarterly installments beginning April 1, 2003. Mr. Perry may participate in our stock option plans and may receive health insurance for himself and his dependents, long-term disability insurance and other benefits.

The Perry agreement has a term of two years and automatically renews for two consecutive two-year terms unless earlier terminated by written notice not less than 90 days prior to the end of the term. We can terminate the Perry agreement upon his death or disability or for or without cause. Mr. Perry can terminate his employment for or without adequate justification with 60 days notice and for any reason within a 90-day period beginning on the 30th day after any occurrence of a change in control. If Mr. Perry's employment is terminated after a change in control (a) by us without cause or otherwise in breach of the Perry agreement or (b) by Mr. Perry for any reason, we must pay him all accrued compensation and bonus amounts and one-twelfth of his annual base salary and bonus for up to 24 consecutive 30-day periods following the termination. In addition, his outstanding options to purchase common stock would vest and become immediately exercisable notwithstanding that he has left our employment.

Pursuant to the Perry agreement, the board granted Mr. Perry options to purchase 150,000 shares of our common stock at an exercise price of \$16.56 per share. Of these options, 50,000 vested on the date of grant, 50,000 will vest on the first anniversary of the date of grant, and 50,000 will vest on the second anniversary of the date of grant, in each case only if Mr. Perry is still employed by us.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation and Stock Option Committee of the Board was formed on July 6, 1998. The current members of the Compensation and Stock Option Committee are Mr. Knox, Mr. Burke and Mr. Schneider, none of whom has ever been an officer or employee of InterCept.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of our previous or future SEC filings that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or in part, the following report and the Stock Performance Graph which follows shall not be deemed to be incorporated by reference into any such filing.

The Compensation and Stock Option Committee (the Committee) consists of the following board members: Jon R. Burke, Boone A. Knox and John D. Schneider. (Mr. Sturm also attends the meetings of this committee in a non-voting capacity.) The Committee reviews and determines our executive compensation objectives and policies. The Committee also reviews and sets the compensation of our Chief Executive Officer and some of our other highly compensated executive officers.

The objectives of our executive compensation program are: (a) to attract, retain and motivate highly talented and productive executives; (b) to provide incentives for superior performance by paying above-average compensation; and (c) to align the interests of the executive officers with the interests of our shareholders by basing a significant portion of their compensation upon our performance. Our executive compensation program combines the following three components, in addition to the benefit plans offered to all employees: base salary (including cash provided for automobile allowances); bonus; and long-term incentive compensation consisting of stock option grants. Each component of our executive compensation program is intended to serve a specific purpose in meeting our objectives.

Our policy is to set base salary levels, bonuses and long-term incentive compensation above an industry average. We select comparison corporations on the basis of a number of factors, such as their size and complexity, the nature of their businesses, the regions in which they operate, the structure of their compensation programs (including the extent to which they rely on bonuses and other contingent compensation) and the availability of compensating information. These other corporations are not necessarily those included in the indices used to compare the shareholder return in the Stock Performance Graph. Further, the corporations selected for comparison may vary from year to year based upon market conditions and changes in both the selected corporations' businesses and our business over time. We believe that above-average compensation levels are necessary to attract and retain high caliber executives necessary for the successful conduct of our business.

Base salary. The Committee reviews the salaries of our executives annually. When setting base salary levels, in a manner consistent with the objectives outlined above, the Committee considers competitive market conditions for executive compensation, the individual executive's performance and our performance.

The measures of individual performance considered in setting salaries included, to the extent applicable to an individual executive officer, a number of factors such as our historical and recent financial performance in the principal area of responsibility of the officer (including measures such as gross margin, net income, sales, customer count and market share), the individual's progress toward non-financial goals within his area of responsibility, individual performance, experience and level of responsibility and other contributions made to our success. The Committee has not found it practicable, nor has it attempted, to assign relative weights to the specific factors used in determining base salary levels, and the specific factors used may vary among individual officers. As is typical for most corporations, payment of base salary is not conditioned upon the achievement of any specific, pre-determined performance targets.

Table of Contents

Bonus. Our cash bonus program seeks to motivate executives to work effectively to achieve our financial performance objectives and to reward them when those objectives are met. Executives' bonus payments are based upon our overall profitability.

Long-term incentive compensation. We believe that option grants: (a) align executive interests with shareholder interests by creating a direct link between compensation and shareholder return; (b) give executives a significant, long-term interest in our success; and (c) help retain key executives in a competitive market for executive talent.

Benefits. We believe that we must offer a competitive benefit program to attract and retain key executives. During 2002, we provided medical and other benefits to each executive officer.

Compensation of the Chief Executive Officer. The Chief Executive Officer's compensation plan includes the same elements and performance measures as the plans of our other executive officers as described above. The Committee believes that Mr. Collins' total compensation reflects the unique contributions that he makes to our long-term strategic performance as one of the leading innovators in the financial services technology industry. For the year ending December 31, 2002, Mr. Collins' base salary was \$500,000 and he informed the Committee that he did not want to receive a bonus. Mr. Collins' salary for 2002 was based on, among other factors, our performance and the compensation of chief executive officers of comparable companies in 2001, although his compensation was not linked to any particular group of these companies.

Pay Deductible Limit. Under Section 162(m) of the Internal Revenue Code and federal tax regulations, public companies are prohibited from receiving a tax deduction for compensation in excess of \$1 million paid to the chief executive officer or any of the four other most highly compensated executive officers for any fiscal year. The prohibition does not apply to certain performance based compensation. We take into consideration this compensation deductibility limit in structuring our compensation programs and in determining executive compensation. At this time, our applicable executive officer compensation does not exceed \$1 million, and we do not expect that it is likely to be affected by these nondeductibility rules in the near future.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The rules of the Securities and Exchange Commission require us to disclose late filings of stock transaction reports by our executive officers and directors. Nine reports, each covering one transaction, were inadvertently filed late by John W. Collins, Denise C. Saylor, Farrell S. Mashburn, Jeffery E. Berns, G. Lynn Boggs, Michael D. Sulpy, Randy Fluitt, Raymond E. Moyer and Scott R. Meyerhoff. To the best of our knowledge, all required filings in 2002, with the exception of those filings, were properly made in a timely fashion. In making the above statements, we have relied on the representations of the persons involved and on copies of their reports filed with the SEC.

Summary of Material Features of Equity Compensations Plans Not Approved by Security Holders

InterCept has two equity compensation plans that have not been approved by shareholders: the 2002 Acquisitions Stock Option Plan and The G. Lynn Boggs 2002 Stock Option Plan. The material terms of each plan are described under the applicable heading below.

Table of Contents

2002 Acquisitions Stock Option Plan

The board of directors approved InterCept's 2002 Acquisitions Stock Option Plan effective as of April 16, 2002. The persons eligible to participate in the 2002 Acquisitions Plan are former employees of, or consultants to, Internet Billing Company, Ltd., InterCept Payment Solutions, Inc. (formerly Electronic Payment Exchange, Inc.), or their affiliates. Awards under the 2002 Acquisitions Plan are currently granted by a compensation committee composed of two independent members of the board of directors. The compensation committee administers the 2002 Acquisitions Plan and generally has the discretion to determine the terms of an option grant, including the number of option shares, option price, term, vesting schedule and the post-termination exercise period.

Options granted under the 2002 Acquisitions Plan are not transferable other than:

- (a) by will or the laws of descent and distribution;
- (b) pursuant to a qualified domestic relations order; or
- (c) as otherwise provided by the compensation committee.

During the lifetime of an optionee, options can be exercised only by the optionee (or by the optionee's guardian or legal representative, should one be appointed).

The only awards that may be issued under the 2002 Acquisitions Plan are nonqualified stock options. Generally, a participant is not taxed on the grant of a non-qualified option. Upon exercise, however, the participant recognizes ordinary income equal to the difference between the option exercise price and the fair market value of the shares on the date of the exercise. We are entitled to an income tax deduction in the year of exercise in the amount recognized by the participant as ordinary income. Any gain on subsequent disposition of the shares is long term capital gain if the shares are held for at least one year following exercise. We do not receive an income tax deduction for this gain. (The foregoing discussion of the federal income tax consequences of the 2002 Acquisitions Plan is intended to be a summary of applicable federal income tax law. State and local tax consequences may differ.)

During an optionee's employment with or service to InterCept and for a period of 24 months following the date of termination of employment or service, the optionee cannot, on the optionee's own behalf or in the service or on behalf of others:

- (a) solicit, divert, or appropriate to or for, or attempt to solicit, divert, or appropriate to or for, a competing business, any person or entity that was a customer of InterCept on the date of termination and with whom the optionee had direct material contact within 12 months of the optionee's last date of employment or service; or

(b) solicit, divert, or hire away, or attempt to solicit, divert, or hire away, any employee of InterCept, regardless of whether the employee is full-time or temporary, the employment is pursuant to written agreement, or the employment is for a determined period or is at will.

If the optionee violates either of these covenants, then the optionee's rights under any options outstanding under the 2002 Acquisitions Plan will be forfeited and terminated, subject in each case to a determination to the contrary by the stock option committee.

As of December 31, 2002, the maximum number of shares of common stock reserved for issuance under the 2002 Acquisitions Plan was 600,000, and 177,400 shares were available for grant.

Table of Contents

Shares of common stock that are attributable to awards that have expired, terminated, or been canceled or forfeited during any calendar year are available for issuance or use in connection with future awards during such calendar year. The 2002 Acquisitions Plan will remain in effect until the board of directors terminates it, which it may do at any time. The board may also, at any time and from time to time and in any respect, amend the 2002 Acquisitions Plan without the consent of the shareholders of InterCept; provided, however, that the board may not amend the 2002 Acquisitions Plan:

- (a) to increase the total number of shares of stock issuable under the 2002 Acquisitions Plan;

- (b) to permit options to be granted to anyone other than the persons specified above; or

- (c) otherwise to materially increase the benefits accruing to the holders of options under the 2002 Acquisitions Plan.

No termination, amendment, or modification of the 2002 Acquisitions Plan can affect adversely the optionee's rights under an outstanding stock option agreement without the consent of the optionee or his or her legal representative.

The G. Lynn Boggs 2002 Stock Option Plan

The board of directors approved The G. Lynn Boggs Stock Option Plan effective as of April 16, 2002. The sole person eligible to participate in the Boggs Plan is G. Lynn Boggs, our President and Chief Operating Officer. Awards under the Boggs Plan were granted by a compensation committee composed of two independent directors of the board of directors. As of December 31, 2002, the maximum number of shares of common stock reserved for issuance under the Boggs Plan was 150,000, and no shares were available for grant. If Mr. Boggs is terminated from his employment or other service to InterCept or its subsidiaries for cause, as defined in his employment agreement, his options, whether vested or unvested, will terminate immediately and will not thereafter be exercisable. Mr. Boggs's options are not transferable other than:

- (a) by will or the laws of descent and distribution;

- (b) pursuant to a qualified domestic relations order; or

- (c) as otherwise provided by the compensation committee.

During Mr. Boggs's lifetime, options can be exercised only by him (or by his guardian or legal representative, should one be appointed).

Edgar Filing: INTERCEPT INC - Form DEF 14A

The stock options issued under the Boggs Plan are nonqualified stock options. The federal income tax consequences of the granting and exercise of stock options under the Boggs Plan are as described above for options granted and exercised under the 2002 Acquisitions Plan.

The Boggs Plan prohibits, in the same manner as the 2002 Acquisitions Plan described above, the solicitation of customers and employees by Mr. Boggs after his employment is terminated.

The Boggs Plan will remain in effect until the board of directors terminates it, which it may do at any time. The board may also, at any time and from time to time and in any respect, amend the Boggs Plan without the consent of the shareholders of InterCept; provided, however, that the board may not amend the Boggs Plan:

- (a) to increase the total number of shares of stock issuable under the Boggs Plan;

Table of Contents

(b) to permit options to be granted to anyone other than Mr. Boggs; or

(c) otherwise to materially increase the benefits accruing to Mr. Boggs as the holder of options under the Boggs Plan.

No termination, amendment, or modification of the Boggs Plan can affect adversely Mr. Boggs' s rights under his outstanding stock option agreement without the consent of Mr. Boggs or his legal representative.

Table of Contents**SECURITY OWNERSHIP**

The following table provides certain information regarding the beneficial ownership of our common stock by: (a) each of our directors; (b) each named executive officer (other than Mr. Bender, who is no longer our employee); (c) each person known to us to be the beneficial owner of more than 5% of our common stock; and (d) all of our directors and executive officers as a group. The information in the table is based on information from the named persons regarding their ownership of our common stock, except that information regarding 5% owners other than Mr. Collins is based on Schedules 13G those entities filed with the SEC in February 2003. Unless otherwise indicated, each of the holders listed below has sole voting power and investment power over the shares beneficially owned and each person listed below as one of our executive officers or directors has an address in care of our principal office.

For purposes of this table, a person or group of persons is deemed to have beneficial ownership of any shares that the person or group has the right to acquire within 60 days after April 15, 2003 or with respect to which the person otherwise has or shares voting or investment power. For purposes of computing the percentages of outstanding shares held by each person or group of persons on a given date, shares which that person or group has the right to acquire within 60 days after that date are deemed to be outstanding for purposes of computing the percentage for that person or group but are not deemed to be outstanding for the purpose of computing the percentage of any other person or group. The Shares Owned column in the table includes the shares owned by the persons named but does not include shares they may acquire by exercising options. The numbers shown in the Vested Options column include options that were vested as of April 15, 2003 and options that vest during the 60 days following April 15, 2003. On April 15, 2003, (a) 20,056,449 shares of our common stock were outstanding, and (b) options to purchase 4,245,657 shares of common stock were outstanding.

INDEPENDENT AUDITORS

Deloitte & Touche LLP has served as our independent auditors since July 2002. Previously, Arthur Andersen LLP had served as our independent public accountants from 1997 until July 18, 2002, when we dismissed Andersen as our independent public accountants. Our board of directors approved the decision to dismiss Andersen, upon recommendation of the Audit Committee.

Andersen's reports on our consolidated financial statements for each of fiscal year 2000 and fiscal year 2001 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles.

During each of each of fiscal year 2000 and fiscal year 2001 and through the date of our dismissal of Andersen, there were:

(a) no disagreements with Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their reports on our consolidated financial statements for those years; and

(b) no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

We provided Andersen with a copy of the foregoing disclosure and requested that they furnish a letter addressed to the Securities and Exchange Commission stating whether they agree with the above statements. A representative from Andersen advised us that Andersen is no longer in a position to provide letters relating to its termination as a former audit client's independent public accountant and that Andersen's inability to provide such letters has been discussed with the SEC staff.

As of July 18, 2002, we engaged Deloitte & Touche to serve as our new independent auditors for the 2002 fiscal year. During each of fiscal year 2000 and fiscal year 2001 and through the date of our engagement of Deloitte & Touche, we did not engage Deloitte & Touche with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

One or more representatives of Deloitte & Touche are expected to be present at the annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.
