Report of Independent Accountants

To the Participants and Administrator of
Pioneer Hi-Bred International, Inc. Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Pioneer Hi-Bred International, Inc. Savings Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pioneer Hi-Bred International, Inc. (the "Company") Savings Plan (the "Plan") provides only general information. Participants should refer to their employees' handbooks for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees and all temporary employees of the Company who have completed at least 1,000 hours of service during a consecutive twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company. Vanguard Fiduciary Trust Company ("VFTC") is the Trustee of the assets of the Plan. As Trustee, VFTC has the authority to hold, manage and protect the assets of the Plan in accordance with the provisions of the Plan and the trust agreements.

Contributions

Participants may designate 1% to 15% (increased to 50%, effective January 1, 2002) of their eligible earnings up to the annual maximum amount as stated by the Internal Revenue Service for deposit in the Plan. In addition, the Company matches participant contributions at a rate of 50% of the first 6% contributed by a participant, up to a maximum of \$3,000 per year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Upon entering the Plan, participants are fully vested in their voluntary contributions plus earnings thereon. Participants vest in the Company matching contributions at a rate of 20% per year and are fully vested after five years of service. Participants also become fully vested if they die, become totally and permanently disabled, or reach age 65.

Participant Loans

Participants may borrow up to 50% of their vested account balance, subject to the Plan's guidelines. The loan shall provide for periodic repayment over a period not to exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at rates that range from 7% to 10.25%, which are commensurate with local prevailing rates as determined by the Plan administrator (the Company). The interest rate on any participant loan is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination, retirement, death or disability, a participant may elect to receive a lump-sum distribution equal to the vested value of the participant's account or, if the account value is greater than \$5,000, the participant may leave the balance in the account and obtain a distribution at a later date. For accounts with a value of less than \$5,000, an immediate lump-sum distribution may be made at the discretion of the Plan administrator.

Notes to Financial Statements

Forfeited Accounts

Upon the participant's termination of employment, any Company matching contributions and the earnings thereon which are not vested will be forfeited, but will be restored and eligible for additional vesting if the participant again becomes an eligible employee within five years after termination and completes the required years of service. Forfeitures, net of amounts restored, are used to reduce future Company contributions required under the Plan. Forfeitures of \$0 and \$157,800 were used to offset Company contributions during the years ended December 31, 2001 and 2000, respectively. At December 31, 2001 and 2000, forfeited nonvested accounts totaled \$53,649 and \$15,014, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform to accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The DuPont Company Stock Fund is valued at its year-end unit closing price (defined as the year-end market price of DuPont common stock plus the uninvested cash position). Investment pools are valued at the net asset value of underlying investments and other assets and liabilities. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

I. du Pont de Nemours and Company ("DuPont"), as the parent company of the Company, is a related party to the Plan. The Plan offers the DuPont Company Stock Fund investment option. Transactions in these investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 5 - PLAN EXPENSES

The Company pays a portion of the expenses for services necessary for the administration of the Plan.

NOTE 6 - TAX STATUS
