AUDITOR'S REPORT

=====

MARCH 26, 2002
TORONTO, ONTARIO

TO THE SHAREHOLDERS OF 1444232 ONTARIO INC.

I have audited the balance sheets of 1444232 Ontario Inc. (a development stage enterprise) as at December 31, 2001 and 2000 and the related statements of operations and deficit, and changes in cash flows for the year ended December 31, 2001 and for the period from the date of incorporation October 11, 2000 to December 31, 2000. These financial statements are the responsibility of the company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audits in accordance with auditing standards generally accepted in the United States. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of 1444232 Ontario Inc. as at December 31, 2001 and 2000 and the results of its operations and cash flows for the year ended December 31, 2001 and for the period from the date of incorporation October 11, 2000 to December 31, 2000 in conformity with accounting principles generally accepted in the United States.

NOTES TO FINANCIAL STATEMENTS

Edgar Filing: ASSURE ENERGY INC - Form 8-K/A

DECEMBER 31, 2001 AND 2000
EXPRESSED IN UNITED STATES DOLLARS

NOTE 1

NATURE OF OPERATIONS

The Company is engaged in the acquisition, development, production, exploration for, and sale of oil, natural gas and natural gas liquids in Alberta, Canada. The Company sells its oil and gas primarily to Canadian pipelines and refineries.

SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FINANCIAL INSTRUMENTS

The Company's financial instruments include cash, accounts receivable, and advances from shareholders and accounts payable. Unless otherwise noted it is management's opinion that the Company is not exposed to significant interest rate, currency and credit risks arising from these financial instruments. The fair value of the short-term financial instruments approximates their market value.

ADMINISTRATIVE EXPENDITURES

Administrative expenditures are charged to operations in the current year.

OIL AND GAS INTERESTS

The Company follows the successful efforts method of accounting for its oil and gas producing activities. The costs of acquiring interests in oil and gas properties are capitalized. Should a property be subsequently abandoned, its costs are written off to operations in the year of abandonment. The costs of drilling and equipping wells, both exploratory and development are capitalized as incurred. Should a well be determined to be unsuccessful (a dry hole or not capable of commercial production), its costs are written off in the year so determined. All other exploration costs, including geological and geophysical costs are expensed as incurred.

Unproven properties that are individually significant are periodically assessed for impairment of value, and a loss is recognized at the time of the impairment.

Capitalized costs of producing oil and gas properties, after allowing for estimated abandonment cost and salvage values are depleted on the unit-of-production method based on estimated recoverable proven oil and gas reserves. Support equipment and other property plant and equipment are depreciated over their estimated useful lives.

On the sale or retirement of a complete interest of a proved property, the cost and related accumulated depletion and depreciation are eliminated from the property accounts, and the resultant gain or loss is recognized. On the retirement or sale of a partial interest of proved property, the cost is charged to accumulated depletion and depreciation with the resulting gain or loss

Edgar Filing: ASSURE ENERGY INC - Form 8-K/A

recognized in income.

On the sale of a complete interest of an unproved property, for cash or cash equivalents, gain or loss is recognized, taking into consideration the amount of any recorded impairment if the property had been assessed individually. If a partial interest in an unproved property is sold, the amount received is treated as a reduction of the cost of the interest retained. The Company has not incurred any geological or geophysical costs since its inception.

INCOME TAXES

The Company uses the deferral method of accounting for income taxes. Under this method the amount by which the provision for income taxes differs from the income taxes currently payable is considered to represent the deferring to future periods the benefits obtained or expenditures incurred in the current period and accordingly was computed at the current income tax rates. Also, under the deferral method, tax benefits related to accounting losses could only be recognized in the period the loss was incurred if there was virtual certainty of realizing these benefits.

Introduction

On April 23, 2002 the Assure Energy, Inc (f/k/a Inventoy.com, Inc.) ("Company") acquired all of the issued and outstanding shares of common stock of Assure Oil and Gas Corp (f/k/a 1444232 Ontario Inc.) for 2,400,000 units, each unit consisting of one share of the Company's common stock, one A warrant entitling the holder to acquire another share of the Company's common stock at \$.50 per share, for up to five years from the date of issue and one B warrant entitling the holder to acquire another share of the Company's stock at \$1.00 per share, for up to five years from the date of issue. The effective date of the acquisition is April 1, 2002.

The acquisition is accounted for as a purchase. The purchase price has been established at the fair value of the net assets of Assure Oil and Gas Corp. as this is considered more reliably determinable than the value of the Company's thinly traded stock. The excess of fair value over book basis was \$992,482 and is attributed entirely to oil and gas properties based on current independent evaluation of proven petroleum and natural gas reserves.

The accompanying condensed consolidated financial statements illustrate the effect of the acquisition (pro forma) on the Company's financial position and the results of operations. The Condensed Consolidated Balance Sheet as of March 31, 2002, is based on the historical balance sheets of the Company and Assure Oil and Gas Corp as of that date and assumes the acquisition took place on that date. The Condensed Consolidated Statements of Operations for the year ended December 31, 2001 and the three months ended March 31, 2002 are based on the historical operating statements of the Company and Assure Oil and Gas Corp. For those periods the Pro forma Condensed Consolidated Statements of Operations assume that the acquisition took place on January 1, 2001.

The Pro Forma Condensed Consolidated Financial Statements may not be indicative of the actual results of the combined companies.

The accompanying Pro Forma Condensed Consolidated Financial Statements should be read in connection with the historical financial statements of the Company and Assure Oil and Gas Corp.

Note A

On April 23, 2002, Assure Energy, Inc. ("Company") acquired all of the outstanding shares of Assure Oil and Gas, Corp. in exchange for 2,400,000 units, each unit consisting of one share of the Company's common stock, one A warrant entitling the holder to acquire another share of the Company's common stock at \$.50 per share, for up to five years from the date of issue and one B warrant entitling the holder to acquire another share of the Company's stock at \$1.00 per share, for up to five years from the date of issue. The effective date of acquisition is April 1, 2002.

The acquisition is accounted for as a purchase. The purchase price has been established at the fair value of the net assets of Assure Oil and Gas Corp. as this is considered more reliably determinable than the value of the Company's thinly traded stock. The excess of fair value over book basis was \$992,482 and is attributed entirely to oil and gas properties based on current independent evaluation of proven petroleum and natural gas reserves.

Company shares were issued at fair value of the acquiree (Assure Oil and Gas Corp) and were recorded as follows:

Capital Stock	\$ 2,400
Additional Paid in Capital	2,106,021

	\$2,108,421

Note B

The pro forma adjustments to the pro forma condensed consolidated statement of operations are as follows:

Write off of the Company's purchased toy designs to operating costs	\$ 3,000
	=====
Additional depletion of oil and gas properties	\$ 8,836
	=====

Note C

The Company changed its name from Inventoy.com, inc. to Assure Energy, Inc. and intends to develop and lease oil and gas properties.

Note D

Pro forma earnings per share reflect all stock splits since January 1, 2001 and assume that the acquisition of Assure Oil and Gas Corp by the Company took place on that date. Warrants have not been included because the effect of their issuance is anti-dilutive.
