Fair Value Measurements

In determining the value of the Fund s investments various inputs are used. These inputs are summarized in the three broad levels listed below:

Level 1 Quoted prices in active markets for identical securities.

Net Assets Applicable to Common Shares 100%

\$ 500,803,559

Level 2 Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk,

etc.).

Level 3 Significant unobservable inputs (including management s assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

The following is a summary of the Fund s fair value measurements as of October 31, 2009:

^{*} Refer to the Fund s Portfolio of Investments for industry breakdown of Common Stocks classified as Level 2. **Income Tax Information**

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to the treatment of paydown gains and losses, timing differences in recognizing certain gains and losses on investment transactions and recognition of premium amortization. To the extent that differences arise that are permanent in nature, such amounts are reclassified within the capital accounts on the Statement of Assets and Liabilities presented in the annual report, based on their federal tax basis treatment; temporary differences do not require reclassification. Temporary and permanent differences do not impact the net asset value of the Fund.

At October 31, 2009, the cost of investments was \$746,216,914.

Gross unrealized appreciation and gross unrealized depreciation of investments at October 31, 2009, were as follows:

| Gross unrealized: | |
|-------------------|---------------|
| Appreciation | \$ 19,924,975 |
| Depreciation | (83,843,685) |
| | |

Net unrealized appreciation (depreciation) of investments \$ (63,918,710)

(1) All percentages shown in the Portfolio of Investments are based on net assets applicable to Common shares unless otherwise noted.

(2)

Senior Loans generally are subject to mandatory and/or optional prepayment. Because of these mandatory prepayment conditions and because there may be significant economic incentives for a Borrower to prepay, prepayments of Senior Loans may occur. As a result, the actual remaining maturity of Senior Loans held may be substantially less than the stated maturities shown.

- (3) Ratings: Using the higher of Standard & Poor s Group (Standard & Poor s) or Moody s Investor Service, Inc. (Moody s) rating. Ratings below BBB by Standard & Poor s or Baa by Moody s are considered to be below investment grade.
- (4) Senior Loans generally pay interest at rates which are periodically adjusted by reference to a base short-term, floating lending rate plus an assigned fixed rate. These floating lending rates are generally (i) the lending rate referenced by the London Inter-Bank Offered Rate (LIBOR), or (ii) the prime rate offered by one or more major United States banks.

Senior Loans may be considered restricted in that the Fund ordinarily is contractually obligated to receive approval from the Agent Bank and/or Borrower prior to the disposition of a Senior Loan.

- (5) At or subsequent to October 31, 2009, this issue was under the protection of the Federal Bankruptcy Court.
- (6) Non-income producing; denotes that the issuer has defaulted on the payment of principal or interest or has filed for bankruptcy.
- (7) Position, or portion of position, represents an unfunded Senior Loan commitment outstanding at October 31, 2009. At October 31, 2009, the Fund had unfunded Senior Loan commitments of \$2,222,222.
- (8) Negative value represents unrealized depreciation on unfunded Senior Loan commitment outstanding at October 31, 2009.
- (9) Non-income producing; issuer has not declared a dividend within the past twelve months.
- (10) This issue is under protection of the Federal Bankruptcy Court. As a result, the Fund s Adviser has concluded this issue is not likely to meet its interest payment obligations and has directed the Fund s custodian to cease accruing additional income and write-off any remaining recorded balances on the Fund s records.
- (11) This issue is under protection of the Federal Bankruptcy Court (the Bankruptcy Court). As a result, the Fund s Adviser concluded that the issuer was not likely to meet its future interest payment obligations and directed the Fund s custodian to cease accruing additional income and write-off any remaining recorded balances on the Fund s records. On July 1, 2009, the Fund received its June 1, 2009, interest payment and

- subsequently received its September 1, 2009, interest payment as directed by the Bankruptcy Court s Final Order. As of September 2, 2009, the Fund ceased accruing additional income on this issue.
- (12) For fair value measurement disclosure purposes, investment categorized as Level 2.
- (13) Subsequent to the reporting period, this issue is under protection of the Federal Bankruptcy Court. As a result, the Fund s Adviser has concluded this issue is not likely to meet its interest payment obligations and has directed the Fund s custodian to cease accruing additional income and write-off any remaining recorded balances on the Fund s records.
- (14) Borrowings and Preferred Shares, at Liquidation Value as a percentage of Total Investments are 8.9% and 15.4%, respectively.
- N/A Not available.
- N/R Not rated.
- WI/DD Purchased on a when-issued or delayed delivery basis.
 - DD1 Portion of investment purchased on a delayed delivery basis.
 - 144A Investment is exempt from registration under Rule 144A of the Securities Act of 1933, as amended. These investments may only be resold in transactions exempt from registration which are normally those transactions with qualified institutional buyers.
 - TBD Senior Loan purchased on a when-issued or delayed-delivery basis. Certain details associated with this purchase are not known prior to the settlement date of the transaction. In addition, Senior Loans typically trade without accrued interest and therefore a weighted average coupon rate is not available prior to settlement. At settlement, if still unknown, the Borrower or counterparty will provide the Fund with the final weighted average coupon rate and maturity date.
