Report of Independent Accountants

To the Participants and
Administrator of the
Westinghouse Savings Program

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Westinghouse Savings Program (the "Plan") at December 31, 2000, and the changes in net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these

Edgar Filing: VIACOM INC - Form 11-K

financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, as listed in the accompanying index are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Accountants

To the Participants and
Administrator of the
Westinghouse Savings Program

We have audited the accompanying statement of net assets available for benefits of the Westinghouse Savings Program (the Plan) as of December 31, 1999. This financial statement is the responsibility of the Plan Administrator. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 1999, in conformity with generally accepted accounting principles.

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Westinghouse Savings Program (the "Plan") and is provided for general information only. Participants should refer to the Plan document for more complete information regarding the Plan.

The Plan was established by CBS Broadcasting Inc. (formerly CBS Inc.) a wholly owned subsidiary of CBS Corporation (the "Corporation" or "CBS") (formerly doing business as Westinghouse Electric Corporation). On May 4, 2000, CBS was merged with and into Viacom Inc. ("the Company"). As a result of the merger, the Company became the sponsor of the Plan.

Edgar Filing: VIACOM INC - Form 11-K

Pursuant to the May 4, 2000 merger between CBS and Viacom, each share of CBS common stock held by the plan was converted into 1.085 shares of Viacom Class B Common Stock. All other plan provisions and investment options have remained the same.

As of December 31, 1999, the Plan had approximately two hundred active contributing participants. In January 2000, CBS transferred all net assets attributable to contributing participants to an active CBS Plan. These transfers, in the amount of \$8,252, are shown in the statement of changes in net assets available for benefits as "transfers to other plans." At December 31, 2000, all of the remaining participants were retirees or terminated employees who are fully vested in the Plan. No contributions can be made to the Plan and no new loans may be requested. At a participant's option, a defined benefit pension distribution can be transferred into the Plan provided the participant is retiree eligible under the defined benefit pension plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and is administered by the Retirement Committee, an internal committee appointed by the Board of Directors of the Company.

Investment and Participant Accounts

Mellon Bank is the trustee and custodian of Plan assets. Certain Plan investments are shares of funds managed by Mellon Bank and therefore qualify as party-in-interest transactions.

5

WESTINGHOUSE SAVINGS PROGRAM NOTES TO FINANCIAL STATEMENTS (dollars in thousands)

Plan participants have the option of investing their rollover contributions and account balances in increments of one percent among the following investments:

American Century Ultra Fund
Bankers Trust Index Fund
Bankers Trust Lifecycle Short Range Fund
Bankers Trust Lifecycle Mid Range
Bankers Trust Lifecycle Long Range Fund
Fidelity Growth and Income Fund
Fixed Income Fund
Janus Fund
J.P. Morgan Diversified Fund
J.P. Morgan International Equity Fund
Viacom Inc. Class B Common Stock

Loans to Participants

Prior to 2000, participants were eligible to receive loans based on their account balances. The maximum loan available to a participant was the lesser of 50% of the participant's vested account balance or \$50. The interest rate on participant loans was established on the last day of the calendar quarter prior to the loan origination date at a rate of 1% above the annual prime commercial rate. All loans are subject to specific repayment terms and are secured by the participants' nonforfeitable interest in his/her account equivalent to the

Edgar Filing: VIACOM INC - Form 11-K

principal amount of the loan.

Vesting

Participant contributions to the Plan plus actual earnings thereon are fully vested and nonforfeitable. If an employee had eligible service before January 1, 1989, the employer matching contributions plus actual earnings thereon are also vested. Employees hired on or after January 1, 1989, must have completed five years of eligible service to become vested in employer matching contributions plus actual earnings thereon. If participants terminated employment prior to being vested in their employer matching contributions, the non-vested portion of their account was forfeited and used to pay administrative expenses.

Distributions and Withdrawals

Earnings on both employee and employer contributions are not subject to income tax until they are distributed or withdrawn from the Plan.

Participants in the Plan, or their beneficiaries, may receive their account balances, in a lump sum or in installments over a period of up to 20 years, in the event of retirement, termination of employment, disability or death. Participants must receive a required minimum distribution upon attainment of age 70 1/2 unless they are still employed.

A participant may obtain a hardship withdrawal of the vested portion of employer matching contributions and before-tax contributions provided that the requirements for hardship are met. There is no restriction on the number of hardship withdrawals permitted.

6

WESTINGHOUSE SAVINGS PROGRAM NOTES TO FINANCIAL STATEMENTS (dollars in thousands)

Termination Priorities

Although the Company anticipates that the Plan will continue indefinitely, it reserves the right by action of its board of directors to amend or terminate the Plan provided that such action is in accordance with applicable law. In the event that the Plan is terminated, subject to conditions set forth in ERISA, the Plan provides that the net assets of the Plan be distributed to participants in proportion to their respective vested interests in such net assets at that date.

Plan Expenses

The Retirement Committee is responsible for the general administration of the Plan and for carrying out the provisions thereof. The investment assets of the Plan are administered by a trustee appointed by the Investment Committee, a separate internal committee appointed by the Board of Directors of the Company. With the exception of investment manager fees, which are paid by the Plan, expenses of the Plan are borne by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Edgar Filing: VIACOM INC - Form 11-K

The accrual method of accounting is used for financial statement presentation.

Investment Valuation and Income Recognition

Short-term money market obligations are carried at cost which approximates fair value due to the short-term maturity of these investments. Viacom Inc. Class B Common Stock and CBS Corporation Common Stock are reported at fair value based on the quoted market price of the stock on the New York Stock Exchange. Investments with registered investment companies are reported at fair value based upon the market value of the underlying securities as priced by national security exchanges. Guaranteed insurance contracts and synthetic guaranteed insurance contracts are fully benefit responsive and are therefore reported at contract value, which represents the aggregate amount of deposits thereto, plus interest at the contract rate, less withdrawals. Loans to participants are valued at cost which approximates market value. The loans outstanding as of December 31, 2000 carry interest rates ranging from 8.75% to 9.75%. Cash and cash equivalents are valued at cost plus accrued interest, which approximate market value. Interest income is accrued as earned and dividend income is recorded on the ex-dividend date.

Security Transactions

Purchases and sales of securities are recorded on the trade date. The historical average cost basis is used to determine gains or losses on security dispositions.

The Plan presents in the statement of changes in net assets available for benefits the net depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

7

WESTINGHOUSE SAVINGS PROGRAM NOTES TO FINANCIAL STATEMENTS (dollars in thousands)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan to make estimates and assumptions, such as those regarding fair value, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are

Edgar Filing: VIACOM INC - Form 11-K

exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the related statement of changes in net assets available for benefits.

Net assets available for benefits per the financial statements	\$ 2,378,601	\$ 2,726,474
Amounts allocated to withdrawing participants	(3,119)	(3,714)
Net assets available for benefits per the Form 5500	\$ 2,375,482	\$ 2,722,760

The following is a reconciliation of benefits paid to participants as reflected in the financial statements to the Form 5500 for the 2000 Plan year:

	For the Year Ended December 31, 2000
Benefits paid to participants per the financial statements	\$ 342,734
Add amounts allocated to withdrawing participants as of December 31, 2000	3,119
Less amounts allocated to withdrawing participants as of December 31, 1999	(3,714)
Benefits paid to participants per the Form 5500	\$ 342,139

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date.

NOTE 5 - INCOME TAX STATUS

A favorable determination letter was received from the Internal Revenue Service on September 25, 1997, stating that the Plan is exempt from federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code. The Plan has been amended since receipt of the determination letter. The Company and the Company's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified as tax-exempt as of the financial statement date. On May 1, 2001, the Company filed with the Internal Revenue

Edgar Filing: VIACOM INC - Form 11-K

Service an application for a new determination letter.

NOTE 6 - INVESTMENT IN FIXED INCOME SECURITIES

The following table presents the investments in the Fixed Income Fund as of December 31, 2000 and 1999:

	2000	
	-----	---
Guaranteed Investment Contracts	\$ 380,552	\$
Synthetic Guaranteed Investment Contracts	1,213,775	
Cash	62,097	
	-----	---
Fixed Income Fund	\$ 1,656,424	\$
	=====	===

At December 31, 2000 and 1999, the fair value of the investments in the Fixed Income Fund in the aggregate was approximately \$1,693,000 and \$1,860,000, respectively.

Synthetic guaranteed investment contracts utilize benefit-responsive wrapper contracts issued by various third-party issuers. The wrapper contracts provide market and cash flow risk protection to the Plan and provide for the execution of participant initiated transactions in the Plan at contract value. The synthetic guaranteed investment contracts include investments in derivatives including collateralized mortgage obligations (CMOs), real estate investment conduits (REMICs), other mortgage derivatives, call/put options on Treasury securities and U.S. Treasury bond futures contracts. The notional and fair values of these derivatives, as estimated by the various investment managers based on discounted cash flow analysis, are (\$111,553) and \$123,734 as of December 31, 2000 and \$229,883 and \$218,609 as of December 31, 1999, respectively.

The average blended yield of all the investment contracts as of December 31, 2000 and 1999, was 6.74% and 6.08%, respectively, while the annual one-year return for the year ended December 31, 2000 was 6.33%.
