TRUMP HOTELS & CASINO RESORTS, INC.,
TRUMP HOTELS & CASINO RESORTS HOLDINGS, L.P.
AND
TRUMP HOTELS & CASINO RESORTS FUNDING, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

(1) Organization and Operations

The accompanying condensed consolidated financial statements include those of Trump Hotels & Casino Resorts, Inc., a Delaware corporation ("THCR"), Trump Hotels & Casino Resorts Holdings, L.P., a Delaware limited partnership ("THCR Holdings"), and Subsidiaries (as defined). THCR Holdings is currently owned approximately 63.4% by THCR, as both a general and limited partner, and approximately 36.6% by Donald J. Trump ("Trump"), as a limited partner. Trump's limited partnership interest in THCR Holdings represents his economic interests in the assets and operations of THCR Holdings. Such limited partnership interest is convertible at Trump's option into 13,918,723 shares of THCR's common stock, par value \$.01 per share (the "THCR Common Stock") (subject to certain adjustments), and if converted, would give Trump ownership of 42.9% of the THCR Common Stock (including his current personal share ownership) or 44.4% (assuming currently exercisable options held by Trump were exercised). Accordingly, the accompanying condensed consolidated financial statements include those of (i) THCR and its 63.4% owned subsidiary, THCR Holdings, and (ii) THCR Holdings and its wholly owned subsidiaries.

All significant intercompany balances and transactions have been eliminated in the accompanying condensed consolidated financial statements.

The accompanying condensed consolidated financial statements have been prepared without audit. In the opinion of management, all adjustments, consisting of only normal recurring adjustments necessary to present fairly the financial position, the results of operations and cash flows for the periods presented, have been made.

The accompanying condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States have been condensed or omitted.

These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the annual report on Form 10-K for the year ended December 31, 2000 filed with the SEC.

The casino industry in Atlantic City and Indiana is seasonal in nature. Accordingly, results of operations for the period ended September 30, 2001 are not necessarily indicative of the operating results for a full year.

THCR, THCR Holdings and Trump Hotels & Casino Resorts Funding, Inc., a Delaware corporation ("THCR Funding"), have no operations and their ability to service their debt is dependent on the successful operations of the following subsidiaries of THCR Holdings (the "Subsidiaries"): (i) Trump Atlantic City

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

Associates, a New Jersey general partnership ("Trump AC"), which is comprised of Trump Taj Mahal Associates, a New Jersey general partnership ("Taj Associates"), and Trump Plaza Associates, a New Jersey general partnership ("Plaza Associates"); (ii) Trump Indiana, Inc., a Delaware corporation ("Trump Indiana"); and (iii) Trump's Castle Associates, L.P. , a New Jersey limited partnership ("Castle Associates") d/b/a Trump Marina Hotel Casino ("Trump Marina"). THCR, through THCR Holdings and its subsidiaries, is the exclusive vehicle through which Trump engages in new gaming activities in emerging and established gaming jurisdictions.

The economic consequences of the September 11, 2001 terrorist attacks on the World Trade Center and New York State's subsequent approval of the largest gambling package in the State's history are still unknown at this time. Although management anticipates such events to negatively affect THCR's Atlantic City operations, management cannot predict with any certainty the full impact of such events.

Basic and Diluted Loss Per Share

Basic loss per share is based on the weighted average number of shares of THCR Common Stock outstanding. Diluted earnings per share are the same as basic earnings per share as common stock equivalents have not been included as they would be anti-dilutive. The shares of THCR's Class B common stock, par value \$.01 per share (the "THCR Class B Common Stock"), owned by Trump have no economic interest and therefore are not considered in the calculation of weighted average shares outstanding.

(a) During 2000, THCR Enterprises, L.L.C., a New Jersey limited liability company ("THCR Enterprises") and wholly-owned subsidiary of THCR Holdings, repurchased \$35,500,000 of these Senior Notes for \$19,030,000 plus accrued interest. For the nine months ended September 30, 2000, an extraordinary gain of \$14,903,000 was recorded, net of a writedown of deferred loan costs of \$1,567,000, which was adjusted to \$9,453,000 after minority interest of \$5,450,000.

(3) Other Assets

Plaza Associates is appealing a real estate tax assessment by the City of Atlantic City. At December 31, 2000 and September 30, 2001, other assets include \$8,014,000, which Plaza Associates believes will be recoverable on the settlement of the appeal.

(4) Trump World's Fair Closing

On October 4, 1999, THCR closed Trump World's Fair. In addition to closing costs recorded at December 31, 1999, costs of \$765,000 were recorded during the nine months ended September 30, 2000.

(5) Volume Based Cash Rebates

In January 2001, the Emerging Issues Task Force (EITF) reached a consensus on certain issues within Issue No. 00-22, "Accounting for `Points' and Certain Other Time-Based or Volume-Based Sales Incentive Offers, and Offers for

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

Free Products or Services to Be Delivered in the Future," (EITF 00-22). Application of EITF 00-22 is required for interim and annual periods ending after February 15, 2001. EITF 00-22 requires volume-based cash rebates to be classified as a reduction of revenue. Accordingly, such rebates have been classified as promotional allowances. THCR previously classified these expenditures as a gaming expense. Prior period amounts have been reclassified to conform with the current presentation.

(6) Trump Indiana Note Payable

On April 27, 2001, Trump Indiana entered into a loan agreement with a bank group for \$27,500,000. Proceeds from the loan were used to pay off maturing debt for the vessel, the hotel, a \$5,000,000 bridge loan and provide working capital. As a result of an interest rate swap arrangement entered into contemporaneously with the bank loan, the new debt bears a fixed rate of interest of 8.85% on \$10,000,000 of principal, and a floating rate applies to the balance of the loan. At September 30, 2001, the rate on the floating portion was a blended 7.86%. The loan amortizes based upon an assumed 84 month term and matures with a balloon payment payable at the end of 60 months.

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 137 and No. 138, which specifies the accounting and disclosure requirements for such instruments. At September 30, 2001, Trump Indiana's derivative financial instruments consisted of an interest rate swap with a notional amount of \$10,000,000 that effectively converts an equal portion of its debt from a floating rate to a fixed rate. An unrealized loss of \$559,000 attributable to the change in the fair value of the interest rate swap has been recorded as "Accumulated other comprehensive loss" in the equity sections of the respective balance sheets.

(7) Recent Accounting Pronouncement

In July 2001, the FASB issued Statement No. 141 "Business Combinations" ("SFAS 141") and Statement No. 142 "Goodwill and Other Intangible Assets" ("SFAS 142"). SFAS 141 is effective as follows: a) use of the pooling-of-interest method is prohibited for business combinations initiated after June 30, 2001; and b) the provisions of SFAS 141 also apply to all business combinations accounted for by the purchase method that are complete after June 30, 2001. There are also transition provisions that apply to business combinations completed before July 1, 2001 that were accounted for by the purchase method. SFAS 142 is effective for fiscal years beginning after December 15, 2001 and applies to all goodwill and other intangible assets recognized in an entity's statement of financial position at that date, regardless of when those assets were initially recognized. THCR does not believe that the provisions of SFAS 141 and SFAS 142 will have a material effect on its financial position or results of operations.

(8) Subsequent Events

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

On October 31, 2001, THCR announced that it is seeking to negotiate the terms of the public debt and is withholding interest payments thereon until such time as discussions between THCR and the bondholders have been finalized. The following debt issues of THCR and/or its subsidiaries are affected: (i) THCR Holdings and THCR Funding 15-1/2% Senior Secured Notes due 2005, having a semi-annual interest payment due on December 15, 2001; (ii) each of Trump AC and (A) Trump Atlantic City Funding, Inc., (B) Trump Atlantic City Funding II, Inc. and (C) Trump Atlantic City Funding III, Inc. 11-1/4% Mortgage Notes due 2006, having an aggregate semi-annual interest payment of \$73,125,000 which was due on November 1, 2001; (iii) Castle Associates and Trump's Castle Funding, Inc. ("Castle Funding") 10-1/4% Senior Notes due 2003, having a semi-annual interest payment of approximately \$3,178,000 which was due on October 31, 2001; (iv) Castle Associates and Castle Funding 11-3/4% Mortgage Notes due 2003, having a semi-annual interest payment of approximately \$14,226,000 due on November 15, 2001 and (v) Castle Associates and Trump's Castle Hotel & Casino, Inc. ("TCHI") 10-1/4% Senior Notes due 2003 (referred to as the "Working Capital Loan"), having a semi-annual interest payment of approximately \$256,000 which was due on October 31, 2001. These interest amounts have been included in current liabilities at September 30, 2001. THCR is seeking to negotiate the terms of the public debt in light of the economic consequences of the September 11th terrorist attacks on the World Trade Center which have led New York State to approve the largest gambling package in its history, which includes six casinos, three of which will be ninety minutes away from Manhattan in the Catskills, and video slot machines at numerous racetracks, including Aqueduct in New York City and Yonkers. THCR intends to pay interest upon the completion of a successful negotiation.

Pursuant to each of the indentures governing the aforementioned debt issues, a default in the payment of interest when due and payable and which continues for 30 calendar days (the "Cure Period") constitutes an "Event of Default" under which the trustee or the holders of 25% of the aggregate principal amount of the respective debt issue then outstanding, by notice in writing to the respective issuers, may, and the trustee at the request of such holders shall, declare all principal and accrued interest of such debt issue to be due and payable immediately. Notwithstanding, the issuers may prevent the aforementioned Event of Default by paying the defaulted interest before the expiration of the Cure Period.

The ability of THCR to repay its current and long-term debt when due will depend on the ability of Plaza Associates, Taj Associates, Castle Associates and Trump Indiana to generate cash from operations sufficient for such purposes or on the ability of THCR to refinance such indebtedness. Cash flow from operations may not be sufficient to repay a substantial portion of the principal amount of the indebtedness upon maturity, especially in light of New York State's recent approval of the largest gambling package in the State's history as a consequence of the September 11, 2001 terrorist attacks on the World Trade Center and the subsequent effects on New York's then already softening economy. The future operating performance and the ability to refinance such indebtedness will be subject to the then prevailing economic conditions, industry conditions and numerous other financial, business and other factors, many of which are unforeseeable and/or beyond the control of THCR. There can be no assurance that the future operating performance of Plaza Associates, Taj Associates, Castle Associates or Trump Indiana will be sufficient to meet these repayment obligations or that the general state of the economy, the status of the capital markets generally, or the receptiveness of the capital markets to the gaming industry will be conducive to refinancing or other attempts to raise capital on favorable terms, or at all.

(8) Subsequent Events (continued)

THCR Management Services, LLC, ("THCR Management") an unrestricted subsidiary of THCR Holdings, has entered into a management agreement with the Twenty-Nine Palms Band of Mission Indians, a federally recognized Native American tribe (the "Tribe"), which, subject to the approval of the National Indian Gaming Commission, provides that THCR Management will manage and direct all business and affairs in connection with the day-to-day operation, management and maintenance of the Tribe's expanded and renovated casino located in the Palm Springs, California resort area. The construction and renovation of the Tribe's casino is currently in progress and is anticipated to be completed in the second quarter of 2002. To enable the Tribe to complete the construction, THCR Management agreed to act as a participant in the Tribe's construction loan and to provide to the Tribe a portion of the financing for the project. THCR Management has entered into a loan agreement with various lenders, whereby the lenders have agreed to loan up to \$18,800,000 to THCR Management which will, in turn, use the net proceeds to fund its participation in the Tribe's construction loan. THCR Management's financing from the lenders bears interest at the rate of 9% per annum and matures in November 2006. The financing is secured by (i) a pledge of the promissory note from the Tribe, (ii) a pledge of management fees and (iii) a limited guaranty of Trump. The Tribe's construction financing bears interest at the prime rate plus 1%, and matures in August 2007. THCR Holdings, through its subsidiary THCR Enterprises, has agreed to indemnify Trump against any losses incurred by Trump in connection with such guaranty. The indemnity obligation of THCR Enterprises is secured by a pledge of certain securities held by THCR Enterprises. In November 2001, \$11,000,000 of the \$18,800,000 was drawn down by THCR Management.

ITEM 2--MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Capital Resources and Liquidity

Cash flows from operating activities are THCR's principal source of liquidity. Although THCR and its subsidiaries anticipate having sufficient liquidity to meet their obligations during 2001, management cannot make any assurances regarding THCR's and its subsidiaries' ability to make future payments in light of the economic consequences of the September 11th terrorist attacks on the World Trade Center which have led New York State to approve the largest gambling package in its history, which includes six casinos, three of which will be ninety minutes away from Manhattan in the Catskills, and video slot machines at numerous racetracks, including Aqueduct in New York City and Yonkers. Cash flow is managed based upon the seasonality of the operations. Any excess cash flow achieved from operations during peak periods is utilized to subsidize non-peak periods when necessary.

On October 31, 2001, THCR announced that it is seeking to negotiate the terms of the public debt and is withholding interest payments thereon until such

time as discussions between THCR and the bondholders have been finalized. The following debt issues of THCR and/or its subsidiaries are affected: (i) THCR Holdings and THCR Funding 15-1/2% Senior Secured Notes due 2005, having a semi-annual interest payment due on December 15, 2001; (ii) each of Trump AC and (A) Trump Atlantic City Funding, Inc., (B) Trump Atlantic City Funding II, Inc. and (C) Trump Atlantic City Funding III, Inc. 11-1/4% Mortgage Notes due 2006, having an aggregate semi-annual interest payment of \$73,125,000 which was due on November 1, 2001; (iii) Castle Associates and Castle Funding 10-1/4% Senior Notes due 2003, having a semi-annual interest payment of approximately \$3,178,000 which was due on October 31, 2001; (iv) Castle Associates and Castle Funding 11-3/4% Mortgage Notes due 2003, having a semi-annual interest payment of approximately \$14,226,000 due on November 15, 2001 and (v) Castle Associates and TCHI 10-1/4% Senior Notes due 2003 (referred to as the "Working Capital Loan"), having a semi-annual interest payment of approximately \$256,000 which was due on October 31, 2001. These interest amounts have been included in current liabilities as of September 30, 2001. THCR is seeking to negotiate the terms of the public debt in light of the economic consequences of the September 11th terrorist attacks on the World Trade Center which have led New York State to approve the largest gambling package in its history. THCR intends to pay interest upon the completion of a successful negotiation.

Pursuant to each of the indentures governing the aforementioned debt issues, a default in the payment of interest when due and payable and which continues for 30 calendar days (the "Cure Period") constitutes an "Event of Default" under which the trustee or the holders of 25% of the aggregate principal amount of the respective debt issue then outstanding, by notice in writing to the respective issuers, may, and the trustee at the request of such holders shall, declare all principal and accrued interest of such debt issue to be due and payable immediately. Notwithstanding, the issuers may prevent the aforementioned Event of Default by paying the defaulted interest before the expiration of the Cure Period.

Capital expenditures for THCR were \$25,358,000 and \$10,860,000 for the nine months ended September 30, 2000 and 2001, respectively.

THCR Management has entered into a management agreement with the Twenty-Nine Palms Band of Mission Indians Tribe, which, subject to the approval of the National Indian Gaming Commission, provides that THCR Management will manage and direct all business and affairs in connection with the day-to-day operation, management and maintenance of the Tribe's expanded and renovated casino located in the Palm Springs, California resort area. Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

The indenture governing the Senior Notes (the "Senior Note Indenture") restricts the ability of THCR Holdings and its subsidiaries to make distributions to partners or pay dividends, as the case may be, unless certain financial ratios are achieved. Further, given the rapidly changing competitive environment, THCR's future operating results are uncertain and could fluctuate significantly.

The indentures of Trump AC and Castle Associates restrict their ability to make distributions to THCR Holdings. The loan agreement with Trump Indiana's bank group limits its ability to make distribution to THCR Holdings. Therefore, the ability of THCR Holdings to service its debt is dependent on other future operations and the permitted distributions from Trump AC, Castle Associates and Trump Indiana.

The ability of THCR to repay its current and long-term debt when due will depend on the ability of Plaza Associates, Taj Associates, Castle Associates and Trump Indiana to generate cash from operations sufficient for such purposes or on the ability of THCR to refinance such indebtedness. Cash flow from operations may not be sufficient to repay a substantial portion of the principal amount of the indebtedness upon maturity, especially in light of New York State's recent approval of the largest gambling package in the State's history as a consequence of the September 11, 2001 terrorist attacks on the World Trade Center and the subsequent effects on New York's then already softening economy. The future operating performance and the ability to refinance such indebtedness will be subject to the then prevailing economic conditions, industry conditions and numerous other financial, business and other factors, many of which are unforeseeable and/or beyond the control of THCR. There can be no assurance that the future operating performance of Plaza Associates, Taj Associates, Castle Associates or Trump Indiana will be sufficient to meet these repayment obligations or that the general state of the economy, the status of the capital markets generally, or the receptiveness of the capital markets to the gaming industry will be conducive to refinancing or other attempts to raise capital on favorable terms, or at all.

In addition, the ability of (i) Plaza Associates and Taj Associates (through Trump AC) and (ii) Castle Associates to make payments of dividends or distributions to THCR Holdings may be restricted by the rules and regulations promulgated by the New Jersey Casino Control Commission. Similarly, the ability of Trump Indiana to make payments of dividends or distributions to THCR Holdings may be restricted by the rules and regulations promulgated by the Indiana Gaming Commission.

Gaming revenues are the primary source of THCR's revenues. Table games revenues represent the amount retained by THCR from amounts wagered at table games (table game drop). The table win percentage tends to be fairly constant over the long term, but may vary significantly in the short term, due to large wagers by "high rollers". The Atlantic City industry table win percentages were 15.1% and 16.1% for the three months ended September 30, 2000 and 2001, respectively.

Table games revenues decreased \$12.5 million or 11.2% to \$98.8 million for the three months ended September 30, 2001 from \$111.3 million in the comparable period in 2000. Decreased table drop at all four properties primarily contributed to the decrease in revenues. Trump Taj Mahal Casino Resort (the "Taj Mahal"), the Trump Plaza Hotel and Casino ("Trump Plaza") and Trump Indiana had increased win percentages in 2001 which primarily offset their respective decreases in table drop. Trump Marina's decrease is due to declines in both table drop and win percentage. Slot revenue decreased \$1.9 million or 0.8% to \$238.0 million for the three months ended September 30, 2001 from \$239.9 million in the comparable period in 2000.

Promotional allowances decreased \$6.9 million or 12.6% to \$47.9 million and gaming expenses decreased \$9.1 million or 4.5% to \$192.7 million for the three months ended September 30, 2001 from the comparable period in 2000, primarily due to reduced gaming revenues at the Atlantic City properties.

General and administrative expenses were \$66.3 million for the three months ended September 30, 2001, a \$4.3 million or 6.1% decrease from \$70.6 million in the comparable period in 2000. The decrease is primarily attributed to reductions in entertainment and regulatory expenses at the Taj Mahal, insurance and advertising expenses at Trump Plaza and approximately \$0.9 million in corporate overhead.

Results of Operations: Operating Revenues and Expenses

All business activities of THCR and THCR Holdings are conducted by Plaza Associates, Taj Associates, Castle Associates (d/b/a Trump Marina) and Trump Indiana.

lower table win.

Slot revenues increased \$6.8 million or 1.0% to \$661.0 million for the nine months ended September 30, 2001 from \$654.2 million in the comparable period in 2000. Increased slot handle of \$149.1 million at the three Atlantic City casinos, due to innovative marketing initiatives and sustained programs designed specifically for the slot player, primarily contributed to the increase in revenues. Trump Indiana's slot revenues in 2001 increased \$3.2 million or 4.5% from the comparable period in 2000 due to a 0.7% increase in hold percentage, which totally offset a \$66.7 million or 6.0% decrease in slot handle from the comparable period in 2000.

19

Promotional allowances decreased \$8.9 million or 6.5% to \$128.1 million for the nine months ended September 30, 2001 from the comparable period in 2000, primarily due to decreased cash complimentaries at the Taj Mahal associated with decreased table game revenues.

General and administrative expenses were \$198.1 million for the nine months ended September 30, 2001, a \$13.2 million or 6.2% decrease from \$211.3 million in the comparable period in 2000. The decrease is primarily attributed to reductions in insurance, litigation and entertainment expenses at the Taj Mahal; entertainment, insurance and advertising costs at Trump Plaza and a \$5.1 million decrease in corporate expenses. The decrease in corporate general and administrative expenses is due to the downsizing of the New York corporate office and an aircraft lease termination in 2000, as well as decreased legal and lobbying costs in 2001.

During 2000, THCR Enterprises purchased an aggregate principal amount of \$35.5 million of the Senior Notes, in consideration for an aggregate purchase price of \$19.0 million, plus accrued and unpaid interest. The decrease in interest expense is primarily due to the elimination of interest expense associated with these notes.

Seasonality

The casino industry in Atlantic City and Indiana is seasonal in nature. Accordingly, the results of operations for the period ending September 30, 2001 are not necessarily indicative of the operating results for a full year.

Important Factors Relating to Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements so long as those statements are identified as forward-looking and are accompanied by meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those projected in such statements. All statements, trend analysis and other information contained in this Quarterly Report on Form 10-Q relative to THCR's performance, trends in THCR's operations or financial results, plans, expectations, estimates and beliefs, as well as other statements including words such as "anticipate," "believe," "plan," "estimate," "expect," "intend" and other similar expressions, constitute forward-looking statements under the Private Securities Litigation Reform Act of 1995. In connection with certain forward-looking statements contained in this Quarterly Report on Form 10-Q and those that may be made in the future by or on behalf of the Registrants, the Registrants note that there are various factors that could

cause actual results to differ materially from those set forth in any such forward-looking statements. The forward-looking statements contained in this Quarterly Report were prepared by management and are qualified by, and subject to, significant business, economic, competitive, regulatory and other uncertainties and contingencies, including the duration and severity of the current economic downturn in the United States and the aftermath of the September 11, 2001 terrorist attacks on New York, all of which are difficult or impossible to predict and many of which are beyond the control of the Registrants. Accordingly, there can be no assurance that the forward-looking statements contained in this Quarterly Report will be realized or that actual results will not be significantly higher or lower. Readers of this Quarterly Report should consider these facts in evaluating the information contained herein. In addition, the business and operations of the Registrants are subject to substantial risks which increase the uncertainty inherent in the forward-looking statements contained in this Quarterly Report. The inclusion of the forward-looking statements contained in this Quarterly Report should not be regarded as a representation by the Registrants or any other person that the forward-looking statements contained in the Quarterly Report will be achieved. In light of the foregoing, readers of this Quarterly Report are cautioned not to place undue reliance on the forward-looking statements contained herein.

ITEM 3-- QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Management has reviewed the disclosure requirements for Item 3 and, based upon THCR, THCR Funding and THCR Holdings' current capital structure, scope of operations and financial statement structure, management believes that such disclosure is not warranted at this time. Since conditions may change, THCR, THCR Holdings and THCR Funding will periodically review their compliance with this disclosure requirement to the extent applicable.

PART II -- OTHER INFORMATION

ITEM 1 -- LEGAL PROCEEDINGS

Metelman Action; Settlement Agreement Approved by the Court. As previously reported, on or about March 20, 2000, Mark Metelman, a stockholder of THCR, filed a class action suit in the Superior Court of New Jersey, Chancery Division, Atlantic County (Civil Action No. Atl-C43-00) against THCR and each member of the Board of Directors of THCR, claiming that a third party made an offer to purchase THCR, and that one or more members of the Board of Directors wrongly failed to consider the supposed offer. On October 12, 2000, after the Court dismissed the complaint upon a motion by the defendants, the plaintiff refiled the complaint as a stockholder derivative action.

On August 17, 2001, the Court approved a settlement agreement between the parties. No stockholders objected to the terms of the proposed offer. Pursuant to the settlement agreement, THCR has agreed that any future offers to purchase THCR will be initially reviewed by a Special Committee consisting of independent directors not affiliated with Trump. The Special Committee may engage and/or consult with outside financial and legal advisors as it deems necessary and will make recommendations to the THCR Board of Directors concerning any such offers. Where either the Board of Directors or the Special Committee deems an offer to be substantial, the settlement requires THCR to advise THCR stockholders in a timely fashion. However, the Board of Directors will have ultimate decision making authority as to the response of THCR to any such offers.

Castle Acquisition; Proposed Settlement. As previously reported, on October 16, 1996, stockholders of THCR filed derivative actions in the United States District Court, Southern District of New York (96 Civ. 7820), which were subsequently consolidated, against each member of the Board of Directors of THCR; THCR Holdings; Castle Associates; Trump's Castle Hotel & Casino, Inc, a New Jersey corporation and the general partner of Castle Associates ("TCHI"); Trump Casinos, Inc., a New Jersey corporation wholly-owned by Trump ("TCI"); Trump Casinos II, Inc., a Delaware corporation wholly owned by Trump ("TCI-II") and Salomon Brothers, Inc. ("Salomon"). As set forth more fully in the plaintiffs' Fourth Amended Shareholders' Derivative Complaint, the plaintiffs claimed that certain of the defendants breached their fiduciary duties (or aided or abetted such breaches) and engaged in wasteful and ultra vires acts in connection with THCR's and THCR Holdings' acquisition of Castle Associates in October 1996 (the "Castle Acquisition"), and that Salomon was negligent in the issuance of its fairness opinion with respect to the Castle Acquisition. The plaintiffs also alleged that various parties committed violations of the federal securities laws for alleged omissions and misrepresentations in THCR's proxies, and that Trump, TCI-II and TCHI breached the acquisition agreement by supplying THCR with untrue information for inclusion in the proxy statement delivered to THCR's stockholders in connection with the Castle Acquisition. The plaintiffs sought removal of the directors of THCR, and an injunction, rescission and damages.

In September 2001, without admitting any wrongdoing or liability, the parties entered into a stipulation of settlement (the "Stipulation"), subject to the Court's approval. The Court has scheduled a hearing for December 10, 2001 to determine the fairness and adequacy of the proposed settlement. Pursuant to the Stipulation, THCR sent to its stockholders on or about October 29, 2001, a notice of pendency therein outlining the terms of the proposed settlement, including such stockholders' right to object in writing to the proposed settlement and to appear at the settlement hearing.

General. THCR and certain of its employees have been involved in various legal proceedings. Such persons are vigorously defending the allegations against them and intend to contest vigorously any future proceedings. In general, THCR has agreed to indemnify such persons against any and all losses, claims, damages, expenses (including reasonable costs, disbursements and counsel fees) and liabilities (including amounts paid or incurred in satisfaction of settlements, judgments, fines and penalties) incurred by them in said legal proceedings.

Various other legal proceedings are now pending against THCR. Except as set forth herein and in THCR's Annual Report on Form 10-K for the year ended December 31, 2000, THCR considers all such proceedings to be ordinary litigation incident to the character of its business and not material to its business or financial condition. THCR believes that the resolution of these claims, to the extent not covered by insurance, will not, individually or in the aggregate, have a material adverse effect on its financial condition or results of operations of THCR.

From time to time, Plaza Associates, Taj Associates, Castle Associates and Trump Indiana may be involved in routine administrative proceedings involving alleged violations of certain provisions of the New Jersey Casino Control Act (the "Casino Control Act") and the Indiana Riverboat Gambling Act,

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

(the "Indiana Riverboat Act"), as the case may be. However, management believes that the final outcome of these proceedings will not, either individually or in the aggregate, have a material adverse effect on THCR or on the ability of Plaza Associates, Taj Associates, Castle Associates or Trump Indiana to otherwise retain or renew any casino or other licenses required under the Casino Control Act or the Indiana Riverboat Act, as the case may be, for the operation of Trump Plaza, the Taj Mahal, Trump Marina and the Trump Indiana Riverboat, respectively.

Subsequent Events. On October 31, 2001, THCR and THCR Holdings issued a press release and filed a Current Report on Form 8-K with the SEC, attaching a copy of the press release as an exhibit thereto, announcing therein that THCR is seeking to negotiate the terms of the public debt and is withholding interest payments thereon until such time as discussions between THCR and the bondholders have been finalized. The following debt issues of THCR and/or its subsidiaries are affected: (i) THCR Holdings and THCR Funding 15-1/2% Senior Secured Notes due 2005, having a semi-annual interest payment due on December 15, 2001; (ii) each of Trump AC and (A) Trump Atlantic City Funding, Inc., (B) Trump Atlantic City Funding II, Inc. and (C) Trump Atlantic City Funding III, Inc. 11-1/4% Mortgage Notes due 2006, having an aggregate semi-annual interest payment of \$73,125,000 which was due on November 1, 2001; (iii) Castle Associates and Castle Funding 10-1/4% Senior Notes due 2003, having a semi-annual interest payment of approximately \$3,178,000 which was due on October 31, 2001; (iv) Castle Associates and Castle Funding 11-3/4% Mortgage Notes due 2003, having a semi-annual interest payment of approximately \$14,226,000 due on November 15, 2001 and (v) Castle Associates and TCHI 10-1/4% Senior Notes due 2003 (referred to as the "Working Capital Loan"), having a semi-annual interest payment of approximately \$256,000 which was due on October 31, 2001. These interest amounts have been included in current liabilities at September 30, 2001. THCR is seeking to negotiate the terms of the public debt in light of the economic consequences of the September 11th terrorist attacks on the World Trade Center which have led New York State to approve the largest gambling package in its history, which includes six casinos, three of which will be ninety minutes away from Manhattan in the Catskills, and video slot machines at numerous racetracks, including Aqueduct in New York City and Yonkers. THCR intends to pay interest upon the completion of a successful negotiation.

Pursuant to each of the indentures governing the aforementioned debt issues, a default in the payment of interest when due and payable and which continues for 30 calendar days (the "Cure Period") constitutes an "Event of Default" under which the trustee or the holders of 25% of the aggregate principal amount of the respective debt issue then outstanding, by notice in writing to the respective issuers, may, and the trustee at the request of such holders shall, declare all principal and accrued interest of such debt issue to be due and payable immediately. Notwithstanding, the issuers may prevent the aforementioned Event of Default by paying the defaulted interest before the expiration of the Cure Period.

THCR Management has entered into a management agreement with the Twenty-Nine Palms Band of Mission Indians Tribe, which, subject to the approval of the National Indian Gaming Commission, provides that THCR Management will

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

manage and direct all business and affairs in connection with the day-to-day operation, management and maintenance of the Tribe's expanded and renovated casino located in the Palm Springs, California resort area. The construction and renovation of the Tribe's casino is currently in progress and is anticipated to be completed in the second quarter of 2002. To enable the Tribe to complete the construction, THCR Management agreed to act as a participant in the Tribe's construction loan and to provide to the Tribe a portion of the financing for the project. THCR Management has entered into a loan agreement with various lenders, whereby the lenders have agreed to loan up to \$18,800,000 to THCR Management which will, in turn, use the net proceeds to fund its participation in the

22

Tribe's construction loan. THCR Management's financing from the lenders bears interest at the rate of 9% per annum and matures in November 2006. The financing is secured by (i) a pledge of the promissory note from the Tribe, (ii) a pledge of management fees and (iii) a limited guaranty of Trump. The Tribe's construction financing bears interest at the prime rate plus 1%, and matures in August 2007. THCR Holdings, through its subsidiary THCR Enterprises, has agreed to indemnify Trump against any losses incurred by Trump in connection with such guaranty. The indemnity obligation of THCR Enterprises is secured by a pledge of certain securities held by THCR Enterprises. In November 2001, \$11,000,000 of the \$18,800,000 was drawn down by THCR Management.
