**NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Note 1: Financial Statement Presentation**

The accompanying unaudited consolidated financial statements have been prepared by New Plan Excel Realty Trust, Inc. (the Company) pursuant to the rules of the Securities and Exchange Commission (SEC) and, in the opinion of the Company, include all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of financial position, results of operations and cash flows in accordance with accounting principles generally accepted in the United States. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such SEC rules. The Company believes that the disclosures made are adequate to make the information presented not misleading. The consolidated statements of income for the three months and nine months ended September 30, 2001 and 2000 are not necessarily indicative of the results expected for the full year. These financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Company's latest annual report on Form 10-K.

As a result of the discontinued operations, resulting from the sale of the Company's garden apartment communities, the principal business of the Company and its consolidated affiliates is the ownership, development and operation of retail shopping centers. The Company does not distinguish or group its operations on a geographical basis for purposes of measuring performance. Accordingly, the Company believes it has a single reportable segment for disclosure purposes in accordance with generally accepted accounting principles. Further, all operations are within the United States and no tenant comprises more than 10% of revenues.

**Note 2: Accounting Change**

Effective January 1, 2001, the Company adopted SFAS 133/138 Accounting for Derivative Instruments and Hedging Activities (SFAS 133). This accounting standard requires the Company to measure derivatives, including certain derivatives embedded in other contracts, at fair value and to recognize them in the Consolidated Balance Sheet as an asset or liability, depending on the Company's rights or obligations under the applicable derivative contract. For derivatives designated as fair value hedges, the changes in the fair value of both the derivative instrument and the hedged item are recorded in earnings. For derivatives designated as cash flow hedges, the effective portions of changes in fair value of the derivative are reported in other comprehensive income (OCI) and are subsequently reclassified into earnings when the hedged item affects earnings. Changes in fair value of derivative instruments not designated as hedging instruments and ineffective portions of hedges are recognized in earnings in the current period.

The Company uses only qualifying hedges that are designated specifically to reduce exposure to interest rate risk by locking in the expected future cash payments on certain liabilities. This is accomplished using an interest rate swap, which has been designated as a cash flow hedge. At September 30, 2001, the Company's derivative instrument consisted of a two year interest rate swap agreement of \$75 million, which effectively fixes the annual interest rate of the Company's variable rate debt under the Company's credit facilities at a base rate of 6.67% plus applicable spread. As a result of the third quarter sale of our garden apartment communities (as described in note 3), the Company's derivative instrument was reduced from \$125 million to \$75 million.

The adoption of SFAS 133 as of January 1, 2001 resulted in a cumulative transition adjustment of \$2.2 million to OCI and a corresponding liability of the same amount. The Company expected to reclassify as a charge to earnings during the twelve months following the adoption, a majority of the transition adjustment that was recorded in accumulated OCI.

For the nine months ended September 30, 2001, the critical terms of the interest rate swap and the variable rate debt were the same, so no ineffectiveness was recorded in the consolidated financial statements. All components of the interest rate swap were included in the assessment of hedge effectiveness. The change in fair market value of the interest rate swap was \$1.3 million and was recorded in OCI. As of September 30, 2001, the Company expects to reclassify the remaining losses accumulated in OCI to earnings during the next twelve months.

## NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**Note 3: Discontinued Operations**

On September 21, 2001, pursuant to an agreement dated May 11, 2001, the Company and a private investor group comprised of Houlihan-Parnes Realtors, LLC and C.L.K. Management Corp. ( Houlihan/C.L.K. ) consummated the sale by the Company of its garden apartment community portfolio (excluding one apartment community which was under contract to be sold separately to a third party) to Houlihan/C.L.K. The one remaining apartment community (The Club Apartments) was sold to the Homewood City Board of Education of Homewood, Alabama on September 28, 2001.

As consideration for the entire portfolio, the Company received gross proceeds of approximately \$380 million. In connection with the garden apartment community portfolio transaction, the Company provided a letter of credit in the amount of approximately \$31 million which has a term of three years (subject to the right of Houlihan/C.L.K. to terminate or reduce the amount thereof after 18 months or, alternatively, to extend the term for one additional year) and for which the Company will receive a fee while it remains outstanding.

The Company has allocated interest to its discontinued operations in accordance with EITF 87-24. Such interest includes (i) garden apartment portfolio mortgage interest for all periods and (ii) interest on a \$50 million portion of the credit facilities subsequent to October 1, 2000, when an interest rate swap was entered into in contemplation of a possible sale of the portfolio.

After costs associated with the disposition of the garden apartment community portfolio, the gain on sale was \$18.5 million. Approximately \$1.5 million of the gain has been recognized currently, with the balance to be recognized as a function of the reduction of the Company's exposure under the letter of credit. The deferred gain of \$17 million, net of other liabilities of \$6.5 million assumed by the buyer, is included in other liabilities in the consolidated balance sheet.

Included in the Consolidated Statement of Income are the discontinued operations of garden apartment communities which are summarized as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2001	2000	2001	2000
Rental revenue:	\$17,534	\$19,101	\$56,063	\$57,186
Operating costs	8,061	8,579	25,063	25,568
Real estate and other taxes	1,217	1,660	4,039	4,832
Interest expense	1,366	892	4,899	2,690
Depreciation and amortization	3,034	2,298	7,947	6,790

Income from discontinued operations of garden apartments	3,615	5,545	13,679	16,955
Gain on sales of discontinued operations	1,500		1,500	
Net income from discontinued operations of garden apartments	\$ 5,115	\$ 5,545	\$15,179	\$16,955

## NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**Note 3: Discontinued Operations, Continued**

Included in the December 31, 2000 Consolidated Balance Sheet are net assets of the discontinued operations of garden apartment communities which include:

Assets	December 31, 2000
	<hr/>
Land	\$ 68,638
Buildings and improvements	321,007
Less: accumulated depreciation and amortization	(42,866)
	<hr/>
Assets in discontinued operations	\$ 346,779
	<hr/>

**Note 4: ERT Development Corporation**

In 1995, ERT Development Corporation ( ERT ) was organized to finance, acquire, develop, hold and sell real estate in the short-term for capital gains and/or to receive fee income. Until July 1, 2001, the Company owned 100% of the outstanding preferred shares of ERT and an officer and director of the Company owned all the common shares. As of July 1, 2001, the Company purchased all of the common shares of ERT, and ERT is now a wholly owned subsidiary of the Company. Cash requirements to facilitate ERT's transactions have primarily been obtained through borrowings from the Company. In 2001, ERT elected to become a taxable REIT subsidiary of the Company under the tax rules applicable to REITs.

Investment in and loans to ERT by the Company are comprised of the following (in thousands):

	December 31, 2000
	<hr/>
Investment	(\$13,641)
Uncollateralized loans and accounts receivable	69,393
Collateralized loans receivable	85,724
Accrued interest	28,528
	<hr/>
	\$ 170,004
	<hr/>

Interest and principal payments from ERT to the Company are primarily received upon the completion of development projects. Interest receivable from ERT was \$28.5 million at December 31, 2000. Interest income recognized by the Company was \$4.6 million for the three months ended September 30, 2000 and \$13.9 million for the nine months ended September 30, 2000.

The equity in the losses of ERT recorded by the Company was (\$14.4) million for the nine months ended September 30, 2000 and (\$5.1) million for the three months ended September 30, 2000.

## Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form 10-Q

The ERT condensed statement of income for the nine months ended September 30, 2001 only reflects six months of revenues and expenses. Effective July 1, 2001, ERT has been consolidated with the Company.

**NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Note 4: ERT Development Corporation, Continued**

Pointe Orlando Development Company, a wholly owned subsidiary of ERT, had outstanding construction and land loans totaling \$78.5 million at December 31, 2000, of which \$15 million was guaranteed by the Company. ERT also has an investment in joint venture partnerships related to a retail development project in Frisco, Texas (The Centre at Preston Ridge). The Centre at Preston Ridge has a construction loan which had an outstanding balance of \$51.6 million at December 31, 2000, of which \$11 million is guaranteed by the Company. The Centre at Preston Ridge also has a land loan which had an outstanding balance of \$22.7 million at December 31, 2000, all of which was guaranteed by the Company.

On October 2, 2000, ERT acquired ownership of two properties, Annie Land Plaza and New Market Shopping Center, from Wilton Partners, in exchange for notes and interest receivable due to ERT. In connection with the acquisition, ERT assumed mortgages on the properties in the approximate amounts of \$2.4 million for Annie Land Plaza and \$2.8 million for New Market Shopping Center. The Company guaranteed 100% of Annie Land Plaza's outstanding mortgage balance which totaled approximately \$2.4 million at December 31, 2000. The Company also guaranteed 25% of New Market Shopping Center's outstanding mortgage balance which totaled \$0.7 million at December 31, 2000. In July 2001, both Annie Land Plaza and New Market Shopping Center were sold and the outstanding mortgage indebtedness was repaid. As a result of the sale, all loan guarantees were cancelled.

On January 11, 2001, ERT acquired Stein Mart Center, a 112,400 square foot shopping center located in Poway, California, from Wilton Partners, one of its joint venture partners, in consideration for \$4.9 million of notes receivable and accrued interest due to ERT.

On May 18, 2001, The Ellman Companies repaid to ERT approximately \$18.9 million of outstanding note receivables and accrued interest on Mesa Pavilions and The Groves. Approximately \$2.1 million of the proceeds consist of a note receivable secured by certain interests in the Superior Towne Center, a Company joint venture.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**Note 5: Pro Forma Financial Information**

The following pro forma financial information for the nine months ended September 30, 2001 and 2000 is presented as if the acquisition of 100% of the common stock in ERT had been owned on January 1, 2001 and 2000. In management's opinion, all adjustments necessary to reflect the effects of this transaction have been made.

This pro forma financial information is not necessarily indicative of what the actual results of operations of the Company would have been assuming such transactions had been completed as of January 1, 2001 and 2000, nor do they represent the results of operations of future periods.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2001	2000	2001	2000
Rental revenues	\$ 83,934	\$ 86,211	\$ 260,584	\$ 260,016
Expenses	(60,555)	(64,558)	(193,402)	(198,334)
Other income and expenses	(5,433)	5,035	(4,316)	16,316
Income from continuing operations	\$ 17,946	\$ 26,688	\$ 62,866	\$ 77,998

**Note 6: Other Investments**

The Company's other investments represent a direct equity investment in Vail Ranch II and The Centre at Preston Ridge joint venture projects. The Company accounts for these investments using the equity method. For the three months ended September 30, 2001, the equity of these investments recorded by the Company was \$44,000. The Company's investment in these joint venture projects at September 30, 2001 was \$3.1 million.

The Centre at Preston Ridge has a construction loan which had an outstanding balance of \$57.5 million at September 30, 2001, of which \$11 million is guaranteed by the Company. The Centre at Preston Ridge also has a land loan which had an outstanding balance of \$17.5 million at September 30, 2001, all of which is guaranteed by the Company.

**Note 7: Statement of Cash Flows Supplemental Disclosure**

The amounts paid for interest for the nine months ended September 30, 2001 and 2000 were \$62.8 million and \$69.4 million, respectively. State and local income taxes paid for the nine months ended September 30, 2001 and 2000 were \$0.2 million and \$0.8 million, respectively.

As of July 1, 2001, the Company purchased all of the common shares of ERT, and ERT is now a wholly owned subsidiary of the Company. As a result, the net real estate assets acquired in connection with the ERT purchase was \$190.4 million. Additional assets assumed, excluding cash, was \$64.9 million. Total mortgages payable assumed by the Company at July 1, 2001 was \$83.6 million and additional liabilities totaling \$3.4 million.

**NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Note 9: Real Estate Held For Sale**

On a periodic basis, management assesses whether there are any indicators that the value of the real estate properties may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property are less than the carrying value of the property. To the extent impairment has occurred, the loss will be measured as the excess of the carrying amount of the property over the fair value of the property.

When assets are identified by management as held for sale, the Company discontinues depreciating the assets and estimates the sales price, net of selling costs, of such assets. If, in management's opinion, the net sales price of the assets which have been identified for sale is less than the net book value of the assets, a valuation allowance is established. For investments accounted for under the equity method, a loss is recognized if the loss in value of the investment is other than temporary.

As of September 30, 2001, 11 single tenant properties, seven retail properties and one miscellaneous property were classified as Real estate held for sale. These properties are located in 12 states and have an aggregate gross leasable area of 932,000 square feet. The estimated fair market value of the properties held for sale is less than their book value, resulting in an impairment loss of \$8.8 million recorded in the quarter ended September 30, 2001. These properties contributed \$1.7 million in revenue and \$1.1 million in net income for the three months ended September 30, 2001, and \$4.8 million in revenue and \$3.3 million in net income for the nine months ended September 30, 2001.

**Note 10: Environmental Matters**

Under various federal, state and local laws, ordinances and regulations, the Company may be considered an owner or operator of real property or may have arranged for the disposal or treatment of hazardous or toxic substances and, therefore, may become liable for the costs of removal or remediation of certain hazardous substances released on or in its property or disposed of by it, as well as certain other potential costs which could relate to hazardous or toxic substances (including governmental fines and injuries to persons and property). Such liability may be imposed whether or not the Company knew of, or was responsible for, the presence of such hazardous or toxic substances. Except as discussed below, the Company is not aware of any significant environmental condition at any of its properties.

Soil and groundwater contamination exists at certain of the Company's properties. The primary contaminants of concern at these properties include perchloroethylene and trichloroethylene (associated with the operations of on-site dry cleaners) and petroleum hydrocarbons (associated with the operations of on-site gasoline facilities). The Company currently estimates that the total remaining cost of remediation of environmental conditions for these properties will be in the range of approximately \$1 million to \$3 million, although there can be no assurance that this range of estimates will prove accurate. In connection with certain of these properties, the Company has entered into remediation and indemnity agreements, which obligate the prior owners of certain of the properties (including in some cases, principals of the prior owners) to perform the remediation and to indemnify the Company for any losses the Company may suffer because of the contamination or remediation. There can be no assurance that the remediation estimates of the Company will prove accurate or that the prior owners will perform their obligations under these agreements, although in certain cases funds have been set aside with respect to the performance under these agreements. In connection with certain other properties, the former tenants at the properties are in the process of performing the necessary remediation, although there can be no assurance that such remediation will be satisfactory. In connection with certain additional properties, the Company has assumed the obligation to perform the necessary remediation in connection with the Company's purchase of the properties. In addition to the environmental conditions discussed above, asbestos minerals (associated with spray applied fireproofing materials) exist at certain of the Company's properties. The Company currently estimates that the total cost of abatement of asbestos minerals at these properties would be approximately \$3.2 million, although there can

NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**Note 10: Environmental Matters, Continued**

be no assurance that this estimate will prove accurate. The Company does not expect the environmental conditions at its properties, considered as a whole, to have a material adverse effect on the Company. Included in other liabilities in the Company's Consolidated Balance Sheet at September 30, 2001 is \$3.2 million related to the clean-up of certain asbestos minerals.

**Note 11: Non-Recurring Charge**

In connection with the retirement or resignation of certain officers, the non-recurring charge shown for the nine months ended September 30, 2000 is primarily the lump sum payments provided for in their respective retirement and resignation agreements.

**Note 12: Recently Issued Accounting Standards**

In June 2001, FASB issued Statement 141, *Business Combination* (FAS 141). This Statement addresses financial accounting and reporting for business combinations and supersedes APB Opinion No. 16, *Business Combinations*, and FASB Statement No. 38, *Accounting for Preacquisition Contingencies of Purchased Enterprises*. All business combinations in the scope of this Statement are to be accounted for using one method, the purchase method. This statement is effective June 30, 2001. The Company does not expect the impact of the adoption of this statement to be material.

In June 2001, FASB issued Statement 142, *Goodwill and Other Intangible Assets* (FAS 142). This Statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17, *Intangible Assets*. It addresses how intangible assets that are acquired individually or with a group of other assets (but not those acquired in a business combination) should be accounted for in financial statements upon their acquisition. This Statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. This statement is effective for fiscal year beginning after December 15, 2001. The Company does not expect the impact of the adoption of this statement to be material.

In October 2001, FASB issued Statement 144, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of* (FAS 144). This statement addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of. This Statement supersedes FASB Statement No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of*. However, this Statement retains the fundamental provisions of Statement 121 for (a) recognition and measurement of the impairment of long-lived assets to be held and used and (b) measurement of long-lived assets to be disposed of by sale. This Statement also supersedes the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions*, for segments of a business to be disposed of. However, this Statement retains the requirement of Opinion 30 to report discontinued operations separately from continuing operations and extends that reporting to a component of an entity that either has been disposed of (by sale, by abandonment, or in a distribution to owners) or is classified as held for sale. This Statement also amends ARB No. 51, *Consolidated Financial Statements*, to eliminate the exception to consolidation for a temporarily controlled subsidiary. This statement is effective for fiscal year beginning after December 15, 2001. The Company does not expect the impact of the adoption of this statement to be material.

**NEW PLAN EXCEL REALTY TRUST, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Note 13: Subsequent Event**

On October 10, 2001, the Company acquired Arapahoe Crossing from The Ellman Companies for approximately \$48 million in cash and the satisfaction of \$13.6 million of notes receivable and accrued interest. Arapahoe Crossing is a 460,700 square foot grocery-anchored community shopping center located in Aurora, Colorado, southeast of Denver, which is in the final phase of development. Tenants include King Soopers (a division of The Kroger Co.), Kohl's, Borders, Marshalls, OfficeMax and Old Navy.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS**

**Liquidity and Capital Resources**

The following information should be read in conjunction with the Company's consolidated financial statements and notes thereto as of September 30, 2001 included in this quarterly report and the Company's Annual Report on Form 10-K for the year ended December 31, 2000. This quarterly report contains forward-looking statements. Such statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievement of the Company to be materially different from the results of operations or plans expressed or implied from such forward-looking statements.

Cash flow from operations has been the principal source of capital to fund the Company's ongoing operations. The Company's issuance of common and preferred stock, use of the Company's revolving credit facilities and financing from uncollateralized notes and mortgage debt are additional sources of capital.

In order to continue to expand and develop its portfolio of properties and other investments, the Company intends to finance future acquisitions and growth through the most advantageous sources of capital available to the Company at the time, which may include excess cash flow, the sale of common stock, preferred stock or debt securities through public offerings or private placements, the incurrence of additional indebtedness through borrowings, and the reinvestment of proceeds from the disposition of assets. The Company also may enter into joint ventures with institutions to acquire portfolios of properties. The Company's financing strategy is to maintain a strong and flexible financial position by (i) maintaining a prudent level of leverage, (ii) maintaining a large pool of unencumbered properties, (iii) managing its exposure to interest rate risk represented by its floating rate debt and (iv) where possible, amortizing existing non-recourse mortgage debt secured by specific properties over the term of the leases with anchor tenants at such mortgaged properties.

As of September 30, 2001, the Company had approximately \$123 million in cash, cash equivalents and marketable securities.

The Company has two revolving credit facilities with The Bank of New York, each of which provides for \$122.5 million in uncollateralized advances from a group of banks. One facility ( Facility #1 ) was scheduled to expire in November 2001. On October 22, 2001, the Company extended the maturity at original terms for one year to October 21, 2002. The other facility ( Facility #2 ) expires in November 2002. As of September 30, 2001, the Company had \$0 million outstanding under Facility #1, which bears interest at LIBOR plus 72.5 basis points, and \$0 million outstanding under Facility #2, which bears interest plus 67.5 basis points. In addition, the Company has a \$75 million term loan facility with Fleet National Bank ( FNB ). Under the terms of the loan, the Company had the option to draw an additional \$25 million under this facility through October 31, 2001. Since the Company did not exercise its right to draw an additional \$25 million, \$75 million is outstanding at September 30, 2001. This facility is scheduled to mature on May 8, 2002, with the right of extension to November 2002. Loans drawn under this new facility will accrue interest at LIBOR plus 90 basis points (based on the Company's current credit rating). The term loan agreement prepared in connection with the facility contains covenants substantially similar to those included in the two credit facilities of the Company with The Bank of New York. On October 11, 2000, the Company entered into a two-year swap agreement with Fleet National Bank relating to \$125 million of the Company's variable rate debt. The agreement effectively fixes the annual interest rate of this debt at a base rate of 6.67% plus applicable spreads associated with the Company's variable rate credit facilities. As a result of the third quarter sale of our garden apartment communities, the Company's swap agreement was reduced from \$125 million to \$75 million.

On September 21, 2001, the Company and Houlihan/C.L.K. consummated the sale by the Company of the garden apartment community portfolio (excluding one apartment community which was under contract to be sold separately to a third party) to Houlihan/C.L.K. The one remaining apartment community (The Club Apartments) was sold to the Homewood City Board of Education of Homewood, Alabama on September 28, 2001.

As consideration for the entire portfolio, the Company received gross proceeds of approximately \$380 million. In connection with the portfolio transaction, the Company provided a letter of credit in the amount of \$31 million. The net proceeds were approximately \$310 million after closing costs and satisfaction of the apartment garden mortgage loans of approximately \$55 million. These net proceeds were used to repay outstanding balances under Facility #1 and Facility #2. The balance of the proceeds were used to (i) repay in October 2001 the outstanding balance of a term loan of approximately \$78 million of Pointe Orlando Development Company, a

wholly owned subsidiary of the Company, and (ii) for the acquisition of Arapahoe Crossings, a 460,700 square foot grocery-anchored community shopping center in Aurora, Colorado, in October 2001 for approximately \$48 million in cash and the satisfaction of \$13.6 million of notes receivable and accrued interest due to the community from the seller.

In addition to outstanding amounts on the Company's credit facilities, debt as of September 30, 2001 consisted of \$347.8 million of mortgages payable having a weighted average interest rate of 7.3% and \$613.2 million of notes payable with a weighted average interest rate of 7.3%. Of this debt, \$106.9 million bears a variable interest rate. Additionally, the Company has \$1.8 million in marketable equity securities which are sensitive to market price changes and notes receivable in the amount of Canadian \$14.2 million (approximately U.S. \$9.0 million as of September 30, 2001) which are sensitive to currency exchange rate fluctuations.

In November 1998, the Company filed a \$1 billion shelf registration statement relating to the issuance from time to time of debt securities, preferred stock, depository shares, common stock, warrants and rights, in amounts, at initial prices and on terms to be determined at the time of offering. Under this shelf registration statement, the Company established a program for the issuance of medium-term notes due nine months or more from date of issue. As of September 30, 2001, an aggregate principal amount of \$276 million was available for issuance under the Company's medium-term notes program.

In October 1999, the Company commenced a program to repurchase up to \$75 million of the Company's outstanding common stock from time to time through periodic open market transactions or through privately negotiated transactions. Through September 30, 2001, approximately 2,100,000 shares had been repurchased and retired at an average purchase price of \$15.28 per share. Of this amount, approximately 119,000 shares were repurchased and retired in the nine months ended September 30, 2001.

In May 2001, the Board of Directors authorized the repurchase of up to \$125 million of the Company's outstanding preferred stock and public debt.

Other sources of funds are available to the Company. Based on management's internal evaluation of the Company's properties, many of which are free and clear of mortgages, the estimated value is considerably in excess of the outstanding mortgage indebtedness. Accordingly, management believes that potential exists for additional mortgage financing as well as unsecured borrowing capacity from banks and other lenders.

The Company has three classes of preferred stock outstanding as of September 30, 2001: (i) 1,507,000 shares of 8 1/2% Series A Cumulative Convertible Preferred Stock outstanding which have an annual distribution of \$2.125 per share payable quarterly; (ii) 6,300,000 depository shares outstanding, each representing 1/10 of a share of 8 5/8% Series B Cumulative Redeemable Preferred Stock, with an annual distribution of \$2.15625 per depository share payable quarterly; and (iii) 1,500,000 depository shares outstanding, each representing 1/10 of one share of 7.8% Series D Cumulative Voting Step-Up Premium Rate Preferred Stock, with a liquidation preference and annual distribution of \$50 and \$3.90 per depository share, respectively.

The current quarterly dividend on the Company's common stock is \$0.4125 per share. The maintenance of this dividend will be subject to various factors, including the discretion of the Board of Directors of the Company, the ability to pay dividends under applicable law and the effect which the payment of dividends may have from time to time on the maintenance by the Company of its status as a REIT. In addition, the Company must comply with the loan covenant requirements as described under the Company's credit facilities.

In the normal course of business, the Company also faces risks that are either non-financial or non-qualitative. Such risks principally include credit risks and legal risks and are not included in the aforementioned notes.

#### **Results of operations for the three months ended September 30, 2001 and 2000**

The following discussion should be read in conjunction with the Consolidated Financial Statements and the Notes thereto. Historical results and percentage relationships set forth in the Consolidated Statements of Income contained in the Consolidated Financial Statements and accompanying notes, including trends which might appear, should not be taken as indicative of future operations.

On September 21, 2001, the Company Houlihan/C.L.K. consummated the sale by the Company of the Garden Apartment Community Portfolio (excluding one apartment community which was under contract to be sold separately to a third party) to Houlihan/C.L.K. The one remaining apartment community (The Club Apartments)

## Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form 10-Q

was sold to the Homewood City Board of Education of Homewood, Alabama on September 28, 2001. Accordingly, the assets and operating results of the garden apartment communities were reclassified and reported as discontinued operations.

On July 1, 2001, the Company acquired 100% of the common stock in ERT Development Corporation ( ERT ). Effective July 1, 2001, ERT is consolidated with the Company. Prior to July 1, 2001, the Company owned 100% of the outstanding preferred shares of ERT. The Company accounted for ERT using the equity method of accounting prior to July 1, 2001.

### ***Revenues:***

Rental income increased by \$0.4 million from \$67.2 million for the three months ended September 30, 2000 to \$67.6 million for the same period in 2001. The consolidation of ERT produced revenue increases of approximately \$3.6 million. These increases were partially offset by the sale of 20 retail properties between July 1, 2000 and September 30, 2001, which accounted for revenue reductions of \$1.1 million. Clearwater Mall ( Clearwater ), a property under redevelopment, accounted for a revenue decline of \$1.6 million. The balance of the change in revenue was a decrease of \$0.5 million.

Percentage rents increased approximately \$0.5 million from \$1.2 million for the three months ended September 30, 2000 to \$1.7 million for the same period in 2001 primarily as a result of the consolidation of ERT.

Expense reimbursements increased approximately \$1.5 million from \$13.1 million for the three months ended September 30, 2000 to \$14.6 million for the same period in 2001 primarily due to the consolidation of ERT partially offset by interest income in notes receivable from ERT.

Interest, dividend and other income decreased by approximately \$4.3 million from \$7.5 million for the three months ended September 30, 2000 to \$3.2 million for the same period in 2001. This decrease was due primarily to elimination of interest income from ERT as a result of the consolidation of ERT.

The change in equity participation in ERT, from a loss of \$5.1 million in the three months ended September 30, 2000 to \$0 for the same period in 2001 was due to the consolidation of ERT.

Foreign currency loss increased approximately \$0.3 million from a loss of approximately \$0.1 million for the three months ended September 30, 2000 to \$0.4 million for the same period in 2001. The foreign currency loss was due to the decrease in value of the Canadian dollar.

### ***Expenses:***

Total expenses increased approximately \$2.5 million from \$58.0 million for the three months ended September 30, 2000 to \$60.5 million for the same period in 2001. The major areas of change are discussed below.

Operating costs increased approximately \$1.8 million from \$11.9 million for the three months ended September 30, 2000 to \$13.7 million for the same period in 2001. Operating costs for the ERT properties was \$1.5 million along with increased utility costs, landscaping and cleaning costs of \$0.8 million which was partially offset by the reduction in operating expenses for Clearwater and the properties sold.

Interest expense decreased approximately \$2.1 million from \$22.3 million for the three months ended September 30, 2000 to \$20.2 million for the same period in 2001. A decrease of \$3.2 million was due to lower interest rates and a decrease in the Company's debt portfolio due to payoffs from property dispositions. The decrease was partially offset by interest expense of \$1.1 million on Pointe Orlando, a retail property owned by ERT.

Depreciation expense increased \$1.4 million from \$13.3 million for the three months ended September 30, 2000 to \$14.7 million for the same period in 2001. The primary reason for the increase is the additional depreciation on the ERT properties.

Provision for doubtful accounts increased approximately \$0.4 million from \$0.7 million for the three months ended September 30, 2000 to \$1.1 million for the same period in 2001. The increase is primarily due to a higher receivable balance at September 30, 2001.

## Edgar Filing: NEW PLAN EXCEL REALTY TRUST INC - Form 10-Q

General and administrative expenses increased approximately \$1.0 million from \$1.1 million for the three months ended September 30, 2000 to \$2.1 million for the same period in 2001. The major reasons for the increase were related to increases in personnel costs, insurance costs, taxes and professional costs.

Gains on the sale of real estate decreased approximately \$0.5 million from \$1.2 million for the three months ended September 30, 2000 to \$0.7 million for the same period in 2001. For the three months ended September 30, 2001 the Company sold 7 retail properties, two land parcels and one out parcel resulting in a gain of \$0.7 million. For the three months ended September 30, 2000 the Company sold 4 retail properties resulting in a gain of \$1.2 million.

The estimated fair value of certain properties classified as Real estate held for sale was less than the book value of these properties. This resulted in an impairment of real estate expense of \$8.8 million for the three months ended September 30, 2001. There was no impairment of real estate for the three months ended September 30, 2000.

### **Results of operations for the nine months ended September 30, 2001 and 2000**

Rental income decreased by \$3.3 million from \$203.9 million for the nine months ended September 30, 2000 to \$200.6 million for the same period in 2001. The decrease was due to the sale of 24 retail properties between January 1, 2000 and September 30, 2001, which accounted for a decrease of \$2.4 million, Clearwater Mall, a property under redevelopment, accounted for a revenue decline of \$2.6 million. These decreases were partially offset by a \$3.6 million increase due to the consolidation of ERT. The balance of the change in revenue was a decrease of \$1.9 million due to a slight decrease in occupancy.

Expense reimbursements increased approximately \$4.1 million from \$39.8 million for the nine months ended September 30, 2000 to \$43.9 million for the same period in 2001. The increase is due to the consolidation of ERT and an increase in expenses available for expense reimbursement.

Interest, dividend and other income decreased by approximately \$11.6 million from \$22.3 million for the nine months ended September 30, 2000 to \$10.7 million for the same period in 2001. The decrease was due primarily to decrease in interest income earned from ERT.

The change in equity participation in ERT of \$10.1 million, from a loss of \$14.4 million for the nine months ended September 30, 2000 to \$4.3 million for the same period in 2001 was primarily a result of a decrease in the equity participation of \$5.0 million for the period ended June 30, 2000 as compared with the same period in 2001 and the consolidation of ERT resulting in a decrease of \$5.1 million.

Foreign currency loss increased approximately \$0.1 million from a loss of approximately \$0.4 million for the nine months ended September 30, 2000 to \$0.5 million for the same period in 2001. The foreign currency loss was due to the decrease in value of the Canadian dollar.

### ***Expenses:***

Total expenses decreased approximately \$4.0 million from \$185.0 million for the nine months ended September 30, 2000 to \$181.0 million for the same period in 2001. The major areas of change are discussed below.

Operating costs increased approximately \$0.9 million from \$38.8 million for the nine months ended September 30, 2000 to \$39.7 million for the same period in 2001. Operating costs for the ERT properties was \$1.5 million along with increased personnel costs, utility costs, landscaping and cleaning costs of \$0.8 million which was partially offset by the reduction in operating expenses for Clearwater of \$1.0 million and the properties sold \$0.4 million.

Real estate and other taxes decreased approximately \$1.3 million from \$27.4 million for the nine months ended September 30, 2000 to \$26.1 for the same period in 2001. Approximately \$0.2 million of the decrease was due to property dispositions, Clearwater Mall accounted for a decrease of \$0.3 million. These decreases were partially offset by an increase of \$0.5 million from the ERT properties. The additional \$1.3 million decrease was due to a combination of decreases in tax rates and property assessments associated with ongoing tax appeals.

Interest expense decreased approximately \$5.7 million from \$66.6 million for the nine months ended September 30, 2000 to \$60.9 million for the same period in 2001. A decrease of \$6.8 million is due to lower interest rates and a decrease in the Company's debt portfolio due to payoffs from property dispositions. The decrease was partially offset by interest expense of \$1.1 million on Pointe Orlando, a retail property owned by ERT.

Depreciation expense increased \$2.2 million from \$40.3 million for the nine months ended September 30, 2000 to

\$42.6 million for the same period in 2001. The primary reason for the increase is the additional depreciation on the ERT properties and shorter depreciable lives used in 2001.

Provision for doubtful accounts increased approximately \$2.3 million from \$2.6 million for the nine months ended September 30, 2000 to \$4.8 million for the same period in 2001. The increase is primarily due to the collection of amounts previously thought to be uncollectible for the nine months ended September 30, 2000 coupled with a higher receivable balance at September 30, 2001.

The non-recurring charges of \$3.7 million in 2000 were primarily payments made to certain officers in connection with their resignation or retirement from the Company and their respective retirement employment agreements.

General and administrative expenses increased approximately \$1.1 million from \$5.7 million for the nine months ended September 30, 2000 to \$6.8 million for the same period in 2001. The major reasons for the increase were related to increases in personnel costs, taxes and professional costs.

Gains on the sale of real estate decreased approximately \$8.4 million from \$9.1 million for the nine months ended September 30, 2000 to \$0.7 million for the same period in 2001. For the nine months ended September 30, 2001 the Company sold 16 retail properties, four land parcels and one out parcel resulting in a gain of \$0.7 million. For the nine months ended September 30, 2000 the Company sold 8 retail properties resulting in a gain of \$9.1 million.

The estimated fair value of certain properties classified as Real estate held for sale was less than the book value of these properties. This resulted in an impairment of real estate expense of \$12.1 million for the nine months ended September 30, 2001 and \$1.9 million for the same period in 2000.

During 2000 there was a prepayment of a mortgage payable which had an unamortized mortgage premium associated with it. The elimination of this premium resulted in the extraordinary income of \$0.8 million. There was no extraordinary income for the nine months ended September 30, 2001.

**Funds From Operations**

The Company calculates funds from operations ( FFO ) as net income attributable to common shareholders on a diluted basis before gain or loss on sales of real estate and securities, impairment of real estate, plus depreciation and amortization on real estate, amortized leasing commission costs and the minority interest share of income. Effective January 1, 2000, the Company adopted the NAREIT definition of Funds From Operations which requires the inclusion of both recurring and non-recurring results of operations. FFO is not a substitute for cash flows from operations or net income as defined by generally accepted accounting principles, and may not be comparable to other similarly titled measures of other REITs. FFO is presented because industry analysts and the Company consider FFO to be an appropriate supplemental measure of performance of REITs.

**QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISK**

As of September 30, 2001, the Company had approximately \$106.9 million of outstanding floating rate mortgages and notes payable. The Company does not believe that the interest rate risk represented by its floating rate debt is material as of that date in relation to the approximately \$1.1 billion of outstanding total debt of the Company, the approximately \$2.7 billion of total assets of the Company and the approximately \$2.8 billion market capitalization of the Company's common stock as of that date.

The Company was a party to one hedging agreement with respect to its floating rate debt as of September 30, 2001. On October 11, 2000, the Company entered into a two-year swap agreement with Fleet National Bank relating to \$125 million of the Company's variable rate debt. The swap agreement was reduced to \$75 million as a result of the sale of the garden apartment communities. The agreement effectively fixes the annual interest rate of this debt at a base rate of 6.67% plus applicable spreads associated with the Company's variable rate credit facilities. Hedging agreements enable the Company to convert floating rate liabilities into fixed rate liabilities. Hedging agreements expose the Company to the risk that the counterparties to such agreements may not perform, which could increase the Company's exposure to rising interest rates. Generally, however, the counterparties to hedging agreements that the Company enters into are major financial institutions. The Company may borrow additional money with floating interest rates in the future. Increases in interest rates, or the loss of the benefits of existing hedging agreements or any hedging agreements that the Company may enter into in the future would increase the Company's interest expense, which would adversely affect cash flow and the ability of the Company to service its debt. Future decreases in interest rates will increase the Company's interest expense as compared to the floating rate debt underlying the Company's hedging agreements and could result in the Company making payments to unwind such agreements.

If market rates of interest on the Company's variable rate debt increase by 10% (or approximately 50 basis points), the increase in interest expense on the Company's variable rate debt would decrease future earnings and cash flows by approximately \$0.6 million. If market rates of interest increase by 10%, the fair value of the Company's total outstanding debt would decrease by approximately \$7.5 million. If market rates of interest on the Company's variable rate debt decrease by 10% (or approximately 50 basis points), the decrease in interest expense on the Company's variable rate debt would increase future earnings and cash flows by approximately \$0.6 million.

As of September 30, 2001, the Company had notes receivable in the total amount of Canadian \$14.2 million (approximately U.S. \$9.0 million as of September 30, 2001). The Company does not believe that the foreign currency exchange risk associated with these loans is material. The Company had no other material exposure to market risk (including foreign currency exchange risk, commodity price risk or equity price risk) as of September 30, 2001.

**PART II OTHER INFORMATION**

**Item 6. Exhibits and Reports on Form 8-K**

(a) Exhibits:

- 2.1 Agreement for Purchase of Real Estate and Related Property, dated as of May 10, 2001, by and between the Company and Coolidge-Koenmen LLC, filed as Exhibit 2.1 to the Company's Current Report on Form 8-K filed on October 5, 2001.
- 2.2 Amendment to Agreement for Purchase of Real Estate and Related Property, dated as of July 30, 2001, by and between the Company and Coolidge-Koenmen LLC (Club Sales Contract Amendment), filed as Exhibit 2.2 to the Company's Current Report on Form 8-K filed on October 5, 2001.
- 2.3 Amendment to Agreement for Purchase of Real Estate and Related Property, dated as of July 30, 2001, by and between the Company and Coolidge-Koenmen LLC, filed as Exhibit 2.3 to the Company's Current Report on Form 8-K filed on October 5, 2001.
- 2.4 Closing Date Amendment to Agreement for Purchase of Real Estate and Related Property, dated as of September 21, 2001, by and between the Company and Coolidge-Koenmen LLC, filed as Exhibit 2.4 to the Company's Current Report on Form 8-K filed on October 5, 2001.
- 10.1 Amendment No. 1 to Term Loan Agreement, dated as of September 6, 2001, among the Company, the lenders party thereto and Fleet National Bank, as administrative agent.
- 10.2 Letter Agreement, dated as of July 27, 2001, between the Company and The Bank of New York, as administrative agent, concerning the credit agreements, each dated as of November 17, 1999, as amended, among the Company, the lenders party thereto and the Bank of New York, as administrative agent.

(b) During the period covered by this report the Company filed the following reports on Form 8-K:

Form 8-K filed on August 9, 2001 containing Item 9, Regulation FD Disclosure. This is the filing of the Supplemental Disclosure of the registrant for the quarter ended June 30, 2001.

Form 8-K filed on October 5, 2001 containing Item 2, Acquisition or Disposition of Assets disclosure concerning the sale of the Company's apartments portfolio.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
