Under Nevada law, any dissenting stockholder is not entitled to appraisal rights with respect to the approval and ratification of the issuance of 950,000 new shares of Common Stock to URC Energy LLC, and the Company will not independently provide stockholders with any such right.

ISSUANCE OF 950,000 SHARES OF COMMON STOCK

The Company's Common Stock is listed and traded on the American Stock Exchange LLC under the symbol GBR. Prior to the actual issuance of certificates representing 950,000 shares of Common Stock, the potential issuance must be approved by the stockholders in accordance with Sections 705 and 712 of the American Stock Exchange (AMEX) Company Guide in order for the AMEX to approve an application to list additional shares to be issued. Section 712 of the AMEX Company Guide requires stockholder approval as a prerequisite to approval of applications to list additional shares to be issued when the present or potential issuance of Common Stock (or securities convertible into Common Stock) could result in an increase in outstanding common shares of 20% or more. The Company currently has outstanding 986,939 shares of Common Stock and the issuance of 950,000 shares is greater than 20% of the currently outstanding number of shares of Common Stock.

Under Nevada law, the Board of Directors has the authority to issue shares of Common Stock of the Company in such amounts and for such consideration as the Board of Directors may deem appropriate under Section 78.211 of the Nevada General Corporation Law. The Board of Directors has already approved the issuance as well as the execution by the Company of the Securities Purchase Agreement dated October 19, 2007 (the Purchase Agreement) and recommended to the stockholders such actions. The stockholders listed under the caption Security Ownership of Principal Stockholders and Management have so approved such actions by written consent. By virtue of the consent of the Majority Stockholders and the requirements of the AMEX Company Guide, this Information Statement has been prepared for distribution to all stockholders of the Company. The actual issuance of share certificates representing the 950,000 shares of Common Stock to be issued to URC Energy LLC in exchange for the consideration of \$3 per share (*i.e.* \$2,850,000 cash) will not be effectuated until at least twenty (20) calendar days after the date of distribution of this Information Statement have elapsed, after which time, the actual share certificates covering 950,000 shares of Common Stock may be issued to URC Energy LLC upon payment to the Company of the sum of \$2,850,000.

**PRELIMINARY
MATERIAL**

On October 19, 2007, the Company entered into the Purchase Agreement with URC Energy LLC, a Nevada limited liability company covering the purchase by URC Energy LLC of 950,000 shares of Common Stock of the Company at a price of \$3 per share (a total of \$2,850,000).

Shares of the Common Stock of the Company to be issued to URC Energy LLC are current shares of Common Stock without modification, and no difference will exist between the currently outstanding shares of Common Stock of the Company and the 950,000 shares to be issued. Each such share of Common Stock will continue to be subject only to one vote per share. The current shares of Common Stock are presently listed and registered on the AMEX. The Company intends to apply for additional listing and registration on such Exchange of the 950,000 shares of Common Stock to be issued.

URC Energy LLC is a Nevada limited liability company organized by Articles of Organization filed with the Secretary of State of Nevada on October 26, 2006; its sole member is Syntek West, Inc., a Nevada corporation. The principal executive officers of URC Energy LLC are:

Consideration for the Purchase of Shares

The Purchase Price of \$3 per share under the Purchase Agreement was established by the Board of Directors of the Company through negotiation with representatives of the Purchaser. The \$3 per share price is the same price offered by the Company for sizable purchases of its Common Stock (a minimum of 333,333 shares) in a private placement which has not yet reached the minimum subscription level. During the period from January 2007 through November 5, 2007, the Company's Common Stock traded in a range of \$3.52 per share on January 2, 2007 to a high of \$4.90 per share on April 2, 2007 to a low of \$1.95 per share on November 5, 2007. The Company's Common Stock is presently held by approximately 460 holders of records. The Company does not have an explanation for the volatility of the price range of the Company's Common Stock.

AMEX Status

In August 2006 the AMEX advised the Company that it was not then in compliance with Section 1003(a)(i) of the Company Guide with stockholders equity of less than \$2,000,000 and losses from continuing operations and/or net losses in two out of its three most recent fiscal years; Section 1003(a)(ii) of the Company Guide with shareholders equity of less than \$4,000,000 and losses from continuing operations and/or net losses in three out of its four more fiscal years. In response to that August 2006 notice, the Company submitted a Plan of Compliance on September 22, 2006 which was accepted by the AMEX which granted the Company an extension until December 31, 2007 to regain compliance with the continued listing standards.

On October 17, 2007, the Company received a stamped determination notice confirming the intent of the AMEX staff to seek to strike the Company's Common Stock from the exchange through a delisting procedure. The Company appealed that decision and will have an opportunity to present its position at a hearing before a Listing Qualifications Panel in late November 2007. No further action is expected by the AMEX pending that hearing.

There can be no assurances given that the AMEX will continue the current listing of the Company's Common Stock or that the AMEX will accept an additional listing application covering the 950,000 shares to be sold to URC Energy LLC.

Approval of this matter required only the affirmative vote by the holders of a majority of the shares of Common Stock presently outstanding and entitled to vote at a meeting which would be an aggregate of 493,470 votes.

On November 5, 2007, the Majority Stockholders, by written consent in lieu of a meeting, approved the issuance of the 950,000 shares of Common Stock to URC Energy LLC.
