ELECTION OF DIRECTORS

BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors has increased the number of directors from six to seven. The Board has nominated Larry H. Cunningham and Richard W. Parod each to serve as director for an additional three-year term. In addition, the Board has nominated Michael C. Nahl to serve as a director for a one-year term to fill the vacancy created by the increase in the size of the Board. Proxies submitted pursuant to this solicitation will be voted, unless specified otherwise, for the election of Messrs. Cunningham, Parod and Nahl. Messrs. Cunningham, Parod and Nahl have each expressed an intention to serve, if elected, and the Board of Directors knows of no reason why they might be unavailable to continue to serve, if elected. If any of Messrs. Cunningham, Parod or Nahl are unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors may recommend. There are no arrangements or understandings between Messrs. Cunningham, Parod or Nahl and any other person pursuant to which they were nominated to serve on the Board of Directors.

The election of a director requires the affirmative vote of a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote. Consequently, votes withheld and broker nonvotes with respect to the election of the director will have no impact on the election of the director. THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE ELECTION OF MESSRS. CUNNINGHAM, PAROD AND NAHL.

Edgar Filing: LINDSAY MANUFACTURING CO - Form DEF 14A

The following table sets forth certain information regarding the directors and all nominees to become a director of the Company. Each of Messrs. If elected, Mr. Nahl would also be considered an independent director of the Company. All members of the Board of Directors have held the positions with the companies (or their predecessors) set forth under "Principal Occupation" for at least five years, unless otherwise indicated.

The Compensation Committee is responsible for setting policies with respect to compensation of the Company's executive officers.

EXECUTIVE OFFICER COMPENSATION. The Compensation Committee endeavors to implement an executive compensation program that is effective in attracting,

Edgar Filing: LINDSAY MANUFACTURING CO - Form DEF 14A

retaining and motivating the executive officers upon whom the

8

Company relies to develop and implement its business strategy. The overall goal of the Company's compensation program is to maximize shareholder value. Accordingly, an important component of our compensation philosophy is to closely align the financial interests of the Company's executive officers with those of the shareholders.

During fiscal 2002, the Company utilized a compensation package that provided its executive officers with a base salary, benefits and opportunities to receive performance bonuses as well as grants of stock options, under our existing long-term incentive plans. Base salaries were established based on the executive officers' prior salary and our view of the base salary levels for executive officers with comparable positions and responsibilities in similar companies. The remaining portion of each executive officer's fiscal 2002 compensation was directly related to the success of the Company. This was accomplished in two ways.

First, for fiscal 2002, the Company continued to use a management incentive plan (the "Incentive Plan") that directly correlates employee bonuses to the achievement of both corporate and individual performance objectives. The Compensation Committee originally engaged William M. Mercer, Incorporated, an international consulting company, to assist it in the development of the Incentive Plan. The Compensation Committee is responsible for approving objectives and otherwise administering the implementation of the Incentive Plan with respect to the executive officers. Under the Incentive Plan, a target bonus of 60% of base salary was established for the Chief Executive Officer, and a target bonus of 35% of base salary was established for the other Named Executive Officers. Achievement of corporate objectives relating to specific financial measures account for 80% of the total potential bonus paid to Named Executive Officers under the Incentive Plan. Individual performance objectives, tailored to each officer's area of responsibility, account for the remaining 20% of the total potential bonus under the Incentive Plan. Measurable performance objectives were established for each Named Executive Officer. Minimum "threshold" objectives levels must be achieved under the corporate and the individual component in order for any bonus to be earned under that component. Conversely, up to 200% of the target bonus amount may be paid if target objectives are significantly exceeded. During fiscal 2002, the target objectives levels were exceeded under the corporate component, and 109% of the target bonus was earned under that component by each executive officer. Bonuses were paid to executive officers under the individual component ranging between 83% and 98% of the target bonus amount for this component.

Second, believing that significant ownership of Company stock serves to align management's interest with that of the Company's shareholders, executive officers who, in our opinion, have contributed and will contribute to the growth, development and financial success of the Company were awarded stock options. In order to motivate our executives to increase shareholder value, the exercise price of all stock options granted in fiscal 2002 was equal to market value of our Common Stock on the respective grant dates. Accordingly, these options will only have value if our shareholders also benefit from increasing share prices. In order to motivate the Company's executives to make a long-term commitment to the Company, stock options may not be exercised until they vest. All stock options granted in fiscal 2002 vest ratably over a five-year period. Until vested, these options are subject to forfeiture provisions if an executive officer leaves the Company.

Edgar Filing: LINDSAY MANUFACTURING CO - Form DEF 14A

DISCUSSION OF 2002 COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER. As described above, the Compensation Committee is responsible for establishing total compensation for all executive officers, including Richard Parod, the Company's Chief Executive Officer. After considering various factors, including Mr. Parod's performance as Chief Executive Officer during fiscal 2002 and the increases in salary levels generally for chief executive officers of public manufacturing companies, the Compensation Committee determined to increase Mr. Parod's base salary by 5% to \$328,860, effective as of the beginning of fiscal 2003. During fiscal 2002, Mr. Parod participated in the Incentive Plan. Since 109% of the target objectives levels were achieved under the corporate component, he earned 109% of the target bonus amount under the corporate component for fiscal 2002. He also achieved most of his target objectives under the individual component of the Incentive Plan and earned a bonus of 88% of the target bonus amount for this component, which resulted in a total bonus for fiscal 2002 of \$196,940, which was equal to 63% of his base salary. Mr. Parod received no stock option awards during fiscal 2002, in view of the significant stock option award which he received in fiscal 2000 when he joined the Company.

COMPLIANCE WITH SECTION 162(m) OF THE INTERNAL REVENUE CODE. The current tax law imposes an annual, individual limit of \$1 million on the deductibility of the Company's compensation payments to the chief executive officer and to the four most highly compensated executive officers other than the chief executive officer. Specified compensation is excluded for this purpose, including performance-based compensation, provided that certain conditions are satisfied. The Committee has determined to preserve, to the maximum extent practicable, the

9

deductibility of all compensation payments to the Company's executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION. During fiscal 2002 there were no compensation committee interlocks and no insider participation in compensation decisions that were required to be reported under the rules and regulations of the Securities Exchange Act of 1934.

RATIFICATION OF APPOINTMENT OF AUDITOR

KPMG LLP has been appointed by the Board of Directors as auditors for the Company and its subsidiaries for the fiscal year ending August 31, 2003. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Abstentions will have the same effect as a vote against ratification. Broker nonvotes will not be considered shares entitled to vote with respect to ratification of the appointment and will not be counted as votes for or against the ratification.

On October 1, 2001, the Company's Board of Directors, upon recommendation from the Company's Audit Committee, approved a change in the Company's independent accountants for the year ended August 31, 2001 from PricewaterhouseCoopers LLP to KPMG. The change was due to the closure of the PricewaterhouseCoopers offices in Omaha and Lincoln, Nebraska. The reports of PricewaterhouseCoopers for the fiscal years ended August 31, 2000 and 1999 contained no adverse opinion, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles. During the fiscal years ended August 31, 2000 and 1999, and the interim period from September 1, 2000 through October 1, 2001, there were no disagreements between the Company and PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers, would have caused it to make reference to the subject matter of the disagreement in connection with its reports on the financial statements for such years. No reportable event as described in paragraph (a) (1) (v) of Item 304 of Regulation S-K has occurred within the Company's fiscal years ended August 31, 2000 and 1999, or the period from September 1, 2000 through October 1, 2001.

The Company did not consult with KPMG during the fiscal years ended August 31, 2000 and 1999, or during the interim period from September 1, 2000 through October 1, 2001, on any matter which was the subject of any disagreement or any reportable event as defined in Regulation S-K Item 304 (a) (1) (iv) and Regulation S-K Item 304 (a) (1) (v), respectively, or on the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial

Edgar Filing: LINDSAY MANUFACTURING CO - Form DEF 14A

statements, relating to which either a written report was provided to the Company or oral advice was provided that KPMG concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing, or financial reporting issue.

AUDIT FEES

KPMG billed the Company for a total of \$91,000 in fees for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended August 31, 2002 and for the review of the financial statements included in the Company's Form 10-Qs filed with the SEC during that year.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

KPMG did not perform any professional services for the Company during the fiscal year ended August 31, 2002, either directly or indirectly, in connection with the operation, or supervising the operation, of the Company's information system or managing our local area network, or designing or implementing a hardware or software system that aggregates source data underlying the Company's financial statements or that generates information that is significant to the Company's financial statements taken as a whole. Accordingly, no fees were paid to KPMG during 2002 for these types of services.

ALL OTHER FEES

KPMG billed the Company for a total of \$43,475 in fees for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees," for the fiscal year ended August 31, 2002, including audit related services of \$40,875 and non-audit services of \$2,600. Audit related services include due diligence procedures on acquisitions and professional advice on accounting literature and SEC filings.

The Audit Committee has determined that the provision of the non-audit services listed above by KPMG LLP does not adversely affect their independence in providing audit services.

12
