Item 8.01. Other Events

Lindsay Corporation (the Company) has determined that it has erroneously recognized income tax expense of \$463,462 and \$610,262 in the fourth quarter of fiscal 2007 and the second quarter of fiscal 2008, respectively, relating to the exercise of stock options by Richard W. Parod, President and Chief Executive Officer of the Company. The Company incorrectly increased income tax expense by these amounts to reflect the effect of non-deductible officer compensation under Section 162(m) of the Internal Revenue Code related to these stock options. However, because these options were accounted for under APB No. 25, there should not have been an impact on income tax expense in the financial statements.

The Company has concluded that the impact of these errors was not material to its previously issued financial statements. As a result, the Company will correct these errors in the third quarter of fiscal 2008. The correction is expected to result in a reduction in income tax expense of approximately \$1.1 million, which is expected to add approximately \$0.09 to earnings per diluted share for the third quarter of fiscal 2008.
