Jeffery Strickland	10,000 (4)	5%	31.39	05/29/2007	86,731

- (1) Potential realizable value is based upon the assumption that the market price of the common stock of the Company will appreciate at the compound annual rate shown from the date of grant until the end of the option term. The dollar amounts in the foregoing table have been calculated based upon the Commission's requirements and do not reflect the Company's estimate of future growth in the price of the Company's Common Stock.
- (2) The options granted in 2002 were incentive stock options and nonqualified stock options granted pursuant to the 1997 Stock Incentive Plan. The exercise price of the options granted is equal to the average of the high and low price per share of common stock on the date of grant in the case of incentive stock options and the closing sale price on the date of grant in the case of nonqualified stock options, in each case as reported by The Nasdaq Stock Market. The options are not transferable by the optionee except by will or by the laws of descent and distribution except that Mr. Battat may transfer the options to one or more of his family members, and, except for transferred options, each option is exercisable during the lifetime of the optionee only by the optionee or, in the event of disability, by the optionee's guardian or representative. All options under the 1997 Stock Incentive Plan terminate three months after the optionee's termination of employment

Edgar Filing: ATRION CORP - Form DEF 14A

except in case of death or disability, in which case the options terminate one year after termination of employment, and except in the case of the options granted to Mr. Battat that have become exercisable may be exercised at any time during the term of the options. Mr. Battat's employment agreement with the Company provides that if his employment is terminated during the term of the agreement by the Company for other than "just cause" or by Mr. Battat for "good reason" (as those terms are defined in the agreement) or upon Mr. Battat's death or disability, all outstanding unvested options will immediately vest. The number of options granted to key employees, the term thereof and the manner in which those options are to be exercised under the 1997 Stock Incentive Plan are determined by the Compensation Committee.

- (3) These options became or are first exercisable as follows: (i) as to 75,000 options, December 17, 2002 and (ii) as to 75,000 options, October 23, 2003. Mr. Battat has exercised all of the options that became exercisable on December 17, 2002. The aggregate market price on the exercise date of the 75,000 shares of common stock purchased on the exercise of said options exceeded the aggregate exercise price by \$6,000.
- (4) These options are first exercisable as follows: (i) as to 5,000 options, May 29, 2004 and (ii) as to 5,000 options, May 29, 2006.

The following table provides information as to exercises of options by the Named Executive Officers during the year ended December 31, 2002 and the values of each Named Executive Officer's unexercised options at December 31, 2002.

RETIREMENT PLAN

The Company maintains a "cash balance" retirement plan (the "Cash Balance Plan") that includes all full-time active employees of the Company and

Edgar Filing: ATRION CORP - Form DEF 14A

its subsidiaries other than Quest Medical, Inc. Each participant has an account balance which represents his or her benefit under the Cash Balance Plan. The Cash Balance Plan provides for the Company to make annual allocations to a participant's cash balance account in an amount equal to 3% of the participant's eligible compensation up to the Social Security wage base and 6% in excess thereof and for an interest credit each plan year equal to the rate on 30 year U.S. Treasury bonds during November of the preceding plan year. For the 2002 plan year, the interest rate was 5.125%. For purposes of the Cash Balance Plan, "eligible compensation" is the participant's salary as included in the Summary Compensation Table above, subject to an annual limitation imposed by law which for 2002 was \$200,000 and is unchanged in 2003. Generally, each participant becomes fully vested in the benefits under such plan after five years of employment. Benefits may be paid, subject to certain limitations under the Internal Revenue Code of 1986, as amended, upon termination of employment, retirement or death. The Cash Balance Plan specifies various options that participants may select for the distribution of their accrued balance, including forms of annuity payments and lump sum distributions. All of the Named Executive Officers participate in the Cash Balance Plan. The estimated annual retirement benefits payable to the Named Executive Officers under the Cash Balance Plan at normal retirement age of 65, assuming 4% annual increases in eligible compensation until retirement, no change from 2003 levels of maximum includable compensation and Social Security wage base, and a 30 year U.S. Treasury bond rate of 5.5%, are as follows: Mr. Battat, \$5,645; and Mr. Strickland, \$73,574.

CERTAIN AGREEMENTS AND PLANS

The Company has an employment agreement with Emile A. Battat, the Company's Chairman, President and Chief Executive Officer, that provides for his employment for an initial term that expires on December 31, 2006. The base salary for each calendar year is \$500,000. In addition, Mr. Battat is entitled to receive a cash bonus each year that is not less than \$100,000. If Mr. Battat's employment is terminated during the term by the Company for other than "just cause" or by Mr. Battat for "good reason" (as those terms are defined in the agreement) or upon Mr. Battat's death or disability, Mr. Battat will receive (1) a cash payment equal to the sum of (i) all cash compensation accrued but not paid and (ii) the base salary and the annual bonus for the remainder of the term, (2) immediate vesting of all stock options or equity granted to him, and (3) continued participation in the Company's health benefit plans for the remainder of the term. In addition, the Company will reimburse Mr. Battat for excise taxes imposed on him in the event payments or benefits received by him result in "parachute payments" under the Internal Revenue Code and for income taxes on such reimbursement.

The Company has a severance plan pursuant to which Jeffery Strickland, Vice President and Chief Financial Officer, Secretary and Treasurer of the Company, will be entitled to severance compensation if his

10

employment is terminated under certain conditions set forth in the plan. The severance pay is to be equal to Mr. Strickland's annual base salary for the 12 months preceding the termination of employment.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, which is currently comprised of Richard O. Jacobson, Hugh J. Morgan, Jr. and John P. Stupp, Jr., establishes the overall executive compensation program for the Company and makes recommendations for base salaries, salary increases and bonuses for the Company's executive officers. In addition, the Compensation Committee administers the Company's

Edgar Filing: ATRION CORP - Form DEF 14A

incentive programs that cover the Company's executive officers. The executive compensation program, which is periodically reviewed and modified, as necessary, by the Compensation Committee, is designed to attract, retain and motivate management personnel and includes compensation that is tied to enhanced stockholder value.

Compensation Policies

Base salaries, cash bonus and incentive compensation and stock awards are the principal components of compensation for the Company's executive officers. Base salaries of the Company's executive officers are reviewed annually and adjustments made generally on the basis of the Company's performance as measured by certain financial and non-financial criteria, various survey information respecting compensation of executive officers, compensation levels for executive officers in a broad range of companies (which range is broader than the group of companies included in the peer group index used in comparing cumulative stockholder return), cost-of-living information and individual performance of the particular executive officer. The Compensation Committee has not assigned relative weights or values to any of such criteria. With respect to all executive officers, the Compensation Committee takes into consideration a review of individual performance. With respect to the financial performance of the Company, the Compensation Committee generally takes into consideration the Company's earnings from continuing operations, earnings per share and total stockholder return. Executive officers of the Company are eligible for discretionary bonuses as determined by the Compensation Committee. At the recommendation of the Compensation Committee, the Company and its subsidiaries have implemented cash incentive plans covering certain key employees. These plans are intended to foster a corporate culture focused on bottom line results by providing key employees with a substantial stake in reducing costs and increasing sales and productivity while conserving capital resources.

Stock awards are designed to motivate executives to improve the long-term performance of the Company's Common stock in the market, to encourage them to achieve superior results over the long term and to align the interests of executive officers with those of stockholders. Decisions respecting restricted stock awards are made on the basis of the criteria referred to above, and decisions respecting the grant of stock options are made using the same criteria as well as the number of unexercised options held by key employees. The Compensation Committee generally staggers the exercise dates for options over a period of time so that the key employee receiving stock option awards will be rewarded only if he remains with the Company and in order to emphasize the significance of the Company's long-term performance.

Compensation of Chief Executive Officer

In early 2002, the Company entered into an employment agreement with Mr. Battat having a term expiring at the end of 2006. (For a description of the terms of Mr. Battat's employment agreement, as amended as discussed below, see "EXECUTIVE COMPENSATION - Certain Agreements and Plans.") As previously reported, in determining Mr. Battat's compensation as provided in the employment agreement, the Compensation Committee took into account the performance of the Company in 2001, as well as in the prior years since Mr. Battat assumed the role of Chief Executive Officer, Mr. Battat's contributions and leadership during said period, the compensation paid to chief executive officers of other companies, and the advantages to the Company of securing Mr. Battat's services over the longer term. The Compensation Committee also considered that, as a result of the nullification of an incentive compensation plan in which Mr. Battat had participated, no other bonus or incentive plan was then in place to provide long term compensation to Mr. Battat, other than previously granted stock options, and that there was no change in control agreement in effect covering Mr. Battat. In October 2002, the Compensation Committee approved

Edgar Filing: ATRION CORP - Form DEF 14A

amendments to the employment agreement to eliminate the annual escalations in Mr. Battat's base salary and fix the base salary for each year of the term at \$500,000 and to reduce the minimum amount of the cash bonus

11

each year after 2002 to \$100,000 and awarded options to Mr. Battat to purchase 150,000 shares of the Company's common stock. In making the foregoing determinations respecting the amendments to the employment agreement and the grant of options, the Compensation Committee reviewed the performance of the Company in the first nine months of 2002, as well as in the prior years since Mr. Battat assumed the role of Chief Executive Officer, Mr. Battat's contributions and leadership during said period, and the compensation paid to chief executive officers of other companies. In making such determinations regarding the base salary and bonus, the Compensation Committee reviewed the advantages to the Company of converting a part of Mr. Battat's compensation package from cash payments to stock-based incentive awards and took into account that it would be awarding Mr. Battat options to purchase shares of the Company's common stock.
