**PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
OF SEACOAST BANKING CORPORATION OF FLORIDA
April 22, 2004**

INTRODUCTION

General

This Proxy Statement is being furnished to the shareholders of Seacoast Banking Corporation of Florida, a Florida corporation (Seacoast or the Company), in connection with the solicitation of proxies by Seacoast's Board of Directors from holders of Seacoast's common stock (Common Stock) for use at the 2004 Annual Meeting of Shareholders of Seacoast to be held on April 22, 2004, and at any adjournments or postponements thereof (the Meeting). Unless otherwise clearly specified, the terms Company and Seacoast include the Company and its subsidiaries.

The Meeting is being held to consider and vote upon the proposals summarized below under Summary of Proposals and described in greater detail elsewhere herein. Seacoast's Board of Directors knows of no other business that will be presented for consideration at the Meeting other than the matters described in this Proxy Statement.

The 2003 Annual Report to Shareholders (Annual Report), including financial statements for the fiscal year ended December 31, 2003, accompanies this Proxy Statement. These materials are first being mailed to the shareholders of Seacoast on or about March 11, 2004.

The principal executive offices of Seacoast are located at 815 Colorado Avenue, Stuart, Florida 34994, and its telephone number is (772) 287-4000.

Summary of Proposals

The proposals to be considered at the Meeting may be summarized as follows:

Proposal 1. To re-elect four Class II directors and to elect one new Class II director;

Proposal 2. To transact such other business as may properly come before the Meeting or any adjournments or postponements thereof.

Quorum and Voting Requirements

Holders of record of shares of the Company's Common Stock, as of the Record Date (as defined below) are entitled to one vote per share on each matter to be considered and voted upon at the Meeting. As of the Record Date, there were 15,502,542 total votes entitled to be cast by the holders of the outstanding Common Stock.

To hold a vote on any proposal, a quorum must be present, which is a majority of the total votes entitled to be cast by the holders of the outstanding shares of Common Stock. In determining whether a quorum exists at the Meeting for purposes of all matters to be voted on, all votes for or against, as well as all abstentions and broker non-votes, will be counted. A broker non-vote occurs when a nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Proposal 1 requires approval by a plurality of the votes cast by the holders of the outstanding shares of Common Stock entitled to vote in the election. This means that Proposal 1 will be approved only if more votes cast at the Meeting are voted in favor of the proposal than are voted against the proposal. Neither abstentions nor broker non-votes will be counted as votes cast for purposes of determining whether Proposal 1 has received sufficient votes for approval.

Table of Contents

Unless otherwise required by the Company's Articles of Incorporation or Bylaws, or by applicable law, any other proposal that is properly brought before the Meeting will require approval by the affirmative vote of a plurality of votes cast at the Meeting. With respect to any such proposal, neither abstentions nor broker non-votes will be counted as votes cast for purposes of determining whether the proposal has received sufficient votes for approval.

Directors and executive officers of the Company beneficially hold approximately 24.38 percent of all the votes entitled to be cast at the Meeting.

Record Date, Solicitation and Revocability of Proxies

The Board of Directors of Seacoast has fixed the close of business on February 20, 2004 as the record date (Record Date) for determining the shareholders entitled to notice of, and to vote at, the Meeting. Accordingly, only holders of record of shares of Common Stock on the Record Date will be entitled to notice of, and to vote at, the Meeting. At the close of business on such date, there were 17,103,647 shares of Common Stock issued and 15,502,542 shares outstanding, which were held by approximately 840 holders of record.

Shares of Common Stock represented by properly executed Proxies, if such Proxies are received in time and not revoked, will be voted at the Meeting in accordance with the instructions indicated in such Proxies. **If a valid Proxy is returned and no instructions are indicated, such shares of Common Stock will be voted FOR Proposal 1, and in the discretion of the proxy holder as to any other matter that may come properly before the Meeting.**

A shareholder who has given a Proxy may revoke it at any time prior to its exercise at the Meeting by either (i) giving written notice of revocation to the Secretary of Seacoast, (ii) properly submitting to Seacoast a duly executed Proxy bearing a later date, or (iii) appearing in person at the Meeting and voting in person. All written notices of revocation or other communications with respect to revocation of Proxies should be addressed as follows: Seacoast Banking Corporation of Florida, 815 Colorado Avenue, Stuart, Florida 34994, Attention: Sharon Mehl, Secretary.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****General**

The Meeting is being held to, among other things, re-elect four Class II directors of Seacoast, and to elect one new Class II director, each to serve a three year term and until their successors have been elected and qualified. The nominees have been nominated by the Nominating/Governance Committee of the Board of Directors. All of the nominees, except Mr. Thomas E. Rossin, are presently directors of Seacoast. Mr. Rossin was recommended as a candidate for director by the Company's Chief Executive Officer, Dennis S. Hudson, III. All of the nominees also serve as members of the Board of Directors of Seacoast's banking subsidiary, First National Bank and Trust Company of the Treasure Coast (the Bank). The members of the Boards of Directors of the Bank and the Company are the same except for Marian B. Monroe, and the one nominee, Thomas E. Rossin, who are currently directors of the Bank only.

As provided in Seacoast's Articles of Incorporation, the Company's Board of Directors is divided into three classes: Class I directors, who presently are serving a term expiring at the Company's 2006 Annual Meeting of shareholders; Class II directors, who presently are serving a term expiring at the Company's 2004 Annual Meeting of shareholders; and Class III directors, who presently are serving a term ending at the Company's 2005 Annual Meeting of shareholders. Currently, the Board is classified as follows:

Class	Term	Names of Directors
Class I	Term Expires at the 2006 Annual Meeting	Jeffrey C. Bruner Christopher E. Fogal Dale M. Hudson John R. Santarsiero, Jr.
Class II	Term Expires at the 2004 Annual Meeting	John H. Crane Jeffrey S. Furst Dennis S. Hudson, Jr. Thomas H. Thurlow, Jr.
Class III	Term Expires at the 2005 Annual Meeting	Stephen E. Bohner Evans Crary, Jr. T. Michael Crook A. Douglas Gilbert Dennis S. Hudson, III

Upon approval of Proposal 1, the Class II directors will be re-elected for a three-year term expiring at the Company's 2007 Annual Meeting of shareholders, and Mr. Thomas E. Rossin will become a newly elected Class II director having a three-year term expiring at the Company's 2007 Annual Meeting of shareholders.

All shares represented by valid Proxies, and not revoked before they are exercised, will be voted in the manner specified therein. If a valid Proxy is submitted but no vote is specified, the Proxy will be voted **FOR** the election of each of the five nominees listed below. Although all nominees are expected to serve if elected, if any nominee is unable to serve, then the persons designated as Proxies will vote for the remaining nominees and for such replacements, if any, as may be nominated by Seacoast's Nominating/Governance Committee. Proxies cannot be voted for a greater number of persons than the number of nominees specified herein (five persons). Cumulative voting is not permitted.

The affirmative vote of the holders of shares of Common Stock representing a plurality of the votes cast at the Meeting at which a quorum is present is required for the election of the directors listed below.

The nominees have been nominated by Seacoast's Nominating/Governance Committee, and the Board of Directors unanimously recommends a vote FOR the election of all five nominees listed below.

The Board has affirmatively determined that a majority of the Company's directors are independent directors under the Nasdaq rules. Any independent director may call an executive session of independent directors at any time.

Director Nominating Process

The Nominating/Governance Committee annually reviews and makes recommendations to the full Board regarding the composition and size of the Board so that the Board consists of members with the proper expertise, skills, attributes and personal and professional backgrounds needed by the Company, consistent with applicable Nasdaq and regulatory requirements.

Director candidates are interviewed by the Chair of the Nominating/Governance Committee and at least one other member of the Nominating/Governance Committee. The full Board formally nominates candidates for director to be included in the slate of directors presented for shareholder vote based upon the recommendations of the Nominating/Governance Committee following this process.

Any Company shareholder entitled to vote generally in the election of directors may recommend a candidate for nomination as a director. A shareholder may recommend a director nominee by submitting the name and qualifications of the candidate the shareholder wishes to recommend, pursuant to Section 6.03 of the Company's Articles of Incorporation, to the Company's Nominating/Governance Committee, c/o Seacoast Banking Corporation of Florida, 815 Colorado Avenue, Stuart, Florida 34994. Code of Conduct and Ethics

The Board of Directors has adopted a Code of Conduct applicable to all directors, officers and employees and a Code of Ethics for Financial Professionals applicable to the Company's Chief Executive and its financial officers, both of which are available, without charge, upon written request to Seacoast Banking Corporation of Florida, c/o Corporate Secretary, 815 Colorado Avenue, Stuart, Florida 34994. These codes comply with Nasdaq and SEC requirements.

The Board of Directors held six meetings during 2003. All of the directors attended at least 75 percent of the total number of meetings of the Board except Messrs. Crary and Santarsiero, who attended 67 percent and 50 percent of the meetings, respectively. All directors attended at least 75 percent of the meetings of Board committees on which they served. All of the Company's incumbent Directors were in attendance at the Company's 2003 Annual Meeting. The Company encourages all its directors to attend its annual shareholders' meetings and all meetings of the Board and committees on which the directors serve.

Board Committees

Seacoast's Board of Directors has three standing committees: the Salary and Benefits Committee, the Audit Committee and the Nominating/Governance Committee. The Salary and Benefits Committee and the Audit Committee both serve the same functions for the Company and the Bank.

Salary and Benefits Committee. The Company's Salary and Benefits Committee is composed of Messrs. Crary (Chairman), Bohner, Furst and Santarsiero, all of whom are independent directors as defined in the Nasdaq rules. The Committee has the authority set forth in its Charter, including determining the compensation of the Company's and the Bank's executive officers and employees, and administers various aspects of the Company's benefit and incentive plans. This committee has the power to administer the provisions of the Company's Profit Sharing Plan, Employee Stock Purchase Plan, the Seacoast Banking Corporation of Florida 1991 Stock Option and

Stock Appreciation Right Plan (the 1991 Incentive Plan), the Seacoast Banking Corporation of Florida 1996 Long-Term Incentive Plan (the 1996 Incentive Plan), the Seacoast Banking Corporation of Florida 2000 Long-Term Incentive Plan (the 2000 Incentive Plan), the Non-Employee Directors Stock Compensation Plan (the Directors Stock Plan) and the Executive Deferred Compensation Plan (the Compensation Deferral Plan). This Committee held seven meetings in 2003. See Salary and Benefits Committee Report.

Audit Committee. The Audit Committee is composed of Messrs. Fogal (Chairman), Crane, Crary and Crook, all of whom are independent directors, as defined in the Nasdaq rules. The Audit Committee has the responsibilities set forth in the Audit Committee Charter, including reviewing Seacoast and its subsidiaries financial statements and internal accounting controls, and reviewing reports of regulatory authorities and determining that all audits and examinations required by law are performed. It appoints the independent auditors, reviews their audit plan, and reviews with the independent auditors the results of the audit and management s response thereto. The Audit Committee also reviews the adequacy of the internal audit budget and personnel, the internal audit plan and schedule, and results of audits performed by the internal audit staff. The Audit Committee is responsible for overseeing the entire audit function and appraising the effectiveness of internal and external audit efforts. The Audit Committee periodically reports its findings to the Board of Directors. The Audit Committee met 10 times during 2003.

Nominating/Governance Committee. The Nominating/Governance Committee is composed of Messrs. Furst (Chairman), Bohner and Santarsiero, all of whom are independent directors as defined in the Nasdaq rules. The purpose of this Committee is to identify individuals qualified to become members of the Board of Directors of the Company and/or the Bank, and recommend to the Board of the Company and the Bank the director nominees for the next annual meeting of shareholders. The Committee also takes a leadership role in shaping corporate governance policies and practices including recommending to the Board the corporate governance guidelines applicable to the Company and monitoring Company compliance with said policies and guidelines for the purpose of nominating persons to serve on the Board. The responsibilities and duties of the Nominating Governance Committee are more fully set out in the Committee s Charter, which is attached as Exhibit A to this proxy statement. The Committee held four meetings during 2003.

In addition to the standing committees of the Seacoast s Board of Directors, the Bank s Board of Directors has the following standing committees: Executive Committee, Investment Committee, Trust Committee and the Directors Loan Committee. Such committees perform those duties customarily performed by similar committees at other financial institutions.

Compensation of Directors

Board members who are not executive officers of the Company are paid an annual retainer of \$23,000 for their service as directors of the Company and its subsidiaries. In addition to the annual retainers, non-management Board members receive \$700 for each Board meeting attended, \$700 for each committee meeting attended and \$800 for each committee meeting chaired. The members of the Salary and Benefits Committee, Audit Committee and Nominating/Governance Committee receive an additional \$100 for each of these committee meetings attended and \$200 for each of these committee meetings chaired.

Executive Officers

Executive officers are appointed annually at the organizational meeting of the respective Boards of Directors of Seacoast and the Bank following the annual meetings of shareholders, to serve until the next annual meeting and until successors are chosen and qualified.

Management Stock Ownership

As of February 20, 2004, based on available information, all directors and executive officers of Seacoast as a group (16 persons) beneficially owned approximately 3,779,960 outstanding shares of Common Stock, constituting 24.38 percent of the total number of shares of Common Stock outstanding at that date. Seacoast s directors and executive officers beneficially owned, as of that date, outstanding shares of Common Stock having

3,779,960 votes, or 24.38 percent of the total votes represented by Common Stock outstanding on the Record Date and entitled to vote at the Annual Meeting. In addition, as of the Record Date, various subsidiaries of Seacoast, as fiduciaries, custodians, and agents, had sole or shared voting power over 70,014 outstanding shares, or 0.45 percent of the outstanding shares, of Seacoast Common Stock, including shares held as trustee or agent of various Seacoast employee benefit and stock purchase plans. See Quorum and Voting Requirements, Record Date, Solicitation and Revocability of Proxies and Principal Shareholders.

EXECUTIVE COMPENSATION

Under rules established by the SEC, the Company is required to provide certain data and information in regard to the compensation and benefits provided to its chief executive officer and other executive officers, including the four other most highly compensated executive officers (collectively, the Named Executive Officers). The disclosure requirements for the Named Executive Officers include the use of tables and a report explaining the rationale and considerations that led to fundamental executive compensation decisions affecting these individuals.

The following report reflects Seacoast's compensation philosophy as endorsed by the Board of Directors and the Salary and Benefits Committee and resulting actions taken by Seacoast for the reporting periods shown in the various compensation tables supporting the report. The Salary and Benefits Committee either approves or recommends to the Board of Directors payment amounts and award levels for executive officers of Seacoast and its subsidiaries.

Salary and Benefits Committee Report

General

The Salary and Benefits Committee of the Board of Directors is composed of four members, all of whom are independent directors as defined in the Nasdaq rules. The Board of Directors designates the members and Chairman of such committee.

Compensation Policy

The policies that govern the Salary and Benefits Committee's executive compensation decisions are designed to align changes in total compensation with changes in the value created for the Company's shareholders. The Salary and Benefits Committee believes that compensation of executive officers and others should be directly linked to Seacoast's operating performance and that the achievement of performance objectives over time is the primary determinant of share price.

The underlying objectives of the Salary and Benefits Committee's compensation strategy are to establish incentives for certain executives and others to achieve and maintain short-term and long-term operating performance goals for Seacoast, to link executive and shareholder interests through equity-based plans, and to provide a compensation package that recognizes individual contributions as well as overall business results. At Seacoast, performance-based executive officer compensation includes: base salary, short-term annual cash incentives, and long-term stock and cash incentives.

During 2003, the Committee retained the services of a professional consulting firm to review the Company's executive compensation program and to comment on its design, competitiveness, and effectiveness. The firm evaluated the Company's business model and compared a number of Seacoast's executive positions, including that of the CEO and COO, to 30 other publicly held regional banks and holding companies of comparable size in the United States. Seacoast compensation was also compared to 14 Florida-based publicly traded banks and thrifts having a median asset size of \$1.34 billion. The consultant's report indicated that Seacoast's business model relies more upon relationship banking than its competitors, and that this requires the recruiting and retention of superior personnel.

Seacoast's overall executive compensation program was found to be reasonable when compared to other similar organizations. The review recommended several items to better align compensation programs with corporate

Table of Contents

performance for the named executive officers, including increasing the size and frequency of granting options and restricted stock awards. After fully considering the review, the Committee approved changes to Seacoast's executive compensation program, including an increase in annual incentive targets to more competitive levels with greater upside opportunity for superior results. In addition the Committee approved change in control agreements and equity awards for the CEO and COO, as well as other key executives. The equity awards include both stock options and stock grants, which are subject to certain time-based and performance-based vesting requirements.

Base Salary and Increases

In establishing executive officer salaries and increases, the Committee considers individual annual performance and the relationship of total compensation to the defined salary market. The decision to increase base pay is recommended by the chief executive officer and approved by the Salary and Benefits Committee using performance results documented and measured annually. Information regarding salaries paid in the market is obtained through formal salary surveys and other means, and is used to evaluate competitiveness with Seacoast's peers and competitors. Seacoast's general philosophy is to provide base pay competitive with the market, and to reward individual performance while positioning salaries consistent with Company performance.

Short-Term Incentives

Seacoast's Key Manager Incentive Plan seeks to align short-term cash compensation with individual performance and performance for the shareholders. Funding for this annual incentive plan is dependent on Seacoast first attaining a defined performance threshold for earnings per share. Once this threshold is attained, the Salary and Benefits Committee, using recommendations from the Company's chief executive officer, approves awards to those officers who have made superior contributions to Company profitability as measured and reported through individual performance goals established at the beginning of the year. As specified in the plan, the payout schedule is designed to pay a smaller number of officers the highest level of funded cash incentives to ensure that a meaningful reward is provided to the organization's top performers. This philosophy better controls overall compensation expenses by reducing the need for significant annual base salary increases as a reward for past performance, and places more emphasis on annual profitability and the potential rewards associated with future performance. Salary market information is used to establish competitive rewards that are adequate in size to motivate strong individual performance during the year. The Key Manager Incentive Plan paid an aggregate of \$362,000 in 2003, which was distributed among 14 persons.

Long-Term Incentives

Stock options granted under Seacoast's long-term incentive plans, the 1991 Incentive Plan, the 1996 Incentive Plan, and the 2000 Incentive Plan are designed to motivate sustained high levels of individual performance and align the interests of key employees with those of the Company's shareholders by rewarding capital appreciation and earnings growth. Upon the recommendation of the chief executive officer, and subject to approval by the Salary and Benefits Committee, stock options are awarded periodically to those key officers whose performance has made a significant contribution to Seacoast's long-term growth. Based on its review of the recommendations made by the independent third party retained for such purpose, on November 17, 2003, the Committee awarded options on 215,800 shares of Common Stock to 29 key employees under the 2000 Incentive Plan, including three of the Named Executive Officers. These options were priced at the closing price of the Company's Common Stock on the day of the grant. On the same date, restricted stock awards totaling 145,100 shares of Common Stock were granted to 10 key managers, including four of the Named Executive Officers, under the 2000 Incentive Plan. Of the restricted stock awarded, 18,110 shares vest on the first anniversary of the grant date and 56,440 shares vest over the following four years at the rate of 20 percent per year, subject to the continued employment of the recipient. The remainder of the restricted stock awards are performance-based and will vest, subject to the continued employment of the recipient, over a five-year performance period based on the Company's earnings per share growth over the performance period.

Deduction Limit

At this time, because of its compensation levels, Seacoast does not appear to be at risk of losing deductions under Section 162(m) of the Code, which generally establishes, with certain exceptions, a \$1 million deduction limit

Table of Contents

on executive compensation for all publicly held companies. As a result, Seacoast has not established a formal policy regarding such limit, but will evaluate the necessity for developing such a policy in the future.

Chief Executive Pay

The Salary and Benefits Committee formally reviews the compensation paid to the chief executive officers of the Company and the Bank during the first quarter of each year. Final approval of the chief executives' compensation is made by the Board of Directors. Changes in base salary and the awarding of cash and stock incentives are based on overall financial performance and profitability related to objectives stated in the Company's strategic performance plan and the initiatives taken to direct the Company. In addition, utilizing published surveys, databases, and proxy statement data, including, for example, public information compiled from the SNL Executive Compensation Review and the Wyatt Financial Institution Benchmark Compensation Report (collectively, the Survey Data), the Salary and Benefits Committee surveyed the total compensation of chief executive officers of comparable-sized financial institutions located in comparable markets nationally, as well as of similarly-sized, locally-based public banks and thrifts.

After reviewing the findings of the independent consultant retained in 2003 for such purpose and the Survey Data, the salary for Mr. Dennis S. Hudson, III, President and Chief Executive Officer of Seacoast, was increased by \$31,658 to \$453,758 annually, beginning in 2004. This adjustment maintained Mr. Hudson's total compensation at the median of the comparative groups. During 2003, earnings growth for Seacoast was adversely affected primarily by the effects of the declining interest rate environment on net interest margin. Accordingly, Mr. Hudson III's cash incentive award under the Key Manager Incentive Plan was reduced from \$125,000 earned in 2002 to \$45,000 in 2003.

Summary

In summary, the Salary and Benefits Committee believes that Seacoast's compensation program is reasonable and competitive with compensation paid by other financial institutions of similar size. The program is designed to reward managers for strong personal, Company and share value performance. The Salary and Benefits Committee monitors the various guidelines that make up the program and reserves the right to adjust them as necessary to continue to meet Company and shareholder objectives.

Audit Committee Report

The Audit Committee monitors the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee operates under a written charter originally adopted by the Board of Directors on June 20, 2000, and subsequently revised in 2003 to reflect changes required by the Sarbanes-Oxley Act and the National Association of Securities Dealers, Inc. (NASD). The Audit Committee's charter was first published in its entirety as Exhibit A to the Company's 2001 Proxy Statement. This year the Committee revised its written charter following the adoption of new Nasdaq governance standards, which was then approved by the Board of Directors. The revised charter is included as Exhibit B to this proxy statement. This report reviews the actions taken by the Audit Committee with regard to the Company's financial reporting process during 2003 and particularly with regard to the Company's audited consolidated financial statements as of December 31, 2003 and 2002 and for the three years in the period ended December 31, 2003.

The Audit Committee currently is composed of four persons, all of whom are independent, as defined by the NASD. None of the committee members is or has been an officer or employee of the Company or any of its subsidiaries, has engaged in any nonexempt business transaction or has any nonexempt business or family relationship with the Company or any of its subsidiaries or affiliates. In addition, the Board of Directors has determined that Christopher E. Fogal, Chairman of the Committee, is both independent under NASD rules and an audit committee financial expert as defined by the SEC. The Audit Committee also serves as the audit committee of the Bank.

The Company's management has the primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls and reporting. The Company's independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee monitors the integrity of the Company's financial reporting process and system of internal controls and to monitor the independence and performance of the Company's independent auditors and internal auditors.

The Audit Committee believes that it has taken the actions necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met 10 times during 2003.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with the Company's independent auditors, PricewaterhouseCoopers LLP, their judgments as to the quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP, its independence from management and the Company, including the written disclosures, letter and other matters required of PricewaterhouseCoopers LLP by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee also considered whether the provision of services during 2003 by PricewaterhouseCoopers LLP that were unrelated to its audit of the financial statements referred to above and to their reviews of the Company's interim financial statements during 2003 is compatible with maintaining PricewaterhouseCoopers LLP's independence, and determined that the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with being independent.

Additionally, the Audit Committee discussed with the Company's internal and independent auditors the overall scope and plan for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee also recommended to the Board that the Company retain PricewaterhouseCoopers LLP as the Company's independent auditors for 2004. The Board has approved and ratified such recommendation. In addition, the Committee has approved the scope of non-audit services anticipated to be performed by PricewaterhouseCoopers LLP in 2004 and the estimated budget for those services.

38%	25%
50%	50%
75%	75%

Notwithstanding the above schedule, 100% of the restricted shares will vest on the fifth anniversary of the grant date if the Company achieves a return on equity (ROE) of at least 16.5% for 3 consecutive quarters during the performance period, regardless of whether the EPS targets are met. During the performance period, all shares of restricted stock generally will be forfeited upon termination of employment for any reason.

Profit Sharing Plan

Seacoast sponsors a Retirement Savings Plan for Employees of the First National Bank & Trust Company of the Treasure Coast (the Profit Sharing Plan). The Profit Sharing Plan has various features, including employer matching contribution for salary deferrals of up to 4 percent of the employee's compensation for each calendar quarter. The Company matches 100 percent of any Elective Profit Sharing Contribution that is deferred into the Profit Sharing Plan. In addition, the Profit Sharing Plan has a Code Section 401(k) feature that allows employees to make voluntary salary savings contributions ranging from 1 percent to 15 percent of compensation (as defined by the Plan), subject to federal income tax limitations. After-tax contributions may also be made by employees with voluntary contributions of up to 10 percent of compensation (as defined in the Profit Sharing Plan for each plan year), subject to certain statutory limitations.

A retirement contribution is made on an annual discretionary basis by the Company of up to 2 percent of retirement eligible compensation, as defined in the Profit Sharing Plan. At the end of each plan year, the Company's Board of Directors decides whether to make a profit sharing contribution for the plan year. If it decides to make such a contribution, the contribution is allocated among eligible employees based on each employee's eligible compensation as defined in the Profit Sharing Plan. At least 50 percent of this contribution (the Non-Elective Profit Sharing Contribution) is contributed to the employee's Profit Sharing account. The balance (the Elective Profit Sharing Contribution) may be deferred into the Profit Sharing Plan or taken in cash by the employee, at the employee's election.

Executive Deferred Compensation Plan

The Bank offers an Executive Deferred Compensation Plan (the Compensation Deferral Plan) designed to permit a select group of management or highly compensated employees, including the Named Executive Officers, to elect to defer a portion of their compensation until their termination of employment with the Company and to receive matching and other Company contributions which they are restricted from receiving under the Company's Profit Sharing Plan because of legal limitations.

Employment and Severance Agreements

The Bank entered into an executive employment agreement with A. Douglas Gilbert on March 22, 1991. Similar agreements were entered into with Dennis S. Hudson, III on January 18, 1994, and with C. William Curtis, Jr. on July 31, 1995. Each such agreement has a three-year term and provides for automatic renewal on an annual basis at the end of that term; *provided* neither the employee nor the Bank gives written notice electing not to renew such agreement. Each such agreement contains certain non-competition, non-disclosure and non-solicitation covenants.

These employment agreements also provide for a base salary, hospitalization, insurance, long term disability and life insurance in accordance with the Bank's insurance plans for senior management, and reasonable club dues. Each executive subject to these contracts may also receive other compensation including bonuses, and the executives will be entitled to participate in all current and future employee benefit plans and arrangements in which senior management of the Bank may participate. The agreements provide for termination of the employee for cause, including willful and continued failure to perform the assigned duties, crimes, breach of the Bank's Code of Ethics, and also upon death or permanent disability of the executive. Each agreement contains a Change in Control provision which provides that certain events, including the acquisition of the Bank or the Company in a merger, consolidation or similar transaction, the acquisition of 51 percent or more of the voting power of any one or all classes of Common Stock, the sale of all or substantially all of the assets, and certain other changes in share ownership, will constitute a change in control which would allow the executive to terminate the contract within one year following the date of such change in control. Termination may also be permitted by the executive in the event of a change in duties and powers, customarily associated with the office designated in such contract. Upon any such termination following a change in control, the executive's base salary, hospitalization and other health benefits will continue for two years.

Table of Contents

The Company entered into Change in Control employment agreements with Dennis S. Hudson, III and A. Douglas Gilbert on December 24, 2003. Each agreement has a three-year term and provides for automatic one-year extensions unless expressly not renewed. A change in control must occur during this period (the Change in Control Period) to trigger the agreement. These agreements supercede the change-in-control provisions in the executives' employment agreements with the Bank. Also on December 24, 2003, the Company entered into similar agreements with C. William Curtis, Jr. and William R. Hahl, each having a two-year Change in Control Period. On January 7, 2004, the Company executed similar agreements with Jean Strickland, Executive Vice President of the Company, Thomas H. Wilkinson, Executive Vice President of the Bank, and Teresa Idzior, Senior Vice President of the Bank, each having a one-year Change in Control Period.

Each of the Change in Control employment agreements provides that, once a change in control has occurred, the executive subject to the contract (the Subject Executive) and the Company agree to continue, for the Change in Control Period, the Subject Executive's employment in the same position as held in the 120 days period prior to the change in control. If the Subject Executive is terminated for cause or resigns without good reason , as defined in the agreement, the Subject Executive will receive minimal benefits. If the Subject Executive resigns for good reason or is terminated without cause , or resigns for any reason during a 30-day period specified in the contract, the Subject Executive will receive salary, a pro-rata bonus, and all accrued and deferred amounts through the termination date, as well as his annual base salary, bonuses and other benefits that otherwise would have been paid over the Change in Control Period. The Company will also provide health and other welfare benefits to the Subject Executive for the duration of the Change in Control Period.

**SALARY AND BENEFITS COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION**

Messrs. Crary (Chairman), Bohner, Furst and Santarsiero are the members of the Salary and Benefits Committee, none of whom is an officer or employee of Seacoast or its subsidiaries. See Proposal 1 - Election of Directors.

Evans Crary, Jr., a director of Seacoast and the Bank, and Chairman of the Bank's Executive Committee and the Company's Salary and Benefits Committee, is a retired member of Crary, Buchanan, Bowdish, Bovie, Beres, Negron & Thomas, Chartered (Crary-Buchanan), a law firm in Stuart, Florida. Crary-Buchanan performed various legal services for Seacoast and the Bank during the fiscal year ended December 31, 2003.

Several of Seacoast's directors, executive officers and their affiliates, including corporations and firms of which they are directors or officers or in which they and/or their families have an ownership interest, are customers of Seacoast and its subsidiaries. These persons, corporations and firms have had transactions in the ordinary course of business with Seacoast and its subsidiaries, including borrowings, all of which, in the opinion of Seacoast's management, were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unaffiliated persons and did not involve more than the normal risk of collectibility or present other unfavorable features. Seacoast and its subsidiaries expect to have such transactions on similar terms with their directors, executive officers, and their affiliates in the future. The aggregate amount of loans outstanding by the Bank to directors, executive officers, and related parties of Seacoast or the Bank as of December 31, 2003, was approximately \$3,397,293, which represented approximately 3.26% of Seacoast's consolidated shareholders' equity on that date.

For information concerning specific transactions and business relationships between Seacoast or the Bank and certain of its directors or executive officers, see Salary and Benefits Committee Interlocks and Insider Participation in Compensation Decisions.
