INDEPENDENT AUDITORS' REPORT

McKesson Corporation Profit-Sharing Investment Plan:

We have audited the accompanying statements of net assets available for benefits of the McKesson Corporation Profit-Sharing Investment Plan (the "Plan"), formerly the McKesson HBOC, Inc. Profit-Sharing Investment Plan, as of March 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, are fairly stated in

Edgar Filing: MCKESSON HBOC INC - Form 11-K

all material respects when considered in relation to the basic financial statements taken as a whole.

MCKESSON CORPORATION
PROFIT-SHARING INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED MARCH 31, 2001 AND 2000

1. PLAN DESCRIPTION

The following brief description of the McKesson Corporation Profit-Sharing Investment Plan, (the "PSIP" or the "Plan"), formerly the McKesson HBOC, Inc. Profit-Sharing Investment Plan, is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The PSIP is a defined contribution plan covering all persons who have two months of service and are regular or part-time employees, or are casual employees working 1,000 hours in a year, of McKesson Corporation, formerly McKesson HBOC, Inc., (the "Company" or "McKesson") or a participating subsidiary, except those covered by a collectively bargained pension plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Certain administrative costs incurred by the PSIP are paid by the Company. The Plan is comprised of the following:

A. PROFIT-SHARING INVESTMENT PLAN

MERGER OF HBO & COMPANY PROFIT SHARING AND SAVINGS PLAN - During fiscal year 1999, McKesson Corporation completed the acquisition of the former HBO & Company, now known as McKesson Information Solutions, Inc. ("MIS"), a wholly-owned subsidiary of the Company. Effective April 1, 1999, the net assets available for benefits of the HBO & Company Profit Sharing and Savings Plan (totaling \$253,307,000) were merged into the PSIP. MIS participants (MIS employees and certain employees of a former MIS subsidiary) have retained their existing

Edgar Filing: MCKESSON HBOC INC - Form 11-K

matching percentage which is different from other McKesson employees.

TRANSFERS FROM OTHER QUALIFIED PLANS - Effective November 1, 1999, and March 1, 2000, the assets available for benefits of the CookCo, Inc. 401(k) Plan (totalling \$58,000) and the RedLine HealthCare Corporation Investment Savings Plan (totaling \$26,919,000), respectively, were merged into the Plan.

CONTRIBUTIONS - Participants may elect to make basic contributions ranging from 1%-6% of compensation, 1%-4% for MIS participants. Participants who make basic contributions of 6% (4% for MIS participants) may elect to make supplemental contributions of up to an additional 10% of compensation (12% for MIS participants). A participant's pretax contributions are limited to \$10,500 per year for calendar years 2001 and 2000. Total contributions are limited to the lesser of \$30,000 or 25% of taxable compensation per fiscal year. Additional limits may apply to individuals classified as highly compensated employees.

Effective the last day of each month throughout the fiscal year, participants are credited with matching Company contributions, in the form of Company common stock, based on a percentage of their basic contributions. An additional annual matching contribution may be granted at the discretion of the Company. For the fiscal year 2001, the matching percentage was 70% of contributed amounts up to the first 6% of contributions for all eligible employees of the McKesson

divisions and subsidiaries, except MIS. MIS employees received 105% of contributed amounts up to the first 4% of contributions for eligible employees.

In fiscal 2000, the total matching percentage for eligible McKesson employees was 50% of contributed amounts, up to 6% contributed. For MIS participants, the Company matched 75% of contributed amounts up to the first 4% contributed.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - Participant contributions and earnings thereon are 100% vested at all times. PSIP employer matching contributions vest 20% annually. A participant is 100% vested after five years of accredited service.

INVESTMENT OPTIONS - Upon enrollment in the PSIP, a participant may

Edgar Filing: MCKESSON HBOC INC - Form 11-K

direct their contributions in 1% increments to any of the investments offered to the participant's specific employee group within the Plan. Effective January 1, 2001, the asset manager was changed to Fidelity Trust and investment options expanded to include a mutual fund window and a brokerage window. The following are descriptions from each fund's prospectus or fund manager's report:

CERTUS STABLE VALUE FUND invests in low-risk, high-quality fixed-income investments issued by credit-worthy life insurance companies and financial institutions. This is a separately managed account, not a mutual fund.

which allows participants to develop a self-directed brokerage option. Commissions and account fees are charged to the participant's account as well as standard plan-related fees.

LOANS - Participants may apply for a loan from the Plan. The total amount owed to the Plan by an individual participant cannot exceed the lowest of 50% of such participant's vested account balances, \$50,000 or the value of the participant's accounts attributable to basic, supplemental and rollover contributions. The loans bear interest at the then current prime rate of interest plus 1%. Contractual interest rates ranged from 6.50% to 11% in 2001 and from 8.75% to 11% in 2000. Loans may be repaid over a period not to exceed 5 years, except for residential loans which must not exceed a term of 10 years.

PAYMENT OF BENEFITS - Participants have the right to withdraw the value of their vested accounts from the PSIP at the time of retirement, death, disability or termination of employment. In general, benefit payments are made in a cash lump sum. Employees may remain participants in the Participant Directed Funds by electing to receive installment payments or deferring withdrawal until a later date. Effective October 1, 1999, all dividends earned on Company stock are paid directly to the participants.

B. EMPLOYEE STOCK OWNERSHIP PLANS

GENERAL - The Company Stock Fund consists of a leveraged Employee Stock Ownership Plan ("ESOP"). In fiscal 2001 and 2000, shares from ESOP I, II and III were used to fund all employer's allocations for the year.

ESOP I - In January 1985, the Company amended the Plan to add a leveraged ESOP for the benefit of persons eligible to participate in the PSIP. In July 1986, the PSIP purchased from the

Company 2,000,000 shares of Company common stock for \$30,250,000, financed by a ten-year term loan from a bank, guaranteed by the Company. Additionally, in connection with a transaction involving subsidiaries of the Company completed on November 21, 1994 (the "PCS Transaction"), the ESOP purchased 1,087,754 additional shares in fiscal 1996. The Company extended the existing term of the outstanding loan balance from its original maturity in fiscal 1997 to 2005.

ESOP II - In October 1987, the Company amended the Plan to provide for the purchase of shares of Company common stock by the ESOP. In conjunction with this amendment, the PSIP purchased from the Company 4,200,000 common shares of Company common stock in 1987 for \$54,900,000, financed by a fifteen-year term loan from the Company. Additionally, during fiscal 1996, in connection with the PCS

Edgar Filing: MCKESSON HBOC INC - Form 11-K

Transaction, the ESOP purchased 3,036,484 additional shares of Company common stock.

ESOP III - In June 1989, the Company amended the Plan to add an additional leveraged ESOP to provide for the PSIP-PLUS allocation. Certain persons who are contributing at least 2% of their total compensation to the PSIP are eligible to participate in PSIP-PLUS. In June 1989, the Plan purchased from the Company 2,849,003 shares of McKesson Corporation Series B ESOP Convertible Preferred Stock (\$43.875 stated value) for \$125,000,000, financed by a twenty-year term loan from the Company. During fiscal 1995, in connection with the PCS Transaction, all shares of Series B ESOP Convertible Preferred Stock held by the Plan were converted into 5,440,914 shares of Company common stock. The ESOP purchased 6,259,080 additional shares of Company common stock in fiscal 1996.

RETIREMENT SHARE PLAN ALLOCATION - Effective January 1, 1997, the Plan provides for a Retirement Share Plan Allocation. The Retirement Share Plan Allocation, at the Company's election, may be in cash or shares of Company common stock. The Retirement Share Plan Allocation formula allocates to each eligible participant a percentage of the participant's compensation. Such percentage depends on the participant's combined age and years of service, or Retirement Share Plan "points" as defined in the Plan document, as of March 31. Employees hired after December 31, 1999, are not eligible to participate in the Retirement Share Plan.

CONTRIBUTIONS AND PARTICIPANTS' ACCOUNTS - Dividends on unallocated ESOP I and II shares of Company common stock, plus the Company's cash contributions to the ESOP, are used to pay the obligations under the ESOP I and II loans. For the ESOP III loan, dividends on all shares of Company common stock (allocated to PSIP-PLUS and unallocated) plus the Company's cash contributions to the ESOP III are used to pay the obligations under the loan. Under the terms of the loan agreements, the Company is required to make cash contributions to each ESOP to the extent that the dividends are not sufficient to service the debt. The cash contributions amounted to \$15,604,705 and \$13,230,825 for the years ended March 31, 2001 and 2000, respectively.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared under the accrual method of accounting.

CASH EQUIVALENTS - The Plan considers all highly liquid debt instruments purchased with remaining maturities of less than three months to be cash equivalents.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - Investments are stated at fair value which is based on independent valuations or publicly quoted market prices, except for investments in the Stable Value Fund which are stated at contract value (or cost), plus accrued interest. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Shares of McKesson Corporation common stock are valued at quoted market prices on March 31, 2001 and March 31, 2000.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the declaration date.

A portion of the Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and several other McKesson sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to March 31, 2001, but not yet paid as of that date.

6. LINE OF CREDIT

In 1998, the Plan obtained a \$35 million line of credit with ABN AMRO Bank N.V. in order to refinance a portion of the principal payable under the ESOP loans. The line of credit was obtained in order to reduce the number of shares necessary to fund the employee benefits. The Plan released only the shares required to fund the annual ESOP benefits. The interest rate is the LIBOR rate multiplied by the applicable LIBOR adjustment. The loans mature on June 1, 2009. At March 31, 2001 and 2000, interest rates ranged from 4.50% to 4.73% and from 5.26% to 5.46% on the outstanding balance of \$8,000,000, in both years. The loans are collateralized by 637,895 unallocated shares of McKesson Corporation common stock.

NOTES TO FINANCIAL STATEMENTS (CONCLUDED)
YEARS ENDED MARCH 31, 2001 AND 2000

The Internal Revenue Service ("IRS") has indicated it is currently unable to issue a ruling in regard to the refinancing agreement. If the IRS does not approve the refinancing, the Plan will release the shares and allocate them to participants as originally scheduled.

7. TAX STATUS

The IRS has determined and informed the Company by letter dated October 27, 1998, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code.

Edgar Filing: MCKESSON HBOC INC - Form 11-K

The Plan has been restated (effective April 1, 1999 and January 1, 2001) since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The plan sponsor has recently conducted an operational audit of the Plan and has determined that there may be certain prohibited transactions involving the Plan which must be corrected. The plan sponsor is in the process of reviewing these matters in an effort to determine the actual amounts involved. As soon as this review is completed, the plan sponsor will promptly take required corrective action. The matters under review include late deposit of 401(k) contributions and the payment of certain administrative expenses by the Plan. The plan sponsor does not believe that the amounts involved in any such matters are of a material nature in the aggregate.

8. PLAN TERMINATION

The Company's Board of Directors reserves the right to terminate the Plan. If termination should occur, all participants will immediately vest and each would receive a distribution equal to his or her vested account balance, and the unallocated common stock would be liquidated to repay the ESOP promissory notes payable. If the stock liquidation is insufficient to satisfy the notes payable, the Company would fund the difference.

9. PENDING LITIGATION

On November 24, 1999, an action entitled Chang v. McKesson HBOC, Inc. et al. (Case No. C-00-20030 RMW) ("Chang"), was filed in the U.S. District Court, Northern District of California. By order dated February 7, 2000, Chang was coordinated with the more than 50 related class actions pending in the United States District Court for the Northern District of California. On June 28, 2001, plaintiffs filed a First Amended Complaint naming as defendants, the Company, HBOC, certain current or former officers or directors of the Company or HBOC and the Chase Manhattan Bank. The Amended Complaint is purportedly brought on behalf of participants in the McKesson Corporation Profit Sharing Investment Plan and the former HBOC Profit Sharing and Savings Plan. Plaintiffs allege that defendants breached their fiduciary duties and violated sections of the Employee Retirement Income Security Act of 1974, causing damages to class members in connection with the decline in the Company's stock price following the April 28, 1999 announcement regarding accounting improprieties at HBOC. Plan management does not believe it is feasible to predict or determine the outcome or resolution of these proceedings.
