Report of Independent Auditors

Corporate Compensation and Organization Committee of Eaton Corporation
Eaton Corporation Share Purchase and Investment Plan

Edgar Filing: EATON CORP - Form 11-K

We have audited the accompanying statements of net assets available for benefits of the Eaton Corporation Share Purchase and Investment Plan as of December 30, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 30, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 30, 2001 and 2000 and the changes in its net assets available for benefits for the year ended December 30, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 30, 2001, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Eaton Corporation Share Purchase and Investment Plan

Notes to Financial Statements

December 30, 2001 and 2000 and
Year ended December 30, 2001

1. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Eaton Corporation Share Purchase and Investment Plan (the Plan) are prepared under the accrual method of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value as measured by quoted prices in active markets, except for the corporate and debt securities, which are valued at market values as determined by the Trustee, based on the mean of the most recent bid and ask price and other market information available. Participant notes receivable are valued at their outstanding balances, which approximate fair value. At December 30, 2000, the Eaton Corporation Common Shares were valued at the ex-dividend price to reflect the spin-off and stock dividend related to Axcelis Technologies Inc. (See Note 8).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The cost of shares sold for the mutual funds and the common shares is based upon the average cost of each participant's shares sold for purposes of determining realized gains and losses.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying

Edgar Filing: EATON CORP - Form 11-K

notes. Actual results could differ from these estimates.

2. DESCRIPTION OF PLAN

Effective December 30, 2001, the Plan year-end was changed to December 31. Effective January 1, 2002, the Plan was amended and restated. In conjunction with the amendment and restatement, the Plan was renamed The Eaton Savings Plan.

4

Eaton Corporation Share Purchase and Investment Plan

Notes to Financial Statements (continued)

2. DESCRIPTION OF PLAN (CONTINUED)

The Plan generally provides that an Eaton employee who is in the regular service of a class in a division or group to which Eaton Corporation (Eaton, the Company, or the Plan Sponsor) has extended eligibility for membership in the Plan (other than a temporary employee who is hired for a specific, limited period of time or for the performance of a specific, limited assignment or employees covered by a collective bargaining agreement that does not specify coverage under the Plan) will be eligible to participate on any date established in accordance with administrative procedures which follows the date an employee first incurs an hour of service.

Employees may make a combination of before-tax and after-tax contributions ranging from 1% to 17% of base pay. Employee contributions up to 6% of eligible compensation are eligible for employer match. Participants may change their contributions monthly and accounts are valued daily. Eaton matches regular employee contributions as determined under a formula. This formula compares Eaton's earnings per share for the most recently reported calendar quarter with the average of Eaton's per share earnings for the previous two calendar years. If the most recently reported calendar quarter's earnings per share are identical to the two calendar year average, the Company's matching contribution will be 50% for each dollar contributed by employees. Company matching contributions will increase or decrease depending on whether the most recently reported calendar quarter's earnings per share are greater than or less than the two calendar year average, respectively. For each 2% that the most recently reported calendar quarter's earnings per share is greater than or less than the two calendar year average, 1% will be added or subtracted respectively from the standard Company matching contribution of 50%. Company matching contributions will not be less than \$.25, or more than \$1.00 for each dollar of regular employee contributions, except under special circumstances as defined in the Plan document. There will be an additional \$.10 match per dollar of before-tax and after-tax contributions, up to 17% of eligible compensation, to match contributions initially invested in the Eaton Common Shares Fund. This match is reduced to \$.05 for certain highly compensated employees.

Each participant's account is credited with an allocation of the Plan's earnings based on participant account balances, as defined.

Eligible employees may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by their highest outstanding loan balance during the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at a published rate, as defined. Principal and interest is paid ratably through payroll deductions.

Eaton Corporation Share Purchase and Investment Plan

Notes to Financial Statements (continued)

2. DESCRIPTION OF PLAN (CONTINUED)

Company contributions are provisionally allocated during the year and become non-forfeitable on the last day of each Plan year or upon other events as indicated in the Plan document.

All Company matching contributions are invested in the Eaton Common Shares Fund. Employee contributions may be invested in any of the fund options available under the Plan. Participants may reallocate their accumulated contributions daily among the various funds consistent with the ratios specified in the Plan.

All costs and expenses incurred in administering the Plan are paid by the Plan unless otherwise determined by Eaton.

Eaton may amend, modify, suspend or terminate the Plan. No amendment, modification, suspension or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of members or their beneficiaries.

Information about the Plan is contained in the Plan document, which is available from the Company's Human Resources Department upon request.

3. CONTRIBUTIONS

Company matching contributions during 2001 were made at \$.25 per dollar of regular employee contribution.
