**ENGELHARD, ADVAN REACH U.S. DISTRIBUTION AGREEMENT FOR SURROUND® CROP  
PROTECTANT**

**ISELIN, NJ, MAY 17, 2006** - Advan LLC will exclusively distribute Engelhard Corporation's Surround® crop protectant products in specialty agriculture markets in the US, the two companies announced today.

Sales forces from the two organizations will join forces to form a single Advan sales team, thereby increasing representation for both Surround and Advan products.

"We view this as a very positive step forward for our efforts in the U.S. market," said Peter Barrows, Engelhard's director, crop protectants. "By combining forces with Advan, Surround benefits from increased representation in specialty U.S. agricultural markets. Also, Surround compliments Advan's product offerings to integrated pest management (IPM), organic and conventional growers."

A close working relationship is anticipated between Advan and Engelhard, with Engelhard continuing to provide regulatory support, manufacturing, marketing, advertising, and R&D for Surround, and Advan managing sales and assuming responsibility for customer service and logistics.

---

The resulting enhanced portfolio and sales team is expected to spur growth for both Surround and Advan.

“This is a significant first step along the path of working with organizations like Engelhard,” said Tim Damico, Advan’s chief operating officer. “Surround is an excellent product that can be incorporated into our existing portfolio of niche products and allow Advan to exercise its unique marketing talents. We see this partnership with Engelhard as one plus one adding up to three.”

Surround<sup>®</sup> crop protectant is based on specially engineered kaolin, an inert, white mineral that has been used in food products. It is registered with the U.S. Environmental Protection Agency and state authorities and is listed for use in organic production by the Organic Materials Review Institute.
