## Edgar Filing: CENDANT CORP - Form 424B3

- (1) Assumes conversion of all of the holder's debentures at a conversion rate of 39.0755 shares of CD common stock per \$1,000 principal amount at maturity of the debentures. This conversion rate is subject to adjustment, however, as described under "Description of the Debentures--Conversion Rights". As a result, the number of shares of CD common stock issuable upon conversion of the debentures may increase or decrease in the future. Does not include shares of CD common stock that may be issued by us upon purchase of the debentures by us at the option of the holder.
- (2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act, using 857,074,916 shares of CD common stock outstanding as of June 30, 2001. In calculating this amount for each holder, we treated as outstanding the number of shares of CD common stock issuable upon conversion of all of that holder's debentures, but we did not assume conversion of any other holder's debentures. Does not include shares of CD common stock that may be issued by us upon purchase of the debentures by us at the option of the holder.

Investing in the debentures or shares of CD common stock involves risks that are described in the "Risk Factors" section beginning on page 10 of the prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.
